**PASSING THOUGHT** — A man never knows how many friends he has until he has made some enemies.

Attended the Vegetable Festival in Munday last week and we have no idea how successful businessmen will term it, we think it very good and it does get folks in the habit of pulling together — a necessity, regardless of what you are doing.

Personally, we feel Knox City needs to do something, even if it's wrong. . . In checking area towns, we are the only one not engaged in some endeavor of some consequence.

As a rule Knox Citizens will join and pay—for anything—but we are the world's worst though, when it comes to putting out some effort.

A friend of the Underwood family in O'Brien showed us our first 4.00 or straight A grade this week for a college student. C. H. Underwood, son of Mr. and Mrs. Jack Underwood made it this past semester at South Plains College. C. H. did the same thing last year! He plans to enroll at Hardin-Simmons for the fall semester.

Other students we know who are exceptionally gifted in the brains department we can think of now are Doyle Gene Graham, Laval Verhalen and George Wesley Coats.

George Wesley Coats has one of the best speech deliveries we've heard and is also probably one of the most gifted men we have from Knox City. Doyle Gene, the last time we visited with him, is also acquiring the voice and diction of a well-known person.

If their years of college do nothing else for them other than speaking correctly and with dignity, their years are well spent. There are no doubt many we can't recall at the present time, so forgive us if we forget some.

**AND, ANOTHER THOUGHT** — Each day someone remarks that the world situation looks grave and that "we are liable to end up in war."

Of course we are in war, or at least the Americans who are fighting and sacrificing their lives each day, think we are.

Although we aren't in an all-out last-ditch stand like we were in '41, for the men fighting in Viet Nam today it is just as bad for them as it was in any of the wars in the past.

Remember, you only have one life to give.

Recently our son was visiting with the postmaster's youngest daughter Temilou Graham. She was having a difficult time stopping her horse when she wanted to, and son Brice pointed out to her that the curb sprang on her bridle was missing.

"You must have lost it," he opined. But Temilou said it had never had one on it and that it had been that way since she got him for Christmas.

"I don't guess Santa Claus knew how to fix a bridle," she surmised.

**AND ANOTHER** — Crime is like fishing, the big ones always get away!

County Agent Joe Doby was a little late in warning gardeners of the grasshopper problem a few weeks ago, at least it came a little late for us. The week Joe told what to do in his column was the week we went out of the gardening business.

With luck we may have tomatos ala-malathion, if the little pests will leave us alone.

There is little doubt we have some of the best soil for raising anything and everything, but darned if it doesn't look like every element is out to keep it from growing.

Mr. J. O. Buchanan has, as usual, a fine garden, John Milford has corn over your head, and the Grady Ellis family is also the proud owners of a real fine garden, to name a few of the ones we've seen lately.

## Mrs. Headrick Of Benjamin Dies

Mrs. Rachel Louise Headrick, 83, died in the Knox County Hospital at 11 a.m. Tuesday. She was hospitalized an hour before her death.

Funeral services were held at the Benjamin Baptist Church at 3 p.m. Wednesday with the Rev. K. E. Woolley, pastor, officiating. Burial was in the Benjamin Cemetery with Smith Funeral Home of Knox City in charge.

Born May 1, 1882, in Waynesville, N. C., she married W. H. Headrick Aug. 5, 1899 in Chattanooga, Tenn.

The couple moved to Benjamin in 1927, where she had lived until about one year ago. She had been living for the past year in the Brazos Valley Care Home in Knox City.

Survivors are two sons, Lacy of Knox City and Fred of Wichita Falls; five daughters, Mrs. Mattie Johnson of Amarillo, Mrs. Nell Alexander of Benjamin, Mrs. Elsie Redon of Diane, Tex., Mrs. Sally Wallace of Wichita Falls, and Mrs. Evelyn Blessingame of Paris, Tex.; two step-daughters, Mrs. Vera Eskew and Mrs. Grace Meadow, both of Memphis, Tenn.; 20 grandchildren and 32 great-grandchildren.

## Thugs Like Guns . . . More Than Money, Obviously

City Hardware and Feemster Music Co., were broken into Monday night or early Tuesday morning and guns — mostly shotguns — seemed to be the preferred items.

Two cash registers had \$20 in change, but the yeggs apparently had eyes only for guns. Ditto at Feemsters, when they failed to even look into an unlocked safe.

Approximately 10 firearms were taken from City Hardware and four shotguns from Feemsters.

Entry was gained through the rear of City's building, by breaking a lock on the alley door. Another door was broken inside the building to gain entry into the main part of the store.

Otto Lawson discovered the burglary when he opened the store for business early Tuesday.

M. V. Feemster did the same thing. City Hdwe. managers believed two or more pistols were stolen, Vernie Feemster told a Herald reporter that they lost four shotguns, one deer rifle, four cartons of .22 caliber shells and five or six boxes of shotgun ammunition.

Although pistols were on hand at Feemsters as well as three cases of shotgun shells, the thugs failed to bother them.

Mr. and Mrs. James Breshears and daughter Diana of Lamesa are visiting her parents, the Rev. and Mrs. Lee Roy Baker. Other guests in the Baker home over the week end were Rev. Baker's mother, Mrs. G. R. Baker of Clyde and his sister, Mrs. Otis Conlee and Mr. Conlee and son James, all of Clyde.

## FHA Girls Attend Tech Workshop

Designs in leadership was the theme for the Future Homemakers of America officer's leadership workshop at Texas Technological College at Lubbock, June 15 and 16. Mrs. Victor Thomas, chapter mother, sponsored Becky Howell, president; Sharman Watkins, historian; Cathy Richardson, parliamentarian; Becky Lowry, treasurer; and Diane Thomas who attended the fourth vice president's workshop at the Knox City representatives to the FHA workshop.

The primary purpose of the workshop was for chapter members to exchange and share successful ideas for strengthening future FHA programs and projects.

Primary objectives of the workshop were: to become better acquainted with the responsibilities of FHA offices, to develop more understanding and ability in working with groups and to provide an opportunity to meet friends and to experience college campus living.

Nine hundred eighty-five officers represented the 143 FHA chapters at the workshop.

## 10,000 Visit Knox County Vegetable Festival

More than 10,000 persons visited the Knox County Vegetable Festival held in Munday Friday and Saturday.

Potatoes, the chief cash crop, grown on the 25,000 acres making up the Knox Irrigated Prairie, highlighted the show, but there were scores of other varieties of vegetables, berries, and fruit on display.

Crowds numbering well over 10,000 toured the two school yards of farming equipment, show entries, kiddie rides and exhibits throughout the day.

Besides the vegetables, which were enough to bring in the crowds by themselves, the festival was a beauty contest, county fair and art display all wrapped up in one package.

The festival was begun three years ago to focus attention on this area's growing vegetable production. Munday already has three potato sheds and is building a cold storage plant for fresh vegetables for its water-

## Walls Observe 50th Anniversary Here

The 50th wedding anniversary of Mr. and Mrs. H. E. Wall was observed in their home last Sunday with all but one of their five children present. H. E. Wall, Jr., of Prescott, Ariz., was unable to attend because of his wife's recent major surgery.

Those attending the observance were Mr. and Mrs. V. E. Lane and Linda of Wichita Falls, Mr. and Mrs. George Wall and Debbie of Knox City, Mr. and Mrs. Tommy Misklock, Cynthia and Randy of Lubbock, and Mr. and Mrs. Robert Wall, Robert Lynn and Shari of Knox City.

Mr. and Mrs. Wall have ten grandchildren and four great-grandchildren. Two of the great-grandchildren were present for the occasion.

Mrs. Wall, formerly Allene Couch, is the daughter of Mr. and Mrs. George R. Couch, a pioneer Haskell banking and ranching family. She attended Baylor University after graduating from Haskell High School and is a former school teacher.

Mr. Wall was born in Greenville, and is the son of a railroad builder and contractor. He moved to Haskell in 1907.

Mr. and Mrs. Wall were married in Altus, Okla., on June 17, 1915, and lived in Haskell and Jones counties prior to moving to Knox City in 1928. Mr. Wall retired in 1956 after spending 46 years as a dry goods merchant. He has served as president of the Knox City Chamber of Commerce and Knox City School Board, and is a deacon in the First Baptist Church.

## There Just Ain't Nobody Working!

There are not many people working according to a survey made in Louisiana. The population of the U.S.A. is 160 million, but 62 million are over 60 years of age, leaving only 98 million to do the work.

People under 21 total 54 million which leaves 44 million to do the work. There are 20 million employed by the government and that leaves 24 million to do the work. Ten million are in the armed forces so that leaves 14 million left to do the work. Deduct 13,800,000 state county and city officers and that leaves 20,000 to do the work.

There are 126,000 in hospitals, asylums and homes so that leaves 74,000 to do the work, but 62,000 are hoboes who will not work so that leaves 12,000 to do the work—you and me.

melons and canteloupe.

A noon luncheon was held Saturday to honor and introduce the many division chairmen and civic leaders who have worked on this year's festival. The luncheon also honored 17-year-old Kay Ford, daughter of Mr. and Mrs. Ray Darrell Ford of Munday, who was crowned Queen of the Festival in a contest Friday night. Two other 17-year-olds were introduced as princess and duchess to Miss Ford. Princess is Miss Frances Reneau, daughter of Dr. and Mrs. J. B. Reneau of Munday and the duchess is Janey Trainham, daughter of Mr. and Mrs. T. J. Trainham of Goree.

At five o'clock Saturday evening more than 2,000 festival visitors were fed barbecue. This was followed by a program of appreciation to the business firms of Munday for cooperating with the farmers on the festival.

The two-days of festivities were climaxed by a western music show late Saturday night.

Nothing was allowed to drag as contests were held and exhibits opened to the public throughout the day. These included a horned toad race, potato hunt,

## Joe Massey Has 'Close Call' Satur.

Chief of Police Joe Massey of Munday was brought to Knox County Hospital early Saturday morning a victim of an apparent heart attack.

Texas Ranger Homer T. Melton had had coffee with the chief of police, and was to meet him at city hall at a "few minutes."

Massey passed out in his car and Deputy Doc Clark discovered him. He went inside the building to call a doctor and Dr. Dick Harrell, was in city hall visiting his father City Secretary E. W. Harrell. The doctor immediately went outside to attend Massey.

Dr. Harrell administered artificial respiration and first aid to Knox City after an ambulance was called.

Although the chief has been in critical condition, he is much improved and doing fine the hospital reported late Wednesday.

## Gen. Schriever To Speak At Slaton Homecoming

The Ex-Students association of the Slaton Schools announce that General B. A. Schriever, Commander of the Air Force Systems Command, Washington, D. C., will be the honored guest speaker of the Ex-Students reunion in Slaton, Saturday, July 3.

General Schriever is a former student of the Slaton schools, having been a student there as a boy during 1918-1920.

This year's reunion is being dedicated to the first decade of the Slaton Schools and are honoring all faculty members, trustees, and students of that period.

A number of the members of the faculty that taught in Slaton 50 years and more ago, are expected to attend.

A reception will be held at the country club house in Slaton the evening before on July 2nd. Registration will begin at 9 a.m. at the high school. Luncheon at noon and the program will begin at 1:30, July 3rd.

All former students of the Slaton schools are urged to make early reservations to W. J. Klattenthoff, Box 234, Slaton, Tex.

## VISITS IN TRIMMIE HOME

Visiting in the home of Mrs. Mark Trimmie Sunday were a granddaughter, Mr. and Mrs. Bill Oliver and son of Fort Worth, Mr. and Mrs. Arnold Hudspeth of Rochester and the Chuck Reeves of Knox City.

sack race and crazy hat contest.

Much attention was given to detail this year and the exhibits were 'better than ever.' Fine art paintings, crafts and hobbies, were included. There were large exhibits of aviaries and aquariums along with perhaps the best history of Knox County ever presented in photographs.

There were also numerous commercial and educational exhibits.

But quite naturally the vegetables stole the show.

Many farmers complained that the weather had greatly cut the number of entries in the vegetable show this year and on top of that many were right in the middle of their potato harvest and unable to participate.

Winds and cold rain earlier this spring had greatly hurt

## Former Resident Killed in Abilene

Funeral services for Harry L. White, 41, of Abilene, who was crushed to death when he apparently fell from a city refuse disposal truck Tuesday will be held Friday in Knox City at the First Baptist Church at 2:30 p.m. Other arrangements were pending.

Mr. White was killed when he was pinned against a telephone pole by the truck.

He was born Feb. 29, 1924 in Knox City and attended public schools here. He was a veteran of World War II.

Survivors include his father, James L. White of Lubbock; four brothers, Kenneth of Lubbock, Alton of Fort Worth, Roy of Bronson and James L. Jr., with the U. S. Navy; one sister, Mrs. Katherine Jinks of Indianapolis, Ind.; two half brothers, Jerry of Livingston, Calif., and Charles of the U. S. Navy.

## Former Pastor Is Appointed to Africa

Mr. and Mrs. Harold Elmer Dungan Jr., former Knox City residents, where he was pastor of the First Christian Church from October 1961, to January, 1965, have been appointed to serve as missionaries in Africa.

They have been studying at the Missionary Orientation Center at Stony Point, N. Y., and will soon enter Drew University at Madison, N. J., for further orientation.

He is a former captain in the United States Air Force Reserve, and received the B. D. degree and is a candidate for the Th.M. degree from Bible, Divinity School of Texas Christian University in Fort Worth. He previously earned the B. S. degree from Texas A&M College at College Station.

Mrs. Dungan taught second grade in Denver, Colo. She has a B. S. degree from Phillips University, Enid, Okla.

## Sgt. J. R. Pridgen Is Promoted

Jesse R. Pridgen, son of Parker M. Pridgen of 4234 W. 4th St., Tulsa, Okla., has been promoted to master sergeant in the U. S. Air Force at Ramey AFB, Puerto Rico.

Sergeant Pridgen is a missile guidance technician in a unit that supports the Strategic Air Command mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

The sergeant, a graduate of Sand Springs, Okla., High School attended Florida State University. His wife, Ruth, is the daughter of Mr. and Mrs. A. P. Denton of Knox City.

## MIDLAND VISITOR

Randy Shannon of Midland who has been visiting his grandparents Mr. and Mrs. J. G. Robb in has gone to Alpine and Austin where his parents are attending school.

quality of garden vegetables and this same excessive moisture had delayed many farmers as much as three weeks in getting into their fields.

Indications were that next year's festival will be held later in the year—perhaps early July.

Some of the winners of Saturday's judging included: Fruit—grand champion was a blackberry entry of Jim Welch's of Munday. Reserve champion was a plum entry from Jack White also of Munday.

## Other Winners

Home Garden — Grand champion was an entry of onions by Jasper Beavers of Munday. Reserve champion went to some banan squash owned by P. F. Homer of Rhineland.

Junior High School baked foods grand champion was won by Joan Stoghill of Munday and reserve by Barbara Vadney of Rhineland. Grand champion grade school baked foods went to Madonna Michali of Rhineland; reserve was won by Mary Lou McCaughey of Munday.

Gail Beecher won first in the youth division of crazy hats and Tim Hogsett second.

## Members Plan Tourney Here

A Club Tournament for the Knox City Country Club members has been planned to start Sunday, June 27, with a Pro-Am to begin at 1 p.m.

Anyone can enter the Pro-Am Sunday, but club members only will be eligible for the tournament.

Members not playing in the Pro-Am Sunday must have their qualifying scores turned in by 6 p.m. Sunday.

President Chad Wilson said the course "is in great condition and we want each club member to play."

Entry fee is \$3.00 and the club tournament will be match play with two weeks to playoff all matches.

## NEED CAKES OR PIES?

The young people of the Four-square Church are working to raise funds for their annual Summer Camp to be conducted in Siloam Springs, Arkansas, on July 23 to Aug. 1.

Rev. Floyd Bailey, pastor, said "If you would like to have special orders of cakes, pies or cookies, call 658-6181 or 658-4761." Orders will be filled and delivered at your convenience.

The youngsters will wash cars also. They will be on the church lawn from 6 p.m. to 8 p.m. Thursday and Friday of each week, for those who would like to have their cars washed. For appointments call the above numbers.

JOE W. DOBY COUNTY AGRICULTURAL AGENT

The third annual Knox County Vegetable is now history. The entries in the vegetable and fruit divisions were an improvement in quality over past years. The home gardening exhibits really put the show over this year. Exhibitors are learning what to look for and how to prepare a quality product.

The judges of the vegetable show were Dr. Jack Kyle, Lubbock Experiment Station; Virgil Woodfin, Iowa Park Experiment Station and Lester Brooks, retired Superintendent of the Iowa Park station. They asked me to pass on a few comments concerning the show. The biggest fault of the exhibits was the lack of uniformity in the size of the total entry. One person brings in six green beans for instance and someone else brings in a quart, which was listed as correct amount for an exhibit.

The few may be of better quality than the others, but it makes a difficult job for the judges to decide. Obtain a copy of the rules and bring in the exact amount specified. This will help the show more than anything else. The commercial exhibits were

outstanding, also. The earliness of the show and late spring kept the canteloupes and watermelons from being ready.

The yield and quality of the potato variety test was the best this year it has ever been. This test is one of three in Texas in which breeding lines from the USDA at Beltsville, Texas, Experiment Station and many other State Experiment Stations are planted and observed.

Notes were taken on vigor, vine growth and disease resistance as well as the actual yield per acre and the specific gravity. The results of the test here at Lubbock and Crystal City, Texas, are evaluated and the decision made whether to repeat the line, advance to plot increase or to drop it entirely.

The specific gravity is a measure of the soluble solids in potatoes. The specific gravity of water is one, so the specific gravity of the solids in potatoes will cause it to be heavier.

The higher the specific gravity of potatoes, the lower the oil content of the chips. S. G. usually varies from 1.055 to 1.090. It varies with the same variety grown in different soils and with various stages of maturity.

There were 158 lines in the test this year grown on the farm of Gene Thompson in a commercial field of Cherokees. A total of 51 of these lines were recommended for repeat or advance on the basis of their performance.

The top yield in the plot was 404 bags per acre with another line making 397. This is the total 100 pound bags of all grades.

Remember the County 4-H Horse Show to be held at Benjamin, Saturday morning, June 26, in the new riding club arena. Halter classes will be judged beginning at 8 a.m. Performance classes include Reining, Western Pleasure, Pole Bending and Barrel racing.

Any 4-H member in Knox Co. is eligible to enter. No advance registration is required. Grade as well as registered horses may be entered. The horse must be long to them or to a member of the immediate family. Only mares and geldings will be permitted to enter.

Bruising of cattle and hogs on the way to market costs Knox County producers many dollars each year.

The following causes of cattle bruises were revealed in a recent study by Livestock Conservation, Inc., Chicago: crowding, bumping, and rushing, 66 percent; trampling, 14 percent; can, whip, and club 10 percent; horns, 3 percent; other causes 7 percent.

The picture on causes of bruises on hogs is a different one because the hog is a slower moving less sure-footed animal. The survey here shows that causes for bruising are: canes, whips and clubs, 42 percent; kicking and prodding, 20 percent; crowding and trampling, 15 percent; fork and nail punctures, 12 percent and other causes, 11 percent.

You may be quite an athlete but you can't move fast enough to get off a tractor seat if the tractor starts to flip backward. Time and motion studies show that a rearing tractor gives you just two-fifths of a second to get out of the way.

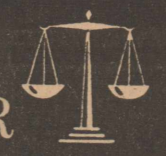

The recommended practice to hitch below the axle line is not in itself assurance against tipping backward. Racing the engine with the drive wheels mired deep is almost certain to cause trouble.

When the drive wheels are mired as much as 10 to 12 inches, it is much safer to back out. The forward climbing motion exerts a terrific lifting action on the front of the tractor. Don't take a chance; back out.

THE FAMILY LAWYER

"LAUGHING HEIRS"

The letter bore grim tidings: old Uncle Harvey had passed away. But as George read it, not a flicker of sorrow crossed his countenance. On the contrary, his only reaction was a whoop of delight at the news that he was the sole heir to \$20,000.

George was not heartless. But the fact of the matter was that he and Uncle Harvey—actually just a distant relative—had always disliked each other intensely. They had not even been on speaking terms for years.

The only reason the \$20,000 was coming to George was that he was, technically, the next of kin. Since Uncle Harvey had never bothered to make a will, the law automatically gave his money to the next of kin.

Are such ironies common? So common, alas, that lawyers have a special phrase to describe people like George: 'laughing heirs.' Each year, property worth

billions of dollars must necessarily change hands because of death. When there is no will, this wealth is transferred according to the rigid formulas of inheritance.

Although these formulas do try to be fair, all they can do as a practical matter is follow the lines of kinship. What may have mattered most to the deceased—the ties of friendship, a sense of gratitude, the promptings of charity—cannot be weighed by a court after he is gone.

An added mockery is that the more remote the kinship, the more costly it may be to track down the heir and settle his rights.

Some states have tried to foil the laughing heir by cutting off all claims beyond a certain degree of kinship. That may help in a particular case, but then again it may not. For even a relative who is close in terms of kinship may be undeserving in every other way.

The real answer is for the individual to express his wishes and his wisdom before he dies. If you don't like the thought of some ungrateful heir chuckling over your demise, you can prevent it simply by exercising your will power—your power to make a will.

Janice Daniel And Buddy Tolson Wed Sunday, June 13

Mr. and Mrs. Roy C. Daniel of the Williams Ranch, Benjamin, announce the marriage of their daughter, Janice, to Mr. Buddy Tolson.

The couple were married Sunday, June 13, in Del Rio. Parents of the groom are Mr. and Mrs. Buster Tolson of Benjamin.

The groom is a 1964 graduate of Benjamin High School. The bride will continue her studies at Benjamin High. The groom is engaged in farming and ranching.

Leon Burkham Attends Marketing School in Fort Worth

Leon Burkham, vocational agriculture teacher of the Knox County schools, spent last week at Swift's Marketing School in Fort Worth.

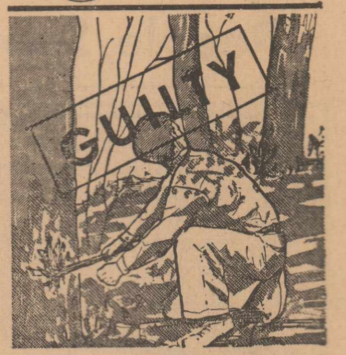

While there he listened to lectures on beef, pork, and lamb—buying and selling procedures and the company's order of buying and followed the slaughter animals through the packing plant and discussed with retail store managers the buying and marketing procedures and problems they faced in the retail bus-

DID YOU KNOW THAT?

It is a violation of the law to either carelessly or deliberately set on fire the lands of another. In 1951 the Legislature made it a felony for a person to deliberately set fire to grass or forest land owned by another. They also enacted a law making it a misdemeanor to negligently set, or cause to be set on fire, the lands of another. The Texas Forest Service is primarily responsible for enforcing these statutes.

## STATE CAPITAL *Highlights* AND *Sidelights* *by Vern Sanford*

TEXAS PRESS ASSOCIATION

AUSTIN — A total of 33 interim study committees were created during the recent legislative session.

Meetings of these committees will bring most of the legislators back to Austin during the next 18 months.

Studies will cover a wide area, ranging from state and local tax policy to such subjects as livestock auctions and restorations of Santa Anna's battle flag.

All but three of the legislators who are appointed to the interim panels will be eligible to draw expenses to and from the meetings. In addition, some study panels are furnished staff funds.

Some committees will delve into: election laws, juvenile crime, rights of news media in reporting on persons charged with crime, liquor laws, the nursing profession, problems of farmers and ranchers, feasibility of a Pleasure Island State Park, public education, facilities for the criminally insane, and need for modernizing state fair facilities.

GOVERNOR VETOES SPENDING — Gov. John Connally red penciled \$2,600,000 of what he termed non-essential items in

the \$3,600,000 state budget for 1966-67.

Connally said he felt the Legislature in general appropriated wisely, but he line-item vetoed: \$1,100,000 for one of three new buildings at Angelo State College, San Angelo;

\$300,000 from a total of \$800,000 for a museum at Washington State Park;

\$200,000 for state aid to airport construction;

\$200,000 for further improvements at Dam B State Park near Jasper;

\$375,000 for boll weevil eradication;

\$126,000 for salaries in the new Department of Mental Health and Retardation;

\$138,000 for water system improvements at Rusk State Hospital;

\$12,000 a year for a new special services director in the Parks and Wildlife Department;

\$5,000 for stream flow measurement in Upper Red River Control and Irrigation District;

\$30,000 for John E. Connor Museum at Texas College of Arts and Industries, Kingsville;

\$39,200 for doctoral-level instruction at East Texas University, Commerce; and

\$110,000 for forestry research at Stephen F. Austin College, Nacogdoches.

Connally also vetoed a bill which would have made the lieutenant governor a member of the powerful State Building Commission in place of the State Board of Control chairman.

COURTS SPEAK — Third Court of Civil Appeals now has ruled that the Guadalupe-Blanco River Authority is entitled to 50,000 acre feet of water a year from Canyon Dam Reservoir near New Braunfels.

In a new opinion, court remained convinced that the City of San Antonio should get no water from the reservoir. Decision upheld 1957 order of Texas Water Commission and 1964 ruling of 98th district court. Principal change in Third Courts finding was that G-BRA has authority to distribute water for use for cities downstream.

Court of Criminal Appeals, overruling a Kleberg County district court, held Paul Eric Krueger, 17-year-old Californian, is entitled to \$15,000 bail on each of three charges of triple slayings.

REDISTRICTING URGED — Governor Connally has reluctantly signed new district court bills for Lubbock, Dallas, El Paso, Harris and Tarrant counties. He said that the next Legislature should address itself to the matter of judicial redistricting.

"While there is merit for new courts in these specific counties," Connally concluded, "when the state is taken as a whole, there are sufficient judges to carry the existing workload."

RETARDATION STUDY SET — Task forces soon will begin evaluations of recommendations by 55 mayors' commission on

the new Texas Plan to Combat Mental Retardation.

Groups will study education, finances, legislation, health services, manpower, organization, coordination, public awareness and action, research and training, residential day care, vocational rehabilitation and employment, and welfare services.

Nucleus of task forces will come from members of the Governor's Advisory Committee, according to District Judge Herman Jones of Austin, committee chairman.

INTEGRATION QUICKENS — School systems are integrating faster under threat of lost federal aid, Texas Education Agency reports.

To be eligible for shares of \$80,000,000 in federal aid under the 1965 civil rights act, districts must give assurances of having plans for integration. Total integration isn't required until September, 1967.

A TEA official says 1,150 districts have signed promises to comply with civil rights act, and 125 more have filed plans for future racial desegregation.

SUMMER PROGRAMS APPROVED — Governor Connally announced approval of seven more Neighborhood Youth Corps projects for summer employment at \$1 per hour.

Projects will employ 1,866 youngsters in schools, parks, offices and hospitals in El Paso Independent School District, Rio Grande City Independent School District, City of Childress, Comanche County Board of Education, Taylor County Schools, Stonewall County and San Patricio County.

Connally also approved five additional Project Head Start grants from Office of Economic Opportunity for summer programs for underprivileged pre-

## THE FAMILY LAWYER

### LAWYERS IN PETTICOATS

Chief Justice Ryan, of the Supreme Court of Wisconsin, could hardly have been more scandalized. Think of it! A young woman—unmarried at that—wanted a license to practice the ancient masculine profession of law. He rejected her application in no uncertain terms:

"It would be revolting to all female sense of the innocence and sanctity of their sex, shocking to man's reverence for womanhood, that women should be permitted to mix professionally

in all the nastiness of the world which finds its way into courts or justice."

But the year was 1875, and the tide of feminism was starting to rise. Four years later, the same Wisconsin court (with Chief Justice Ryan still protesting) finally did accept the young woman as a lawyer.

By 1920, women were practicing law in every state in the land. Today, more than 7,000 are licensed to practice and many of them sit on the bench as judges. It was cause for only mild surprise that the judge who swore in Lyndon Johnson as president, 99 minutes after President Kennedy's death, was a woman.

True, women still play a relatively minor role in the legal profession. Many large offices flatly refuse to hire female attorneys. No doubt some of this hostility reflects the view expressed 2400 years ago by Euripides, that "a woman should be good for everything at home, but abroad good for nothing."

But men also argue that women don't stick to law, that they are too emotional, that they make clients uneasy, and even that they can't keep secrets.

Women reply that, if they do frequently quit practicing law, it is because of the hardships imposed by male prejudice. They point to impressive academic achievements, and contend that feminine qualities enrich, rather than obstruct, the administration

### Tax Man Sam Sez:—

Internal Revenue Service often gets a question. "What do you do after April 15?"

The good folks at Internal Revenue collect a lot of other taxes besides income taxes.

There are excise taxes on jewelry, automobiles, and many other things. These taxes are not paid on April 15 but are paid by the manufacturer or the place of business on a quarterly basis.

The income tax may be the big tax, and the most talked about tax, but the tax folks work on hundreds of other taxes throughout the year. The tax calendar is loaded with filing dates and of course the tax returns have to be processed after they come in.

### PASADENA VISITORS

Mr. and Mrs. Felton Lloyd of Pasadena, Texas, visited Mrs. Z. C. Williams and Mrs. W. T. Loper and the Bill Lankfords over the week end.

of justice.

On the merits of these arguments, this column takes no position. As a practical matter, women have found their greatest opportunities in certain areas of law: domestic relations, legal aid, research, insurance, taxes, and estates, government. Some have even won fame (Chief Justice Ryan would shudder) in the field of criminal law.

And on one point at least there can be no dispute. In the law's traditional symbol, the scales of justice are held aloft by a woman!

PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT

How can we attract new business and industry to our town?

First, a town must have an active community development program.

Recent WTU ads have told the story of exceptional community development activities in Stamford, Childress, Robert Lee and Balinger. These towns, among others served by WTU, are engaged in continuing local development programs, which make them better places to live, work and play. Of more importance, these towns know that community development is the vital and basic first step in attracting tourists and industry for further economic development. They are all PATTERNS FOR PROGRESS. WTU is proud to be a part of these growth conscious towns. Your local WTU manager can obtain additional assistance for your towns.

**Local Girls, Advisor Attend FHA Work Shop, College Station**

Four local FHA girls and Mrs. Vera Newton, FHA advisor, attended the Area IV FHA leadership workshop in the Agriculture Building, Tarleton State College in Stephenville June 14 and 15. Those attending were: Karen White, Susan Reese, Judy Rushing, all of Knox City, and Vendell Archer of Rochester.

The purpose of the workshop was to plan the Area IV meeting to be held March 4 and 5 of 1966.

The workshop was held in 3 sessions for the exchange of projects and program planning ideas. Members attending also received information concerning the duties and responsibilities of their respective offices.

Approximately 45 girls attending, stayed in the dorms on campus. A buffet supper was served Tuesday night to highlight the workshop. Susan Reese, Area IV Secretary, attended the meeting of the Area Executive Council Tuesday night. The plan for the program and final reports of the other committees were submitted in the final session.

Living intimately with God is believing that He is the tree and you are the branches. Begin this moment to live intimately with God to know the joy and power of His holy presence. He is your assurance of un-fading health, abundant supply—Infinite peace and joy. Let your roots of faith go down through the rock of His WORD taking all that's good, yielding forth flowers of joy, and fruits of peace. You cannot overreach the possibilities of complete intimacy with God.

For He invites you to dwell every moment with Him and believe that He dwells momentarily with you being ingrafted in His great truths.

The Texas Forest Service has 91 fire lookout towers located on high ridges throughout the pine-hardwood area of East Texas. These towers, manned during fire weather, help to protect 11 1/2 million acres from forest fires. Each tower is equipped with a two-way radio. Quick communication about the origin of a fire permits speedy suppression.

## You Aren't As Safe At Home As You Might Think!

Are you safe at home? Hardly!

You're safer at a nuclear reactor site than you are in your own home, according to statistics. The nuclear industry has one of the best safety records on the books, less than ten deaths in twenty years.

Accidents in the home and on the way there are, on the other hand, among the leading killers of people. Motor vehicle accidents, falls, fires and similar accidents account for nearly 6,000 deaths yearly in Texas, and over 90,000 deaths in the nation.

An industrial hygienist commented recently that a worker's chances of accidental injury increased when he left his place of work. One study found seven off-the-job accidents causing absenteeism for every one happening on the job.

Every four minutes someone is permanently disabled, and every 16 minutes someone is killed by an accident in the home.

Falls account for most fatal home accidents. Next in order of frequency are burns, scalds, explosions, mechanical suffocation, poisonings, gas and firearms.

The only way to avoid accidents is to prevent them with forethought, planning ahead —

Irene Gerald, Sunday. Mrs. Beatrice Watson helped her brother, Carl Haynie, celebrate father's day. His son, Warren, and family of Crowell were also guests.

Mr. and Mrs. Ted Wisdom of Abilene visited her parents, Mr. and Mrs. Jim Jones Sunday.

Mrs. E. J. Jones and daughter, Mrs. Jack W. Brown, went to Floydada Wednesday to get Ruthie Brown who had accompanied Mrs. Q. D. Williams on Camp Fire Girls two weeks in New Mexico.

Mr. and Mrs. T. M. Blanton of New Castle were recent visitors in the Jack Brown home.

Jack Brown and Harold Barry spent the week end in Tulsa, Okla.

Jackie W. Brown was in Jacksboro, Monday. Mrs. Lottie Whittaker has returned home after a visit with Mrs. E. P. Storm in Clovis, N. M.

Mr. and Mrs. Tommie Westbrook and children attended a family reunion at her mother's home in Goodlett, Sunday.

Mr. and Mrs. A. S. Tarpley were in Vernon Monday.

Elmo Shaw is in the Veterans Hospital in Big Spring. His wife accompanied him there recently.

Mrs. A. Horne and Mrs. J. S. Cook visited the Roy Quinteros in Crowell Wednesday and also visited their new son.

Mr. and Mrs. Paul Horne were in Vernon Friday.

Brenda Baty of Brownwood visited the L. B. Batys recently.

Mrs. Arthur Horne left Sunday for New Orleans, La., for two weeks visit with her niece there.

Hugh Bailey Maddox has returned home after a visit with his son in Oklahoma.

Mrs. R. B. Glidewell visited her son in Goree Sunday and other relatives in Munday.

Mrs. J. E. Stover spent several days last week in Amarillo and last Saturday in Wichita Falls.

Hugh Giles of Fort Worth visited Mr. and Mrs. Bill Rake over the week end and they spent Sunday in Warm Springs.

Mr. and Mrs. Chester Roberts of Abilene spent Sunday with her father Mr. Stoker and sister, Mrs. Marion Chowning.

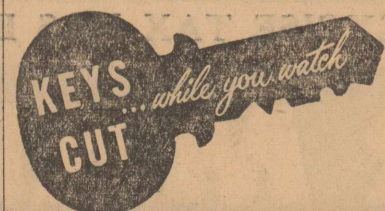

Mrs. W. Rake spent Tuesday visiting in Vernon.

## Norma Sue White and Jimmy Hackney Are Wed In Weinert

Norma Sue White and Jimmy Duane Hackney were united in marriage in the Weinert Church of Christ Saturday June 19 at 7 p.m.

Jerry Miller, of Abilene Christian College, and minister of the Weinert Church of Christ, officiated.

Parents of the couple are Mr. and Mrs. D. I. White of O'Brien and Mr. and Mrs. Elwood Hackney of Knox City.

A chorus composed of Sherry Newton, Kay Newton, Wanda Miller, Diane Thomas, Becky Lowrey and Kathy Richardson, sang choral music.

The bride, given in marriage by her father, wore a dress of white cluny lace over satin fashioned with a scalloped neckline and a pleated skirt, decorated with white pearl embroidery.

She carried white carnations in the shape of a cross attached simply using your head.

No one is immune to falls, burns, cuts or other similar injuries. If you step on a chair to get dishes out of a top cabinet or change a light bulb, your chances for a fall are considerably higher than had you used a sturdy step-ladder.

Taking a chance on throwing gas on a smoldering fire, using a faulty appliance just one more time, or attempting to adjust power equipment while the motor is running aren't even "calculated risks." They are just chances unnecessarily taken.

And, among children and youth, accidents are the leading killer. As adults, it is our responsibility to protect a baby completely through about 14 months of age, and then begin to train a child — slowly but surely — to avoid accidents and to protect himself.

Give a little time and thought to making you and your family safe at home.

## HOME FROM COLORADO

Mrs. J. S. Wilson, Alice and Clyde have returned home from a week's vacation in Durango, Colo., and Albuquerque, N. M.

## IN COWBOY BAND

Danny and Jackie Fisher are attending Hardin-Simmons this summer and are both playing in the Cowboy Band. Danny is the drum major and Jackie will play in the trumpet section for the Stamford parade and rodeo.

Maid of honor was Linda Davis of Abilene, and bridesmaid was Karan Lea White, cousin of the bride of Knox City. They wore identical dresses of blue polished cotton and carried white accessories.

Best man was Ronny Moody of Munday and ushers were Jimmy White, brother of the bride, and Joe Ed Hackney, brother of the groom. Groomsman was Larry Ladaell of Weinert.

The reception was in the home of Mr. and Mrs. R. W. Raynes in Weinert. Mrs. Jimmy White and Mrs. Joe Ed Hackney presided at the bride's table, and Dorothy Raynes registered the guests.

Both are graduates of Weinert High School where she was valedictorian and he was salutatorian of the 1965 class. She won the Betty Crocker Homemaking Award and he won the regional extemporaneous speaking contest.

Jimmy is engaged in farming with his father and will enter ACC in September. The bride will attend an Abilene business college and he will be employed by Patton Equipment Co.

Hosts for the rehearsal dinner were Mr. and Mrs. Elwood Hackney.
