By JAMES HILL

DON'T FORGET — to vote for the candidate and party of your choice Saturday, Jan. 27.

This election will be the first of many we will have to decide upon this year. A REMINDER — If you didn't pay your poll tax last year, you will be unable to vote in this election, as your new poll tax will not be in effect until Feb. 1. If you have already paid this year's tax and have discarded your old receipt, like us, you can still vote as the election judges will have your name on last year's (1960) tax roll.

RRRRrrr! — We have no idea at this writing what Weatherman Horace Finley will say about Monday's temperature, but it seemed like one of the coldest days we've had this year. Most of the merchants were undecided as to what to advertise this week—but like we told them, by paper time the weather has had a chance to either come a flood, a drought, get colder, have a sand storm or a heat wave.

We know from experience that you can never underestimate Texas weather.

We can't figure who invented the term "practical joker" — it may apply to most indulgers of the sport but not to Wesley Garrison. Sometimes Wes pulls a trick or joke on someone that is "practical" but oftentimes it is downright unpractical.

His latest one is the selling of hogs he didn't own and then "buying" a few he hadn't bought. Both incidents almost made a "practical" man unpractical.

A local man bought some hogs from another man and Wes found out about the transaction. He got in conversation with the purchaser and said he had bought some hogs from the seller but all of them had cholera—and he had sold them to so-and-so, the man from whom Wes' audience had purchased his!

FACE RED — YES! — Knox City's FFA Chapter has received numerous stories and space the past few weeks and one of the main functions of the county is held in Munday. We had a list of the winners, of which Knox City placed more times than any other, and had planned to make it our lead story.

Somehow or another, we got it misplaced and didn't think any more about it until Thursday! Although late, we will try to make amends by running it this week.

COUNTY SALARIES — A number of persons have asked us what county salaries are being paid here, and although we ran a list on them a year or so ago, we, like them, had forgotten.

Here they are again: Tax Assessor-Collector, \$440. per month; County Clerk, \$440.; County Judge, \$440., with a \$25. per month expense account; County Attorney, \$440.; Sheriff, \$440.; County Treasurer, \$337.50; County Commissioners, \$370., and a pickup or car plus expenses; District Clerk, \$250.; four Justices of the Peace, \$50. each; Deputy Sheriff, \$375.; and deputies in both Tax Assessors and County Clerks offices, \$250. month. Two deputies were receiving \$225. a month, but were raised to \$250. this month.

FALL-OUT SHELTERS — the only ones we know about are Dr. Charles Markward and the Charlie Clarkes. The Clarkes fall out shelter is not finished at this time, however.

Recently the fire whistle shorted out at 1 a.m. in the east part of town and was on for several minutes. Later we learned that practically everyone was up and tuned in on Conrad trying to discover where the bombs would hit!

A number of persons here are still trying to decide whether it would be worth the effort to build a fallout shelter and live in it for two weeks with their kids, or wait for the inevitable and be happy until it arrives.

Roy Arledge To Seek State Representative 83rd District Post

Roy Arledge, Stamford business man and rancher, announced this week that he will seek the office of State Representative of the 83rd District. A formal statement will be issued by Arledge in the near future.

VOLUME 57 KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, JANUARY 25, 1962 NUMBER 9

Knox City FFA Recipient Of Most County Fat Stock Show Honors

MUNDAY, Jan. 13—The Knox City FFA Chapter carted home most of the ribbons and prize money here Saturday during the annual Knox County Junior Livestock Show. With a large number of entries in all divisions the vocational agriculture students from Knox City High School used what they learned in class from Leon Burkham, their ag teacher, to top the other FFA and 4-H exhibitors.

Judging all classes was Bob Jacobs, vocational agriculture teacher from Iowa Park. Jacobs started on the lamb classes Saturday afternoon and moved quickly through swine, steers, and poultry. Knox City had the grand reserve champion lamb, barrow, and boar, as well as the grand champion female swine.

Two Southdown fat lambs were named grand and reserve champions during the first section of the judging. Freddy Smith, son of Mr. and Mrs. Bill R. Smith of Knox City had the grand champion. Danny Fisher, son of Mr. and Mrs. Jack Fisher of Knox City, owned the reserve champion lamb. However, both of these boys had to work show day and their lambs were exhibited by friends.

Classmate Had Reserve Ronnie Worley, son of Mr. and Mrs. L. V. Worley of Knox City, topped a large class of barrows to get the grand champion nod from the judge Derrell Marion, a classmate, had the reserve champion barrow. Bill Donaldson, 16-year-old son of Mr. and Mrs. O. C. Donaldson of O'Brien was named grand champion sow exhibitor. He is a student in Knox City High.

George Coats Awarded Yale Fellowship

George Wesley Coats Jr., son of Mr. and Mrs. G. W. (Jack) Coats, who is attending Yale University, has been awarded one of two Old Testament Fellowships. He will be teaching an inductive seminar in Old Testament interpretation to incoming B.D. students. George will be listed on the Yale faculty roster and will begin teaching next year. This is his first year at Yale, having won a scholarship while attending S. M. U. last year.

Kennedy Endorses Graham Purcell

Judge Graham Purcell received the following letter from President Kennedy Tuesday morning: "Dear Mr. Purcell, I am well aware of your candidacy for congress, mutual friends of ours have called attention to your talents and ability. The nation needs the kind of representation you can furnish in congress, and I am delighted that our party has selected you to be its candidate for the 13th district of Texas. All of us are looking forward to working with you and receiving your advice and counsel particularly with regard to the needs of the people in your district. Sincerely, John F. Kennedy."

Plans Almost Complete On Court House - Hospital Renovations

Knox County's Commissioners and the Hospital Board held a meeting at the Hospital Friday afternoon to discuss plans for remodeling and adding additional rooms to the present building. Attending the conference were hospital board members Charlie Moorhouse, Barney Arnold, Oral Patterson, W. E. Braly, and Mrs. Beulah Sanders; commissioners George Nix, J. B. Eubank, Bud Carver, W. W. Trainham and County Judge L. A. Parker; and doctors T. P. Frizzell and C. G. Markward.

The architectural firm of Wilson, Patterson, Dunlap and Epperly of Fort Worth were designers of the new addition. The proposed addition will be 104 feet and 8 inches added to the south of the present structure. Plans are for the addition of nine patient wards with private bath facilities.

At present there are no bath facilities on the lower floor east of the office, and the new plans will rectify this deficiency. Also three baths will be added to the west end of the present building downstairs and one additional room upstairs.

In the original sketch a new operating room was included in the plans for the new addition, but after considerable discussion with the board and the doctors, they decided to leave the lower floor and new addition strictly to new patients quarters and kitchen.

At present the hospital has an emergency operating room located downstairs and another operating room upstairs. Due to the fact that the upstairs oper-

ating room is too small and not set up properly to pass state inspection, the third operating room was included in the original plans, as an alternative. All members of both boards along with the doctors decided to fix up or try to enlarge the present operating room so it would pass state inspection.

Also needed, recommended, and included in the proposed building will be a new elevator. Cost of the new addition, plus a complete renovating of all present buildings was appraised by the architects at \$106,000. County Judge Lewis Parker said the counties finances were in good shape and could handle the bonds without the necessity of increasing taxes. At the time the voter of Knox County are asked to pass on the bonds for the hospital, they will also be asked to vote bonds of approximately \$60,000 to renovate the

county courthouse. Blueprint for the renovation of the court house list desirable features the architects feel would be of benefit and the repairs actually needed. The Commissioners settled for the one listing the major and necessary repairs.

In other words, \$160,000 will be needed to add-to and fix up the hospital and to do repairs to the court house. Two petitions, one for the hospital bond election and one for the courthouse, will be circulated in the county in the near future and if enough voters are in evidence, a bond election will be called for approval or disapproval of the bonds.

PURCELL-MEISSNER ELECTION SATURDAY -- GO AND VOTE!

Saturday, January 27, voters of the 13th Congressional District will elect a new congressman to represent them the next 11 months. After the first primary in December the election Saturday will represent only two men: Graham Purcell Jr., 42, a Democrat and judge of the 89th Judicial District, and Joe Meissner Jr., 36, a Republican and a wholesale dealer in plumbing and heat-supplies—both men are residents of Wichita Falls. Old timers of District 13 and the 19-counties represented in this race say it is one of the hottest political races ever held for a congressman. Purcell calls the race strictly a "Democratic-Republican" con-

Mothers March Of Dimes Begins Thursday (Today)

The Mother's March of Dimes will be Thursday, Jan. 25 (today) at 7 p.m. The fire whistle will blow one time as a signal to begin the march. School Census Being Taken Here

According to Superintendent E. A. Youngblood, the school census for children who will be six years of age and under 18 years of age by Sept. 1, 1962, is now under way. Those in charge of the census are Mrs. E. F. Branton, Harold Bankston, and Melville Lewis. Slips have been handed out to the school children to take home for their parents to fill out, and those who have no children in school but will have a child or children of school age Sept. 1, are asked to please contact Mrs. Branton, Mr. Lewis or Mr. Bankston.

School Trustee Election April 17

A school trustee election has been called for April 7. Filing deadline will be 5 p.m. March 7. Forms may be picked up at Supt. E. A. Youngblood's office at the High School. Those whose terms have expired are: Bobby Burnett, Lloyd Waldip and Sam E. Clonts.

LEGION BANQUET JAN. 25

Carl Wheatley Announces For Representative

J. C. (Carl) Wheatley announced that he will seek re-election as Representative of the 83rd District. Mr. Wheatley, Democrat of Haskell, is presently serving in the special session of the Legislature which was called by Gov. Price Daniel. Mr. Wheatley announced for his second term despite the repeated urgings of his friends in the State Legislature that he should seek the post of Congressman-at-large. "I feel that I can better serve the people of my district by remaining in Austin," Wheatley stated. "The 83rd District has many problems, and we are in the process of finding solutions now. If I should yield to the requests of my friends to make a statewide race, the progress we have made here would be hampered. For these reasons, I am asking my people for re-election to the State Legislature. My friends accorded me a high honor by asking and urging me to seek election to the Federal Legislature, but I feel that my first obligation is to my friends at home," Wheatley said in making this decision. "Most of my people know my platform, but there are new voters in the 83rd district, and I will issue the base for my campaign for re-election again. I will appreciate the support of all my friends, who helped me during my first campaign, and I pledge to continue to do my utmost for the people of our district," he said.

Brotherhood To Have Meeting Jan. 25 At O'Brien Baptist

The Haskell-Knox Associational Brotherhood will meet at O'Brien Baptist Church, Thursday, January 25. Supper will be served at 6:30 p.m., and the program will start at 7:30 p.m. Everyone is cordially invited to attend the meeting.

SS REP. TO BE HERE

A representative of the Social Security administration will be in Knox City at the City Hall, Wednesday, Feb. 7, from 10 a.m. until 12 Noon. You are invited to meet with the representative to file a claim, or to obtain information or assistance concerning Social Security.

Mrs. W. Trainham Rites Held Monday

Funeral services for Mrs. Wesley Trainham, 51, who died at 6 p.m. Saturday in the Knox County Hospital were held at 3:30 p.m. Monday in the Vera Methodist Church, with Rev. Don Worrbour officiating, assisted by Rev. W. W. Adcock, district superintendent of Methodist Churches of Abilene, and Rev. Jim Frank Coulston of Abilene, and the Rev. Douglas Crow, minister of the Vera Baptist Church.

Burial was in Vera Cemetery. Mrs. Trainham was born May 20, 1908, in Vera.

Survivors include her husband; her mother, Mrs. J. F. Hughes of Vera; one son, Jerrell of Lubbock; one brother, J. S. Hughes of Burleson; three sisters, Mrs. C. C. Allen of Abilene, Mrs. Carl Coulston of Vera and Mrs. C. D. Tanner of Olton.

Lions View Film, Hear Talk By Nolan Von Roeder

Nolan Von Roeder of Snyder, was principal speaker at the Knox City Lions Club Wednesday, and was introduced to the club by Zeb Smith. Smith introduced Mr. Von Roeder to the club "as a man who is in competition with Sam Reed." Von Roeder is a cotton breeder in Snyder and for a hobby he hunts wildlife and game animals in different parts of the United States. Considerable time and energies are devoted to "hunting" with a movie camera, however, and Von Roeder showed a film of some of his wildlife trophies in their original habitat and after they fell to his or his friends rifles. Von Roeder showed a number of hunts in which he caught rattlesnakes. "Wildlife is extremely hard to procure pictures of," Von Roeder said, "and coyotes are the greatest challenge to the hunter, in my opinion," he concluded. During the film he commented on the film and told how he was able to get the animals in a position to get their pictures. He calls the predatory animals by a "call" that resembles a rabbit that is either caught or in distress. Film was shown on turkeys, deer, javalina, antelope, coyotes, bob cats, skunks, etc. For a believe-it-or-not oddity, Von Roeder filmed a litter of skunks he raised and shown nursing a white house cat; another showed a bob cat that was "house broke." He said he took 90 scalps last year. Von Roeder said he had kept charts on all of his kills as to time of day, weather conditions, etc., and come to the conclusion that hunting was best on an over-cast day with the wind out of the north or northeast, and that hunting was usually better before noon than afternoon, and that the least number in the hunting party was also beneficial. In this state, he said the most coyotes he had ever called up at one time was six, but in "New Mexico, I called up eight at one time," he said. Once he did a caecarian operation on a bob cat and attempted to raise her young, but the animals lived only six weeks, he said. After the film a question and answer session was conducted.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — A highway policy matter which has plagued both Houses of the Legislature for 10 years was settled when the House of Representatives passed a Farm-to-Market road bill introduced by Sen. Neville Colson of Navasota and Rep. Grainger McIlhany of Wheeler.

Senate already had approved the bill by a 26-2 vote.

At first, it looked like the House Agriculture Subcommittee dominated by rural representatives, would succeed in pushing through a modified version of the bill by Rep. Max Carriker of Roby. His proposal was to space out the switch of funds from farm-to-market road construction to maintenance over 10 years.

House Agriculture Committee approved Carriker's bill unanimously until Gov. Price Daniel attended a final hearing with President J. H. West of the Texas Farm Bureau, Executive vice president Callan Graham of the Texas Good Roads Association, Highway Chairman Herb Petry, Jr., and a dozen members of the County Judges and Commissioners Association.

After their urging, the House Agriculture Committee reversed its original decision and voted 10-9 to table the Carriker version and submit the Colson bill, which reduces the annual appropriation for rural construction by about \$17,500,000.

When the farm-to-market road

bill becomes effective about May 1, it will make these provisions:

1. Restoration of the \$15,000,000 appropriation from general State taxes to the Colson-Briscoe farm-to-market road program for the year starting Sept. 1, 1962.

2. A flat instruction for the State Highway Department to build \$23,000,000 worth of newly-designated farm-to-market roads a year from now on, using the \$15,000,000 plus Federal aid of \$10 million a year.

3. Allocation of half the surplus in the road bond assumption fund—which comes from one-fourth of the gasoline sales tax—to maintenance of farm-to-market roads in the State system. That will be \$17,500,000 the first year—gradually increasing as gasoline sales tax revenues rise.

4. Freeing an equal \$17,500,000 in the State Highway fund, now being used for rural road maintenance, for construction and improvement of secondary and primary highways.

5. Application of the balance in the farm-to-market road fund (between \$17,500,000 and \$20,000,000 in the 1962-63 fiscal year) toward improvement of existing F-M roads, which need some 11,000 miles of repairs.

6. Agreement by the State Highway Commission to raise its goal from 35,000 to 50,000 miles of farm-to-market roads.

This accomplishes the long-time goal of the Highway Com-

Uncle Ben From Benjamin Says:

DEAR MISTER EDITOR

Zeke Grubb's preacher come by the country store Saturday night, said he was feeling mighty rested up on account of not having but two Committee meetings all week.

The meeting of the Attendance Committee, he reported, went as smooth as frog hair. Didn't but two of the ten members show up and all business was transacted in about five minutes flat. Half of that time, he said, was taken up with his opening and closing prayer. The good Parson allowed as how he had to open and close everything with prayer. He said he wasn't agin prayer but he was beginning to feel like a zipper with all this opening and closing business. He told the fellers it would be more effective fer the congregation to do more of the praying. He couldn't afford to mention it, he claimed, on account of the congregation would say he was getting paid fer it.

He said the best prayer he ever heard was the one Rufe Zinder made last summer when he was needing rain. Rufe put his hands in his pockets, looked down at his shoes and said, "Almighty, you know how bad we is needing rain. We'd be much

mission and Good Roads Association: To give annual construction boosts—starting at \$17,500,000 a year—to the highways in the state system above the F-M classification and below the Interstate classification.

WHERE'S THE MONEY coming from?—Gov. Price Daniel's proposals that the 57th Legislature approve appropriations of \$300,000 for tourist advertising, \$100,000 expansion in the juvenile parole system and \$150,000 for repair to the San Jacinto Monument seemed to be in danger when Rep. James M. Cotten of Weatherford got the House to endorse appropriation of \$220,000 for special session expense.

According to the State Comptroller's estimate, this would leave less than \$300,000 for the governor's projects. But Governor Daniel powwowed with Speaker James A. Turman and Senator Charles Herring, as well as State Treasurer Jesse James.

He reported that James' first report on anticipated income from the Escheat Enforcement Act, submitted since the Comptroller made his estimate, lists more than \$2,000,000 in reports tabulated to date.

"I have asked the Comptroller to consider this," Daniel said, "and I believe it will be possible for him to raise his estimate enough to take care of the recommendations before the Legislature."

The Senate Finance Committee came up with a compromise bill authorizing \$200,000 for tourist advertising, \$75,000 for monument repairs, \$65,000 for the juvenile parole system, plus \$79,600 for a marine laboratory at Seabrook.

DORMITORY SUITS ANSWERED — Two motions to dismiss a dormitory integration case involving the University of Texas were filed in the U. S. District Court at Austin.

First one was filed by Attorney General Will Wilson, whose office requires him to represent the state university in court. Second came from Edward Clark and Franklin W. Dennis of Austin and Leon Jaworski of Houston, attorneys employed by UT's board of regents.

Board Chairman Thornton Hardie of El Paso said the regents hired additional attorneys since Wilson is a candidate for governor and may be unable to give the case the attention it deserves. Wilson referred to Hardie's statement as "arrogant" and vowed he'll defend the case as his constitutional duty.

Integration suit was filed in November by three Negro students at the University. They asked that racial segregation in university dormitories be abolished with "all deliberate speed."

LOCAL PROBLEMS PRESSING — Several legislators who voted to adjourn the second day of the special session have decided to stick around awhile since the governor opened the session for local bills.

Bills considered most pressing include water bills—such as one to create an Alice Water Authority, one to authorize construction of a water treatment plant for Lubbock and six other communities which participate in the Canadian Municipal River Water Authority.

Sen. Andy Rogers of Childress presented a bill to allow purchasers of gas for irrigation from utility companies right to seek rate regulation from the Railroad Commission, as cities do. Rogers said companies selling irrigation gas often charge farmers a higher rate than set in nearby towns.

obliged if you'd send us some. Thank you. Amen."

And seems like I recollect, Mister Editor, that we got a mighty fine rain along about that time.

But the meeting of the Sunday School Committee, he reported, was a little rough. First off, he said, Hezekiah Adams, chairman of the Committee, reported they was a heap of complaints amongst the congregation on account of the teacher of the Mens Bible Class spending the lesson time talking politics instead of talking the Bible. Hezekiah figured most of the complaints was because this feller's politics was wrong and that he'd either have to change his politics or stick to the Good Book. The members was all agreed they wasn't no hope fer him to change his politics and less chance of keeping him from talking about 'em. They voted to transfer him and let him teach the Adult Woman's Class on account of nobody in that class listened anyhow and he couldn't do no harm there.

The good Parson said the Sunday School was a steady problem with country churches. Fer instance, he reported, they was one teacher at his church that always spent her class time running down the things he preached about the previous Sunday. He allowed as how this wasn't fair on account of the teacher having 45 minutes and the congregation wouldn't set still more than 20 minutes fer him to reply. He said that was one reason he liked to come by the country store about once a month. The fellers, he allowed, always give him plenty of time.

Yours truly,
Uncle Ben

"Ye shall receive power, after that the Holy Ghost is come upon you . . ." Paul says, "After this baptism is God's stamp or mark upon you which makes you different. You are God's special and peculiar possession. You are kept by the power of the Holy Spirit. You become like Cornelius and his household who received the gift of the Holy Ghost as was given on the Day of Pentecost.

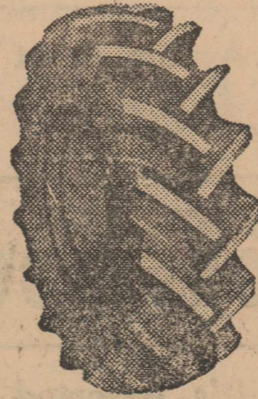

You become like the early Christian in your belief and practice of the Christian religion.

Jesus becomes so real to you, your friend, take knowledge that you have been with Him. You are able to face life with its problems, sorrows, and misunderstandings with joy in your heart and a victorious faith, that banishes fear. Death cannot quench your spirit. "AMONG OTHER THINGS . . ."

By BOB BURNETT, JR.

We are an impulsive generation living in an impulsive way. People are now doing things on impulse more than ever before. Instead of thinking our decisions through, many times we act on the "spur of the moment."

Granted that oftentimes such actions are necessary and good, I feel that it is an error to act in such a manner.

Many of the goods we buy while shopping are bought simply because we are attracted to the product at first glance. Afterwards when the \$9.95 purchase price is in the cash register, we find we did not need the product as much as we thought we did.

Many people are killed on impulse. It would be very easy to pick up a week's stack of newspapers and read of several cases of persons being killed or injured simply because someone else lost their head.

Many people will argue that on an examination paper you should write the first answer at which you arrive, or the first to pop in your head. But, you show me a paper such as this I can probably show you a low grade.

When people are careless and do not carefully ponder their next move or decision something usually goes wrong.

In all probability, more enemies are made, and more people have their feelings hurt by someone's saying or doing something on first impulse than in any other way. This is especially true when tempers are short and nerves on edge.

By making a catty remark we oftentimes hurt and insult people whom we consider among our closest friends. Many times the hurt is so deep that we find ourselves in a very embarrassing situation.

The point I am trying to make here, is that we are not using our heads enough. We could save a great deal of time, worry, and trouble if we would "look before we leap."

Tomorrow night the 26th of January the boys and girls high school basketball teams will journey to Megargel for another district game. This year we have two very fine teams who deserve as much support as we can give them. The girls are in first place in district competition, while the boys are in second. We would like to wish each of these teams the best of luck in their remaining games.

A votre sante.

Folks in this area like their savings

BIG

and they find nobody beats Valiant for value!

Valiant's extra value is easy to figure out. Just take its low price, add the pep of a 101-horsepower engine that's standard, count in Torsion-Aire suspension for a better ride, include a battery-saving alternator, note the individual, racy styling and the answer becomes crystal clear. Nobody beats Valiant for value! Let us prove it.
