Had a few minutes chat with Mr. T. S. Edwards just before the hospital wing dedication recently and was told that Dr. Edwards was home again and is a patient in the Knox County Hospital.

In a way it is almost like being home for the good doctor for he has spent most of his life in and around hospitals and especially the Knox County Hospital although in years past it was not as a patient but as one of the leading doctors in this part of the state.

Dr. Edwards, when his health would allow, has made two calls daily on patients in the hospital, whether they were his or his colleagues, just because he was interested in people.

He always came in to chat with us when we were a patient there and we always looked forward to his visits and good natured witticisms.

We have always considered Dr. Edwards one of the most dedicated people we have ever known—from both personal observations and listening to first hand testimonials by others.

Being one of the greatest humanitarians isn't the most profitable way for a person to live, but we feel fairly certain that if he had it all to do over again the good doctor wouldn't change his policies one iota.

Dr. Edwards was always considerably more interested in seeing a patient get well than he was in how much money he could deposit in the bank after an operation.

Just before he began his skyrocket climb to the top as an outstanding surgeon, his bookkeeper told him he had \$125,000 on his books.

At that time, in 1926, he had persuaded the county to build a modern hospital here in Knox City, he told his bookkeeper to write off all debts and that he would start off anew.

That ended the doctor's bookkeeping.

Dr. Edwards has never lived in the past on anything, as far as we know, but has always looked to the future unafraid and wide awake.

Dr. Edwards has been front page copy in many medical magazines on his technique in the operating room and people came from far and wide to have T. S. Edwards operate on them, for in that era he was king.

Knox County and especially Knox City owes a debt to Dr. Edwards that will be hard to pay.

END OF ERA — also for the Citizens State Bank for now Joe Averitt is sitting where we used to see Bruce Campbell Sr., and Fuller Shannon is now sitting at Joe's former desk, and Bruce doesn't greet you at the door anymore.

Some of the best times we've had in Knox City on business meetings of one kind or another have been with Bruce Sr., and we hope he will still take us rodeoing at the Santa Rosa Roundup each year.

When we first came here we were told how shrewd a business man and banker Bruce was, so the first time we needed a loan we immediately thought the old saying the toughest nut is the best and decided to try Bruce's boot on. Jack Coats interviewed us before Bruce got loose so we never did have him refuse our loan.

It has been our experience if a banker thinks a loan is sound and your investment good—get after it, for ordinarily they are a very pessimistic bunch.

REMEMBER Tom Howard? Tom is one of the state's outstanding trial lawyers and was a resident here a couple of years ago. He was a partner of Atty. Joe Reeder, Jr.

He has figured prominently as a defense lawyer for Jack Ruby and set the stage at the time of the assassination of President Kennedy for Ruby's plea of insanity.

Tom is a smart lawyer and has the flair one expects of an up and coming lawyer. Tom was also, as we remember, a very sharp poker player.

School Trustee Election April 4

Supt. E. A. Youngblood announced that the Knox City School Trustee election will be held Saturday, April 4, at the American Legion Hall.

Filing deadline will be Wednesday, March 4, and anyone interested may pick up filing forms at the Superintendent's office in the Knox City High School.

Supt. Youngblood said that the terms of Clyde Voss and John Crownover end April 4.

If You Earn \$600 Or More, You Must File Tax Return

A Federal income tax return must be filed by every citizen or resident of the United States including minor children, who had gross income of \$600 or more in 1963, Ellis Campbell Jr., Director of Internal Revenue for the Dallas District, reminded today.

A taxpayer who is 65 or over is not required to file unless his gross income in 1963 was at least \$1,200, Mr. Campbell said.

Document No. 5107 which furnishes more detailed information on this subject is available upon request from the Internal Revenue Service.

School Census Being Taken

Superintendent of Schools E. A. Youngblood has announced that the Knox City Schools are in the process of taking the school census and asked that the parents of all children who will be 6 years old Sept. 1, 1964 and not over 18 years old, to please complete one of the census forms.

Forms may be obtained from any of the three principals: Mrs. E. F. Branton, H. T. Bankston, or Melvie Lewis.

Margaret Chafin To Receive Degree

Margaret Chafin, daughter of Mr. and Mrs. Carl Chafin, has completed her degree requirements at Hardin-Simmons University.

Miss Chafin will receive a B. S. degree in physical education. She is a graduate of Knox City High School.

Her degree will be conferred in the June commencement exercises. There is no mid-term commencement exercise at Hardin-Simmons.

Graveside Rites Held For Infant

Graveside rites for the infant daughter of Mr. and Mrs. Jimmy Abbott of Knox City, were held in the Knox City Cemetery at 10 a.m. Saturday, Jan. 18.

The baby was born at 11:30 p.m. Friday, Jan. 17, at the Knox County Hospital.

Uncle Ben from Benjamin says:

DEAR MISTER EDITOR:

Crab grass, and the U. S. Department of Agriculture is running a race to see which can get there fastest with the mostest.

I got some figgers here put out by somepun called the Tax Foundation that puts a feller to thinking. It says that today we got half as many farms as they was in 1935, and half as many farmers. It explains that so much land has been put in the Soil Bank, so many small farms combined with big ones, and the use of power tools is the reason for this 50 per cent decrease. But the piece from the Tax Foundation says the number of workers in the Department of Agriculture has jumped since 1935 from 85,114 to 121,538, or 43 per cent while farms and farmers was decreasing.

This piece says in 1935 they was one employee in the Department of Agriculture fer ever 80 farms in the nation. In 1962 we had one employee in the Department of Agriculture fer ever 28 farms. The piece goes on to show that the ratio of employees in the Department of Agriculture to the number of farms was increasing faster ever year and by 1962 they would be one employee in the Department of Agriculture fer ever farm in the United States.

I won't be here, Mister Editor, in 1982, but I hope you'll recommend to your Congressman that each employee git assigned to his special farm, required to live on it and pay fer

January 31 Is Deadline For Filing Of 1963 Wool Applications, Says Moore

Farmers have until the end of January to file applications for 1963 marketing year payments under the National Wool Act, O. E. Moore, chairman, Agricultural Stabilization and Conservation County Committee, reminded producers today. He emphasized that Jan. 31, 1964 is the last day for accepting payment applications in connection with marketings of either wool or lambs during 1963.

Since this is several months earlier than under previous wool programs, the Chairman urges that producers avoid possible confusion by filing their applications on completed sales as soon as possible.

Moore points out that the '63 marketing year under the wool program ends the last day of December, 1963. Future wool marketing years will be for 12 months and will coincide with the calendar year. The January 31, 1964 deadline for filing 1963 applications is in line with normal program procedure of continuing to accept such applications for a month following the end of the marketing year.

The 1964 program payments—which probably will begin in April—will cover shorn wool and unshorn lambs marketed

1, 1963, through December 31, during the 9-month period, April 1963.

Later marketings will be eligible for payments for the 1964 marketing year, which will begin the first of the year.

The necessary sales records accompanying the applications will be the basis for calculating the national average price received by farmers for wool during the 1963 marketing year.

When the average price can be determined, the payment rates for shorn wool and unshorn lambs sold during the 1963 marketing year will be announced. Congress authorized the National Wool Act in order to encourage the domestic production of wool.

Style Show To Be Held Jan. 30

The Clothing and sub-committee of the Knox County Building committee invites all ladies of Knox County to take part in a series of meetings which will open with a style show and exhibit of hand made garments.

This style show will be held at 2 p.m. on Jan. 30, in the lunchroom of the Munday grade school building.

During the first part of February, clothing construction workshops will begin in various communities of the county for all homemakers who are interested in improving their dress-making skills.

On February 27, Miss Rhea M. Boyles, Specialist in Clothing, will present a program on Clothing Accessories.

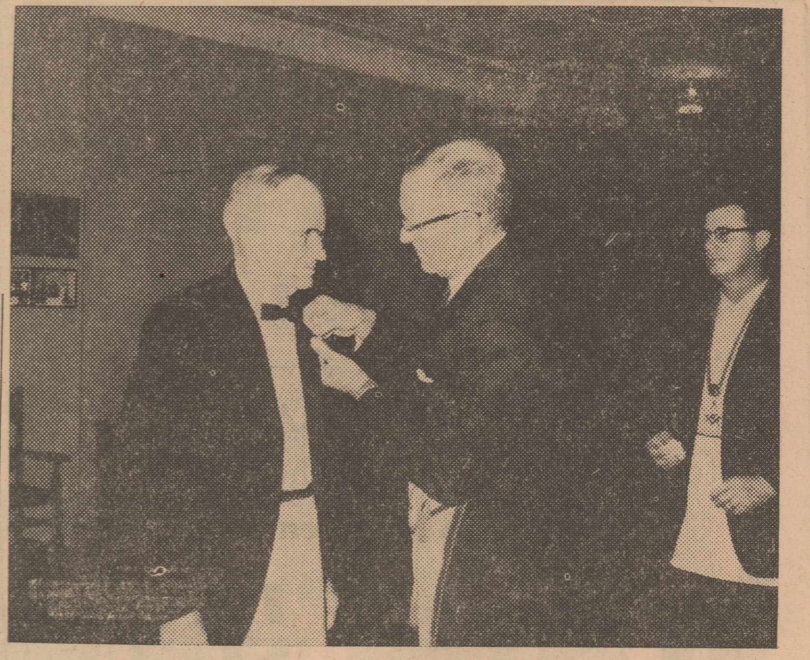

All of these meetings are planned to be very interesting and helpful.

Make plans to attend the Style Show on Thursday, Jan. 30 at 2 p.m. in the grade school lunchroom, the committee said.

"I am God and there is none else." (Isa. 46:9).

In your weakness and frustrations of life you need a power to sustain you. With Christ within you possess a power which will astonish you when you submit yourself completely to God to do His will in reverent love. He makes you His own, fashioning you for His use, making you the kind of instrument He can use to fulfill His purpose.

Remembering the former things of old "For I am God and there is none else: I am God and there is none like me, declaring the end from the beginning . . . My counsel shall stand, I will do all my pleasures . . . yea I have spoken it, I will also bring it to pass, I have purposed it, I will also do it." (Isa. 46:9-11).

W. H. Waggoners Observe 50th Anniversary Sunday

Mr. and Mrs. W. H. Waggoner observed their 50th wedding anniversary Jan. 19 with an open house from 2 to 5 p.m. at their home in Knox City. They were assisted by two daughters, Mrs. Lucy Alexander, Phoenix, Ariz., and Mrs. Willie Mae McDonald, Biloxi, Miss., and their son, Henry Waggoner of Knox City.

W. H. Waggoner and Miss Gracie Daughtery were married Jan. 18, 1914, in Hiram, Kaufman County, Texas, by the Rev. C. H. Rice, Methodist pastor at Hiram.

They were seated in a buggy in front of the pastor's home for the ceremony. They moved to Knox City in October 1927, where Mr. Waggoner was employed by a cotton gin for more than 30 years.

He retired in 1959 because of his health.

Serving refreshments at the Sunday reception were Mrs. Betty Ann Jones, Big Spring, a granddaughter and Mrs. Cliff Ball, Munday.

The table was covered in white and centered with an arrangement of white mums flanked by gold wedding bells.

Guests registered from Fort Worth, Weinert, Big Spring, Munday and Knox City.

Although the state's maximum speed limit was boosted 10 miles per hour eight per cent of the motorists checked in the latest survey still didn't find that speed fast enough.

Of the vehicles surveyed 11.1 per cent of the passenger cars were exceeding the new speed law.

In 1962 the number of passenger cars which exceeded the then-speed limit of 60 miles per hour represented 16 per cent of

the total. In one July, 1963, this number had jumped to 32.8 per cent, although the old speed law still was in effect.

After the new speed law became effective the October-November survey showed 51.4 per cent of the passenger cars checked were driven over 60 miles per hour—only 40.3 per cent of the total observing the new maximum limit of 70 m.p.h.

We, too, are often disturbed because some of the newer specialties are necessarily high-priced. We don't like to "ask such prices." And they certainly aren't popular with the producers.

In 1930, the cost of routing pneumonia was \$1,000. Today, \$25. worth of antibiotics will do the job. In 1943, 100,000 units penicillin cost \$20. In 1949, one gram of cortisone cost \$200. and 1 milligram of Vitamin B-12 cost \$20.

Today, 60% of prescriptions cost the public only \$2. Your Doctor may prescribe the newer drugs because of their powerful and positive action. In the long run this saves YOU time, money, and needless suffering.

IT'S THE LAW in Texas

English Lawyers

Even though the American Revolution ended the dominion of the English king over the colonies, the common law of England as a tie with the mother country remained. It has stood as the common heritage of a sister people and has served as the fountainhead of American legal thought. However, in the years that have passed since the Revolution, the legal professions of Britain and America have proceeded along separate lines of development.

In the English legal profession lawyers are split into two classes. They are called solicitors and barristers. Broadly speaking, solicitors deal directly with clients and prepare cases. Barristers conduct cases before the courts. The closest analogy that can be drawn to the American profession is the practice that has grown up in some of the large firms of trial lawyers, actually, there is more difference. In the United States, when a lawyer is admitted to the bar of a particular state, he becomes a combination barrister and solicitor.

The profession of law in England came into being between the Eleventh and Thirteenth Centuries. During the earlier portion of this period, it was customary for a litigant to bring a friend to help him in his law suit. By the end of the Twelfth Century, the common law had become so complicated that the friend gave way to a professional called a "narrator." This narrator was the ancestor of the present day English barrister.

Toward the last part of the Thirteenth Century, a second class of professionals emerged. Many litigants, who were large landowners, found it difficult to make a personal appearance in court to assist with the case. In lieu of their presence, they sent an agent or "attorney" who was the forerunner of the English solicitor of today.

Thus, the distinction between the attorney or solicitor, and the barrister or narrator. As written pleadings became the vogue, it was the attorney or solicitor who saw the client, elicited the facts and prepared the necessary papers. The barrister then argued the case in court.

The American legal profession has not followed the English system since the frontier atmos-

phere and experimentation with new government and new laws did not lend itself to the divided English method of handling legal matters.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because of a slight variance in facts may change the application of the law.

Mr. and Mrs. Charles Thorn and family spent the week end in Hawley with their parents.

Mrs. O. S. Johnston and Mrs. R. M. Johnston spent last Thursday in Abilene.

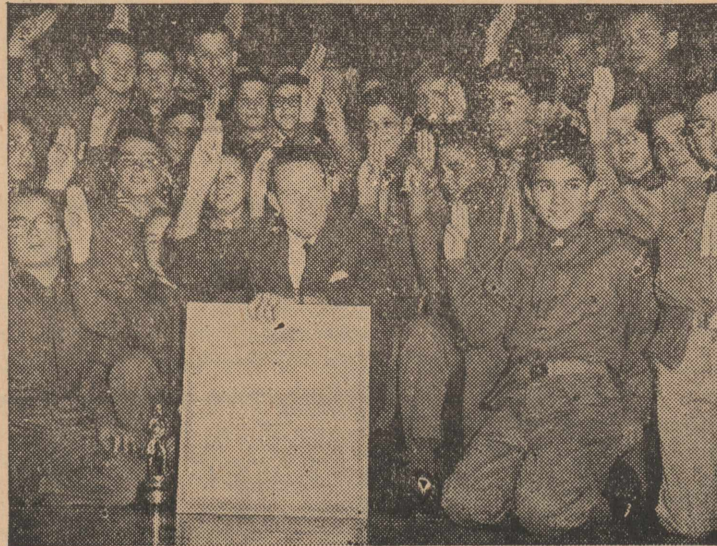

The O'Brien High School girls and boys played Benjamin there last Friday night. Both teams won over Benjamin. Linda Carlisle was high point for the girls and Don Johnston was high point for the boys.

Both teams played Weinert here Tuesday night. Girls lost to Weinert and the boys won.

The girls will play Rhineland here Friday night. The boys will have an open date as Rhineland does not have a boys team.

The Lois Malone Circle met in the home of Mrs. R. M. Johnston Monday for Royal Service. Mrs. Claudia Kellar had charge of the meeting and gave the calendar of prayer. Mrs. Jack

WTU's Customers Buy More Electricity
.....At Lower Average Cost!

Electric service is one thing you are buying today at a lower average cost than ten years ago. Sure your total electric bill may be bigger than it used to be—but stop and look. Count all the extra jobs you have been using electricity for (air conditioning, cooking, water heating, television, etc.) and you'll realize how much more electricity, per KWH,* has been reduced.

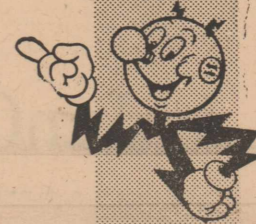

Reddy Kilowatt, your dependable electric servant says, "Electricity costs so little—you can use lots of it."

CHEVELLE! by Chevrolet

One of the things you'll like best about it is 11 models to choose from.

MALIBU S.S. SERIES	MALIBU SERIES	300 SERIES
These two Super Sport models are Chevelle's finest. Front bucket seats, door-to-door carpeting and an all-vinyl interior in seven colors. A wide choice of transmissions and extra-cost high-performance engines. Plus a whole host of other options.	Chevelle's middle-of-the-line series, the Malibu, retains many features found in the two Super Sport models. Like all Chevilles, it's a good foot shorter than big cars, making it easy to park and handle. Yet inside it's surprisingly spacious and comfortable.	Chevelle's most economical series—but don't let its gentle price tag fool you. The 300 has all Chevrolet's traditional value and reliability. Full Coil suspension. Body by Fisher. Flush-and-dry rocker panels. Your Chevy dealer will tell you all the rest.
