

# THE KNOX COUNTY HERALD

VOLUME 50 THE KNOX COUNTY HERALD, KNOX CITY, TEXAS, THURSDAY, JULY 15, 1965 TEN CENTS PER COPY NUMBER 34

**HELP! HELP!** — Roy Smith, (Insurance Roy) is in Knox Co. Hospital and is quite ill. Due to his illness he requires two pints of blood each day.

Those who will donate a pint of blood on Roy's behalf, please contact Paul Clayton or Hob Smith.

Although Knox City had a good turnout last week in the blood drive, we feel certain those who were unable to give at that time will be happy to help one of the best Smith boys, to a speedy recovery.

"Uncle" Roy Smith is one of only two men we've ever known to have the love and respect of everyone... we've never, ever, heard a critical comment about him, yet he has always stood up for what he believes right.

Even the Smith Boys claim Roy "is the best one of us." Hurry and get well, Roy!

Last week we had a big banner soliciting: "Don't Forget! Give Your Pint to The Bloodmobile Today." Later we thought of several comments like: "You can have my blood, but I'll keep my pint" or "Do I have to give my pint and my blood, too?"

As usual, we received no comment. People of Knox City have long ago stopped commenting on what this hair-brained editor will put in the paper.

We appreciate it, honestly.

**LOYAL READER**—Paul Clay is probably one of the newest "loyal readers" for he is usually the first person in Knox City to get a Herald each week. He is usually down late Wednesday or early Thursday morning to get his paper. We have had to take his last two copies to the hospital and his home, since he has been indisposed.

A number of folks come by each week for a paper, and it is hard to recall all of you. We especially thank you though, for your loyalty to the home town poop sheet.

**FEUDIN' & FIGHTING** — We suppose most parents are confronted with their children always fussing and fighting over one thing and another, and it is refreshing to see brothers and sisters getting along every now and then... at least in company of others.

Two such boy and girl combinations we have witnessed who seemingly have the same interests and get along in public on congenial terms are Bill and Gayle Cornett and L. A. and Nelda Covey.

We've been around both couples on numerous occasions, and have first to see them on the outs with each other. We are fairly certain they must disagree sometimes, but thank goodness not in public!

All are avid horse lovers and participate in all shows they can attend, one thing they have in common we've noticed.

Since we started our column Monday we would like to add the reason for solicitation for the Roy Smith blood fund is that he has used considerable blood and could possibly need some more before he recovers—since we are short—county wide—it is a gesture of appreciation from his many friends as well as keeping from putting an extra drain on our blood program.

It is not SAFE nor will they take blood here—the Red Cross in Wichita Falls is the closest place to make your donation.

Hope this and the other news items will clear up the cloudy situation we have encountered this week concerning blood donors, blood programs, etc.

## Master Sergeant Homer A. Stephens Receives Air Force Commendation Medal

Master Sergeant Homer A. Stephens, right, son of Mr. and Mrs. Fred H. Stephens of 1202 Eighth Ave. Safford, Ariz., is congratulated upon receiving the U. S. Air Force Commendation Medal at Robins AFB, Ga. Sergeant Stephens was awarded the medal for meritorious service as an administrative supervisor at Headquarters, Continental Air Command (CONAC), Robins.

He is being reassigned to Headquarters, Pacific Air Force (PACAF), at Hickam AFB, Hawaii. PACAF provides airpower for defense of the U. S. and its

## O'Brien Baptists To Have Special Speaker Sunday

Lee Hemphill, Vice President for Development, Hardin-Simmons University, Abilene, will be guest speaker at the O'Brien Baptist Church Sunday, July 18, it was announced this week.

He was born in Coleman 'n '07 and was valedictorian of his high school graduating class in 1925. He holds a BA from Hardin-Simmons with honors Th.M. degree from Southern Baptist Theological Seminary.

Mr. Hemphill was pastor of the Plainview Baptist Church of Colorado City, First Baptist, in Dayton, and Littlefield and was principal of the Loss Creek School as well as teaching science at Sweetwater schools.

Everyone is invited to hear him speak at the church Sunday.

Rev. Cecil E. Foster, is pastor.

## Social Security Rep. To Be Here Tuesday

A representative of the Social Security Administration will be in Knox City at the city hall on Tuesday, July 20 from 10 a.m. until noon.

You are invited to meet with the representative to file your claim or to obtain information or assistance concerning Social Security.

## ATTEND DRIVER FUNERAL

Mrs. H. M. Thompson, Bud Wilson and Travis Thompson, Mrs. Guy Robinson, Mrs. Loyce Teague and Paula Teague attended the funeral of Mrs. Henry Driver of Hico June 29. Mrs. Driver was a sister of Mrs. H. M. Thompson.

His wife, Adelaide, is the daughter of Mr. and Mrs. D. T. Glass of 214 Gaddis St., Jackson, Miss. Offering his congratulations is Major General Albert T. Wilson, Jr., commander of CONAC. (US Air Force Photo)

## DEDICATION PLANNED SUN.

Bishop Eugene Slater of San Antonio will be the guest preacher at the Methodist Church Sunday, July 18, at 11 a.m.

He will dedicate the Educational Building immediately after the service. A noonday dinner will be served at the church.

Other pastors expected to attend are Dr. and Mrs. Vernon Henderson of Amarillo, and Rev. and Mrs. Jarrel Sharp of Big Spring.

## Physician Clarifies Blood Donations

In order to answer many questions the general public might have in regard to the Blood Bank program, a local physician was interviewed this week.

He said that since Knox County is a member of the American Red Cross Blood Bank program, we can obtain needed blood from the Blood Bank in Wichita Falls at any time.

Where large quantities of blood are needed for a specific patient, the patients family is asked to see that donors replace the blood to the bank within a reasonable time.

Since the Blood Bank has the finest equipment to process the blood, which makes it safer for the patient, it is best for donors to go to Wichita Falls and have the blood drawn. Or wait until the next visit of the Bloodmobile.

A group left Tuesday and Wednesday for Wichita to donate blood for Mr. Roy Smith who requires two pints of blood each day.

As explained above it is not possible to give blood here for there are no provisions available to accept it, or to safeguard the patient's well-being.

## DANCE AT KENNEL

Class representatives met Monday night to plan a dance at the Kennel. It was decided to have one on Friday night, July 23 from 8:30 until 12. Music will be furnished by the Spiedels of Stamford. Admission will be \$1 per couple and 75 cents stag. Sponsors are Mr. and Mrs. Bob Burnett, Mr. and Mrs. Chock Reeves and Mr. and Mrs. Paul Hoge. High school and college age groups are invited.

## Rev. Johnny Smith Speaks To Lions Club

Rev. Johnny Smith, pastor of the Knox City First Baptist Church, was guest speaker at the Lions Club Wednesday.

To begin his talk Rev. Smith said a tragic truth exists. It is expressed in the saying "You never miss the water 'till the well runs dry."

An appreciation grows out of anticipation of receiving something long hoped for. Must we lose our American heritage and fight to regain it in order to appreciate it? I hope not, but we are fast losing what we have fought for in recent years. It could be because we do not appreciate that which we have.

- What made America great?
1. Was it our nation. Not primarily. Our nation is great only because of the men who believed in a dream and fought to make it a reality.
  2. Was it our schools? They played a part in making this dream real; but it was not altogether their schools.
  3. Was it our homes? "As the home goes so goes the nation." However, our American heritage

## Program Building Committee To Meet Friday

One of the activities planned by the Program Building Committee when it meets at the courthouse in Benjamin Friday, July 16, will be a leadership training short course.

This will be invaluable to people who hold meetings, committee work, parliamentary procedure, public speaking and other items in leadership training.

In a letter to the Herald this week Home Demonstration agent Miss S. C. Kinsey and County Agent Joe Doby, said:

"We have our specialists scheduled to be in the county this fall for this short course. First, however, we need your help in planning when, where, what topics to cover and other items needed to make it successful. "This type of workshop, we think will benefit almost anyone who is elected to any office, anyone who is chairman or serves on any committee. In fact, we think anyone who has a position of responsibility in leadership could benefit.

"Mr. O. B. Clifton and Miss Bonnie Cox, Extension Organization Specialists will be in the county Friday, July 16, to conduct the planning meeting for this workshop. We earnestly request your help at this planning meeting."

Those on the planning committee are: Ancel Waldrip, Knox City; Mr. and Mrs. Arnold Navratil, Gilliland, Mrs. W. E. Braly, Munday; Mrs. J. R. Brown, Truscott; Charles Hogsett, Munday;

David Counts, Knox City; Rev. Johnny Smith, Knox City; Rev. K. E. Woolley, Benjamin; Richard Pectol, Munday; Bill Sams, Knox City; Father Herman Laux, Munday; Jack Idol, Benjamin; Leon Burkham, Knox City; James Hill, Knox City; Tom Bullington, Munday; J. B. Eubank, Truscott; Mr. and Mrs. Barton Carl, Munday; Mrs. Patsy Cooper, Goree; Mrs. Roy Petty, Benjamin, and Mrs. Clyde Beck, Vera.

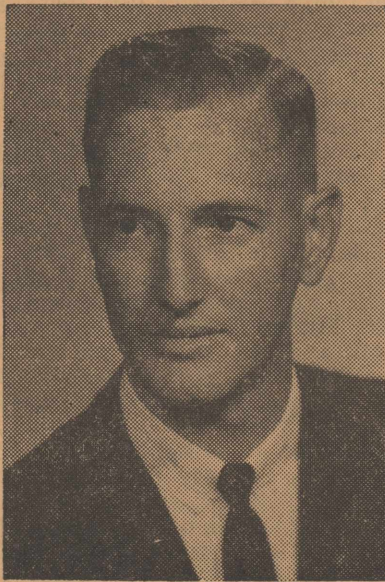

Tomorrow, Friday, July 16 at 9:45 a.m. is the meeting time and all are urged to attend.

## VISIT RELATIVES

Mr. and Mrs. W. B. Thompson of Durante, Calif., Mrs. Silva Favor of Liberty, Mr. and Mrs. H. V. Favor and Tweed of Houston, were recent visitors in the homes of Mrs. H. M. Thompson and other relatives.

## RETURNS HOME

Mr. and Mrs. Alton Fitzgerald and Leslie vacationed recently at Lake Brownwood, Six Flags and visited Mr. and Mrs. Wallace Cantrell and Lisa in Eastland. Mrs. Cantrell and Lisa returned home with them for a few days visit with them and with Mrs. Dovie McBrayer and Mrs. Lena Leaverton.

is not great because of our homes. Our nation is great only because of the man that believed in a dream and fought to make it a reality.

4. Was it a dream? Yes, but it was not a dream of fantasy; it was a dream born in the heart of God. As He said, "Righteousness exalteth a nation, but sin is a reproach to any people."

This dream was really a truth and it was embedded in the hearts and minds of our forefathers to the extent that they lived and died by it. On June 7, 1776, Richard Henry Lee moved that the original colonies be declared 'free and independent states.' This motion was ably supported by John Adams, who was called the 'Atlas of Independence.' A committee composed of Thomas Jefferson, John Adams, Benjamin Franklin, Roger Sherman, and Robert R. Livingston was appointed to draw up a Declaration of Independence.

## Final Rites For Roy Lee Kilgore Held In Benjamin

Funeral services for Roy Lee Kilgore, who died in an Oklahoma City hospital Thursday, July 8, were held in the Baptist Church in Benjamin at 10 a.m. Friday with Rev. K. E. Woolley, pastor, officiating.

Mr. Kilgore was born in Vesta July 9, 1898. He lived in Knox County for many years before moving to Oklahoma.

Survivors include two brothers, Lloyd of Lubbock and J. A. of Benjamin; two sisters, Mrs. Gladys Humphrey of Tulsa and Mrs. Leola Isbell of Benjamin.

## Former Resident Dies In Lubbock

Funeral services for Mrs. John J. Mills, 70, of Abernathy, who died at a Lubbock hospital Sunday were held at 2:30 p.m. Tuesday in the Abernathy Methodist Church. Burial was in Abernathy Cemetery.

Mrs. Mills moved to Abernathy from Knox City two and one-half years ago. She had been a resident of Knox City for 42 years.

She was a member of the Knox City Methodist Church and was a native of Weatherford.

Survivors include her husband, John; four sons, J. C. of Abernathy, Roy Lee of Cotton Center, Mondell of Lockney and Quincy L. of Los Angeles; two daughters, Mrs. Mason Harlow of Goree and Mrs. Gerald Bailey of Plainview; 13 grandchildren and 11 great-grandchildren.

## RETURNS FROM DALLAS

Mr. and Mrs. Skeet Carpenter and Mrs. Alma Culwell returned home Sunday after spending a few days in Dallas for Mr. Carpenter to have a medical check-up. While there they attended a State Swimming meet held at Oak Cliff Country Club, where Mrs. Culwell's 12 year old granddaughter Kristi won high point trophy in the meet.

ence. On July 4, 1776, the Declaration of Independence was adopted by Congress by a vote of 12 colonies.

In the Declaration of Independence certain 'self-evident truths' regarding the natural rights of man and the powers and limitations of government. It is stated that "all men are created equal; that they are endowed by their Creator with certain inalienable rights; that among these are life, liberty, and the pursuit of happiness."

"What has happened?" Rev. Smith asked, and then answered:

1. We are still great, but we are traveling on the momentum of the past. This is not just an observation; it is truth. Wise Solomon did not just say 'Righteousness exalteth a nation...' With the promise of God we also got a warning: '... but sin is a reproach to any people.' We have paid no heed to the warning. Recently a Chicago judge said, 'Nations have survived economic peril, but never moral degradation.' Our American heritage has been great, but Gibbons points out in his Rise and Fall of the Roman Empire the problems that have caused the fall of every nation. These same problems are prevalent in America today.

2. Problems have developed: Craze for pleasure. A shorter work week is demanded; some work only 32 hours a week. The weekend is not a weekend any more; it is a week. It is true

## Mrs. Carl Shelton Joins Gallon Club

Mrs. Carl Shelton was another person in Knox City to join the exclusive "gallon club" of the Red Cross Bloodmobile last Thursday when she gave her eighth pint of rare Type O negative blood to the blood drive.

Fifty pints of blood were donated and Chairman Herbert Bellinghousen said the response was great. "We especially thank the telephone committees and donors for their help in making this drive a huge success."

## Services Held For Herbert Owens Jr.

Funeral services for Herbert E. Owens Jr., of Olton, who died Monday at 10:30 a.m. in the John Sealy Hospital in Galveston were held at the Methodist Church in Olton, Wednesday at 2:30 p.m. Mr. Owens was born in September, 1926 in O'Brien and was a 1944 graduate of the O'Brien High School.

He married Virginia Helms in 1948 in Knox City. He served for two years in the U. S. Navy during World War II.

Mr. Owens moved to Alton shortly after his marriage and had lived there since.

Survivors include his wife; one daughter, Mrs. Elaine Webb of Canyon, one grandson, his parents, Mr. and Mrs. H. E. Owens Sr., of Hereford; three brothers, Irby Carlisle of Lubbock, Douglas Carlisle of Kress and Tom Carlisle of Tulsa, and one sister, Mrs. Lincoln Bolin of Wilcox, Ariz.

## VISIT PARENTS

Mr. and Mrs. L. C. Teague and family of Fort Worth spent Sunday with Mr. and Mrs. Loyce Teague.

## IN LEONARD

Mr. and Mrs. Marshall Wooley and family and Mr. and Mrs. L. R. Wooley visited their son and brother, Mr. and Mrs. William Wooley in Leonard and Mr. and Mrs. Wilson Wooley and family of Ardmore, Okla.

## RETURNS TO COMANCHE

Mary Hicks has returned to her home in Comanche after a visit with Mrs. Bertha Perry.

that boating, fishing, golfing, picnicing, and visits are all clean types of entertainment. The only problem is that we over-indulge and Sunday is the day of climax instead of the day of the Lord

Free spending of money. David Brinkley has said on Huntley-Brinkley report, "If you don't have it, buy it; if you can't buy it, borrow it; if you can't borrow it, appeal to the state government; they don't mind going deeper in debt; to them money is no problem. Because money will fix everything nowadays, things which we used to pray for we now pay for."

In 1932 we owed only \$17 billion; now the national debt is over \$300 billion. We have bought prosperity out of borrowed money for 29 years out of the last 33.

Increased liquor consumption: Over 60 per cent adults in America today drink liquor. One out of every nine in America who starts drinking will become an alcoholic.

Turning away from religion: Although church membership is at an alltime high, we see spiritual decay and loose moral living.

High rate of divorce. Look at these figures on the divorce rates of the past and present.

1880 ----- one out of 20  
1910 ----- one out of 12  
1940 ----- one out of 5  
1962 ----- one out of 3

Tennessee has already equalled its number of marriages with divorces.

What can you do?

1. Only a deep moral awakening can keep history from repeating itself.

2. Here is an oft-repeated bit that 200 years is the average span of the world's great civilizations. It traces past civilizations through this sequence: faith... From bondage to spiritual faith; from spiritual faith to great courage; from great courage to liberty; from liberty to abundance; from abundance to selfishness; from selfishness to complacency; from complacency to apathy; from apathy to dependence; and from dependence back again to bondage.

In eleven years the United States and its American way of life will be 200 years old. The situation is never hopeless, but the outcome is written in histories of the past. We must put dreams to action and claim again the truth on which our American heritage was founded. "Righteousness exalteth a nation, but sin is a reproach to any people."

## Vandals Caught In Saturday Night's Escapade

Five local youths, ranging in ages from 13 to 18 years of age were interrogated by Sheriff H. C. Stone this week in connection with a number of vandalism activities in Knox and Haskell County Saturday night.

Three tractors belonging to Dewey Darr were damaged Saturday night. One was used to tear down fences on the Oscar Mangis and O. W. Caussey farms west of town, one was stripped of wiring and one on the Bill Denton farm was stripped of wires and the distributor was broken and the spark plugs beat off the engine.

Mail boxes were overturned and mail scattered for several miles from the B. B. Campbell and Tom Campbell mail boxes, it was reported.

League Ranch reported approximately \$125 damages to a tractor and fence on their land. A tractor was stopped with a flat and the youths put the tractor in neutral and pulled the throttle wide open. It was discovered Sunday morning.

The youths are in the care of their parents.

**CARD OF THANKS**  
We wish to thank our friends who were so kind and helpful to us in our time of sorrow at the passing of our loved one, Roy Kilgore.  
We extend our deepest thanks to those who sat up and brought food, and helped in this way to make our sorrow easier to bear. May God bless each of you.  
The Family of Roy L. Kilgore.

Knox County will be represented in the State 4-H Horse Show by Dennis Kinnibrugh of Vera, and Belle Hudson and Wyman Meinzer of Benjamin. They won this honor by placing in the top 23 entries at the District 3 4-H Horse Show held at Vernon, July 9-10. Another entry from the county, Kathy Roberson of Vera failed by a fraction of a point to make the state meet.  
There were 99 horses entered from 11 counties in the district. Dennis, son of Mr. and Mrs. Lavoy Kinnibrugh, and his registered Quarterhorse gelding, Kemo, won first in halter, eighth in reining and 11th in western pleasure.

**VISITS IN WOOLEY HOME**  
Mr. and Mrs. Marshall Wooley, Donnie, Bobbie and Becky Joe of Colorado Springs, Colo., visited his parents, Mr. and Mrs. L. R. Wooley last week.

**BIG SPRING VISITOR**  
Mrs. Tommy Jordan of Big Spring spent last week with her mother, Mrs. H. S. Patterson.

Southwest was recorded. The number confirmed last week declined sharply to 36. Officials hope this is a trend as hot weather sets in.

The Senate Agricultural Appropriations Committee dealt the program a blow last week. They recommended that \$2.8 million be appropriated for the fiscal year that began July 1. They also recommended, and this is the blow, that all but \$250,000 be matched by the state or producer funds. The program has been costing \$5 million each year so the states and producers affected will have to pay the differences, if this passes.

There is one ray of hope, however. Should the Senate approve the measure as now worded, the bill would have to go to a Conference Committee to settle the differences.

**RETURNS FROM VIRGINIA**  
Mrs. T. S. Edwards has returned home from an extended visit with her daughter and family in Virginia.

**VISITS IN FITZGERALD HOME**

**IN ABILENE**  
Mr. and Mrs. Marshall Wooley and family and Mr. and Mrs. L. R. Wooley visited the J. H. Alexanders in Abilene Monday.

**Former Resident Killed In Auto Mishap Near Anson**  
The body of a wreck victim was identified at 3:30 a.m. Wednesday as that of Merle Gardner, 38, of 1818 S. 3rd in Abilene, according to Lawrence Funeral Home.

Mr. Gardner was a former resident of Knox City. He was killed late Tuesday night in a single car accident eight miles north of Anson on U. S. 277.

A friend identified the body, which was taken from Anson General Hospital to Lawrence Funeral Home in Abilene. A spokesman for the funeral home said a receipt found among personal effects provided the clue which led officers to those who had known Mr. Gardner.

The dead man was listed as a farm laborer.

Officers earlier had said they had difficulty in learning the man's identity because of a possible discrepancy in the car's registration and lack of personal identification on the victim's body.

## COMMUNICATIONS — Your Tool for Progress

In case of fire,  
this telephone rings the alarm

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. What's more, it is a distinctive ring which means "FIRE!" and brings firemen on the run. Here is another example of how Communications becomes a Tool for Progress—a communications service of great value to every town with a volunteer fire department. For full information about our many communications services, please call our Business Office.

# Letter to Editor: --

Dear Editor:  
Will you please send the newspaper clippings containing the news about the death of Harry White of Abilene. If it was in two different papers, please send both.

The first one should be dated June 24, I believe.

Also if there was one about the death of Mrs. Arthur Brash-ear of Lubbock. She was my aunt and was formerly a Knox County resident. Her father was James R. White who owned White's Grocery in Knox City and Benjamin, and her brother Leonard White, who is my father.

It should be in your paper this week. I would appreciate it very much and also a word of thanks and appreciation for all the love and kindness shown to us during the loss of our brother.

Especially after not having lived there for so long. It was true love and Southern Hospitality. So thanks to everyone, and may God bless and keep each one of you.

Mrs. Orville Jinks,  
44 East Troy, Indianapolis.

Dead Editor:  
Enclosed is check for another year of enjoyment. I enjoy the county paper because I can keep up with the news from my home county and Benjamin—my home town.

It has been 12 years since we moved here and since both my parents Mr. and Mrs. Carl Patterson are both gone, we do not visit there much.

I give the County paper to a friend who was raised in Has-

On days when the heat is unbearable, people go to the lakes or beaches to be cool and comfortable. The cool breeze of the lake or sea shore is air in motion that has been cooled by the process of water evaporation. This same process is created by a Paramount Evaporative Cooler. The large squirrel cage blower continuously pulls outside air through wet redwood filters thereby lowering the temperature through evaporation of water in the filters. This cool, fresh, filtered air is then directed into the area to be cooled.

Some of the advantages of a Paramount Cooler are:

- Low cost of equipment, operation and maintenance
- Quick and easy installation
- Maximum comfort at all times
- 100% fresh, cooled, filtered air
- Fresh air ventilation, without cooling, for spring and fall—just turn off the water

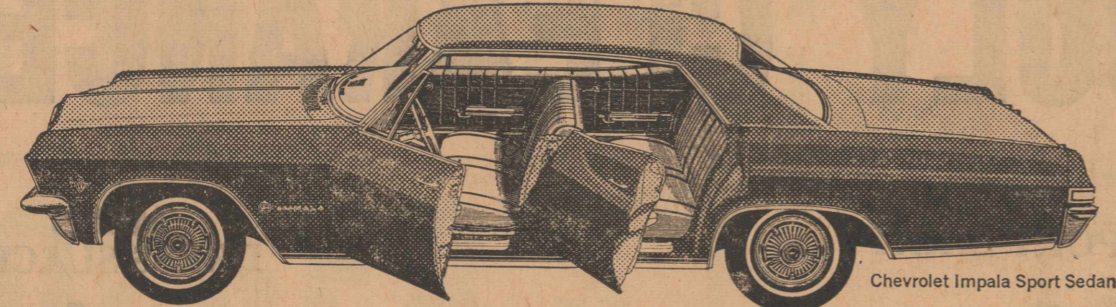

See the Paramount DeVille evaporative cooler at your WTU Showroom.

# STATE CAPITAL Highlights AND Sidelights by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN — Texas Research League warns that another fiscal "crisis" looms for state government in 1967, when new taxes of \$40 million a year may be necessary.

Simple arithmetic points to a "sizeable" money problem, says the League. It notes that while Texas' new fiscal period will begin Sept. 2, with a general revenue surplus of some \$97,800,000 it will end August 31, 1967, with little more than \$1 million in the fund. Gov. John Connally's budget staff has estimated a balance of about \$4,200,000.

Comparing the shrinking surplus with some non-recurring revenue measures agreed on by the 59th Legislature, TRL researchers conclude lawmakers in 1967 may have to pass a \$107,200,000 new tax bill.

League admits the figures may be higher or lower. Its staff acknowledges that sales tax revenues are running well ahead of official estimates this year and if it keeps up, the new tax requirement may be reduced to \$80 million.

Actually, general sales tax collections this year are "much higher" than in 1964, Comptroller Robert S. Calvert reports.

Collections since the current fiscal year began last September, 1, total \$164,200,000, compared with \$150,600,000 for the corresponding period a year ago.

TRL observes: "An \$80 million tax bill is no small matter, but neither is it a really serious crisis for a state with the untapped tax resources and growth potential of Texas. This is, of course, an optimistic—as well as an unofficial—estimate and the tax required might be higher if revenues do not come up to these expectations, or if expenditures substantially exceed them."

League suggests that the Com-

mittee on State and Local Tax Policy "look at many available revenue-raising possibilities in the course of its studies."

**SPECIAL SESSION REJECTED** — Gov. Connally has rejected requests for a special legislative session to deal with rising car insurance rates in Texas.

State Representatives Carl A. Parker and J. D. Weldon, both of Port Arthur, requested such a session to investigate the rate increases averaging 13.4 per cent which were authorized by the State Board of Insurance to take effect August 1.

Connally said he doubts any practical benefits would be gained from a special session at this time, although he shares concern over the increases. The governor made three principal points:

● Texas liability rates after the August increases will be lower than those of 34 states and the District of Columbia.

● Two recent legislative inquiries already have been conducted on rate-making methods and have determined no fault with the Insurance Board's formulae which are available for public scrutiny.

● The Legislature is willing to give "little support" to stronger laws to curb rising auto accidents which bear directly on insurance rates.

**COURT'S SPEAK** — State Supreme Court has agreed to review the case involving the states right to tax coin-operated vending machines on military reservations. Third Court of Civil Appeals, overturning Austin District Court, earlier held that the state had the power to collect the tax on Fort Hood machines. High court backed Amarillo Court of Civil Appeals in ruling that Moore County District court must hear the suit challenging boundaries of county commissioner's precincts.

**DESEGREGATION PLANS APPROVED** — U. S. Department of Health, Education and Welfare reports that 625 of Texas' 1,370 school districts have submitted statements of compliance with the 1964 civil rights act which received federal approval.

Another 67 Texas districts have submitted acceptable voluntary desegregation plans and 13 more have court-ordered plans.

Deadline for integration of schools receiving federal aid is Sept. 1, 1967.

**TEXAS ECONOMY PROBED** — University of Texas Bureau of Business Research turns up

these interesting facts and figures in a new study of the Texas economy over the past decade.

Personal income per capita rose from \$1,585 to \$2,175; real purchasing power increased almost 18.8 per cent compared with 24.7 per cent for the nation; Texas per capita income dropped from just under 90 per cent of the national figure in 1954 to just over 85 per cent of 1964.

More than 65 per cent of all Texas personal income remains in the form of wages and salaries. Manufacturing supplies 13.18 per cent of personal income; petroleum and natural gas producers pay 3.20 per cent; wholesale and retail trade provide 13.01 per cent; and government wage and salary payments are 14.05 per cent.

**SHORT SNORTS** — Cigarette tax collections jumped \$1,800,000 above May level as smokers stocked up before the new three cents-a-pack-tax increase went into effect July 1.

Rio Grande Valley citrus groves are free of burrowing nematode, a microscopic animal which causes the gradual decline of citrus trees, reports Agriculture Commissioner John C. White.

State Department of Health assured Houston area residents that there is no contamination of their water supply in Taylor Lake or Houston due to use by an industrial specialist of radioactive isotopes to locate a water leak in a private home.

Roger Brown of Big Spring has been sworn in to fill the unexpired term of 78th District Representative Ed Carpenter of Coahoma, who died during the past session.

Four Beville men have formed a corporation to find and destroy lost seismograph charges for oil and seismograph companies along Texas beaches.

Southwest State Bank of Coleman and Merchants Park Bank of Houston have filed applications for charters with State Banking Department.

## Armstrong Co. To Celebrate 75th Anniversary

A special feature of the annual Caprock Roundup, to be held in Claude July 22, 23 and 24 will be the celebration of the 75th year of the establishment of Armstrong County. Special recognition will be given old timers who were living in the county in 1890 when the area, formerly a part of Bexar District became a county.

The three day Caprock Roundup gets underway Thursday evening, at 8 o'clock with an amateur rodeo in Legion Park, followed by a dance in Legion Hall.

The big day of the three day celebration will start at 9 a.m. Friday, July 23, featuring registration of old timers on first floor of the courthouse, followed by a street parade at 10 a.m. After the street parade the annual Farm Bureau Queen contest will be held on the courthouse steps. At noon Friday a free barbecue will be served on the courthouse lawn to old timers, visitors and residents of the county. Another rodeo will be held Friday at 8 p.m. in Legion Park, followed by a dance.

Invitations are extended to riding clubs and other organizations to participate in the street ing. It will feature the 75th Anniversary of the county. Prizes will be given for the best float.

Mr. and Mrs. Ray Bromley and family of Eldorado, Ark., spent a week visiting his mother, Mrs. A. T. Bromley of Gilliland and his sister and family, Mr. and Mrs. Kenneth Lawson.

**VISIT SISTER**  
Belt buckles for averages. Rodeo headquarters will be set up in Claude a few days before the rodeo.

All entrance fees returned.

**REED - UNDERWOOD NUPTIALS PLEDGED IN KNOX CITY FRIDAY**

Linda Kay Reed and C. H. Underwood were united in marriage in a double ring ceremony, Friday, July 9, in the home of the bride's parents, Mr. and Mrs. Claud E. Reed.

Parents of the bridegroom are Mr. and Mrs. R. H. Underwood of O'Brien.

The Reverend Cecil E. Foster, pastor of the First Baptist Church of O'Brien, performed the ceremony in the presence of the immediate families. Wedding music was presented by Mrs. E. Q. Warren.

Mrs. Joe Tidwell, sister of the bride, was matron of honor and Diana Underwood, sister of the groom, was the bridesmaid. They wore identical pink brocaded dresses and carried white flowers. Joe Tidwell, brother-in-law of the bride, was best man.

Given in marriage by her father, the bride wore a dress of silk organza over bouquet taffeta and was fashioned with a scalloped portrait neckline.

The bodice and front of the skirt were covered in lace and

fell from a tiara accented with seed pearls and irridescent. She carried a bouquet of white carnations and lily-of-the-valley tied with love knots on a white Bible.

Reception was in the home of the bride's parents.

Following a short trip, the couple will live in O'Brien for the summer.

The bride, a Knox City High School graduate, and the groom, a graduate of O'Brien High School and South Plains Junior College, Levelland, will enroll in HardinSimmons University in September.
