Officer is Speaker At Lions' Meeting

Dan Johnson, field representaguest speaker at the Wednesday noon meeting of the Knox City Lions Club. Johnson, who is supervising

the Salvation Army fund drive here, praised Knox City for its civic spirit, and pointed out that the attitude of its citizens makes a town either "alive" or "dead." Johnson, who visits almost every town in 121 Texas counties, remarked that towns only a few miles apart are sometimes vastly different because of the attitudes of their citizens. As an example of a live town he pointed to Brady, with a population ed to Brady with a population Head Boy Scout of 5,000 and an agricultural economy. Streams In Desert Places

By Ozelle Stephens There comes many things in as State Teachers Association, our lives to test us. Daniel stood before the King and was challenged to prove the greatness of God in His wisdom and understanding. Without an imminent contact with God Daniel could not have succeeded. "He was strong in the Lord and in the strength of his might," as he stood in the face of evil. His task to encourage the persecuted people to be loyal in their hearts to their God and prove that He never fails. Daniel found the Lord very close and with victory for every circumstance, because he had let the mind that was in Christ, be in his thinking. His faith had brought Streams of power and wisdom as he stood stedfast. You can see Him, you can feel and know He is standing close to you as you seek Him daily. He will be found keeping watch over all who put their trust in Him.

CHEVROLET PICKUP CLIMBS PIKES PEAK THE HARD WAY

An off-the-road run up Pikes Peak was called impossible by people who know the mountain well. But a production Chevrolet pickup actually did it . . . to prove its pulling power and ruggedness!

All the way to the top without using the road! Here the truck scales high boulder pile near the 14,110-foot summit.

Steep grade near timberline—a rugged test of power. The power and torque of Chevrolet's famous Thriftmaster 6 proved more than a match for the most difficult grades.

Miles of loose boulders and thinning air offer extreme challenge. Yet the big Chevy engine never faltered; it performed flawlessly mile after mile, all the way up the mountain!

Final effort achieves summit! Pickup conquers Pikes Peak . . . shows why Chevrolet trucks are famous for staying and saving on tough jobs! Talk trucks with your Chevrolet dealer.
