NUMBER 3

We as well as a host of our readers thought last week's Herald one of the best we've published, it was one of the most enjoyable issues we have ever put out. For one thing it paid for itself; typography and looks, one of our best, and one of the most important aspects to me, personally, was that I thoroughly enjoyed it!

O'Brien people have been most helpful and appreciative, something newspaper people hardly ever encounter.

We didn't have much time to get all the wheels turning in order to get out a "special" as we didn't know we would be hosts until Saturday evening.

Our biggest worry was that we would leave one of the football players name and picture out, and naturally that would have been an unpardonable sin—we didn't commit that but we did do the next worst thing—we left one of the advertisers names off the page ad—The H & G Cafe in O'Brien, one of the Bulldogs staunchest supporters.

Hazel brought this to our attention too late to rectify, and we are terribly sorry it happened, but it did.

Our apologies to Frank and Hazel and the H&G.

OPTIMISTIC FARMER is our old friend Clyde Voss who had this to say about the cotton this year:

"I suppose at least 40 per cent of the crop has been gathered, and as far as a bad crop is concerned, we didn't make one in 1951 and 1952... yet things kept going on."

We gather that Clyde believes some people would complain if they were hung with a new rope.

Ancel Waldrip and Park Woodward were reminiscing last week about the day the tornado hit here and O'Brien and were among the many who saw the big blow but weren't aware of what was happening. Ancel was at White's Feed Store and as they looked at the black clouds it began hailing and some of the stones were as big as baseballs, later Ancel said pieces of tin, wood, and debris began floating down to the street. The wind never was blowing hard, he said.

Park was in his field and had noticed the storm but didn't think too much of it until debris started falling out of a still sky. Park found three pair of blue jeans and one pair looked as though someone had taken them off, for the belt was still in the loops. A Latin-American family had lost their home and their kids were without clothes. Park bought jeans for them and he told me they sent him and his wife a Christmas card each year from California. They were most appreciative.

Ancel said it took over a month for him and his help to clear his farm for plowing. An oddity both men experienced was that although they found everything that could be used or bought for a household, including furniture, electrical appliances of every description, including all types wearing apparel, and garden tools, not one time did they find a knife, fork or spoon.

We are thankful we don't have the folks who spread rumors in competition with us... for if we did, we wouldn't be in business 15 minutes.

The "Hoss Cartwright" episode is a typical example. We are thankful that Knox City has caught up on its other type of rumors and is confining it at least for three days to something no more serious than having a TV celebrity visit us.

Usually we are the most gullible of all, but this was one time we didn't "bite."

We have other personalities here day in and day out that we have grown accustomed to: Ida Dean Johnston as Lauren Baccal; Skeet Carpenter who favored the Wagon Master Boss Ward Bond, among others and even yours truly has been said to resemble Roy Rogers or is it Roy Acuff?

We even have a colt that is appalloosid just like Lassie...

Don't forget only 12 more days to shop for Christmas!

NEW OWNER-MANAGER AT CITY — Open house is planned Saturday at the City Motel, by the new owners, Mr. and Mrs. J. G. Hawkins, the owners, and Mr. and Mrs. Gene Hamilton, who will be the managers. The Hamiltons will continue to operate their City Cafe, also. Everyone is invited to visit the Motel from 1 to 5 p.m. and view the extensive remodeling and decorating the new owners and managers have made. (JanCharles Photo)

Final Rites For Miss Willie Jones Held Saturday

Funeral services for Miss Willie Jones, 71, who died in Knox County Hospital at 11:30 a.m. Friday after a long illness, were held Saturday at 2 p.m. in the First Baptist Church.

Rev. Tony Longval of Lubbock, former pastor, officiated.

Burial was in Knox City Cemetery under direction of Smith Funeral Home.

Miss Jones was born Sept. 3, 1893, in Navarro County, and moved to Knox City with her parents in 1906. A retired bookkeeper, she kept books at the Knox County Hospital for 23 years.

She was a member of the Baptist Church.

Survivors are two brothers, Casey Jones of Fort Worth and Henry Jones of Knox City, and one sister, Mrs. Hazel Long of Knox City.

Committees Are Appointed For Lions Turkey Shoot

Zeb Smith announced at the Lions Club Wednesday that the annual Turkey Shoot would be held in the old postoffice building and a committee was named to work at the shoot in two-hour shifts.

Teams are:
8 a.m. to 10 a.m.—Jim Hill and George Davis.
10 a.m. to 12 Noon — George Houston and David Counts.
12 to 2 p.m. — Otis Harbert and Abe Watson.
2 p.m. to 4 p.m. — John Lipard and Zeb Smith.
4 p.m. to 6 p.m. — Bruce Campbell Jr., and O. W. Causey.

Rules of the shoot will be the same as in former years and it will be noted that there will be separate divisions for the men and women so the men will have a chance to win a turkey.

Football Banquet To Be Held Dec. 15

The annual football banquet will be held Dec. 15, at 7:30 p.m. at the Knox City Elementary School Gym.

Cost of the tickets are \$1.50 each and are on sale by members of the Pep Club and Mrs. Otis Cash.
Tickets will not be sold at the door.

ATTEND CLUB WEDNESDAY

Lions Club members are urged to attend next week's meeting as a speaker will be on the program to explain the new proposed college for this area.

O'Brien Breezes Through Regional By Blasting Strawn Greyhounds, 72-33

Approximately 300 football fans braved freezing weather to watch the O'Brien Bulldogs defeat the Strawn Greyhounds here Friday night with a score of 72-33 to win the Region II championship of Class B six man football.

James Duncan scored 40 of the points on four touchdowns and eight successful kicks for two point conversions. He made 224 yards in 20 carries for an average of 11.2 per carry.

LaCarlton Rhodes scored three TD's, carried the ball 16 times for 175 yards and a 10.9 average.

The Bulldogs finished the season with a perfect score—10 wins, no losses.

O'Brien took the opening kick off and marched 57 yards in only five plays. Duncan and Rhodes carried the load, and Duncan sailed around right end 18 yds. for the extra points was good.

Strawn came right back, however, and tied the ball game 6-6. Halfback Cobby Hodgkins returned the kickoff from his own 20 to the O'Brien 23. On the second play Hodgkins burst through the right guard 12 yards for the tally. A kick by Donny Crawford failed.

With 12 seconds left in the first quarter, Duncan galloped 34 yards to his right and left two Strawn defenders in his wake for a TD. He kicked good to give the Bulldogs a 16-6 lead—a lead they never gave up.

By halftime the Bulldogs had a safe 32-12 lead, chalking up 299 yards rushing in the first

half, and held the Greyhounds almost at bay.

In the second half O'Brien went into an aerial attack and racked up the final scores.

Quarterback Roy Henry provided O'Brien's passing honors. He completed 11 of 12 passes for a 132 yards during the seige.

His top receiver was Jackie Cate, a 145-pound sophomore. Cate pulled in three passes for a total of 60 yards and one touchdown.

Coach Charles Thorn was well pleased with his team and said, "I thought we would win it," as he and his victorious Bulldogs left the field.

Turkey Shoot Will Be Saturday

Knox City Lions Club will sponsor their annual Turkey Shoot Saturday — all day—at the old post office building on Central Avenue. —Formerly occupied by the pool hall.

Everyone is invited to participate.

Industrial Com. Receives Report On Brick Plant

The feasibility of locating a brick factory in this area is under discussion by the Knox City Industrial Commission.

Phil Dudney of Dallas called James Hill Tuesday to report on his progress there. An expert in brick has been located in Tyler and Dudney said securing him would cost \$50 a day plus expenses. To have him come to Knox City and check the soil and other aspects that are compatible to the brick business would cost approximately \$300, he believed.

Albany and San Angelo are believed to be the closest factories of this particular product.

The Tyler representative has his own lab and will be able to make his own tests as well as meet with interested persons and answer any questions concerning the brick business.

He will be booked up until Jan. 15, Dudney said.

Hoss Cartwright Visiting In Knox City? --It Was Another 'Hoss' From Angleton

Knox Citians were treated to a rare sight last Thursday and Friday, or so they thought, when "Hoss Cartwright" was a visitor in Knox City.

The rumor spread when Roy Gamison of Angleton came here to hunt quail with some of his friends.

Atty. Bill Sams had met "Hoss" at a convention in Houston and when he came to Knox City he phoned his friend from the City Cafe.

"Hello, Bill, this is Hoss Cartwright," Roy said in a voice that carried to several of the diners.

Mrs. Ruth McElroy was first to ask is this the Hoss we see on TV? Roy assured them he wasn't, that he was down here to hunt and take it easy.

Rev. Cecil Foster of O'Brien was in the cafe at the time of the telephone conversation and was certain the real hoss was there.

Roy does have a marked resemblance to Dan Blocker, although he appears to be a little shorter in stature as well as 30 or 40 pounds lighter, and a little older.

Area people's interest was heightened, however, when "Hoss" left in a Chrysler Imperial "a block long" and Friday a colored chauffeur appeared in a pickup and later a \$15,000 hunting wagon arrived on the scene.

Gene Hamilton received phone calls day and night and even one of the daily newspapers called for verification of the rumor.

"I'll bet 500 people have been in the cafe in the past two hours," Hamilton told a group Friday night, "and I'm not complaining," he was quick to add.

Hoss was a gracious host and shook hands with the hordes of people who came to see him. He admitted he was Hoss, but would not admit being the "TV Hoss".

—He was upset and cut his hunting trip short by several days when people refused to leave him alone.

Some of the rumors were flying as far away as Paducah, and were as confused as they were locally, when they were telling on the corner that Hoss Cartwright was in the Knox City Hospital!

Sams had him visit in his home late Friday night, but folks were dropping in for autographs so fast they were unable to visit. Autograph hounds were still dogging the visitor after midnight.

Roy departed Saturday for Angleton, presumably, and promised to get home early enough to watch Bananza for his first time, believe it or not, and see the other "Hoss Cartwright," in order to have a better understanding of why he is so popular when his friends call him "Hoss" in a mixed crowd.

Funeral services for William Henry Waggoner, 70, who died at his home at 1 p.m. Tuesday, will be held Thursday (today) at 10 a.m. in the Church of Christ. Cecil Cox, pastor of the Rochester Church will officiate. Mr. Waggoner, a retired gin-ner, was born August 2, 1894, at Hiram.

Entertainment was by a Haskell quintet.

Those attending from Knox City were: David Hoge, Wilma Fahring, Janie Escobar, Vickie Lowry, Gail Fletcher, Becky Howell, Tommy Latimer, Phil Williams, Bill Cornett, Robby Glenn, Belle Burnett, Linda Reed, Glenda Cox, Ben Smith, Charles Escobar, Johnnie Montandon, Brack Shaver, Larry White, Cora Jan Fitzgerald and Jan Sutton.

Also attending were Mr. H. D. Bankston and Mrs. Otis Cash the chapter advisors.

Historical Survey Committee Seeking Information On Early County Schools

The Knox County Historical Survey Committee has several projects now in progress. Among the most urgent now are securing information on all the early schools in the county. Mrs. B. B. Campbell would like to know the names of the early teachers in the rural schools which will include the Oxford school which was located some where between Vera and Rhineland, also the Cottonwood Hole school located near Old Gore. The Reeder school and any others that any one can tell about. Mrs. Campbell is history chairman and appreciates any information she can get from people who know about the history of the county.

During December and January the committee hopes to collect items for the show cases that are now in the Court House. These articles may be donated on a permanent basis or loaned. Indian arrowheads picked up in the county, old nails that were used in old houses, old documents, pictures of pioneers, houses or street scenes are needed to make a well rounded display.

We urgently need some information on the way a description of "The Narrows", which is a scenic spot between Benjamin and Vera.

A site has been marked on the Court House lawn to place a County Marker. The three sub-committees are History, Land marks, and Museum. We will add another committee at the next meeting. Which will be a Tourism Committee.

George Wall will head this committee together with the secretaries of the Chambers of Commerce in the county. The committee is contacting the State Legislators asking them to support the program of The Texas State Historical Foundation.

The Knox County Committee is asking every body in the county to help them preserve the landmarks, compile the history, establish the museum and be prepared to take care of the Tourism trade that will be coming our way.

Let's advertise Texas and Knox County in particular.

Cotton Allotment Notices In Mail

Notices of individual farm acreage allotments for the 1965 upland cotton crop have been mailed to farmers in Knox County, according to O. E. Moore, Chairman, Agricultural Stabilization and Conservation County Committee. He pointed out that any question about the allotments should be taken up immediately with the ASC County Committee.

The Chairman declared that the intention is to let farmers know how the allotment program will affect their farms prior to the December 15, referendum on marketing quotas for the 1965 upland cotton crop. The law requires a favorable vote by at least two-thirds of the growers voting in order to keep marketing quotas in effect. Growers eligible to vote are all those farmers who engaged in the production of upland cotton in 1964.

If the vote is favorable, Mr. Moore explained, quotas will apply to the 1965 upland cotton crop, with penalties on any excess cotton produced; price support loans to growers who do not exceed their farm acreage allotments will be available at a level within the range of from 65 to 90 per cent of parity; and additional price support in the form of payments will be made to growers who keep their acreage within the farm's "domestic allotment."

If the vote is unfavorable, he added, there will be no quotas or penalties on the 1965 upland cotton crop, no price-support payments, and price-support loans to growers who do not exceed their farm acreage allotments will be available at 50 per cent of parity.

Knox County received an allotment of 56-159 acres for distribution to growers in produc-

1946 Study Club To Have Christmas Party Tuesday

Members of the 1946 Study Club will hold their annual Christmas party and program Tuesday at the Womans Club with Mmes. Jerry Guinn, Norman Arnett, Sam E. Clonts and Rufus White as hostesses.

The last meeting of the club was held at the Womans Club with Mrs. Gerald Doyle, missionary from Ecuador, as the speaker. She told of life in the capital, Keto, and the role women played in this country. She described the climate and the various races of people that made up the population of Ecuador.

She was introduced by Mrs. Mrs. Jerry Odom.

The Chancellette Choir of the First Methodist Church sang "How Great Thou Art." Mrs. Buster Lowrey accompanied them.

Mrs. Joe Roy Smith gave a demonstration of candle making and decorating. The club voted to set aside the money for the scholarship fund which is presented each year to a graduate of Knox City High School.

Mrs. Lyndol Cypert was granted a three months leave of absence and Mrs. Doris Graves was chosen as a new member.

Mmes. Travis Thompson, Sammy Tankersley and Cyde Williams were named to the nominating committee.

Mrs. Archie Lieb was appointed to select a gift for the Brazos Valley Care Home for Christmas.

ing their 1965 upland cotton crop. This represented the County's share of the national allotment acreage of 16,200 acres, including a national reserve of 200,000 acres to take care of minimum farm allotments.

Numerous groups will present the program, youngest of which will be Mrs. Robert Vaughn's Kindergarten class. There will be singing and Christmas readings and other entertainment.

There will be a parade Saturday morning, Dec. 12, sponsored by the Chamber of Commerce. Parade will start at 10 o'clock.

CARD OF THANKS

Our appreciation, so deep words fail to express fully, to the many men who so willingly sat up in our hours of need, and to the host of ladies who provided food, in such abundance, not only to our home but at the church, we feel so humble in just saying "Thank you."
The Family of G. F. Williams

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Officials of State and Federal water agencies and of river authorities and cities, heard the Texas Water Commission outline the procedures by which it will develop a statewide water plan for Texas.

They gave it their warm endorsement, and pledged to help the state agency in its job of putting all the many regional and river basin plans into a unified whole.

However, spokesmen for cities disagree sharply over the vital issue of diverting water from areas of surplus to areas of need.

In two conferences called by Texas Water Commission, city officials and river authority and district leaders heard objectives of statewide water planning outlined. In a third conference on Dec. 10, industry representatives reviewed the proposed program.

TWC Chief Engineer John Vandertulp lists these goals for the planning program:

An adequate water supply for all purposes — flood control, water resources for fish and wildlife, water quality management, ground water recharge, and provisions for navigation, drainage and hydro-electric power.

Coordination of proposals of state, local and federal agencies with a view to statewide and area needs;

Determination of feasibility of converting sea water and brackish waters into fresh water;

Determining and specifying dams, conduits and other physical facilities needed;

Establishment of a timetable for construction;

Determining agency coordination necessary in operation of projects for maximum benefits;

Division of responsibility among federal, state and local interests in financing, building

and operating water facilities; and

Recommending means of carrying out the responsibilities.

Rights and property in basins of origin must be protected and assurances given that only surplus water will be exported, Vandertulp said.

Representatives of areas with rich water resources warned against penalizing their growth and prosperity by tapping their supplies to aid less fortunate regions. Areas of shortage urged consideration of their needs.

John Simmons of Orange, general manager of Sabine River Authority and president of Texas Water Commission, warned against inflexibility and called for a "living plan" that can be brought up to date regularly.

ONE-HOUSE LEGISLATURE?

—Latest of the proposals being prepared for the 1965 Legislature is one from Rep. Will Smith of Beaumont to abolish the State Senate and establish a one-house Legislature, such as the one in Nebraska.

Smith's unicameral plan, which he says he'll introduce shortly after the Legislature convenes on January 12, includes proposals to reduce the House of Representatives' membership from 150 to 100, and raise House members' pay from \$4,800 a year to \$10,000 a year.

The lieutenant governor's job of presiding over the Senate also would be abolished. This is one bill that likely will not make it through either house of Texas' bicameral Legislature much less both.

POLLUTION — Texas Water Pollution Control Board, set back in court in its efforts to prevent pollution of West Texas ground water supplies by oilfield brine, announces that it will appeal the decision to the higher courts.

But the board will continue to supervise disposal of oil and

gas brine after it leaves the producer's hands.

MENTAL HEALTH REPORT RECEIVED — Texas ranks 39th among the states in services to the mentally ill, the Committee for Mental Health Planning reports.

Committee's report to Gov. John Connally emphasizes the need for consolidation of all state mental health services.

Early detection, early treatment and a tremendous saving of time and money on the part of the patient and the taxpayers were listed as some of the prime benefits of the community care center program the committee recommends.

COURTS SPEAK — Third Court of Civil Appeals agreed with trial court that El Paso Electric Company must pay occupation tax to the state for electricity sold in Texas, though generated by its New Mexico station. Company had argued the tax would violate interstate commerce clause of the federal constitution and create risk of multiple tax burden on interstate business.

Third Court also declared unconstitutional an amendment to state liquor laws aimed at regulating business operating along Texas' border. Decision upheld Austin district court decision that state could not regulate the exporters handling liquor through customs bonded warehouses.

A Pecos County farmer, James T. Slaughter, won a five-year battle for water rights on Barilla Creek when the State Supreme Court endorsed that his water rights were secure under the 1895 Irrigation Act, and had not been diminished by passage of a 1913 law.

SMALL TRACT VICTORY — Ten operators of 22 wells in Port Acres Field of Jefferson County were granted bigger special gas production allowances by Texas Railroad Commission.

Commission order sets allowable of 325,000 cubic feet daily for 382 days, 238,000 cubic feet a day afterward, instead of 150,000 cubic feet previously established. Commission agreed the earlier allowable set on November 14, 1963, would not permit them to recover their investment. Operators had asked allowable of 350,000 cubic feet a day.

WELFARE ROLLS INCREASE

—Texans on welfare rolls increased from 260,781 to 264,639 during the last year, Texas Department of Public Welfare reports.

DPW's annual report shows public assistance payments of \$221,100,000. Biggest share, \$159,400,000, went to old age assistance for an average of 230,005. Grants ranged from \$5 to \$83, and averaged \$58.16 a month.

Aid to families with dependent children came to \$18,700,000; aid to needy blind to \$4 million; and aid to permanently and totally disabled to \$8,200,000. Administrative and service costs were \$10,100,000. Federal government provided 74 per cent of all funds, or \$164,600,000.

SLANT WELL JUDGMENT — Total judgments in slant oil well cases reached \$1,055,595 — with recovery of \$8,000 in a Rusk County case.

Austin District Judge Herman Jones entered the new judgment against J. K. Maxwell of Kilgore. Atty. Gen. Waggoner Carr alleged Maxwell's Rusk Co. well had been deviated and operated in violation of Railroad Commission rules.

FINAL BAY STUDY HEARING SET — Spokesmen for newspapers, radio and television have been invited to testify before the final hearing of the Committee for the Study of the Bay of Texas.

Testimony on municipal, industrial and recreational pollution of bay waters has been heard in five previous sessions. Sen. Culp Krueger of El Campo, chairman, said the committee's chief concern is to determine if any legislation is necessary to cope with problems arising from multiple uses of bays.

Committee will report its recommendations to the governor and Legislature.

PARKING LOT LAW

If you drive a car, you probably have frequent occasion to use a parking lot. But what may be a handy convenience for you may also be a happy hunting ground for the car thief.

Do you know your rights in case your car is stolen?

By and large, the law divides parking lots into two basic types. Let's consider them separately.

TYPE "A" LOT

At this lot you pay your fee and park the car yourself, keeping the keys. You have a right (exercise it!) to lock the car, and you may drive out without handing in any ticket.

Legally, this is a kind of quickie lease. You are paying for the temporary use of a parking space, but not much more. Thus, a man whose car was stolen from a type "A" lot (at a ball park) failed to collect damages for his loss. Under such a parking arrangement, said the court, a car owner could hardly expect the management to keep a keen lookout for thieves.

In short, the primary responsibility for the car continues to be yours.

TYPE "B" LOT

At this lot you leave your keys in the car, so the attendant can park it for you—and move it around in your absence. Furthermore, you get a ticket which you are supposed to turn in when you leave.

This arrangement is called a bailment, and its vital element is the transfer of possession to the management. With possession goes responsibility. Now you are paying not only for the use of a parking space but also for a reasonable amount of supervision and safekeeping.

Thus, a man whose car was stolen from a Type "B" lot (at a

busy intersection) won full compensation from the management. The court found that the lot had too little fencing and too few attendants for safety.

What about all the small print—or large print, for that matter—on the ticket you get? If the ticket says "Not responsible For Theft," does that automatically block your claim?

As a rule the law frowns on efforts by parking lot proprietors to dodge responsibility for their own negligence. Proprietors have had a measure of success, in some states, in putting a dollars-and-cents limit on their liability. But generally they do not get off scot-free, no matter how plainly the ticket might say so. Courts feel that such tough terms, imposed on the relatively helpless motorist, are just too unfair to be enforced.

HD Club Meets In Truscott

The Truscott Home Demonstration Club met at the Community Center Dec. 3, with Mrs. W. Rake, vice president, in charge of the meeting.

The meeting was opened with two songs by the group, Mrs. J. R. Brown gave the devotional, Chapter 2 of St. Luke, and Mrs. Gillespie led the T. H. D. A. prayer.

Mrs. Carder made a motion that an order be placed for Marion Kay products.

Plans for the Christmas supper were made. The building will be cleaned Thursday morning, Dec. 10 at 8:30 a.m. Mrs. Jones, Mrs. R. C. Daniel and Mrs. Don Daniel are decorating committees.

Supper will be held at 6 p.m. Dec. 11, and each member is asked to bring enough food for their families and gifts to exchange for each member of their family.

The program of "Gift making and decoration" was given by Mrs. Rake and Mrs. Brown. Suggestions for candle making were also given, and gifts made of clear polyester resin were discussed.

Refreshments were served to eight members by the hostess, Mrs. R. C. Daniel.

VISITS SISTER

Mr. and Mrs. Roy Carver and Mr. and Mrs. Bud Carver visited Roy and Bud's sister, Mrs. A. F. Walker of Sudan, who is seriously ill in a Muleshoe hospital last week end.

City visited her daughter, Mrs. Arthur Elmore and family in Gilliland last week.

Mr. and Mrs. Fojtik of Gilliland have moved to Knox City.

Mrs. Burkham Speaks At Recent FHA Meeting

The Knox City FHA Chapter held their regular monthly meeting recently. Glenda Cox, president, presided. Program for the month was "Don't Be a Drop Out." Chairman for the program was Karen White. She was assisted by Judy Land, Cora Jan Fitzgerald. A skit written by Karen was presented.

The skit entitled "Don't Be A Drop Out," showed some of the disadvantages of dropping out of high school. The skit was presented by Karen, Judy and Cora Jan and Twyla Standfee.

Special guest for the meeting was Mrs. Leon Burkham. Mrs. Burkham talked about receiving their State Degrees, and how much it had meant to her. She urged every girl to continue her work toward their degrees. She gave many pointers which would help members who were planning to work on their degrees.

Another outstanding feature was the selecting of officer and FHA Girl of November.

The committee which took part in the selection of nominees were Wilma Fahring, Jan Sutton, Susan Reese, Dorothy Herring and Sharman Watkins.

The officer of the month is Becky Howell. She has been an active FHA member for three years. She is now serving the chapter at FHA meetings and her interest in FHA activities make her an excellent choice for officer of the month.

Becky, a junior, has been in the Knox City School Band for four years, and is an active member of the FTA.

The FHA Girl of November is Diane Thomas. She is a freshman, and is playing for the Houndettes. Her enthusiasm in all FHA activities have led to the honor of Girl of November. Diane has demonstrated her interest in FHA by perfect attendance at FHA meetings; serving as chairman of the publicity committee for October; and beginning work on her junior degree.

Other girls nominated by the nomination committee for the Officer of the Month was Carolyn Crownover, and for Girl of the month, were Gail Cornett and Colleen Averitt.

During the regular business meeting Susan Reese, chapter parliamentarian, who is working on the local FHA constitution, presented three points for consideration of the members. Each item was approved by the chapter.

They are:
1. A member must be a junior or senior when she serves as president or vice president.
2. In order to serve as chapter president or vice president she must have previously served as an FHA officer.

3. A girl is not eligible to attend the state FHA meeting twice unless she earns the right to attend above the regular quota.

The meeting was then adjourned and refreshments were served.

Warren Students Entertain Lions

Three of Mrs. E. Q. Warren's piano pupils and their teacher were guests of the Knox City Lions Club last Wednesday.

They were Betsy Ross, daughter of Mr. and Mrs. Jim Ross; Sammy Tankersley, son of Mr. and Mrs. Jack Tankersley, and Lynn Beason, son of Mr. and Mrs. W. L. Beason.

The youngsters played a medley of songs during the lunch accompanying each other on the piano as Miss Ross played the flute and the two boys each played solos and duets on the trumpet.

JOE W. DOBY
COUNTY AGRICULTURAL AGENT

Beef cattle producers are now concerned with selecting feeds for their supplemental winter feeding program, and several factors should be considered for a profitable and economical operation.

Of real concern to farmers and ranchers are feeds which supply low cost protein and low cost energy. Grain is considered the cheapest source of energy and protein supplements should be chosen on the basis of their protein content and cost. A mixture of different sources of vegetable protein has little to offer since cattle make their own amino acids.

Before purchasing a supplemental protein feed, note the price per 100 pounds, percentage of crude protein supplied by the oil seed protein meals, percentage of equivalent protein from non-protein nitrogen, crude fat and crude fiber content. Higher fiber content feeds should be cheaper.

A protein supplement is bought primarily for its protein. Cost of this protein may be determined on a per pound basis by dividing the price per 100 pounds by the percent protein. Thus, range cubes with 20 per cent crude protein at \$3 per 100 pounds would supply crude protein at a cost of 15 cents per pound.

Herd protein supplemental feeding should be based at .8 pound of digestible protein daily per cow. Therefore, it would take four pounds of a 20 per cent product such as range cubes to satisfy this requirement. Of course, methods of feeding and individual preferences determine the form of supplement to be used — meal, cubes, crumbles or pellets. Self-limiting mixtures of protein mineral blocks, Urea-molasses or other liquid supplements, and combinations of salt and cottonseed meal may affect savings in labor and provide more even herd consumption. However, the unit cost of protein may be high.

Mixtures of salt and cottonseed meal have had extensive use, the percentage of salt varying from 15 to 50 per cent of the mixture. Ground sorghum grain or ground ear corn is often mixed with salt and cottonseed meal and fed free choice. Common mixtures contain about one-third of each. Water should always be available nearby when these amounts of salt are fed.

Selection of a supplement may also be influenced by the amount and quality and quantity. Where forage is limited, a feed including both protein meal and grain may be more useful than a straight protein supplement.

Many homemakers have game meat available with which to prepare delicious and palatable meals if proper care and cooking are exercised.

Game meat adds variety to meals and is high in nutritive value. Fresh and properly handled game meat can be tender and palatable when cooked by dry or moist heat. The method of cooking is determined by the quality and tenderness of the carcass.

Young and tender game is best cooked by dry heat such as

Cotton Harvest Up; Wednesday Night Rain Will Stop It!

Cotton harvest got under way in earnest last week in the Munday territory. The number of samples classed totaled 6,597 compared to 494 the previous week; however, cold weather slowed harvesting and sample receipts dropped off during the latter part of last week.

The grades of the cotton classed last week declined somewhat.

According to A. D. Peebles of the U. S. D. A. Cotton Classing Office; the spotted grades increased from 12 to 22 per cent, and the cotton reduced in grade because of bark increased from 4 to 9 per cent.

A complete grade breakdown on the 6,597 samples classed last week at the Agricultural Marketing Service, Cotton Division in Munday shows: Two per cent Middling, 9 per cent Strict Low Middling and 2 per cent Low Middling. The Light Spotted grades accounted for 63 per cent of the classing, and there were 28 per cent Middling Light Spotted, 29 per cent Strict Low Middling Light Spotted and 6 per cent Low Middling Light Spotted. The Spotted grades made up 22 per cent of the classing and included 1 per cent Strict Middling Spotted, 8 per cent Middling Spotted, 11 per cent Strict Low Middling Spotted and 2 per cent Low Middling Spotted.

The staple distribution last week according to Mr. Peebles was 10 per cent 7/8 and shorter, 39 per cent 29/32, 31 per cent 15/16, 9 per cent 31/32, and 11 per cent 1-inch and longer.

Most of the cotton classed last week was in the 3.5 to 4.9 range which is in highest demand by the cotton trade. Only 3 per cent was below 3.5 and 13 per cent was 5.0 and higher.

The cotton market in Munday and area remained steady this week in spite of heavy ginning on the high plains. White grades in the area last week were selling for 0 to 50 points over loan price. The Middling Light Spots with 13/16 to 31/32 staple were bringing 50 to 75 points over the loan. Strict Low Middling Light Spots and low

roasting, broiling, pan-broiling and frying. Dry heat preserves flavor and insures tenderness. Basting with additional fat may be necessary if the meat is lean.

Old and less tender game, on the other hand, is best prepared by moist heat such as braising, stewing and simmering.

With moisture, the high temperatures necessary to soften connective tissues can be obtained. Parboiling strong game will reduce any objectionable flavor and will produce a mild gamey flavor. However, some soluble nutrients from well-conditioned carcasses will be removed.

However, the strong, gamey flavor that some people find objectionable is concentrated in the animal fat. To reduce this flavor the fat must be removed in more mature, highly fattened carcasses.

Many people prefer to marinate meat from more mature animals to reduce gamey flavor and make the meat more tender. A marinade is made by combining one-fourth part vinegar, three-fourths part water, sugar and seasoning. Meat should be placed in the solution and refrigerated for 72 hours or longer.

Study Club Observes Bible Day Dec. 3

Bible Day was observed Dec. 3, by members of the Knox City Study Club.

Mrs. M. S. Denton was leader and presented Mrs. A. V. Kemletz and Mrs. Kenneth Lankford who sang a Christmas Carol, accompanied by Mrs. Curtis Casey.

Mrs. Claude Reed gave a paper on "The Unholy Holy Land." er grades were bringing 80 to 125 points over loan.

The season total at the Munday Classing Office now stands at 35,048 samples classed. This indicates that harvesting is at least 3 weeks behind last year.

Mrs. E. R. Carpenter presided over the business meeting, and Mrs. Alton Fitzgerald and Mrs. Jack Tankersley were elected to membership in the club.

Mrs. H. D. Bankston announced plans for the Miss Merry Christmas contest, which will be presented at the school auditorium Dec. 14.

Next meeting of the club will be a dinner on Dec. 17 at 7:30 p.m. at the Womens Club, honoring the husbands. Gifts will be exchanged and members are asked to bring gifts for the State Hospital in Wichita Falls.

Hostesses for the meeting were Mmes. Joe Roy Smith, Truman White and Mrs. T. S. Edwards.
