

THE KNOX COUNTY HERALD

VOLUME 58

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, JUNE 11, 1964

TEN CENTS PER COPY

NUMBER 29

We hardly know how to begin a JT column since it has been so long since we have invaded your homes and dreams, but that is the price we both have to pay during the slow summer months.

During the past three months we've enjoyed keeping out of our column, but there are always so many things happening in a small community that in order to tell about it, it is almost impossible to say anything unless it is in a column.

We've also noted that folks living outside the county want old JT to "give 'em heck" once more with some hair-raising editorials about old age pensions and glandular disorders, and by the same token folks here at home are enjoying the peace and quiet.

Had a long talk with our banking friends, Fuller Shannon and our old standby and friend Jack Coats a few weeks ago about business and prosperity for our little community.

The bankers seemed to think things would be on the upswing and were very optimistic about the future.

Most of Knox City's younger and "just getting started" businessmen are constantly seeking advice on how to better our community financially.

Personally, we feel that we should have been doing something a long time ago. We definitely need to unite for a common cause and push for a better and more prosperous community.

As we've mentioned in these columns before, the only thing in the world that has brought prosperity to Lubbock and Dallas has been the will to go some place and do something.

We've proved before that we can do things here if we get together... and getting together for some industry will be our only salvation.

We don't claim to be smart, but it does seem the only way of moving ahead. It has been our opinion that a town never stands still. It either moves ahead or dies.

Mr. and Mrs. "Turk" Everett moved to New Braunfels Tuesday, another transfer, but instead of losing population, we will gain three this time as Mr. and Mrs. Clark, the Munday folks taking Turk's place, have three children.

The best of luck to both families on your new undertakings.

Vickie Lowry, daughter of Game Warden and Mrs. Vic Lowry and a side-kick of our daughter, Linda, is noted for her quick wit and humorous sayings—one of the funniest though, was her opinion of the school system in old KC.

Linda was describing her dilemma when we moved here from Post when she was in the fifth grade, and her struggle ever since to make her grades.

Vickie agreed that it had been a struggle for her also and said "It has been hard for me to pass anything here."

"Did you make good grades in Jayton?" Linda asked. With typical Lowry humor Vickie replied: "No, I was dumb there, too!"

Don't forget: Lions annual Ladies Night, tonight at the School Cafeteria and Friday afternoon another feed at the KC Country Club to kick off the second Invitational Golf Tournament.

Sunday the Ladies Golf Association will award (as we hope), the 8 piece set of Ben Hogan golf clubs.

IN BROWNWOOD

Mrs. O. L. Jamison is in Brownwood this week visiting her niece.

A. V. LOWREY RETURNS FROM DALLAS HOSPITAL

A. V. Lowrey, who received leg surgery in Baylor Hospital in Dallas last Thursday returned to his home here Tuesday, and is reported to be recuperating nicely.

HORTICULTURAL ODDITY — Pictured above is Mrs. Oleta Fitzgerald with a Hydrangea she planted about four years ago. The plant has had between 75 and 100 blooms already this year and is still blooming.

Golf Tournament Begins Friday

The second annual Knox County Country Club Invitational Golf Tournament will be held Friday, Saturday, and Sunday, June 12, 13, and 14. Golfers will play qualifying rounds Friday, when a Pro Am will also be held.

The tournament will be all match play, two matches to be played Saturday and two Sunday.

Finals in all flights will be held Sunday afternoon.

The defending champion Hugh Rixford of Wichita Falls will be unable to attend, so there will be a new champion this year.

The tournament is being limited to the first 96 entrants. There were already 21 entries at noon Wednesday.

A driving and putting contest will begin at 6:30 p.m. Friday and will be followed by a barbecue at 7 o'clock.

Food will be furnished by Underwoods.

The public is cordially invited to attend, and tickets are available at the Club House.

BARBECUE WILL BE FRIDAY AT 7

A barbecue catered by Underwoods will be held at the Knox County Country Club at 7 p.m. Friday.

The public is cordially invited to attend. Tickets are available at the Club House Jones or Hoge's Drugs or from any member of the Knox County Country Club.

Vote In County Light, Saturday

Knox County voters did not deem it necessary to go to the polls Saturday as only two men were on the ballot in the state election, and none in the county. Pool received 115 votes and Baker 54 in the Democrat Party and the Republicans voted 10 strong — 3 votes for Cox and 7 votes for Bush in their election.

Democrat—by boxes:

IN SOUTH TEXAS

Mr. and Mrs. Alton Fitzgerald and Leslie spent their vacation visiting Garner State Park near Uvalde, the Alamo, Witte Museum and Brackenridge Park in San Antonio, the San Jacinto battleground and the Battle-ship Texas. They also visited in Texas City and Galveston and the State Capitol in Austin.

Rev. Brooks To Speak Monday At Brotherhood

The Brotherhood of the First Baptist Church will have their regular monthly meeting at the Knox City Baptist Church, Monday, June 15, at 8 p.m.

Guest speaker for the occasion will be Rev. E. V. Brooks, pastor of the First Baptist Church of Rochester.

A meeting will be held Saturday at 9:30 a.m. at the City Cafe to make plans for the regular meeting.

President Jack Fisher extends a cordial invitation to all members of the area to attend this meeting.

Homemade ice cream and cake will be served.

ATTENDS FUNERAL

Mr. and Mrs. Alton Fitzgerald and Mrs. Oleta Fitzgerald were in Abernathy Wednesday to attend the funeral of Mrs. Lovi Pettit.

HERE FROM FORT WORTH

Mrs. Max Gardner and son, Jack, of Fort Worth are here visiting her parents, Mr. and Mrs. John H. Atterbury.

IN QUANAH

Mr. and Mrs. Skeet Carpenter and Mrs. Alma Culwell were in Quanah Sunday to attend the Condrion reunion and help celebrate the 93 birthday of Bob Condrion.

Band Boosters Elect Officers

An installation was held last Wednesday for officers of the Band Boosters Club in the home of Mrs. Paul Hoge.

Officers are: President Mrs. Sam E. Clonts, first vice president, Mrs. Leo Beason, second vice president, Mrs. Tom Richardson, secretary and treasurer Mrs. Tom Campbell, reporter, Mrs. Paul Hoge.

The officers were installed by Mrs. Zeb Smith.

★ Woman Critically Injured In Head-On Collision Tuesday

Mrs. Callie Browning of Arlington is in critical condition in a Wichita Falls hospital after admission Tuesday following a head-on collision five miles west of Benjamin on US Highway 82.

The mishap occurred at approximately 11 a.m., and also injured in the collision were Mrs. Browning's son and Mr. and Mrs. Isaac N. Adams of Taft, Calif.

Mr. and Mrs. Adams were traveling east in a 1964 Ford and the Brownings were traveling west in a 1958 Buick.

The Browning auto was in the process of passing a truck and met the Adams auto headon.

Final Rites Held For T. H. Hudson Friday In Benjamin

Funeral services for Thomas Harold Hudson, 51, who died in an Olney hospital Wednesday June 3, were held Friday at 3 p.m. at the First Christian Church in Benjamin, with burial Benjamin Cemetery.

Rev. Jack Nivens, pastor of Southern Baptist Church of Ferris, officiated assisted by Rev. Roy D. Moody Jr., pastor of Lake Wichita Baptist Church.

Mr. Hudson was born Dec. 11, 1912 in Benjamin and had lived in Wichita Falls for the past 12 years.

Survivors include his widow; a son, Jerry Don Hudson of Olney; three brothers, G. R. Grady and G. H. Hudson of Benjamin, and Robert Hudson of Phoenix, Ariz.; three sisters, Mrs. Thomas F. Glover of Seymour, Mrs. Amelia Sams of Midland and Mrs. J. P. Tolson of Benjamin; and two grandchildren.

Pallbearers were Joe Edd Glover, Buddy Tolson, A. B. Sams, Danny Hudson, Tom Brooks Hudson, Bill Sams, Tom F. Hudson and James Grady Hudson.

Good Management Of Irrigated Pasture Pays Off In Higher Yields SCS Says

Good management of irrigated pastures pays off in higher yields and better quality forage. This means more dollars per acre, according to Cecil Seitz, of the Soil Conservation Service.

With increased costs of putting in a pasture and lower livestock prices it is more important than ever that good management be practiced. For or medium producing pastures will not be profitable.

Regular watering and fertilizing coupled with proper use of the grass and rotation grazing will result in good grass production.

If you are not satisfied with the present production of your pasture, contact your local Soil Conservation Office. Technical assistance is available through the Wichita-Brazos Soil Conservation District.

Proper use of a grass plant means leaving adequate leaves at all times to catch the sunshine and keep the factory running at full capacity. Any time a plant is stripped of its leaves, growth is slowed down or stopped.

A pasture that is continuously grazed short cannot make maximum yields.

Maximum yields can only be attained when grass has periods of grazing. This can be done by dividing a pasture into two or more units and moving the livestock from one unit to another

★ Doctor Charles G. Markward To Take Residency In Psychiatry At Dallas

Doctor Charles Markward has announced that he will take a Residency in Psychiatry at the Timberlawn and Parkland Hospitals in Dallas, starting sometime in July.

The hospitals are affiliated with the University of Texas Southwestern Medical School, and Dr. Markward will serve there for three years before going into private practice.

In an interview Wednesday, he said "It is with deep regret that I leave Knox City as I have a lot of friends here and I have thoroughly enjoyed practicing here, but I have always been interested in Psychiatry and I feel that I cannot refuse this opportunity."

He said the hospital and the Knox City Clinic are operating "very smoothly at this time" and he feels they will continue to do so with Dr. R. G. Howell and Dr. D. C. Eiland Jr.

The Clinic is contacting other doctors who are qualified in general practice, and might be interested in taking up practice in Knox City, but at press time, no definite decision on a replacement for Markward had been reached.

Dr. Markward has practiced medicine here for 16 years, first coming to Knox City in 1948. He served two years with the United States Air Force, and returned to Knox City in 1953, and has been here since that time.

Dr. Markward has practiced medicine here for 16 years, first coming to Knox City in 1948. He served two years with the United States Air Force, and returned to Knox City in 1953, and has been here since that time.

Funeral Services For Walter Webber Scheduled Today

Funeral services for Walter Webber, who died Sunday, June 7, at the Knox County Hospital, will be held Thursday (today) at 1:00 p.m. at the First Baptist Church in Knox City. Rev. M. A. Brown of Wichita Falls will officiate, assisted by the Reverends Ward and Clay and by Deacon Tyler.

Mr. Webber was born March 18, 1890 in Normangee, Okla., and was one of nine children of Frank and Elzina Webber. He married Miss Mattie Richardson of Marlin, May 2, 1920.

He has been a member of the Baptist Church since 1918, and an ordained deacon since 1919. He has served in his present church as deacon and treasurer.

Survivors include his wife; two sons, Richard L. of Colorado Springs, Colo., and Walter F. of Abilene; four daughters, Marie Webber, Mrs. Ruth W. Dotson, Mrs. Mary A. Adkinson and Mrs. Faye Williams, all of Colorado Springs; one brother, Clemmie Webber of Bryan, one sister, Mrs. Zeana Sanders of Dallas, eleven grandchildren, and five great grandchildren.

Miss Lou Denton Receives B.S. Degree

Among those attending the Hardin-Simmons University graduation commencement June 1, were Mr. and Mrs. A. P. Denton and David, Mr. and Mrs. Burt Denton of Stamford, Mrs. William Bruton of Olney, Miss Virgie Denton of Pampa, and Miss Sara Lees of Haskell. Miss Lou Denton received a B. S. Degree.

32 KC Drivers Lose Licenses

A total of 32 citizens of Knox County had their driver's license either suspended or were denied a license during the year 1963. Of this total, 17 persons had their licenses suspended and 15 persons were denied a license.

Some of the major reasons for suspensions and denials of licenses included driving while drinking, 29; automatic suspension offense in other states, 1; and driving while license suspended, 2.

During the year, 25,022 licenses were suspended with 8,632 licenses denied over the state. Drivers in the 20 year-old bracket had the most licenses suspended with 1,307. The 19 year-olds ran a close second with 1,305 suspended. The oldest driver who had his license suspended was 96 years of age, with one driver 95 years of age who was denied a license.

The above information was obtained from the records of the Texas Department of Public Safety. The D.P.S. is required by law to file every application for a driver's license received by it. These records include the name of every licensee to whom licenses are granted, and the name of every licensee whose driver's license or driving privilege has been cancelled, denied, suspended or revoked and after each such name note the reasons for such action.

The Department shall also file all accident reports and abstracts of court records of convictions received by it under the laws of this state and in connection therewith maintain convenient records or make suitable notations in order that an individual record of each licensee showing the convictions of such licensee and the traffic accidents in which he has been involved shall be readily ascertainable and available for the consideration of the Department upon any application for the renewal of a driver's license and at other suitable times.

Conn and family spent a few days at Cisco Lake fishing last week—Louis Conn, 8 year old son of the Conn's caught an 8 lb bass while trolling in a boat with the family. The O'Brien, Knox City, Rochester Teenage baseball team got off to a good start last week by defeating Stamford at KC last Tuesday night 8-3. And also beating Rule here last week 13-0. For the Stamford game—Don Johnston and Glen Hollar; for the Rule game were Jerry Wilcox and Hollar, Stamford and Rule got one hit each from our pitcher. Managers for the team are Dwayne Johnston, Billy Elmore and one of the Skiles twins. Boys coming out this year for KC—Brack Shaver, third base and pitcher; Ray Penman first base; Robbie Glenn, catcher— from Rochester—Johnny Wyatt outfield and third base; Glenn Hollar catcher and outfield, and Steve Lefevre, outfield, O'Brien boys are Jerry Wilcox and Don Johnston pitcher and short stop; David Del Hierro, second base; James Duncan, Sonnie

Conell BooBoo Rhodes and Billy Vannoy outfield. Tuesday night they won over Anson 17-2 in five innings with Don Johnston doing the pitching honors. Farmers Home Administration Meets In Dallas The measures proposed by President Johnson to eliminate rural poverty was discussed at a three-day regional meeting of the Farmers Home Administration held in Dallas June 2-4. At the meeting the federal officials discussed steps being taken to help young farmers take over the farms of retiring elders, progress made in developing rural community water systems, and the housing assistance given senior citizens in rural areas. During the past three years under a vastly expanded program the agency has advanced \$2 billion for the strengthening of family farms and rural communities. The \$613 million loaned in the first 10 months of fiscal 1964 was nearly 100 per cent greater than the amount loaned during fiscal 1960. Washington officials attending the meeting included Howard Bertsch, FHA Administrator and Division staff members. State leaders of the agency participating in the conference were FHA state directors and staff members from Texas, Louisiana, Oklahoma and Arkansas. The Farmers Home Administration through a network of 1,500 county offices located throughout rural America provides credit assistance in farm and financial management to owners and operators of family farms and aids farmers and rural residents in improving rural housing and other rural community facilities. The agency's funds supplement the credit by other lenders. State directors and county supervisors of the agency serve as chairmen of RAD technical action panels organized to help rural communities develop their local economies. During the past three decades the Farmers Home Administration and its predecessor agencies have loaned nearly \$7.4 billion. Approximately \$5.9 billion in principal and interest has been repaid. Interest collections far exceed the amount written off.

Motorcides Are On Increase By 13%

According to statistics printed by the Texas Department of Public Safety, one person died every 3 hours and 12 minutes in Texas traffic in the year 1963. Fatal accidents in 1963 were 13 per cent higher than in 1962 and 5 per cent higher than the previous all time high of 2,611 deaths in 1956. There were 2,729 fatalities in 1963, out of a total of 399,917 accidents. There were also 161,543 people injured. The estimated economic loss from motor vehicle traffic accidents in 1963 was \$432,715,000. Only ONE DAY, during 1963, which was Tuesday, September 3, was motorcide free. It followed Labor Day, when 22 persons were killed. The most common violations contributing to accidents were; driving too fast for conditions, driving while drinking, driving on wrong side of the road, improper passing, disregarding warning or stop sign, improper parking and following too closely. Drinking drivers were involved in 37 per cent of the accidents in 1963. Statewide deaths associated with 1963 motor vehicle accidents but not included in motor vehicle traffic total, was 226. Reasons for not being counted were: death from natural causes, accident on private property, occupational use of motor vehicle, homicide or suicide, and accidents following traffic accidents. According to Department of Public Safety records, there are a total of 5,226,450 registered motor vehicles in Texas and 5,024,001 licensed drivers. Motorists drove a total of 52,342,539,656 miles in Texas in 1963.

Markers Designate Texas History

Are you thrilled by Texas history? If so, you will enjoy visiting some of the scores of historic spots that mark the challenging episodes of our frontier land. The battle cry that spurred the Texans on at San Jacinto was "Remember the Alamo; Remember Goliad," and it is quite fitting that the state, many years ago, established a state park at Goliad in south-east Texas. It was here that Colonel Fannin and his men were massacred on Palm Sunday, March 27, 1836. Goliad is situated on U. S. Highways 59, 183, and alternate 77; and can also be reached on State Highway 239 from the west. In Goliad State Park there is a small museum of early Texas relics and the Mission Espiritu Santo de Zuniga. In 1749, this mission was moved to Goliad by the Franciscan padres to Christianize the Indians and civilize the frontier. It is open to the public. Nearby is the Presidio La Bahia where the Goliad Declaration of Independence was drawn in 1835. Sunday mass is still celebrated there. Near La Bahia stands a monument to Colonel Fannin and his men. Goliad became the county seat of Goliad County in 1837. On the court house grounds you will find the famous "Hanging Tree." City Park has a monument to the men who lost their lives at Goliad, erected in April, 1885, surmounted by two cannons found on the streets of the town after the Texas Revolution. Twenty-five miles northeast of Goliad on U. S. 59 is Victoria, one of the first three towns of the Republic. Here you will find a number of beautiful antebellum homes, still in good condition, as well as the famed Dutch Windmill in Memorial Square. If you'd like a bit of fishing to finish off your trip, drive on another 27 miles on U. S. 87 to Port Lavaca, where redfish and speckled trout abound.

Mosquitoes Are Big Problem This Time Of Year

reading this, your problems are multiplying. The problem: mosquitoes. At this time of the year they are multiplying by the score. One female may lay several batches of eggs—from 50 to 200 in a batch. She will leave her eggs only where there is water. These eggs will hatch into swarms of insect adults to vex and plague you this summer. Mosquitoes continue to be a vexing and sometimes serious problem for everyone. In your home or yard and in public parks, they can interfere with man's chores and spoil his enjoyment of leisure time. They may reduce the efficiency of outdoor workers and cause farm animals to lose weight by driving them from lush pastures to barren hillsides. Some species of mosquitoes transmit diseases such as malaria and yellow fever to man, encephalitis to man and horses, and heartworm to dogs. By acting now, you may save yourself time and trouble later on. The simplest and most effective method of cutting down or controlling mosquito population is to eliminate their breeding places. You might simply say it's a matter of killing them before they multiply.

TOO LATE TO CLASSIFY

FOR SALE — Nice furnished cabin on Lake Kemp. \$1200.00. 14 foot Lone Star boat with 35 H.P. Evinrude electric starter motor. \$400.00. AUSTIN — State Democratic party leaders here have completed advance preparations for a June 16 Texas party convention which could turn into a donnybrook or go off smooth as silk.

Action will take place at Houston's big coliseum and the swank Shamrock Hilton Hotel, convention headquarters.

Delegates and alternate delegates who will cast the 2,834 authorized votes (some counties are sending up to 15 times their authorized strength) will be quartered in 27 hotels scattered all over Houston.

Big argument is whether the to the August national presidential nominating convention in Atlantic City and picking Texas national Democratic committee representatives.

Bib argument is whether the convention will go on record as favoring the as-yet-unwritten national Democratic platform.

Gov. John Connally, who claims a two-thirds or three-fourths margin of control, prefers that delegates remain silent on the liberal national program. He wants to write his own state platform at the September state convention along moderate-to-conservative lines.

Sen. Ralph Yarborough and State AFL-CIO President Hank Brown argue the convention not only should pledge its support to President Johnson (there is no argument about that) but to his liberal program as well.

Some 26 per cent of the convention's seats are in contest.

Austin Attorney Will D. Davis, chairman of a State Democratic Executive Committee sub-panel on credentials, has instructed heads of 14 rival delegations from seven counties to send him advance written briefings on their positions.

Hearings will begin Monday (June 15) at 9 a.m. in the Sham-

rock. Recommendations of Davis' group will be passed along to the full SDEC which will decide in an 8:30 a.m. Tuesday session which delegates will be seated. The convention opens at 10 a.m.

Rival fund-raising events are scheduled Monday. The pro-Connally SDEC will stage a \$10-a-plate dinner to finance the convention. Yarborough's Gulf Coast friends have scheduled an appreciation dinner for the senior senator at the same time.

If President Johnson has any preference about how things should go, he apparently kept silent on them during his recent trip to Texas. Aides maintained to the end of the visit he did not discuss politics with his old friend Governor Connally, Sen. Yarborough or anybody else.

CONGRESSIONAL REDISTRICTING — Texas Legislative Council study committee has set three hearings to gather first-hand advice from the homefolks on how to form 23 Texas congressional districts of equal population. Dates are July 9, July 10, and July 17.

They will be held in Fort Worth, Dallas and Houston.

Others apparently will follow. Legislators, political party spokesmen and the general public from counties where the meetings will be held and surrounding counties are invited to attend the sessions and give their views on how best to comply with federal court redistricting orders, said Committee Chairman Sen. George Moffett of Chillicothe.

Attorney General Waggoner Carr warned the committee that the 1965 Legislature must solve the congressional redistricting question.

Carr said, "The more you base it on any other considerations the greater risk you run of having to go through the same thing

again in the courts." **LOAN REGULATIONS ADOPTED** — Small loan company advertising of such terms as "lowest costs," "quickest service" and "easy payments" is "misleading" under new state regulations. All advertising claims by lenders are subject to the test of absolute accuracy.

Regulations were adopted after public hearings here and go into effect on July 1. Regulatory Loan Commissioner Frank A. Miskell has announced.

Miskell lists other regulations as: No strong arm collection practices permitted. . . . Companies must keep detailed records showing all charges on loans. . . . Borrowers must be furnished copies of insurance policies purchased in connection with loans. . . . Money collected must be turned over to the insurance companies promptly.

COURTS SPEAK — State Supreme Court in a Sweetwater case said cities, by ordinance, can establish compulsory retirement ages for policemen.

The high court also: Held oil field truckers didn't have to haul pipe at lower rates set by the Railroad Commission in 1962 until a court attack on the rates finally is settled.

Set arguments for July 8 on Dallas County Flood District's suit to keep the city of Irving from annexing district lands and

an appeal of Dr. Daniel William Scott Jr., of Houston from revocation of his license by State Board of Medical Examiners order.

Court of Criminal Appeals was urged to reverse the murder conviction and death sentence of Carl Junior Hackathorn, 19, for slaying Mrs. Bobbie Jewel Nuttycombe, 18, of Dallas.

That court also was called on to order a \$100,000 bond reduced to \$10,000 on Samuel Spivey, an other 19-year-old, charged with robbery by firearms in a bizarre Houston robbery-torture case.

The attorney general's office asked federal court to dismiss state appeal of an interstate commerce commission order permitting higher passenger train fares in Texas.

STATE SCHOOL SITE — The big question of location of a newly-approved West Texas State School for the mentally retarded will not be settled until September, according to most recent reports from the Board for State Hospitals and Special Schools.

Board's site selection committee, made up of C. E. Bentley of Abilene, former Lt. Gov. Walter Woodul of Austin and Jesse M. Osborn of Muleshoe, has been visiting some 30 West Texas towns which are competing for the school.

BIG SHOPPER — The idea of a \$6,900,000 grocery bill would be enough to cause the average

housewife (or her husband) to swoon, but that was the size of the State's grocery bill for fiscal 1963. When the overall item is digested, it points to thrifty shopping.

The \$6,900,000 fed some 40,000 inmates of state eleemosynary institutions, such as state hospitals, special schools, medical schools and correctional institutions. Cost of feeding each person under state care is about \$173.68 per person. . . . and that triumph should be enough to make the housewife green with envy.

State Board of Control, "Housekeeper for the State," and its purchasers have mastered the technique of conquering spoilage and waste problems to the point that it is looked on as a model by all the other states, Canada and Puerto Rico.

Purchasing Chief Sam G. Cook believes that inmates of Texas institutions are probably the best cared for and best fed of any in the country. He says

it is because the state purchasing law lends equal importance to acceptance of the "lowest" and "best" bid from food wholesalers.

AIRPORT AID SOUGHT — Texas Aeronautics Commission is seeking \$450,000 in state aid to help build local airports during the next two years.

At budget hearings here Commission spokesmen and representatives of towns over the state argued for a program to insure at least one airport in all 254 counties. Thirty-five now have none.

Commission requests a \$1,100,000 budget for the next biennium including the airport program and \$200,700 for an agency headquarters building at the Austin Municipal Airport. All funds except the building cost would come from aircraft fuel taxes.

AG DECISIONS — Attorney General Carr has:

Ruled that a county clerk should not accept for recording in the Deed Record a certified

copy from another court of record where the seal of the court has not been affixed thereto;

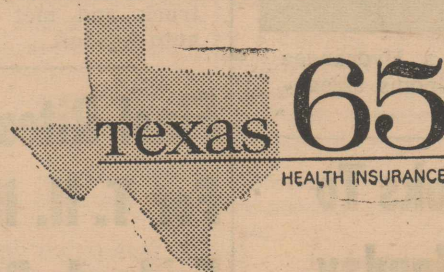

Held state highway funds cannot be used to finance a Texas travel exhibit at sports and vacation shows under either the state constitution or current laws;

Concluded that the party whose candidate for governor received the most votes in the 1962 general election will have first spot on the general election ballot this year.

HIGHWAY IMPROVEMENT PLAN — State Highway Commission authorized a \$166,000,000 improvement program to get more safety and less congestion on 2,067 miles of primary and state highways.

\$151,000,000 is earmarked for construction, and \$15 million for right-of-way. About 65 per cent of the cost is expected to come from state gasoline tax revenue and license fees and the rest from federal grants in aid.

What makes a community grow?

Our recent PATTERNS FOR PROGRESS ads have summarized basic economic development factors. The series continues as we advance to community development, which is made possible by sound economic development.

The West Texas community of Ballinger is a shining example. With organization, teamwork and sound planning, Ballinger has developed a \$400,000 Memorial Hospital (pictured above) ... 17 new commercial buildings ... modernization of 16 others ... 21 new businesses ... a new community center ... major park improvements ... a frontier museum ... and the adoption of a new city charter.

Ballinger is an outstanding PATTERN FOR PROGRESS.

When such a community spirit seeks new industry, even more growth comes. National studies show payrolls from 100 basic new jobs increase local personal income by \$660,000 ... bank deposits by \$229,000 ... annual retail sales by \$331,000 ... add three new retail outlets ... increase population by 359 including 91 school children ... add 100 new homes ... 97 more car registrations ... and create 65 new non-manufacturing jobs.

WTU's area representatives will assist growth-conscious communities in planning for community development programs and activities. This service is available on request through your WTU local manager.

Mrs. Irene New is in Denton where she will teach in summer school.

Carla Jo and Eddy Browder went to Houston Saturday to visit relatives.

Streams In Desert Places

Ozelle Stephens

"And ye shall receive power, after that the Holy Ghost is come upon you: and ye shall be witnesses unto me both in Jerusalem, and in Judea, and in Samaria, and unto the uttermost parts of the earth."

The Holy Ghost empowers you for service. We can do nothing without the power of God through the Spirit as Peter and his group when they went fishing. They toiled all night without catching anything. It is just as impossible to have a good spiritual church with souls being saved without the Holy Spirit.

He also shows you how to worship the Lord in spirit and

in truth. His power helps you to love and praise the Lord, keeping you drawn close to Him, giving victory and peace.
(To be continued)

VISITING HERE

Mrs. Julia Hampton and Mrs. Tom Hampton visited Mrs. T. S. Edwards several days last week. Mr. and Mrs. Kenneth Edwards of Brownwood will spend the week end with Mrs. Edwards here, arriving Thursday or Friday.

IN VICTORIA

Mrs. B. B. Campbell, Mrs. Robert Vaughn and Mrs. Curtis Coates spent several days last week visiting in Victoria and

Edna, Texas.

HERE FROM BRYAN

Mrs. A. C. Sharp and children of Bryan, are visiting in the homes of her parents, Mr. and Mrs. Lloyd Waldrup.

COUNTY AGRICULTURAL AGENT

FARM and RANCH Notes

The wheat fertility demonstrations samples were threshed and weighed last week at Chilli-cothe. A four foot square of wheat is cut from each fertility treatment and the check plot. This sample is then threshed and weighed on scales marked in grams. The weight in grams is marked off one place. This is the bushels per acre. This is an accurate way of checking the yield without having to weigh all the wheat.

Demonstrations on Togo Moorhouse and the League Ranch that were topdressed failed to show any difference between the treated and untreated. These yields failed to receive any rain after they were topdressed. There was simply not enough moisture to get any good from the fertilizer. It didn't "burn" the wheat either as skeptics would lead one to believe.

The most striking example of what moisture and fertilizer can do was demonstrated in a demonstration on the Beavers Ranch at Gilliland. The addition of 68 lbs of Ammonium Nitrate in Feb. resulted in an increase from 15.1 bu. to 29.6 bu. per acre. Figuring nitrogen at 12 cents per pound applied, this is about \$2.75 worth of fertilizer.

Alton L. Patterson had a demonstration comparing 16-20-0 and Anhydrous Amonia. Actually, this amounts to nitrogen only and nitrogen phosphorus together. The results showed that his soil needs both to get the most profitable returns. He applied 40 lbs. of Anhydrous Amonia before planting and did not receive an increase at all. By applying 80 lbs. of 16-20-0 he increased his yield 4.4 bushels per acre. This is about \$3.50 net profit per acre. If we had just received one more good rain, this figure would have been much higher.

The main point is he made a

REAL ESTATE

profit in a dry year and his wheat didn't "burn" up. The idea that fertilizer burns crops gets started when someone fertilizes a crop. It will do fine for some time but when it really begins to need nutrients, it runs out. The plant in self-defense then translocates the material from the lower leaves of the upper ones where they can get more sunshine. These bottom leaves then dry and shrivel and so someone will say "The fertilizer is burning up my crop."

Homer Martin, Gilliland, conducted a wheat variety demonstration with Early Triumph, Caddo and Concho. This was on land that had been in wheat the year before. No fertilizer was applied.

The Triumph made 20.2 bu., Caddo 24.3 and the Concho 25.5. The Caddo was two days later than Triumph and the Concho about two days behind the Caddo.

Caddo was released last year. It has been the highest yielder in Experiment Station trials for several years. It is also more disease resistant but being a little later, it will have a hard time being accepted. Either Caddo or Concha would be more desirable for planting on ground that would be grazed out because they would last longer.

Arnold Navarati also had Triumph and Caddo side by side in a demonstration. However, his Triumph yielded 14.7 while the Caddo was 13.0.

Walter Trainham, Benjamin, had an oat variety demonstration. These oats were planted in November, had a difficult time coming up and of course, suffered for lack of moisture. Wintok and Cimmaron were planted in the test. The Wintok made 24.4 bushels while the Cimmaron made 20.0. Wintok is an old variety that has been grown for a number of years while Cimmaron has been released only a few years. Both are very winter hardy and are recommended for our area.

Don Rummel, Extension Entomologist, will be in Knox County, Friday, June 12. Six community meetings will be held to discuss the cotton insect control program for 1964. Meetings will be held as follows: 8 a.m., Gilliland gin; 9:30 Vera Store; 11, Rhineland Gin, 1:30 p.m., Munday, Farmers Co Op; 3, Goree Gin, and 4:15 p.m. Knox City at B&C Chemical Co.

There are many ways of expressing concentration — the relative content of an item or substance in another. Per cent is one part

per hundred. The Latin root of this expression is "per centum." Concentrations of plant nutrients in soils and plants are often so low that expressing them as parts per million is more convenient than as parts per hundred. Hence, the reason for the frequent use of "parts per million" (ppm) in literature dealing with plant nutrition and soil fertility.

Several illustrations may make this expression more meaningful: 1 ppm is two ponuds per acre—soil to a depth of about 6 inches weighs approximately 2 million pounds; 1 ppm is one teaspoon of soil in 1,000 pounds of soil; 1 ppm is one inch in 16 miles; 1 ppm is one minute in two years. Even though 1 ppm is a very small amount, it is very significant amount in agriculture. The difference between a fraction of one ppm of micronutrients in plants may be the difference between adequacy and deficiency. The difference between four and 10 ppm of phosphorus in soil solution may also mean the difference between adequacy and deficiency.* (reprinted from "Plant Food Review" a publication of the National Plant Food Institute, in Washington D. C.)

HERE FROM ABILENE

Mr. and Mrs. Barney B. Arnold and sons of Abilene visited his parents, Mr. and Mrs. Barney Arnold last week end. Bobby stayed with his grandparents for a longer visit.

MONUMENTS

"See Your Monument Before You Buy."
More Than 50 Designs To Choose From.

J. C. McGee

IN DALLAS

Mr. and Mrs. Johnnie Ryder and Mr. and Mrs. Harold Ryder and daughter from Seymour spent Sunday with Mrs. Lizzie Kyle.

Mr. and Mrs. Jerry Moorhouse and children of El Paso were recent visitors of relatives and friends here.

Veterans

QUESTIONS AND ANSWERS

Q—I understand my daughter although over 18 may continue to receive her nonservice-connected pension up to age 21 if she is attending a VA-approved school. How can we tell what schools are VA-approved?

A—Most well-known and recognized schools and colleges are on the VA-approved list.

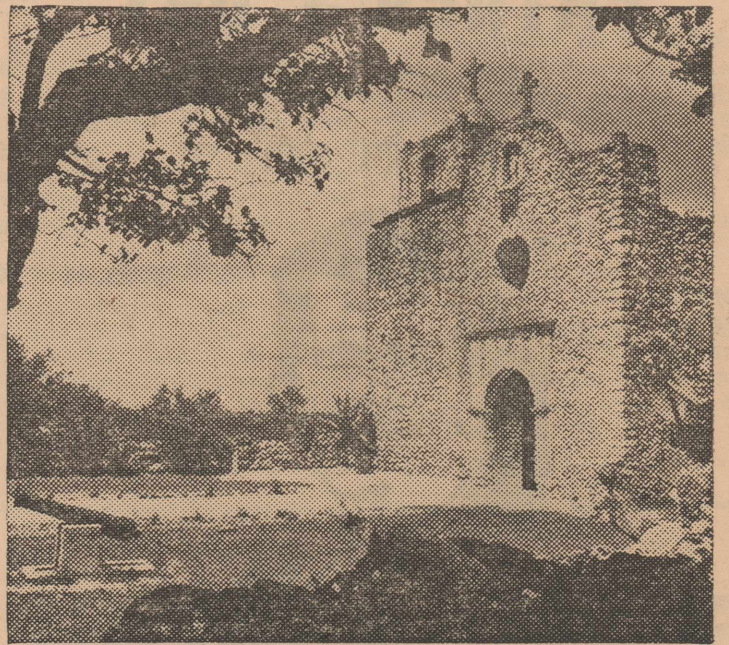

However, if you are in doubt about a school, contact the Department of Education in the state in which you live or the nearest VA office.

Q—I am a veteran about to retire. Will my Social Security benefit and also 26 weeks of unemployment compensation be considered as income?

A—Your Social Security benefit will be considered income but not until you have been given full credit for your personal contributions from wages to the Social Security fund while you were working. All unemployment compensation benefits are considered income.

Q—Are "peacetime" veterans entitled to hospital care?

A—Yes, but only if they were discharged for a line-of-duty disability or if they are receiving compensation for a service-connected disability.

GOLIAD — Presidio La Bahia, where the Goliad Declaration of Independence was drawn in 1835. Sunday mass is still celebrated here. Nearby is a monument to Col. Fannin and his men who were massacred in 1836.

gifts for dads AND GRAND-DADS

FATHERS DAY — Sunday, June 21!

We may be jumping the gun a little for Dad, but what better gift for him on His Day than a pair of Golf Shoes to wear at the golf tourney Friday. We also suggest a pair of Tony Lama Boots for that He man.
