

JUST TALK

By JAMES HILL

TWO-GUN HERE — When we were informed that City Secretary Wesley Garrison's "little" brother Two-Gun Harry was coming to town, we prepared our visit with him by dragging out all our artillery, for we didn't know how broad minded he was concerning his brother Wes.

Instead of filling the Herald full of pistol smoke, Harry was full of praise.

Two-Gun Harry has made a legendary figure in his home town of Tucumcari, New Mexico, as he has been president of the New Mexico Restaurant Association for the past seven years, and is also well-known as an outstanding chef and businessman.

Harry is here to help brother Wes get started off right in the cafe business. He and one of his aides will be here until they believe Wes is started off right!

While here, we can just call him Harry, 'cause he came down here for a picnic and left his '45's at home.

Every time I see the name Tucumcari it makes me remember of a young reporter who used to work for Ed Warren, former publisher of the Post Dispatch.

A visitor in Post stopped by the newspaper office to talk and the girl reporter was trying to get enough facts to write a personal.

Later, Ed was setting the copy on the Linotype and when he came to her spelling he fell off his stool. She spelled at Tucumcari, New Mexico!

RETURNED — A former Knox City boy has finally decided to return home. He was born and raised in Knox City, but left here in 1928 to live in Rochester.

We are pleased and happy that Hob Smith and his family will be neighbors in Knox City once again.

Hob's parents are Mr. and Mrs. J. W. Smith, and, as you know, he has too many other kin-folks living here to list them all in a small ten-page newspaper.

Hob also has an extremely long list of accomplishments not only in the business world but also as a public spirited citizen. A few we can think of off hand are that he has been mayor of Rochester since 1947; he has also served as prexy of the school board; councilman; Rotary Club, Businessman's Club; Lions Club; two or three others; has been a successful hardware, furniture and funeral business; and is also a director of the Home State Bank in Rochester.

Hob married Lois Mansell in 1925 and they have one daughter, Mrs. Paul Clayton, who is living with them at present. Her husband, Paul, is in the Army.

WE TRIED — to get folks to go to the polls last Saturday, as well as pay their poll tax, but if it helped, it wasn't enough.

Election judges of both the north and south boxes were unhappy with the turnout here Saturday, and justly so, for there weren't enough people.

ARGUMENT? — No, just a friendly discussion concerning poll tax payments. Texas is one of four other states in the Union who still require a poll tax payment. Some feel this is not fair.

I have not argued that particular point but I have believed that a poll tax receipt doesn't keep anyone away from the polls. J. Tom Graham and I were discussing this subject Saturday and he has agreed to look it up and see if this is right or wrong.

A way to help all concerned, in my opinion would be to charge the \$1.75 if you DIDN'T go to the polls.

HOW WE VOTED—

Purcell carried Knox County by over a two-to-one margin in last Saturday's election.

Gilliland was the only community that went Republican—31 for Meissner and 23 for Purcell. Knox City voted in this manner:

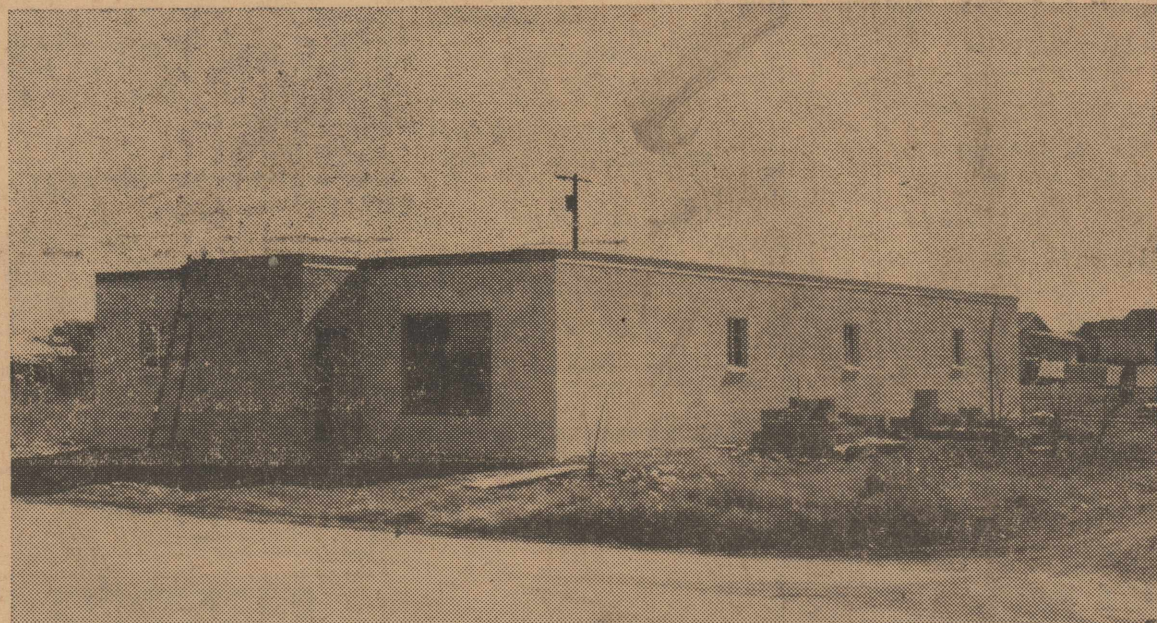

North Box—	
PURCELL	79
MEISSNER	27
South Box—	
PURCELL	138
MEISSNER	61
TOTAL VOTES	275
COUNTY VOTES—	
PURCELL	860
MEISSNER	329
TOTAL VOTES	1,189

Signup For 1962 Feed Grain Program Nears

During the next few months, grain farmers will be urged to "continue to do in '62 what you've begun in '61," according to Olie Iseng, chairman, Agricultural Stabilization and Conservation Knox County Committee.

The reference is to the 1961 feed grain program, which program workers hope to duplicate this year. The advice also is the title of a program leaflet which will be distributed to feed grain growers throughout the County.

The signup of farmers under the 1962 feed grain program will take place during the period Feb. 5 through March 30. The feed grain program for 1962 crops covers corn and grain sorghums. The program signup for 1962-crop winter barley was held last fall.

The chairman listed the following features of the 1962 corn and grain sorghum program: (1) Voluntary participation; (2) diversion of not less than 20 per cent of the base acreage of corn and grain sorghum (1959-60 average), as adjusted; (3) compliance with the farm's barley feed grain base; (4) compliance with the corn and grain sorghum base and the barley base for any other farm on which the producer shares in the crops; (5) payments—based on yields and support prices—to be made on acreage diverted from feed grains to soil-conserving uses; (6) advance payments—up to about half of the total amount—made at signup time; (7) price support on the normal production of corn, grain sorghum, and barley and on oats and rye to be received only by cooperators in the feed grain program.

Mr. Iseng emphasized that growers must file an application to take part in the program and then must comply with the program's provisions in order to receive the benefits the program offers.

Farmers growing the grains who do not sign up and participate in the program will not be eligible for price support on their 1962-crop feed grains.

D. E. Whitworth Announces For Knox Co. Sheriff

D. E. (Tuck) Whitworth, Munday authorized the Herald to announce his candidacy for sheriff this week.

Whitworth is a long-time resident of Knox County and has served as a deputy sheriff, a Border Patrolman, and chief of police at Munday.

Whitworth's formal announcement and statement to the voters of Knox County will be issued at a later date.

BAND BOOSTERS TO MEET

The Band Boosters will have a meeting at 7 p.m. Monday, Feb. 5.

POLL TAXES NEAR NORMAL

John A. Smith, Tax Assessor-Collector, told the Herald late Wednesday that approximately 1,500 poll tax receipts were in and that he believed the total would be approximately 1,650.

Tax receipts were sold in Munday and Knox City, and Smith didn't know how many he would receive after the deadline Wednesday night.

Knox County Spelling Bee Will Open March 16

The Knox County Spelling Bee sponsored by the Wichita Falls Times will be held in the Knox City Elementary School Library March 16, at 9:30 a.m.

Each school in the county will be represented by a chosen student.

During the past seven years that entries from Knox County have attended the district meeting in Wichita Falls, several thousand students in a 17-county area have participated.

The fine interest shown in the vital subject of spelling has been made possible through the efforts of teachers and parents.

Friends and parents are extended a cordial welcome to the county and district meetings.

Brazos Valley Scout Training Held Here Friday, Jan. 26

Friday evening, Jan. 26, the first Cub Basic Training for 1962 was held in Knox City at the American Legion Hall. Mr. Clifford Tubbs, leadership training chairman for the Brazos Valley District in Scouting, led the first session "What Cub Scouting Is."

The towns of Benjamin, Knox City, Munday, Goree, and Seymour, were represented on Friday night.

Sixteen persons were in attendance.

The second session in Cubbing "The Achievement Plan" will be given this Friday, Feb. 2, in Munday, in the basement of the First Methodist Church, beginning at 7:30 p.m.

Noel Crenshaw, district Scout Executive, Seymour, said he was looking for a good representation from the district.

During 1962 Mr. Tubbs and the Leadership Training Committee are striving for the goal of 100 per cent of all leaders in Scouting trained. The Cub courses are for assistance to all Pack Councilmasters, Den Mothers, Cub Masters, and others interested in learning of the Cub Scout program.

Also held in Benjamin, on Saturday, Jan. 27, was the first training for Boy Scout Leaders in 1962. Represented were towns of Knox City, Benjamin and Seymour.

Throughout the year, various courses will be held in Cubbing, Scouting, and Exploring.

These are for the benefit of all Scouting Leaders, Crenshaw said.

County Judge L. A. Parker, W. W. Trainham, O. L. Patterson, W. E. Braly, Barney Arnold, L. W. Graham, Bud Carver, J. B. Eubank, George Nix, and Hospital Administrator, Mrs. Beulah Sanders.

The firm will draw new blueprints and will resubmit them for approval within the next month, Wilson said.

Lions View Film At Club Wednesday

Program Wednesday at the Knox City Lions Club was furnished by Zeb Smith, program chairman.

Smith showed a film entitled "How Does Your Garden Grow," filmed by the Santa Fe Railway Co.

Content of the film was the origin and growth of wheat in America—its growth and use.

Wheat was first discovered in Egypt over 5,000 years ago, and was brought to America in 1493. There are two types of wheat—spring wheat and winter wheat—the winter variety being the most predominant.

Due to the highly mechanized method of production used today the film stated that only 2 hours were required today for each acre of wheat, whereas a number of years ago the same acre required 100 man-hours.

The film also showed the various methods of distribution and the selling of wheat by the wheat farmers.

Most of the wheat is stored and the largest storage plant in the world is located at Enid, Okla. There are 46 million and 100 thousand bushels of wheat stored.

Funeral Held For Mrs. Scott Davis

Funeral services for Mrs. Scott Davis were held Wednesday at Oklahoma City, Okla.

Word has been received here of the death of Mrs. Martha Carter, sister of Mrs. Val and Tom Robinson, and aunt of Mrs. Guy Robinson, Mrs. J. W. King and Mrs. Rudolph Hackfield.

Funeral services were held in Stephenville at 2 p.m. Tuesday.

Lee Jones Fatally Burned In Accident Wednesday

Robert Lee Jones, 62, was discovered near his back yard early Wednesday morning dead because of burns received while he was burning some trash in his alley.

Sheriff H. C. Stone and Deputy Sheriff Kenneth LaMascus, along with other officers of the county investigated the accident.

Justice of Peace Eddie Carr ruled the death accidental, because of burns.

The sheriff's department was notified at approximately 9:15 a.m. of the mishap.

Mr. Jones was discovered by a relative, Esco Love.

Mrs. Jones had become worried about her husband, early in the morning when she was unable to find him. She called a number of places he was known to frequent and finally asked Love to help find him.

Love and Mr. Jones son, John, immediately started a search for Mr. Jones.

John Jones got out of the car near the Jones home to walk to-

ward town and see if Mr. Jones was either visiting or had fallen ill enroute. Love was starting to drive down the alley toward town when he discovered Mr. Jones body near the alley road and in the back yard of Gordon Opry.

Mr. Jones had raked up some trash and had soaked it with gasoline. Due to the evidence at the scene, the officers theorized that Mr. Jones had lit the pile of debris and had gotten his clothes soaked with gasoline and had caught fire.

Mr. Jones was born March 18, 1899, near Gorman, and married Ozella Mae Herring on Oct. 12, 1919.

He had been a resident here since 1945.

Funeral services will be held at the Church of Christ at 2 p.m. Thursday (today), with Roger White, pastor officiating.

Burial will be in Rochester Cemetery, under direction of Pinkard-Smith Funeral Home.

Survivors are his wife; three sons, Dormon Lee Jones of Houston; Archie B. Jones of Hereford, and John Madison Jones of Knox City; three daughters, Mrs. Grady Brown of Bosier City, La.,

Mrs. Scott Bridges of Wichita Falls, and Mrs. Max Dentchs of Wichita Falls; one brother and one sister, and 12 grandchildren.

Depreciation And Income Taxes

Depreciation takes its toll from farm machinery, buildings and other farm investments every year. This year, farmers can deduct this depreciation from their income tax.

A rather recent change in the tax law allows what is called Additional First Year Depreciation. This is a flat 20 per cent deduction allowed the first year on personal property used in farming provided the assets have a useful life of six or more years.

A 1962 copy of the 1962 Farmers Tax Guide is available at the County Agent's Office, and provides an explanation and alternatives available.

Uncle Ben From Benjamin Says:

DEAR MISTER EDITOR:

All the fellers at the country store Saturday night announced they were getting their pencils whittled for the annual hassle with the Great White Father in Washington. Farmers and ranchers has to git their income tax report in on February 15, two months afore everybody else. Ed Doolittle claims this is on account of it taking them Revenue folks a heap longer to separate the figgers from the facts in a farmer's report.

Bug Hookum was lamenting that back when he was a boy country folks didn't have nothing to worry about in February but the ground hog. All crops was governed for the next 40 days on the ground hog situation. And some note was also took in those days that Abe Lincoln and George Washington was born in February.

But in 1962, claims Bug, the ground hog is afraid to make any move on account of the fall-out and you don't hear much no more about Abe and George.

I reckon, Mister Editor, Bug is about right. Fer the farmers nowadays, February means it's time to subtract Item 3 From Item 5 and Enter On Line 14 On Page One.

The fellers was all agreed that the world is moving along. Ed Doolittle allowed as how folks has never went faster without knowing where. He says civilized man has about give up all important business except gitting prepared to shoot at each other.

Zeke Grubb claims the whole

Tate Has Additional Information On Social Security

Most social security beneficiaries whose earnings exceed \$1,200 for the year are required to file a report with the Social Security Administration within three and one-half months after the close of the year, Erton F. Tate, manager of the Wichita Falls social security office said this week.

Tate explained this means a report is required between Jan. 1, and April 15, 1962, for each beneficiary under age 72 who had total earnings for 1961 of over \$1200. The report is not re-

thinking machinery of Americans has been overhauled for the worse in the last 25 years. Fer instant, he says everybody is now an expert on international affairs and folks that can't tell you their county tax rate can tell you down to the penny how much foreign aid we sent to Cambodia in 1961. It's that big thinking, allows Zeke, that has brung on a heap of our woes.

Clem Webster claims our colleges is to blame fer this sharp trend to fancy thinking. He says we got colleges all over the country teaching agriculture when anybody knows that book farming ain't no good unless it's hitched to a plow.

Ed Doolittle agreed with Clem, said he was reading a piece in the papers the other day where some college was giving a course in the "Science of Matrimony." Ed allowed as how this was trying to teach the unteachable, that Solomon hisself, with all his wives, couldn't teach matrimony.

But everybody was agreed, Mister Editor, that America is still a great country. It was made great by country boys moving to town and town boys buying farms to git tax reductions.

Yours truly,
Uncle Ben

The KNOX COUNTY HERALD, KNOX CITY, TEXAS, THURSDAY, FEBRUARY 1, 1961

quired from beneficiaries who were over age 72 all months of 1961. Earnings all through the year in which age 72 is reached can affect benefits and a report is required for the year in which age 72 is reached if the yearly earnings is required for the year in which age 72 is reached if the yearly earnings exceed \$1200.

"In figuring your total earnings for the year, you must include all wages earned as an employee, plus the net earnings you derived from self-employment," Tate said. "Do not count annuities, pensions, or income from investments."

"The whole picture can be summed up this way: First, be sure to notify the Social Secur-

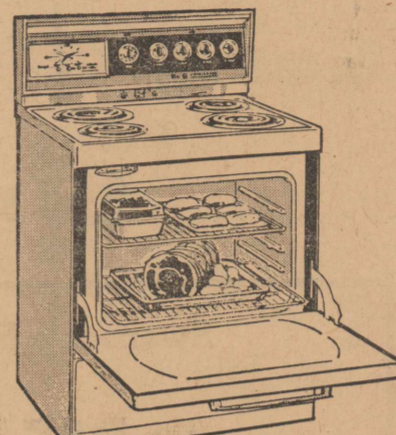

ity Administration as soon as you know you are likely to earn over \$1200 in the year, whether it is at the start of the year or well along in the year. Second, when the year closes, if you have earned over \$1200 in that year or told the social security people you expected to do so, be sure to make your annual report by April 15, of the next year."

"AMONG OTHER THINGS..."

By BOB BURNETT, JR.

Not many days ago, I read in the newspaper that Charles Van Doren of television's "Twenty-One" fame, had been given a suspended sentence, because in the judge's words, "he had a look of penitence."

As you probably already know, Mr. Van Doren was indicted for voluntary participation in the rigged television show, "Twenty-One." Although Van Doren was one of many who was indicted for the same reason he has had more publicity and been subject to more abuse than any of the rest.

Before "Twenty-One," Charles Van Doren was a successful professor of English at Columbia University in New York, and a member of one of America's most famous families. (His father, Mark Van Doren is one of our most famous American poets today.) Van Doren was respected, well-liked, and presumably honest. This was before Dan Enright, one of the producers of "Twenty-One" came to his home and offered him a sizeable sum of money to appear on the television show and answer questions which he would be shown in advance. Van Doren, not a rich man by any means, accepted Enright's offer.

Since then, after the exposure of the racket on the quiz programs, Charles Van Doren has been back in the spotlight. However, this time the role he plays is one of disgrace. Over the past year or two he has lost his job, and is now living in apparent seclusion, when he is not in court. Although public opinion was with him, Van Doren admits that the life he lives now is not a happy one.

I personally can not see how Van Doren's "crime" was so great that he should be dragged in and out of court, treated like Jimmy Hoffa or Bernard Goldfine. I am not defending the practice of fraud, in which undoubtedly Van Doren was engaged, yet I do believe the man has had many times more than his share of punishment, as have the other contestants who appeared on the various television shows. They are being treated more like habitual criminals than someone who made a mistake and is now sorry.

Van Doren and the others were offered something for nothing. As a matter of fact it was a great deal of something.

They only did what the greatest part of our people would do, they took the money. After all, let us be realistic about this thing; if we were offered \$50,000 to simply appear before a television camera and answer a few questions, probably most of us would follow the course of Charles Van Doren. It is most unfortunate that the courts, and many of the people never take into consideration something called human nature. My sympathies rest with Van Doren and Co.

A votre sante.

Streams in Desert Places

Ozelle Stephens

"He maketh the storm a calm, so that the waves thereof are still." (Ps. 107:29). There is a power that Streams into the believing heart through the Holy Spirit that brings inner calmness, peace, disciplinary control and mental balance in the midst of a confused and confusing civilization. To live in such a world we must learn the secret of living in the midst of stress without being the victims of stress. Jesus calmly arose and said to the sea, "Peace be still," and there was a great calm. Where was that calm? In the waves or in the minds of the men? Sure, Jesus actually quieted the waves. But the most important thing is quieting the minds of the men who must live in the midst of the waves. The believer who trusts in Jesus will have power to be calm in mind and heart in the midst of trials.

IT'S THE LAW IN TEXAS

YOUR LEGAL NAME

Most probably you are never quite sure whether your wife should use your first name, or her own, when signing an im-

portant paper. Perhaps you also wonder whether to put a "Mr." or a "Mrs." in front of a signature; and you can get all mixed up about a "Jr." or a "Sr." after it. Then, what about your middle name or initial?

It seems that for centuries under common law a legal name has consisted of one Christian

or given name and one surname or family name. The law presumes that every person has a given name and a surname which must be stated in full on any legal document.

The law pays little attention to a middle name or initial, but it is wise to use either one or the other for exact identification. You must be consistent, too. For example, one real estate buyer was advised to sign all papers by his full name "William Alton Smith, Jr." to make it clear which of the Bill Smiths was buying the property.

If you are a "Jr." or a "Sr." such description should be used to help distinguish you from namesakes.

As for "Mr." in front of your name, that's not important at all. The same is true for "Mrs.", because it's your wife's own given name that counts.

When a woman marries, she takes her husband's family name. Her maiden surname is absolutely lost. Many women incorrectly use their husband's full name, and sign "Mrs. William A. Smith" for example. The correct way is for her to sign her own name and her husband's surname such as "Joan Marie Smith."

A divorced woman who wants to resume the use of her maiden name may, under some circumstances, have it returned to her by court order.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — Gov. Price Daniel's long fight over reporting unclaimed property to the state for escheat has ended at last.

So has the argument over rural roads policy.

But the scrap over the question of what to do about regulating loans, interest rates and lenders is not yet settled. And it may not be for a long, long time.

The Legislature has settled the escheat and road policy questions. Also it has partially solved the advertising program for tourists, juvenile parole and repair of the San Jacinto Monument.

Money problems were eased when Comptroller Bob Calvert estimated that the escheat reporting law passed last year will yield at least \$300,000 during the next 20 months. He put no estimate on the bank reporting law just laid on Governor Daniel's desk for certain signature into law.

When the Legislature meets, growing Texas brings a pack of problems to Austin for it to solve.

High Plains irrigation farmers are quarreling with their gas company. They want its rates regulated. Sen. Andy Rogers of Childress and Rep. H. G. Wells of Tullia tussled a bill through both houses to let the farmers appeal to the Railroad Commis-

sion, just as cities do, if the gas company increases its rates.

San Angelo and Edinburg got favorable reports from the Commission on Higher Education on making San Angelo College and Pan American College, now locally supported, part of the state system of colleges in 1965.

They came to Austin to get the Legislature to pass the necessary laws, and make the state take over support of the colleges. House of Representatives went along with both proposals.

But Sen. W. T. Moore of Bryan, down in A&M country, thinks Texas has enough state colleges already. So, he used the filibuster to fight the two new college bills to a standstill.

WAY TO ROADS PAVED — State Highway Commissioner Herb. Petry Jr., complimented the Legislature on passage of the Farm-to-Market Road bill. He announced new projects as soon as Governor Daniel's signature was on the bill.

The Commission approved \$135,000 worth of surfacing work on highways in Cameron and Hidalgo counties and an \$82,000 highway contract in Cameron county. Within the next 60 days they will try to schedule more than \$1,000,000 of work on US 83 in the Valley and \$500,000 for road work in the Valley.

Senators Bob Baker of Houston and Neveille Colson of Nava-

sota appeared before the Highway Commission to urge approval of a four-lane highway between Hempstead and Houston. The Senators reminded the Commission that they helped pass the road bill which frees funds for primary roads.

NO RELIEF IN SIGHT—Many legislators were hoping to go home at the end of the week, but as soon as they processed pending bills, other bills were submitted.

At the end of the week, Governor Daniel submitted additional subjects; Authority for the Texas Employment Commission to enter into a compact with other states; financing of the Texas Securities Commission; an appropriation to the Department of Bank and amendments to the Penal Code.

House members held a Friday night session for the first time this month, and resigned themselves to working right through the last of the 30 days of the called session.

INEQUITIES STUDY PROPOSED — Rep. W. S. Heatly of Paducah introduced a resolution that the House Committee on Privileges, Suffrage and Elections study election "inequities" in the Constitution, and report its findings to the next legislature.

Heatly said he didn't think it fair that while the law requires district and county officials to resign upon announcement of their candidacy for another office, it does not require this same action by all state officials.

COBB JOINS INDUSTRIAL GROUP — Bill B. Cobb of Austin, who has been serving as chief examiner of the Legislative Budget Board, will leave that post on February 1.

Harry W. Clark, executive director of the Texas Industrial Commission, has picked Cobb as his assistant.

In keeping with recommendations made by the Texas Research League, Cobb's prime duty will be to organize and design research projects, supervise community development efforts and direct the advertising program of the industrial commission.

A ROSE BY ANY NAME — Don Yarborough, a Houstonian who is supposed to have liberal backing in Harris County and labor support on a statewide basis, told Capitol newsmen he will run for governor. U. S. Senator Ralph Yarborough, who was supported by liberals in two gubernatorial campaigns, decided not to enter this race.

Candidates already in the race include Democrats Will Wilson, Marshall Formby and John Connally and Republican Jack Cox.

District Judge Otis T. Dunagan of Tyler paid the State Democratic Executive Committee the \$1,000 filing fee and became a candidate for Judge of the Court of Criminal Appeals. Judge W. A. Morrison of Austin, now serving on the high court, is his only
