## Benjamin Loses To McCaulley, 26-0, Friday

THANKFUL! — Especially for our kids and their coaches and although we didn't win our first two games, no one has to alibi or accept any criticism. We have been at a disadvantage, and we hope we get to full power before the season is over.

Football is for sportsmen, and we sideline coaches can follow the sportsman's suit by being good sportsmen and not ever speak unprofessionally.

Honestly, so far this season, everyone has been real nice and no one has said anything that wasn't nice.

If the officials get kinda bleary-eyed or don't see the opposition faults, we generally start the loud-mouthed non-sportsmanship banter. We'll try to stop that too, this season.

We feel certain Knox City fans won't give an inch and we also are convinced that the team and officials won't give us any cause not to stand behind them all the way, regardless of consequences.

We had no idea Throckmorton was so far away. Most Knox Citizens told us it was only 40 miles to the game last week, so we left home at 6 in order to get there on time. By way of a little extra trip we went via Stamford. After leaving Stamford we drove an hour and a half over Farm to Market roads trying to find the way to Throck and after all this driving, we finally came to a marked highway sign saying we were 39 miles from Throckmorton!

Once we drove on the other side of Lake Stamford and once we ended up at the West Texas Utilities Co., somewhere on this unmarked, unfriendly road.

We say unfriendly cause we spotted rattlesnakes by the dozens everywhere we looked, and we were afraid to stop, although after so many miles of driving, we wanted to.

The wife blames us for all the mistakes and is now afraid to let us drive her around town!

ODDITY: John Cypert took his lovely daughter-in-law to dinner Tuesday and we recalled an oddity in the Cypert family.

Mr. Cypert married Jerene Moore a long time ago, and their son Lyndol married Jerene Moore not too many years back, if our memory is worth any thing.

Naturally both Moore girls are unrelated, that is until the Cyperts tied them up in wedding knots.

Nowhere have we lived for so long in one place as we have here and nowhere do we know as many people so well. Yet hardly a week goes by we don't register a complete about face when we learn so-and-so is kin to someone.

We were taken back this week when we set a personals in this week's paper about someone visiting their kin folks in the Roy Day home and the Jack Stubbs home. We didn't know Romaine Stubbs was Mr. and Mrs. Roy Day's daughter.

Mrs. Day was in the office yesterday and we had a long talk and although we have known all their children, and the Stubbs too, we never did get the hookup.

Clyde, the youngest, is in college and has always been one of our favorite kids as we have talked to him many many times and have always felt refreshed for our efforts.

## Knox County Gun Club Elects Officers

Knox County Gun Club had its first meeting Tuesday night with approximately 25 persons in attendance. Discussions were made and officers were elected to kick off the new club.

Charles Pak was elected as president; Ken Bradford, vice president; Joe M. Clonts, secretary and treasurer and Arnold Davis as executive officer.

The group is seeking land on which a rifle range and skeet or trap location can be made.

Another meeting is scheduled at 7:30 p.m. Tuesday, Sept. 28. Location will be announced at a later date.

Every marksman or hunter in the area is invited to join and attend the meetings.

McCaulley's Eagles swarmed into Benjamin last Friday night and overpowered the Mustangs, 26-0. It was the first game for the six-man teams but both sides provided many thrills for a full house of spectators.

Ronnie Jeffrey, an Eagle speedster, raced 20 yards for the opening touchdown with only 2 minutes elapsed in the initial period. Another 60 yard sprint by Marion Reed moments later left Benjamin on the short end of a 16-0 score as the first quarter ended.

Jerry Leaverton of Benjamin started passing the ball and Benjamin had two drives to stall deep in McCaulley territory.

The Eagles fought back and were held on the one yard line after having first down and live to go for a touchdown.

Early in the third quarter, Doug Kinnibrugh, a Mustang end, was caught back of his goal line and the safety made it 18-0 for McCaulley. The evening's scoring was concluded when Reed raced 30 yards for the final score of the evening.

Larry Conner was team captain for Benjamin and he accounted for almost fifty percent of the Benjamin tackles.

Other defensive standouts for the Mustangs included Mike Howse, Mike McLain, Jim Melton, Bob Moorhouse and Mike Driver. Other members of the team are Larry Hertel, Brett Bumpas, Steve LaMascus and A. W. Golden.

## ASCS Reports That 'Cow Business' Is 'Grass Business' To All Ranchers

Ask any rancher what business he is in and he will probably reply, 'The cow business.' In reality he is in the grass business and only uses a cow to harvest what he grows, just as a wheat farmer raises wheat and harvests his crop with a combine. The wheat farmer isn't in the combine business since without crop his combine is worthless to him. The same is true for a rancher since without grass his cattle are worthless to him.

The prairies were abundant in native grass and only scattered trees before man confined his cattle to restricted areas we call pastures. Today, the grass has diminished and the undesirable mesquite tree has taken control of our ranges. This upset of the balance of Nature has created a problem that we must constantly fight if we are to continue to graze cattle on the native ranges.

Unfortunately, we cannot eradicate the mesquite tree but only control it. Therefore, the job of control is a never ending task that we must continue to face. Someday, perhaps, man's ingenious mind will develop some method of eradication that will fit the rancher's budget.

The one purpose of mesquite control is to improve the quality and quantity of the grass on the range so that more pounds of beef can be produced and marketed with less expense. Flexibility in a livestock operation is essential since rainfall is without a doubt the most limiting factor in the production of grass. Overgrazing in one dry year will destroy what took us several years to accomplish.

Howard Carleton, Range Conservationist assisting the Wichita and Brazos Soil Conservation District reports that there are three vital ingredients to range improvement. Two, without the other will not accomplish the desired results. These three practices are, brush control,

## FHA Loans Have Great Impact In Knox County

FHA loans have a great impact on the economy of Knox County. At this time the FHA is serving a total of 106 families with:

99 Operating and Emergency loans; 21 Farm ownership loans; 25 rural housing loans; 2 soil and water loans, and 2 economic opportunity loans.

This year we have loaned over \$500,000.00 to the 99 operating type loans. Economists tell us that this money will change hands an average of 4 times before leaving the Community. Based on this average, the FHA loans will increase the effective income of Knox County by \$2,000,000.00.

The estimated gross income from these 99 borrowers based on average yields and price is \$890,000.00. After the amount borrowed plus interest is paid back to FHA, this will leave approximately \$350,000.00 net income or an increase in the effective income of Knox County of \$1,400,000.00.

The economy of Knox County will be boosted approximately \$2,000,000.00 from FHA loans and an additional \$1,400,000.00 from the net income if we make an average crop.

## Farmers Home Administration Active In Texas For The Past 30 Years ---

Over 39,766 families of farmers, ranchers and rural residents in Texas benefitted from Farmers Home Administration loan services during 1965. This is an all time high according to L. J. Cappelman, State Director for the agency.

Loans made or insured by the Farmers Home Administration in Texas during the fiscal year ended June 30 totaled a record \$88,289,230.

State Director Cappelman said that the Farmers Home Administration preserved its longstanding record for keeping its various lending programs in a sound position during fiscal 1965. Repayments of principal and interest by borrowers totaled the largest volume collected in the agency's 30-year history.

"This good credit record signifies the initiative and integrity displayed by the people of rural Texas in their vast self-help effort which these loans represent," Cappelman stated.

Included in the number of Texas rural people benefitting from these programs are the members of 28,245 families forming rural groups that use Farmers Home Administration credit. Most of these borrowed funds

## Throckmorton Blasts Knox City 'Hounds, 33-12

In the second non-district game played at Throckmorton Friday night, the Throckmorton Greyhounds defeated the Knox City Greyhounds, 33-12.

Throckmorton scored twice in the first quarter and twice in the final period.

Phil Williams raced 71 yards for Knox City's score in the first quarter. The try for points failed, and score at halftime was 21-6.

The third quarter was scoreless but Throckmorton scored twice in the final quarter and Jerry Myers handed off to Johnny Ivie on the one yard line for Knox City's final score.

The Greyhounds will play Aspermont here Friday, Sept. 17, at 8 o'clock.

## Grand Jury Indicts Eight; Makes Report And Terms Are Cancelled

Knox County's Grand Jury met Thursday and Friday and eight persons were indicted.

They were Freddie Thomas Bufkin, wife desertion; Urias Hill, forgery and passing; Jimmy Howard Cross, burglary; Charles Riley McCafferty, burglary; David Chandler, burglary; Edwin Earl Daniel, burglary; James Henry Johnson, forgery and passing, and Merrel Cotton, burglary.

Friday afternoon the Grand Jury issued the following statement:

We, the Grand Jury, of Knox County, for the February term of 1965, having been duly sworn and empanelled as such and meeting in Benjamin, Texas, on September 9 and 10, 1965, respectfully submit the following report:

This Grand Jury has made a careful and thorough study of

the financial and business affairs of Knox County, Texas. We wish to express our appreciation to the officials who have assisted in this study.

With few exceptions we find our county business run generally in compliance with the law.

The Grand Jury appreciated the efforts of Mr. Ed Thompson in bringing certain matters to their attention. However, we find that the quarterly reports are not being compiled in compliance with the law as suggested in the Grand Jury's prior report; and we would respectfully request to the County Treasurer that he comply with good accounting practices and in accordance with the law in submitting his quarterly report.

We request this Honorable Court that we may be recessed until our services are further requested.

Members and the order in which the recommendation was signed was:

Arnold Navratil, Foreman of the Grand Jury and members: Jim Hill, Philip Homer, J. T. Murdock, Boyd Meers, James N. Smith, Charlie Flye, Paul Weiss, Jean Allen, Grace Moorman, Bertha Speck and Kenneth Lawson.

Dist Judge, L. N. Williams informed the jury it was dismissed for this term and would not be called again.

The next Grand Jury will be called on October 4, and should be in session until February.

## Boyd A. Stamps Rites Tuesday

Services for Boyd A. Stamps, 58, a resident of Olton for 40 years and a former resident of Knox City, was held at 2:30 p.m. Tuesday in the First Baptist Church in Olton.

Stamps died Sunday in the South Plains Hospital in Amherst.

Rev. John E. Lewis and Rev. Raymond A. Quick officiated and burial was in Littlefield Cemetery under direction of the Parsons Funeral Home.

Survivors include the wife; the father, J. H. Olton; five stepchildren, Charles Franz, Littlefield, Emmett Franz, Oak Harbor, Wash., Jerry Don Franz, Canyon, Jim Franz, and Mrs. Charles Strange; two brothers, Earl, Dickens and J. D., Olton; and two sisters, Mrs. Roy Day, Knox City, and Mrs. Jake Mitchell, Olton.

Nephews of the deceased were pallbearers.

## Transportation Safety Hints

With the coming of September the movement of thousands of pupils starts to and from Texas public schools. About one out of five of these children ride a school bus. The safety of these pupils is of utmost importance and each motorist has a responsible part to play.

The motorist traveling on Texas highways is reminded that upon meeting or overtaking from either direction any school bus which is stopped for receiving or discharging children, he shall stop his vehicle. He may then proceed past the bus at a prudent speed not to exceed 10 miles per hour.

Drivers of motor vehicles are urged to exercise due caution each time they approach one of the well-marked buses painted the familiar "school bus yellow." Cooperation of motorists with bus drivers and local school officials may help save the lives of one of the 450,000 pupils that will likely be riding Texas school buses during 1965 and 1966.

## Benjamin Gallops Past O'Brien 53-12 In Tuesday's Tilt

The Benjamin Colts galloped past O'Brien's Bullpups in Bulldog Stadium Tuesday night and came out with a 53-12 score.

Dennis Kinnibrugh, 98 pound speed merchant, shot past the defense to put the Colts on top 6-0 on the second play of the game. Bud Clower ran the extra point to make it 7-0.

Moments later Clower ran 20 yards to score and he then passed to Dennis Duke to make it 14-0 for the Colts. Kinnibrugh dashed 40 yards to hit paydirt as the first quarter ended. Clower ran the extra point to make it 21-0.

Lynn Holmes of the Bullpups electrified the crowd with a 60 yard kickoff return to make the score 21-6. The try for extra point was no good.

Clower of the Colts climaxed a 70 yard drive by diving over from the one yard line to move Benjamin ahead 27-6 at the half.

At the beginning of the third quarter, Clower again sprinted 25 yards to make the score 33-6. The try for point failed.

Duke made the score 40-6 when he raced 60 yards on an end around run. Kinnibrugh's try for point was no good. Clower plunged one yard for the extra score to make it 46-6. Again, the conversion try failed.

Holmes of O'Brien again brought the crowd to it's feet with a 15 yard touchdown run for the home team. The try for extra points failed.

Clower ended the evening's scoring with a 55 yard run to make it 52-12. He also ran the conversion to end the game at 53-12.

Other Benjamin boys who saw action included Kermit Wooley, Carl Doby, Mark Wooley, Mike Young, Robert Clower, Ricky Meinzer, Tommy Bufkin, James Brown, Frank Barros, and Don Robertson.

## REV. BAKER TO CONDUCT SERVICES IN O'BRIEN

## Social Security For More Older Folks

Many Knox County residents over 72 who did not previously have enough social security work credit to get benefits may now be eligible to receive benefits, according to Francis J. Stevens, Social Security representative for Knox County.

Before the recent changes in the social security law, at least 6 quarters of coverage—about a year and a half of work under the law—were required to get benefits, Stevens stated. Under the new provision, benefits may be paid in some cases to a worker over 72 (and his wife) if the worker has 3 quarters of coverage, about 9 months if work. The exact number of quarters of coverage needed depends on the age of the worker, Stevens added.

A man 76 or more or a woman 73 or more in 1965 needs just 3 quarters of coverage. A man 75 or a woman 72 in 1965 needs 4 quarters of coverage, and a woman 71 in 1965 needs 5 quarters of coverage (to qualify for benefits at age 72). Anyone younger needs six or more quarters of coverage.

Widows of deceased workers may also get payment under the new provision. However, the number of credits needed depends on both the widow's age and the year in which the worker died or was 65, whichever is earlier, Stevens continued.

Workers and widows of deceased workers who are eligible under this new section of the law will get \$35 a month, while wives of workers who qualify will get \$17.50 a month, Stevens stated.

## Streams In Desert Places

Ozelle Stephens

From the WORD of God comes a power that will sustain you in any situation of life. It is an anchor to hold to when the waves of trouble and sorrow seem to overflow you. It will hold your goings in a path that thou foot slippeth not. When you go it will lead you, when you sleepeth, it shall keep you; when thou awaketh, it shall talk to you. It will say to you, "This is the way, walk ye in it. It is a sure WORD of prophecy; therefore ye do well that ye take heed, as unto a light that shineth in a dark place. Read it daily, it is your only hope in this life and the life to come."

## Headache Could Be Humanity's No. One Malady

Headache may well be humanity's number one malady.

It masquerades under many names—sick headache, coffee headache, hunger headache, allergy headache and Sunday headache—to name a few.

But what really happens when your head hurts? A common misconception is that the brain hurts when you have a headache. But the brain itself—while marvelously sensitive in some ways—is an unfeeling mass of gray tissue. You can probe, cut, burn, or smash this tissue without its hurting.

Other structures of the head, however, are extremely sensitive to pain, including the scalp, blood vessels and some of the brain coverings.

Some of the processes causing headache include: swelling of arteries within the head; a pulling inflammation of irritation of the head's pain-sensitive structures; prolonged contraction of neck muscles, a pain spreading from another source such as an inflamed eye; or an emotional disorder.

Headaches can be important since they may be the warning sign of a serious condition, which possibly could be controlled if detected early. They can indicate glaucoma, fever, high blood pressure, anemia, central nervous system injury or infection, epilepsy and tumors of the brain and head.

They can also warn of intoxication by such poisons as carbon monoxide gas. Or, a headache can indicate sensitivity to certain solvents, the elements in some liquors, to antihistamines or to noise.

Excessive use of sedatives, ev-

**STATE CAPITAL**  
**Highlights**  
**AND Sidelights**  
 by Vern Sanford  
 TEXAS PRESS ASSOCIATION

Texas votes, by decisively defeating a proposed constitutional amendment to increase the number of State Senate seats from 31 to 39, removed one possible reason for a special legislative session this year.

Federal courts control two other legal issues which could require lawmakers to come back to the capitol for another 1965 lowdown.

Since no senatorial districting act had been passed at the regular session, adoption of the amendment would have meant a virtually automatic special session call to decide how the eight additional Senate districts were to be divided.

Proponents of the defeated proposal promptly tagged its rejection a loss for rural areas.

Eight metropolitan counties accounted for enough votes to block it in the light-turnout, September 7, election. But some rural areas voted against it, too.

Thirteen incumbent Senators will be jammed together into six districts under court-order senatorial districting.

The amendment, if adopted, would have given all incumbents a chance to retain their jobs.

Now, at least seven Senate veterans are certain to be eliminated at the polls next year.

Suits challenging Congressional and House of Representatives redistricting by the 59th Legislature and attacking constitutionality of the poll tax still could require a special session.

Congressional redistricting case was heard by a special three-judge federal court at Houston last Thursday. Same court also conducted a pre-trial hearing on the legislative re-portionment suit. A ruling that either act is unconstitutional conceivably could carry with it a mandate that lawmakers redo their work before the filing deadline for the 1966 election.

If the poll tax is outlawed, Texas will be left without a voter registration act. That is, unless the federal court, which will hear the case here in mid-November, decrees some sort of emergency plan for 1966 elections.

Atty. Gen. Waggoner Carr, continuing his opposition to the federal government's suit to ban the poll tax, last week fired off letters to all congressmen asking them for evidence to support their findings (in 1965 Voting Rights Act) that the Texas levy violates constitutional rights.

FEDERAL EDUCATION AID PLANNED—State Board of Education has accepted administrative ground rules for participating in new U.S. elementary-secondary education act which will bring about \$60,000,000 in federal funds to public schools.

At the same time the board approved proposals to triple Texas' migrant school pilot program to reach 18,000 children in 40 districts. It also set up special programs for at least 3,000 adult migrants.

Children whose families follow the crops will get intensive, six-months schooling. Adults participating will receive basic ed-

ucation and training in fundamental homemaking and occupational skills.

Board named Ben R. Howell of El Paso its vice chairman to replace Emerson Stone of Jacksonville who resigned. Successor to Stone, who represented Anderson, Cherokee, Grimes, Henderson, Houston, Madison, Montgomery, Nacogdoches, Polk, San Jacinto, Trinity and Walker Counties on the board, will be appointed at the agency's November meeting.

Forty-five districts were warned of accreditation violations. Eagle Pass district was officially notified it will lose accreditation next July 1 unless substantial progress is made. Eagle Pass Supt. J. I. James assured board the district already is hastening to correct shortcomings.

STATE SURPLUS GROWING—State government stated its new fiscal year on September 1 solidly in black. Surplus was \$136,800,000, according to Comptroller Robert S. Calvert. This is nearly \$40,000,000 more than previously estimated.

State revenue for the fiscal year was \$1,800,000,000 — \$150,000,000 more than the year before.

WATER SUIT FILED—Altus, Okla., attacked constitutionality of new Texas law prohibiting transportation of underground water to another state in federal court suit filed here.

City had approved \$2,000,000 in bonds to develop underground water supply on the Texas side of the Red River before the Legislature passed a law to ban pipelining water across the state boundary.

TEXAS TOPS IN SAFETY PROJECTS—Texas leads in projects and expenditures designed to promote safety on federal aid highways.

Office of Highway Safety, Bureau of Public Roads, announced the achievement through the vacation White House here. Twenty-seven Texas high-accident safety improvement projects have been programmed totalling more than \$15,400,000.

APPOINTMENTS ANNOUNCED—Gov. John Connally named Jerry M. Kolander of Amarillo to membership on the Texas Youth Council. He succeeds Robert S. Tate of Austin, recently named to the new Mental Health and Mental Retardation Commission.

Connally also announced these appointments:

V. F. (Doc) Neuhaus of Mission, J. H. Bain of Stockdale and C. E. (Sonny) Bentley of Abilene to the Foinance Commission of Texas.

Hector Moreno of San Antonio to the State Board of Pharmacy.

H. A. Albert of Austin, John I. Disman of Houston, Dee E. Wheeler of Fort Worth, Clayton Evans of Austin, L. R. Wynn of Amarillo and Joe Low of Dallas to the new Polygraph Examiners Board.

Dr. William J. Kemp of Haskell to the State Board of Dental Examiners.

Governor reappointed Dr. Sam H. Rabon of Kingsville to the Dental Examiners Board; Roy Wiese of Brenham to Pharmacy Board; Dr. Richard L. Stratton of Cuero, D. S. Riley of Big Spring and Jose R. DeLeon of Corpus Christi to the Hospital Licensing Advisory Council; and Everett J. Grindstaff of Ballinger, J. R. Salmon of San Angelo and Cumbie Ivey of Robert Lee to Upper Colorado River Authority.

Texas Tourist Development Agency named Keith Elliott, former San Antonio, Dallas, Houston and Lubbock newsman and magazine writer, head of its new news and features bureau and Sam Godfrey of Dallas to work with Texas communities in guiding development of tourist facilities.

TTDA also appointed Ben F. Holub Jr., former Galveston and Port Arthur newsman, as travel promotion specialist and promoted Walt Warner, former San An-

LAW ENFORCEMENT CONFERENCE—More than 450 law enforcement officials representing all of Texas' 254 counties will be in Austin on September 23-25 for the 15th Annual Attorney General's Law Enforcement Conference.

District Attorney Bill Waters of Pampa, president of the District and County Attorneys Association of Texas, will open the meeting.

Principal speakers will be Louisiana's Atty. Gen. Jack P. F. Gremillion and Texas' Atty. Gen. Waggoner Carr.

Changes set out in the new Code of Criminal Procedure and recent Supreme Court decisions will be focused on during the conference.

COTTON AGREEMENT—Agriculture Commissioner John White and Mexican agriculture officials—Undersecretary of Agriculture Richard Acosta and Benjamin Franklin, supervisor of the National Cotton Program of Mexico—agreed to come to an agreement on international pest control effecting cotton.

Officials conferred in Austin after White's earlier announcement that the Texas border would be closed to Mexican cotton on September 25. Close order—which has since been rescinded—caused Mexican officials to promise immediate attention to plant insect and disease problems.

Further meetings will be held in Matamoras and Tamaulipas, Mexico, and in Brownsville, Texas, in October, White announced.

AIRPORT AID OKAYED—Texas Aeronautics Commission has committed itself on two-thirds of the \$200,000 in the Texas Airport Aid Program authorized by the 59th Legislature.

State grants to aid in construction or improvement of urgently needed airports were made to Cameron for \$10,000; Hearne, \$2,000; Jacksboro, \$10,000; Kountze, \$7,500; Clarksville, \$12,000; Floydada, \$12,000 and Post, \$12,000.

Last month the Commission authorized grants to Comanche, Gatesville, Hallettsville, Lampasas, Pineland and Caldwell.

Chairman Shelby Kritzer of Amarillo said more hearings will be held by the Commission when new applications are received. Deadline for community airport aid requests is October 31.

AG OPINIONS—Attorney General Carr has ruled that: County commissioners can reallocate budgeted funds by correct budget amendment procedures.

Justices of peace may be paid on either a fee or salary basis. State Board of Control may reject rental space bids not felt in the best interest of occupants.

Shrimp regulation revisions for Carancahua Bay in Jackson County are in effect.

SHORT SNORTS—Hospital administrators report a "frighting" shortage of nurses in Texas... State capitol dome soon will be reopened to tourists... Top state water authorities addressed Texas Water Conservation Association municipal panel meeting here Monday... Park and Wildlife Department reports outlook for big game hunting this fall is good generally, excellent in North Central, East Central, Southeast and South Texas...

First chapters of the Texas Plan to Combat Mental Retardation were written by the 100 citizens on the Governor's Committee on Mental Retardation over the week end (Sept. 11 and 12)... U.S. Sen. John Tower announced Farmers Home Administration loans to Brazoria, Caldwell, Delta, Galveston, Hays, Limestone and Montgomery Counties.

**Tax Man Sam Sez:**

Every year the good tax folks call in a lot of divorced couples. These unfortunate people have decided that it was necessary for them to go their separate ways, but they forgot to get their tax matters separated.

If you are disposing of your spouse, it will pay you to dispose of your tax matters at the same time. It's awful embarrassing to sit down with your ex-spouse and a tax man and solve problems that you would prefer never to think of again.

Split your income and taxes up to the date of your divorce... or wait until December 31 to get divorced... so you won't mix up your tax year.

**Welch Reunion Held in Seymour**

The Welch family reunion was held in the Seymour Park Sunday, Sept. 12, with 100 relatives attending.

The late Jake Welch, Mart Welch and their sister Mrs. Joan Welch Hutton were among the early settlers in Knox County.

The group has not met since 1958. One brother Elder F. C. Welch and one sister, Mrs. Ella Cochran, both of Belton were present Sunday.

Religious services were conducted by Elder Welch.

At a business session James C. Welch of Munday was named president and Mr. Sudia Hutton Cash of Knox City was named

secretary-treasurer. The group voted to meet next third Sunday in July at Seymour.

Present Sunday were relatives from Gainesville, Fort Worth, Crowell, Truscott, Vera, Gilliland, Munday, Knox City, Belton, Mullin, New London, Plainview, Lubbock, Vernon, and Abilene.

Also from Oklahoma City, Oklahoma, Duncan, Okla., Randlett and Hastings, Okla., and Memphis, Tenn.
