NUMBER 11

**MIXED UP** — Monday as we made our ad runs we noticed most everyone was complaining about the cold weather, but lo and behold by four o'clock, the tables had turned and several merchants with refrigerated air conditioning, were trying to cool their buildings!

Texas weather does change quite often, doesn't it?

This week is another one of "these weeks" when everything we want to write about and that interests us is either illegal, immoral or—you guessed it—fattening . . .

We have harped so much and so often on the necessity of voting and not only that, but the necessity of voting for competence—that we were beginning to feel embarrassed. Anyway we haven't bothered you with our feelings on the subject this year and poll tax time has come and gone for another 12 months.

We are glad that 1326 paid and will get to vote this year.

This is way under the number who have paid in any year since we have been a resident of this county.

**NO WORK NO PAY** — That is what will happen to public officials if Rep. Maurice Ball of Dallas has his way. He has introduced a House measure which would allow deductions from salaries of public officials who neglect their duties.

A good idea Mr. Ball, but just what official do you think will vote for it along with you?

Here is a letter we received Monday:

"Mr. Editor:  
"Please explain why the 'anywhere else in the world' price is less than the 'elsewhere in Texas' price.  
C. W. Harbert."

Dear C. W.:  
I lost your envelope so don't know whether you are from Texas or not. If you are from this state you know the answer as well as I, but don't blame me for it.

If you are not in the know, it is a simple item our brilliant legislators thought up so we can increase our deficit from \$42, 218,647 on Jan. 9 to \$60,508,881 this week—only 50 per cent!

**HELP! HELP!** The KC Volunteer Firemen are asking that we (all of us) give a little more in order that we can have what the darn thing is, even if I can't spell it—it makes you breathe, whether you like it or not—and we need it desperately.

Not many of you are like your editor—already dead but haven't quit breathing!

Funnies aside it is one of the most worthwhile projects we could possible have and it is a shame we have waited so long and been so slow in our fund raising campaign.

Let's get behind them once more, folks, and give another buck—either at the bank, to the bank, or any of our many firemen.

Here is a quote from the "Joy of Words":

"Our paper is two days late this week owing to an accident to our press. When we started the press Wednesday night as usual, one of the guy ropes gave way, allowing a forward glider fluke to fall and break as it struck the flunker-flopper."

"This of course, as anyone who knows anything about a press will readily understand, left the gang-plank with only the flip flap to support it, which also dropped and broke off the wopper-chock. This loosened the flucking from between the ramrod and the flipper-snatcher, which also caused trouble."

"The report that the delay was caused by the over-indulgence in stimulants by ourselves is a tissue of falsehoods . . . The peeled appearance of our right eye is caused by our going into the hatchway of the press in our anxiety to start it, and pulling the coupling pin after the slap-bang was broken, which caused the dingus to rise up and welt us in the optic."

"We expect a brand new glider-fluke in this afternoon's mail."

**OLDEST SOLDIER RETIRES** — 78-year-old Army Sergeant Emmett M. "Tex" Stephens, Company B of the U. S. Army Engineer Center Regiment, Ft. Belvoir, Va., receives congratulations from Chief of Staff Col. Woodrow Wilson on the presentation of his 20-year retirement certificate Jan. 28. Believed to be the oldest soldier on active duty, Sgt. Stephens was born July 5, 1884 in Knox City, Texas. Standing six foot eight inches, the Sgt. says he was the "runt of my family of 13; my Dad was seven foot one." He first saw duty with General Pershing on the Mexican border, later World War I, then again in World War II and the Korean conflict. At the age of 61, the Sgt. married and he and his wife reside at 208 Martha Washington Street, Alexandria, Virginia. He plans to continue living in this community, "at least for the time being," the tall Sergeant said. (U. S. Army Photo)

## Rhineland Supt. Seeks Help In Organizing Independent Volleyball

Dear Editor:  
Last year a great deal of interest was built in many of the area towns and communities for independent volleyball competition for both men and women. A number of volleyball tournaments were sponsored by schools throughout this area and each met with a good deal of success.

Interest for this type of recreation is again beginning to build for this year. A number of schools again say they are planning to sponsor an independent tourney. Several teams already are beginning to meet and organize their team for participation in these tournaments.

This interest has prompted me to invite other teams to organize and take part in this wholesome type of recreation. The ages involved in last year's program ranged from 18 to 48

years of age. I know of no other type of team sport in this area that could claim such a wide age spread. And best of all, all teams who participated last year seemed to enjoy this type of recreation.

The lack of knowledge of this type of recreation going on in this area last year prevented other teams from organizing. I would like to see more teams take part and I know of no better way to spread the word than to ask your paper to print a column in your sports page, or somewhere in your paper, where it will reach the sports minded public and invite them to organize their teams for participation.

The first tournament of this type will be sponsored by the Rhineland High School, beginning on February 25, ending on March 2, with Wednesday night Feb. 27 held open. The entry fee for a team in this tournament is \$7.50 with cash prizes going to the first, second and consolation winners.

Those teams interested may contact George Petrus, Supt. of Rhineland High School by mail addressed to him at Rt. 2, Munday, Texas, or phone 2549 during the day or 2542 at night.

Sincerely yours,  
George Petrus, Supt.

## Damage Heavy To Cameron Building

Knox City's Volunteer Firemen were called to a fire at approximately 11:45 Tuesday night at William Cameron Lumber Company.

Cost of the damage was estimated at approximately \$7,000 by W. C. Nance, manager.

The fire started in the ceiling of the office building and most of the rafters were burned and the walls were damaged extensively.

Cause of the blaze was by a fluorescent lighting fixture.

## Mike Waldron Gets Recent Promotion

Michael E. Waldron, son of Mrs. Zena Waldron, Benjamin, recently was promoted to specialist four in Germany where he is a member of the 3rd Armored Cavalry Regiment.

Specialist Waldron, a driver in Troop I of the regiment's 3d Reconnaissance Squadron in Kaiserslautern, Germany, entered the Army in July, 1961, completed basic training at Fort Hood, and arrived overseas in February, 1962.

The 19-year-old soldier is a 1961 graduate of Benjamin High School.

## DOMINO TOURNAY SLATED

A domino tourney has been slated for Thursday, Feb 7 at 7:30 p.m. at the O'Brien School. It is sponsored by the Senior Class of O'Brien, and admission is \$1.

## Scouts To Observe 53rd Anniversary

The 400 Cub Scouts, Boy Scouts, and Explorers of the Brazos Valley District, Northwest Texas Council, Boy Scouts of America, will observe the 53rd anniversary of the Scouting movement during Scout Week, Feb. 7 to 13, with the theme—"Strengthen America . . . Be Prepared, Be Fit."

They will join nearly 5,200,000 other Scouts and leaders in every part of the nation in rededicating themselves to the Scout Oath on Friday, Feb. 8, the actual birthday of the movement in America.

Scout week will be observed nationally by over 130,000 Scouting units across the nation. Cub Scouts in Benjamin are planning a Blue and Gold Banquet in honor of Scouting's birthday.

Cubs, Scouts, and Explorers are welcomed to wear their uniform proudly during the week, and especially on Scout Sunday, Feb. 10, Dist. Scout Executive Noel Crenshaw said this week.

## Contract Let For New Farm Roads In Knox County

A contract for 7.9 miles of construction on FM Roads 2811 and 1701 in Knox and Haskell counties has been awarded to an Amarillo firm, it was announced in Austin this week by the State Highway Commission.

Gilvin-Terrill, Inc., submitted the low bid of \$111,359 on the project.

Grading, base and surfacing on FM 2811 from SH 222 in Munday to FM 2534; and on FM 1701 from SH 22 in Knox City, south two miles to Haskell county line, and from Knox Co. line, south 0.49 mile to FM 2229, is expected to take 180 working days, according to Palmer Massey, District Highway Engineer at Childress.

H. T. Cunningham, Resident Engineer at Munday, will be in active charge of the project while it is under construction.

## ANNOUNCE BIRTH

Mr. and Mrs. Gene Montandon announce the birth of a daughter, Laurie Ann, born Feb. 2, at the Nacogdoches Hospital. She weighed 8 lbs., 11 ozs., at birth. Grandparents are Mr. and Mrs. Neil Perdue and Mr. and Mrs. Doc Montandon of Knox City.

## Local Woman's Brother Dies

Funeral services for Hershel C. Hutchinson 56, who died Jan. 30 in a Longview hospital from injuries received in an automobile accident Jan. 15, were held at the Longview Baptist Church Thursday, Jan. 31.

Burial was in the Longview Cemetery.

Mr. Hutchinson was the former street and water superintendent for the City of Longview for 20 years. He was a foreman for the Thiokol Chemical Co.

He is survived by his wife, Mrs. Grace Hutchinson of Longview; two sons, H. H. Hutchinson and W. T. Hutchinson of Longview, 11 daughters, Jane Hutchinson, June Hutchinson, Gail Hutchinson, Helen Hutchinson, Mrs. Bobby Ramsey, Mrs. Horace Beard, Mrs. Eddie Stanley, all of Longview, Mrs. Chas. Faircloth of Mount Pleasant, Mrs. Ray Williams of Baytown, Mrs. Tim Heitman of Germany and Mrs. James Ross of Houston; his mother, Mrs. W. F. Hutchinson of Munday, one brother, and three sisters, Mrs. L. C. Gunn Jr., of Knox City and Mrs. Freddie Marrow of Denver, Colo., and Mrs. J. W. Henderson of El Paso; and ten grandchildren.

## Lions Club Hold Regular Meeting

Knox City Lions held their regular weekly meeting in the Methodist Fellowship Hall at noon Wednesday.

Lion President Bill Sams informed the members that the Board of Directors had met Wednesday morning.

The annual Lions Club Broom Sale date had been set for either May 1 or May 8—exact date to be announced at a later date.

Sams announced that the Lions Club was sponsor of the Boy Scouts here and asked that the committee meet with Noel Crenshaw, District Scout Executive from Wichita Falls after the meeting.

As no program was in evidence, the meeting was adjourned and the committee met with Crenshaw.

Attending were Ken Lawson, Zeb Smith, Doyle Graham, Joe Clonts, Bill Sams and Jim Hill.

Hill was appointed committee chairman.

Crenshaw told the group that Scouting was almost defunct in Knox City at the present time and plans were made to reactivate interest.

A meeting date for boys between the ages of 11 through 14 will be announced in the near future.

## Mothers MOD Nets \$350.75

Mrs. Tom Campbell, chairman of the March of Dimes, announced Wednesday that the Mothers March netted \$350.75. She said results were not complete for the county at press time, but that she wanted to thank the 1946 Study Club, The Grammar School, Mrs. Branton, The Volenteens, the local cafes, and each group and individual who helped to make the march a success.

## Knox County's Heart Fund Campaign To Officially Start Here February 24

Knox County's Heart Fund Campaign will officially open February 24th when volunteers will contact their neighbors for contributions to help combat heart circulatory diseases, according to E. Hob Smith, fund drive chairman.

Smith held a meeting Monday night in Knox City for officers and council members when plans were made for this year's campaign. Council members, one to each community participating, will plan their own programs for raising funds. Council members are:

Mrs. A. B. Martin Jr., Gilliland; Mrs. C. J. Albus, Rhineland; Mrs. Collins Moorhouse, Benjamin; Mrs. Orb Coffman, Goree; Mrs. Edmund Tomanek, Truscott, and Paul Hoge, Knox City.

"Heart and blood vessel diseases now account for more than 54 per cent of all deaths in the United States each year. Remember this when your neighbor calls on you for your Heart

fund contribution," Smith said. Officers of the county heart group are Dr. C. G. Markward of Knox City, president; Dr. David Eiland, Munday, vice president; Mrs. E. R. Carpenter, Knox City, secretary; Charles Baker, Munday, treasurer; E. A. Youngblood, Knox City, community service chairman, and Smith.

## Local Woman's Father Dies

Funeral services for Jack A. Stamps, 75, who died Jan. 28 in a Houston hospital, were held at 2:30 p.m. Jan. 30 at the Knox City Church of Christ. Roger White, minister, officiated.

Burial was in Munday Cemetery under direction of Pinkard and Smith Funeral Home.

Mr. Stamps was born June 17, 1887 at Jasper and came to Knox County in 1895 and lived here until 1928 when he moved to Houston. He was a paint contractor.

Survivors include two daughters, Mrs. R. E. Belcher of Tullahoma, Tenn., and Mrs. Tom Thomas of Knox City; one brother, J. Horace Stamps of Olton; two sisters, Mrs. Beth Martin of Anson and Mrs. Ellie Phillips of Munday; and four grandchildren.

## O'Brien Still Leads In Dist. Play

O'Brien girls and boys won second place in the Junior High District basketball tournament last week. The girls won over Weinert and Gilliland and Rochester beat them for first place. The boys won over Weinert and Goree and Knox City beat for first. Weinert girls and Goree boys won consolation. The Senior class of O'Brien school sponsored the tournament.

O'Brien A boys and girls won district games over Benjamin there last Friday night. The girls won 45-36 with Jean Manning high with 22 points. The boys won 81-33 with Jimmy Johnston high with 23 points. The B boys lost to Benjamin.

O'Brien won both games with Weinert here Tuesday night. The girls won 00-38 with Gayle Day high point with 25. The boys won 56-27 with Jim Johnston high point with 22. The boys are now 9-0 in district and the girls 5-3. Both teams go to Goree Friday night.

## Grand Jury Has Meeting Monday

Knox county's Grand Jury met Monday in Judge Lewis M. Williams 50th Judicial Court, and began the February term.

W. W. Coffman of Goree is foreman and others serving for the next six month period are:

E. L. Horton, Jr., Munday  
J. C. McGee, Knox City  
L. D. Offutt, Munday  
I. S. Jackson, Knox City

## Secretary Puts '64 Wheat Program On The Line With Facts-- Not Fears

"Let us determine here today that when the farmer votes, he will make his decision on facts—not fear," Secretary of Agriculture Orville L. Freeman recently told a meeting of national farm organizations and cooperatives which are forming a National Wheat Referendum Committee. The referendum concerns the 1964-crop wheat program, and, as directed by law, it will be held this year—perhaps in late May or early June.

Congratulating the committee on its willingness to shoulder a heavy responsibility, the Secretary said that the Department also carries a heavy responsibility as an agency giving shape and form to the policies established by the Congress. "Our job is to describe the wheat program; to describe the alternative choices, and to describe the consequence of those alternatives," Sec. Freeman declared.

"In effect, we are directed to show what a favorable vote will mean to wheat farmers and to wheat states, and to show what an unfavorable vote will mean to wheat farmers and to wheat states. We are preparing diligently to carry out this responsibility."

"The practical effect of a favorable vote in the referendum, according to the Secretary, would be:

"Farmers will receive \$2 per bushel or more for nearly all of their wheat marketings in 1964. "Prices will be stable and predictable. Consumer prices, as they reflect the cost of wheat, will be the same as in 1962. "The total value of wheat production—and the farm value of wheat production—on your farm—including diversion payments—will be at the high 1961-62 levels—overall more than \$2.3 billion. Relative to other sectors of agriculture, wheat farmers will

continue to have a very favorable income.

"World markets—influenced by the International Wheat Agreement—will be stable. Negotiations, particularly with the Common Market, leading to satisfactory trade agreements can proceed without the added uncertainty of unstable U. S. wheat prices.

"Wheat surpluses will be reduced, and the cost to the taxpayer also will be reduced compared with recent years."

The results of an unfavorable vote in the wheat referendum—which could be decided by one-third plus one of the growers voting—the Secretary said would be:

"Farmers will receive about \$1 per bushel on the average, for their wheat.

"Farm income will be sharply reduced no matter how you figure it. Gross income from wheat will be \$700 million less than with a favorable vote, despite a wheat harvest of 65 million acres.

"Net income available for spending for consumer goods and production items will be reduced by a like manner—and by a far greater percentage.

"There will be other effects of an unfavorable vote, as well—particularly to the feed grain areas and to our international trading position," the Secretary concluded.

## City Election Called For Tuesday, April 2

Knox City's City Council informed the Herald that they had a meeting Monday night and said the city election has been called for Tuesday, April 2.

**ALL BIG THINGS DON'T HAPPEN IN BIG CITIES**

Proud cities of small and medium size are scattered throughout the West Texas Utilities service area, plus some small towns and villages.

But collectively they compose the vital and fast-growing Center of the Southwest, where major business and industrial development is taking place.

For example: a nationally-known packing company has established a lamb processing plant here . . . an existing manufacturer has developed machinery for a new process which is the hit of the footwear industry . . . one of America's great business complexes has constructed a major textile-producing factory . . . a wool scouring plant has been built and expanded . . . a leading surgical supply company will soon start plant construction . . . and dozens of other operations are bursting out all over the area.

Yes, it is very true. All BIG things don't happen in the big cities. Our service area faces GROWTH UNLIMITED, and our own expansion plans are geared to measure and meet the electric service needs of this dynamic area, the CENTER OF THE SOUTHWEST.

**CHEVROLET TRUCK QUALITY**

**You can see the difference wherever you look**

If you believe various makes of trucks are pretty much alike, you aren't doing justice to your pocket-book. There are differences.

A Chevrolet truck welcomes comparison. Look at the little things on it—latches, hinges, stitching in the upholstery. Notice how strong the tailgate is, the rubber encased chains that keep it from sagging.

The body floor is made of select wood to eliminate the rust problem and give you better footing. The lower side panels are double-walled; you might dent the inside but it won't show through.

Chevrolet designs suspension systems to fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

If you are going to need a new truck this year, you should look at the quality Chevrolet has to offer. May we bring over a new '63 so you can examine it?

## 74.5% vote Valiant best in nationwide consumer survey

"Like to test-drive the 1963 compacts?" That's what Nationwide Consumer Testing Institute—a completely independent company—recently asked 3600 typical drivers in 18 cities across the country.

The people were asked to test-drive two compacts. Some picked Corvair and Valiant. Some picked Falcon and Valiant. Some wanted to try Rambler or Chevy II. The course included all kinds of normal driving.

Drivers circled the course twice (once in each car) with N.C.T.I.'s trained interviewers firing questions all the way. Which of these cars do you prefer for acceleration? Ride? Steering? Styling? Finally, which is the best all-around value?

### The surprising results:

Compact preference	Rambler	Valiant	Chevy II	Valiant	Corvair	Valiant	Falcon	Valiant	Average four compacts	Valiant
Interior styling	25%	75%	30%	70%	27%	73%	44%	56%	33%	67%
Exterior styling	24	76	48	52	39	61	41	59	38	62
Quality of workmanship	38	62	40	60	36	64	44	56	40	60
Acceleration	17	83	48	52	21	79	25	75	28	72
Passing power	17	83	45	55	21	79	24	76	27	73
Roominess	35	65	56	44	30	70	44	56	41	59
Steering	26	74	31	69	37	63	29	71	31	69
Ride	27	73	33	67	29	71	26	74	29	71
BEST ALL-AROUND VALUE	17	83	34	66	24	76	27	73	25.5	74.5%

Two things were not tested—price and warranty. But remember that Valiant is just about the lowest-priced car made in the U.S.A. today. And that Valiant carries America's longest and best new-car warranty—5 years or 50,000 miles.\* Ask your Plymouth-Valiant Dealer for your own independent test drive in The New Valiant.

\*Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair without charge for required parts or labor, for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules.

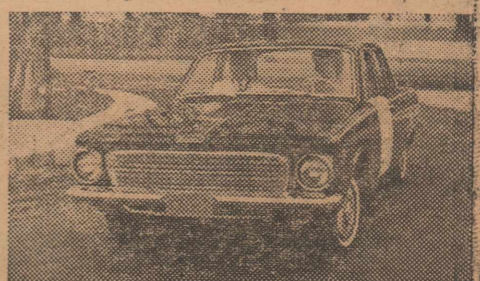

Best all-around compact anybody has come up with yet...VALIANT!

In Dallas, 74% voted Valiant best value.

In Syracuse, 78% voted Valiant best value.

In Los Angeles, 77% voted Valiant best value.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Rep. Will Smith of Beaumont wants the voters of Texas to select the Speaker of the House. He has introduced a resolution calling for a constitutional amendment to make the position of Speaker an elective office. If passed by the people it would eliminate much bickering among House members, not only during sessions but between sessions. It would speed up work in the House by enabling the members to get down to business on the opening day of each session. And equally important it would save the State many thousands of dollars as a consequence of the mans hours lost. Frequently serious and bitter personal feuds have developed between members of the House prior to the House's selection of a Speaker as well as by disgruntled groups following the election.

To add to the confusion, prospective candidates for Speaker start jockeying for position with the beginning of every new session.

In the end the taxpayer of course is the loser. It has been said that some special sessions

have been necessary due to the long delays and the wrangling that has resulted in years past over the Speaker or the speaker-ship.

The Senate does not have this problem since the people elect the Lieutenant Governor to preside over the Upper Chamber. Both jobs are identical, but only in the Senate do the people have a voice.

**PADRE PROJECT BRIGHT**—Prospects are brighter for passage of Padre Island National Seashore legislation by the House and Senate.

An impressive parade of supporting witnesses went before State Affairs Committees in both chambers and a surprising about-face occurred on the part of Land Commissioner Jerry Sadler.

**WOMEN'S RIGHTS**—More than 200 women marched to study the legislation appeared to be generally for women and cheered committee approval of a constitutional amendment they battled for through several legislative sessions.

The "equal rights" bill—yet to be passed by the Senate—may

run into trouble in the House of Representatives.

Rep. James Cotten of Weatherford—former foe of the amendment—is chairman of the House Constitutional Amendments committee.

**GOVERNOR SIGNS FIRST BILL**—First bill to be signed by Gov. John Connally was one he'd requested.

It was the bill which appropriates \$65,000 for his office; \$50,000 for a study of higher education needs; and \$82,000 for investigation and prosecution by the Attorney General's office.

Gov. Connally also made two appointments. He named Austin attorney Robert D. Bullock to the Texas State Historical Survey Committee, and reappointed Mrs. J. S. Abercrombie of Houston to the State Board of Mansion Supervisors.

**SOLD ON SCREW-WORM PROGRAM**—Gov. Connally met with farm and ranch leaders and told them he's still a strong supporter of the Screw-worm Eradication Program, but won't request the legislature to make emergency appropriations until he sees the results of the program's fund drive.

"I am completely sold on the program," Connally said, "I am confident the livestock industry will raise the remainder of its quota by March 1."

He said requirements for a state contribution to the eradication program will be considered after March 1. "I do not think we will have difficulty in securing state appropriations, if the producers can meet their commitment," the governor predicted.

**"MADE IN U. S. A." ORDER HIT**—The 3rd Court of Civil Appeals in Austin has contradicted the State Highway Commission by declaring that the commission has no authority to enforce a "made in the U. S. A. only" restriction on highway construction materials.

Commission had stated on October 28, 1960, that highway contractors can't use foreign materials for highway construction. This order was challenged by the Texas Association of Steel Importers, Inc., in the 53rd District Court in Austin, which upheld the state order.

Importers appealed to the 3rd Court of Appeals. It ruled, "We believe an order disbaring all imported materials from the market available to highway construction contractors acts to restrict competitive bidding."

Attorney General Waggoner Carr plans to appeal the decision.

**LEADING TRIAL ATTORNEY JOINS CARR**—Texas' Attorney General, who recently bemoaned the fact that his department couldn't afford to employ experienced trial attorneys to prosecute slanted-hole oil well cases and cases resulting from the Billie Sol Estes scandal, has added a legal luminary to his staff.

He is Joseph Searcy Bracewell former president of the Houston Bar Association and father of former Sen. Searcy Bracewell.

**INDUSTRY LURE**—A proposal to give new or expanded industry a five-year exemption of state property taxes has been advanced by Rep. C. Jim Segrest of San Antonio in a constitutional amendment he introduced in the House.

"Tax Lures" for new industries are considered unattractive by the Texas Industrial

Commission, but Rep. Segrest predicted a property tax exemption would speed up industrialization. His proposed exemption would apply to new industries coming into the state or to existing firms which increase both capital investment and employment by 10 per cent.

**STAMPS OR CASH**—Rep. Milton Schiller of Cameron is circulating a bill to require merchants to give customers a three per cent cash discount if they don't want to accept trading stamps as a shopping "bonus."

Schiller is trying to see what sort of support he'd get if he decides to introduce the bill.

**BILL BOOSTS OIL QUOTAS**—A bill which would make the Railroad Commission allow much greater oil production in Texas has been introduced in the House of Representatives.

Rep. Lloyd Guffey of El Campo has proposed that the commission set 14 days as the minimum operation monthly by any well.

He also wants new fields unprorated until production reaches 10,000 barrels daily.

**NOT FOR JP COURT**—Violators of game and fish laws cannot be tried in justice of the peace courts.

Attorney General Carr issued the opinion in response to a request by Rep. Bill Hollowell of Grand Saline, chairman of the House investigating committee.

### LETTER TO THE EDITOR:

Dear Sir:

Please give me one (1) years subscription to the Herald. I have recently moved to Reeds Ferry, New Hampshire. It's a "mighty fer piece" from dear old Knox City. So you see I'd like to be kept posted on the latest goings on.

Texans are very rare here. My husband is employed by Avco-Research and Development of Lowell, Massachusetts. If you will notice Reeds Ferry on your map (if you have one THAT large) you will see that its close to Massachusetts State line, and is very small. The largest city in fact the whole state of New Hampshire is very small in comparison to cities of Texas. It's very hard for me to believe this coming from a big state like Texas, and formerly from Arlington. I know I will enjoy the Herald as always.

YOU ALL are welcome up here any time.

Thanking you in advance.

Mrs. Eugene McNellie.

nan of Wichita Falls were Sunday guests of her parents the Horace Haynies.

Mr. and Mrs. J. H. Gillespie and sons of Crowell were Sunday guests of his mother Mrs. H. P. Gillespie.

Mr. and Mrs. Bill Ryder of Benjamin visited Mrs. H. O. Clark and Charles Sunday. Mr. and Mrs. Dud Ellis have returned from several days visit in Fort Worth.

H. A. Smith was dismissed from the Crowell Hospital last Saturday and is slowly recovering at home.

Mrs. Lottie Whittaker was a Vernon visitor Monday. Mrs. Allie Moorhouse visited the H. A. Smiths Wednesday.

### Streams In Desert Places

Ozelle Stephens

"Jesus, the Light of the World—Christ's presence is light, peace, joy, love, life, and substance, is ever within, about, before and beside us. He attends guides, guards, inspires, comforts, heals, and prospers us. He fills our thoughts with love, and joy. He purifies, strengthens and heals our bodies. He inspires us to realize our dependence upon Him for eternal life through Him, and the truth and love He pours within."

He gives faith and understanding to direct our every step, to relieve us of all anxiety to cure every disease also to manage our affairs.

When waiting in His holy presence He softly whispers to us, neither let it be afraid. Lo, I "Let not your heart be troubled, am with you always." In holy trusting, we find ourselves hid with Christ in God, living under the bountiful Streams of His love.

# What do they have to compete with our middleweight Fairlane?

FAIRLANE 500 2-DOOR HARDTOP

## not a thing!

Fairlane is in a class by itself. It gives you the winning combination of big-car room, ride, performance—yet it handles and costs more like the compacts!

To illustrate, let's compare the middleweight Fairlane with the compact Chevy II which some people mistakenly feel is in the same class. Fairlane is almost 15 inches longer. It has more leg room, front and rear—and 3 1/2 cubic feet more trunk space! Choice of two spanking V-8's or a spunky Six!

Next, compare the middleweight Fairlane with the big

Chevy. Fairlane is a foot shorter, far easier to park and handle. Yet, amazingly, Fairlane has more effective front leg room . . . about the same effective head room . . . practically the same trunk space! Plus Ford's exclusive money-saving twice-a-year or 6,000-mile maintenance! Yet Fairlane is priced hundreds lower—even lower than some compacts! Come see your Ford Dealer . . . compare for yourself!

### Wichita Brazos SCD Receives Agreement

According to Jack Idol, chairman of the Wichita Brazos Soil Conservation District, this district has received its new agreement with the United States Department of Agriculture. Idol stated that it is this agreement which provides the official basis for cooperation between the U.S.D.A. and local Soil Conservation Districts.

During the regular District Board meeting on Friday, Jan. 25, M. C. Pennington, Area Conservationist for the Soil Conservation Service, presented the new executed Memorandum of Understanding to the District Board. He read a letter from Sec. Freeman stating "I want to commend the governing body of the Wichita Brazos SCD for your progressive action in updating your soil and water conservation program and modernizing your Memorandum of Understanding with the U. S. Dept. of Agriculture. This is an important initial step in helping private landowners move forward more effectively with their soil and water conservation effort."

Pennington also quoted from a letter from D. A. Williams, Administrator, Soil Conservation Service, Washington, D. C.: "I should like you to convey my compliments to the members of the District governing body for their foresight and vision in broadening the concepts of conservation and good land use in their district. Commend them for me for recognizing the new challenges and opportunities which lie ahead in this field. I pledge to them the full cooperation of the Soil Conservation Service in meeting these new challenges."

Members of the Wichita Brazos Soil Conservation District Board are: Jack Idol, chairman; H. W. Smith, C. C. Browning, L. D. Offutt, and H. D. Gammill.
