

JUST TALK

By JAMES HILL

Last week in the list of donations to the Lions Club Pancake Supper, one donor was left out—C. H. Keck supplied the syrup for the Lions feed.

DISAPPOINTED—Jeff Graham was wondering what happened last week when JT came out and I didn't blow and go about my hunting prowess. OK, Jeff, I won't disappoint you—here it goes, folks.

Jeff, his son, J. Tom, and I went out (my first time this year) and I bagged my limit!

Not only that, but I got four doubles! If the game warden happens to read this, We only got our limits—36 birds—and called it a day.

The Great White? Hunter on the next safari, however, only killed three doves, a big blue pigeon, of all things, and the usual assortment of field larks, sparrows, etc.

I have found a good equal for Jeff and that is none other than Ken LaMasus of Benjamin. Ken brought down five birds with five shells and after I got kinda nasty about it, he killed two more with three shells! He didn't want to embarrass me, as I had shot a dozen times and didn't.

Actually the begging was severe. I am trying now to get a hunting party together with these two experts and I will go along to pick up the game they miss!

My excuse of being Indian and therefore a poor shot with a gun has worn thin with most of my buddies, and I will either have to quit talking about it or start hunting with a bow and arrow. In any event, I couldn't do worse.

Dear F.L.—To be behind is ARREARS not a rear! We know how to spell, but our Linotype doesn't.

Practically 75 per cent of the county has had its Type One Polio vaccine, as 1,168 turned out Sunday for the last go-round on Type One.

5,654 Knox Countians have received their first inoculation. The next vaccine will be given on October 21.

GHOSTS? — Mr. and Mrs. Roy Carver at least hope it isn't but they had a most unusual experience sometime Monday night Here is the way it all came about:

The actual beginning was several years ago when Mrs. Carver was visiting her daughter in Seymour and she saw a beautiful glass bowl, a large one, for her table. She bought it and has been well pleased with it all this time.

Tuesday morning they noticed the bowl was broken and the mysterious part of the whole thing was that nothing was in the house and no one could possibly have broken it in the peculiar fashion in which it was shattered.

The bowl had a large circular affair similar to Roy's western hat brim, and a huge base that would have been hard to break.

The "brim" part of the bowl shattered and fell around the bottom of the bowl, also the huge base was broken and shattered in several pieces and on top of all that the darn thing was still standing!

By-the-way, there was nothing in the bowl except two pieces of chewing gum.

WANT SOME MORE?—Well, Sam White brought in a couple of branches of peach blossoms? Tuesday afternoon. Sam said he noticed the tree acting funny after the big rains, and this week his peach tree is in full bloom.

Dr. David Eiland of Munday had planned to have a complete run-down on the financial condition of the recent Sabin Oral Vaccine Polio drive, but due to circumstances beyond his control, we will not be able to have them in this week's paper.

Dr. Eiland also wanted to make public his appreciation as well as the rest of his committee on the fine support of the county.

Special thanks go to the school personnel, Volunteers, nurses, pharmacists, and other volunteer workers who made the drive a success and held delays and confusion of such an undertaking to an absolute minimum.

Next week a complete report will be made concerning the drive.

Knox City Loses First Home Game To Munday, 12-0; Play Archer City Next

Knox City Greyhounds lost their first home game Friday night to the Munday Moguls by a score of 12-0.

Munday's Pete Alcala and Louie Flores paced the enemy attack with a touchdown apiece and rushing yardage of 94 and 85 respectively.

Knox City controlled the ball until almost halftime, driving from its 40 to Munday's 23 following the kickoff. A lost fumble in the second quarter gave Munday its push for the first score.

Munday's Alcala returned the second half kickoff to his own 21 and from there the Moguls moved for the touchdown.

A possible Knox City third quarter TD was blunted by a holding penalty. The Greyhounds' Johnny Montandon recovered a fumble by Flores on the Munday 27.

Five plays later Eddie Williams passed to end Ray Penman on the 10 and Penman dove to the three but the 15 yard penalty nullified the play.

Coaches Ted Darland and Curtis Hines report that the film grade showed Jackie Acosta and Douglas Logsdon were high linemen with Williams, Brack Shaver and Charlie Bateman making the high grades for the backfield.

Statistically Knox City made 9 first downs compared to 15 for Munday. The Greyhounds

Greypups Lose One, Win One, During Week

Knox City's Greypups won one and lost one during last week's play, defeating Munday 22-0, and losing to Crowell by a close 14-8 score.

The Munday game played at Munday, Monday night was highlighted by Glen Smith making three touchdowns and one after point score for a total of 20 points. Mike Glenn provided the other two points in a successful after touchdown try.

Jimmy Howell was outstanding defensively and Frank Perez showed up well on defense by intercepting two of Munday's passes.

In the defeat at Crowell Tuesday night, Sept. 18, at Crowell, Mike Glenn scored for the Greypup in a 60-yard run off tackle with Glen Smith tallying the extra points.

Tommy Carpenter, Crowell's 212-pound fullback, wracked up the first tally for the opponents in an 8-yard push through the line. John Looney scored the second touchdown in a short drive over tackle.

The Greypups will play here Thursday, Oct. 4. A B game is also scheduled that night with the Seymour B squad.

gained 124 yards rushing to 228 for Munday. They picked up 10 yards passing, completing one of five attempts while Munday gained 4 yards, completing 2 of 5 passes.

Knox City averaged 27 yards punting in five tries and Munday averaged 34.6 yards. Both teams were assessed three penalties for 35 yards. The Greyhounds fumbled four times while the Moguls fumbled three.

Knox City journeys to Archer City Friday night to tangle with the Wildcats.

School Supt. Talks To Lions Club

Superintendent of Schools E. A. Youngblood was principal speaker for the Lions Club Wednesday, and was introduced by Sam E. Clonts, school board member and program chairman this month.

Supt. Youngblood said he was always glad to speak to citizens concerning the schools, but was undecided as to what the Lions members would be interested in hearing about their schools.

"We had a budget hearing last month and no one showed up, so I don't think you are too interested in the financial end of it," he said.

Youngblood said he would give a few of the highlights of the Knox City schools and after his speech would solicit questions.

There are 367 enrolled in the white grade school; 121 in High School, and 59 in the colored McGee Ward School, he said, with 7 students going by bus to Munday High school each day from McGee Ward.

There are 36 persons employed in the school system with a monthly payroll of \$13,250.14.

Supt. Youngblood pointed out that the schools were a major economy factor for Knox City, in that the budget for the year was set for \$220,508.

\$102,611 would be collected from local taxes and the rest from federal.

A new innovation for this year he said was the fact that all 7th and 8th grade students must take a physical fitness or health program.

After the conclusion of his speech a question and answer session was conducted.

McMurry President To Speak Here

Dr. Gordon Bennett, president of McMurry College in Abilene will be the guest speaker at First Methodist Church in Knox City, Sunday, September 30, at the 11 a.m. worship hour.

Highlights From Austin By Stanford

AUSTIN, Tex. — Rules to prevent future crooked oil wells are being hammered out by the Texas Railroad Commission.

Chairman Bill Murray and Commissioner Ben Ramsey laid out a proposal for tougher rules.

Oil industry spokesmen split down the middle on the proposed rules. They say it is not possible to drill a vertical hole without greatly adding to the cost.

Commission took proposals of its own staff and of the industry under study after a long hearing. Ramsey said the Commission should not add to industry's drilling costs, because the public pays them all.

But it was clear that the Commission now will crack down to make sure wells do not stray under property lines.

SLANT OIL WELL SURVEYS — Major and independent oil producers have contributed a total of \$306,709 for surveys to find "slanted" wells in Texas fields, Attorney General Will Wilson disclosed.

All but \$40,000 has been used. Surveys to date have revealed 138 deviated wells in the East Texas Field, 14 in Hawkins, one in Quitman and one in Friendswood.

The Railroad Commission plans to run inclination surveys on the remaining wells which are suspect—between 200 and 300 in the East Texas Field alone, Wilson said.

ISLAND PARK — Land Commissioner Jerry Sadler plans to fight the proposed bill to create a National Seashore Area on Padre Island when it comes before the State Legislature in 1963.

Congress voted the long-debated bill, but Texas legislators will have to approve the project.

Sadler contends that the Federal government will be grabbing a lot of state oil under Laguna Madre. Sponsors retort that this isn't so—that the U. S. law specifically provides that oil rights are to be retained by present surface owners.

PARKING — Parking around the State Capitol always has been a problem.

It's even more so since several state office buildings have concentrated state employment in the Capitol area. Much of the available space is kept reserved.

Eighth Grade Elects Officers For Year

The Eighth Grade class elected officers for the 1962-63 school year, and they are: President, Mike Glenn, vice president, Carl Brock, secretary, treasurer, Carolyn Crownover, and reporter, Susan Reese.

Sponsors are Mrs. E. F. Branton and Mrs. Ross.

The Junior High drum major and twirlers are Cindy Johnson, Pam Waldrip, Penny Meinzer, Phyllis Tankersley, Vicki Holcomb, and Bunny Sams.

Cheerleaders are: Twyla Standlee, Carolyn Crownover, Kathy Richardson, Violet Verhalen, Karen White, co-chairmen Diane Thomas and Becky Lowrey.

Eighth grade mothers are keeping the concession stand.

for parking by State Officials. Now Atty. Gen. Will Wilson has ruled that the State Board of Control, which is the house-keeping agency around the Capitol, has no authority to regulate parking.

Board members had hoped to find they had the authority under an old law on horses.

But Capitol parking regulations by the Board of Control is illegal, Wilson's ruling said. So far, the Legislature never has authorized the board to regulate parking.

PROPERTY TAX HEARING — Texas Commission on State and local tax policy will hold a public hearing in Austin on Friday, November 9, on property taxes. Announcement came from Senator George Parkhouse of Dallas, commission chairman.

Hearing will begin at 2 p.m. in Room 644 of the Texas Employment Commission building. Anyone wishing to testify is requested to inform the tax policy group in writing to Drawer C, Capitol Station, Austin.

Mrs. Westmorland Services Held At Gilliland Sept. 22

Funeral services for Mrs. Felix Westmoreland of Gilliland, who died Sept. 21 at the Knox County Hospital, were held at 3 p.m. Saturday, Sept. 22, at the Baptist Church in Gilliland.

Rev. Williams, pastor, officiated. Burial was in Truscott Cemetery.

Mrs. Westmoreland was born in Tupelo, Miss., in 1873, and had been a resident of Gilliland for 54 years. She had been an invalid for several years.

Survivors are one son, Orville, and three grandchildren.

Pallbearers were Arnold Navarati, Louis Baty, Paul Bullion, Hewitt Simmons, Edmond Tomaneck and O. A. Burgess.

F. H. A. Beau

The Benjamin Future Homemakers of America elected Buddy Tolson as their F.H.A. Beau, Wednesday. Buddy has moved recently to Benjamin from Seymour. He is a junior.

Ida Holloway Circle Has Meeting

The Ida Holloway Circle of the First Baptist Church met Monday evening at 7:30 in the home of Miss Ethel Lemond, with Mrs. Hazel Long, chairman, presiding. Miss Lemond gave the opening prayer and the concluding chapter of the Bible book "Go Ye."

Nine members and one visitor were present. They were: Mmes. Laura Gruben, Willie Collins, Frank McAuley Sr., Vernon Buckley, W. B. Lovelace, Lulu Hammons, Hazel Long, Miss Willie Jones and the visitor, Mrs. Don Reeves.

Streams in Desert Places

Ozelle Stephens

Step by step the Lord will lead you in the path that you must take. Be glad you do not know tomorrow's plans and have faith that when it comes, His grace will far exceed its cares. There is no need too big for Our Lord to supply to the uttermost.

The Spirit itself beareth witness with our spirit, that we are the children of God. This spirit of life in Christ Jesus hath made you free. The spirit also helpeth our infirmities: for we know not what we should pray for as we ought: but the spirit itself maketh intercession for us with groanings which cannot be uttered. Your only security is in your believing in God and His great love.

Paul asked, who shall separate us from the love of Christ? Shall tribulation, or distress, or persecution, or famine, or nakedness, or peril or sword? As it is written, for thy sake, we are killed all the day long; we are counted as sheep for the slaughter. Nay in all these things we are more than conquerors through Him that loved us. For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus our Lord. (Romans 8:35-39).

Mr. and Mrs. L. D. Allen and Mrs. John Welch attended a reunion of the families of Mrs. Welch and Mrs. Oscar Stone, in Seymour, Sunday. Mrs. J. T. Brown is now making her home in Munday.

We are telling the Nation's industrial leaders that...

EVERYTHING IS... "GO!"

...in this West Texas area

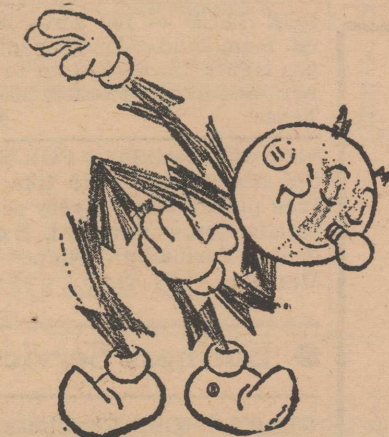

Because the space age we live in is a fast moving period of business and industrial expansion, we are working hard to see that this area gets its share.

We advertise the area's industrial advantages in national publications, and send factual mailing pieces to selected lists of business leaders. The Wall Street Journal advertisement and the colorful area folder shown above are current examples of this material.

In addition, our Area Development Representatives make periodical trips to the North and East, for personal contacts with these business executives.

WTU is enthusiastically engaged in this continuing program because we are convinced the Center of the Southwest faces GROWTH UNLIMITED.

We are backing this belief with a multi-million dollar expansion program of our own to serve more people, more businesses, more industries.

'63 CORVAIR MONZA CONVERTIBLE

Hard as it may be to believe, this year's Chevy II is better, better than last year's and better than anything in its class. It combines all the new easy-care features of the big Chevrolet with its own wonderful attributes of parkable size, four- or six-cylinder fuel economy and interiors that'd do justice to cars with twice its price and half its charm.

Change it? Calm yourself, nobody's going to mess with a winner like this one! We did add self-adjusting brakes and a more fully aluminized muffler; interiors and outside trim are refined a bit, but the rest is pure Corvair with all the over-the-road goodness that implies. Oh yes, we changed the taillights so all those people you pass will know you're driving a '63.

It's Chevy Showtime '63!—See four entirely different kinds of cars at your Chevrolet Dealer's Showroom

HERALD CLASSIFIEDS ALWAYS

GET QUICK RESULTS

LETTER TO THE EDITOR—

This is in answer to the article in the Herald of Sept. 20, 1962, pertaining to the Records of Ancel Waldrip. Classmates and teammates do not concur in all statements and feel that the record should be set straight, and feel that the Editor has been caused to publish some material that has been misleading.

Now the football game with Seymour—we played Seymour in Seymour on hard dry ground. Seymour won by some 20 points. The game Ancel was apparently quoting was played, as a return engagement, in the ball park, where the City Park now is. Now after that famous kick, Ancel's dad must have caught him and wrapped him in a wet blanket and took him out of town, because this is the way the game turned out. Knox City was given the ball in the two yard line. The score was 0-0 near the end of the third quarter. Pandemonium reigned supreme on the sidelines, and the officials could not get the crowd quiet. Signals were called by numbers then, as the huddle between every play was not then allowed. The fullback was to get the ball on a direct pass, and he had failed to hear the signal and he looked toward the sidelines just before the ball hit him in the stomach and bounced off to his right.

Seymour halfback Roy Stallings picked up the ball (defense players could run with the ball then) and raced 93 yards for a touchdown.

Now, Ancel I know this because I was the nearest in pursuit of our players and I just couldn't catch him. It was plenty

quiet during the last quarter as they pushed us backward for two more touchdowns. Score, 18-0. (This is embarrassing on us to bring this out, but the record must be set straight. We decided after that game the Greyhounds were not the kind of dogs needed to catch Panthers (Seymour) with.)

In 1923 there were A and B class schools. Ancel won the B title in Discus. About 1930, due to the depression and little interest in track, all classes were consolidated, but B records were quoted in the books. About 1950, when more interest was placed on track, the B class went again into classification, as well as the several we now have.

The Greyhound name was given by someone from the sideline, in the first District Meet organized in Texas, at Quanah in 1922, and comprising some 46 counties of North Central Texas. The Knox City team had to play three games after 10 a.m. They drew Kirkland, the best team that had been heard of at the time. The Greyhounds kept going at full speed and ran up a large one-sided score.

(The Superintendent ordered only seven new suits. Ford Waldrip and I were players No. 8 and 9—so we were not allowed to make the trip, as we didn't have a new suit.)

The second game was with Harrold, a good team by records. The Greyhounds built up a good score in the first half, but the people were bragging on them, so they did as good dogs will, just ran and ran until the third quarter ended, and then they had their tongues hanging out. The fourth quarter the coach used the two substitutes.

The third game was at 6 p.m. and the Greyhounds could not unbend. Ancel gave a very good report of the Seymour game, except Seymour won the game. Knox City claimed the championship of 23 counties but Seymour was champion of 46 counties, including Knox City's 23. J. R. HITCHCOCK.

(Editor's Note: Mr. Waldrip was unaware this article was being written or published, and if there are errors it is entirely the editor's.

Research for the article has been gathered over a period of months, most of which was not written down but remembered!

Mr. Waldrip was asked questions at intervals, but most of the facts were gathered from various other sources.)
