## Bill Sams Tells Lions Club Members Integration Has Many Disadvantages

Lion President Bill Sams addressed members of the Lions Club Wednesday after the business session: "This morning at our regular Board of Directors meeting I asked if the question of integration was not of proper importance to merit its discussion as to advantages and disadvantages before this membership."

Sams said his reasons were numerous, but since it was a civic organization would confine the discussion strictly on his own personal opinion concerning integration.

"I honestly and sincerely feel that I would be derelict as a citizen, and officer of this civic organization, if I sat quietly by and failed to call to the attention of all concerned, what I believe to be such brazen disadvantages of integration. By the same token, I feel that any forum be it by voice or press, would be mindful of their duty to the public, to disregard what might possibly be a disadvantage or pitfall, if the same was called to their attention.

"As I point out the disadvantages I would like for it to be clear that I have been appraised of the following advantages: 1st, that there will be some saving in money, and secondly, that it is bound to come sooner or later. Another good reason, or so thought by its suggestion, is the moral obligation to help the negro.

Sams said his information was from personal investigation and some degree of knowing people the white and the negro.

He said should we integrate the following would result:

"1. The courts have held that where governmental funds are spent in any project the negro has equal rights with the whites. The courts have also held that acts committed to avoid such integration are null and void. As a result we can reasonably deduct that with school integration will come integration of our park, tennis courts, gyms, country club, government housing, and our swimming pool. The negro will feel a compulsion to take part in all these facilities, if in any part.

"2. We will be faced with the Fair Employment Practice Commission, which is headed by Vice President Lyndon Johnson and is checking into the practice of prejudicial hiring habits . . . in direct regard to our situation. By necessity we must hire and thru our moral advantage heretofore mentioned, we will hire negro teachers in our white school system.

3. Other effects of costly men-

tion, and which are my opinion, are these . . . Our cafeteria will be abandoned by at least 75 percent of the whites that now avail themselves to its use;

"4. Mixed spectators will have a diminishing effect on our athletic event gate receipts;

"5. We are all aware that many schools will be consolidating in the not too distant future throughout the county and area. Integration will most likely serve as a burden to our future growth in that respect.

"6. When a city integrates it automatically becomes a much more attractive home for negroes transients, and a less likely home for the whites.

"In summation, I firmly believe, and I ask this belief to be entrenched in your memory, that integration will prove more costly, than to build a good and proper school for the negro, as he requests. The argument that it costs a given number of dollars to educate the negro in his separate school, and that figure is too high . . . falls flat indeed, when you put that same rule of evaluation to how much per swimmer will the poll cost to operate when integrated . . . how much will our cafeteria cost, per student to feed, if 75 percent of the students abandon it . . . how much more tax money will be given to our athletic department if the paid admissions decrease . . . how much will it cost in morals, grief and distress if the negroes move in to the white housing projects. How much will it cost if we sacrifice our Federal Aid rather than hire Colored teachers?"

"Forced integration is still in an experimental stage, and in future years will be favorably worked out, we hope. When we gamble Morals vs. Money, there will be no winner.

"I personally hold no prejudice against any negro, but I am confident that we will hurt him more than we will help him, and I am confident there are numerous steps of raising the standard of living for the negro that should be taken, prior to forcing him into our white schools."

After a short discussion, the club was dismissed.

For Preplant Applications Ahead of COTTON and SORGHUM . . .

## TAKE A CLOSE LOOK AT OUR "CUSTOM-BLENDED" FERTILIZER

Custom-blend means no waste—no waiting or delay when you're ready to fertilize your fields. We can custom apply your preplant application for about the same cost you normally pay for pre-bagged materials.

We start with the soil test. Then we mix top-grade nitrogen, phosphate and potash materials to give your soil EXACTLY what it takes for top production. You can buy bulk, save the cost of bags and bagging, and the hard work of handling them. Custom-blend is water soluble—breaks down quickly for fast availability to growing plants.

We'll custom-blend your order. This really cuts your work load during the busy spring season. You get exactly what you need . . . no more no less. Or, we'll bag your order to meet your needs.

Before you place your fertilizer order, get a cost estimate on our custom-blend.

## Your Fair Share

Most Texans, we believe, are fair-minded folks.

They believe in fair play, square dealing, and mutual respect for personal and property rights. Those who want to take advantage of their neighbors are the exception.

Sometimes it may be hard to define "a fair share." This can occur in dividing oil or gas production, when two or more landowners are involved.

As we all know, oil and gas don't pay any attention to fence lines.

Here in Texas many wells have been allowed to produce more oil or gas than they should have because they were drilled on very small tracts. That extra oil or gas came from under the neighbors' land.

Some oilmen made a regular practice of this type of operation. Obviously, one owner got more than his fair share—others, less.

People in 26 out of 29 oil-producing states have found a way to divide their oil and gas so that each owner gets what is rightfully his. They simply put their small acreage together and share the costs and income. This system is known as POOLING.

Such a system is needed in Texas. It is proposed in a bill now before the Legislature, HOUSE BILL 510. When the neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected . . . all costs and proceeds equitably divided.

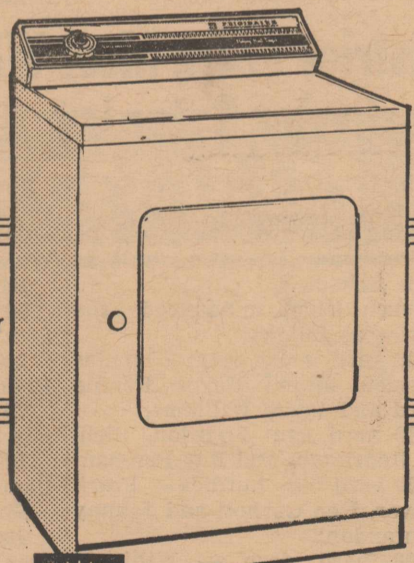

Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done.

Ask your Senator and Representative at Austin to support House Bill 510—so Texas, too, will have a reasonable and legal way to assure to each landowner his FAIR SHARE.

announced he was getting "disengaged from the enemy." When a feller is unemployed under this new "readjustment" plan, I reckon that means he has got disengaged from his job.

The fellers at the country store Saturday night was trying to put this double talk together and git it to fit. Ed Doolittle said he figgered it was a "readjustment" when your neighbor lost his job, a depression when you lost yours, and a panic when your wife lost hers. Could be Mister Editor, that President Kennedy should've made Ed his Secretary of Labor. At least, you can understand what Ed's talking about.

Clem Webster allowed as how this "readjustment" might be having a heap to do with all the suicides that's in the papers lately. Clem claims he was reading about five men killing themselves in one day in North Carolina. Zeke Grubb didn't agree, argued that we ain't never had a time in history when a man had more to live fer. Fer instant, claimed Zeke, the average feller, ain't got his house paid fer, his car paid fer, his TV paid fer, and the chances was 10 to 1 he was behind with his taxes. Everybody agreed with Zeke they wasn't no excuse fer a feller killing hisself on account of not having nothing to live fer.

Bug Hookum reported that he had saw in the papers where the Internal Revenue folks in Washington has announced official that starting this year, the cost of medicine fer hay fever is full tax deductible. Ed allowed as how that was mighty good news on account of all the sickness in his family this year come original from hay fever.

The session, as usual, final got around to wimmen and they was one or two comments that might be worth putting in the minutes. Fer instant, Josh Clodhopper said he saw a piece in the paper by some fashion designer saying the new fashions fer wimmen was going to try to make wimmen look like wimmen again. Personal, Mister Editor, what they been wearing ain't left much doubt about the matter.

And one feller said he saw a piece in the papers where a man in Atlanta the other day donated a loudspeaker to his church in fond memory of his wife. On account of my old lady reading my little piece here ever onct in a while, I ain't got no comment to make on this last item.

Yours truly,  
Uncle Ben

## Streams In Desert Places

Ozelle Stephens

"He is not here, but is risen" (Luke 24:6.) This is the Victory that brings the joys of the Lord. There is a journey you can take into these joys. First we go into the Trinity, which are three persons that go to make up God: God the Father; Jesus Christ, the Son; and the Holy Spirit.

A teacher places three jars in front of him. One filled with water, the second with ice, and the

third with steam. When the ice, which is frozen water is boiled makes steam—all really the same thing. Jesus Christ, the water of life, is different from the Father, yet the same.

The Holy Spirit, like the powerful steam that can drive an engine, is different from Christ and the Father, yet the same. For one to be a Christian and true servant of God, can not get along well without all of the three personalities working in him. The Holy Spirit is not an influence, but a person. His work is one of the most basic for it is reflecting Christ and to glorify Him in His resurrection power. This power brings to all who believe, Salvation full and free.

Texas' Padre Island National Seashore project is getting closer and closer to reality.

Already approved by Congress, it now is waiting for financing by the U. S. and approval by the State of Texas. Project could become a vast tourist attraction for Texas.

Final version of the bill giving the state's submerged lands in Laguna Madre and the state's approval of the project was worked out in conference committee. It won Senate approval. House endorsement virtually is assured.

This will convert the northern 81 miles of Padre Island into a natural reservation of seashore, to be kept unspoiled for the enjoyment of future generations.

LOANS — One phase of the battle over interest rates has ended. But more rounds likely are to come.

Senate spent two rough days in debate before passing a bill which allows those who lend \$1,500 or less to charge more than 10 per cent interest. It does not apply to banks, savings and loan institutions, credit unions and many types of cooperative lending organizations. But it does apply to all finance companies.

Sponsors of the bill wanted to allow more than 10 per cent interest on loans up to \$3,000. But the Senate cut it down to \$1,500. Rates as high as 464 per cent were permitted on loans as small as \$5, under a fixed fee basis of calculating charges on loans under \$100.

Further revision in the House and probably thereafter in conference committee, is expected.

NETS — While one state agency was burning fishing nets, another was advertising for bids to buy some net. So a law change sailed through the Legislature to put a stop to that.

OLD LAW says that when Game and Fish Commission men find an illegal net, they con-

fiscate it, advertise for the owner, and when he does not appear to claim it, they burn it.

New law will say that when they get to the burning stage, they can give it to the Marine Research agencies of the University of Texas or Texas A&M.

BILLS KILLED — Legislators appear to have killed some hot proposals. One is the effort to abolish the state tax on property. Senate voted 23-4 to kill a proposed constitutional amendment to do away with the smallest part of the tax—that which furnishes cash for state office buildings and pensions for old Texas Rangers and Confederate widows.

House killed a bill by Rep. Howard Green of Fort Worth to prevent city councils from saying that employees of their cities must live in the cities.

Also House killed a proposal by Rep. "Red" Berry of San Antonio to allow 18-year-olds to vote. It got a bare majority—72-71—but as a constitutional amendment, it needed a two-thirds majority. Berry abandoned his proposal to allow betting on horse races in Bexar County.

Another bill to regulate companies which sell funerals in advance on the easy payment or "lay-away" plan was killed on a point of order.

FASTER SPEEDS — The long talked about proposal to allow 70 miles an hour speeds on open highways went to Gov. John Connally for signature. Rep. Forrest Harding of San Angelo was the sponsor.

Proposal sets top speed at 70, but gives State Highway Department the power to reduce that speed limit where it is not safe.

LICENSE FEES—House passed a bill to exempt anhydrous ammonia tanks from the license plate fee if they weigh less than 4,000 pounds and are on wheels. If weight is between 4,000 and 10,000 pounds, license fee will

be \$5. Cotton seed trailers were given the same treatment, extending to them the exemption which already applies to stock trailers.

Senate action now is required.

HOME TOWN TREATMENT — A program aimed to save money and do a better job on treating mental illness went to Gov. Connally for signature.

Rep. Malcolm McGregor of El Paso and Sen. Don Kennard of Fort Worth sponsored the plan. It allows the Board for State Hospitals and Special Schools to contract with local city or county hospitals to treat mentally ill or tuberculars in their home counties.

Authorization of such a program on a statewide basis followed a test at El Paso which proved highly successful from both medical and financial stand points.

STUDY ORDERED—A group of 25 Texans to be named by Gov. Connally will take a long look at the state's system of education beyond the high school. Bill to allow his to appoint such a group went to his desk.

Group will report back to the next Legislature in 1965.

LAND FUSS—A dispute over ownership of 1,812 acres of land in Laguna Madre in Cameron County has resulted in a House resolution by Rep. Eligio (Kika) de la Garza of McAllen.

Resolution now is in a House State Affairs subcommittee. It would allow J. W. Luttes and Shell Oil Company to sue the state and establish title to the Laguna Madre tract.

WATER FOR ALICE — The city of Alice in Jim Wells County proposes to solve its water problem by creating a reservoir to capture water from Chilipin Creek and by drawing on Lake Corpus Christi for an additional supply.

Project was approved by the Texas Water Commission.

Alice has been depending on wells, but C. R. Marks, engineer for the project, said the wells are no longer sufficient. How-

ever, they will be continued in use after the Chilipin-Lake Corpus Christi program is completed.

SLICK OPERATORS IN LIQUOR — An illicit liquor scheme, being worked along the Texas border in such a way as to escape taxes, is the target of Rep. John E. Blaine of El Paso.

He says his bill — or the committee substitute for it—would mean thousands of additional dollars to state and federal governments.

The bill would authorize the Liquor Control Board to require a bonded liquor exporter, with a state license fee of \$750, per year, and eliminate a "bootlegging" operation along the border, Blaine said.

Operation, which is devious

and complex, would be hampered by requiring the Texas-Mexican liquor traffic to move by common carrier.

CANDY BARR — Governor Connally approved recommendation of the Board of Pardons & Paroles to parole Juanita Dale Phillips, known as Candy Barr, who has been serving a prison sentence for narcotics violation.

### 1963 Feed Grain Program Reported

As of the closing date, March 22, farmers in Knox County had signed up 260 farms to participate in the 1963 feed grain program, T. W. Russell, chairman, Agricultural Stabilization and Conservation County Committee, reports. The "intentions to participate" forms show 7,736 acres to be diverted from the production of corn, grain sorghum, and barley. The diversion is from base acreages (1959-60 average plantings) of 26,359 acres.

For farms signed up, estimated total payments for diverting acreage amount to \$60,142, not including price-support payments to be made this fall.

These are the latest available figures on the feed grain program sign-up, the chairman said. They are not expected to be changed very much when tabulations on the sign-up are completed.

National program totals thru March 7 show 642,835 signed up to divert 13,126,000 acres, from base acreages of 34,796,400 acres. Estimated total payments for diverting acreage on farms signed up amount to \$253,813,300 not including price support payment to be made to cooperators.

In general, provisions for the 1963 program follow those for 1961 and 1962 crops by giving feed grain producers an opportunity to participate in the program by reducing acreages and devoting the land to conserving uses. By participating, they will receive payments and price support payments (new to the 1963 program), and be eligible to take part in the price-support loan program. Price support for 1963 to farms participating in the program will be made available on corn, grain, sorghum, and barley partly through loans and purchase agreements and partly through an in-kind payment based on the normal production of the acreage planted this year to one or more of the three feed grains.

The 1961 and 1962 feed grain programs have brought a reversal of a 10-year buildup in feed grain surpluses. By Oct. 1, of this year, estimated total feed grain stocks of 61 million tons will be down about 28 percent from the record 84.7 million tons on Oct. 1, 1961. Continued participation around levels of the past two years should bring feed grain stocks near desirable reserve levels by Oct. 1, 1964.

I, W. F. Shannon, vice president and cashier, of the above-named bank do solemnly swear that this report of condition is true and correct to the best of my knowledge and belief. (Signed) W. F. Shannon.

Correct—Attest: W. F. Shannon, B. B. Campbell, J. M. Averitt, G. W. Coats, Directors.

State of Texas, County of Knox, ss: Sworn to and subscribed before me this 26th day of March, 1963, and I hereby certify that I am not an officer or director of this bank.

Evelyn B. Shelton, Notary Public. My commission expires June 1, 1963.

Double ring vows solemnized the marriage Saturday, March 30 at 3 p.m. of Ralph Wayne Studer and Myrian Janelle Ward.

The bride is the daughter of Mr. and Mrs. E. J. Ward of Knox City and Mr. and Mrs. Clarence Studer of Seymour are the parents of the bridegroom.

The Rev. Anthony Longval, pastor, performed the ceremony in the Knox City First Baptist Church.

Mrs. J. M. Bradberry was organist, Samantha Graham, pianist and Jackie Givens, soloist. Donna Verhalen of Abilene was maid of honor, Jackie Givens and Doris Marion also of Abilene and JoAnn Brown of Goree were bridesmaids.

Janette Parham, cousin of the bride, Munday, was the flower girl and Ricky Caddell, nephew of the bride, Haskell, was ring bearer.

Candlelighters were Ramona Studer, sister of the bridegroom, Seymour, Darrell Wayne Ruth, nephew of the bride, Haskell.

The nuptial background was an archway of white entwined with the white pom poms and orchid satin bows. Baskets of white gladioli flanked the candleabra holding white candles.

Best man was Mike Marak of Abilene.

Ushers were Dennis Kotulek, Wichita Falls, James Miller, Lubbock, Tracy Studer, Seymour.

Groomsmen were: Jack Bishop, Austin, Jerry Thoele, Wichita Falls, Lonnie Dykes, Fort Worth, and Dwight Albus, Rhineland.

The bride was given in mar-

riage by her father. She wore a gown of Chantilly lace. It was fashioned with a sabrina neckline and long tapered sleeves.

The bouffant skirt over satin had a scalloped hemline. A garland of roses swept from the waist line over the train in the back.

The finger tip veil was caught to a cap of lace. She carried a white orchid, feathered carnations and lily of the valley atop a white Bible.

All feminine attendants wore orchid brocade satin dresses designed with boat necklines, bouffant skirts. They carried white flowers.

Following the ceremony a reception was held in the Fellowship Hall of the church.

Kathy Lowrey of Abilene and Sue Shelton of Wichita Falls served. Sandra Wilson registered the guests. Others in the house party were Mrs. J. M. Averitt and Mrs. W. H. Clonts.

For travel to Dallas the bride wore a silver wool suit trimmed with a mink collar and matching headpiece. Her accessories were red.

The couple will make their home in Seymour where the bridegroom is employed with Morris-Wirtz Chevrolet Co.

The bride has been employed by J. M. Averitt and Son Insurance Co. in Knox City.

Mr. and Mrs. Gerald Averitt hoster the rehearsal dinner on Friday, March 29.

Mr. and Mrs. Claud E. Reed announce the engagement and approaching marriage of their daughter, Miss Claudia Jean Reed to Joe Douglas Tidwell, son of Mr. and Mrs. J. M. Tidwell.

The wedding will be solemnized at the First Baptist Church in June, with the Rev. Tony Longval, officiating.

The bride-elect will graduate from Knox City High School in May and will enroll in Texas Technological College this fall.

The groom is a graduate of Knox City High School and is majoring in Agronomy at Texas Tech, where he will continue his studies.

He will be employed by Wood Chemical Co., in Knox City as an agronomist for the summer.

Adams-Hackney Wedding Planned

Mr. and Mrs. L. J. Adams of Weinert, are announcing the engagement and approaching marriage of their daughter, Linda, to Joe Ed Hackney, son of Mr. and Mrs. H. Elwood Hackney of Knox City, April 12, 1963, at 1:30 p.m. in her home.

Rev. R. W. Herricks, pastor of Haskell Foursquare Church will officiate at the double ring ceremony.

Baptist Choir To Present Cantata

The Chapel Choir of the First Baptist Church will present an Easter Cantata, "Hallelujah! What A Savior!" by John W. Peterson on Sunday night April 7 at 7:30 p.m.

The Primary, Junior, and youth choirs will each present numbers.

The public is cordially invited to attend.
