Two Jailed For Auto Theft Here

Not long ago some presumably good news concerning federal spending and federal deficits flooded out of Washington. It was stressed, almost gleefully, that expenditures during the last fiscal year were more than a billion dollars less than the estimate and that the deficit was a hearty \$3.6 billion less. On first glance, this seems at least mostly cheering. But that first glance doesn't tell the story at all.

The important thing isn't the estimates, which frequently are way off the mark. What counts is whether actual spending and actual deficits are going up or down. This is where the good news vanishes. Expenditures in fiscal 1964 were \$5.1 billion higher than in 1963, and the deficit was some \$2 billion more. The national debt rose again.

To use estimates as yardsticks of performance is to beg the issue and to confuse the public. All the talk about government economy remains that — just talk. The probabilities are that federal spending will take another jump during fiscal 1965. And that will continue to be the case so long as a welfare state philosophy prevails.

We read last week that Mississippi receives several times more money from the federal government than she pays in. We didn't get the statistics however on "Bombingham," Alabama.

Voting day is just around the corner and every political wizard in the country has put in their two cents worth on the outcome. Some claim that not since Truman beat Dewey has a candidate had the field all to himself as Johnson supporters predict.

The Arizona Senator has at least separated the men from the boys, so to speak, in that most voters, especially in our immediate area, are either for him or against him all the way. Received a report from the American Press Monday and the magazine has completed a survey of newspapers in the U. S. and have come up with this perplexing problem. . . . "That for every four weeklies and small dailies that endorse Goldwater, three will editorially support Johnson."

Oh, yes, the publishers, if they know their communities, say Goldwater will carry the non-metropolitan areas of the country. This is in direct conflict with other poll takers.

Now, what do you make of that? Wish we were as confident of what's best for the country as a large number of editors appear to be. . . . Don't let your heart rule your head. . . . No pun, honestly, intended.

Richard Averitt is on a 14 day leave from the Navy and with nothing better to do, decided to dig out his dad's old Dress Blue uniform he wore in World War II.

That's right it fits perfectly! and Richard plans to wear it back to camp; minus pop's medals, etc., of course.

ADMIRATION — UP until this year Republicans have always stuck together and it has been the Democrats who have jumped right and left at the first provocation.

This year Demos seem to be at peace with each other, and according to news releases only one person need to be in the presidential race. . . .

O'Brien Jr. High Defeats Mattson

O'Brien Bulldog Pups played their final game in football with Mattson and won 19-0. Cyle Carver, Jr., Lynn Holmes and David Hewitt scored the Pups points.

At halftime, the Football Sweetheart and Hero were crowned. Cyle Carver was the Hero and Sheila English was crowned Football Sweetheart.

The Pups will play their final game with Weinert.

IN FORT WORTH

Henry L. White and Mrs. Myrtle White were visitors in Fort Worth last week.

Dave Hunter, 20 and Billy Ray Taylor, 17, are being held in county jail under \$3,000 bond for the theft of an automobile from Lankford Motors last Wednesday night.

Deputy Sheriff Kenneth Lamascus received a call that an automobile had turned over and was blocking the road three miles northeast of Knox City.

Deputy Doc Clark of Munday and Chief of Police Bill Stone of Knox City assisted in the investigation.

The 1955 Chevrolet apparently was traveling at a high rate of speed as it slid 100 yards before overturning near a bridge — the two boys were uninjured and left the scene of the accident by walking three miles to one of the suspects house.

Both were in jail by noon Thursday.

Former Resident Dies In Everman

Funeral services for Mrs. I. D. (Nina) Gipson, former Knox City resident, who died Sept. 25, were held in Fort Worth Monday, Sept. 28.

Those from Knox City attending funeral services were Mr. and Mrs. Alton Fitzgerald and Mrs. Oleta Fitzgerald.

Greypups Lose To Paducah, 16-8

The Knox City Greypups played the Paducah Lizzards here Monday night for the second time this season, and was defeated for the second time, 16-8. Paducah made their first score with a safety in the first quarter of the game, and in the last 38 seconds of the first half, scored a touchdown. The extra point try was no good and Paducah led 8-0 at halftime.

After the half, Paducah again scored and try for extra points was good and the score was 16-0.

Knox City's Greypups made their only TD with seconds left in the ball game. Ronald Curd carried the ball for the score and again for the extra points, and the game ended 16-8.

Knox City Junior High will play Crowell here, Nov. 2, at 6:30 p.m. for their last game of the season.

Knox City's Greyhounds Defeat The Holliday Eagles, 8-0 In Friday's Bout

Knox City Greyhounds won their first district win over the Holliday Eagles here last Friday night, 8-0.

The only score in the ball game came in the final quarter, when Phil Williams carried the ball over from the five yard line. Brack Shaver passed to fullback Ronnie Worley for the extra points.

Earlier in the game, both teams had touchdowns called back. Shaver had completed a pass to Worley for a TD but it was called back for a holding penalty, and a touchdown by Holliday's G. Pautsky was called

back due to a clipping penalty.

Abernathy Man Dies In Mishap

Matt Boone Patton, 83, of Abernathy, died at 5:30 p.m. Friday of injuries received in an automobile accident earlier Friday afternoon five miles west of Benjamin on U. S. 82.

Mr. Patton, who was a farmer of near Abernathy, was riding in the car which was driven by his brother, John. The car was reported to have struck a culvert.

John Patton was reported to be in fair condition at Knox County Hospital.

Reception For Smith To Be Held In Reeder-Sams Office

Ticket purchasers are invited to the law offices of Reeder and Sams this afternoon at 6 o'clock to visit with Lt. Gov. Preston E. Smith.

Mr. Smith is the principal speaker at the Democratic fund raising dinner to be held at Munday tonight.

Biggs' Plan To Go To Jerusalem

Mr. and Mrs. Dick Biggs will be leaving Knox City the last week in October to work as missionaries in Jerusalem, Jordan. They plan to move to Wichita Falls, and the next two months will be devoted to speaking in various places, selling their car, furniture and making preparations to sail for Jordan about the middle of January.

Mr. Biggs has been serving as the minister of the church of Christ in Knox City, for the past fifteen months. They have enjoyed the work very much and have made many friends and regret very much leaving them. But they feel that the need and the opportunities to serve the Lord and their fellowmen are so great in Jordan that they must go. As they leave, they have said, that they would like to say "Thanks" to all those who have made their stay so pleasant and enjoyable. Also, that no matter how far away they might go, there will always be a warm place in their hearts for the people of this community.

The Biggs made a trip to the middle-east last spring and spent two weeks in Jerusalem. Even while over there they talked about the possibility of returning and doing mission work in that country. But it was not until after they had returned to Knox City, that they decided fully to go back to Jerusalem. While in Jordan they will be working in co-operation with the Evertt Huffard family that has been in Jerusalem for some time.

Cross will be given in memory of Mr. and Mrs. W. H. Benedict by their surviving children — Mrs. Everett, Kelley, Mr. Grady Benedict and Mrs. Mabel Pycatt.

Candlesticks will be given in memory of George H. Zachary by Mrs. G. H. Zachary.

Lieutenant Governor Preston Smith To Speak In Munday Tonight

The Knox County Democratic Executive Committee, sponsor of the Democratic Dinner will be held in the Munday School Gym tonight at 7:30 p.m.

Guest speaker for the dinner will be Preston Smith, 38th Lt. Governor of Texas, this year running for a second term in the office he first won in 1962. He is a 51-year-old businessman from Lubbock whose slogan is: "Working for Texas."

Born on a farm near Georgetown, the seventh child of a family that came to count 13 children, Smith attended public

Former Cuban Speaks To Lions

Knox City's Lions Club held their regular meeting at the City Cafe Wednesday and after lunch Jeff Graham on behalf of the Salvation Army made a presentation of a plaque to Zane Branham, for collecting more money in a drive here than has ever been collected before.

Knox City and Benjamin both broke all previous records for the fund raising drive.

George Davis introduced the program to the club and Brother Tony Rodriguez of Haskell Calvary Mission was the principal speaker.

Mr. Rodriguez told the club, in broken English, that he was born and reared in Cuba and left there in 1959. He showed colored slides of his home and countryside before the revolution and slides that he took after Castro took over the country.

Mr. Rodriguez's parents and relatives were apparently well-to-do and were leaders in their communities. His uncle owned one of the largest factories in Cuba, he said.

Today, his uncle is dead and all of his possessions belong to the state; his father is an "employee" on his own farm, since all of his holdings belong to Castro, now.

A home they owned in town is resided in by a sister who has to pay "rent" to the state on her father's home.

Cubans feel the U. S. has been too "soft" he said toward the communist threat there. He also pointed out that the U. S. Embassy is communist controlled, "down to the records" and said Cubans wondered how this could be possible.

Cubans once had a statue of Lincoln and Washington, whom they loved and respected, Rodriguez said. After the communists took over their heads were removed and Lenin's head was placed on Lincoln's shoulders.

A question and answer period was called after viewing the pictures and Rodriguez was asked how many Cubans were communists and he replied that fewer than ten per cent. He also pointed out that a large number had to act friendly to Castro to avoid an accident. It was also pointed out that recently 90 of his trusted officers "ran away" to avoid communism.

Rodriguez was a Baptist minister in Havana and also taught school before the revolution. He is attending HSU at the present time and plans to teach high school subjects as well as preach.

schools in Williamson and Gaines counties. He worked his way through high school at Lamesa and college at Texas Tech. He never left Lubbock after that, except when official duties took him to Austin and other Texas centers.

Those official duties began with his election to the House of Representatives in 1944. He served six years before voluntarily giving up that place. In 1955 he was returned to the legislature by his West Texas home-folks, this time as State Senator from an 11-county district.

After six years he moved up into the Lieutenant Governor's race and won the Democratic nomination over four strong opponents. He was elected in November by a 319,000-vote margin over his Republican rival.

The Democratic Committee will use the proceeds from the dinner to pay the Knox County assessment for expenses in the campaign now in progress. At present the committee is considerably behind in its donation allotment. All active democrats are being urged to purchase tickets even though many will be unable to attend.

A Democratic Convention theme will be the decoration for the dinner. Music will be furnished by the Munday High School Band.

Bill Sams will serve as chairman and introduce Governor Smith. Joe Reeder Jr., will be keynote speaker, Walter Coffman will recognize guests and dignitaries, and Rev. Jarrell Sharp will give the invocation. Food is being furnished by Clarence Wilbanks of Seymour and serving will start shortly after seven o'clock.

Tickets may be purchased from the office of Bill Sams and Joe Reeder, Paul Hoge Drug, Abe Watson and Doyle Graham.

Deputies Track Burglar 4 Miles

Deputy Sheriff Kenneth LaMascus of Benjamin and Deputy Sheriff Doc Clark of Munday were called to the farm of Vernal Zeissel in Rhineland last week to investigate the robbery of two radios taken from the Bracero barracks there.

All that remained of the suspect were his footprints, and these led four miles to another bracero camp.

An identifying mark on one of his shoes led to his arrest.

After walking eight miles to lift the two radios, Vernal Aguilera, boarded a bus for home but was apprehended in Anson and returned to Knox County.

He received a jail sentence in Benjamin and will be deported at its termination.

HOME ON LEAVE

Richard Averitt, son of Mr. and Mrs. Gerald Averitt has been home on a 14 day leave, and will leave Sunday for San Diego, Calif., to attend school for 18 weeks. Richard was selected in boot camp for the Color Guard and was promoted to Chief Petty Officer 1st Class. He will attend the Fleet Anti-Submarine Warfare School in San Diego on his return.

3,073 Samples Of Cotton Classed

Harvest of cotton moved a head on Friday after another delay caused by a rain late Monday. Machine pickers and strippers are increasing activity steadily.

During the week ending Oct. 16, 3,073 samples were classed at the U.S.D.A. Cotton Classing Office in Munday, according to A. D. Peebles, manager.

Grades showed a definite improvement with a few exceptions and ran 7 per cent Middling, 4 per cent Strict Low Middling, 25 per cent Middling Light Spotted, 32 per cent Strict Low Middling Light Spotted.

In the spotted category 7 per cent were Middling Spotted and 17 per cent Strict Low Middling Spotted.

Staple lengths ran 23 percent 7/8 and shorter, 26 percent 29/32 and 21 per cent 15/16, 10 per cent 31/32, 6 per cent 1 inch 5 per cent 1-1/16 and 7 per cent 1-3/32.

Micronaire readings continue good with 86 per cent 3.5-4.9. On the low side 8 per cent miked 3.0-3.4 and on the high side 5 per cent miked 5.0 and above.

Market activity is good in most cases with growers offering freely and receiving up to 100 points on spotted grades that will mike 3.5 and better.

Light spotted cotton is moving to 60 to 80 points over loan except for Strict Middling Light Spotted.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — An increase of \$107,000,000 in state expenditures for higher education and doubled tuitions in state colleges and universities is proposed.

Texas Commission on Higher Education recommends a \$457,100,000 budget for upper level institutions during the 1965-67 biennium. Figure includes \$307,500,000 for 22 state-supported senior colleges and universities.

Tuitions under the Commission's recommendation would be hiked from \$50 to \$100 a semester. Last increase was in 1957, when the rate was raised from \$25. If the Legislature approves this hike, revenues would be boosted \$33,000,000 — leaving some \$74,000,000 more needed from tax funds.

Overall budget increase of 45.2 per cent would permit a 23 per cent faculty salary raise. Previously the Commission had asked a \$5,900,000 supplemental appropriation for faculty salaries.

Commission also recommended "phasing out" Texas Southern Governors' Conference in San Antonio with a new honor and a new assignment.

Already chairman of the National Democratic Governors' Caucus, he was unanimously elected chairman of the Southern Conference of chief executives.

In a three-day session, the governors discussed a variety of state problems and adopted 14 resolutions. Among the latter was one urging a federal constitutional amendment to permit states to take other factors than population into consideration in reapportioning their senators. Resolution was aimed at nullifying a U. S. Supreme Court decision ordering both houses of state legislatures apportioned on the basis of population alone.

Three governors blocked action on Alabama Gov. George Wallace's resolution calling on

the federal government to leave operation of public schools entirely in the hands of states.

TEXAS BIDS FOR NATIONAL CONVENTION—State Democratic Committee has authorized Chairman Marvin Watson of Daingerfield to enter a bid for the 1968 Democratic Convention in Texas.

Watson will name a committee to consider possible host cities.

COURTS SPEAK — Court of Criminal Appeals ordered a new trial for a man convicted of murder, because his attorney filed an appeal after the deadline. Court heard argument that the trial attorney for the defendant lacked sufficient experience.

Third Court of Appeals heard pleas that the new state loan shark law was applied unconstitutionally in an Austin district court. Court had ordered package store owner E. L. Parker to stop lending money at rates over 10 per cent without a license.

State Supreme Court upheld an appellate court's "time is of the essence" ruling in deciding the contract between Concord Oil Company of San Antonio and Alco Oil and Gas of Illinois. Court said termination of the contract by letter held precedence over a telephone promise to "wait and see."

TEXTBOOK PROTESTS AIR-ED — Witnesses protesting adoption of three high school biology textbooks charged that evaluation in an atheistic, unscientific and materialistic theory that should not be taught in public schools.

State Textbook Committee took protests into consideration after a public hearing. Actually eight books on the list were opposed. Principal targets were the three books developed by the National Science Foundation.

OIL PRODUCTION FIGURE SET — Texas Railroad Commis-

sion set oil production for November at 28.4 per cent of potential.

Figure represents a slight increase over October, which was limited to 2,860,000 barrels daily under a 27.9 per cent of potential order.

MENTAL HEALTH PLAN IS COMPLETED—A statewide citizens committee has approved a new program of mental health services.

Earlier, a steering committee had recommended creation of a single agency — Texas Department of Mental Health — to administer state-financed mental health services, including all mental hospital facilities.

Missing in the Texas plan included facilities, financing and administration.

Hale County Judge C. L. Abernethy, chairman of the 112-member general planning committee, said efforts will be stepped by between now and next January to inform the public and officials about the recommendations which will be submitted to Governor Connally and the 59th Legislature.

PARK LAND ACQUISITION URGED — Parks and Wildlife Commission Chairman Will Odum said Texas may lose up to a third of its park land during the next 80 years because leases are expiring.

Odum called for a program of land acquisition to prevent loss of needed acreage when he spoke at the State Conservation Conference.

Earlier, he had lauded Gulf States Marine Commission for efforts to develop the fishing industry and bring sea resources to the public for general benefit.

WATER NEEDS TALKED — Atty. Gen. Waggoner Carr told Texas Water Conservation Association all units of government must work with private enterprise and individuals to assure a water supply adequate to meet Texas' needs.

Brig. Gen. R. H. Free, commander of U. S. Army Engineers said Texas must have an overall program of water development.

SCREWORM BATTLE BIG SUCCESS — The screwworm eradication program, which was conceived by individual livestock producers in Texas and later embraced by State and Federal animal health authorities, now is such a big success that only 102 cases of screwworm infestation have been reported in Texas this year. This compares to 3,000 by this time in 1963, and 50,000 cases in the last half of 1962.

According to Dr. Seymour J. Smith, State supervisor for the sterile screwworm plant in Mission, the picture is even brighter than those indicate because reporting of cases by farmers and ranchers has improved more than 100 per cent.

EMPLOYMENT UP — Employment statistics from the Texas Employment Commission shows a big increase in August. There were 3,322,300 jobholders in the non-farm category in July, compared with 3,325,600 in August. More significant was a drop in unemployment: 152,500 were looking for work in August, compared to 159,500 in July and 174,500 in August of 1963.

COMMITTEE ON AGING PROPOSAL — Governor's Committee on Aging, chaired by State Senator Walter H. Richter of Gonzales, will ask the next Legislature to establish a permanent Texas Commission on Aging.

Purpose of the Commission would be to work with community groups interested in the problems of Texas' senior citizens and to coordinate efforts of local organizations with those

Something New Is Coming To Knox City

Mrs. Opal Denton will offer the latest in hair dressing to the ladies of this area in her new shop, which will be located at the corner of Central Ave. and Third St.

A recent graduate of Jessie Lee's Hair Design Institute in Lubbock, Opal holds a diploma in "the style cut," which is a specialty of Jessie Lee's School. She will also offer the latest in permanent waving, high fashion coloring, corrective makeup, eyebrow styling, hair conditioning and many other services.

Jessie Lee is a nationally famous hair styling instructor, who is the only person ever to win both the national gold trophy for hair styling and the national silver trophy for hair cutting in a single year. Her hair design institute is considered one of the foremost in the nation.

Working with Opal will be Martha Richardson of Lubbock, who is also a graduate of Jessie

Lee's Institute. Martha also holds "The Style Cut" diploma.

Opening date of the shop will be Thursday, Oct. 22nd. Opal invites all her friends in the area to come by the new shop. Other details are included in the announcement printed elsewhere in this paper.

CITRUS CROP UP — Texas' 1964-65 citrus crop will be four and a half times greater than last season's 740,000 boxes, reports USDA's Crop and Livestock Reporting Service.

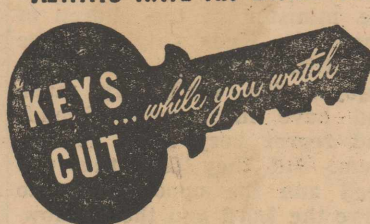

CLRS estimated a 3,400,000-box fruit crop for the coming season, including 2,400,000 boxes of grapefruit and one million boxes of oranges.

Lions Featured In Tokyo's Natural Zoo

The Tama Natural Zoo in the western suburbs of Tokyo provides what approximates the natural habitat for animals instead of the usual cages. Twelve African lions roam freely, while a heavily-reinforced bus conveys visitors over the roads in the walled compounds. The roof of the bus is strong enough to withstand the pressure of four mature lions leaping simultaneously on it, and the double, full-view windows are bullet-proof as in modern army tanks.

NOTICE
THE STATE OF TEXAS:
COUNTY OF KNOX:

The Commissioners Court of Knox County has received a number of inquiries concerning the advisability of the employment of a County Trapper, County Agent, Count Home Demonstration Agent and County Service Officer. Salaries paid for these offices are as follows: County Trapper — \$2400 per year
County Agent — 1704.00 per year.
County Home Demonstration Agent, 1300.00 per year.
Count Service Officer, 1202.00 per year.

The above salaries are that part paid by Knox County plus travel and office expense, except the County Trapper who draws no expenses from Knox County.

Each of these offices are doing a good job and the Commissioners have no objection to paying for these services if the people of Knox County want them. A ballot at the General Election will be furnished to each voter to express their opinion whether any or all of these offices shall be retained for the year of 1965. Said vote will be advisory and the Commissioners Court will appreciate the cooperation of each voter in expressing their views in this matter. The following ballot will be submitted for your consideration:

THE STATE OF TEXAS

To: GUADALUPE HERNANDEZ, JR.

GREETING:

You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 9th day of November, A.D., 1964, at or before 10 o'clock A.M., before the Honorable District Court of Knox County, at the Court House in Benjamin, Texas.

Said plaintiff's petition was filed on the 24th day of August, 1964. The file number of said suit being No. 5729.

The names of the parties in said suit are:

ELENA CEVALLOS HERNANDEZ, as Plaintiff, and GUADALUPE HERNANDEZ, JR., as Defendant.

The nature of said suit being substantially as follows, to wit:

Plaintiff alleges that Plaintiff and Defendant have not lived or cohabited together for more than thirty (30) months; that there were no children born or adopted as the result of said marriage; that there is no community property; and that Plaintiff desires that the bonds of matrimony be severed by decree of divorce, as is more fully shown by Plaintiff's Petition on file in this suit:

Issued this the 22nd day of September, 1964.

Given under my hand and seal of said court, at office in Knox County, Benjamin, Texas, this the 22nd day of September, A. D., 1964.

REMEMBER WHEN?

"Oh brother, is this contraption ever a monstrosity! Can you imagine finding space to put one of these, or even actually using it? This old 1901 Peck-Williamson water-heating stove and clothes dryer can't hold a candle to the modern, automatic, flameless electric clothes washers and dryers. Besides being completely automatic and flameless, they save so much time and energy. The electric dryer alone saves 3 hours weekly of the housewife's valuable time which she can spend with her family and clothes come out so soft, fluffy, and easy to iron, there's no telling how much time is saved just on the ironing board.

Winter Cover Crops Should Be Planted Now

According to Cecil Seitz of the Soil Conservation Service, winter cover crops should be planted to provide a protective cover on areas subject to wind erosion during the periods when the major crops do not furnish adequate cover and to improve the fertility of the soil.

Crops that can be used as winter cover crops here are Austrian winter peas, rye and vetch, and small grains. The best planting time for Austrian winter peas is from September 1 to November 1. Rye and vetch can be planted with good results from September 1 to December 1. The seeding rate for Austrian winter peas is 20-30 pounds per acre and if rye and vetch is used, seed with about 30 pounds of rye and from 6 to 9 pounds of vetch to the acre.

Seed of Austrian winter peas and vetch can be purchased at local seed dealers in the Wichita-Brazos Soil Conservation District. If they do not have the seed on hand they can get them for you.

Legume seed should be inoculated with proper inoculant before planting. The planting should be fertilized according to a soil analysis at or before planting time for the best results. In the absence of a soil analysis, apply 40 pounds of super phosphate to the acre.

The A.S.C.S. office is offering financial assistance on seed cost and fertilizer used in legume cover crop plantings. Farmers wishing to get this assistance should make their application before the planting is made.

Winter cover crop planting made now will give protection against wind erosion this winter and next spring.

In your heart you know he's right . . . (Pd. Pol. Adv.)

Merick McGaughey, County Superintendent

The week of October 26-30 marks the fiftieth anniversary of the Agricultural Extension Service. It officially began with the passage of the Smith-Lever Act by Congress in 1914. Texas work in this field started before this time, however. The purpose of the United States useful and practical information on subjects relating to agriculture and home economics and to encourage application of the same." This broad charter clearly identifies Extension's functions at education. County Agents are unique in that their support comes from three sources, county, state, and federal.

The needs of the county program in each county is determined by a committee of responsible citizens working with the agents. All recommendations given by agents are based upon research. The week of October 26-30 is also the date of the State Conference of Extension workers from all over Texas. The theme of the meeting, which will be held on the Campus of Texas A&M University, College Station, will be "New Horizons in Adult Education."

The time for the Census of Agriculture is drawing near. This is taken every five years by the Bureau of the Census. It provides information of vital importance about the nations' agriculture.

The job of organizing the census is now under way. Mrs. Carl Colston, Vera, has been hired as crew leader and will supervise a four county area. Enumerators will be trained and each will cover a definite area, visiting each farm.

Shortly after November 1, the Census Bureau will mail a questionnaire to each farm.

Farm operators will have a period of time in which to fill out the form. The enumerators will then visit each farm and help complete the form, if needed. The law states that this information can be used for statistical purposes only.

The Knox County Livestock Committee is preparing for the first Beef Cattle Reproductive School to be held in this area. In cooperation with Dr. William Stewart, local veterinarian, the program is planned for November 5-6. The first session will be held in the Courthouse, November 5 at 7:30 p.m. The second part of the program will be held at several ranches over the county on Friday, Nov. 6.

Letters are being mailed this week to explain the program and determine the number interested. We will need to know this in order to have a supply of cows that will be needed for instruction. If anyone is interested who did not receive a letter, please let me know.

Dr. Dixon Hubbard, Extension Livestock Specialist, will be in charge of instruction.

Henry Smith, Weinert, and Lonnie Offutt, Munday, two of the supervisors of the Wichita-Brazos Soil Conservation District, are scheduled to attend the Annual State meeting of SCD, Oct. 17-28-29 in Sherman.

Sessions will be held in the Municipal Auditorium in Sherman. The meeting will begin on Tuesday and end Thursday night with the Association banquet.

From 750-1,000 supervisors are expected to attend. Lt. Governor Preston Smith is to be the principal speaker for the banquet.

Era Of The Vanishing Farmer -- Who Will Feed The Starving? Writer Asks

By WALTER B. MOORE
 Editor, Texas Almanac

Fewer farms produce food and fiber in Texas today than at any time in 75 years. Consider this: One hundred thousand more people are employed in Metropolitan Dallas than work on all of the farms in Texas.

Farms are decreasing at the rate of 5,000 to 10,000 yearly in Texas, dropping by 100,000 yearly in the United States.

These startling figures concern everyone. All Americans depend upon farmers for food and fiber, and many of the world's 3.1 billion inhabitants look to us to keep them from starvation when floods or drought shave the narrow margin of food supplies upon which they exist. Just now, 8 U. S. vessels are loading wheat to feed India's millions, hard hit by monsoon floods.

How long can the dwindling farm population of the United States and other industrialized nations, which also are the most efficient agriculturally, feed the world? This is no idle newspaper speculation—it is a question being asked all over the globe by agricultural authorities and other scientists.

Dallas and other American cities, of course, face no food shortages soon. On the contrary, U. S. agriculture's problem for years has been productivity greater than its marketing power. But the migration from farms disinterest of young people in that profession, inability of those who want to farm to find sufficient financing and low returns from farming are ominous factors. Hazardous always, farming has become an old man's job—it could become a vanishing profession.

Value of land and buildings per farm in Texas in 1964 averaged \$81,600. That's \$50,000 more than 10 years ago. How many young people can borrow or beg enough money to start an "average" Texas farm?

How many can earn enough return on such investment to justify the long hours, hard work and disappointments—when city jobs require no investment by the worker and give time for leisure and self-improvement?

A history of Bosque County, where the population dropped almost 50 per cent from 1910 to 1960 recently commented: "The excessive cost of Texas land and increasing cost of farm machinery and equipment make it practically impossible for a young man to enter the occupation of farming (unless he inherits a sizable bloc of land)."

And, good bookkeepers can testify that farming is often a poor investment for money and talents. A successful Lubbock farmer often comments only his love of the land keeps him there—his money would pay far bet-

ter invested in government bonds.

While science has more than offset the decrease in farms and farmers with higher productivity, society has not adequately rewarded the increasing efficiency of agriculture. Today's Texan who produces more per man, per hour and per acre of soil doesn't earn pay equal to his cousin who lives in Dallas or Houston.

Lagging income and below-parity prices are the bane of agriculture. As other professions do when hard pressed, agriculturists have turned to the government for help. Washington has poured billions of dollars into price supports, food giveaways, payments for acreage reductions and other efforts to aid farming for 30 years. In this country, as in many others that have tried these schemes, they have not solved the farm problem.

They have, however, made the farmer increasingly dependent upon government—the taxpayer resentful and confused as to the real economic status of farm people—and have, in effect, subsidized both producer and consumer while preventing the normal operations of the law of supply and demand.

To end this situation suddenly is neither politically feasible nor economically possible. Texas, for example, would suffer severely if sudden change reduced the 6.3-billion-dollar "agribusiness" which is created yearly by its 210,000 farms and ranches.

But the public pocketbook will have to shell out more—the record shows—to keep most farmers in business and to encourage young people to enter that business. Or controls must be relaxed and prices to consumers hiked to make the market place compensate the producer for his investment and labors. The latter alternative obviously is better, but politicians (or producers, either, for that matter) do not always choose economically and idealistically.

The danger that farming cannot keep up with consumption is very real. Recently, the American Chemical Society was told that a world famine threatens "hundreds of millions or even billions of human beings" in the 1970s.

The London Times points out that it took 200,000 years for the human population to reach 3,135,000,000 persons. But that population will almost double in the next 35 years—or before 2000. In Asia, Latin America and other food-deficient and high birthrate regions, famine always lurks in the background even in years of plenty. The food and fiber that the

WTU Employees Have Conference In San Angelo

Two hundred women convened in San Angelo Sunday and Monday for the 10th annual Women's Conference of West Texas Utilities Co. They are a portion of the women personnel of the company, and come from more than 50 of the towns in its service area.

Attending from Knox City were Mrs. Florene Hudson and Mrs. Thelma Howell.

The conference is an annual workshop established ten years ago to develop leadership qualities in women office workers with the basic objective of helping them serve the public better. Since the meeting is held on a business day, women employees alternate from year to year with a portion remaining on duty while the others attend the session.

The meeting opened with a

United States have given away since World War II has prevented many from starving. But no one knows how long Americans can continue to give away so much, or how long under-rewarded farmers will continue to produce enough to prevent what would be, in the words of an American scientist, "the most colossal catastrophe in history."

Hawaiian Luau at 6 p.m. Sunday in the Cotillion Room of the Town House. Following the Hawaiian buffet dinner the group was entertained with a musical program presented by the Lasser trio from Abilene composed of Pat Neyman, Ann McDorman and Janice Smith accompanied on the organ by Rufus Edmundson.

The business session opened at 9 Monday morning in the Cotillion Room with Beulah Peiser of San Angelo presiding.

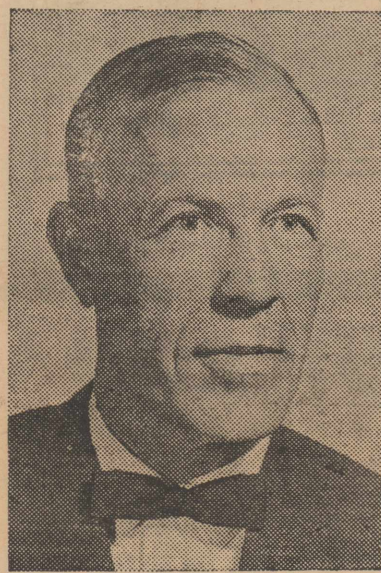

The value of the annual Women's Conference was summarized by Program Chairman Leonorah Huddleston of San

Angelo, who said, "We know a company is judged by its people, and these sessions make us better representatives of WTU. We exchange ideas, listen to program features, and go back to work filled with inspiration and enthusiasm to serve our customers better than ever before."
