

Meeting Planned Tonight On College In Rochester

A meeting has been planned tonight (Thursday) at the Rochester High School at 7:30 for the purpose of discussing the proposed Junior College for this area.

Principal speaker will be Dr. Anthony Hunt, president of the Howard County Junior College in Big Spring.

Dr. Hunt's expected topic will be "Evaluation of a Junior College to This Area."

This is the first of several talks by people who are authorities in Junior College operations.

Everyone is invited and urged to attend.

Study Club Meets; Band Entertains

The Knox City Study Club met on Jan. 7 for the annual business meeting. Mrs. E. R. Carpenter presided and roll call was answered by naming a New Year's wish. Mr. Arnett and his Junior Band furnished a musical program.

Mrs. Otis Cash read the Constitution and By-Laws. Mrs. Geo. Davis gave a talk on "What is Parliamentary Procedure."

Members voted to contribute 50 per cent of all money made this year to the project of building a shelter in the City Park.

16 members were present. Hostesses were Mes. Curtis Casey, J. C. McGee and C. C. Hoge.

1965 March Of Dimes In Progress

According to Mrs. Doyle Graham, Chairman and County Campaign Fund raising Chairman of the National Foundation, plans are now in the making for the annual March of Dimes Drive throughout the county.

Mrs. Bobby Joe Helton is local chairman for Knox City drive, and Mrs. C. J. Albus is heading Rhineland's campaign. Other chairmen have yet to be named.

To date, our county is debt free, having erased old debts that have been carried over from actual polio cases in the 1950's. We are maintaining a fund year around to assist two polio patients that are still receiving treatments and corrective apparel necessary for their well being. We want to continue helping these youngsters in every way we can and also provide funds for the outstanding progress at the new Salk Institute at San Diego, Calif.

Dr. Jonas Salk, developer of the polio vaccine is director of the institute. Another important phase of the National Foundation is the many new Birth Defects Centers that have been established in 50 cities throughout our country. Here they are providing medical care, scientific research, public and professional education into one of the nations gravest medical problems.

Through the conviction and concern of March of Dimes volunteers, and support of the American people, this great network of March of Dimes Birth Defects Centers will grow and give help and hope to millions of parents whose babies are born defective in body or in mind.

The National Foundation is also carrying on its program in the field of arthritis in cooperation with the Rheumatism and Arthritis Foundations that joined forces in 1964.

If enough funds become available in the county, it is the desire of the local county executive committee to provide a yearly scholarship to youth of our High Schools that are interested in any phase of medicine, in furthering their careers. The outcome of this year's drive will determine whether this activity can be realized.

ATTEND 50th ANNIVERSARY

Mr. and Mrs. John A. Smith attended the 50th wedding anniversary of Mr. and Mrs. O. L. Patterson in Benjamin Sunday.

ANOTHER MEETING—

Tentative plans are interested persons to meet with Frank Henderson at City Cafe Friday, Jan. 22, to discuss a brick manufacturing plant in this area.

PLANT CENTER LOCATION is shown above —All new grass collections at the Plant Center are studied first in small planting of this sort. Inferior types are then discarded.

SCS To Set Up Plant Center In Knox City--

Knox City has been selected by the Soil Conservation Service for location of its Plant Materials Center in Texas.

Operation of the center will be under the direction of Arnold G. Davis, a native of Nebraska and whose most recent SCS duty was at Beltsville, Md.

He will be assisted by Ulric Lea of Knox City who has had years of service with the Soil Conservation Service in Texas.

The work will be done on a 60-acre tract of land belonging to Tom R. Campbell five miles northwest of Knox City.

The Plant Center occupies an important part in assistance to Soil Conservation districts and their cooperators.

Purpose of Center
Broadly speaking its purpose is to provide a place where native and introduced plants can be assembled, grown, and evaluated for use in solving range and pasture seeding problems in the state, Lea said.

Successful treatments of these problems may involve a need for plants not presently available in market.

There may be a need to learn how to establish the right plants and how to manage the stands after they are established.

To meet these needs, grasses and legumes that appear to have value for specific uses will be collected and brought to the center to study their growth habits and how to grow them.

They will then be planted away from the center under conditions to see how they will behave there.

Seed Supply
Seed of species or strains that prove desirable in the field plantings will be made available through Soil Conservation Districts to growers for commercial production.

Lea said the type of soil in this community and the abundant water supply for irrigation was the reason for location of the center here.

Arnold and his family are expected to arrive here around January 18. They will live in Knox City.

Lloyd Wright, KC Native, Heads US News Agency

Lloyd Wright, a native of Knox City has recently been appointed to head one of the world's largest news disseminating networks. His appointment is director of the United States Information Agency's Press and Publications Service with outlets in 102 nations around the globe.

Wright was born in Knox City, but moved with his parents, the late Mr. and Mrs. E. P. Wright to Hale Center, Texas where he graduated from high school. He was graduated from Hardin-Simmons University in 1953 with a degree in Journalism. After graduation he was employed at a T.V. station in Lubbock.

In 1954 he joined the Marine Corps and was stationed in San Diego, Calif., where he was editor of the base newspaper. He was later employed by The Texas Baptist Convention as public relations man.

Wright worked as a member of the Peace Corps taking this job in January 1962. His other assignments were handling campaign efforts of The National Democratic Committee.

He and his wife have recently returned to Washington, D. C. after making a trip around the world. He is married to the former Dolores Williamson of Eastland. They have two daughters, Sharon 7 and Janet 5.

The Misses Blanche and Clifford Elliott of Knox City are aunts of Mr. Wright.

ATTEND 50th ANNIVERSARY

Mr. and Mrs. John Atterbury were among other friends and guests who attended the 50th wedding anniversary of Mrs. and Mrs. O. L. Patterson in Benjamin, Sunday.

Annual Farm And Ranch Day To Have Numerous Agricultural Speakers

The annual Knox Co. Farm Ranch Day will be held Wednesday, January 20, in the Munday Grade School Gym. The program will begin at 10 a.m. and last until 2:30 p.m.

Free lunch will be sponsored jointly each year by the Texas Agricultural Extension Service

DR. ALEX POPE

Principal speaker at the annual Farm and Ranch Day to be held in Munday, Jan. 20, is Dr. Alex Pope.

A native of Billings, Montana, Dr. Pope was reared on a diversified irrigated farm. He received his B.S. in soils and a M.S. in soil fertility from Montana State College, and a Ph.D. in Soil Chemistry from Oregon State University.

Dr. Pope was a soil scientist with the U. S. Soil Conservation Service at Missoula, Mont., during 1950-51. Served as a graduate research fellow at Oregon State from 1951-53. Then he served as an assistant soil scientist in Western Oregon during 1953 to 1956. In 1956 he and his family moved to Texas where he served as assistant agronomist for the Southwestern Great Plains Field Station at Bushland, Texas.

PLEASE USE TRASH CANS!

Knox City's trash cans, which are placed on the sidewalks of the town for the convenience of citizens, were painted a bright red this week to call attention to them.

They are placed on the streets for a purpose, and rather than throw trash in our streets, citizens are asked to please use the containers, and help keep our city clean.

ATTENDS FUNERAL

Mrs. J. A. Wilson and Mr. and Mrs. Chad Wilson spent Monday in Plainview attending funeral services for C. A. Wilson, who was a brother-in-law of Mrs. Wilson, and an uncle of Chads.

FIRST EXHIBIT FOR MUSEUM — is being placed in the showcase by the Museum Chairman, Mrs. J. R. Brown of Truscott, recently. The Historical Survey Committee is asking citizens to please let them have any old relics or items of interest to put in the museum. The above oddity is an old table cloth with beautiful, intricate needlework.

Bloodmobile To Be Here Jan. 21

Herbert Bellinghausen, chairman of the Red Cross Bloodmobile program for this area has announced that the bloodmobile will be in Knox City at the Methodist Church January 21.

The bloodmobile has for several years been the source of supply for blood and is a definite asset to our community.

Never has a goal been reached in the number of pints taken, and in order to continue this program, every citizen is urged to contribute their pint of blood.

Your participation is urgent! Goal for the county is 265 pints and so far the county is behind 101 pints.

SOCIAL SECURITY REP. TO BE IN KNOX CITY JAN. 20

A representative of the Social Security Administration will be in Knox City at the city hall on Wednesday, Jan. 20 from 10 a.m. until 12 Noon. You are invited to meet with the representative to file a claim or to obtain information or assistance concerning social security.

Knox City Youths Win Top Honors In Knox County Junior Livestock Show

Darrell Marion and Carl Brock of Knox City won top honors in the Knox County Junior Livestock Show held in Munday, Saturday.

Grand champion barrow was a heavyweight Duroc shown by Darrell Marion and grand champion gilt was also a Duroc exhibited by Carl Brock. Reserve champion barrow at the 4-H and FFA show was owned by Ronnie Chilcoat of Benjamin and the reserve champion female award went to Johnny Hunter of Munday.

Only two steers were entered in this year's show. Wyman Meinerz of Benjamin showed his Hereford to the championship. It was bred on the League Ranch.

Grand champion lamb was a Southdown wether exhibited by Jackie Fisher of Knox City. Mike Willoughby of Munday had the reserve champion market lamb, a Hampshire.

Showmanship awards for the swine classes went to Jerry Myers of Knox City; in the sheep classes to Bob Moorhouse of Benjamin and in the calf judging to Mike Tankersley of Knox City.

Results of show are listed below in the order they placed:

Boars: Jerry Myers, first, second and fifth; James Welch, of Munday, Johnny Bradberry, of Knox City and Jimmy Tankersley, Knox City.

Southdown Lambs: Jackie Fisher, Bill Cornett, Irvin Brooks, and Johnny Bradberry, all of Knox City.

Medium Wool Lambs: Van Harris, Benjamin first and fourth; Bob Moorhouse, Benjamin, second and sixth; Dowell Mathews, Munday and Jimmy

Low Volume Aerial Spraying Could End Boll Weevil In Three Years . . .

The Rolling Plains Cotton Growers, Inc., have been working night and day since its inception, to raise money to keep the boll worm and boll weevil out of the Rolling Plains area.

S. N. Reed is chairman of the committee and he told a Herald reporter this week that "wonderful results have been done on the Plains this year."

The Lubbock area has spent one million dollars along with one million from the government to kill the weevils. There are 23 counties in the Rolling Plains and Mr. Reed is trying to get all of them to sign up to pay 50 cents for each bale of cotton ginned in the area.

Obviously to poison each year is more expensive than to kill the pests out. It is believed that the weevils and worms could be brought under control in one or two years if each grower contributed and poisoned his land. Mr. Reed has an appointment with Congressman Graham Purcell in Wichita Falls Friday to discuss the problem.

Lubbock's area gins two mil-

lion bales of cotton each year to this area's 400,000 Mr. Reed said, yet the program will not work unless all farmers join in to liquidate the pests, he pointed out.

Most farmers see the necessity of joining and helping, but still a few have not participated.

Last year this area of 23 counties spent \$14.10 per bale on cotton.

Besides the 50 cents per bale Mr. Reed said a number of counties are donating \$1,000 to the program.

A new product—Tests with extremely small amounts of pesticide applied undiluted have yielded almost unbelievable results. For example, outstanding control of spring cereal leaf beetle adults was obtained with undiluted technical malathion. The dosage: 8 ounces per acre.

Tests with extremely small amount of technical malathion applied undiluted have yielded some almost unbelievable results. It required getting used to the idea of covering an acre of land with a half pint of total material.

This revolutionary development in the aerial application of pesticides began to take shape last year. Field tests, undertaken in 1962 against rangeland grasshoppers, had produced promising results when chlorinated hydrocarbon insecticides were applied at relatively low

Boll Weevil--

(Continued From Front Page)

volumes. This low volume discovery, coupled with the search for less-persistent pesticides against rangeland grasshoppers, led to the testing of undiluted malathion in 1963. These tests, conducted in Idaho and Montana were so successful they resulted in a switch this year from the standard treatment consisting of a chlorinated hydrocarbon in oil applied at the rate of one gallon per acre to the incredibly low wrate of eight ounces of undiluted malathion per acre.

Since that time, similar tests have been conducted on boll weevils, cereal leaf beetles and beet leafhoppers. In all cases, the results have been outstanding.

Interest in using a new approach against the boll weevil was stimulated by the possibility of an extensive boll weevil program in the High Plains area of Texas.

Around 175,000 acres would be sprayed to prevent the westward spread of this insect. The recommended fall treatment for boll weevils has been one-half pound of methyl parathion in three gallons of water per acre, applied at 10 day intervals from mid-September until killing frost — its use on the High Plains program would require around 60 airplanes.

Tests of this nature have been conducted near Harlingen.

Malathion was applied at a height of 15 feet and swath of 75 feet and others were applied at the customary crop level and swath of 35 feet.

Indication are the malathion — even at its lowest dosage rate — was at least as effective on the boll weevil as the other insecticides in the tests at Harlingen.

Similar tests are now being conducted on the High Plains. Although the work is still in the experimental stage, it does seem significant.

Preliminary tests indicate mist blowers could be used for ground application, but it is doubtful if the new poison will be as effective as it is from aerial applications.

But there is no doubt that the results described still represent a remarkable achievement in aerial application for these reasons:

- Use of an insecticide with low toxicity to mammals practically eliminates the hazards present with the extensive use of highly toxic insecticides normally employed in some insect control programs. For example malathion against grasshoppers permits free access of slaughter and dairy animals to treated rangelands.

- Higher flights, made practicable by the use of non-volatile material such as malathion, substantially increase the safety of flight operations.

- Wider swaths, resulting from higher flights and greatly reduced ferry and loading time permit the use of fewer aircraft, thus reducing the complexity of supervision and ground support.

- Reduction in total material applied per acre (97 per cent in the case of boll weevil) means a sharp reduction in application cost. Thus, the total number of aircraft required for the boll weevil program described above could be cut from 60 to 15.

- Reduction in amount of toxicant per acre. In every test thus far conducted, malathion can be reduced by more than 50 per cent if applied as undiluted technical rather than as a water emulsion.

HERE FROM PASADENA
Mr. and Mrs. G. A. Lloyd of Troup, and Mr. and Mrs. Felton Lloyd of Pasadena visited Mr. and Mrs. Tom Loper, Mrs. Z. C. Williams and Mr. and Mrs. Bill Lanford recently.

Junior College--

(Continued From Front Page)

ior College, will speak on "Evaluation of a Junior College for this Area."

These and other meetings are planned in the future.

All meetings will be held at 7:30 p.m. in each town.

Committees appointed at the present time are:

SURVEY COMMITTEE —

This is composed of each of the county school superintendents in the four counties. Mrs. Thelma Smith, Stonewall county; Merick McGaughey, Knox; Mrs. Jessie Vick, Haskell, and Mrs. Byrd Thorp of Throckmorton.

METES AND BOUNDS — Is headed by Judge Royce Adkins. A qualified surveyor will be obtained to survey the outside territory of the four-county area and Judge Adkins then turn this information over to the state.

COMMUNITY ATTITUDE — Is composed of all the service and civic clubs of the area along with superintendents, mayors, etc.

DEVELOPMENT FUND — Has been devised to handle contributions to the Junior College cause and H. T. Wilkinson of Haskell is chairman assisted by Chamber of Commerce Presidents of the area.

PUBLICITY COMMITTEE — Is composed of editors and publishers of the area newspapers.

Mrs. Burkett said a meeting of the Steering Committee will be held Jan. 20, 1:30 p.m. in the board of education room of the Stonewall county courthouse.

The Press will have another meeting on Friday, Feb. 12 at the Texas Cafe in Haskell.

Elsewhere on this page will be found a questionnaire the Press is asking interested readers to fill out and return to their respective newspapers. This information will then be forwarded to Austin for study.

IN SWEETWATER
Mrs. C. Q. Barry is visiting her brother and sister in law in Sweetwater.

IN ABILENE
Mrs. E. R. Carpenter, Mrs. Hazel Long and Mrs. Alma Culwell spent one day last week in Abilene.

Cornett and James Welch.
Heavyweight Hampshire Barrows: Derrell Marion, Paul W. Graham and Mike McCain, all of Knox City.

Lightweight Hampshire Barrows: Ronnie Worley, Bill Roberts and Jerry Myers.
Mixed Breed Barrows: Lonnie McSwain, Irvin Brooks and Dorell Matthews.

Heavyweight Duroc Barrows: Ronnie Chilcoat, Bill Roberts, Lynn Walling and Jimmy Walling.

Heavyweight Yorkshire Barrows: Ed Caron, Jim Tankersley and Rodney Morrow.

Champion Barrow was shown by Darrell Marion, reserve was shown by Ronnie Chilcoat of Benjamin.

Hampshire Gilts: Bill Roberts, Brett Bumpas and Frank Perez, Benjamin.

Duroc Gilts: Carl Brock, Johnny Ivie and Richard Barnard, all of Knox City.

Duroc Sows: Jimmy Walling, Munday, Bill Roberts, Benjamin, Ronnie Chilcoat, Benjamin and Bobby Ward, Munday.

Yorkshire Gilts: Paul Graham, Jimmy Tankersley, Gene Slaughter and Jerry Myers, all of Knox City.

Poland Sows: Johnny Hunter, Munday first and third; Johnny Lee Nelson, Munday and Lynn Walling, Munday.

Hampshire Sows: Joe Lowe, Munday, first and fourth; Bill Roberts and Ronnie Chilcoat, of Benjamin.

Grand Champion Gilt was shown by Carl Brock, Knox City and reserve champion by Joe Lowe, Munday.

Steers: Wyman Meinzer, Benjamin and John Lee Nelson of Munday.

HERE FROM LUBBOCK
Mr. and Mrs. Claude Harrison and Jeanette of Lubbock spent the week end with Mr. and Mrs. J. C. McGee recently.

ATTENDS COSMETIC CLINIC
Mrs. J. C. McGee, attended a district Cosmetic Clinic held in Wichita Falls Monday. Mr. Greer of Tuscon, Ariz., was in charge of the clinic.

Mr. and Mrs. Homer T. Melton were visitors in Crowell one evening.

Mrs. Bonnie Terry and Vicki and Mrs. Bert Marshall were in Knox City Wednesday and Thursday of last week.

Mrs. Kathleen Melton and Jimmie and Mrs. E. B. Sams were in Knox City Thursday.

Former Residents Celebrate 50th Anniversary

Mr. and Mrs. P. Scott Dutton of Tacoma, Washington, former Knox City residents celebrated their golden wedding anniversary with an open house Sunday, Dec. 6.

Mr. and Mrs. Dutton were married in Knox City Dec. 6, 1914. They moved to Yelm, Washington, in 1924 and lived there 30 years before moving to Tacoma, when they retired from farming.

The couple have two daughters, Mrs. Roberta O'Farrell of Seattle, Wash, and Mrs. Loretta Sherwood of San Francisco, Calif., seven grandchildren and one great grandchild.

RETURNS HOME
Mrs. Leone Thomasson has returned to her home after a month spent in Sudan with her son and family, Mr. and Mrs. Johnny Thomasson.

IN ROCHESTER
Mrs. Carrie B. Benedict and Mrs. Rosa Wilson were dinner guests of Rev. and Mrs. Gene Lauder in Rochester last Saturday evening.

CARD OF THANKS

We wish to express our heartfelt thanks to our many friends and neighbors who were so kind and thoughtful to us during the death of our loved one, W. H. Waggoner. Especially do we appreciate the lovely flowers and the food that was brought and served.

May God bless each and every one is our prayer.
The Family of W. H. Waggoner.

RETURNS FROM AUSTIN

Mrs. Mabel Pyeatt has returned home after spending the holidays with her sister and family, Mr. and Mrs. Everett Kelly in Austin.

TAX TIME
IS HERE AGAIN!

During the past year a number of our income tax laws have been revised and it is possible that you and your family are entitled to more deductions this year than formerly.

Discover the difference in the '65 Chevrolets (As different from other cars as they are from each other)

CHEVROLET — As roomy a car as Chevrolet's ever built. *Chevrolet Impala Sport Coupe*

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year and the attractively curved windows help to give you more shoulder room. The engine's been moved forward to give you more foot room. So, besides the way a '65 Chevrolet looks and rides, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

CORVAIR — The only rear engine American car made. *Corvair Corsa Sport Coupe*

You should read what the automotive magazines say about the '65 Corvair. They're wild about its ride. They think there's nothing else this side of the Atlantic that can touch its styling. They say if you haven't driven a new Corvair Corsa with a 180-hp Six Turbo-Chargaarged! you just don't know what you're missing.

LEGAL NOTICE

Notice is hereby given that the Commissioners Court of Knox County will receive bids from any Banking Corporation, Association or individual Banker in Knox County, Texas, for the depositing of Public Funds belonging to said county, and funds in the hands of the County and District Clerks Trust Funds, up to and including ten o'clock February 8, 1965.
The Bank, Association, or individual banker, will be required to enter into a bond, as required by law, before qualifying as County Depository, and the Commissioners' Court reserves the right to reject any and all bids.
Given under my hand and seal of said Court, this the 12th day of January, A. D. 1965.
(SEAL)
Signed Judge L. A. PARKER, County Judge, Knox County. 3tc 8

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

Today many Towns are "waking up" to Community Development

Everywhere you go these days you see towns engaged in or planning "community development." These activities range from simple clean-up programs to business modernization, new schools, hospitals, public buildings and recreational facilities as well as commercial and industrial promotion . . . making the towns better places to live, work and play. In 1965 we will run a series of ads which will picture and describe examples of community development now taking place in our service area. This is part of our area development program in which we are dedicating our efforts to assist the towns we serve to grow and progress. Growth-conscious towns are invited to contact their local WTU manager for the services of our area development representatives.

COMMUNICATIONS Your Tool for Progress

Old Mother Hubbard never had it so good

A bare cupboard in her day posed quite a problem. But the modern homemaker has many advantages — wonderful food stores, fast transportation, and communications. Food stores in several towns we serve use modern communications to help housewives shop and to increase food sales. They record daily specials on our ELECTRONIC SECRETARY® phone answering unit. A shopper telephones and receives the list of specials automatically through electronics. For full information about how our many communications services can be your Tool for Progress, please call our Business Office.

GENERAL TELEPHONE

Danger: A Stale Will
Unlike wine, wills seldom improve with age. Events that occur after your will is made may turn its wisdom into folly, its plans into pitfalls, its kindness into cruelty. Yet, when you die, the law will usually follow your instructions to a T, heedless of what has happened in the meantime.

In a few special situations — suppose you got married, or got divorced, or had a child, or lost a child — local statutes may make automatic changes in your will. But such changes are cut to a standard pattern, perhaps bringing results you may not have wanted at all. Worse, there are all sorts of possibilities that statutes simply cannot deal with in any orderly fashion.

Consider this case:
The father of two daughters, disappointed in the men they married, wrote a will cutting them off with almost nothing. But he lived on for seven years, during which time he had a complete change of heart. Unhappily, he neglected to bring his will up to date. The court had no choice but to enforce the will as written, with the old rancor left in and the new affection left out.

Here are some other circumstances that may justify a change in your will:
A son, who at the age of 14 seemed the quiet and sensible type, by 16 shows alarming signs of becoming a spendthrift... an ugly-duckling daughter, thought to be headed for spinsterhood, lands a good husband... you move to another state... you become much richer (or much poorer)... a change in the tax laws gives you an opportunity to save on inheritance taxes... you gain new attachments (or lose old ones).

Of course, you shouldn't re-draft your will every time you have a tiff with Aunt Kate. But reviewing it at regular intervals — perhaps every year or two — is plain common sense.
If your lawyer sees the need for a review, he may send you a reminder to that effect. Still, even though such a reminder is perfectly ethical, many lawyers are leery of anything that might be interpreted as soliciting business.

The best way is for you to authorize him in advance, preferably when you first make your will, to send you a regular reminder — just as your dentist does. Very often, no change is necessary, delay is dangerous. The change that is delayed may never be made at all.
(This is a public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.)

Beta Chi Chapter Has Meeting

Beta Chi Chapter of Delta Kappa Gamma met Jan. 9 at 2:30 p.m. in the Old Glory Cafeteria with Mrs. Maxine Klump directing the program.

The English students of Munday High School, under the direction of Mrs. H. H. Partridge, presented their one act play, "Pygmalion" which they will give at the District Interscholastic League meet.

Pygmalion, is a Greek legend, ruled as king of the island of Cyprus. Disgusted by the women of his day, Pygmalion carved a beautiful ivory statue of a woman and then fell in love with it. In answer to his prayers, the God Venus made the statue a living woman whom Pygmalion later married.

In this modern play, by Bernard Shaw, a gentleman of culture, as a sporting venture, undertakes to create an elegant lady out of an ignorant flower girl. He succeeds and then falls in love with his creation. The reaction of the lady he creates tends to be somewhat more complicated than those of the legendary statue.

Characters are:
Shaw's modern Pygmalion, Professor Higgins played by Eddie Littlefield.

Eliza, the poor flower girl, played by Frances Reneau.

Colonel Pickering, a fine old bachelor, played by Andy Anderson.

Higgins mother, Mrs. Higgins, played by Millie Moore.

Mrs. Pearce, Higgins housekeeper, by Marita Massingill.

The president Mrs. Thelma Smith presided over the business meeting in which Mrs. F. M. Squires was granted a transfer of membership to the Seagraves Chapter of Delta Kappa Gamma. Mrs. Luther Burkett, chairman of the steering committee for the Area Jr. College reported on the development and progress of the project.

Members of Beta Chi Chapter which includes members of the four area county voted to endorse the Area Junior College program and presented a gift of \$25 to the Development Fund for this purpose.

Hostesses were Mrs. Maxine Klump, Mrs. Johnny Pumphrey, Mrs. Vera Beil and Mrs. Jane Pritchard.

Service Officer Here, Commended

Charles L. Morris, executive director of the Veterans Affairs Commission wrote Knox County Service Officer Clarence Woodward a letter this week in connection with his work with the commission. The county Commissioners also received a copy of the letter. It said, in part:

"Our reports show that more than \$131,001.00 in Federal benefits was paid to the veterans and their families of your county during the past year. This amount represents only the cases handled by the Veterans Affairs Commission and the veterans organizations with which we are accredited.

"As you know, none of the benefits paid to veterans, their dependents and their survivors are automatic. A formal application must be made by each eligible person before any monetary benefits may be paid. From the amount of Federal benefits brought into your county, it is obvious that your office has filed and processed numerous claims for veterans and their dependents.

"It has been a pleasure to work with you in the past, and we look forward to many more years of pleasant association in offering assistance to the many veterans of our state and our nation.

"Sincerely yours,
"Charles L. Morris."

Nearly one half million dollars has been paid to veterans, widows and orphans since Mr. Woodward has been service officer. Years and their totals are: 1961, \$81,380.00; 1962, \$153,130.00 — 1963, \$79,800.00; and 1964, \$131,001.00.

In 1963 five veterans died and in 1964 11 veterans died; 6 from WW I and five from WWII.

There are 87 World War I veterans living in Knox County.

The grade school banquet will be held on February 4, at 7:30 p.m. The high school banquet will be Feb. 11 at 7:30 p.m. Both

Streams In Desert Places

Ozelle Stephens

In a time of trouble we listen to David encouraging his people, we hear him saying: The Lord hath always been mindful of his people. He will bless them that fear him, both small and great. The Lord shall increase you more and more.

He riseth up the poor out of the dust, and he lifteth the needy out of the dunghill; that he may set him with princes, even with the princes of his people.

The heavens are the Lord's; but the earth he hath given to the children of the men. Trust Him who turned the rock into a standing water, and the flint into a fountain water.
