

## JUST TALK

By JAMES HILL

Last week we ran one of our 45 cent classified ads stating we had four kittens to give away to good homes and got rid of one of them Thursday afternoon, but that ended the run on our free offering.

Before our faith in advertising fails, we will give them away free to even a sorry home!

Anyway, they are cute little raskels and we do need to get rid of them—I've lived about as long as I can on Puss n' Boots cat food.

Henrietta, the kittens mother, not only has the distinction of raising the largest family of felines in town, more often, but I believe she is also a Socialist. She believes in everyone sharing their wealth with her.

She had this last litter of kittens in the City Hardware, and Otto was kept busy three or four hours a day warming milk and keeping the kittens warm. Henrietta also partakes of Bradberry's handout each day and is a frequent guest of Keck's hospitality.

Despite all this attention, the old girl never misses a day at White's feed store to catch a mouse or two and a few sparrows.

She, like a lot of us, hasn't forgotten the lean years and the depression. I guess she's looking forward to the day when main street closes its doors to her.

Anyway, hurry and get one of our latest batch for it won't be too long until we are running another "ad" and we don't want our regular advertisers to think it takes a year to get rid of something advertised in the Herald!

Two more of our personal friends have gone into business here in the past two weeks—Mrs. Eddie Carr in the furniture business, and Handsome (?) Bill Sams and his wife June are in the grocery business.

Just about all our friends are in business now, if we could get a friend or two in the city hall we'd have it made!

Last week Wesley Garrison's new car caught fire just before dinner and the fire trucks went out to quench the fire—After dinner they went to his house to put out a fire in the back yard.

Wes and Mame, as you know, are new in business here also—Wes said business was good?

Business at the Herald is, too. Shall we blow the whistle now?

At this writing we have no idea how Weatherman Horare Finley will foretell the amount of moisture we will receive from our snowfall, but hope it is sufficient to bring smiles of happiness to the farmers' faces.

We've had reports that the underground moisture is real good, but that the top soil is dry. It has been a long time since we've had any moisture to speak of, and right now a good rain is badly needed.

Remember the advice of the King of Texas Politicians, W. Lee O'Daniel—"Walk on the left hand side of the road kiddies," and "Go to church on Sunday."

I was fairly young at the time W. Lee made his pitch for governor, but remember his radio broadcasts to this day.

That was my first recollection that getting in politics has nothing to do with ability but only how popular one happens to be.

We noticed that Jackie Kennedy wears a size 10A shoe. I guess that just about clears up everything about Jackie, now. I don't suppose she has a secret left. Also we notice that although some of our foreign dignitaries may get the cold shoulder when they go calling, Jackie is always welcomed with open arms.

In going along with the average voter, I don't think Jackie would be such a bad president, at that.

If she will add, "See you in church Sunday," to go along with the rest of her assets, she should be elected in a landslide!

## Gillespie Baptists To Start Revival

The Gillespie Baptist Church will hold a revival starting March 18, through 25, with Dr. Morgan Beach conducting the services.

There will be evening services only. Dr. Beach received his B.A. Degree from Ottawa Baptist University at Ottawa, Kans. He attended the Central Baptist Seminary at Kansas City, Kans., and the Southwestern Seminary in Fort Worth.

He has been pastor at several churches in Texas, and has held revivals in cities all across the nation.

Everyone is cordially invited to attend the revival.

## Physical Ed. Class Entertain Lions

Supt. of Schools E. A. Youngblood supplied the program for the Lions Club Wednesday and had as his guests Coach Curtis Hines and five boys from his physical education class. All but one of the boys are in the seventh grade, the other one is in the eighth.

The boys are Anthony Logsdon, Charles Burt, Mike Glenn, and Olie Garrison, seventh grade and Dean Large, an eighth grade student.

Coach Hines introduced the students and said that after football season is over each year, they start working with the students on physical education.

Classes consist of jumps, rope jumping, weights, etc.

The students made a number of exhibition rope jumps for the Lions.

Coach Hines said the rope jumps were complicated and that the students had to practice every day.

Coach Hines said that he and Coach Darland had found that skipping the rope was one of the best trainers for the youngsters in that it was very good exercise and that it taught them to coordinate their muscles to the best advantage.

Lion President Gerald Averitt told the club a volleyball tournament would be held here on the 6th and 7th of April and that he had volunteered the services of the Lions Club to have a volleyball team for the occasion.

A committee was selected to head the group.

The Lions Social will be held tonight at Garrison's Restaurant at 7:30 p.m.

Tickets may be purchased at the door, the president said.

The cornerstone of speed control on the highways is the phase "speed too fast for conditions." What is too fast for conditions?

In the yes of the law, any speed is too fast if it is not reasonable and prudent for existing conditions. Fifty on an icy road is too fast for conditions.

As far back as 1678 an accident to a child in a street of Newport, R. I., resulted in the Colonial Assembly enacting the following statute:

"Whereas there was very lately in the town of Newport on Rhode Island very great hurt done to a small child by reason of exceeding fast and hard riding of said horses in said town, this Assembly taking the matter into their serious consideration and being desirous for the future to prevent the like mischief, do ordain . . . that from and after the publication hereof, if any person or persons shall presume to ride on either horse, mare or gelding, a gallup or to run speed—in the streets of Newport—said person shall for his offense pay in to the Treasurer of said town 5 shillings in money on demand; 2 shillings of which shall be paid to any person or persons that shall give information thereof and the other 3 shillings to remain for the use of said town."

That sped law, earliest recorded in the United States, set forth the theory of "reasonable and prudent" speed that still is basic 283 years later.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — State campaign headquarters for candidates for Congressman-at-large report that considerable confusion about this particular race.

Many voters seem to think that the various candidates for Congressman-at-large are running against present office holders. Namely the Congressmen now

representing the various Congressional districts in the state. They are not!

This is a statewide race where in Texas gets an extra Congressman—representing all the people of Texas, not just a district.

This office is being created because the population of Texas has increased sufficient to entitle it to an additional representative in Washington.

The Texas Legislature has the right to re-district the state to provide for an extra Congressman. But the Legislature has not yet done so. Alternative therefore is to create a statewide position.

Therefore, the following candidates are competing against each other for this high post and not against any present office holder:

**DEMOCRATIC PRIMARY** — Judge Woodrow Wilson Bean of El Paso; Manley Head of Austin; Warren G. Moore of Tyler; Joe R. Pool of Dallas; Charles H. Stevenson Jr., of Corpus Christi; Russell T. Van Keuren of Houston; and Phil Willis of Scurry.

**REPUBLICAN PRIMARY** — Desmond Barry of Houston; Giles E. Miller of Dallas, and Joe B. Phillips of Lubbock.

A Congressman-at-large race is not without precedent in Texas. The same thing happened in 1952. Martin Dies was elected and served from 1952 to 1958.

**THUNDER FROM THE TOP** — When GOP's from all over the state gathered in Austin for the State Republican Executive Committee meeting Monday, democratic pressure to hold primaries in every precinct was a topic of conversation.

Jim Leonard, GOP executive director, criticized the SDEC for urging county clerks to refuse to place Republican candidates on the November ballot unless the Republicans held a primary in every precinct. Leonard charged that it was the same as asking them to break the election laws.

He likened the democratic announcement to "thunder from the top", and called the issue a tempest in a teapot and a compliment to the growth of his party in Texas.

**TEXTBOOK CHOICES POSTPONED** — The State Board of Education voted to postpone the decision of whether to reorder high school solid geometry, economics and shop texts, as well as one on driver education, until the matter of revising these courses is decided.

Several board members also asked a committee to read the economics textbook, because they objected to its content. Objectors all were attorneys.

Penrose Metcalfe of San Angelo asked to hold up on the drivers' course text, because he questions a recent decision to change this class from eighth to ninth grade.

He said some West Texas superintendents want it kept in the eighth grade, since most of their students arrive by that time, anyway. He will ask for a vote at the April meeting, to put the

course back in the eighth grade.

**WATER WORK DIVIDED** — After 10 years, Vice President Lyndon Johnson finally got an answer as to who will do what toward implementing the \$4,000,000,000 plan to provide for Texas water and soil conservation, flood control, navigation, water supply and irrigation projects.

Federal agencies now have agreed that the Army Corps of Engineers and the U. S. Bureau of Reclamation each will take on about \$1,000,000,000 worth of dam and conveyance construction; local and state agencies will assume \$1 million worth of work; and the U. S. Soil Conservation Service will handle \$200 million worth of small dam and soil conservation work.

Balance of the project is navigation, irrigation, recreation and local flood protection.

Agreement still needs approval at the Washington level, but for the first time in its history, Texas has a water plan and water agencies and engineers have come to an understanding on Texas' future water needs.

**REHABILITATION CENTER** — Gov. Price Daniel reports that directors of the Texas Rehabilita-

## Pvt. W. F. Fahring In Germany Now

Army Pvt. William F. Fahring, 18, son of Mr. and Mrs. William L. Fahring, Knox City, recently arrived in Germany and is now assigned to the V Corps' Headquarters Company.

Fahring, a cook in the company, entered the Army last July and completed basic training at Fort Jackson, S. C.

He attended Knox City High School.

tion Center at Gonzales have rescinded their order to close the center. They will keep it open at least until May 5, to wait the outcome of a campaign to raise \$100,000 through private donations.

Gov. Daniel called for public support of the drive, and said he will recommend action by the Legislature to continue the services the center offers to victims of crippling accidents and diseases.

Fifty-four patients now are under treatment at "Gonzales Warm Springs." If operating fundswere available, the foundation could care for 120 patients.

## It's value that puts Valiant on the best-seller list!

Make book on it.

What follows is fact—not fiction—and no names have been changed to protect anybody.

Chapter I starts with style. It asks who is the only compact ever to receive the Society of Illustrators' award for design excellence. Answer: The Valiant Signet 200—America's lowest-priced hardtop with bucket seats—that's who! Read on...

Chapter II talks about performance. The Valiant can, and has, run circles around every competitively

priced compact, including the Falcon, Corvair and Lark.

All of which leads many to suspect they know the plot—Valiant is priced with the so-called "super-compacts." Not so, reveals the surprise ending in Chapter III. Valiant is priced competitively, model for model, with Falcon, Corvair, Rambler and Lark.

Why not drive one this week? Could be you'll want to join those 347,000 folks for whom Valiant's a kind of love story that is continued every month. The title of our story: NOBODY BEATS VALIANT FOR VALUE!

### ANNOUNCE BIRTH

Mr. and Mrs. Bill Bolin of Lubbock, announce the arrival of a son, born 7:16 p.m., March 6, in Taylor Hospital. He weighed 8 lbs., 5 ozs., and has been named William Bradford. Paternal grandparents are Mr. and Mrs. Lincoln Bolin of Hereford and paternal grandmother is Mrs. Essette Bolin of Knox City. Maternal grandparents are Mr. and Mrs. Frank Trammell of Munday.

Mr. and Mrs. Arthur went to Santa Rosa, N. M., Wednesday to attend the funeral of an aunt, Mrs. J. N. Obannon. Mrs. Roy Glascock of Earth accompanied them.

Gayland Carter of Fort Worth visited his grandparents, Mr. and Mrs. A. Horne last week.

Mr. and Mrs. John Thompson of Vernon visited the W. T. Cooks and the A. Hornes Sunday.

Mrs. Richard Winstead and children of Seymour visited her parents, Mr. and Mrs. W. T. Cook Sunday.

Mr. Olie Illseng has been dismissed from the Knox County Hospital. He visited in Gilliland Tuesday.

Ed in the stable and as a extra precaution against any undue squeezing from his neighbors, he'll keep the mule's heels aimed at the door.

Some of the fellers claimed the population problem had its good points if it could be stopped at the right time. Zeke Grubb reported that, according to the latest per capital figgers, his part of the national debt was now \$4,165. Zeke says if they can hold off payment on the national debt till the population is about to explode, his per capital part could be reduced to around \$150 and he'd give the Government a whiteface cow in full settlement.

Clem Webster was predicting that the time is coming when all debts will be cancelled and everybody will start over gitting in debt. Clem says Franklin Roosevelt claimed the national debt was just somepun we owed to each other. If the New Frontier will go along with his idea, allows Clem, he'll consider the matter closed on the \$4,165 he owes.

Bug Hookum was lamenting how styles in worrying chanyes from one generation to another. Fer instant, Bug said when he was a boy he was always worrying about gitting run down and killed by a mule with a shuck collar on, and today Ed's got to worry about bedding down with the mule to keep from getting squeezed to death. He claims they ain't much future to a situation where we ain't got but two choices, bomb explosion or population explosion.

This is a mighty bad time, Mister Editor, fer this feller McNamara to come out and say the folks back home is "worrying unduly" about the world situation. It would seem to me that a heap would depend on how much worrying he calls dully.

Yours truly,  
Uncle Ben

Impala Sport Coupe—here's about everything you'd expect of an expensive car—except the expense.

the car that gives you more to be happy about (right up through trade-in time)

More car for your money when you buy, more money for your car when you trade! That's our Jet-smooth Chevrolet with rich, comfortable interiors that make you feel kind of pampered. Body by Fisher craftsmanship that pleases the perfectionist in you. Vigorous V8's or a savings-savvy 6 you'll get a kick out of bossing. Space (and how!), grace and a ride so gentle you'll think all the bumps have gone into hiding. Comes trade-in time, you still sit pretty because you're handing over a Chevrolet —which year after year brings a higher resale return than any other full-size car in its field.\* More? Plenty—as your dealer'll happily tick off for you. **JET-SMOOTH CHEVROLET**

\*Based on used car prices published in the National Automobile Dealers Association USED CAR GUIDE.

## Streams in Desert Places

Ozelle Stephens

Going back to the story of Jesus we find that "the angel of the Lord appeared unto Joseph in a dream, saying, arise take the young child and his mother and flee unto Egypt and be there until I bring thee word: for Herod will seek to destroy him." After Herod's death an angel of the Lord appeared in a dream to Joseph in Egypt, saying, "Arise and take the young child and his mother and go into the land of Israel: There he was warned of God to go into Galilee, so they lived in Nazareth: that it might be fulfilled which was spoken by the prophet, 'He shall be called a Nazarene.' The word of God reveals great truths when linked together with the prophets or when linked together with the facts of our day. Truly the Bible is a treasure house and all who enter in may have their share of treasures, even now. It is joy unspeakable.
