

THE KNOX COUNTY HERALD

VOLUME 58

KNOX CITY, KNOX COUNTY, TEXAS, THURSDAY, AUGUST 13, 1964

TEN CENTS PER COPY

NUMBER 38

DID YOU KNOW — That men from 21 years of age and over once had to work a day for the county each year.

R. C. (Monk) Smith told us recently that residents could either work a day or pay accordingly . . . This was part of the taxes.

We bet a commissioner had fewer complaints about roads then than he does now, although nearly half of the roads are paved.

AND did you know that Mr. Sam Reed was once a baseball pitcher for this area? Once at Aspermont he pitched 14 innings — in a pitcher's duel — with the score 3-3 until the 11th and his team won 6 to 3 in the 14th!

That was back in 1906 or thereabouts, we understand.

ALSO, that Texans spend millions each year for men and equipment just to keep the highways clean?

Several weeks ago we were riding west of Knox City and met a state highway truck — two men were throwing beer bottles and cans in the truck and had a truck load of them when we stopped to chat.

A big truck load had been picked up off the right hand side of the road between the cemetery and three miles west of Knox City.

Considerably more cans and containers are found on the opposite side, however.

Citizens who have traveled extensively may disagree with us, but we believe Texas has the best as well as the most paved roads in the country, but more glass and cans than any of the other states.

We find it hard to believe that the Highway Dept. can keep the roads as well as they are kept with so many of us throwing garbage and containers so profusely.

It is done by constantly keeping on the move and at your expense — the trucks make the same route at least every two or more than every three weeks — and for the many miles of roads we have you can readily see it costs a lot of money.

Folks who enjoy the privilege of getting a "cool one" at any time are sure taking a chance on losing this right by being so sloppy with the package.

A case of beer isn't much, but it looks BIG when scattered over a ten mile stretch of road.

IMPORTED BEEF — Anyone who would buy a pound of imported beef, especially in Texas, just isn't thinking . . . It was the cattleman who fought the hardest and longest for "Americanism" and up to now has handled his business in his own way.

You can help these hard-fighting men by eating more and better Texas beef . . . The best steaks in the world come from Kansas City, everyone is aware of that, from TEXAS beef . . . Your loyalty and consideration will pay you ten fold in the long run. Be loyal, support Texas Cattlemen!

Quarterback Meeting Planned Aug. 20

Knox City's Quarterback Club will have its first meeting next Thursday night at 8 o'clock, the Herald was informed Wednesday, by President Bud Carver.

Carver said new officers will be elected at next weeks meeting and urged all members to attend.

VISITING IN DALLAS
Mrs. Ance Waldrip of Knox City and Mrs. G. D. London of Throckmorton are visiting Mrs. Lee Smith in Dallas this week.

IN COLORADO
Mr. and Mrs. Kenneth Lawson and Kenny are vacationing in Colorado this week.

VACATIONING IN COLORADO
Mr. and Mrs. Tom Campbell and family are vacationing in Colorado this week.

CHECKING COTTON — A delegation of ginners and seed buyers from Oklahoma were guests of Northern Star Seed Farms Thursday morning and made a tour of test plots the O'Brien company planted this year. Second from left is S. N. Reed, manager of Northern Star Seed Farms and third from right is Claud Reed, grower of the fine cotton shown above on the Clarke farm between Knox City and Munday.

Gillespie Baptists To Hold Revival Aug. 17 To 23

Gillespie Baptist Church will begin their summer revival services Monday morning, Aug. 17, it was announced this week by Rev. Jerry Clark, pastor.

Morning services will be conducted at 10 a.m. and evening services will begin at 8 p.m. Rev. R. E. Barclay, pastor of the First Baptist Church in Silsbee, Tex., will be the evangelist.

Bro. Joe Earp of Munday, will lead the music for the revival.

The nursery will be open for each service.

Everyone has a cordial invitation to attend.

City Council Has Regular Meeting

Knox City's City Council held their regular meeting recently with four members and the mayor being present. They were: Aldermen Jesse James, Kenneth Lawson, Mrs. O. L. Jamison, and Paul Clayton, and Mayor Buddy Angle.

Alderman Otis Cash was absent due to major surgery and was in the hospital at that time.

Most of the meeting was devoted to discussion and actual business completed was: Jesse James made a motion, seconded by Kenneth Lawson to make Mayor Buddy Angle the note signer at the Citizens State Bank.

All voted in favor of the motion.

Paul Clayton more a motion seconded by Jesse James that the city pay the month's bills.

All voted in favor of the motion.

HOT, HOT!

Although this summer has recorded the longest heat wave in many years, the hottest day to date was recorded on August 3, 1936.

Last Thursday's Aug. 6, thermometer recorded a hot 112 for this year's first hottest 112 degree day!

CHURCH OF CHRIST SERVICES AUGUST 23
Members of the local Church of Christ are invited to attend special services to be held in Vernon August 23 to 30 held in the Wilbarger Auditorium. August 27 will be designated as Knox City night.

Speaker will be Raymond Kelsey, instructor in Oklahoma Christian College.

IN RUIDOSO
Mrs. Henry Jones and Miss Martha Jones are in Ruidoso for an extended stay.

Grand Master Of Texas Masons To Be In Haskell For New Temple Dedication

John B. Collard, Jr., Grand Master of Texas Masons, will be the principal speaker at Haskell tonight for the dedication of the new Masonic Temple.

Program will be held at 7:00 p.m. with the opening of the Haskell Lodge No. 682, and receiving Grand Officers of Grand Lodge of Texas. Open House will be at 7:30 also and organ music and refreshments will be served.

At 8:30 public dedication of new Masonic Temple by John R. Collard Jr.

Mr. Collard was born Oct. 14, 1914, at Hansford, Texas. He attended grade schools in Spearman and Vernon; graduated from Amarillo High School and New Mexico Military Institute.

He also attended Texas Military College, Texas A&M and the University of Southern California. He holds a B.S. Degree in Business Administration. He also served as a Lieutenant Senior Grade in the U. S. Navy during World War II.

Grand Master Collard heads a quarter-million Texas Masons. He was raised to the Degree of Master Mason in Hansford Lodge

RETURNS HOME

Mr. and Mrs. Bob Harrison and Robbie have returned home after several days spent in Arkansas, and Oklahoma, visiting friends. While in Arkansas, they visited the Bill Males, former residents of Knox City who live in Siloam Springs, Ark.

1040, Spearman, on Nov. 9, 1936. He is a Past Master of that Lodge.

He served as District Deputy Grand Master of the Grand Lodge of Texas in 1955-56 and was on the Credentials Committee of the Grand Lodge in 1959-1960. Elected Grand Junior Warden in 1960, he steadily rose to his present position as Grand Master of Masons in Texas, being elected in 1963.

Grand Master Collard has been extremely active in Blue Lodge Masonry as well as in other Masonic organizations.

He is engaged in real estate, insurance, farming and ranching in Spearman. He also pilots his own plane. He is married to the former Marjorie Davis and they have three children; Carolyne Susanne, Helen Lucylle and Thomas Randle.

Sarah Bellinghausen Returns From New York Trip

Mrs. Herbert Bellinghausen was in Dallas Monday to meet her eight year old daughter Sarah, who flew to New York last week with her grandmother, Mrs. Kay Frizzell, to visit Sarah's uncle and aunt, Mr. and Mrs. Ken Frizzell.

Mrs. Frizzell stayed for a longer visit with her son and family.

Sarah reported that she had a wonderful time in New York, enjoyed the plane trips, and was not quite ready to come home.

Accompanying Mrs. Bellinghausen to Dallas were her daughter Paula and Mrs. Chad Wilson.

While there they also visited Mrs. Charles Markward and Chuck.

HERE FROM CALIFORNIA

Mrs. Alice Soto, of Lemoore, Calif., is here visiting her father, C. W. Pullig.

HERE FROM OREGON

Mrs. Rose Harper of McMenville, Oregon, who has been here visiting her father, C. W. Pullig, returned to her home in Oregon Wednesday.

RETURNS TO KNOX CITY

Mr. and Mrs. Skete Carpenter and Alma Culwell returned home Wednesday from a ten day trip to San Antonio, Corpus Christi, and Old Mexico.

HERE FROM HOUSTON

Mr. and Mrs. Jack Simmons and sons, Jack, Jr., and Jim of Houston spent last week end here with his parents, Mr. and Mrs. Joe Simmons.

J. F. Dunnam, 79, Dies; Services Held In Winters

James Frank Dunnam, 79, died at Hendrick Memorial Hospital in Abilene at 9:30 p.m. Tuesday following an illness of five years which became very serious the past two weeks.

He had lived in Knox City the past 40 years and prior to that he lived in Winters, Coleman and Breckenridge. He married Carrie Evans in 1934 at Hyinton.

He was a retired stockman and farmer and a member of the Baptist Church.

Funeral services will be held at Spill Funeral Home Chapel in Winters and burial will be at Hyinton Cemetery at 2 p.m. today (Thursday).

He is survived by his wife of Knox City; two sons, Jim of 3050 Grand in Abilene and Charles of Sacramento, Calif.; four daughters, Mrs. Robert E. Briggs and Mrs. Opal Parker, both of Sacramento, Calif., Mrs. B. F. Foshee of Brownfield and Mrs. J. C. Eaton of Knox City; three stepchildren, Mrs. L. E. Shaffer of Sweetwater, Mrs. Charles Purcell of Nolan and Mrs. Matt Crawford of Midland; 24 grandchildren; 34 great-grandchildren; four brothers, Joe and Grady, both of Winters, Rube of Phoenix, Ariz., and Ed of Hamlin; and one sister, Mrs. Walter Brewer of Winters.

HERE FROM HOUSTON

Mrs. Ken Clonts and sons, John and Randy of Houston and her sister, Mrs. Jerri Strickland of San Antonio are visiting Mr. and Mrs. W. E. Clonts.

Ken and son, Yankee, will arrive Saturday for a visit.

LEAVES SATURDAY

The Rev. and Mrs. Floyd Bailey, Sr., and the Rev. and Mrs. Floyd Bailey, Jr., and family will leave next Saturday for a vacation at Eagle's Nest, N. M. Rev. Bailey, Jr., has been the evangelist for a series of meetings held at the local Four Square Church for the past ten days.

HOME FROM FLORIDA

Mrs. J. M. Bradberry has returned from a ten day visit with Mr. and Mrs. Bobby Lynn Bradberry in Miami, Fla.

RETURNS HOME

Mr. and Mrs. Charles Reed and sons have returned to New Caney, Texas after a visit with relatives here. Charles is assistant coach at New Caney High School.

VISITS HERE

Randell Walling of Casper, Wyo., is visiting relatives here. Kitty Larson, a student at Texas Tech., was a week end visitor in the home of Mr. and Mrs. Jack Stubbs.

Next State Senator—

Jack Hightower, Vernon Lawyer, Speaks To Knox City Lions Wednes.

Jack Hightower, Vernon lawyer and a candidate for State Senator was the principal speaker at the Knox City Lions Club Wednesday noon.

Joe Roy Smith and Bruce Campbell Jr., were program chairmen.

Campbell introduced the program.

Hightower began his talk by saying his talk would be non-political . . . "you have to be particular about political jokes, 'cause sometimes they get elected," he commented.

After relating a few more jokes he said he had always been interested in building, and that he had always admired a skilled craftsman.

"I'm a builder too," Hightower said, "as a lawyer the law is the tools of civilization. Most people don't realize how important laws are."

He said all laws have been built upon Moses law. The first being 2025 B.C.

One of America's greatest laws, he said was written by Thomas Jefferson in the Declaration of Independence, and by Jefferson and Madison in the Constitution.

"The Constitution has been amended 22 times since it was written, which is remarkable. At that time the country was primarily rural with only about 100,000 on the eastern seaboard. All this has changed today, yet the code of law is the same."

He said our code of laws were practically the same since the time of Moses for changes have been "gradual and slow" and no radical changes . . . ideas have been well thought out and have had support of the people.

He said the Constitution is not complete and although there have been 22 amendments, there would no doubt need more changes as we continue to grow and progress.

"Our tools of civilization must be kept in good repair," he

said, and the workmen must also be skilled, as for the blueprint, Hightower said this was not easy to decipher, for what we are trying to achieve, we didn't know . . . we all desire a place and opportunity to work, that we all wanted world peace and an opportunity and our children's children.

Hightower said we all had certain duties to God, our real responsibility; devotion to our Constitution and for what it stands for and our obligation to others. "Tools of civilization is the reason why we are really here," he said.

He concluded his speech by saying it was "our duty to preserve our code of laws for if we don't it won't be here for the next generation."

"I am happy to be a worker . . . that we might grow and prosper and remember our duty to God, our country, and to each other."

Longvals Honored With Going Away Social At Church

The local congregations of The First Christian Church and the Methodist Church were guests at the First Baptist Church Sunday evening.

The Rev. Tony Longval is moving this week to Lubbock where he will be pastor of the Monterey Baptist Church.

After services an ice cream social was held on the church grounds. Hob Smith, local chairman of the pulpit committee said they would do their best to fill the pulpit each Sunday until a minister can be found. Other members of the committee are: Charles Reese, Joe Avritt, Tommy Kent, and Bob Harrison.

"Green Hornet" Buried At Golf Course Sunday; Funeral Remains Mystery

Mystery prevailed in Knox City early Sunday morning when E. Hob Smith stopped for an early cup of coffee and after breakfast and a visit with the cafe's early patrons, found his ambulance missing.

Friends and patrons looked high and low for the ambulance and found it in the middle of the Knox City Golf Course.

As the above picture shows, there was a "funeral" for the "Green Hornet" a golf cart owned by Jeff Graham and Buddy Urbanczyk, Knox City's leading golfers.

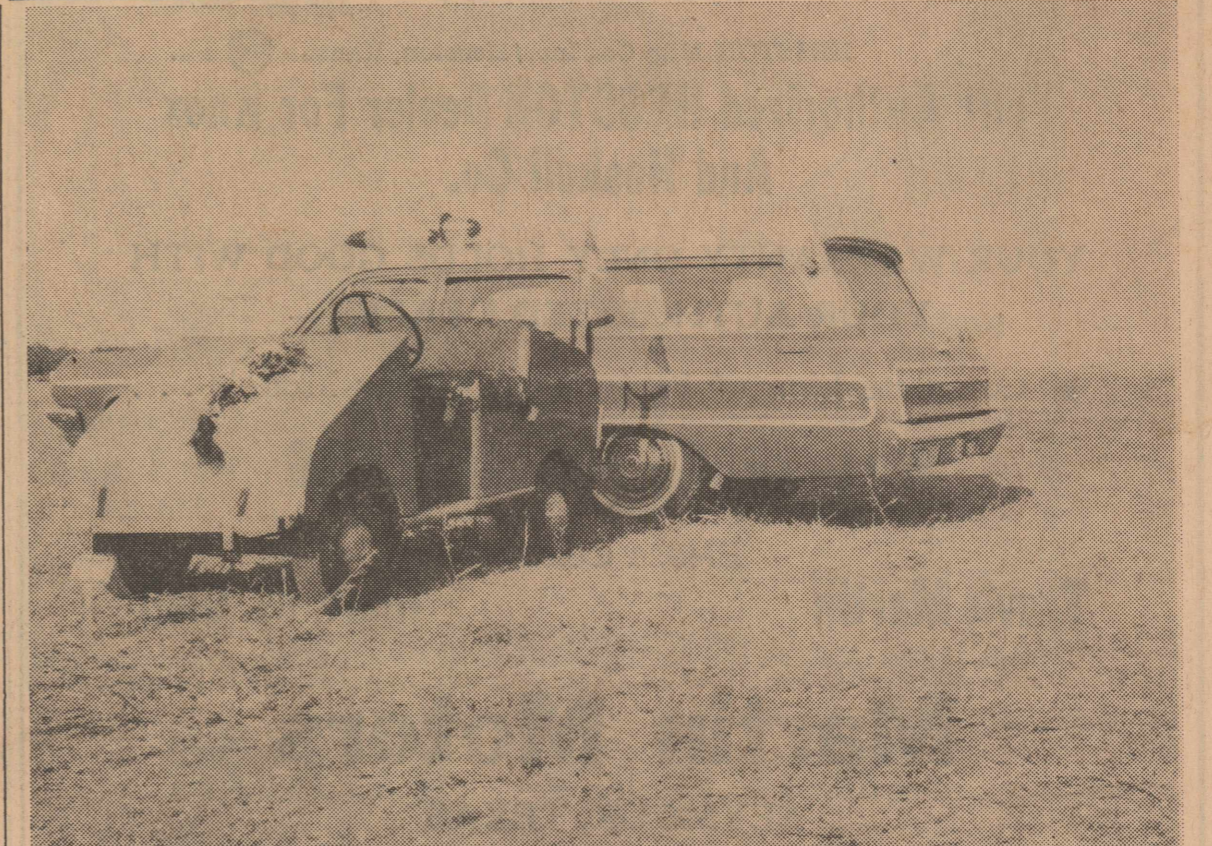

The cart has been in the same

location since July 22 and the marker says—

Green Hornet
Born Jan. 10, 1901
Died July 22, 1964
Postmaster Graham had no idea who had "buried" his faithless old cart.

A Herald reporter was unable to assist in the solution of the mystery, but one golf enthusiast who wanted to remain anonymous, said "It couldn't have happened to a better cart . . ."

It has been a standing joke and a source of betting on how many times it would die and fall to start on a certain number of holes."

GREEN HORNET Rests in peace . . . and mystery reigns supreme as to who "borrowed" the Smith Funeral Home ambulance to "bury" the Green Hornet. Burial site is at Knox City Golf Course and mourners left flowers and a head marker to pay their last respects.

AUSTIN — Texas' progress in the field of race relations was commended by visiting federal officials here to discuss aspects of the new Civil Rights law.

Gov. John Connally met briefly with Secretary of Commerce Luther Hodges; former Florida Gov. LeRoy Collins, director of the new Community Relations Service, and former Gov. Buford Ellington of Tennessee.

Session was one of a series to be conducted with governors in all states at the request of President Johnson to discuss the Community Relations Service operation. Agency will provide counselling service at the state and local level to resolve discrimination disputes.

Governor Connally predicted Texas will continue to move forward without outside help.

Meanwhile, Texas School Boards Association warned that action on the part of segregated schools between now and Labor Day may determine their continued eligibility for federal funds.

According to Department of Health, Education and Welfare

officials on the Civil Rights Law all the answers won't be known until new regulations are drawn late this month.

But the law has been interpreted as banning federal aid to segregated facilities.

Texas schools now get about \$30,000,000 a year in federal money for such programs as the national defense education act, vocational education, school lunch and milk program and aid to districts where federal installations bring in a large number of pupils.

NEW personnel indicate tentative procedures for enforcement of Title VI (of the Civil Rights Law) will require assurance from local school boards of compliance or intention to comply before federal funds will be awarded.

APPOINTMENTS ANNOUNCED — Governor Connally selected Pat Taggart of Waco, president of Newspaper, Inc., as a member of Texas State Historical Survey Committee to succeed Sam Privitt of Childress for an unexpired term extending

until January 1. New members of the State Board of Vocational Nurse Examiners are Miss Hedwig Pustejovsky of Houston, Mrs. Jimmie L. Morrison of Hico and Mrs. Naomi Younger of Levelland. Their terms extend until September 7, 1969.

Dr. A. J. Barrington of Wichita Falls and Dr. Claude Willey of El Paso were named to six-year terms on the State Board of Veterinary Medical Examiners. They succeed Dr. John McCoy of Paris and Dr. Edward Dewelle of Alice.

Kirby Hillin of Dallas and Virgil A. Walston of Houston succeed W. J. Burkhart of Dal-dal and Kenneth Nelson of Dibold to six-year terms on the State Board of Registration for Public Surveyors.

Allen Searight, community coordinator for Texas Industrial Commission, has accepted a job as executive director of Texas Historical Foundation.

Larry Milner, San Angelo, will take over Searight's duties with the Industrial Commission on August 15.

LOBBYISTS — Texas legislative leaders, who have been the target of many lobbyists, have turned tobyists themselves.

Lt. Gov. Preston Smith, Speaker Byron Tunnell and Senator George Moffett chairman of the Legislative Council's redistricting committee, have been lobbying in Washington for passage of federal laws to clarify the congressional and legislative redistricting situation. Moffett wants Congress to say that a state may have as

much as 15 per cent variation from the average population in its Congressional districts. He and Smith also spoke in favor of the proposed amendment to the U. S. Constitution which would allow the states to set up one house of their Legislatures on a basis other than population.

ATTORNEY GENERAL OPINIONS — Atty. Gen. Waggoner Carr has ruled that:

A county commissioners court may decide whether or not it shall appoint county hospital managers with overlapping terms;

A county attorney has the duty of filing suits for foreclosure of the State's lien for delinquent taxes;

District courts in that county have jurisdiction of these suits even in those instances in which property formerly belonging to a decedent is not within the county, so long as it is within the jurisdiction of that state.

PANHANDLE SALT WATER HEARING CONTINUED — Oil the Texas Water Pollution Control Board not to outlaw the use of open, unlined earthen pits for the disposal of oil field salt water in Dallam, Lipscomb, Hemphill, Potter and Oldham counties.

Board held the third in a series of hearings to explore the problem in a 48-county area which overlies the Ogallala water formation.

Oil engineers testified disposal of oil field brine into unlined pits in the five Panhandle counties named is "very minor." By January 1, testified one, 87 per cent of the salts will be injected underground, with only 257 barrels a day going into unlined surface pits.

HUNTING-FISHING LICENSES GOING OUT — New hunting and fishing licenses are scheduled to be sent to some 2,800 dealers by August 14, State Parks and Wildlife Commission announces.

Old licenses expire on August 31. More than 2,300,000 are expected to be paid during the coming year — at the rate of \$2.15 for fishing license and \$3.15 for a hunting license.

SHORT SNORTS — Texas Highway Commission authorized urban transportation studies to determine future highway needs of Abilene, Midland, Odessa and Texarkana.

Cigarette taxes continue to increase — to \$8,400,000 in June — a jump of \$317,942 over the previous month — according to State Comptroller's office.

Thirteen citizens' task forces met here to work on various aspects of a Texas plan for community mental health programs.

Land Commissioner Jerry Sadler refused to consider the sale of 10 tracts of school land in Bandera County, explaining that he thought his own staff had seth values too low.

Treasurer Jesse James reported an increase of \$459,999 in tax revenues from stamps on ale, liquor and wine from July, 1963 to July 1964, for a total of \$10,000,000 last month.

Attorney General Carr announced the recovery of \$52,425 against two defendants charged with operating slanted oil wells, making a total of 800,270 in judgments which have been returned against slant-hole drillers and operators.

Texas Education Agency has formally requested of federal agencies the establishment of a multi-million-dollar residential vocational education school at old Gary Army Airfield, San Marcos.

Governor Connally will tour four northern Mexico states bordering Texas on August 15-18.

University of Texas' Bureau of Business Research reveals that its seasonally-adjusted index of business activity in Texas for June hopped 16 per cent

making the 41st month in an upward swing that rivals the 45-month expansion record set between October, 1949, and July, 1953.

Tourist attendance of 16 key Texas attractions have served 10,100,000 this year, up 15 per cent over the first six months of 1963, and will get better during the second half of the year, Texas Tourist Development Agency predicts.

FORGIVENESS

Love is the foundation of all true gifts. Forgiveness, is one of the ways Jesus taught that we should express our love so that good might be ours. God has all good prepared for us and by loving and forgiving we keep the channel open to receive. Your Father knoweth what good you have need of before you ask. "Give, and it shall be given unto you: good measure. Pressed down, and shaken together, and running over, shall men give unto your bosom. For with the same measure that ye mete withal it shall be measured to you again." (Lu. 6:38).

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows:

"Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law."

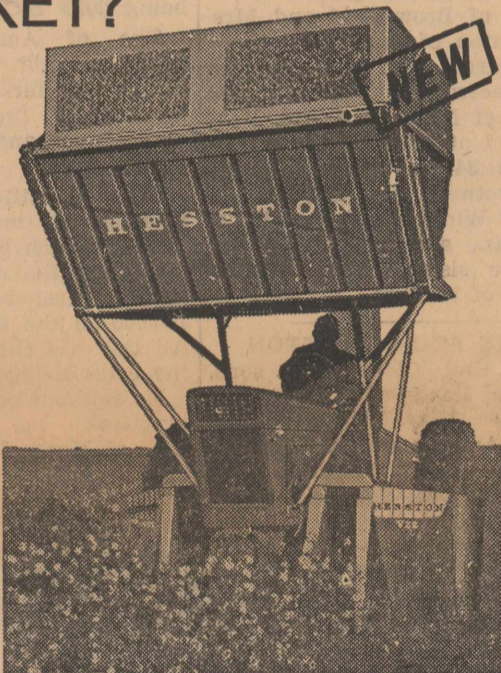

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

"AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

TRAILER OR BASKET?

HESSTON[®] VERSUS YOUR PICKER

can mean up to \$20 more profit per acre!

Whether you call it a brush harvester, as Hesston does... or a flexible roll stripper, as some others do... the Hesston V-22, with its rotating nylon brushes and rubber paddles will do in one trip what a spindle picker takes two or three trips to do. To see just how the V-22 stacks up, tests were conducted by the University of Arkansas and Oklahoma State University, comparing the Hesston V-22 to a spindle picker.

In Arkansas, the Hesston V-22 harvested 23% more lint, 20% more seed, and saved 10 minutes per acre. It boosted profit per acre by \$14.36. In Oklahoma, the V-22 produced \$17 to \$20 more profit per acre than the spindle picker. In an Alabama demonstration, Hesston earned \$17.23 more profit per acre.

Hesston works in cotton making up to three bales; it will strip shoulder-high, irrigated cotton, and it has proven its efficiency in open and storm proof varieties, rank stalks, and bumble-bee cotton.

ONLY the Hesston V-22 Basket model offers exclusive front dumping... hydraulically! So easy to position for unloading. Capacity is approximately 1,000 pounds.

Have some questions? Hesston has a new piece of literature that tells all about it, answers all your questions. Send in the coupon for information on the Hesston V-22 Brush Harvester, and the Hesston Hi-Net Cotton System.

Gentlemen: Please send me information on the Hesston V-22 Cotton Harvester, Basket Model, Trailer Model, and the Hesston Hi-Net Cotton System.

play safe!

ALWAYS HAVE AN EXTRA KEY

City Hardware

When the days are hot you probably use more electricity

Certainly you do, that's because your air conditioning system is working harder, your refrigerator is working harder and all of your other electric appliances are performing tasks which, without them, you would have to do. Let's face it---there's no substitute for all the comfort and convenience that electricity can give. Besides, the average WTU residential customer is paying an average of 17% less per KWH than in 1953---isn't that a happy thought?

Electricity costs so little you can use lots of it.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964.

HOUSE JOINT RESOLUTION NO. 8 proposing an amendment to Section 59 of Article XVI of the Constitution of the State of Texas establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 59 of Article XVI of the Constitution of the State of Texas be amended by adding thereto a new Subsection which reads as follows:

"(d) No law creating a conservation and reclamation district shall be passed unless notice of the intention to introduce such a bill setting forth the general substance of the contemplated law shall have been published at least thirty (30) days and not more than ninety (90) days prior to the introduction thereof in a newspaper or newspapers having general circulation in the county or counties in which said district or any part thereof is or will be located and by delivering a copy of such notice and such bill to the Governor who shall submit such notice and bill to the Texas Water Commission, or its successor, which shall file its recommendation as to such bill with the Governor, Lieutenant Governor and Speaker

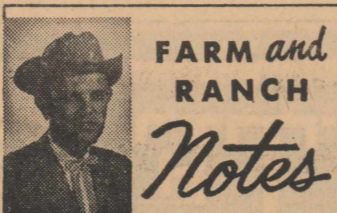

of the House of Representatives within thirty (30) days from date notice was received by the Texas Water Commission. Such notice and copy of bill shall also be given of the introduction of any bill amending a law creating or governing a particular conservation and reclamation district if such bill (1) adds additional land to the district, (2) alters the taxing authority of the district, (3) alters the authority of the district with respect to the issuance of bonds, or (4) alters the qualifications or terms of office of the members of the governing body of the district."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

"AGAINST the Constitutional Amendment establishing certain requirements relative to the enactment of laws affecting particular conservation and reclamation districts."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

JOE W. DOBY
COUNTY AGRICULTURAL AGENT

No screwworm cases were reported last week in the five states, Texas, New Mexico, Oklahoma, Arkansas and Louisiana, participating in the eradication program. However, Graham County, Arizona, reported four and Pima County, Arizona, one case.

Eight screwworm cases were reported in six Texas counties during July compared to 304 in 86 counties in 1963 and 10,267 during 1962. The total for this year now stands at 95.

Approximately 75 people from south of the Rio Grande toured the screwworm eradication facilities at McAllen, August 9 to 10. Heading the delegation was president of the Mexican National Cattlemen's Association. A representative of the Mexican Secretary of Agriculture office was also in the group.

An international cooperative screwworm eradication program has not been formalized between the United States and Mexico but Mexican government officials and ranchers have gone all out to cooperate with the project. Sterile flies have been dis-

IT'S THE LAW in Texas

JURY DUTY

Jury duty is an experience everybody ought to have.

In a criminal case twelve jurors have a duty to do justice as each one sees it, and yet be unanimous. In most trials both sides have much to say, and the evidence is conflicting. The 12 jurors vary in their ability, temperament, character, education, and their experience in the world and in the question at stake.

Yet a jury is made up of both sexes, with wide age and educational differences, jobs and origins must all come up with the same verdict. Upon their verdict much depends — the life or liberty of others, and the public's good. So it may take them days of talking among themselves, all to agree.

Jury duty calls for insight, common sense, courage, tact, fair-mindedness, patience, (especially toward the jurors who disagree with you), good humor, tolerance, balance, willingness to hear others out and change one's mind, readiness to go over and over the facts to find something to bring agreement. In short, jury duty demands a "decent respect for the opinions" of others.

More and more women share civic duties, especially as jurors.

Time was in Texas when women could not serve on juries. They still cannot in four states.

A jury finds facts. It hears and weighs evidence and then comes to a verdict. It does not make the law—the legislature does; and the judge "charges" or instructs the jury concerning the law applicable to the particular case it is considering.

The judge will tell you not to find the accused guilty until he is proved so under strict rules of evidence. If you have any "reasonable doubt" — not imaginary or far-fetched — acquit the accused.

Civil cases do not demand a moral certainty, merely the "preponderance" of what you regard as reliable and believable evidence.

(This newsfeature, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

perated in northern Mexico for nearly two years to help prevent fertile screwworms from migrating into the U. S. Ranchers have been assisting by submitting larvae samples and using measures to protect their animals against infestation. The Republic of Mexico has a number of livestock inspectors who are assisting with survey and inspection activities in a 250,000-square-mile area of northern Mexico.

The results of the new Rulene 8R backline treatment for grub control in beef cattle were observed on the League Ranch last week. This is a new formulation in a ready-to-use form with no mixing required. No burning or scurging of skin was observed.

In addition to controlling grubs, not one hornfly could be observed on the animals. It is reported that hornfly control will be good for about three weeks.

Co-Ral is another material which can be used as a spray but which will control both grubs and hornflies.

Anyone is not aware of the damage that cattle grubs do to a carcass, a trip to a packing plant is in order. Just walking down the line and seeing all the holes left in carcasses after damaged meat has been cut away will impress any producer. The loss is deducted from the price paid the producer so it comes home to the rancher.

Now is the time to apply grub treatment, the sooner the better but not later than September 15, in our area. One word of caution — just follow directions on the label.

Fertilization of shade trees on home grounds provides proper nutrients for better resistance to disease and insect attacks. A healthy tree is also in better shape to withstand drought.

Trees on home grounds cannot benefit from nutrients supplied by falling leaves and branches as do trees in the wild, because these materials are usually raked up. Lawn grasses also use up valuable nutrients available for trees.

Therefore, it is important to fertilize occasionally to maintain healthy tree specimens. Proper time for fertilizing is in the spring or late fall.

A complete analysis fertilizer such as 10-10-10 or similar analysis with near equal amounts of nitrogen, phosphorus and potash will be satisfactory.

Newly transplanted trees or those less than two inches in diameter four and one-half feet above the ground should not be fertilized. Others may be fertilized at a rate of one pound per inch of tree trunk diameter measured at the same height. Less fertilizer should be used if a portion of the tree roots are

covered by pavement or sidewalk.

Apply the fertilizer in one-inch holes started at least two feet away from the tree trunk out to about two feet beyond the limb spread. Holes should be spaced about two feet apart and 12 to 18 inches deep.

Place an amount of fertilizer equal to the volume of a small concentrated fruit juice can in each hole and fill it with water. One or two good waterings about 10 days apart after fertilizing will help.

Whether or not you fertilize, occasional waterings will be helpful, especially during prolonged dry periods.

Knox City Hosts Pan American Personnel Saturday

The Pan American employees of Knox City were hosts to a retirement party honoring Pat Aldridge of Nacona Saturday night at the Knox City Study Club.

Entertainment of piano selections and songs were presented by Pam Waldrip, Tommy Guy Waldrip and Rogers Lankford.

A gift of fishing accessories was presented to Mr. Aldridge and a barbecue dinner was served to 33 guests.

Out-of-town guests were Mr. and Mrs. Pat Aldridge, Nacona; C. C. Brown Levelland; Mr. and Mrs. Pat Caruthers and girls Les Martin, Jay Kroth of Levelland; Mr. and Mrs. Archie Cox Haskell; Mr. and Mrs. Bill Kaylor, Aspermont; Mr. and Mrs. Connie O'Neal, Spur, Mr. and Mrs. A. D. Adkins and Linda also of Spur.

Those from Knox City were: Mr. and Mrs. Tommy Waldrip, Pam and Tommy Guy, Mr. and Mrs. Kenneth Lankford and Rogers, Mr. and Mrs. Marvir Jones, Mr. and Mrs. W. C. Colson and Mr. and Mrs. Bill Anderson.

HERE FROM LUBBOCK

Otice Green of Lubbock spent last Wednesday here with his parents, Mr. and Mrs. O. A. Green. Otice was enroute home from a deep sea fishing trip at Freeport.

IN LONGVIEW

Mr. and Mrs. Jack Land and Tony visited their daughter and family, Mr. and Mrs. Don Poe in Longview last week. Their other daughter, Judy, is vacationing at South Fork, Colo., for two weeks with Mr. and Mrs. Jack Elledge and Sharon.

Blisters Merits

Closer Attention

Dr. J. E. Peavy, Says

A blister could well be called the modern version of the mythical Achilles heel.

Much as Achilles—the Greek ideal of youth, strength, beauty, and valor, was fatally wounded by an arrow piercing his vulnerable heel, a tiny blister can spoil a game of golf or tennis or even a whole vacation.

The blister merits closer attention than we usually grant it. And the admonitions which apply to our athletes also are sound tips for the millions of week end and vacation athletes.

A blister is caused by pressure and friction on a localized area of the skin. Fluid collects between the inner and outer layers of skin. If pressure is continued, it hurts. Even if no infection follows, the pain can cause a limp that isn't much fun for the golfer or hiker, and it can upset the customary grip on a tennis racket, golf club, oar or canoe paddle.

The best approach to blisters, as to disease, is prevention. Proper fitting shoes are fundamental. There should be room beyond the big toe, room across the top, fitting of the ball of the foot into the widest part of the shoe with no slipping of the heel.

Wearing two pairs of socks, a lightweight pair under sweat socks, is recommended for athletics. Hands can be protected by taping or by special sports gloves.

A decision on whether or not to puncture a blister is based on location, size, and inflammation. If there are signs of inflammation or irritation, medi-

cal attention is indicated. Sometimes it is advisable to puncture a blister before it breaks from friction. Wash the area with soap and water and sterilize with alcohol. The puncture is made with a sharp needle held in a forceps (small pliers) and sterilized in a flame. The puncture is made at the side of the blister and the outer skin layer is left in place as a protective cover.

Attention to cleanliness in dealing with blisters cannot be over stressed. Infected blisters require prompt medical attention, as do the occasional blisters from severe sunburn or other burn causes.

But with proper prevention and forethought you can keep your "Achilles heel" from spoiling your fun or vacation.

How long do you have to hold it to get \$50?

Ask your Uncle Charlie this question and he'll probably say 10 years. Which is how long it used to take back in the '40s.

Things happen faster nowadays, though. It takes just 7 3/4 years for today's Series E Savings Bonds to reach full value, or what is called "maturity."

Of course, Uncle Charlie is not out anything if he does wait 10 years. He just earns extra interest under the Treasury's automatic extension privilege.

Naturally, neither you nor Uncle Charlie have to wait until maturity if you need the money sooner. The closest bank will turn your Bonds into cash anytime after the first

two months. You'll get back everything you put in plus accumulated interest.

Also, as Bonds help you grow richer, they help your country grow stronger. A good reason for buying them in the first place, don't you think?

Quick facts about Series E Savings Bonds

- You get back \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You can buy Bonds where you work or bank.

Keep freedom in your future with
