VOLUME 58

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, FEBRUARY 20, 1964

TEN CENTS PER COPY

NUMBER 13

The Major Domo of Best Maid Products, Inc., Fort Worth, Garland Dalton, informed Bob Harrison that he would like to see at least 100 acres in Knox City planted in cucumbers and was waiting a few more days to see if anyone was interested in giving them a try.

Things are slow now and they can get slower if we don't try something to increase interest and sales and keep down fear. February is always a bad business month and March usually starts picking up for another let down during the summer.

One contemporary asked the readers what they would do if they suddenly awakened to the fact their town had no newspaper. Needless to say when that happens, there isn't much left of a town. Old timers in Knox City will probably recall when that happened here some years ago.

All-in-all there is more money in the bank than ever before, so that's why you and I don't have any of it.

Our high school kids get our vote as the "Super Salesmen" for they have sold just about everything imaginable to raise money for the annual king and queen contest.

Over the week end we bought cakes, made contributions, gave paper, was charged \$1.00 for a cup of coffee and 20 cents for day old or week-old doughnuts, and heaven knows where it will all stop. Thank goodness the contests will be over Saturday and the school and town will again get back to normal.

The kids, all of them from Freshman to Seniors have worked like Trojans to raise funds for their respective classes.

Atty. Joe Reeder told us a new story the other day. A friend asked him if he had heard a certain story. He admitted that he hadn't heard a word about it. "Why the whole town is talking about it," he was told. "How do you know this is true?" Joe asked. "Because I've told everyone in town," Bill Sams replied.

Received a letter from Billie Barber this week re-subscribing to the Herald, and she dropped this few lines: "Hope the paper, you and everyone in Knox City are doing fine."

"We are now enjoying cold, but beautiful weather — which was due because we had eight weeks of thick, heavy fog. Visibility ranged from a few feet to zero! Lasting for that long was very unusual, for our area. "Thanks for your time—and for sending the paper."

Billie lives in Oildale, Calif., and she hasn't lived in California long enough yet to tell yarns about the "beautiful weather." We didn't live there that long either, and thanks to you for the letter and check.

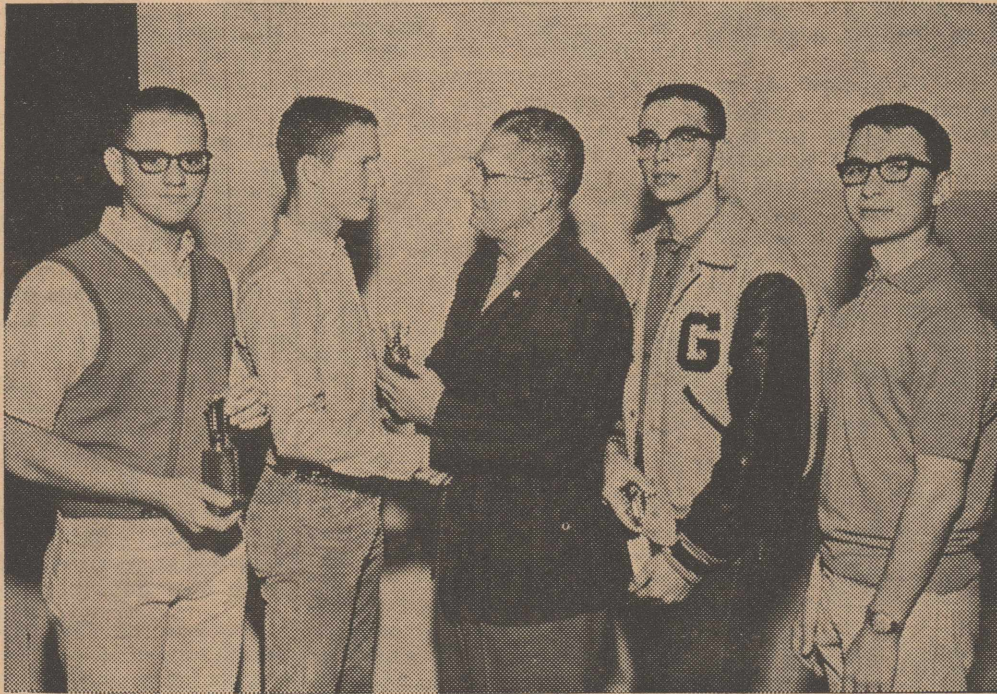

People between the ages of 21 and 60 and who did not pay their poll tax this year, can receive a free voting poll from the tax assessor-collector's office — and they must do so before March 6, 1964.

This poll will permit those who receive it to vote for men in national politics only, such as president, congress and the senate, and all offices in the state must still have a paid poll tax receipt.

We understand there will be two ballots this year—one in the regular manner and another one with out of state offices on it for those who failed to pay a poll tax but who registered for one in order to vote in national elections.

### RETURNS HOME

Mr. and Mrs. N. L. McHam have returned from two weeks spent in Corpus Christi, Brownsville and other parts of south Texas.

CONSERVATION WINNERS from Munday — Pictured are the winners in the Wichita-Brazos Soil Conservation District essay contest. From left, Eddie Littlefield, second; Terry Leflar, first; Omar Cure who presented the awards; Tommy Claude, third and Dickie Patterson, honorable mention. Trophies were furnished by Knox Prairie Seeds, Inc., of Munday. District supervisors are, Jack Idol, Benjamin, chairman; L. D. Offutt, Henry Smith, Emil Navaratil and H. D. Gammill. ## Wichita-Brazos Supervisors Select Munday Youths Winners In Contest

During their February Board meeting, supervisors of the Wichita Brazos Soil Conservation District selected winners in a local essay contest. The contest was jointly sponsored by the Wichita Brazos Soil Conservation District and Knox Prairie Seed of Munday. Three winners and an honorable mention were selected from some 30 entries.

Any school student up to age 18 was eligible to participate in the contest. All entries will be entered in the state contest sponsored by the Fort Worth Press. Title for this year's contest was "Youths Role in Conservation."

The Awards program was presented during an assembly program at the Munday high school auditorium. L. D. Offutt, district supervisor from Munday, presented a talk on Soil Conservation Districts and the District program.

Arche Lieb, work unit conservationist for the Soil Conservation Service, talked about soil conservation and opportunities for young people in the field of soil conservation.

Omar Cure, manager for Knox Prairie Seed, presented trophies to first place winner, Terry Leflar of Munday, second place winner Eddie Littlefield of Munday and third place winner Tommy Claude of Goree.

Honorable mention went to Dick Patterson of Munday. Each winner read his essay after the presentation. Also attending the Awards Program was Emil Navratil, District Supervisor from Gilliland, and Co. Agent Joe Doby of Benjamin.

## Fire Department Has Banquet

Rev. Jarrel Sharp, pastor of the First Methodist Church, spoke to the Knox City Volunteer Fire Department at their annual banquet in the City Cafe Saturday night.

Rev. Sharp issued to all the challenge "that we accept the responsibility of life." His opening comments concerned the humor found in a young minister's life.

Rev. Sharp was preceded on the program by a girls quintet consisting of Kay Reeves, Linda Reed, Belle Burnett, Glenda Cox, Paula Myers, with Mrs. Pauline Myers accompanying the group at the piano. The quintet presented a variety of songs.

President Willie Collins introduced guests, including their wives, Mayor Buddy Angle, City Aldermen, City Secretary John Robinson, Mascot Tony Land, and Otis Harbert.

Pres. Collins reviewed last year's officers and introduced the new officers. Seventy members and guests were served a family style meal.

## Contests Drawing To Close In School King-Queen Races

In a contest between classes, the King and Queen of Knox City High will be crowned on the stage after the Children's Talent Show. At the present time the Freshman class is leading the contest.

Senior candidates are Jinx Reeder and Bob Harris. Junior candidates are Kay Reeves and Jim Tankersley.

Sophomore candidates are Linda Hill and Glenn Davis. Freshman candidates are Susan Reese and Anthony Logsdon.

Entry blanks for the talent show will be presented Saturday will not be accepted later than Friday night, Feb. 21.

The participants should return the entry blank even though they do not plan to attend the Friday night practice session.

This will allow time for a program to be planned to distribute the different types of numbers, it was announced.

Judges from out of town will select three winners in each division and cash prizes will be awarded. Music will be furnished by the Dixieland Band. Time of the show will be 7:00 p.m.

## Volunteer Firemen Receive Trophy

The Knox City Volunteer Fire Department at its bi-monthly meeting Thursday night received the first place trophy from Seymour for a two-man hook-up race.

Competition was held in Seymour last fall. The team from Knox City consisted of Rastus Pack and Jimmy Huntsman.

## Saturday Noon Is Limit For Penning Or Chaining Pets

Constable Leroy Davis said he and other law enforcement agencies planned to enforce the state law concerning dogs running loose by noon Saturday.

Davis said he had been swamped with calls from irate teachers and citizens concerning the stray dogs at school.

"I am afraid some of our children are going to be hurt," the constable said.

He said dogs should be vaccinated, have a collar and tags and be either penned or chained.

Those not in this category will be disposed of, the constable warned.

"Noon Saturday is the deadline, and we will then start picking up the strays," Davis concluded.

## Dickie Makes Ace On Fort Worth Green

Dickie Goodson made an ace at the Sycamore Golf Course in Fort Worth last Saturday. It was a 175 yard hole and he was using a three iron.

Dickie, a former Knox City resident, is employed as a draftsman for the Civil Service Soil Conservation in Fort Worth. His wife is the former Wynette Graham.

## Proposed Cotton Legislation--

Under Secretary of Agriculture Charles S. Murphy in testimony before the Senate Committee on Agriculture and Forestry today recommended the Cotton Bill passed by the House but amended as proposed by a recently organized Producers Committee to provide a Domestic Allotment-Choice Program. The Department urges enactment in time to apply to the 1964 cotton crop.

"This proposal would not interfere with the operation of the release and reapportionment system," Under Secretary Murphy stated. "At the same time, it would accomplish the necessary reduction in surplus stocks. This makes it unnecessary, therefore, to give further consideration to an acreage diversion plan for the 1964 crop."

Mr. Murphy said the program would: 1. Eliminate the inequity of the two-price system. 2. Enable cotton to compete more effectively with other fibers, by reducing the price of cotton to domestic mills. 3. Reduce government expenditures in fiscal year 1965 by \$160 million as compared with present law.

4. Reduce surplus cotton stocks by 2.4 million bales in 1964-65 and 1.5 million bales in each of the next two years.

5. Maintain producer income — Not as well as we would like but as well as possible under any plan which is workable and supportable." Alternative uses of cotton acreage would more than make up for the reduction in gross income from cotton.

## Hounds In Bi-Dist. Win Over Goree

Knox City, hitting on a sizzling 55 per cent in the first half broke open a close game in the second quarter and waltzed to a 76-47 District 13-B playoff victory over Goree here Tuesday night. The two teams had tied for the championship and brought about the sudden death.

The victory thus sends the Greyhounds into the bi-district against the 14-B champion, either Rochester or Old Glory.

Trailing 18-15 at the end of the quarter, Knox City broke away to a 41-26 halftime lead and was never threatened in nailing down its 18th win against six losses.

Roger Vassar hit 23 and Brack Shaver added 20 to the Knox City cause. Terry Patterson hit 16 to lead the Goree team.

At press time Wednesday, a game was scheduled for the boys to play Megargle at Megargle, tonight (Thursday), but a game for the girls was not cinched.

Old Glory and Rochester will vie for championship honors of District 14-B here in Knox City gym Friday night. Knox City will play the winner in this match some time next week.

## Brownies Honor Dads At Banquet

Fathers of Brownie, Junior, and Cadette Girl Scouts were honored with a Valentine Banquet February 14 at the Methodist Fellowship Hall.

Tables, center lined with valentines, were made more colorful by the hand-decorated boxes filled with food. The invocation was given by Mary Jo Campbell.

After the supper, Roma Sue Egenbacher acted as mistress of ceremonies for the program. The Cadette Troop presented a farce operetta. A flag ceremony was given by the Junior Troop. The program was concluded with the singing of several numbers by the Brownie Troop.

Ninety six persons attended the banquet. Leaders of the Girl Scout Troops are Mesdames Herbert Bellinghausen, Bill Grimsley, Robert Ferrier, Jack Stubbs, Bruce Campbell Jr., and Don Railsback.

that would result from the Domestic Allotment Choice.

The Producers Committee has proposed for the crops of 1964 through 1967 a voluntary domestic acreage allotment within the present National acreage allotment. The Domestic acreage allotment would reflect estimated domestic consumption and would be about two-thirds of effective farm allotments established under current legislation H. R. 6196. Producers who choose to plant within the domestic allotment would receive a higher rate of price support not in excess of 15 per cent above the basic support rate on normal production of the average planted to cotton. The higher supports would be effected through the use of accumulated CCC stocks. Producers who plant on the basis of a domestic allotment would maintain their farm acreage history as under present law. To protect the income of small producers, the domestic allotment for small cotton farms would be established as the smaller of 10 acres or the basic allotment. Small producers would receive the higher support without a reduction in acres.

"Not as well as we would like but as well as possible under any plan which is workable and supportable." Alternative uses of cotton acreage would more than make up for the reduction in gross income from cotton.

4. Reduce surplus cotton stocks by 2.4 million bales in 1964-65 and 1.5 million bales in each of the next two years.

5. Maintain producer income — Not as well as we would like but as well as possible under any plan which is workable and supportable." Alternative uses of cotton acreage would more than make up for the reduction in gross income from cotton.

## J. P. Tolson Makes Announcement For Tax Collector

J. P. "Buster" Tolson of Benjamin had the following to say to the voters of Knox County:

"To you, the voters of Knox County, may I say it is a pleasure to me, to seek this position as tax assessor-collector.

"I have for so many years known and lived among the voters in our county, that I feel you will be assured that I am aware of the importance of this office, and will make every endeavor to perform according to your expectations, the duties of a public official.

To the voters whom I have not had the pleasure of meeting, I will make every effort to contact you prior to the primary election.

"I seek your vote and support in the coming months, and do here publically promise my every service and consideration to your benefit.

"Your vote and influence will be greatly appreciated." J. P. "Buster" Tolson.

## Methodist Church Set Date For VBS

The Commission on Education, of the First Methodist Church in its meeting Thursday, February 13, set the following dates for its summer program: June 4-12 is the date set for the Vacation Church School for boys and girls ages 4 through 12; June 29 through July 3rd as the Stamford District Junior Camp for boys and girls who have completed the 4th, 5th and 6th grades in public school; and July 13-17 for day camping for boys and girls who have completed third through sixth grades in public school.

The Commission on Education also set a workshop for April 15 from 9 a.m. until 3:00 p.m. with Mrs. Virgil Patterson of Merkel as guest instructor. ### Streams In Desert Places

Ozelle Stephens

God is ever present, not only in time of trouble, but every instant. The time in which we live has been called the "Era of Instant every thing," from instant TV dinners, instant coffee and tea. The Tel-star gives instant communication, computers give us instant thinking—grocery stores are full of packages marked, "Open and serve," the TV gives us live programs enabling us to hear and see the world instantly. The telephone makes it possible to talk to folks the world around, and etc.

This is so nice but the most wonderful thing is that many Scriptures indicate that much good is immediately available if we have sufficient faith in its availability. Jesus teachings were active now, not later.

"The Kingdom of Heaven is at hand." "And Blessed are the poor in spirit: for theirs is the Kingdom of Heaven."

"It's already prepared for you from the foundation of the world." (Mat. 25:34).

There are many more which we will be using for our thinking.

**IT'S THE LAW in Texas**

**BUILDING YOUR HOME**

When you are ready to build, you will find that the law helps in many ways to make your home enjoyable and secure.

Have you decided on the type house you want and the amount you want to spend? If so, then let's go into details!

1. Your lot: Junior's school and your church may be nearby, but find out—

(a) Whether they are planning to run a highway through the area or nearby, or make any improvement for which you can be assessed.

(b) What "Covenants" or restrictions run with the land? To protect residents, the plats or basic deeds of some neighborhoods call on you to build a certain size or type of house. Do you want to and can you afford to?

(c) Easements. Either you or your neighbors may need to run

pipes, or string wires over each other's land or to share a driveway. Have the abstract checked carefully to disclose any easements.

2. Zoning Ordinances: For your protection the local government frequently zones some areas, for example, for single houses only, for multiple dwellings; for rental stores, for manufacturing, etc.

Unless the local governing body changes its zoning ordinance, no filling station, for instance, could go up next to you a residential area. Neither could you turn your home into a store. In any case, you should find out what your neighborhood zoning rules are.

3. Building Codes: Be certain the plans and construction will meet the requirements of the local building code as to size, location and structure. Municipal ordinances usually impose strict standards for the building, the plumbing and the electrical wiring. In many cases only licensed building tradesmen are permitted to make the installations.

4. Financing: Financing contracts protect both you and the lender. Unless you pay cash, you will use credit to pay for your house, most likely a deed of trust or a land contract. Your installments often include principal, interest, insurance and taxes. Under a land contract the lender holds title to your house until you pay for it. If you fall behind, the holder can take the house back. With a deed of trust, the lender has a lien which he can foreclose if you default. You may get some of your money back on the principal; but you may also have to make up any loss the lender makes in re-selling the house.

Well worked-out contracts can help make your dream house come true. A construction contract or a so-called "earnest-money" agreement or receipt is no job for an amateur. Too many legal details are involved. Your lawyer is trained by education and experience to protect your best interests in contracting and closing real estate deals.

You know what you want. You should be careful to get what you want through careful planning and a properly prepared and executed contract.

**Eastern Star Has Special Meeting**

The Order of the Eastern Star had a special meeting Monday, Feb. 17, at 7:30 p.m. in the Masonic Hall.

The Worthy Matron, Mrs. Joe Roy Smith, introduced the Deputy Grand Matron, Mrs. J. D. Gipson of Haskell, who was appointed by the Worthy Grand Matron, Mrs. Grady Goodpasture of Brownfield, last October.

She attends each chapter and gives instruction on the work of the order.

After the instructions, Mrs. S. W. Stephens presented her with a gift and Mrs. Jeff Graham gave a reading, "Our Lovely Friend."

Each officer had invited a special guest from another chapter, and during the friendship program, a gift was presented to them.

Group singing was led by Mrs. J. C. McGee.

Guests attending were from Haskell, Rule, Munday, Rochester, and Lubbock.

The 60 members and guests were served cherry pie and coffee from a table decorated with a cherry tree and hatchets, in the George Washington theme.

Hostesses were, Mmes. John Egenbacher, Sterling Lewis, Jack Fisher, Vernon Bridges and Anna Mae Redwine.

Previous to the meeting a salad supper was held in the home of Mrs. Joe Roy Smith.

slight variance in facts may change the application of the law.)

**Band Booster Club Honored With Party**

The Band Booster Club honored the High School Band members with a Valentine Banquet Thursday, February 13 at the school cafeteria.

Tables for the banquet were centered with exotic bouquets of long-stemmed roses in shades of red and pink. Each bouquet was flanked by glittered tapers. Single rose-buds were placed on the Valentine programs.

James Hopkins, senior student and band president, was master of ceremonies for the occasion. The invocation was given by Mack Standlee.

Entertainment was provided by the Dixieland Band and the Harmonettes. Mrs. Kenneth Myers is director of the Harmonettes. Members are Jan Sutton, Kay Reeves, Linda Reed, Belle Burnett, Paula Myers, and Glenda Cox.

The award for most valuable student was given to James Hopkins. The Band Booster Club presented gifts to Mrs. Paul Hoge, president, and to Band Director Norman Arnett.

Special guests attending were Supt. and Mrs. E. A. Youngblood, Mrs. Norman Arnett, Paul Hoge, and Jimmy Dutton.

## PATTERNS FOR PROGRESS

## TOURISM ... its value to you

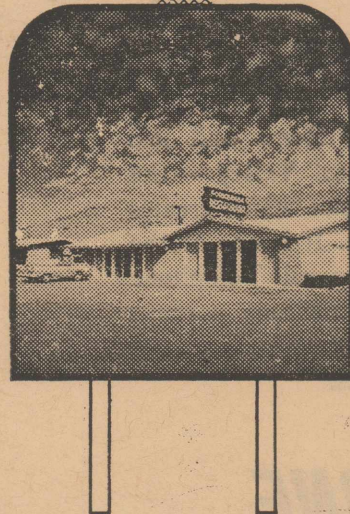

America is on the road ... going places ... seeing things. Texas had 9.6 million out-of-state visitors in 1963 who spent \$471 million plus \$25 million in direct state taxes. As an example in WTU territory, more than 100,000 last year visited Big Bend National Park (pictured above).

A mere eight tourist cars a day that stop in a community is the equivalent of an added \$100,000 annual payroll. Travel and tourism in Texas will grow even faster because of vastly increasing tourist promotion on both the state and local level. This makes tourism of value to every community in the WTU service area, and one of our major economic factors.

Many communities are benefiting from tourism as one of the important PATTERNS FOR PROGRESS. These communities are:

1. Developing tourist attractions (even a rodeo or county fair is a "tourist attraction").
2. Building facilities to care for tourists and other travelers no matter where they are headed (Alpine's Ponderosa Restaurant, pictured left, is one of many such facilities).
3. Creating facilities for the growing number of business and family non-vacationing travelers who fill the highways day after day.

That is why we suggest that you evaluate the importance of tourism to you, and consider seriously how your community can benefit from it.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN—It used to be the dogwood blooms which set off politics in Texas. But the Legislature changed that when it moved primaries to May and June.

So, Texas candidates are losing no time in getting down to roughhouse campaigning.

Gov. John Connally and his rival for the Democratic nomination, Don Yarborough, spoke to the AFL-CIO Committee on Political Education, but neither asked for endorsement.

Labor made no endorsements in races for state offices. Instead, it centered its interest on Washington. It gave strong support to President Lyndon Johnson and Senator Ralph W. Yarborough and to the re-election of Texas Congressmen who support the Johnson program. It urged union members to help defeat Congressmen who do not support the LBJ administration.

Republican candidate for U. S. Senate George Bush complained that COPE failed to invite Republicans to its meeting.

John Van Cronkhite of Dallas announced his withdrawal from the Senate race after what he called "unbelievable pressure." But Gordon McLendon, conservative Democrat, said he was in the race "as solid as a grand piano set in concrete."

Former District Attorney Dan Sullivan of Andrews provided the upset of the session. COPE leaders recommended that the group support former Sen. Robert W. Baker of Houston for the statewide Congressional seat now held by Rep. Joe Pool. Sullivan made a speech that sold many delegates, and when it came to a showdown, the roll call vote was 139-139. As a result, COPE endorsed no one for the place.

**PETTICOAT POLITICIANS**—A look at the roster of Democratic candidates for the legislature shows 404 contestants for 150 seats in the House of Representatives, with 13 of these women. And three women are among the 83 House candidates on the Republican side of the ledger.

Two of the 16 female candidates are incumbents — Miss Maud Isaacks of El Paso and Mrs. Myra Banfield of Rosenberg.

Texas also boasts a woman state senator, Mrs. Neville Colson of Navasota. She is a veteran with 24 years' service in the House and Senate. However,

Senator Colson drew a four-year term last year and is not up for re-election.

History shows that women have had scant success in state elections. One notable exception is the late Miriam A. Ferguson, governor of the state from 1925 to 1927 and from 1933 to 1935.

Whether their luck will be better in legislative races in 1964—a leap year—remains to be seen. It may be significant to note that as of January, 1964, the number of Texas women aged 21 and over was estimated to be a little more than 3,000,000, while their male counterparts were estimated to number less than 3,000,000.

**FREE VOTER REGISTRATION CONTINUES**—Registration of voters who want to qualify for free votes in federal elections will continue through March 7. County tax collectors are issuing the free receipts which may be obtained by direct personal or mail application.

Holdings of the free registrations cannot vote in state or local races, in constitutional amendment or bond elections—only for president, vice president, U. S. senator, U. S. representative and congressman-at-large.

State attorneys emphasize, however, that the free registration receipts are good for primary elections, the November general election and any special election involving federal offices during the coming year. In other words, those who have them can vote in their party, primary for senator, congressman and congressman-at-large or in any special election for these offices, as well as the general election.

Voters over 60 in cities of 10,000 or more population who did not get their poll tax exemptions before the January 31 deadline cannot qualify for special registration. Over-age voters in smaller cities need no certificate of any kind.

**RECORD VOTE PREDICTED**—Although the official compilation of poll tax payments and exemption certificates is not due from State Comptroller Robert Calvert until the first of April, many county tax assessor-collectors have stated they expect the number of qualified voters to exceed 1960's 2,594,000.

This prediction does not take into account registrations of those voters who cast ballots in federal races only. Registration for federal certificates seems to be going slow, but poll-tax registration also ran slow until the last week in January.

A statement by Pat O'Keefe, executive director of the State Democratic Committee, indicated that interest in voter registra-

tion seems lightest in rural areas.

Republican party officials have not hazarded a guess on the score, but are hoping to get 300,000 Texans to cast ballots in their May 2 primary. Total of 1962 GOP primary participants was 135,000.

**EMPLOYMENT**—Statistics just released by the Texas Employment Commission show that the employment figure for December was a record high for an increase of 26,500 over non-farm employees . . . 3,305,600 November.

This figure was 67,600 above the jobholder total for December, 1962.

**FARM AND RANCH notes**—A team of Extension Specialists will present a program on cotton production Wednesday night, Feb. 26, at the Sunset School. The meeting will begin at 7:30 p.m.

The group will be headed by Fred Elliott, Cotton Specialist, well-known all over Texas for his work on the state's number one cash crop. B. G. Reeves, cotton ginning and mechanization specialist and Dr. R. W. Berry, plant pathologist will also be on the program.

Fred will cover cultural practices—irrigation, fertilization, weed control and varieties.

B. G. Reeves' talk will cover the harvesting and ginning of cotton for highest quality. Dr. Berry will cover cotton diseases, symptoms and control.

Mrs. Ned Eiland, Munday, coordinator for the Medical Self-Help Training program, has announced the course will begin Monday night, March 2. This course is being brought here at the request of the Program Building committee. It is based on the fact that in a national disaster, doctors will not be available for the majority of people. They will have to make out as best they can. This series of lessons attempts to provide for that.

The course will be taught in Munday, Knox City and either

Benjamin, Vera, Truscott or Gililand on the same nights.

Classes will be held March 2, 3, 9, 10 and 16. The same person will teach the same lessons at all three locations.

The eleven topics to be taught are Radioactive Fallout and Shelter, Healthful Living in Emergencies, Artificial Respiration, Bleeding and Bandaging, Fractures and Splinting, Transportation of the Injured, Burns, Shock, Nursing Care of the Sick and Injured, Infant and Child Care and Emergency Childbirth. Each person who attends will receive a hand book covering this material to keep as reference.

A new disease resistant, high yielding variety of guar has been released by the Texas and Oklahoma agricultural experiment stations and the U. S. Department of Agriculture.

The variety, known as Brooks, is resistant to bacterial blight and Alternaria leaf spot, the principal diseases of guar. It is well adapted to guar growing areas and in 1962 and 1963 tests averaged 1,283 pounds of seed to the acre, or 431 pounds more than the average commercial variety. But even where no disease was present, Brooks produced about 9 per cent higher yields.

Brooks guar originated from a progeny of a single plant selection in a field of Grochler guar in 1959 in Iowa Park. It can be easily distinguished from Grochler and Tessel guar by its branching habit of growth and by the absence of hairs on the stems, leaflets and pods. Pods of Brooks set higher from the ground than those of the other two and thus harvest losses should be lower.

The seed of Brooks are similar in size to those of Grochler and Tessel. Certified seed for general farm planting is expected to be available following the 1964 harvest, but a small supply of foundation seed is available for planting now. Interested seed producers should contact the Foundation Seed Section, Texas A&M University.

The new variety of guar bears the name of the long time superintendent of the Iowa Park Experiment Station, Leater E. Brooks. He has worked with guar in Texas for about 35 years, and selected the original plant from which the Brooks variety was propagated.

The entire crop of seed of this new variety was produced last year on the farm of H. H. Partridge, near Munday.
