

JUST TALK

By JAMES HILL

Mr. W. R. Wood was elated over the fine response he received by people of this area with their attendance at his free fish fry and barbecue Saturday. It didn't surprise us to learn that approximately 1200 came to partake of his vittles, for most of us are always hungry.

All baseball teams are about ready to get in full swing and it may be an opportune time to stress that it does cost money to put the kids and men in uniforms, balls, bats, lights, etc., so if you attend, please be sure to pay your way—for there have been times—we were told by one manager—that the donations at the game, didn't pay the light bill!

The managers are agreed that a number of citizens and merchants are constantly donating to this cause but feel that the average spectator does not give his share.

HOSPITALITY—West Texas style, we are proud to say is still as good as ever.

One of our citizens was put in the hospital recently and it couldn't have happened at a worse time, for it was time to do some planting for this year's crops.

Seven men with nine tractors completed the planting for him. They were Lynward Wilcox, and Buster Lowery, each with two tractors, and Carl Chafin, Loyd Stephens, S. D. Jones, Nathan Mincey, Doc Adams, with one tractor each.

We are certain that Guy Henderson is well pleased with his neighbors and friends for their consideration.

UNDER THE WEATHER—Gene Clonts called yesterday to tell us he is well on the road to recovery after a long illness here and finally an operation in Wichita Falls last Thursday. He is home and promises to be up and on the job again soon.

Glad you are feeling better, Gene, and we are looking forward to seeing you, too.

Mr. and Mrs. O. W. Caussey are home after a few days spent in New Mexico and Colorado last week. Snow fall for the year at one of the Colorado towns measured 500 inches! The Causseys report a fine trip and a pleasant journey during their short trip.

"AMONG OTHER THINGS . . ."

By BOB BURNETT, JR.

Writing 'Among Other Things' this year, has truly been a great experience for me. I have enjoyed writing this column as much as anything I have ever done. Each week I have tried to inform or entertain those who read these lines. If I have stimulated your thinking or entertained you in any way, then I have been successful.

I would like to extend my thanks to the Hills for allowing me to write this column. They have been very understanding and helpful, and my association with them has been very pleasant. I would also like to thank those people who complimented or criticized my efforts, especially those who criticized, for without their comments, I would probably not have been able to recognize my mistakes.

The title of this column was something which was thought of on the spur of the moment, as was the French phrase used at the end, "A votre sante" which means, "To your health."

In looking back over this year, I believe it was a very successful one for us at Knox City High School. Although most of our athletic teams did not set the world on fire, we had some wonderful experiences sportswise. The trips, the use of the new gym, and the many lessons learned were very valuable. We were very fortunate in having several fine social events which highlighted the year. Of course, the most important thing we did, was to complete another year of study. The seniors of 1962 who graduate will have only pleasant memories of their high school days, but for those of us who do not graduate, there is the joy of the anticipation of another year.

A votre sante.

Cemetery Needs Funds At Once

The Knox City Cemetery Committee is sending out dues cards next week and ask the cooperation of those receiving them in order that the cemetery can be kept in top condition this year.

The city has cleaned the cemetery grounds and a man was working there this week in order to keep it in tip top condition.

One member of the committee told the Herald, "We take pride in everything here except our cemetery, and it is not right. We are endeavoring to see that it does not get in the shape it was last year."

Funds are needed now to keep it up, the committee reports, and ask that all cooperate in the task.

VISITS PARENTS

Lyndol Cybert of Wichita Falls spent the week end in Knox City visiting his parents and other relatives.

Bring Hoe And Be Ready To Work

Knox City's Board of Directors for the Country Club held their monthly meeting Tuesday and asked that all members and persons interested in the golf course to be on hand today—Thursday at 5 p.m. with hoes, rakes, and work clothes, ready to work.

"There are a number of small jobs we need to clear up there," Fuller Shannon told the Herald.

Col. Homer Garrison Speaks At Caprock Peace Officers Association Thursday

Knox County law enforcement personnel were present Thursday at Clairemont to attend the Caprock Peace Officers Association Rattlesnake Shoot and barbecue. There were approximately 400 law enforcement officers in attendance.

Highlight of the meeting was the presence of Col. Homer Garrison, director of the Department of Public Safety, from Austin.

Col. Garrison thanked President of the association C. L. (Cecil) Fox for the opportunity to attend and be the featured speaker for the occasion.

Addressing the audience, Col. Garrison said "times have changed a great deal in the past 20 years." To illustrate, he said that years ago crime was mostly confined locally and that when something did happen it was usually solved through the process of elimination—usually four or five suspects were questioned—and finally they would narrow the search down to the guilty one.

"All that has changed now," he said, "and not only are things changing rapidly, they are changing every day."

Col. Garrison honored those present who were in law enforcement work and told them they had a hard and usually thankless job, but one in which each could be proud.

The Colonel told the group he had entered the law enforcement profession at the age of 19. He had been a disappointment to his father he said, for his father wanted him to be a civil engineer. He said he did what he did because he liked it and wanted to do that type work more than anything.

Bill Sams To Head Delegates To The State Democratic Convention

Six delegates and six alternates were named to the State Democratic Convention in El Paso at the Knox County Democratic convention Saturday at the County Court House in Benjamin.

The delegates are Bill Sams, chairman; Jack Arledge, C. E. Williams, Claude Richardson, of Knox City; Gaylon Scott, Vera, and J. B. Eubank, Truscott.

The alternates are Otis Harbert, Clyde Spencer, Bruce Campbell, Jr., Knox City; Sam Leaverton, Benjamin, J. G. Robbin and Mrs. Bobby Burnett, of Knox City.

The convention agreed that the delegates and alternates would vote under the unit rule, each person having one half vote.

At the opening of the convention Collins Moorhouse, the County Executive Committee Chairman, presided, assisted by Gene Hamilton, secretary of the committee.

A temporary credentials committee composed of Sam Leaverton, H. H. Partridge and Mrs. C. E. Williams, was appointed. Following their report the delegates were temporarily seated and vote was taken on a permanent convention chairman and secretary. Sams was chosen chairman and Moorhouse, secretary.

The convention voted to endorse a three point program of supporting the Party nominees, supporting the State Convention platform and operating the Party organization through its duly elected officials.

They voted to pledge their support to the Democratic nominee for Governor at the September State Convention and in the subsequent General Election campaign.

Members of the permanent credentials committee were the above mentioned three members and J. B. Eubank and Bruce Campbell Jr.

Members of the Resolutions committee were J. B. Eubank, Gene McAnear, E. A. Coffman, Clyde Spencer, H. H. Partridge, Vernon McCannies, Carl Coulson, and Otis Harbert.

Members of the Delegates committee were Jack Arledge, H. M. Black, Claude Richardson, J. G. Robin, Mrs. Bobby Burnett, J. G. Adcock and Frank W. Driver.

H. M. Almonrode was chairman of the Platform Committee. Other members were Claudell Bratcher, C. V. Tubbs, A. L. Cook, L. B. Baty, Gaylon Scott and J. C. McGee.

The convention passed a resolution of tribute honoring the late Ed Shaver of Knox City for his many years of service to the Democratic Party.

Whites Beat Reds By Three Thursday

The Eighth Grade White team beat the Seventh Grade Reds three touchdowns at the final scrimmage of the spring training period Thursday afternoon.

The three white tallies were scored by Bobby Ward on a 50-yard run off tackle, by Phil Williams in a 5 yard gain on an option play, and by Rodney Wright in an 8-yard sweep around end.

Glen Smith scored for the Reds on an 80-yard run. The scrimmage was the climax of the Junior High spring training program and the coaching staff reported they were very pleased with the progress made by the Junior High boys.

Starting line-up for the Reds was: Don Ed Pack and Carl Brock, ends; Jim Howell and Gary Wheeler, tackles; Anthony Logsdon and Jerry Howell, guards; Johnny Hendrix, center; Jerry Myers, quarterback; Frank Perez and Glen Smith, halfback, and Mike Glenn, full. Others playing were Gary Posey at defensive end and Dean Large at halfback.

Starting line-up for the Whites included Larry White and Stan Hansen, ends; Jackie Howell and Ronnie Montalvo, tackles; Glenn Davis and Jerry Campbell, guard and Bill Cornett, center; Phil Williams, quarterback; Joe Reyes and Rodney Wright, halfbacks; and Bobby Ward, full.

Others on the team were Hollis Griffith, guard, Olie Garrison, back, and Gene Lewis, back. Sixth graders also participating included Tommy Woodward, end; Thomas Williamson, end; Mickey Logan, tackle; Joe Reeder, guard; and Paul Graham, quarterback.

Streams in Desert Places

Ozelle Stephens

The Mighty God has led his people through many a Desert Place, when they have provoked Him, tempted Him, forgot His mighty works, obeyed not His commands, were not satisfied with Him in their hearts; for deceit, adultery, drunkenness, suspicions, and cares of this life.

The Desert Places gets one away from the trials of life and helps him to see God and hear Him speak. When Jesus wanted the people of His day to know his truths, He said unto the disciples, "Come ye apart unto the Desert Place." Great multitudes followed them. When Jesus looked upon them, he had compassion on them for they were as sheep not having a shepherd. He told them things. These truths of God were as Streams of Love, forgiveness, and eternal life falling on them who believed. They are the same today if you will believe them in your heart. What ever thing has caused you to be in a desert place, turn it ever to the Lord. Call upon Him while He is near and He will bring you unto His Bula Land of Plenty.

AUSTIN — Eighty weary candidates who fought their ways into the finals of the democratic primaries now have June 2 as their next immediate target.

John Connally and Don Yarborough, two men who never have held an elective office, battled their way into the runoff for Governor.

Gov. Price Daniel ran third and Atty. Gen. Will Wilson was fourth. Marshall Formby, former chairman of the Highway Commission, was next and ex-Gen. Edwin A. Walker came in last.

It was clear that Texas democrats were ready for a change, and that they felt experience in state government was not the most important factor.

Jack Cox won the republican primary and will take on the democratic nominee on November 6.

Speaker Jimmy Turman of the

Texas House of Representatives led five candidates in the race for lieutenant governor. State Senator Preston Smith of Lubbock faces Turman in the runoff.

Bill Hayes of Temple won the republican nomination for this important office. The GOP will have no runoff for state office on June 2.

County Judge Woodrow Bean of El Paso and former Rep. Joe Pool of Dallas went into the runoff for Congressman-at-large on the democratic ticket.

Former Speaker Waggoner Carr of Lubbock and Tom Reavley of Austin are in the runoff for attorney general.

No matter how the four top races come out—Texas will have an entirely new set of top state officials starting next January.

Some 114,000 Texans felt it was time to change parties and cast their ballots in the republican primary. State republican officials were "amazed and delighted" at the vote, and felt it will grow to many times that by November 6.

TEXTBOOKS BACK IN THE LIMELIGHT — After seven months of hot controversy in Board of Education and House Investigating committee hearings—over textbooks recommended by the 1961 State Textbook Committee, a new cycle of interest began Friday as the newly-appointed 1962 committee held its first meeting.

The committee, made up of 15 educators from various congressional districts in Texas, has the awesome task of studying every book offered by textbook publishers. Five books on each public school course due for new material will be submitted to local school boards for selection.

Committeemen will study the books with the aid of some 700 advisors and readers during the summer months. Hearings on objections from organizations and individuals are set for September.

According to adoption procedures, anyone may protest a book. But no one can defend a protested book, except the publisher. He can file a written rebuttal after applications for hearing objections are received in August.

One step toward blanket censorship was taken by the Board itself when it refused to accept Education Commissioner J. W. Edgar's recommendation to re-adopt five high school economics texts. Some board members felt the books were anti-capitalist.

R. W. Ryan of Austin ignored Rep. W. T. Dungan's request to hold action on the matter until the House Textbook Investigating Committee which he leads, has time to evaluate the disputed books more carefully.

64 BILLION QUESTION—Officials at the Texas Highway Department started tossing statis-

tics around like confetti as Gov. Daniel proclaimed the week of May 20-26 as "Highway Week." State Highway Engineer D. C. Greer called Highway Week "an appropriate time to pose the 64-billion-mile question," which means he's worried about meeting expected needs of Texas motorists who will travel 64 billion miles over state highways in 1970.

Today owners of Texas' five million vehicles drive about 43 billion miles a year. Ten years ago, they drove only 27 billion miles.

The department began paving the way for the anticipated increase this week as Highway Commissioner Herb Petry Jr. announced approval of the 1962 Form-to-Market Road program.

A total of 1,216 miles of new FM roads will be built at a cost of \$23,500,000. Bids were received on 889 miles of highway repair which will run about \$16,700,000.

COSTLY CARELESSNESS — Highway Department figures it could build a lot more road mileage—72 miles of farm-to-market roads or 24 miles of two-lane primary highways—if the \$2,000,000 that was spent to remove highway litter and repair vandalism damage last year was available for construction.

Motorists toss everything from beer cans, to watermelon rinds, to milk cartons and cigarette packages along the state's 63,000-mile road system. Then the highway workers have to do the pickup job.

Department officials compared this to a man throwing trash in his own yard and then paying someone else to pick it up. Damage to road signs accounted for \$385,900 of the super cleaning

bill. INDIAN TAKES WAMPUM—Texas spent \$78,104 during the fiscal year ending August 31, to keep up the Alabama-Coushatta Indian Reservation at Livingston. The reservation is managed under the direction of the State Hospitals and Special Schools Board.

The advent of eight papooses during the year helped increase the number of reservation dwellers in the tribes from 572 in 1960 to 585 in 1961. It's impossible to keep an accurate count of the number of Indians who are eligible to live on the 4,351-acre res-

ervation, since the Alabamas and Coushattas are free to leave and return at will and many choose to live off the allotted land. In spite of an annual legislative appropriation, the Indians are self-sustaining to a considerable degree.

This IS

THE TRUTH

I have received word that there have been rumors spread that Precinct No. 2 was from \$20,000 to \$55,000 in the Red. This rumor and statement is untrue. The County Treasurer's Report, which was published in both Knox County newspapers recently, gave the true condition of the various precincts and the county's financial report. As a whole, the county is in better shape than it has been for some time. As for Precinct 2, we are better off now than ever, all things being considered, with 1936 evaluations and rising costs in everything.

As of May 14, 1962, Precinct 2 had \$986.19 in the Lateral Road Fund, and \$7,650.18 in the Precinct 2 Fund.

As for outstanding warrants, your precinct owes on only two pieces of equipment—a road grader, purchased new last year, and a loader. Payments are due on the Motor Grader twice a year, on May 15 and December 15. A check for \$1,800 was mailed last Saturday for the motor grader and the next payment of \$1,500. will be due Dec. 15. The Loader will be paid off in 1965 with payments due twice a year and only one in 1965.

Naturally, our finances are small for we aren't prorated as much money as Precincts One and Four, but actually, our finances and equipment are well above average.

I seek re-election on the basis of past experience and services I have done this precinct and the county. I am willing at any and all times to talk over any query you may have concerning this precinct's business.

I invite each of you to check the above facts and figures at the Treasurer's office.

I ask only that you take no ones word, but check the record for yourselves.

W. W. TRAINHAM
Commissioner Precinct No. 2

Uncle Ben from Benjamin says:

Some fellers go to the barber shop to git a haircut and some go to git information. On account of me not having much hair left, I reckon you'd have to say I go to git about half and half. Incidental, I note my barber keeps charging me the full price and I aim to write a piece soon advocating that all prices for haircuts be regulated by the U. S. Department of Agriculture. That'll fix 'em!

But anyhow, I was over in town Saturday morning getting my edges evened up and I'd have to say I got more information for the price than I got haircut. The feller setting in the chair next to mine was telling about the featherbedding that's going on right at the White House. I been reading where the railroad workers is being accused of this vice, but I didnt know till Saturday morning that we got featherbedding on the White House lawn.

This feller said he was reading where the Chief Gardener at the White House was asking fer more help to keep up them 18 acres of grounds. The piece said he has already got seven helpers but claims he needs nine. President Kennedy got his private gardener from Cape Cod to come down and look over the problem. This feller, after studying the work load first hand fer a week, said the job could be done real easy with four men if all would do a little work. The customer in the barber chair said he hadnt saw what was done about it, but he was guessing the Chief Gardener would git his nine helpers. Until you hear to the contrary, Mister Editor, you can be advised that we got featherbedding planted among the White House roses.

The barber that was featherbedding on my haircut reported he had saw a piece in the papers where a Congressman by the name of James C. Davis from Atlanta dropped a unusual bill in the hopper the other day. Congressman Davis was agin hiking the roof on our national debt any more, and his bill called fer reducing the national debt by one per cent each year.

He argued in the Congress this would pay off our national debt in 100 years and that they wasnt many creditors whod wait much longer than that to git their money. According to my barber, they not only throwed the bill out of the hopper but was about to throw the Congressman out of the building.

Putting the information alongside the haircut, I reckon I got my moneys worth Saturday morning. I'm sorter like my old lady. I've knowed her to spend two hours at the beauty parlor and come out happy, even if she did look like she didn't git waited on.

Yours truly,
Uncle Ben

Its reliability is probably its greatest single asset

When you build a quality truck, the inclination is to run around, asking users what they think of it. We do quite a bit of this.

It's a funny thing. You'd think people would talk mostly about the mechanical features of the vehicle—the good ride, its power, the double-wall construction, cab comfort, or tough tailgate.

These things get comment, of course, but they're consistently outnumbered by expressions of satisfaction with the dependability of a Chevrolet truck. Its greatest single asset seems to be the fact that it does its job well day after day without a lot of fuss or attention—and that's what impresses people the most.

Quality is the key to reliability. The next time you have to buy a truck, call your Chevrolet dealer and make your money go farther.
