STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

International attention came to Austin as Pres Lyndon B. Johnson carried on the nation's business while resting from his campaign.

President-elect Gustavo Diaz of Mexico flew in for informal discussions at the LBJ ranch. President and Mrs. Johnson arranged a barbecue in appreciation of the strong support given his candidacy by Americans of Mexican ancestry.

Latin-American leaders from Texas, New Mexico, California, Kansas, Oklahoma and Louisiana were invited to the affair. Heaviest representation came from the cities of South Texas

where huge LBJ majorities were rolled up.

Houston, Dallas, San Antonio, and Los Angeles also were on the select guest list. All were entertained by Milton Berle, Eddie Fisher and Gene Autry. Also by Clint Harlow's sheepdog troupe and a bevy of Mexican musicians and singers.

There was talk of a possible change in a cabinet post vital to Texas — that of secretary of agriculture.

If Orville Freeman should be named senator from Minnesota to replace Vice President-elect Hubert Humphrey, Johnson may choose a secretary from Texas.

Among those considered to be on the list are Dolph Briscoe Jr. Uvalde rancher, and Sterling C. Evans, Houston farmer and rancher who heads the Texas A&M University board of directors.

LATE INAUGURAL — Governor John Connally may have a late inauguration.

Ceremonies likely will be postponed from January 19, when he normally would take oath of office to January 26.

Postponed, ramrodded by the State Democratic Executive Committee, is aimed at helping Texans arrange their schedules so they can attend inauguration ceremonies for both President Johnson and Gov. Connally.

Presidential inauguration is fixed at January 20 and thousands of Texans plan to attend.

Many prominent political figures would have to pass up Connally's swearing in to reach Washington on time for Johnson's ceremonies.

Besides, the President wants Governor and Mrs. Connally there.

COURTS SPEAK — Supreme Court agreed that, to protect the public, the State Department of Public Safety has full authority to suspend driver licenses of motorists found to be habitual traffic violators.

High court declared moot a Star County Republican candidate's suit to void 650 poll tax receipts in the stormy South Texas county. The GOP office-seeker claimed the poll taxes were neither paid for nor requested by their holders.

A November 25 hearing was set by the Supreme Court on a suit by Trinity River Authority to force the state attorney general to approve a \$42,000,000 bond sale to finance construction of Livingston Dam. Houston voters approved the issue 4-1.

Court of Criminal Appeals ordered new trials in San Antonio and Houston murder convictions in line with a U. S. Supreme Court mandate. Its opinion suggested new guidelines for passing on admissibility of confessions. Trial judges now must hold special hearings where a question exists as to whether a confession was voluntary. They may exclude confessions from a trial or withdraw them from jury consideration if they find that all evidence tends to indicate the confession was not voluntary.

An Austin district court denied an injunction sought by House of Tobacco Inc., of Houston to get back its state permit to distribute cigarettes. Comptroller Robert S. Calvert cancelled the permit after the firm's operator was charged with cigarette tax irregularities.

SLANT WELL SUITS — Filing of two civil penalty suits in the 53rd District Court in Austin, for alleged slant-well activity, were made by Atty. Gen. Waggoner Carr.

First to be filed against were J. C. Stroud and W. V. Stroud, both of Rusk County, and G. M. Jordan of Kilgore. Suit involves one well in Rusk County.

Named as defendants in the second suit were the Strouds and M. M. Harding of Kilgore. Second suit involves two wells in Rusk County.

AG OPINIONS — Attorney General Waggoner Carr ruled that it would be legal for a commissioner's court to buy a helicopter for the county sheriff, if there is enough money in the right funds.

He held that a sheriff may buy any equipment he needs to do his work, but it is up to the commissioners court to decide whether a helicopter comes under reasonable expenses.

Carr also determined that, under a treaty clause, a Mexican consul stationed in Texas and bringing in liquor for use by consular officials, is not bound by the liquor import restrictions (quart per person) applying to Texas citizens.

He concluded that the State Parks and Wildlife Commission has the right to prohibit deer hunting on state-owned dry river beds of Dimmitt, Uvalde, and Zavala counties.

CONNALLY FIRST — Gov. Connally was the first Texan to participate in the 1964 Census of Agriculture of the U. S. Department of Commerce. He filled out a census form concerning his ranch operation near Floresville.

Agricultural resources census has been taken every five years since 1840. Data is confidential and can be used only for statistical purposes.

BANK HEARINGS SET — State Banking Board set hearings for Nov. 24 on applications for charters by the proposed Northline State and Western State banks in Houston, the Jacinto City bank at Jacinto City and the Conroe Bank and Trust Company in Conroe.

November 25 hearings were set for the proposed Mercantile Bank and the Stella Link State Bank in Houston.

VET LAND LIST LIMITED — Veterans' Land Board voted that no more names be accepted on its waiting list since funds will not be available to purchase land for veterans not already on the list.

Land Commissioner Jerry Sadler stated that more than 35,000 veteran purchasers will have bought land through the program when it ends in December, 1965. Those already on the list can expect to be reached before the program ends.

HUNTING SEASON HINTS — Parks and Wildlife Department has prepared a new hunting digest. It involves a Texas hunting map which shows where to hunt what and when. The digest, is available at most places where hunting licenses are issued, also is available free, by writing the department in Austin.

Parks and Wildlife Department is advising hunters to fill out their deer tags carefully and attach securely to the deer killed.

COURTS SPEAK — National chain loan companies got the word they wanted from the Texas Supreme Court.

It upheld lower court decisions that an effort by the Legislature to restrict non-Texas companies from opening new loan offices in Texas clearly was unconstitutional.

Small Texas firms had convinced the Legislature that loan licenses should be issued only to companies owned at least 51 per cent by Texans. But the court said that is not valid, under both state and federal constitutions.

On request of Upshur Rural Electric Cooperative and Southwestern Electric Power Company of Shreveport, Supreme Court dismissed appeals in a dispute involving construction of a \$9,000,000 rural power generating plant near Ore City in East Texas. Southwestern claimed the Upshur Coop, serving 10 North East Texas counties, had no authority to discontinue buying power and to start generating its own. All matters in dispute reportedly were settled.

An Austin district court refused the Houston House of Tobacco's request for a temporary restraining order to retain its distributor's permit. But it set a November 12 hearing on an injunction to keep the State Comptroller from revoking the permit. Firm's operator was charged with participating in cigarette tax stamp fraud scheme said to run into millions of dollars.

El Paso Electric is challenging constitutionality of state gross receipts tax on its energy sales in El Paso, Van Horn and Anthony. It seeks a \$300,000 refund in appeal to Third Court of Civil Appeals here.

COLLEGE GROWTH — The 32 junior colleges which are

supported in part by state money gained 16.7 per cent in enrollments this fall.

Growth of community colleges was even greater than state colleges and universities, which checked in 144,309 students, a gain of 9.4 per cent over last year.

New emphasis on the need for higher education, plus the simple fact that the bumper "war baby crop" is reaching college age, accounts for growth.

Community colleges, to give vocational and technical courses, are a major part of the recommendations of the Governor's Committee on Education Beyond the High School. Need for at least a dozen new community

colleges is indicated. **WATER** — A committee of legislators and citizens headed by Rep. Bill Clayton of Springlake is considering a recommendation to the Legislature in the field of soil and water conservation.

A day long hearing revealed that oil and water regulatory bodies don't mix. Spokesmen for oil companies want the law clarified so their salt water disposals are regulated only by the Railroad Commission. Bill Abington, counsel for the Texas Mid-Continent Oil and Gas Association, outlined that view.

But J. W. Buchanan of Duquesne, pollution control chairman for the Texas Water Conserva-

tion Association, felt differently. He thought the Texas Water Commission should be given the power to veto applications for salt water disposal into the ground, as a means of making sure that underground water supplies are not polluted.

Committee will meet again to reach decisions on this and other proposals before it.

HEARING ON DREDGING SET — Parks and Wildlife Commission has set a hearing for 9 a.m. on Nov. 16, on application of Heldenfels Brothers of Corpus Christi to take 100,000 cubic yards of mudshell from a 2,500-acre area of Copano Bay to use in road construction.

NOW Big travel bargain for cities along Santa Fe

Off-season round trip fares cut approximately 20% through April 30, 1965

Santa Fe

It's Chico Bargain Fare time again on the Santa Fe—through April 30, 1965.

For example, a regular round-trip ticket costing \$100 will be sold at the off-season bargain fare of \$80. Round trips costing \$75 now will be only \$60, and similar reductions will apply for round-trip tickets from all stations except for local trips within the State of California.

No matter where you travel on Santa Fe trains, round-trip bargain fares will save you approximately 20%. Tickets on sale every day with a return limit of 30 days. Yes, bargain fares apply for both round-trip coach and first-class tickets.

Now you can leave the car at home and save money traveling by Santa Fe.

See the Santa Fe Agent in your home town for complete information

Monument at San Jacinto Battleground by E. M. Schwetz

SAN JACINTO ...

in 18 Minutes—Blessed Freedom!

At 3:30 P.M. on April 21, 1836, General Sam Houston launched his attack. So sure was Mexican Army Commander Santa Anna of his troops' superiority that he did not even post sentries during the customary afternoon siesta.

The freedom-inflamed Texans, shouting "Remember the Alamo!", sprang upon the enemy. In the incredibly short space of 18 minutes Texas' freedom was won.

Santa Anna was captured. Six hundred and thirty officers and men were killed; the rest taken prisoner. Texas lost only nine men killed or mortally wounded, with 30 less seriously wounded. When the captured Santa Anna ordered his troop commanders to leave Texas, the last threat to peace was removed. Texas was free!

FREE MEN DEPEND ON US!

Today, we cannot—with one decisive stroke—wipe out the threats to freedom that are all around us. Instead, we must join together for an almost unending task of holding at bay those who would destroy the liberty we hold so dear.

Our dollars, banded together in U.S. Savings Bonds, help keep our defenses strong—making sure that no enemy will smash through to victory over freedom.

You can be an active partner in defending freedom by buying U.S. Savings Bonds at your bank or on the payroll savings plan where you work.

Keep Freedom in Your Future with U. S. SAVINGS BONDS
