

JUST TALK

By JAMES HILL

SOMETHING FUNNY — It is next to impossible for me to write a "funny" column when I am thoroughly convinced that more than half the world is going to heck.

I am gonna try real hard to remain calm this week in all the confusion I feel inside. If I can, I'll not worry any more about it.

I wrote, as usual, some things which were on my peanut brain, but let the Hayes Office talk me out of a real hum dinger soap box speech.

I am certain that the "experts" are right when they say a column should be light hearted and full of nonsense.

I think I uphold them in that for I have awarded myself the Village Idiot Award on numerous occasions—even when YOU failed to present it to me.

In the other column I mentioned the fact that May 5th we would be called upon to elect a whole passel of candidates to a whole bunch of important offices.

That isn't quite funny, but if history repeats itself—it will be when the votes are counted.

Johnny Vinita and I rode with Deputy Sheriff Ken LaMascus last Friday to keep a lookout for a possible tornado in this area. Ken pointed one out—in the making—and notified Benjamin. Two had been sighted previously west of Knox City, one on the ground and the other in the air. One of them went down the river bed north of Benjamin just before we got there.

All law enforcement personnel will be up early and late for the next few months keeping a lookout, if this year continues as it has started out.

Tornado Alley in Knox City seems to be the strip west of the Herald and close to the railroad tracks. Thursday night at approximately 8:50, Mr. and Mrs. W. E. Lovelace's house and carport was hit by a small tornado—at least that is what most folks believe—for the east side of their roof was completely torn off and the east side roof of a small shed in the back was also torn off. Both were deposited in the back yard of the Horace Finley's.

Something else that was funny—George L. Young nearly laughed out loud when Judge Williams read the jury's charge last Friday—99 years in the state pen—Young evidently thought he would get the chair.

With good behavior he will be eligible for parole in 15 years.

Another funny is the fact that all politicians in the Herald, who have ever read it very much, haven't advertised that they wanted the job because they needed it.

Now, that is funny, isn't it? We all know that the best platform a candidate can have is HIS need!

We could all laugh ourselves to death if the voters—just once—would vote the same way!

OUR need, that is.

By the way—Johnny Vinita told us again Friday that two long blasts—a pause—and two more long blasts—are the tornado warnings here. If you've forgotten them, you'll more than likely be reminded every other day for the next month or two.

Most everyone knows that a newspaper has to get paid in advance for a subscription, and as a lot of you know, we are sometimes a little late in sending out notices. There are always a few who, for one reason or another, don't wish to re-subscribe, and nine times out of ten when they say "stop it" they figure up how many times they have received the paper free and then insist on paying for it. Usually we have to take the money to keep the peace, but always tell them it is not their fault that we sent it after the subscription expired.

Mr. and Mrs. Pullig stopped their paper as they couldn't see well enough to read. He insisted on paying ten cents for the two weeks he received the paper after their subscription expired.

Another person, Joe can't remember me—sent a \$2.50 bill and wrote a relative and pay the she forgot d the

O'Brien Boys Severely Injured In Truck Mishap

Two O'Brien boys were injured in an accident Friday morning at approximately 9:30 when a pickup they were driving overturned near the O'Brien Cemetery.

Joe Matura, 16, son of Mr. and Mrs. Adolph Matura, was driving Taylor Wayne Hodges, 17, son of Mr. and Mrs. Buster Hodges home from school when the mishap occurred. The Hodges boy was ill and Matura was taking him home.

The pickup overturned two times when the wheels got off the pavement.

Hodges is in Knox County Hospital with a neck injury. He has been in traction since the accident and extent of his injuries are not yet determined.

Matura was removed from the Knox County Hospital to Wichita Falls at noon Friday for extensive surgery and special care.

Hob Smith was escorted by area police to Wichita Falls in a race against death to save the boys' life. Nurse R. S. Shelton administered oxygen on the trip and Irby Carlisle, R. P. Barnard Jr., and Mr. and Mrs. Matura accompanied the ambulance in Carlisle's automobile.

A few miles from Wichita Mrs. Shelton ran out of oxygen and Smith notified the hospital there of the emergency by radio. On arrival a number of specialists were on hand to administer to Matura.

Oxygen was administered immediately and it was reported that X-rays were taken in a few minutes plus a tracheotomy by Surgeon Bebb. Both lungs were punctured, heart badly bruised, and probable liver damage was in evidence. He is reported doing fine at this time.

Detailed examinations will be conducted on both boys, later, it was reported.

Persons Nearing Age 62 Should See SS Representative

People who are nearing or are past 62 years of age can save time and speed up the payment of their first social security checks if they get in touch with the social security office early.

Erton F. Tate, district manager of the Wichita Falls Social Security office, said that an application for retirement payments can be filed as much as three months before the person actually retires. He also noted that people who plan to go on working past retirement age should get in touch with the office to find out whether a recent change in the law will permit them to collect some payments in addition to their earnings.

To insure prompt payment of the first check, persons who call at the office should bring their social security cards, proof of age or date of birth, and evidence of 1961 earnings — with holding statement (Form W-2) for employees or copies of Federal income tax returns and proof of payment of taxes for self-employed.

Tate explained that even if all of these papers are not available, no one should delay filing an application for benefits. The social security office located in Wichita Falls will suggest other proofs that may be used.

ONE ACT PLAY TONIGHT

Because of numerous requests, the one-act play "Jacob Comes Home," will be presented in the high school gym at 7:30 Thursday night, May 3. Admission will be 50 cents of adults and 25 cents for students.

Election Results To Be Posted At Garrison's

The Herald has been advised that the election returns Saturday will be held at Garrison's Restaurant.

The score board will be located outside the establishment for your convenience.

Those who want to call and keep up with the election results may do so by dialing 658-9181.

All Stars Win First Game From WF 'Bombers' Sunday

The Knox City All Stars defeated the Wichita Falls Bombers Sunday, 11 to 3. Willard Skiles pitched the first five innings and allowed two hits, one run, and struck out nine men.

Weldon Skiles pitched the last four innings and allowed four hits, 2 runs, and struck out five.

Weldon Skiles also led the hitters with four hits in five times at bat. Lendon Walling received three hits in four trips to the plate. Phil McAfee got two hits, one a home run, and Jimmy Reid got three hits, and one of them was a homer. Willard Skiles got two hits.

Sunday, May 6, the All Stars will return the ball game to Wichita Falls. At a meeting in Hamlin the Tri-County League was organized with eight teams entered from the three counties. They are Hamlin, Merchants, Knox City All Stars, Hill and Hill Ramblers of Abilene, J. D. Moore Moves, Abilene, Abilene Independents, Latin Eagles of Abilene, Dyess Sonics of Abilene and a team from Merkel.

There will be two ball games each week starting May 27.

The All Stars predict some "good games" this summer.

Cub Scouts Receive Badges Monday At Legion Meeting

Cub Scouts, their parents, and Scout leaders and Den Mothers met at the American Legion Hall Monday night to recognize the Cub Scouts who had advanced in rank and to present their badges.

Cubmaster Kenneth Lankford and Assistant Cubmaster Joe Turner gave the badges to one of the parents, who in turn presented it to their son.

Receiving badges were Danny McCowan, a bear; J. L. Burleson, a bear; Johnny Helms, a bear; and Clint Fletcher, a bear.

Three boys achieved the rank of Lion, and they were Don Hawkins, Brice Hill, and David Speck.

The Gold Arrow Point was awarded, and Lankford said it is given to a Cub Scout who has finished the achievement for that rank and who goes onward to complete 10 additional elective credits. He is honored for his ambition, interest, and industry. Those receiving this award were: Danny Speck, Brice Hill, Don Hawkins, David Speck, Clint Fletcher and Larry McCowan.

Ten additional elective credit points must be earned to qualify for a Silver Arrow Point. Only Cub Scouts having the highest ability and interest can achieve Silver Arrow Points, the Cubmaster said.

Receiving this award were Don Hawkins, David Speck, Danny Speck, and Brice Hill.

Noel Crenshaw made a short speech to the group and showed some color slides.

Young Received 99 Year Sentence Last Thursday

Trial for George L. Young, 22, which began Tuesday, April 24, with the selection of a jury, ended Thursday afternoon at 5:36 p.m. when the jury of four women and eight men returned a verdict of guilty as charged in the indictment and set sentence at 99 years in the state penitentiary.

District Attorney A. W. Davis of Paducah and County Attorney Clyde Whiteside of Seymour, were prosecuting attorneys.

District Judge Lewis M. Williams of the 50th Judicial District appointed three Seymour attorneys to represent Young. They were Judson Balch, D. J. Brookerson, and Earl Garrison.

Young was convicted for the assault of a four-year-old Seymour girl.

Thursday's testimony included that of Dr. Charles H. Brown, a psychiatrist from Wichita Falls who said Young knew the difference between right and wrong. He rated Young's mentality as that of a moron.

Under cross examination Dist. Atty. Davis asked the doctor if an IQ wasn't broken down into four categories—the lowest IQ being idiot, imbecile, moron, and normal. The doctor said it was.

The doctor said Young fitted into the lowest form of moron.

Dr. Brown was on the witness stand 45 minutes.

Baylor County Sheriff Wesley Styles was recalled to the stand and he again told of the circumstances leading to the arrest of Young and that when he contacted him he (Young was not drunk.

The defense called a witness, Mrs. Brady, a school teacher in Seymour, who said she had known the defendant for the past 12 years. She said she had taught him and that he and another group of boys were unruly. She said she had asked the city, and the county attorney to do something with the boys, but that nothing had become of it.

She said Young hadn't passed his work in school but had been passed on a "social" basis and not an academic one to the sixth grade.

When he reached the sixth and became 15 years of age, he quit. She said he drank too much and that she had tried to get him to do better.

Judge Williams read the charge to the jury at 10:43 a.m.

Conducting Team Meets At Lions Club Wednesday

Program at the Knox City Lions Club Wednesday was furnished by Vocational Agriculture Teacher Leon Burkham and a group of officers from the Greenhands Chapter Conducting team.

The group of boys demonstrated to the club how they open and close business meetings and conducted a business session to illustrate their various offices.

Officers are: President, Johnny Montandon; vice president, Brack Shaver; secretary, Ronnie Worley; reporter, Max Standlee; advisor, Darrell Marion; sentinel, Roger Vasser; and Leon Burkham, the ag teacher.

ABSENTEE VOTES CAST

County Clerk Zena Waldron, reported Tuesday, May 1, that there were approximately 60 absentee ballots cast.

JUDGE LEWIS WILLIAMS . . . Reads Sentence

and Whiteside began the summation for the state.

Earl Garrison was next attorney for the defense. He said this was a case in which all of us are on trial. He told the jury that they had tried to present all the facts they could and that if they (the defense) had overlooked anything it was not the defendant's fault.

"Put aside all personal feelings and decide the issues strictly on the evidence," he said.

He reminded the jury that the state had the right to open and close the cases. "This will be our last time to talk to you. You have to do what you have to do. You have been qualified for the death penalty," he concluded.

Garrison concluded by thank-

F.T.A. Meets In Haskell Tuesday

The District Future Teachers of America Banquet was held Tuesday, May 1, at the Haskell Elementary auditorium.

Students and teachers from Munday, Haskell, and Knox City attended.

Seniors Leave On New Orleans Trip Wednesday

Twenty-two members of the senior class of the Knox City High School and their sponsors, Mr. and Mrs. Tommy Heffington, Mr. Harold Bankston, high school principal and Mr. and Mrs. Charles Reeves from the parents group left here early Wednesday for their senior trip to New Orleans.

Making the trip by chartered bus the group will follow a pre-arranged tour to several interesting places enroute and returning home on May 8.

ing the jury for its attention and turned the summation over to Brookerson. He questioned the validity of the defendant's confession and also pointed out the evidence that he was mentally unstable as well as being a drunkard.

Defense Attorney Balch was next and he made a summation of testimony presented to the jury during the trial and thanked them for their time and efforts. "If we ever get too busy to care for the rights of others, we had better watch out," he said.

He said they wanted due process of law . . . That they had tried to get all the facts.

"The maximum sentence in this case is death, and the minimum is 5 years, he said.

Dist. Atty. Davis began summation for the state at 11:39 a.m. and began by starting at the beginning of the case with the witnesses and testimony which was in the state's behalf. "The state is obligated to prove their case beyond a reasonable doubt—and I think we have," he said.

"Let your conscience be your guide," he said.

Davis said it was not up to him to tell the jury what its verdict should be, and that if he were that smart he would be on the jury.

Court was recessed at 12:04, and the jury began deliberation at 1:10 p.m.

At 5:31 p.m. the jury said it

Concert Band Wins First Division

The Knox City High School Concert Band brought home a first division rating and award from the U. I. L. contest held at Midwestern University last Friday.

Benjamin High Wins Second Place At Lubbock Saturday

Benjamin High School's grass judging team won second place honors at Lubbock Saturday, and Robert Coffman, son of Mr. and Mrs. Olen Coffman, was high point man in the contest.

Robert also placed first in the Abilene contest which was held recently.

had reached a verdict. Judge Williams asked Ranger H. T. Melton to bring the defendant to the court room.

At 5:36 p.m. Travis Lee, foreman handed Judge Williams the verdict, which said in part:

We the jury have found the defendant guilty as charged in the indictment, and set his sentence at 99 years in the state prison.

Judge Williams turned the defendant over to Baylor County Sheriff Wesley Styles until he can be removed to the State Penitentiary.

Judge Williams thanked the court and said special thanks to the defense attorneys whom he had appointed to represent the defendant.

Jurors were Mrs. Mary M. Campbell, Miss Edna Eubank, Ruben Bates, Pete Meinzer, T. B. Hertel, Travis Lee, Mrs. Lottie Whittaker, Mrs. Dorse Collins, Oscar W. Cypert, F. H. Willes, Rhoades Allen and Don Coffman.

As can be seen bky the weather report the rainfall almost caught last year's, as there is only .12 of an inch difference.

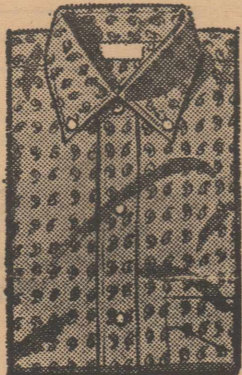

On the first of April last year there was 3.66 inch of moisture and there was no rainfall during the entire month. By May 2, we received .03 inch, hence the .12 difference by May 2.

Weather Observer Finley had predicted a tie by the end of this month with last year's record rains, and came fairly close to hitting it right.

Truck-Train Crash Kills 7

HEMPSTEAD, May 21 (AP)—Seven migrant cotton workers, all members of the same family, were killed today when the truck in which they were riding collided with the Southern Pacific's No. 13, known to non-railroaders as the Sunbeam. The streamliner was enroute to Dallas from Houston when tragedy struck. Five of the family died instantly. A sixth died in the Waller County Hospital a short time after the 9:17 a.m. crash and the seventh died late this afternoon in the same hospital.

The dead were listed by Waller County authorities as:
Juan M. Gonzales, 55, Floresville.
Paul Gonzales, 32, a son.
Juan Gonzales Jr., 32, a son.
Basile Gonzales, about 43, believed to be a brother of Juan Gonzales.
Jasaita Gonzales, 17, a daughter.
Mrs. Domazic Gonzales, 31, a daughter-in-law.

Leonardo Gonzales, 16, a son. Chief Deputy Sheriff Jimmy Whitworth of Waller County said the passenger train was making about 70 miles an hour when the accident occurred. He quoted locomotive engineer W. G. Parker of Ennis as saying that the truck was also going fast at the time of the impact. Several small children were orphaned by the accident.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Whether voters take part in the democratic or republican primary elections Saturday, they'll face a mighty long list of decisions regarding national, state and county offices—plus the much-touted question of parimutuel betting on the horse races.

Democrats will attack the matter on two fronts:

"FOR (or against the Legislature to submit a constitutional amendment to legalize parimutuel wagering on horse races."

"FOR (or against) the legislature to enact a law legalizing parimutuel wagering on horse races with the state and the track sharing 14 per cent of the pari-mutuel pool, the home county receiving two per cent of the total pool, and all other counties receiving one-half the net state share on the basis of population. No racing on Sunday."

Democrats fattered the issue after 200,000 voters petitioned the State Democratic Executive Committee to submit the proposal on the primary ballot to meet legal requirements for including specific legislation in the party platform.

Republicans added the issue to their ballot too, and phrased the following proposition:

"FOR (or against) the State Legislature of Texas submitting, for a vote of the people of Texas, a constitutional amendment which would legalize parimutuel wagering in Texas, on a local county option basis."

Both parties will take a sampling of voter sentiment on the question a repealing the poll tax as a prerequisite for voting.

Should the proposals carry on May 5, it probably would be two or more years before either issue is settled. They would have to pass by two-thirds majorities in both houses of the Legislature, and then win a majority vote of the people in a statewide election—which likely would be the November election of 1964.

NEW LIFE — Congressman-at-large race took on new life with Internal Revenue's verification that Judge W. W. Bean of El Paso, generally regarded as the leading candidate in that race, had not filed an income tax report since 1952.

One of his opponents, Phil Willis of Kaufman County, who calls himself "the middle-of-the-road democrat," immediately demanded that Bean "withdraw from the race and apologize to El Paso newspapers and organizations that have endorsed him."

Bean's reply to newsmen was that he didn't believe in the income tax and that the government had taken the money out of his paycheck in withholding taxes.

COURTS COULD ROCK "MERIT" PLAN — If the Texas Supreme Court inherits a recent traffic law case from the Eastland Court of Civil Appeals, State Board of Insurance's merit-rating plan of auto insurance rates, as well as the whole driver license suspension law, could be upset.

Court of Appeals upheld a Bexar County court ruling that when 28-year-old Billy Van Williams mailed in his payment for a traffic fine, it was not a "conviction" on which his driver's license could be suspended.

When Insurance Board Chairman Ned Price learned of the decision, he said: "My quick opinion is that if the courts finally hold such are not convictions, then they would not be, for purposes of the point system of the safe driving insurance plan."

If the Department of Public Safety appeals the case to the Supreme Court and that court approves the appellate court's decision, a driver then could avoid the "extra punishment" of higher insurance rates and loss

Spring's a-wasting! So why wait any longer to satisfy that new-car urge of yours? Especially when your Chevrolet dealer has such beautiful buys busting out all over the place. Like in fourteen Jet-smooth Chevrolets. Or eleven new-size Chevy II models. Or a whole crew of frisky Corvairs. So come on in and pick and choose to your heart's content at your Chevrolet dealer's One-Stop Shopping Center.

NEW IMPALA SPORT COUPE

It couldn't look more like a convertible unless it were one!... A steel top molded into the crisp contours of a convertible. Chalk it up to Body by Fisher finesse. Here's luxury and riding comfort that add up to everything you expect in an expensive car—except the expense.

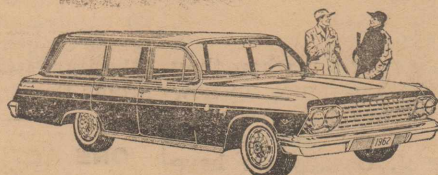

NEW CHEVY II NOVA STATION WAGON Space and spice in a new kind of saver. And it's just one of three new Chevy II wagons. Very parkable. Very packable, too. Has a load floor that's over 9 ft. long with second seat and tailgate down.

NEW CORVAIR MONZA CLUB COUPE The trim sportster that started the bucket seat brigade. Here's rear engine scampar wedded to the road with tenacious traction and quicksilver reflexes. And this one's as easy to own as it is to drive.

NEW BEL AIR 4-DOOR SEDAN This popular priced Jet-smoothie rides like a family room on wheels. Got a mammoth cave of a trunk, too, with bumper-level loading and a handy deep well for bulky items. Plus a choice of six or V8 skedaddle.

NEW IMPALA 6-PASSENGER STATION WAGON Chevrolet wagoning at its most elegant. With up to a whopping 97.5 cu. ft. of cargo space—including a compartment in the floor where you can stow golf clubs and other valuables out of sight.

IT'S THE LAW
in Texas
A public service feature of the State Bar of Texas

HISTORY OF WILLS

Courts see that your intention or "will" as to property is carried out after you die. Before then you may revoke or change it any time.

The passing of property to heirs is one of man's oldest transactions. As far back as the Egyptian, Assyrian and Jewish civilizations we have wills written and witnessed on papyrus, clay tablets, etc. In one will an early testator left some of his property to his wife and named a guardian for his children.

The Hammurabi code (2100 B. C.) permitted a father by deed to favor his son.

Under early Roman law the head of a house could tell the patrician assembly his wishes, but later Roman law favored a written will to keep the testator's plans secret until death. It also favored having a firm record of his wishes, not resting on memory.

By 2100 A.D. England, where we got our law of wills, was quite well advanced: The church courts (like our probate courts) supervised disposition of property according to a "testament" of how the testator wanted his property to go.

Church courts supervised personal property (movables like armor or personal effects); land was passed on by wills which the king's court handled. Hence today we speak of "last will and testament" since English courts came to pass on both real and personal property, so that one

Weekly Health LETTER

Issued by the State Health Department

AUSTIN — Mankind is poised to begin the annual grudge fight with insect hordes that flourish in the warmth of spring and summer.

Inevitably the insect will lose as mankind—armed with noxious sprays and dusts and aerosol mists—seeks to ward off the bites and stings and the destruction of his food and clothing and home.

Only by constant fighting has humanity been able to hold its precarious own against more than one million different insect species which inhabit the world. Some 6000-7000 new species are identified each year to lengthen the list of known kinds. The United States is inhabited by approximately 600 injurious species, some of them vectors of human disease.

The vast majority of insects are neutral or indifferent where man is concerned, apparently content to let humanity go its way and demanding the same privilege. Others are highly beneficial, feeding on noxious weeds or troublesome insects, or pollinating crops. At least 50 different seed and fruit crops would be barren without insect pollinizers.

On the other hand, to fix a price on depredations of harmful court could handle the whole estate.

English church courts had "executors" who carried out one's testament. To die "intestate" (without a testament) was almost like dying unconfessed. Sometimes the church in the interests of a man's soul could give some of the man's goods to others besides his family. Then, as now, some property had to be left to the surviving wife and children.

By the time of the American colonies, the laws were well settled, and law courts, rather than church courts, administered and distributed estates here.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

insect varieties, you have to re-gear your thinking or get lost in a maze of zeros. Just counting field crops and stored grains, they wreck a yearly havoc of \$4 billion in the U. S. alone.

Flies, fleas and mosquitoes were and still are behind some of the most calamitous scourges the human race has ever endured, including plague, malaria, yellow fever and others.

The fact that most insecticides are toxic for humans as well as insects has caused some apprehension. It is true that people who use them carelessly do run real risks. But there is no evidence to suggest the general population is being insidiously poisoned.

A detailed study into the extent to which widespread use of agricultural insecticides might adversely affect the health of humans and domestic animals is scheduled to begin in coming weeks, under auspices of the Texas State Department of Health and Texas A and M College.

Insecticides, despite their great value as weapons against insects, are only supplements to other control activities, the most important of which is proper personal and community sanitation.

FINAL STATEMENT OF D. E. (TUCK) WHITWORTH

Candidate For

SHERIFF OF KNOX COUNTY

I have tried to make a complete canvass of Knox County and see and talk with every citizen. I have met many old time friends and made many new ones. I have enjoyed their hospitality and fellowship very much.

Outside of getting dog bit twice, I have really enjoyed this campaign. I want to thank all of those who have been kind and considerate in receiving me in their homes and discussing various topics, local and national.

I have been asked many, many times, could I and would I appoint a Knox County citizen as Deputy Sheriff? I assure you I can and will. In fact, there have been many fine, moral and qualified citizens of Knox County who have asked to be considered, should I be elected.

The big issue in all campaigns, local and national, seems to be juvenile delinquency. I do not have any "pat" methods of solving these problems, but I do have an extensive knowledge of these situations through past experience as a peace officer and I assure you that each problem that arises will be handled with discretion and understanding.

I do not believe that a display of bad temper or unprovoked violence is becoming of a peace officer. Nor do I believe that your child or my child should be slapped around by an officer of the law although he may have needed his britches spanked at home.

If I have not had the opportunity to meet or contact you in any manner, please accept this as my solicitation for your consideration for my candidacy for Sheriff of Knox County.

If elected, I promise to make the kind of Sheriff You would be proud of.

Streams in Desert Places

Ozelle Stephens

The risen Christ is the glorious hope of every living person. The scriptures declare, "... and they shall see the son of man coming in the clouds of heaven with power and great glory!" Before Jesus went to the cross he said to his followers, "I go to prepare a place for you. I will come again, and receive you unto myself;..." (John 14:23). The 24 and 25 chapters of Matt. are Christ's teachings on his returning to this earth. It is mentioned more than three hundred times in the New Testament alone.

Even though today, we may get a negative reaction when we warn people, we must be faithful to teach this glorious truth, strengthen the weak and blind. With our profession we must have oil in our lamps. There must be depth in our life, our Bibles study, and our witnessing. We must be emptied of self and filled with the oil of the holy spirit. The oil is the inner supply of God's grace: it is the difference between profession and possession. Being filled with the Holy Spirit you have the resource to help you stand when testings come.

Truscott Home Demonstration Club Has Meeting

The Truscott Home Demonstration Club met April 26, in the community center, with Mrs. E. A. Tomanek presenting the program, "Selection of Kitchen Utensils."
Mrs. J. R. Brown conducted the business session. Plans were made to attend a tea and style show at Benjamin on May 4, sponsored by Knox County HD Council in observance of Home Demonstration Week.

A WORD TO VOTERS --

In the past few weeks it has been my privilege to renew acquaintances with my friends, and to make new friends in my campaign for Knox County Treasurer.

You of Knox County, individually and collectively, have given me such gracious response and encouragement. It is a pleasure and an honor to live in a county that is made up of so much kindness and hospitality.

This campaign has been one of the most inspiring experiences of my life.

I want to thank each of you and urge you to go to the polls and vote for me as your next County Treasurer.

(Mrs.) CLARA SUE BUMPAS

TO THE CITIZENS OF KNOX COUNTY

I want to thank each of you for the encouragement you have given me in my candidacy for Sheriff. As your present Sheriff the duties of my office have prevented me from seeing each of you individually; however, I would like to ask each and every one of you to consider me for the office of Sheriff. I have been in law enforcement in Knox County for the past nine years serving as Deputy Sheriff under H. T. Melton and now as your Sheriff.

Crime in Knox County is at a minimum and has been for some time, and if elected your Sheriff I will continue to enforce the law fairly to all. My office has been responsible for the apprehension of the Cold Check offenders and have returned to the merchants of Knox County thousands of dollars. I pledge that if elected to the office of Sheriff I will not only continue the fight against Cold Check Offenders and all criminal violations, particularly liquor violations of all kinds.

I have worked with the youth of this County and as a whole, throughout the County, find them clean and wholesome. Those that are not I will continue to work with them, and to help them in any way that I may.

I am interested in good, honest law enforcement and if elected your Sheriff will continue to enforce the law the same in the future as I have in the past.

Conservation Supts. Have Stewardship Program April 27

On Friday, April 27, the supervisors of the Wichita-Brazos Soil Conservation District held their annual Soil Stewardship program for ministers in the District. Jack Idol, chairman of the board, welcomed the ministers to the meeting and explained the purpose of Soil Stewardship Week which has been proclaimed this year during the week of May 27-June 3.

A colored film, "The Earth Is The Lord's", was shown after which supervisor Henry Smith gave a talk on the need for soil stewardship. All ministers were asked to deliver Stewardship sermons and take part in Soil Stewardship Week.

Ministers attending the meeting were Revs. Jarrell Sharp, Howard Emerson, Lynn Wilson, H. H. Sego and Floyd Bailey. Also attending the meeting were Supervisors Idol, H. W. Smith, C. C. Browning, L. D. Offutt and H. D. Gammill, Knox County Agent Jack Moore and Soil Conservation Service technician Arche Lieb.

"AMONG OTHER THINGS..."

By BOB BURNETT, JR.

Monday, April 20, 1962 was annual sneak day for the Junior Class of Knox City High. The bus departed at 6:00 o'clock in the morning with twenty sleepy juniors—their destination, Lubbock, Texas.

Our first stop there was the bowling alley. Only a few members of our class have ever bowled, so you can imagine what our form and our scores resembled. But can you imagine how the proprietor felt as he watched about ten of us loft the ball and bounce it down the lane as hard as we could? I believe I hold the record for the lowest score at the end of two frames, the score being three. My ball always seemed to be attracted to the gutter.

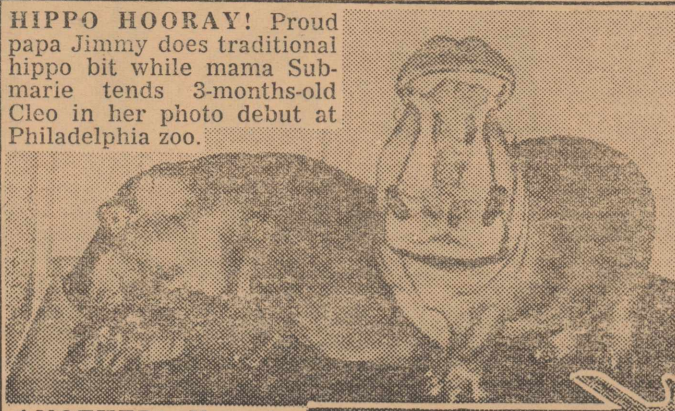

Everyone had a wonderful time bowling and actually there were some pretty good scores made.

After bowling we had lunch at the Casa Linda restaurant. This was relatively uneventful. Except for second degree burns for Lanny who sampled the hot sauce that was much too hot for a junior. After much gasping and clutching of throat, a glass of water was administered as first aid.

Next came a movie for several of us and sleep for Charlie, Eddie and Simon, who had stayed awake the night before. I expect the excitement of the trip kept them awake.

We also visited Lubbock's tallest building. Here we lost Freddie. For some unexplained reason this sent us into gales of laughter. We certainly received some puzzled and frigid stares from the other passengers in the elevator. This laughter continued

TO THE VOTERS OF KNOX COUNTY

I again want to thank you for the honor of electing me to the office of County Treasurer three years ago.

I have remained on the job during this time as far as possible for me to do so. I have kept an accurate set of books, and they have always been open to the public. The Auditor has accepted and cleared all the accounts, receipts, and deposits.

I have made out a quarterly report and statement of condition every quarter since I have been in office, and which has been 100 per cent correct, so far.

I am aware that I have made some mistakes since I have been in office but at all times I have tried to work for your interests, and honestly believe I have.

I have tried to see as many of you as I could, but if I have failed to see you it was not intended. I will appreciate your vote and influence for a second term as your County Treasurer, and I promise again to do my best to make the kind of treasurer that you want me to be.

I will appreciate serving you a second term very much.

Thank you,
ED THOMPSON

through the movie and practically through the entire day. Danny Fisher caused some concern among strangers as he sounds like he is choking to death when he laughs.

Ice skating was our next adventure, which almost proved fatal to a few of us. Samantha & Karen hold the record of staying off their feet the most for the girls and Charlie and Freddie (he turned up) hold the record for the boys. I hold the record for hitting the floor the hardest. Having been on ice skates once before I thought I was an expert at playing tag. After dragging myself up from the floor more dead than alive, I staggered to

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

Zeke Grubb's preacher come by the country store Saturday night, said things has been real jumping at his church all week. Rufe Zinder's wife caught a couple young'uns from his congregation dancing this new-fangled Twist and the good Parson allowed as how the lid has blown off.

He told the fellers a delegation of women come to him Friday morning and asked him to preach a sermon Sunday morning agin the Twist. He said he turned 'em down, told 'em he

thought this new fad was already gitting enough advertising without him giving it some more. The Parson said he had took note that ever time a minister preached agin a certain movie, the feller that runs the picture show has to put in extra seats and sell standing room. He pointed out the these wimmen, he said, that one of the fine things about his church was the fact that about half the congregation was always backsliding and then gitting back as good as new. He promised 'em he would talk to them two young'uns that was

Cotton Variety Test Demonstration—

A cotton variety demonstration was planted on the Gene backsliding with the Twist.

He said he'd been watching this new dance step on television and, sin or no sin, it was giving the young'uns more exercise in 10 minutes than they'd git plowing, all day. He allowed as how he wouldn't be surprised if it wasn't a trick by the New Frontier to git youth enrolled in President Kennedy's physical fitness program. According to the Parson, the New Frontier is going to have more trouble breaking in this trail than Dan'l Boone did his.

Ed Doolittle reported he had saw a piece in the papers where some of the big city schools was putting elevators in buildings more'n one story high on account of the kids saying they wasn't climbing no more stairs. The Parson said this fit in exact with his theory that the Twist was put off on the kids as a dance so's they'd git some exercise.

Clem Webster figgered the U. S. Department of Health might come up a little later with another trick, the "Jumping Down The Road Dance." He said if they called it the "Walking To School Dance" the young'uns wouldn't touch it with a 10-foot pole. But the Parson allowed as how, no matter what they called it, his congregation would probably be agin it, and if enough parents was agin it, the young'uns would do it. It was a great pity, he allowed, that Rufe Zinder's wife couldn't cooperate with the New Frontier no better.

In a nutshell, said the Parson, them was his views on the Twist. He said he had to leave a little early on account of him having a appointment with his doctor, reported he was having a little trouble with his back lately.

Yours truly,
Uncle Ben

Thompson farm one mile south of Munday on the Munday-Haskell Highway about three weeks ago. This demonstration plot will be clearly marked after the varieties have obtained a good stand and the public is invited to watch the progress during the growing season. All of the varieties in the demonstration are open bole or picker varieties of cotton. This demonstration will be harvested with a mechanical picker and this is so that a picker efficiency can be determined on each variety. In addition to picker efficiency, the other information that will be observed is the pounds harvested, pounds ginned, turn out, grade and staple, loan price, gross per acre, and if possible, the fibre strength and quality will be determined. There has been a second demonstration plot planned for the Lloyd Waldrip farm close to Knox City.

This demonstration will be planted soon and will consist of both stripper and picker of closed bole and open bole varieties. Much of the same information will be gathered from this demonstration. Both the Thompson and the second demonstration are to be irrigated and there will be a third dry-land cotton demonstration in the Vera or Gilliland area with closed bole varieties.
