

SECRET AMBITION — All of us at one time or another, have had a desire to do something we consider daring or devil-may-careish and our is to wear Bermuda Shorts. We have done our share of kidding the men about wearing these outlandish garments, but secretly we can't help but admire their spunk and bravery.

THANKS! — Received a letters from Mrs. Cecil Seitz and Mrs. Laura Grzebieniowski and they were certainly nice and will help make this week's headache a lot easier to bear.

Its both kinds of folk that keep our job rewarding? and uncertain.

Mrs. Tot Jamison, K C's first lady on the city council, and I were visiting the other day and she said most people condemned a "radical" and we agreed. Yet, she said, nothing has ever been done in this country for the good of all that a "radical" didn't start and finish it.

Mrs. Jamison has a book on the subject and has promised to let us read it in the near future.

HIGH COSTS — Of everything has finally got to the point where nobody is winning or can win. We know a number of merchants who have tried to keep prices down by standing firm on prices although they have been increased to them.

Of course this practice can be carried only so far and then something has to give . . .

MATTER OF OPINION — It has been our observation that people seldom use anything but a personal feeling when describing a product, such as a newspaper.

In other words if they happen to like the publisher or editor personally, they like the paper—if on the other hand they dislike him the paper stinks, regardless of how unfair the statement happens to be.

We have worked for the best weeklies and dailies in this state and at the time we worked for them feeling was split as to how good a newspaper they were.

A classic example happened when we worked in San Angelo in 1950 . . . The Standard-Times has long been anti-labor and it deplores labor unions in general. Obviously, organized labor, in general, don't like San Angelo. In that year the San Angelo Standard-Times was voted by organized labor (of Texas) as having written the most unbiased news coverage of labor of any paper in the state.

At the same time when every department was filled with organized labor at the Dallas News, labor voted that newspaper the "most biased and unfair newspaper in the state of Texas" toward labor.

TWO WEEKS ago a visitor to the Herald office left several copies of the Prescott, Arizona Evening Courier and one copy of the famed "Tombstone Epitaph." We were out at the time and the caller did not leave his name.

A column, "Tombstone Excavations" is a reprint of happenings of long ago and listed several killings and a few murders that had happened during that past week.

Thanks again for the papers!

NUMBER 37

Former Resident Completes Citizenship Course In Washington On July 17

Linda Buckles, daughter of Mr. and Mrs. Robert Buckles of Meeker, Colo., recently completed a 4-H Citizenship Short Course in Washington—D. C., July 12-17.

Linda is a former resident of Knox City and attended the Knox City schools in the first grade. She is a granddaughter of Mrs. H. M. Thompson and the late H. M. Thompson of Knox City.

The delegates were chosen upon their leadership in school, community and church. Linda has completed 8 years in 4-H Club work and is secretary of Meeker High School Student Body and the president of F. H. A. Each delegate represented a different county in Colorado.

They left Denver July 8. Cities visited were Topeka, Kansas, St. Louis, Mo., Vincennes, Ind., Louisville, Kentucky and Charleston, W. V.

In total the delegation went

Attends Union Grove Homecoming

Around 70 persons attended the homecoming of former residents of the Union Grove Community last Saturday and Sunday.

Mrs. Utric Lea was the only former teacher to attend. Scott Dutton of Tacoma, Wash., came the greatest distance.

Richard Averitt In Naval Training At San Diego, Calif.

Richard C. Averitt, Jr., son of Mr. and Mrs. Richard G. Averitt, of Knox City, has reported to recruit training at the Naval Training Center, San Diego, Calif.

He is learning basic military law, customs and etiquette, seamanship, and basic knowledge of shipboard routine.

Also included in the training was extensive military drill, first aid, swimming, water survival tactics and physical fitness.

Upon completion, he will be granted a 14-day leave before reporting to his new duty station or a service school.

HERE FROM TYE

Miss Cindy Wright of Tye visited her aunts, Clifford and Blanche Elliott recently.

Work Progressing On Methodist Sanctuary Here

Work on the new sanctuary of the First Methodist Church is progressing up to schedule.

Air conditioning ducts have been installed, the cement floors have been poured and the covered sidewalk has been poured.

The Building Committee discussed at its last meeting the purchase of church pews, carpet, and a communion table.

The contractor should be laying brick within the next week.

Tentative completion of the sanctuary is December 10.

T. E. Shelburn of Snyder is the contractor.

School Calendar--

August 28 ----- Enrollment
August 31 --- First Day of Class
Sept. 7 ----- Labor Day Holiday
Nov. 26-27 --- Thanksgiving
Dec. 22 ----- Last Day of Classes
Before Christmas Holidays
Jan. 4 ----- Resume Classes
March 5 --- Dist. Teacher's Meet
April 16 & 19 ----- Easter
May 21 ----- Last Day of Classes

Junior Troop 51 Has Meeting

Junior Troop 51 met for a meeting July 23 to order badges they had been working toward the summer months. Jill Thompson had completed more than anyone else. Others finishing badges were:

Rolanda Stubbs, Pam Pack, Cindy Ferrier, Alycia Miller, Gail Campbell, Walta Grimsley, Teresa White, Kathi Kent, Mary Jo Campbell and Jill, Walta, Gail, Teresa and Jill will fly up to the Cadettes.

There will be several Brownies who will fly to the Junior Troop 51.

Girls from the second one are asked to join. If interested, please call Mrs. Travis Thompson, the troop organizer, at 658-3512.

Contributions Asked To Defray Expenses

Some of the friends of Euell Vance have been making up some money to help defray his large medical expenses, but since most people are working long hours, they have been unable to see very many people in town.

If you would like to contribute any amount to help pay Mr. Vance's expenses, you can leave your contribution at Hoge Pharmacy or Jones Drug.

ATTENDS STATE BAND MEETING IN SAN ANTONIO

Norman Arnett, band teacher in the Knox City schools, attended the Texas State Band Teachers Association in San Antonio last week.

He reported that Band practice will begin here August 17.

RETURNS FROM HOSPITAL

Mrs. Cecil Seitz has returned home after three weeks in Baylor Hospital in Dallas, where she had major surgery.

HERE FROM FORT WORTH

Johnny and Bill Hurster of Fort Worth were recent visitors of their grandmother, Mrs. Myrtle White.

HERE FROM DENMARK

Mr. and Mrs. Paul Sieck who have been living in Denmark for the past three years are visiting her mother, Mrs. J. C. Reeder and other relatives for the next two weeks. Mr. Sieck is an engineer with the Gulf Oil Co.

They will make their home in Pittsburgh, Pa.

Cattlemen Like Senate Beef Bill

The president of the Texas and Southwestern Cattle Raisers Association, speaking at the East Texas Farm and Ranch Club meeting in Tyler Thursday night, applauded Senate passage of a bill imposing reasonable restrictions on beef imports. Fred Wulff of Brady said passage of this bill is a step toward stabilizing the U. S. beef cattle industry and voiced the hope that it would be followed by prompt and favorable action in the House of Representatives.

The bill passed the senate by a vote of 72 to 15. Senator Ralph Yarborough and Senator John Tower were among those voting for the bill. "Our senators are to be commended for this action," Wulff stated. "Presuming this bill becomes law, it means that the beef producer of the future will have a reasonably sound base upon which to make decisions for future operations."

Wulff pointed out that under present conditions any efforts by producers to bring supply in line with demand could be voided by increased importations of beef from other countries. "The domestic beef producer can look to the future with little hope knowing that each time he tries to solve his own beef supply problems his action will result in foreign beef taking over a larger share of the U. S. beef market," he declared.

The bill passed by the Senate would restrict imports of beef, veal, lamb, mutton and canned meats to a five year average based on the years 1950-1963. Beef imports during this period were the highest five years in history.

"We believe this is a reasonable bill," Wulff said. "We are not closing our doors to beef imports, we are only asking for action which would prevent the ruination of the U.S. cattle industry, and the severe crippling of countless communities, the economies of which are tied closely to beef cattle production and processing." Wulff emphasized.

He called attention to the fact that beef imports were only 1 1/2 per cent of domestic beef production in 1956 but said the so-called voluntary agreements negotiated recently with Australia and New Zealand set quotas based on the 1962-1963 beef import levels which amounted to 10 to 11 per cent per year growth factor. Wulff said the pattern of these negotiations has set the stage for other negotiations which could allow continued increases in beef imports.

He pointed out that the Chairman of the Australian Board of Trade hailed this growth factor as a major breakthrough. An Australian newspaper quoted him as saying, "First time an agriculture export nation has given assurance of a share in the growth of a foreign market."

"These negotiations are solid evidence of the need for the bill passed by the Senate," Wulff declared. "While the cattle raisers from importing countries were represented by able and competent men, the U. S. beef man had no one who stood up for his interests. These agreements can be voided by either country on six months' notice, and who can say the domestic beef producer will be better represented in any future negotiations?"

Wulff said passage of the senate bill indicates a deep understanding of the disastrous effects beef imports are having on present U. S. producers as well as the tragic consequences which could result in the future without such a law.

"Such a law also would ensure a continued supply of quality beef to the consumer at reasonable prices," he said. "Consumers' preference for this kind of beef is indicated by the steadily rising per capita consumption during the past two decades."

RETURNS HOME

Mr. and Mrs. Doyle Graham and Paul have returned home from an extended trip, visiting friends and relatives in Oklahoma, Missouri, Montana, Idaho and Colorado.

FUNERAL SERVICES FOR MRS. ALICE PULLIG HELD MONDAY

Funeral services for Mrs. Alice P. Pullig, 99, who died Sunday afternoon in the Brazos Valley Care Home, were held at 10:00 a.m. Monday in the First Baptist Church with the Rev. W. E. Lovelace of Knox City officiating.

Burial was in Knox City Cemetery under direction of Smith Funeral Home.

Mrs. Pullig was born May 5, 1865, in Arkadelphia, Ark., and moved to Haskell County in 1900. Two years later, she moved to Knox County.

She was married in Hunt County, Dec. 23, 1880, to the Rev. L. P. Lacky, a Baptist preacher and pastor in the Nedmore Community. Rev. Lacky died August 25, 1942.

She married C. W. Pullig March 9, 1943, in Knox City.

Survivors are the husband;

Prayer meeting will be at 7:30 p.m. each evening with the services starting at 8:00 p.m.

Evangelist will be Roland Moore of Tulsa and the song leader will be Rev. Thomas Bormann.

Everyone is invited to attend.

Steve Reyes Receives 10-Year Badge From Phillips Petroleum

Steve Reyes, owner of Steve's "66" Service Station, received a letter and badge from Phillips Petroleum Co., last week for his 10 years service with the company.

The letter said: "We are indeed happy to present you with this service badge in recognition of your 10 years' service in the handling of Phillips 66 products.

It has been a very pleasant experience for us to be associated with you over this period of years, and we sincerely hope that it has been both pleasant and profitable to you.

"We are so grateful to you for your fine patronage . . . for your unusual loyalty to our products . . . and for your friendship. We look forward to presenting you with your next service award in another five years.

"Yours very truly, J. A. Gilmer, District Manager, Amarillo, Texas."

JOE W. DOBY
COUNTY AGRICULTURAL AGENT

July has come and gone again and it almost got by without any rain falling. The first recorded moisture since June 14 was received last week. It varied from a slight shower to 2.3 inches over the county. The dry weather has damaged some crops and helped others.

Grain sorghum yields have been reduced and cotton has suffered badly. The cantaloupe and watermelon growers have had a very orderly and bountiful harvest, however. Yield and demand have been good for both these latter crops.

Cotton bolls are popping open and the first bale will probably be ginned this week. Boll weevils and bollworms have been rather scarce on most dryland cotton this year. The beneficial insects have kept the bollworm population at a safe level. The lack of boll weevils can be attributed in part to the early stalk destruction last fall which deprived them of food before hibernation. Irrigated cotton looks great, it has loaded good and although bollworms have had to be controlled, prospects are good.

Ranges have stopped growth and the grass is curing. Stock tanks are low or dried up. We can be thankful we did get rain in June which counties to the south of us didn't.

Farmers and ranchers in Knox County are urged to attend the field day at the Rolling Plains Soil and Crop Research Day, Chillicothe, on Friday, August 7. First session of the day will begin at 8:30 and will feature addresses by Paul Marion, Spur; Lester Brooks, Iowa Park; Dr. James W. Graves, Texas A&M professor; and Dr. H. O. Kunkel, associate director of the Texas Agricultural Experiment Station.

The afternoon program will be a tour of the research facilities. They will inspect current research in grain sorghums, guercotton rotation, wheat and cotton.

Dutch lunch will be served at the station at noon.

If you have been thinking about doing some pruning around the home, I would like to offer these suggestions:

The cardinal rule of pruning is, if you have no good reason for pruning a plant, put the tool away. The primary purpose of pruning is to remove unwanted growth, whether it be for the plant health, appearance, safety reasons or for disease control.

In dealing with shade trees, corrective pruning is sometimes needed to prevent formation of weak V-shaped crotches and limbs in the future. On older trees, removal of many small branches is more desirable than removal of a few large ones. When large branches or portions of the tree need to be pruned, an expert should be contacted. Just because he has "expert" painted on his truck is no reason to believe a person is one, however.

This is one of the biggest "trackets" we have, so be sure you know something about the person hired for this work.

Trees may be pruned at any time, but spring is excellent for pruning because of the rapid healing of wounds which occurs at this time. Pruning ornamental shrubs and small flowering trees depends on growth habits and blooming characteristics of the plants. Most shrubs and small trees which bloom during the spring produce their flowers on growth made in the previous year, therefore, these plants should not be pruned until they have finished blooming.

Additional information on pruning may be obtained from my office. Ask for bulletin B-377, "Modern Pruning Methods."

DPS To Train 50 Men For Patrol

Opportunity for a career in outstanding education with a regular monthly income while preparing for a career in outstanding public service as a patrolman is being offered by the Texas Department of Public Safety.

Fifty young men who can qualify will be selected to attend school at the Department of Public Safety Law Enforcement Academy in Austin. Upon graduation they will fill vacancies in one of the Department's four uniformed services—Highway Patrol, License and Weight, Motor Vehicle Inspection, or Driver Licensing.

Examinations will begin on Aug. 8, Sept. 12 and Oct. 10. Applications for these examinations must be received by 5 p.m. on the Mondays preceding those dates.

Only young men between the ages of 21 and 35 will be accepted as applicants. Full information can be obtained by contacting any patrolman or the nearest DPS Station.

Col. Homer Garrison Jr., urged interested young men to submit applications early to insure enrollment and to allow time for processing.

The four-month school will begin Nov. 19. Courses include 95 subjects which consume some 800 hours of classroom and other activities. Students will receive a broad education, ranging from law enforcement and investigation to table manners and from physical conditioning to the art of professional driving.

While in training, students earn \$375 per month. Upon graduation they become commissioned officers and receive salaries ranging from \$438 to \$453 per month, depending on branch of service. In addition, they receive longevity pay of \$10 per month extra for each five years of service up to a maximum of \$50 per month. Promotions are given on the basis of annual competition examinations.

Other benefits include two weeks paid vacation, 12 or more holidays each year as provided by the Legislature, 12 days per year sick leave which may accumulate to a maximum of 36

days, retirement system based on age and or years of service, social security benefits, travel expenses when away from station as prescribed by law, group hospitalization and life insurance plan (optional), uniforms and the necessary equipment to perform duties.

"Each patrolman answers the call to serve with the opportunity to participate in a constantly developing effort to curb the real menace of increasing crime and traffic accidents," Garrison said. "He becomes a part of the law enforcement team which is dedicated to the task of holding the line against these evils which sap the strength of our State and Nation."

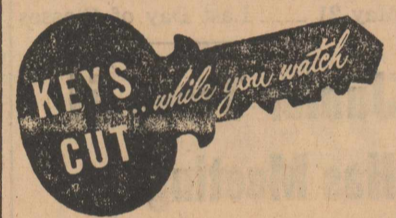

To qualify as a student-patrolman, applicants must be not less than five feet eight inches tall; not less than two pounds nor more than three pounds per inch of height; sound physical condition; 20-30 vision without corrective lenses; cannot be color blind; must have a high school education or the equivalent; and must be a United States citizen and a resident of Texas for at least one year immediately prior to date of application.

VISITIN GJOHNSTONS

Visitors in the home of Mr. and Mrs. F. A. Johnston over the week end were Mr. and Mrs. Jerry Johnston, Shane and Kerrie of Old Glory, Mr. and Mrs. John McGaughey, David and Jodie of Hawley, Mr. and Mrs. L. B. Skinner and grandsons of Eldorado, Okla., Mr. and Mrs. R. E. Walling and family of Casper, Wyo., Skeet McGaughey of Benjamin, Mr. and Mrs. Rob Johnston of O'Brien.

Letter to Editor:

Dear Editor:

I thought I had better advise you of the change in our address (before our Postmaster has to remind me to do so).

I am also enclosing a check for the Herald, before my subscription expires. I still consider The Herald as my longest letter from "home" every week, and regardless of what I'm doing, when it arrives, I take time out to read it immediately, as I'm sure a lot of other people do who still consider Knox City, Texas, as "home."

Sincerely,
Laura Grzbiekowski
Phoenix, Arizona

WYOMING VISITORS

Freda and Kim Walling of Casper, Wyoming, are spending the week with their grandparents, Mr. and Mrs. F. A. Johnston and friends and relatives.

Letter To Editor--

Dear Editor:

A special thanks to you Mr. Hill for being so generous and faithful in sending me The Herald the three weeks I was in the Baylor Hospital.

Getting that paper each week was like having a visit from a dear old well informed friend!

Thanks again,
Mrs. Cecil Seitz

TRAILER OR BASKET?

HESSTON VERSUS YOUR PICKER

can mean up to \$20 more profit per acre!

Whether you call it a brush harvester, as Hesston does... or a flexible roll stripper, as some others do... the Hesston V-22, with its rotating nylon brushes and rubber paddles will do in one trip what a spindle picker takes two or three trips to do. To see just how the V-22 stacks up, tests were conducted by the University of Arkansas and Oklahoma State University, comparing the Hesston V-22 to a spindle picker.

In Arkansas, the Hesston V-22 harvested 23% more lint, 20% more seed, and saved 10 minutes per acre. It boosted profit per acre by \$14.36. In Oklahoma, the V-22 produced \$17 to \$20 more profit per acre than the spindle picker. In an Alabama demonstration, Hesston earned \$17.28 more profit per acre.

Hesston works in cotton making up to three bales; it will strip shoulder-high, irrigated cotton, and it has proven its efficiency in open and storm proof varieties, rank stalks, and bumble-bee cotton.

ONLY the Hesston V-22 Basket model offers exclusive front dumping... hydraulically! So easy to position for unloading. Capacity is approximately 1,000 pounds.

Have some questions? Hesston has a new piece of literature that tells all about it, answers all your questions. Send in the coupon for information on the Hesston V-22 Brush Harvester, and the Hesston Hi-Net Cotton System.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — State Supreme Court took a recess last week after handing down a heavy volume of new rulings including one which in effect upheld the 1959 open beaches law.

High court declined to hear arguments attacking the law guaranteeing free access to the beaches and oceans. It left standing a Houston Court of Civil Appeals decision stating the public is entitled to use Gulf Coast beaches from the water to the vegetation line.

In other cases, the court: Permitted Texas Liquor Control Board to continue regulation of liquor exporters along the Mexican border during court attack on a law authorizing such control;

Set down arguments by State Board of Optometry Examiners to force Judge Dallas Blankenship of Dallas to rule on Dr. Ellis Carp's suit challenging its ethical practices order of 1959;

Overtaken a contempt judgment against the city manager and mayor of Hurst, Tarrant County, in connection with a condemnation case involving land for drainage easements;

Agreed to review an Austin district court decision denying a state savings and loan charter to Metropolitan Savings Association of Houston;

Refused review of a \$1,000,000 lawsuit in Hutchinson County brought by union members who claimed they were fired for following orders of their officials in a 1958 strike at Phillips Petroleum Company plants in the Texas Panhandle;

Refused a state AFL-CIO request to reinstate alleged "pro-employer lobbying" by Texas Employment Commission, leaving in effect lower court opinions.

Third Court of Civil Appeals overturned a district court ruling blocking Upshur Rural Electric Co-Op from building a \$9,000,000 power plant near Ore

City. However, it held the co-op cannot sell power to non-members.

APPOINTMENTS ANNOUNCED — Gov. John Connally appointed James S. Naismith of Corpus Christi and Donald C. Klein of Odessa to the State Board of Registration for Professional Engineers. Col. Thomas C. Green of Austin reappointed executive secretary.

Connally also reappointed Edwin Bueck, Edmund Hajovsky and Alfred Neumeyer Jr., of Hallettsville to the Board of Directors of Lavaca County Flood Control District No. 3. He selected James Bozka, Hallettsville banker, to fill the unexpired term of Robert Gindler, resigned.

SCHOOL TRANSFER UPHELD — Hockley County school board's approval of the transfer of 25 students from Witharral Independent School District to schools in Levelland, Littlefield and Anton was upheld by Education Commissioner J. W. Edgar.

Witharral authorities asked the commission to prohibit the transfer which had been requested by parents of the children.

REDISTRICTING "WORSE YET" — Sen. George Moffett of Chillicothe believes redrawing of state congressional districts is the hardest job ever to face the Texas Legislature. Moffett is chairman of a special committee studying the problem.

Moffett, who holds the all-time record for continuous service in the Legislature (34 years) spoke out on the eve of his committee's fourth hearing in San Antonio.

Committee waded through 5 new redistricting plans at the Bexar County hearing. Fifth hearing will be held in Lubbock on August 20.

Sen. Louis Crump of San Saba meanwhile announced he has called on Texas congressmen to support federal legislation authorizing states to retain full authority over both congressional and legislative apportionment.

BURIAL ASSOCIATION RATES TO RISE — State Board of Insurance has issued a notice to statewide and local aid associations and burial associations that they must adopt, by November 1 rates which will produce enough income to build their mortuary funds to the point where they can back up all benefits promised policy holders.

This action followed a hearing by the State Burial Rate Board at which State Insurance department actuaries expressed alarm that many small local mutual and burial associations were not collecting large enough premiums to pay all potential

claims. Many associations already have voted to increase rates and two have obtained board approval. Under the order, each of the 528 associations must appear before the Insurance Board now and July 1, 1965, and prove they have rates in effect which will bring mortuary funds up to the reserves required by law.

LEGISLATIVE INTERNS — Seven State government trainees who will participate in the 1964-65 program to interest qualified persons in government careers have been appointed by Speaker of the House Byron Tunnell.

Program is co-sponsored by the State of Texas and the Ford Foundation. First year "interns" are Charles William Hoehm, Schulenburg; William G. Reid, San Marcos; Jo Ann Pankratz Stiles, Comfort; Hubbard Scott Caven and Mrs. Clarice J. Davis, both of Austin; Jonathan S. Day, Houston; and Edward Lamar Farley, Dalhi, La.

ALAMO HIGHWAY — State State Highway Commission heard requests from a group of Texans representing cities from Texarkana to Round Rock. They asked that a route through their area be called "the Alamo Highway" and sought recommendations on ways to bring it to top condition by 1968.

Alamo Highway Association is made up of prominent boosters from cities and villages along U. S. 59 from Texarkana to Marshall; S.H. 43 from Marshall to Henderson; U. S. 79 from Henderson to Round Rock, and I.H. 35 from Round Rock to San Antonio.

F. B. Elliott of Jacksonville, president of the association, said "1964 will be a banner year in which to attract people from all over the east and the north to follow the Alamo route to the HemisFair in San Antonio and to the Olympics in Mexico City."

Highway Commission did not grant the request immediately. But its members, Herb Petry of Carrizo Springs, Hal Woodward of Coleman and Jack Kultgen of Waco, expressed interest in the tourist attraction idea.

WATER AID — Texas Water Commission has been busy trying to help communities suffering from the extreme drought. In little more than a week's time, the Commission sent one of its members, H. A. Beckwith, to Brackettville to help that city drill a water well when Las Moras Spring went dry; granted Thorndale a permit to pump 20 acre feet of water from the San Gabriel as an emergency measure; and secured a Kerr County court order restraining irrigators in the county from using water from the Guadalupe River and its tributaries for anything except domestic, municipal and livestock purposes.

NEW ANIMAL HEALTH DIRECTOR NAMED — Texas Animal Health Commission has picked Dr. S. B. Wlaker to replace Dr. R. G. Garrett as Executive Director of the commission when the later retires to his Taylor farm in October.

Dr. Walker now is supervising veterinarian for the Animal Health Commission. He received a bachelor's degree from Texas A&M in 1955, and his doctor of veterinary medicine degree in 1959. He's a native of Hillsboro.

CONDEMNATION CASE Clinic Set — Atty. Gen. Waggoner Carr's department will sponsor a three-day seminar on the trial of condemnation cases November 5-7. Carr is extending invitations to district, county and city attorneys, district and county judges and all attorneys who represent condemning authorities.

Among the speakers will be State Highway Engineer DeWitt C. Greer, former Atty. Gen. John Ben Shepperd, Supreme Court Justice James R. Norvell,

George Thompson of Sweetwater and Carr.

EXTRADITION HEARING HELD — Secretary of State Crawford Martin will recommend to Gov. Connally whether the governor should grant extradition of Melvin Lane Powers to Florida to face murder charges.

Martin conducted an extensive hearing on the request of Florida Gov. Farris Bryant to extradite Powers, 27, who is charged with the stab-killing of his wealthy uncle-by-marriage Jacques Mossler, 69. Defense Counsel Percy Foreman fought the request.

SHORT SNORTS — Parks and Wildlife Commission granted a special October archery season on buck deer in 28 counties — GOP congressional candidate Des. Barry of Houston plans to appeal a State Board of Insurance ruling that his truck line, Galveston Truck Line Corp., must pay an extra-high rate for insurance because it is licensed by Federal permit only, and not by the Railroad Commission — 1964 is a measles year for Texas according to the State Health department which reported 68,914 cases so far this year, compared to 17,978 in 1963 — State Securities Board granted applications this week from eight firms to sell \$2,800,000 worth of stocks — Attorney General Carr ruled that county mutual insurance companies qualified to write all lines of automobile insurance on all motor vehicles — Carr also held that under certain conditions, a bequest to a charitable nonprofit corporation may be exempt from State inheritance taxes.

CARD OF THANKS — It is hard to find sufficient words to express my deep heartfelt thanks and appreciation for the concern and kindness of all my many wonderful friends who prayed for me, visited me and sent cards, letters, flowers and candy which brightened my recovery in the hospital. May God's richest blessings be upon each and everyone of you.

Mrs. Cecil Seitz

TIME SAVERS
by Martha Brandt

"QUICK-UPS" OUTDOORS — Making things shipshape is not only work for boat owners — it's a must for anyone with a porch, patio or backyard. Summer is the time of year when nature's paint brush makes the outdoors look wonderful — and the porch furniture and other equipment look terrible. Make short work of any outdoor painting jobs with some of the aerosol paints designed for these purposes.

This year you can even start by spraying on a pair of gloves — there's a coating made for use on hands to protect skin against paints, acids and other possible skin irritants. Once protected you can spray porch furniture, railing or gate in a fraction of the time it used to take you with a paint brush.

Consult your hardware or paint dealer about the best kind of paint to use. He'll probably agree that spray paints are particularly good time-savers when used for such areas as the railings, gate and railings of wrought iron fences, or for porch furniture. Whichever kind of spray paint you use, it will be easier to apply in the right spot if you collect some large pieces of cardboard (from shirts or dress or suit size boxes) to be used as "baffles" behind the area you're painting. Spray painting can be done with one hand, holding the cardboard with the other. Remember also that, as with all paints, you should avoid breathing paint fumes or particles. Choose a windless day for outdoor painting and keep the paint spray aimed away from your face — as well as faces of kibitzers such as small children and family pets.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.
HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker

of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of the introduction of any bill amending a law creating or governing a particular conservation and reclamation district if such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds, or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:
"FOR the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."
"AGAINST the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

IT'S THE LAW in Texas

CIVIL OR CRIMINAL

Court actions fall into two classes — civil and criminal. In the civil case which takes up most of our time, a person of a business, for example, may seek damages or "relief."

A car accident may give rise to a civil suit when you sue for damages claiming that the driver of the other car is to blame for the harm you suffer. The same accident could become a criminal action if an officer picked up the driver, for example, for driving while intoxicated.

The civil suit covers private offenses or "torts"; the criminal action, public offenses or crimes.

Centuries ago the courts sought to limit court actions. If the facts failed to fit exactly into well-worn pigeon holes, the courts could do nothing for the party who was wronged, no matter how much he suffered or how much property he lost.

As against this old common law system, a new system — equity — came about a few centuries later. "Equity" gave a remedy where the "law" gave none. Under the law generally you could not sue to prevent somebody from continuing to harm you; equity gave you the right to an "injunction" — a court order, halting the wrong on penalty of court punishment. It could prevent someone from trespassing on your property.

Under the "law" you could not compel a person to carry out exact terms of his contract. You could merely sue him for the money it cost you. But under "equity" you can get "specific performance", that is, the court can order a contractor, for example, to sell you the exact piece of land you contracted for, or old master painting you paid for — and not something "just as good."

And so now private court actions are civil suits — which come under the law or under equity, or criminal actions which the public, through the district attorney, is a main party.

Centuries ago two kinds of courts heard law and equity cases respectively, but in Texas today our District Courts can try both kinds. In fact they may also hear felony criminal cases. By cutting down on the number of different kinds of courts hearing different kinds of cases, our system of justice has simplified court machinery and made it that much useful to the people.

Accent on Health By Dr. J. E. Peavy

Those golden years have the possibility of taking on more of a healthier hue now than ever before.

About 20 years ago the average American could expect to die when he reached the retirement age of 65. But today, 17,500,000 American are over 65, and the generation being born today may well be the one that can expect to live to be 100 years old.

But just living longer isn't enough. Extra years mean little unless they are healthy, active years. You can enjoy all the added years modern medicine has given you you can keep young in spirit, body and mind — by practicing a little moderation and following some simple rules.

First, see your family physician regularly for a physical checkup. Today he can diagnose and treat successfully almost any disease or ailment, if he finds it early enough.

He can prevent many of the illnesses that may otherwise come your way.

As the years pass, you usually need less food, and there is some shift in nutritional requirements. You will need more protein, vitamins and fluids, but fewer fats and calories. No one can feel young and peppy when he's carrying extra weight.

Adequate rest is essential as both your mind and body need peace and quiet to recoup from the rigors of the day.

The mark of an "old" person is creaking joints, aching back and myriad other complaints. Keep all your body parts in good working order by using them.

Fill your days with productivity. The quickest way to "old age" is through boredom. So keep up your interest in your work and your surroundings.

Participate in community af-

fairs rather than fussing and fretting about yourself at home. If you want to be among the happiest people — the doers — share your time and talents with such things as raising funds for charity, getting out the vote and participating in other civic programs.

Another shortcut to "old age" is worry — and worry, besides putting you in an unpleasant frame of mind, can sometimes lead to illness. Many worries about tomorrow can be avoided if you plan, and act, today.

Study Club Has Called Meeting

A called business meeting of the 1946 Study Club was held Monday morning at the Womans Club with Mrs. Jerry Cobb presiding.

Coffee was served as the members arrived. A financial report was given by the secretary, Mrs. Bobbie Joe Helton. Mrs. Ted Darland gave a report on the program for the coming year.

Mrs. Paul Clayton gave a report on plans of the financial committee. Mrs. Chad Wilson resigned and her resignation was accepted with regret. She was the first president of the club.

Mrs. Tommy Kent resigned as corresponding secretary and Mrs. R. F. Barnard was elected to fill the vacancy.

Volunteers to help with clean up day at the club were Mmes. Paul Hoge, Barnard, Helton, Clayton and Jerry Guinn.

New members elected to the club were Mmes. Robert Howell, Dan Smith, Vic Lowry, Bob Bryant, Frank McAuley and Jim Rea.

Opening dinner of the club will be Sept. 15, and Kenlett Dept. Store will present a style show.

IN RUIDOSO

Mr. and Mrs. Allen Hester are vacationing in Ruidoso, N. M., this week.

Mrs. Dal Henry Is Party Honoree At Truscott Aug. 1

Mrs. Dale Henry, the former Miss Carolyn Hickman, was honored Saturday, Aug. 1, with a shower at the Truscott Methodist Annex.

Hostesses for the afternoon included Mmes. E. J. Jones, R. C. Daniel, W. O. Corder, J. R. Brown, Lumir Tomanek, J. G. Adcock, and U. R. Owens of Truscott, and Mmes. Bill Bell, C. S. Bartley, Guy Todd, Darwin Bell, Leo Cates, Jack Thomas and John Rader of Crowell.

The table was laid with a cut work cloth over blue and was decorated with a centerpiece of blue and white carnations. Crystal and silver appointments completed the table arrangement. Mrs. John Black and Miss Ruth Sanders, both of Crowell assisted at the tea table.

Guests were greeted by Mrs. J. G. Adcock and registered by Miss Ella Ann Gates of Crowell.

The receiving line included the honoree, Mrs. Jack Hickman of Truscott, mother of the honoree; Mrs. Jim Henry of Crowell, mother of the groom; and Mrs. H. L. Ayers, sister of the groom. Mr. and Mrs. Henry were married July 11 and are at home at 702 Burnett, Wichita Falls.

FORT WORTH VISITORS

Mr. and Mrs. J. Rollie Pray of Fort Worth were guests of their daughter, Mrs. Clyde Williams and family this past week.

CORRECTION

Mrs. J. C. McGee was elected secretary-treasurer of the Knox City Garden Club at a recent called meeting.

Streams In Desert Places

Ozelle Stephens

"Whatever ye would that man do unto you even so do you also unto them." When you obey the golden rule as God commands, you do good not only in good deeds, but also in good words, good thoughts, good feelings, and in spiritual blessings.

Without doing all with love from your heart you miss the blessings that should be yours; as well as the other person cannot be made fully happy. For thoughts full of hatred, criticism and grudges not only wounds and crushes your friend but they destroy your peace and joy. Love and harmony cannot be present. When giving from the hearts good feeling it includes the giving of your whole heart, mind and spirit.

It opens the channel of love from God through us to others then back to us. "For he that love life and see good days, let him refrain his tongue from evil and his lips from speaking guile. Let him eschew evil and do good, let him seek peace and ensue it. One reaps what-so-ever he sows, in the manner he sows."

HOME FROM CAMP

Kelton Smith, 11 year old son of Mr. and Mrs. Zeb Smith spent two weeks at the Soropimist Camp for handicapped children at Argyle, between Denton and Dallas, this summer. He was able to participate in most of the activities Mrs. Smith said and wants to go back next summer.

PUBLIC NOTICE Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one percent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one percent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one percent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

The Treasury introduces a \$75 Savings Bond

For your convenience, the Treasury Department now offers a new denomination Series E Savings Bond.

It's worth \$75 when it matures in 7½ years. Sells for just \$56.25.

And like all the other denominations of U. S. Savings Bonds, it's dedicated to the cause of freedom.

It's on sale now. Buy it where you work or bank.

Quick facts about Series E Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You pay no state or local tax and can defer the federal tax until the Bonds are cashed

Buy E Bonds for growth—
H Bonds for current income

Mr. and Mrs. L. L. McConnell of Lone Wolf, Okla., are visiting in the Reed home.

Mr. and Mrs. Alton Burgess and Patricia of Fort Worth visited the O. A. Burgess over the week end.

Dianne and Micky McMahon of Munday visited their grandmother, Mrs. Bromley last week.

Not Just Anyone Can Become A Nurse T.H.A. Says

Contrary to popular belief, not just ANYONE can become a nurse. Many women have experienced the rude awakening that nursing isn't as "glamorous" as they had first thought.

What actually inspires a young lady to devote her life to a nursing career? There really is no "glamour" in living with misery, pain, suffering, and death day in and day out.

They are not known for receiving great salaries for services performed. Her work certainly can't be classified as easy—she know long, anxious hours of hard work is both physically and mentally exhausting.

What then is the motivation for a person to enter the nursing field?

Nurses must have something more than just the desire to be employed—they must have a tremendous love of their fellowman; they must be willing and able to work long hours; they must be capable of self-sacrifice, and they must demonstrate an ability to work together and in so doing, assure the patient of consideration, kindness and understanding, as well as efficient care.

Analysis of our modern hospital service reveals that nursing functions range from the simple to the complex. Workers of different levels of training and experience are needed to perform the total nursing job and the need for the auxiliary nurse to supplement the registered nurse and licensed vocational nurse is unquestionable.

This has become the function of the practical nurse and the nurses aide.

Practical nurses and nurses aides must start their training with the basic functions such as the hospital method of making beds, hospital housekeeping, hygienic care of the bed patient and even the hospital method of emptying a bed pan. During the weeks and months she is making thousands of beds and emptying a like number of bed pans, she is learning to perform some of the other helpful nursing procedures necessary for the care and comfort of the patient. She has constant supervision from an experienced licensed vocational nurse or professional registered nurse. As she progresses in her knowledge and skill, she is allowed to perform many nursing assignments without supervision such as preparation of patients for surgery.

Many high school students are

M. H. Mansfield Has County's First Bale

The Herald received word late Wednesday that the first bale of cotton to be ginned in Knox County was ginned at the Paymaster Gin in Knox City.

It was ginned Wednesday, August 5 and belonged to Mr. M. H. Mansfield.

The bale weighed 490 pounds.

HERE FROM ABILENE

Dr. and Mrs. Jack Edwards and daughters of Abilene were Sunday visitors in the home of Dr. and Mrs. R. C. Edwards.

HERE FROM ABILENE

Mr. and Mrs. Ernie Wilson are entertaining their granddaughter, Holly Winstead, of Abilene this week while her parents, Mr. and Mrs. Charles Winstead are on a vacation.

VISITS HOGES

Bill Yarborough, a former Knox City resident and Lee Vaughn of Concord, Calif., were week end guests of the Paul Hoges. They are stationed with the Army at Camp Wolters.

VISITS PARENTS

Mrs. Charles Reed and sons are spending the week here visiting her parents, Mr. and Mrs. M. S. Lowrey and other relatives. Charles is attending Coaching School in Fort Worth. Both are teachers in the New Caney school near Houston.

VISITS HERE

Mr. and Mrs. Ronald Voss visited their parents here the past week end.

MUNDAY VISITOR

Miss Jerilyn Duke of Munday spent Friday night and Saturday with Sharon Humphries and Cora Jan Fitzgerald.

VISITING IN WICHITA FALLS

Cora Jan Fitzgerald is spending part of this week with her cousin, Sharon Humphries, in Wichita Falls.

permitted to spend their summer months working and training as nurse aides in their local hospitals. The satisfaction gained by thus learning another method of serving humanity often leads to a nursing career.

Aides are trained to serve in all departments of hospital, thereby allowing the registered nurse and the licensed vocational nurse to devote their time to the more professional nursing procedures for which they are trained. The practical nurse and the nurse aide are the last, but by no means the least important member of the hospital nursing team.
