was enforcement.  
Kenneth Crownover made a motion seconded by Paul Clayton that the city call for a city election April 7.  
Mayor Angle said he had appointed Otis Harbert as election judge for that day.  
The council also recommended that the city jail be cleaned up and that it be kept in that fashion.  
Paul Clayton made a motion, seconded by Kenneth Crownover, that the office of City Judge be made an appointive one instead of an elected office. Also that the Mayor make the appointment with the approval of the council.  
All voted in favor of the motion.  
Clayton made the following recommendations to the city:  
"Appoint Mr. Joe Reeder of Knox City as our City Attorney to be placed on a retainer basis at a fee of \$50. per month and will expect this to be increased in the event Mr. Reeder should have to spend time in preparation and execution of a court case. The City Police Chief will work as closely as possible with Mr. Reeder on all matters of legality. It is strongly recommended that the Police Chief consult Mr. Reeder whenever the Chief has any doubts concerning the execution of his job. The Police Chief will abide by the advice he receives from Mr. Reeder, as well as the council members."  
Clayton said the Attorney would meet with them later.  
Asked if this was in the form of a motion Clayton said "yes."  
He said he thought the city was in dire need of an attorney and explained that it was his opinion much embarrassment and money could be saved the taxpayers if an attorney's advice was followed.  
A. T. Holcomb seconded the motion to appoint Joe Reeder the city Attorney and all voted in favor of the motion.  
Motion was made by Paul Clayton and seconded by Monty Penman to raise Ferrier Bros water rate from a flat \$7.00 per month to \$20 per month.  
Clayton, Penman, and Holcomb voted for and Kenneth Crownover voted against the motion.  
Last on Clayton's list was that the city set a definite price on grave spaces in the cemetery.  
He recommended that all prior City Ordinances be changed to reflect the prices. The price of a single grave in the old cemetery be \$12.50 and that the price

The council would like the opinions of the townspeople on this issue before they come to a decision, they said.

**WTU To Pass Savings To Users**

Savings resulting from the reduction in Federal income taxes will be passed on to West Texas Utilities customers according to plans for system-wide rate reductions announced today.  
These reductions in rates will save customers about \$1 million annually, approximately 2.8 per cent at this time. Savings will be even greater as electric sales grow.  
Guy Glenn, WTU local manager announced that the Company plans to pass on the full benefits of the tax reduction which it will receive under the new tax law. Under the new law the income tax on corporations will be reduced in two steps of 2 per cent each. The corporate income tax will go from 52 per cent to 50 per cent in 1964 and from 50 per cent to 48 per cent in 1965.  
"We are giving customers the benefit of both the tax reduction already established for 1964 and the tax reduction scheduled for 1965," Cal Young, WTU president said. "Passing this tax savings on to customers in the form of rate reductions will simply leave the company with the same rate of return it has been earning."  
"Such system-wide rate reductions require extensive study," Young continued. "In addition, after the new rates are designed, considerable work will have to be done to adjust our IBM computer billing procedures to these new rates." Young added. "We expect to have the new rate in effect by mid-summer—probably July or August. Prior to the time the rates are placed in effect, they must be approved by each incorporated city."  
"WTU has a unique record for any industry . . . one which we are very proud," Young said. "WTU has never raised a rate. Through the years we have consistently reduced the cost of service as plant efficiency and improved operations, together with increased customer usage permitted. This planned rate reduction is a continuation of the long-established policy."  
WTU supplies electric service for Knox City and 165 other West Texas towns and communities in 50 counties extending from the Red River to the Rio Grande.

COUNTY AGRICULTURAL AGENT

The medical self-help program is under way in Knox County. This course consists of 11 different subjects taught in five meetings. It is essentially a first aid course but with emphasis on times such as national disaster when doctors will be unavailable for long periods of time. The course is being held at three places in the county simultaneously.  
The lessons are being staggered so the same instructors can teach at all three places. The remaining meeting nights are March 9, 10, and 16. The Monday meeting scheduled for March 9, will be held March 12 instead.

The 4-H Council met at Benjamin on Feb. 24. The meeting was presided over by Frances Reneau, council co-vice chairman. The date for the county Share-the-Fun contest was set for March 20 with the place to be selected by a committee appointed by the chairman. The members also voted to have King and Queen contest again this year. Each club will elect a King and Queen and solicit votes at a penny a vote. The council will receive half the money with the club keeping the other half.  
The date for the County elimination contest was set. April 4, to be held in Munday at 1:30 p.m. The rifle contest will be held that morning at the cliffs along the Brazos River north of Rhineland. The tractor operators contest will be held Saturday, April 11, at 9 a.m. with the place to be selected later.  
District 4-H Elimination contests will be held Saturday, May 2, at Midwestern University in Wichita Falls.  
Farmers still have until approximately March 15, to topdress their small grain with nitrogen. The greatest need of the small grain plant for nitrogen begins with the jointing stage and ends with the soft dough stage.  
Since the effects of nitrogen will show in a week or less, this still gives time to apply it by March 15, and be certain of receiving the most benefit. Be sure to leave a check strip in your fields so you can see for yourself whether it will pay or not.

**IN NAVAL TRAINING**  
Ronald Gene Bruce, son of Mr. and Mrs. Elmer Bruce of Munday, left Sunday, Feb. 24 for the U S Naval Training Center in San Diego, Calif., for ten weeks of recruit training. He is in the Naval Reserve. His wife and son will remain in Munday with her parents until he is stationed.

**Historical Survey Committee Has Regular Meeting**

The Knox County Historical Survey Committee met in the Courthouse in Benjamin, March 3, at 2 p.m. for the regular monthly meeting. Mrs. H. A. Smith of Truscott, presided for the business session.  
Reports from the area meeting of the Central West Texas Historical Society held in Abilene recently were given by those attending.  
Plans were made to continue the marking of Civil War Veteran's graves in the county, also to start plans for marking several buildings that will qualify for historical markers.  
The group also voted to observe "Texas in the Civil War Week" April 20 to 26 by asking the two newspapers in the county to publish a series of articles beginning in March on the participation of Texans in the Civil War. One high school boy from Knox City is entering the poster contest in this observance.  
The Pioneer Tea which will be held in Benjamin on March 22 in the school building will honor all the people in the county who have had a part in the settlement and development of the county.  
A program of talks and music is being planned and refreshments will be served to all. The public is invited to attend.  
Officers elected for next year are: Mrs. C. C. Hoge, Knox City, president; Mrs. Jack Brown of Truscott, vice president; Mrs. M. Almonroe, Munday, secretary-treasurer.  
Community chairmen are: Mrs. W. M. Taylor, Goree; Mrs. Hewitt Simmons, Gilliland; Mrs. J. D. Jeffcoat, Vera; Mrs. Earl Sams, Mrs. Allie Moorhouse both of Benjamin; Mrs. E. R. Carpenter, Mrs. E. F. Branton and Mrs. B. B. Campbell, all of Knox City; Mrs. J. M. Chowning, Mrs. H. A. Smith, Truscott; and Mrs. Marvin Reeves and Mrs. Effie Alexander of Munday.  
Visitors present were Mrs. Farrington, Munday and Mrs. John A. Smith, Knox City.

## Streams In Desert Places

Ozelle Stephens

Continuing our thinking on the goodness of God, all around us we see in nature the beauty and strength that is efficient to produce for us much good. The choice is ours, but it involves our seeing only the good. More good comes only as we are aware of the good that we already have. We are prone to think chiefly in terms of what we feel is lacking. Such thinking is bound to result in more lack.

If we could believe God for what we have need of, as we believe the food we eat to sustain our bodies with strength how easy it would come. Nothing can stop the instant, constant and immediate flow of God's goodness to us. It is forever flowing and comes to us as we believe.

God told Moses His name was "I AM". Examine your expectations, do you feel that your instant good is too good to be true?

To them who love God, all things work together for good.

God is instantly available, and this truth is subject to no limitations or restrictions. You can have it as confidently as you help yourself to a cup of instant tea.

It is yours for the taking. You do not have to make it true, God has already done that. TRUST HIM.

## Food-Nutrition Meetings Planned

The Key to Food Management will be the subject of the second in a series of food and nutrition meetings which is to be held March 11 at 2 p.m. in the Knights of Columbus Hall in Rhineland.

Mrs. H. A. Reeves, of Gilliland, Mrs. J. E. Stover and her Benjamin Homemaking girls will present the program.

This series of programs is being sponsored by the Knox Co. Subcommittee on Food and Nutrition of which Mrs. A. J. Navaratil is chairman.

Dr. Marie Wilmeth, head of the Department of Home Economics at Abilene Christian College, was the featured speaker for the first of this series of programs which was given in Munday recently.

Homebakers and girls from three counties heard Dr. Wilmeth discuss meal planning and emphasize the psychological factors to be considered in selecting and combining the family foods. The two scheduled for April will cover food buying and table appointments.

### Truscott News

By MRS. H. A. SMITH

AUSTIN—Courts are making the news these days.

Texas Supreme Court will hear arguments in an important test case which will determine whether holders of paid political offices can run for the Legislature during their present elective or appointive terms.

Truman P. Kirk, Abilene lawyer and legislative candidate, is trying to keep 104th Dist. Atty. Tom Todd off the Democratic ballot. Todd's terms as D. A. runs through December 31, although he has resigned effective November 1.

Present office holder is Rep. Allen Glenn of Abilene.

Court's decision will affect many local officeholders over the state similarly seeking legislative places this year.

In earlier action the State Supreme Court lost little time in polishing off an attempt to ban, from jury service, all who saw telecasts of the shooting of Lee Harvey Oswald.

High court refused a request, by Jack Ruby's attorneys, for permission to file a petition for mandamus to force Dallas Trial Judge Joe B. Brown to accept two televiewers as defense witnesses.

A day later the Court turned down another motion for leave to file a mandamus pleading. This was from Leroy Roach of Brownwood. Roach has tried unsuccessfully to get his name on the 64th District ballot as a legislative candidate. Area includes Brown, Coleman, Comanche and Runnels Counties.

Roach's application arrived after the filing deadline, and was not sent by registered or certified mail. So the Democratic county chairman rejected it. James M. Bushnell, convicted of robbery in Orange County

nearly 20 years ago, finally won a new trial. Court of Criminal Appeals said he was entitled to one under the recent U. S. Supreme Court ruling that every indigent person charged with a felony must have a court appointed attorney. Bushnell had no lawyer at the original trial.

**PARTY LEADERS TO MEET**—Both Democratic and Republican state executive committees will hold meetings here on March 9.

Required business is certifying candidates for statewide primary ballots, selection of party convention sites and the place of May 12 meetings to canvass the May 2 vote.

Scene-stealer at the Republican meeting, however, is the decision on whether (and how) to hold a presidential straw vote in connection with the first primary. The GOP will also get a look at its statewide candidates and hear an address by its only gubernatorial contender, Dallas oilman Jack Crichton.

Both party committees may see a little action, too, on a proposed liquor-by-the-drink referendum, which reportedly is getting some backing from unexpected places.

**FIRE INSURANCE** — Texas cities with low insured fire losses are to be rewarded by lower rates. State Board of Insurance has set new fire insurance rates to take effect April 1.

Property owners in cities with high insurance losses, however, will have to pay more for insurance in the year ahead.

System allows discounts as 25 per cent from regular rates for property in cities which have been successful in holding down fire losses. Cities in which high losses have been suffered are

**TOURING TEXANS** — Two Texas tourists got home from Germany with high hopes they have been successful in interesting Germans in touring Texas.

Sen. Walter Richter of Gonzales and Walter Meyer of San Antonio made the trip as official goodwill envoys. They got to Dusseldorf in time for Meyer to ride in a carnival parade in full cowboy attire. Richter said many German children wear cowboy suits, and they hope to capitalize on their interest in cowboys to perk up Texas tourist business.

**TAX PICTURE BRIGHTENS** —If U. S. Treasury Department slide rule forecasters are right, the federal income tax cut will ease the revenue raising pressure on the next Legislature.

Treasury department officials say the income tax cut will put more money in circulation, which will mean more spending—and thus more sales taxes.

Furthermore, the federal tax cut is seen by state economists as encouraging industrial construction and having "an invigorating effect" on the Texas economy in general.

Overall effect could be drastically alter the state and local tax picture in 1965.

### IT'S THE LAW in Texas

#### HISTORY OF WILLS

Courts see that your intention of "will" as to property is carried out after you die. Before then you make revoke or change it any time.

The passing of property to heirs is one of man's oldest transactions. As far back as the Egyptian, Assyrian and Jewish civilizations, we have wills written and witnessed on papyrus, clay tablets, etc. In one will an early testator left some of his property to his wife and named a guardian for his children.

The Hammurabi code (2100 B. C.) permitted a father by deed to favor his son.

Under early Roman law the head of a house could tell the patrician assembly his wishes, but later Roman law favored a written will to keep the testator's plans secret until death. It also favored having a firm record of his wishes, not resting on memory.

By 2100 A.D., England where we got our law of wills, was quite well advanced: The church courts (like our probate courts) supervised disposition of property according to a "testament" of how the testator wanted his property to go.

Church courts supervised personal property (movables like armor or personal effects); land was passed on by wills which the kind's court handled. Hence today we speak of "last will and testament" since English courts came to pass on both real and personal property, so that one

court could handle the whole estate.

English church courts had "executors" who carried out one's testament. To die "intestate" (without a testament) was almost like dying unconfessed. Sometimes the church in the interests of a man's soul could give some of the man's goods to others besides his family. Then, as now, some property had to be left to the surviving wife and children.

By the time of the American Colonies, the laws were well settled, and law courts, rather than church courts, administered and distributed estates here.

## CHEVELLE! by CHEVROLET—a great highway performer

Malibu 4-Door Sedan Malibu Super Sport Coupe  
Malibu Super Sport Convertible Chevelle 300 6-Passenger Station Wagon

### Chevelle balanced performance is best!

Passing, cornering, threading through traffic, sudden stops—Chevelle excels all around! Chevrolet's new surprise package has what it takes to meet any driving challenge: Six or V8 engines, hefty brakes, Full Coil suspension—and a trim size that makes the most of them!

Chevelle means performance aplenty—standard 120-hp Six or 195-hp V8—and optional at extra cost, a 155-hp Six, a 220-hp V8, a new 327-cu.-in. V8! But Chevelle's performance means more. Chevelle's a foot shorter than the big cars. And the space Chevelle saves in size comes off the ends, not the middle. So it rides like you want a car to ride.

Chevelle lets you choose Power-glide\*, 4-speed manual\* or 3-speed manual transmission. Knowing how people like the custom touch, we wrote out a long list of extra-cost options. Knowing all this, what's keeping you from a test drive? Certainly not your Chevrolet dealer!

\*Optional at extra cost
