STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN — Parents of rambunctious children soon may be paying more attention to the activities of their offspring.

A bill passed by both Houses of the Legislature makes parents liable up to \$5,000 for damages done by their children.

Measure is now in the hands of Gov. John Connally for his signature. It applies to 10 to 18 year-olds who damage public or privately owned property.

Sponsors of the bill are Sen. Jack Hightower of Vernon and Rep. Willis Whatley of Houston. They contend that stiffer penalties than the present \$300 maximum will curb vandalism.

Bill was prompted by the number of cases where homes and schools were being wrecked by vandals, but also it applies to such cases as false fire alarms and other acts of vandalism.

SHOWDOWN NEARING — As the end of the current Legislative session nears, legislators rapidly approaching decision time on legislative and congressional redistricting, teacher pay raises and new taxes.

House passed a congressional redistricting plan which almost everybody is taking for granted will be drastically changed in the Senate and will have to be worked out in a conference committee. Meanwhile, the Senate cleared the way for adoption of a senatorial districting plan keeping control in rural areas.

One of the biggest crowds of the legislative session appeared Wednesday for House and Senate committee hearings on heatedly-contested bills by Texas Teachers Association and Governor Connally to raise teacher pay.

Connally wants a 10-year graduated pay plan; TSTA insists on its plan for \$405 annual raises to all teachers.

Final approval of the record \$3,600,000,000 general budget bill for state government operation is expected in both houses by week's end. House Revenue and Tax Committee is looking carefully at all the serious revenue proposals in its deck.

Governor Connally has estimated there may be need for a new tax bill as high as \$100,000,000 if school teacher pay raises are approved by the Legislature.

Where to get the money is the big question. One thing is sure — he's opposed to a hike in the sales tax rate or extension of the present two per cent levy to groceries or medicines.

Among the possibilities, however, are: restoration of the 50 cent corporation franchise surtax (back to \$2.75 per \$1,000 of capital, surplus and undivided profit) and once more boosting the seven per cent gas production tax. He already has recommended a cigarette tax increase.

KEY WATER BILLS PASSED — Session's tap water bills, recommended by the Governor and water experts, has completed the legislative circuit and are ready to be signed into law.

Bills would authorize Texas Water Development Board to issue another \$100,000,000 in bonds for state purchase of storage in reservoirs and for local water projects; reorganize Texas Water Commission as water rights agency; and transfer statewide planning duties from the Commission to Texas Water Development Board.

A proposed constitutional amendment is pending to authorize issue of still another \$200 million in water development bonds.

LIQUOR STORE BILL KILLED — Earlier closing hours for liquor stores, proposed in a bill which passed the House are out for this session. Bill was killed by a two-vote margin in a Senate committee.

Provisions of the bill would have stopped liquor sales at 8 p.m. instead of 10 p.m., except to registered hotel guests.

Liquor store owners, who were supposed to have originated the bill, split on the issue and presented conflicting testimony before the Senate Committee on Jurisprudence.

DIVORCE SLOWDOWN — A bill that would extend the waiting period from 60 to 180 days

Mrs. Bobby Helton New 1946 Study Club President

Mrs. Bobby Joe Helton was installed as president of the 1946 Study Club at the closing meeting Monday night at the Womans Club.

Other new officers include Mmes. Don Railsback, first vice president; R. P. Barnard, Jr., second vice president; A. J. Keathley, secretary-treasurer; Archie Lieb, corresponding secretary; and Jerry Guinn, parliamentarian.

Mrs. Clyde Williams was installing officer.

before a divorce is granted, where children under 18 years of age are involved, has been approved by the House and the Senate Jurisprudence Committee.

Bill is sponsored by Rep. Paul B. Haring of Goliad and Sen. Williams N. Patman of Ganado.

Sponsors feel that the bill would provide a check on hasty, ill-conceived divorces and remarriages, thereby giving protection to children involved. Also it would be effective in reducing juvenile delinquency and the crime rate.

Bill has strong support of many prominent jurists and clergymen.

YOUTH CORPS JOB A JOB — Program to provide part-time jobs for needy students under the federal Economic Opportunity Act is growing fast and reaching into many areas of Texas.

Gov. Connally reports that office details for handling the project require a staff larger than the crew that handles all the duties of the Governor's office.

Connally has approved nearly a dozen Neighborhood Youth Corps programs, involving Federal grants for projects in Rio Grande City; Los Fresnos; Harris County; Beaumont; Dallas County; Galveston County; Laredo; Olton; Lockhart and San Marcos.

Grants are authorized by the U. S. Department of Labor in Washington, but are subject to final approval by the Governor.

Terrell Blodgett, director of the Texas Office of Economic Opportunity, has announced appointment of two consultants to help communities organize local action programs. They are Bertrand Adams of Austin and Robert Watts of Lufkin.

CRIMINAL CODE BILL IS DOCKETED — House Criminal Jurisprudence Committee has approved a 145-page bill overhauling the Texas Code of Criminal Procedure. It is set for debate last next week.

Affecting nearly all citizens, the far-reaching measure is the number one legislative objective of the State Bar of Texas.

Revision was passed by the 58th Legislature, but was vetoed by the Governor because of errors in the bill.

AG OPINIONS — Atty. Gen. Waggoner Carr has ruled that:

A party to a civil lawsuit, summoned to court as a witness—but who doesn't appear—may be cited for contempt even though he was not paid a witness fee or travel expenses.

Bill to provide \$7,500,000 in state funds for constructing and operating a Texas exhibits building at San Antonio's 1968 HemisFair is constitutional. Bill won unanimous approval of Senate Finance Committee, after appropriations conferees refused to put HemisFair funds in state's general budget.

Laws requiring a corporation be incorporated under Texas laws in order to get a liquor license or permit are constitutional.

FIRST LADIES MEET — Former First Ladies of Texas were guests of Texas' present First Lady at the Mansion.

Attending the tea given by Mrs. John Connally were Mrs. Dan Moody, Mrs. Allan Shivers, Mrs. Price Daniel, and Mrs. Joshua Morriss (formerly Mrs. Beauford Jester).

THE FAMILY LAWYER

CHILD ON THE STAND

Two cars collide at an intersection. Each driver blames the other for the accident. And the only impartial witness is a schoolboy who was standing on the curb.

Should the boy be allowed to tell his story in court? Thousands of dollars, and perhaps grave criminal penalties, may hinge on what he says. Is the testimony of a child reliable enough for the processes of justice?

Either way there are problems. To let him testify is to risk falsehood, deliberate or otherwise. Robert Louis Stevenson once wrote: "Whatever we are to expect at the hands of children, it should not be any piddling exactitude about matters of fact."

But if children may lie more freely, they may also tell the truth more freely. Out of the mouths of babes come observations unsoftened by tact, untinted by prejudice.

As a rule, it is up to the trial judge to decide whether a particular child is qualified to be a witness. Of course, age is one factor. But age provides no hard and fast guide. The judge also must consider the child's intel-

ligence, the time that has elapsed between accident and trial, and even the type of questions to be asked. Thus, a tot of 7 is better fitted to say whether a dog bit him than to estimate the speed of a passing truck.

Ethical as well as mental characteristics are taken into account. The child witness must feel a moral obligation to tell the truth.

Traditionally, the judge probes for this moral obligation in the child's religious background. Does he fear divine punishment if he doesn't tell the truth? For instance, one court allowed testimony by a youngster who, although hazy about the meaning of an oath, was sure that "the bad man" would get him if he told a lie.

In recent years some courts have been satisfied even if the child has no religious convictions, so long as he does have a clear motivation to be honest. But that motivation he must have. No matter how winsome his smile or how eloquent his language, the child without scruples has no business on a witness stand at all.

Plymouth sales in Texas prove it!

TEXANS LIKE TEXAS-SIZE PLYMOUTH

'65 Plymouth Fury

It's no surprise that Plymouth sales for the '65 model year are up over last year and still going strong. Texans like things "Texas-size" and Plymouth for '65 certainly fills the bill. The Plymouth Fury is the biggest, plushiest Plymouth ever—but still solidly in the low-price field. And every Plymouth has a 5-year/50,000-mile engine and drive train warranty.*

*Here's how Plymouth's 5-year/50,000-mile engine and drive train warranty protects you: Chrysler Corporation confidently warrants all of the following vital parts of its 1965 cars for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at a Chrysler Motors Corporation Authorized Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, intake manifold, water pump, transmission case and internal parts (excepting manual clutch), torque converter, drive shaft, universal joints, rear axle and differential and rear wheel bearings. Required maintenance: The following maintenance services are required under the warranty—change engine oil every 3 months or 4,000 miles, whichever comes first; replace oil filter every second oil change; clean carburetor air filter every 6 months and replace it every 2 years; and every 6 months furnish evidence of this required service to a Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.
