

**FARM and RANCH Notes**

**JOE W. DOBY**  
COUNTY AGRICULTURAL AGENT

Knox County had the first load of hard red winter wheat in the nation's wheat growing region this year. Joe Wilson of Rhineland, brought the first load into the Myers Grain Co., elevator at Rhineland, Wednesday, May 13. It tested 62 lbs. to the bushel with moisture at 14.60 per cent.

By weekend the harvest was swinging into high gear especially in the Vera area. The yields are somewhat better than expected due to the dry year. Fertilizer has paid off for most farmers this year. We have been cutting samples from wheat fertilizer test fields this week.

When these are threshed and weighed, the information will be published.

We will have some of our experts in the field of vegetable growing and disease control work in the county Friday, May 22. Dr. Bob Berry, Plant Pathologist and Dr. Jack Kyle, Research Horticulturist from Lubbock, along with Virgil Woodfin, Iowa Park Experiment Station will be in Munday to check the Irish potato variety test plot. They will be checking for possible diseases and the progress being made by the different varieties. The plot is located on the Chalmer Hobert farm north of Munday. We plan to begin this work at 1 p.m.

They will be at the Knox Prairie Seed Office at 4 p.m. if any one has any kind of plant diseases they would like identified and treatment recommended. If you are having problems with any vegetable, these men will be glad to assist you.

Micronaire readings will be required for Upland cotton from the 1964 crop going into the loan. USDA announced on April 28 that micronaire readings will be included as additional quality factors in determining loan values for Upland cotton, beginning with the 1964 crop. The producers will be required to supply, at their expense, micronaire readings determined by USDA classing offices for each bale of the 1964 crop Upland cotton put in the loan. The fee will be six cents per bale if the reading is

**Jo Carol Dowd To Participate In Training Program**

Joe Carol Dowd of the Benjamin High School has been selected to participate in the Summer Science and Math Training Program for High Ability Secondary School Students this summer for six weeks at Southern State College in Magnolia, Arkansas.

This program is sponsored by the National Science Foundation and the award was made on the basis of her scholastic ability.

She is the daughter of Mr. and Mrs. F. R. Dowd of Benjamin.

Mr. William Trainham is the science and math teacher at Benjamin.

**VISITS IN WALL HOME**

Visiting in the home of Mr. and Mrs. H. E. Wall this week were her sister, Mrs. Florence Hammer of Houston and Joe Hammer of Venzuela, S. A.

requested at the time cotton is classed and all bales ginned by a particular gin are miked. If the mike reading is requested at a subsequent time or if the gin does not sign up to have all its bales miked, the fee will be 25 cents per bale.

A micronaire reading will be necessary before cotton can be placed in the CCC loan program. However, as far as making application for this service there is no change from last year.

The procedure will be: Cotton classing offices will send all ginners in their territory a micronaire application form. It is the responsibility of these ginners, not the producer, to make application for micronaire reading service and a charge of six cents per bale will be charged through connection with the regular free classing service just as in former years.

The following information was received from Ed Uvacek, Extension Livestock Marketing Specialist, at College Station. On January 1, 1964, there were 106.3 million head of cattle and calves reported on farms and ranches in the U. S. This record high figure represents the seventh year of buildup in cattle herds. Every indication points toward a peak on the numbers cycle next year or in 1966. After that, we can expect about a 3 year liquidation or reduction in numbers. Here in Texas our inventory count on January 1, 1964, reached 10,342 thousand head, the highest figure in history. We also have been building up numbers since 1953, but have probably reached our peak this year.

Feed cattle and calf marketing during the Jan-March quarter of 1964 were 4,059 or 11 per cent above the same period last year. Texas marketings from feedlots totaled 292 thousand head, up 13 per cent from the Jan-Mar. figure of the previous year. On April 1, 1964, there were 349 thousand head of cattle and calves on feed in Texas. Intentions are to market 240 thousand between April 1 and June 30 of this year.

Federally inspected slaughter of cattle was up 11 per cent during the first quarter of this year. At the same time hog slaughter a competing commodity, was also up four per cent. Estimates look for cattle slaughter to stay well above year earlier levels through the remainder of the year.

Calf slaughter under Federal inspection will probably be up over year ago figures during the third quarter of 1964. This will result because of the increased numbers of heavy two way feeders expected on the market at the time.

Beef and veal importations into the U. S. during the Jan.-Feb. period were 11 per cent below last year. The government of Australia has indicated that total shipments of meat to the U. S. this year will be down substantially from the 1963 level. According to an agreement made with Australia, U. S. imports will be limited to a maximum of 542 million pounds in 1964.

"Finally, my brethren be strong in the Lord, and in the power of His might. Whatsoever shall ask in my Name, that I will do. Lo, I am with you always, even unto the end of the world."

What about the victory in your life to day? Are the problems pushing you around? or are you the master of your life? Are you truly surrendered unto God seeking his will in all that you do? Or are you trying to run your life without his guidance and power? Man without God is nothing and can do nothing of himself alone. But when you obey his Word and let him guide you in all you do, he is there to help and lift you up. You will then be strong in the Lord and in the power of His might. Only then are you the master of your life.

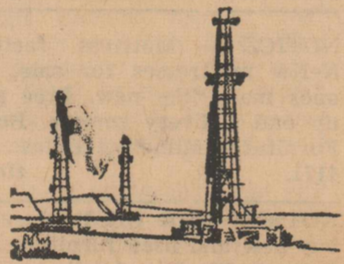

**Piano Party Held For Warren Pupils**

The younger students of Mrs. E. Q. Warren had a piano party in the Educational Building of the Methodist Church Saturday, May 16.

Sunday afternoon the older students had a program there based on a trip to the Worlds Fair.

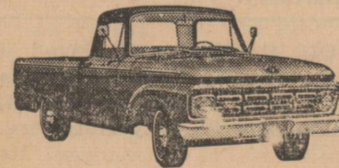

Those taking part Saturday and Sunday were:

Carece Longval, Ceissa Skiles, Jan Guinn, Chuck Markward, Diane Clonts, Doak Graham, Timi Graham, Jerri Sharp, Cheri Sharp, Betsy Ross, Lou Sargent, Paula Hill, Sammie Raybrun, Bud Hicks, Sam Tankersley, Lynn Beason, Johnny Bradberry, Pinkie Woodward and Kathy Verhalen.

**Sharpest pickup IN THE Southwest**

Smart as a station wagon inside—and as comfortable! And wait till you try Ford's new long-wheelbase ride!

From the sharp way it looks and handles, you might call our '64 F-100 Styleside an "uncovered wagon." When you see what a 128-in. wheelbase does for riding comfort, you'll want to call it yours!

In back, you'll find a strong new box with one-hand tailgate. Underneath, big-truck muscle for extra durability. Come look it over, all over!

**State Horse Show Will Be Harder To Enter This Year**

It will be somewhat harder to enter the second annual State 4-H Horse Show to be held Aug. 20-21 at Texas A&M University, than it was to compete in the first event last year.

This year each horse must have won at least one point during county competition in the same class they participate in at the statewide show, according to L. D. Wythe, Animal Husbandry Department and chairman of the show.

However, other rules from last year will still apply, he says. Boys and girls who enter the show must be active participants in 4-H, and the horse must be owned by them or their immediate family. Contestants must be at least nine years old

**O'Brien News**

MRS. SAM JOHNSTON

Mr. and Mrs. Doyle Dotsor and daughter of Houston are visiting the L. A. Covey's and his parents in Knox City.

Mr. and Mrs. Jerry Covey of San Angelo visited Mr. and Mrs. John Covey and Nelda over the week end.

Mrs. Wooten Bishop has been visiting her mother in Longview for several days.

Visiting in the J. W. English home is her mother.

Mrs. D. S. Gothard visited her mother Mrs. W. C. Whorton in Carbon over the week end and she returned home with her for a visit.

Mr. and Mrs. Sidney Joe Hester and family of Brownfield spent the week end with Roy Hester.

The W. L. Conn family spent the week end in Oklahoma.

Bill and James Dnuccan spent a few days in Weatherford this week.

The Irby Carlisle family moved to Lubbock over the weekend where Mr. Carlisle is employed.

The Vacation Bible School of the O'Brien Baptist Church got under way Monday morning at 8 a.m. There were 102 enrolled Tuesday morning. Rev. Cecil Foster is principal of the school which will last for five days.

The F.H.A. of the O'Brien High School installed officers at an installation service held in the cafeteria Tuesday night.

Diana Underwood was outgoing president with former vice president Betty Henry new president.

Diane is vice president, Carol Cox first vice president, Betty Middlebrook second vice president, Susan Vannoy third, and Carolyn Caper, fourth.

Nelda Covey is fifth vice president and Shirley Johnston secretary-treasurer. Dahlia Espinoza pianist and others were Connie Bryant, Johnette Lippard, Jill Walsworth, Gail Rowan, Roxye Day, Sandra Walling and Brenda Conn. Three girls, Carol Cox, Nelda Covey and Diane Underwood received Junior certificates from the State F. H. A.

C. H. Underwood, Joe Matura and Jimmy Johnston of South Plains Jr. College will finish their freshman year Thursday (today) and will return home.

and not older than 21 before January 1, 1964.

Each member may enter only one horse and the 4-H Club of each county may enter only one participant for each 10 members enrolled in its horse project. Also, the county agricultural agent must certify each 4-H Club member and the horse. Stallions are not allowed in the show regardless of their age, Wythe says.

**Band Officers**

**Elected For '64-'65**

Band officers for the 1964-65 school term were elected May 20 by the Knox City High School Band members.

Jim Tankersley was elected president; Martha Cox, vice president; Belle Burnett, secretary-treasurer; and Lou Perez, reporter.

In a recent try-out by three band directors from neighboring towns, Mike Glenn was selected as Drum Major for the 1964-65 school term.

**Seniors Entertained With Lake Party**

Mr. and Mrs. L. M. Reeves of Seymour entertained the seniors of Knox City with a lake party at their cabin on Lake Kemp Saturday.

Fishing, boating and skiing were enjoyed by the following: Bobby Donaldson, Pam Darr, Tom David Whitford, Martha Ford, Ronnie Ward, Jeanie Gray, K. Cornett Cyndy Johnston, Ronnie White, Colleen Averitt, David Herring, Jinx Reeder, Martha Kay Waldrip, Wanda Mincey, Linda Copeland, Louise Barnett, Bob Harris, Belle Burnett, Larry White, Ronnie Reeves, Jimmy Archer, Cheryl Melvin;

Mark Anderson, Becky Lowry, Don Reeves, Karen White, James Hopkins, Linda Wasson, Stanley Duckworth, Sue Bankston, Joe Reeder III, Melinda Bankston, M. G. Duckworth, Mrs. Herring, Mrs. Melvin, Mrs. Bob Harris, Mr. and Mrs. H. D. Bankston, Lloyd Waldrip, Joe Reeder, R. D. White, D. B. Reeves and L. M. Reeves.

**IT'S THE LAW in Texas**

**A TAX AUDIT**

More and more taxpayers are getting audited as a part of the government's revenue collection. If selected, you may well ask, "Why pick on me?"

Well, you may have made an arithmetic mistake, deducted too much, claimed a large refund compared to your income, had a big income, had too small an income. Or, you may have been picked out by chance.

There are many audits. An auditor may ask you to bring in your records to talk over your return. Often one talk is enough—Again you may have several talks before the matter is closed. You may bring your lawyer along if you like or anyone who helped you make out your last return.

Sometimes a federal agent may come to your home or place of business to check your records in person. Just showing the agent your records may satisfy him. But he may adjust your return. You then must take steps to pay or to challenge his conclusions.

When a special agent comes to see your records, it may be well to have your lawyer on hand.

As a rule, most honest differences over taxes are settled without suits. But not always. Whenever taxes are challenged, take prompt steps to protect your interests. People have lost good defenses or claims by failing to act within the times set by law.

The workload of the tax offices has brought on automatic data processing. Magnetic tape and other devices may store and analyze returns on each taxpayer, say by 1970 or sooner. Then more audits.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

**NOW... GREAT NEW ENCO EXTRA!**

**PUT A TIGER IN YOUR TANK!**

New Power-formula Enco Extra gasoline boosts power three ways... preserves the power of new engines... restores lost power to many older engines:

1. **Cleaning Power!** Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits to improve power and mileage.
2. **Firing Power!** Spark plug and cylinder de-

posits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits to help your engine fire smoothly and efficiently.

3. **Octane Power!** Octane requirements for new cars are up again this year. New Enco Extra has the high octane that most cars now need for full performance, smooth acceleration and passing power without knocking.

You'll get something extra for your money with New Power-formula Enco Extra—it's like putting a tiger in your tank! *Happy Motoring!*

## AMA Lists Health Legionnaires And Auxiliary Members To Convene At Longview May 23-24 And Safety Tips

The sunburn season is here again.

It's a completely safe prediction that at least ten million people will succeed in roasting to a turn on the first long, hot week end at the beach or pool, or even in the backyard garden.

If you want to get a sunburn, it's easy. Just stay out in the summer sun too long. However, do this with the knowledge that the physical benefits of tanning are at best dubious, and that there is solid evidence that continued exposure to sun weathers and ages the skin.

If you want to get anned, the American Medical Association offers some pointers on how to do it without burning too much.

Gradual exposure to the sun is the safest and simplest method of acquiring an attractive tan. As a general rule, begin with 15 minutes exposure the first day, and increase the time by a few minutes a day. The time of day is important, with the mid-day period, when the sun is directly overhead, being the hottest for burning purposes.

Actually, the slim possible benefits of tanning are more than offset by its potential hazards. One skin specialist who has studied the problem said recently that he foresees the day when tanning will no longer be a status symbol and the fair, creamy complexion will once again be the vogue.

Continued tanning brings gradual changes in the blood vessels of the exposed surfaces. The connective tissue of the skin degenerates, causing wrinkles and a coarsening of texture. The "V" of the neck becomes permanently reddened and freckle-like dark spots appear on the skin. These spots can sometimes be the start of skin cancer.

Sun bleaches the hair, too, and over a period of time the sun-bleached hair becomes brittle and unmanageable. However, the damaged hair will eventually grow out.

The only really beneficial effect of sunlight on the skin is formation of vitamin D, but the American diet already provides an adequate supply of this vitamin.

Despite the adverse physical indications, doctors are well aware that many of their patients still will continue to work on a suntan each summer. If you feel that you must get tanned, remember the basic rule for gradual tanning—15 minutes the first day, increased by about a third each day. With care, it may be possible to tan without too much burning and a minimum of peeling.

## Legionnaires And Auxiliary Members To Convene At Longview May 23-24

JOHN MCKELVEY

W. B. KITTS

Legionnaires and Auxiliary members from the 1st, 3rd, 4th, 5th, 12th and 13th Congressional Districts, comprising the First Division of The American Legion, will convene in Longview on Saturday and Sunday, May 23-24, for their annual Spring Convention, Charles C. Ford, Convention Chairman, has announced.

Registration will open early Saturday afternoon in the Longview Hotel where all sessions of the convention will be held.

Division Committees will meet at 2 p.m. The social hour will be from 7:30 to 8:30 p.m., followed by the dance at 9 p.m.

On Sunday, the joint session of The American Legion and Auxiliary will convene at 10 a.m. Major General Thomas S. Bishop, State Adjutant General of Texas, will deliver the principal address. Department Commander John E. McKelvey of Electra will also be a guest

speaker. During the day there will be musical entertainment and a magic show.

There will be a luncheon at 12:15 p.m. for all registered delegates and guests.

The Legion and Auxiliary will hold their separate business sessions at 1:30 p.m., with Division Commander W. B. (Bill) Kitts, III, of Dallas, presiding over the Legion meeting. Reports will be heard from District Commanders Charles F. Peteet, Jr., Marshall; Charles C. Ford, Longview; B. M. Barnes, Sherman; Chester N. Alexander, Dallas; Earl H. Hiers, Jr., Fort Worth; and D. Frank Cummins, Jr., Denton. Highlight of the business session will be the election of a Department Vice Commander for the ensuing year. Committee reports will be heard and delegates and alternates to the National Convention in Dallas in September will be selected.

## How to get MORE out of your tax refund

When you get your '63 tax return (Form 1040), take a look at line 23 on the bottom of the page.

It gives you the option of taking your refund in U. S. Savings Bonds instead of a check for the total amount.

There are two big advantages:

1. Taking your refund in Savings Bonds gives you an easy way to hang onto it.
2. When your Bonds mature, your refund becomes 3 3/8% bigger. You get back \$4 for every \$3.

You also get a nice red, white and blue feeling from knowing you're helping your country's future as well as providing for your own.

Think it over when you ask for your refund this year.

### Quick facts about Series E Savings Bonds

- You can buy Bonds where you work on the Payroll Savings Plan
- You pay no state or local tax and can defer the federal tax on interest until the Bonds are cashed
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed, or stolen

## Keep freedom in your future with U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertisement. The Treasury Department thanks The Advertising Council and this newspaper for their patriotic support.

"LET'S GO!"

... to a lake resort in General Telephone Country

## Texoma - Water Wonderland

This great lake lying in the romantic Red River Valley, is one of America's most popular resort centers, with favorite access routes through General Telephone towns such as Sherman, Whitesboro and Gordonville. Seventy million people visited it in recent years exceeding Yellowstone National Park attendance. More than 8000 boats from small craft to luxury yachts make highways of its sparkling waters. Its millions of visitors are attracted by facilities which range from convenient camp sites to luxurious resorts, with overnight lake-side accommodations for 1500 or more people. It is, in fact, a water wonderland for swimming, fishing, boating, skiing and all water sports — a shining example of fabulous places to go and things to see in General Telephone Country.

AUSTIN — There is a certain sadness around the capitol. An old friend is about to depart. That old friend is the majestic Walton building. For many years it was the home of the Game and Fish Commission—now part of the State Parks

and Wildlife Commission). The building soon is to be demolished, by order of the 58th Legislature, to make way for a parking lot. The white limestone building with its fanciful towers and elegant facade is an old-timer.

## CIVIL DEFENSE JOB IN ALASKA LAUDED

When the most violent earth shocks of this century shook Alaska last Good Friday and tested the mettle of its citizens, Alaskans found in civil defense a new ally in their endless battle with the elements.

Measures taken under a not nearly completed program to help Alaskans survive a nuclear attack were found to be invaluable in surviving a natural calamity. The skeleton State Civil Defense staff of eight became the nucleus of an expanded operations center coordinating the efforts of the armed forces, private organizations such as the Red Cross, the Salvation Army and the YMCA, and the work of local governmental units.

Among the functions performed by civil defense were:

- Compiling and issuing casualty lists.
- Disseminating tidal wave warnings.
- Coordinating private, municipal and military efforts for relief and recovery.
- Initiation of emergency broadcasts to instruct and inform the people.
- Distribution of auxiliary

electric power equipment, medical supplies, hospital equipment and safe drinking water.

In Alaska, a powerhouse of the Nation's defense, many of the resources readily available to help out were military. Lt. General Raymond J. Reeves, Commander-in-Chief, Alaska, stated that he quickly discovered after the earthquake that it was necessary to funnel all requests for assistance through Civil Defense to assure coordination, lack of duplication of effort, and the most efficient operation.

Looking back to the first frantic days after the quake, Alaska's Governor William A. Egan noted:

"When we were dropped to our knees by the earthquake and tidal waves in Alaska, the Civil Defense organization was there to pick us up and get us started on the road to recovery. "I can't give enough praise to the Civil Defense organization. Anyone in Alaska who had reservations about Civil Defense in Alaska, I am sure, has changed his mind now after seeing the great job this agency did and is continuing to do for our people."

Built in 1875, it was the Travis County Courthouse until 1929, when Gov. Dan Moody and the Legislature bargained and purchased the building from the state for \$40,000.

Although the Walton building was best known to sportsmen and conservationists coming to call on the Game and Fish Commission, it also was the home of vocational education area office of the Texas Education Agency, the Rehabilitation District office and the Texas Aeronautics Commission.

Just when the Walton building will be demolished is a decision due to be made by the State Building Commission, composed of Gov. John Connally, Atty. Gen. Waggoner Carr, and Charles Coates of Chappell Hill, chairman of the Board of Control.

**SABINE WATERS PLENTIFUL** Surface water supplies of "excellent quality" can be developed in the Sabine River Basin of Texas and Louisiana, Texas Water Commission reported.

Average annual basin rainfall ranges from 40 inches in the northwest to more than 56 inches in the southeast. Annual runoff averages 13 inches, according to the TWC report.

Water was termed excellent in existing Lake Tawakoni, Greenville Reservoir, Lake Gladewater, Lake Cherokee and Murvaul Lake. Satisfactory to excellent quality water was found at the Kilgore, Cherokee Reservoir No. 2 and Toledo Bend, Big Sandy, Rabbit, Carthage, Stateline, Tenaha and Bon Wier Reservoirs.

Additional studies of water quality at the proposed Lake Fork Reservoir were recommended.

**POLLUTION BY SALT WATER** — At the request of the Railroad Commission Atty. General Waggoner Carr is reconsidering his opinion that the Texas Water Pollution Control Board has jurisdiction and permitting power over oilfield waste disposal.

Oil operators told a special committee reviewing the opinion that much of the oil industry has not accepted the new Board's jurisdiction, and look instead to the Railroad Commission for disposal regulation.

Water conservationists support the Board's authority, claiming that the 1961 Legislature gave the Pollution Control Board jurisdiction over pollution by oil and salt water in Art. 7621d.

**TRAVEL WRITERS' TOUR**—Texas Development Agency is looking at West Texas for a repeat of its successful April tour for out-of-state travel writers.

On the first go-round, the agency led the writers from Dallas to San Antonio, Corpus Christi, Houston and several other cities in the eastern half of the state.

In November, they plan to take them to such favorites as Palo Duro Canyon, El Paso, and Juarez, Big Bend National Park, Fort Davis and the Davis Mountains, Guadalupe Peak, Ft. Clark and Alamo Village at Brackettville.

Feature articles in metropolitan dailies and national magazines already are reflecting the favorable reaction of what the writers saw in Texas on the first tour. Agency spokesmen feel the result of the valuable free publicity should mean more tourist dollars in every Texan's pocket this summer.

**HOSPITAL BUDGET DRAWN**—State Hospital Board has requested a \$128,600,000 budget for the next two-year fiscal period. It includes a \$28,000,000 increase for operating expenses and \$13,200,000 for new facilities.

These new institutions would be constructed if the budget is approved by the Legislature.

Mental hospitals for Dallas and the Gulf Coast area (4,000,000 each); Special schools in West Texas and Corpus Christi (2,500,000 each); and a food service training school (250,000).

**HIGHWAY FACTS CITED** — State Highway spending has grown from \$40,200,000 in 1940 to an expected \$450,000,000 this year, reports State Highway Engineer D. C. Greer.

He also cited these facts: Total Texas highway mileage has increased since 1941 from 20,359 miles to 65,798; autos have increased from 1,700,000 to 5,500,000; Highway Department employment has grown from 7,600 to 16,000.

Greer also noted that while Texas has 22 more metropolitan areas (50,000 or more population) than any other state, it still ranks fourth among all states in rural population.

**RAILROAD-FIREMAN FIGHT RAGES**—Atty. Gen. Carr said he is going to see how several suits filed against railroads turn out before he decides if he has authority to enter a dispute involving discharge of some locomotive firemen.

Railroad brotherhoods say the state's "full crew law" should be observed although a federal arbitration board award permitted dismissal of firemen on some diesel engines.

Walter Caven, Texas Railroad Association attorney, said several prosecutors have agreed they won't accept complaints involving dismissals of the firemen.

Lubbock and El Paso prosecutors were among those who would not file complaints against the railroads under the full crew law, said E. F. Jergins of the Brotherhood of Locomotive Firemen and Enginemen.

**YOUTH CONFERENCE SCHEDULED**—The second annual Texas Attorney General's Youth Conference will be held here July 10-12. More than 1,600 junior and senior high school students will attend.

Delegates will discuss juvenile juries, vocational training, public awareness projects,

church and youth activities and other projects resulting from the 1963 meeting.

Program is based on the idea that Texas youth can find solutions to their own problems.

Noting that 40 per cent of Texas crimes are committed by youth under 21, Atty. Gen. Waggoner Carr termed the conference a vital step toward finding new cures to an old problem.

**REDISTRICTING HEARING SET**—First meeting of the Texas Legislative Council Committee on congressional redistricting is tentatively set here for the week end of May 30.

Sen. George Moffett of Chilloche, chairman, said he probably will call an informal session at that time, as most study committee members will be in Austin anyway for President Johnson's address at the University of Texas.

Hearings in major cities over the state, to seek public advice on how to carve up districts on an equal-population basis under court order, will begin after the second primary elections, June 6.

Moffett, Texas' oldest lawmaker in point of legislative service, said he doesn't think the public is nearly as interested in the problem of redistricting as a political furor over recent court action indicated.

He indicated there will be no revelation of the study committee's final recommendations for a redistricting bill before the Legislature convenes in January.

**MANUFACTURING GROWTH RAPID** — Value added by manufacture in Texas products for 1962 came to \$6,300,000 of the four West South Central States (Louisiana, Arkansas, Oklahoma and Texas).

University of Texas Bureau of Business Research reports total state employment has risen 67 per cent since 1947, and production workers have increased 45 per cent. Automation was cited for the relatively slow growth rate in the latter group. Productivity of Texas labor is high as

### VISITS IN WALL HOME

Mrs. Florence Hammer and son, Joe, of Houston, were guests in the home of Mr. and Mrs. H. E. Wall during the past week end. Joe Hammer is a petroleum engineer with the Gulf Oil Company in Venezuela. Mrs. Hammer is Mrs. Wall's sister.

### HERE FROM LUBBOCK

Mr. George Bolin of Lubbock was a visitor in the home of Mrs. Estelle Bolin Sunday.

### TO RECEIVE DEGREE

William L. (Bill) Bolin will receive his degree from Texas Technological College in Lubbock Saturday, May 30. He majored in education and is expected to go to work with Montgomery Ward as a manager-trainee in Big Spring. Bill is the grandson of Mrs. Estelle Bolin.

**VETERANS**  
QUESTIONS AND ANSWERS

Q—Several years ago I received a widows' pension under the old law. Later, I started to work and my income exceeded the limitations allowed. I plan to retire soon and will reapply for benefits. Will I still be entitled to them under the "old" law?

A—If you were receiving the pension on or before July 1, 1960, and are otherwise eligible, you will resume payments under the "old" law automatically, unless you elect the current pension system.

Q—Is there a special provision on eligibility for VA hospitalization for mental illness?

A—For purposes of hospitalization, veterans with service during World War II or the Korean Conflict, who developed an active psychosis within two years from the date of their separation from such active service, and before July 26, 1949, in the case of a veteran of WW II, or February 1, 1957, in the case of a veteran of the Korean Conflict, are deemed to have incurred this disability in active service and hence are admitted to VA hospitals under the first priority group.

Q—Since the Civil War is now 100 years ago and all the veterans on both sides are dead, how come more than 1,000 widows are still alive to collect pensions?

A—Many of these old veterans

married women many years their junior.

Q—Is a World War II veteran who is 100 per cent disabled eligible for a GI loan to buy a home?

A—Yes, if he is otherwise qualified and can meet the credit requirements of the lender.

Q—Does a veteran with dependents receive an extra allowance when attending school under the GI Bill?

A—Yes. A veteran in full time training receives \$110 a month; with one dependent he receives \$135 a month; and with more than one dependent he receives \$160 a month.

Q—Under what conditions can a veteran with National Service Life Insurance file an application for a waiver of premiums?

A—The insured must have an impairment of mind or body which continuously renders it impossible for the insured to follow any substantially gainful occupation for six or more consecutive months.

**BETA CHI CHAPTER OF DELTA**

**KAPPA GAMMA MEETS IN OLD GLORY**

The Beta Chi Chapter of the Delta Kappa Gamma Society met in the cafeteria of the Old Glory School on May 16 at 2:30 in the afternoon for the final meeting of the year.

Mrs. Maxine Klump of Old Glory, president of the chapter during the past two years, presided. Three ceremonies were carried out, including initiation of five new members, installation of officers for the coming bennium, and recognition of founders of the organization.

The new members who were initiated were Mrs. Frankie Baker of O'Brien, Mrs. Leona Partidge of Munday, Mrs. Martha Harrell of Aspermont, Mrs. Sue Henry of Rule and Mrs. Penny Winchester of Munday.

Officers for the next two years are Mrs. Thelma Smith of Aspermont, president; Mrs. Afton Martin of Aspermont, vice president; Mrs. Kathleen Diggs of

Haskell, second vice president; Mrs. Jane Pritchard of Old Glory, Corresponding Secretary; Mrs. Virginia Casey of Knox City, recording secretary; Mrs. Opal Nanny, of Haskell, treasurer; and Mrs. Maxine Klump of Old Glory, parliamentarian.

The founders were recognized in a beautiful ceremony which was conducted by Mrs. Faye Woodson and Mrs. Martin Martin, both of Haskell.

Recognition was given Mrs. Erma Liles of Weinert who has served as treasurer of the chapter since 1948. She was presented a silver cake server. Mrs. Maxine Klump and Mrs. Gretchen Colehour of Knox City were also recognized for having attended all meetings during the year.

Refreshments were served to 30 members. Attending from Knox City were Mmes. Sammie Carpenter, Sue Cash, Lillian Logan, and Gretchen Colehour.

**Girl Scout Day Camp**

Planned May 25-29

CorCenTex Girl Scout Council Camp Committee, headed by James Ardrey, has completed final plans for the seven day camps which will be offered to Girl Scouts throughout the council area. Day Camps are scheduled for the last week in May and during the month of June.

Mrs. Ruth Smethie is Day Camp Co-ordinator and Mrs. Ferne Bloodworth is Day Camp Representative for the Camp Committee.

Brownie, Junior, Cadette, and Senior Girl Scouts are eligible to attend Day Camp of their neighborhoods. Girls are assured of having a happy camping experience while they "Camp by Day." Day Camp is an opportunity for girls of many troops to meet together in small groups with trained volunteer Counselors to spend the day in the out-of-doors. Girls gain experience in group government, campcraft, singing, hiking, cooking, and other adventures appropriate for each age level. Junior and Cadette Girl Scouts may work on badges while in Day Camp.

Each girl is urged to bring her handbook daily for the numerous activities.

All activities are carefully planned and worked out together by girls and adults. A qualified First Aider will be on duty at all times at each site. Parents will be responsible for providing transportation to and from the site.

Each day, except Cook-Out-Day on Thursday, the girls will bring a sack lunch and a canteen. Milk will be provided each day for lunch.

Each neighborhood will handle its own registration. All registrations must be into the troop leads by June 1.

Knox County Girl Scout Day Camp will be held May 25-29 at Wolf Hollow with Mrs. Ned Eiland as camp director.
