VOLUME 60

THE KNOX COUNTY HERALD, KNOX CITY, TEXAS, 79529, THURSDAY, OCTOBER 28, 1965 FEN CENTS PER COPY

NUMBER 49

Congressman Graham Purcell will be here Nov. 5 to speak at the Lions Club, and his featured topic is expected to be "the boll weevil problem" in this area.

Mr. Purcell has been doing a remarkable job for this area and he has been working untiringly with Mr. Sam Reed on trying to give us aid and help. Both men are champions of the farmer and we salute both.

The very first soldier who has been fighting in Viet Nam and is home to tell us something about the war is Sgt. James Evans of Weinert. He was hit with shrapnel Sept. 26, and is home and in Wichita Falls recuperating. Four of his buddies were torn to bits and he and another man escaped with injuries. Sergeant Evans is partially deaf as his reward.

Sgt. Evans is in the Air Force and promised Paul Hoge to attend Lions Club this week and tell us what he could about the war.

We enjoyed a long visit with the Sergeant last week. His wife and three children have been making their home on the Bill Havern farm near Weinert, his home town.

**NEW ADDITION**—Mrs. Buddy Angle will begin work at the Herald Monday to sell ads and help us make the paper more enjoyable by getting more news than we've been able to collect on our own.

The wife will help Billie Bess for awhile and then join us in the back shop, as it will require more work there, too, to make the old paper "better."

We make a special plea to the merchants to help support the hometown newspaper and to the readers to be sure and tell Billie Bess all the news. We are already looking forward to getting out a bigger and better newspaper.

Two KC men we like and truly admire are: Rev. Floyd Bailey, pastor of the Foursquare Church. He has been here well over two decades, started the church here and after a brief departure, came back as its pastor. He and Mrs. Bailey are well known throughout the area for their goodness and graciousness. Having more trouble, we met them at the dentists office last week and after finding out we had to lose our jaw teeth, we were extremely low. Brother and Mrs. Bailey said a prayer in our behalf.

It isn't at all unusual for the Baileys to officiate for all funerals regardless of congregational affiliation.

The other pastor we know, like and admire so much is Rev. Johnny Smith, the Baptist pastor here. Johnny has been a good friend and has been very influential in helping us find our paths in the time of need.

We have said before, and we will say it again, for the newer residents and pastors, Knox City has the finest ministers of any place we've ever known.

Johnny and Brother Bailey are real men and we can't think of anyone we'd rather say a nice word for us if and when the need arises.

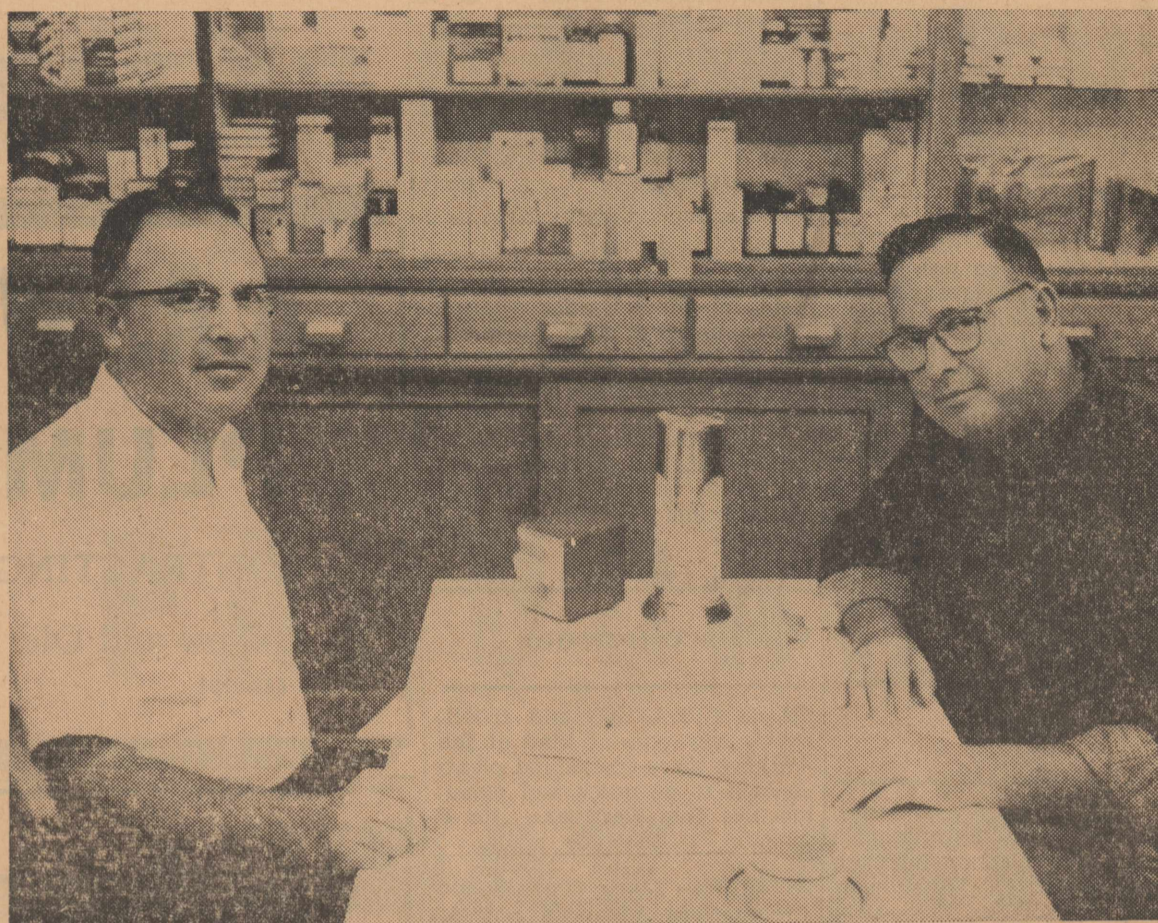

Mrs. Kenneth Crownover (Doris) is the new secretary of the Chamber of Commerce and is doing an excellent job, naturally. Mr. Tom Van Winkle is to be commended for his loyal service and for keeping the office open after telling us he wanted to quit six months ago!

We hope for the town's sake that Doris can keep us plodding along in the right direction at a faster rate of speed than we've been moving . . .

Discount Days was a varied opinion, Doris said, but in all it was a good thing and most believe it will be better as it goes along.

**HISTORICAL COMMITTEE WILL MEET WEDNESDAY**  
The Knox County Historical Committee will meet on Nov. 3 at 2:30 p.m. in the Courthouse in Benjamin. All those who have promised articles for the museum, please bring or send them by someone. A report on the State Meeting in Odessa will be given. Everybody is welcome to attend these meetings.

**RECUPERATING NICELY FROM HEART SURGERY**  
Charles Wesley Rogers, son of Mr. and Mrs. Henry Rogers of Knox City, is recuperating at his home here after open heart surgery at Childrens Medical Center in Dallas Oct. 12.

**SERGEANT SPEAKS TO LIONS** — Paul Hoge, left is talking to the Lions Club featured guest and speaker Wednesday prior to his informative speech to the club. The sergeant was injured in service Sept. 26 in Viet Nam and is recuperating at his home near Weinert and the Air Force Base in Wichita Falls. See story elsewhere on Sgt. Evans views.

## Holliday Defeats Benjamin Colts Greyhounds, 34-6

The Holliday Eagles defeated the Knox City Greyhounds there Friday night with a score of 34 to 6.

Holliday opened the night's scoring with a pass from Flack to Bo Toner from six yards out in the second quarter. Eddie Bryson kicked the extra point.

The Eagles added two more touchdowns in the second period.

Holliday widened its lead to 27-0 in the third period when Ronnie Frie raced two yards for a tally. The kick failed.

Knox City dented the scoring column on Phil Williams four yard run late in the third quarter.

Gary Whitehead capped the night's scoring with a two-yard plunge in the final period. Byron's kick provided the final margin.

Knox City will play Paducah here this Friday night at 7:30 p.m.

## Methodist M. Y. F. Campaign Sunday For CROP

The M. Y. F. (Methodist Youth Fellowship) will ask for contributions for the "Christian Rural Overseas Program" (CROP) at 5:30 p.m. Sunday, Oct. 31.

Halloween has come to mean CROP and a time of Christian sharing to the young people of Texas. It has come to be a time of collecting for others in a Christian ministry of compassion to a part of the world's starting population.

Contributions received thru this youth effort of concern will be used to help provide for the handling and distribution of government-donated foods of the Food for Peace program as well as to provide other assistance—high protein foods, emergency supplies, agricultural tools, seeds—not otherwise available to the overseas programs of the churches.

In some cases the contributions will help the local farm canvass to make commodity shipments.

The young people will carry identification.

**ENTERTAINS FOR STUDENT COUNCIL MEETING**  
Mike Tankersley, who plays the organ for the Tempests, was in Stamford Saturday, where the Tempests were on the entertainment program for the District II Oil Belt District Student Council meeting. They played for some 250 area students.

**GETS PROMOTION**  
Danny Fisher made Platoon Sergeant in R. O. T. C. last week.

## Benjamin Colts Win District

Benjamin's Colts ended district play with a 6-0 record by soundly trouncing a good Goree team 52-6. It marked the first time in nearly a decade that the Colts have won a district title.

Bud Clower got the Colts on the scoreboard by blasting 40 yards through the line but missed the try for extra point.

Seconds later Wayne Bufkin rifled a bullet pass to Dennis Duke for 65 yards and another Colt TD. The kick was again blocked.

Later in the quarter, Dennis Kinnibrough picked off a Goree pass and dashed 65 yards to pay dirt. Again the kick was blocked.

Mike Young ran 60 yards right before the half to make the score 24-0.

Early in the third quarter, Young weaved through the entire Goree line for 60 yards and another score. Bufkin's try for point was no good. Young repeated his previous performance by skirting right end for 45 yards and a score.

Bufkin drop-kicked the ball for a two point conversion to make the score 38-0. Moments later, Clower hit Duke on a 40 yard aerial to make the score 44-0. Goree got away on a kick-off return to make it 44-6.

Young came right back with a 45 yard scamper and Bufkin's drop kick was good to make it 52-6. This ended the evening's scoring and also the season.

During the year the Colts scored 242 points while giving up 75 points to the opponents.

**MARJORIE WORTEN CIRCLE HAS MEETING MONDAY**

## Work On New FM Road Has Begun

Work has begun on the construction of 4.6 miles of Farm to Market road north and west of Knox City. The road to be constructed is F.M. 1292 from State 283, 2.0 miles north of Knox City, west and south 4.6 miles to F.M. 143.

The construction was announced at a preconstruction Safety Conference held in Knox City and is part of the 1964 and '65 Texas Farm to Market Road Program.

Texas Highway Department District Engineer V. J. McGee reported that George Wall Jr., Resident Engineer will be in charge of the project.

The construction project will consist of grading, structures, base and surfacing.

Asphalt Pavers, Inc., of Wichita Falls, was successful low bidder with a bid price of \$79,355.30. The project will be completed in approximately 120 working days.

The work will be planned to inconvenience the people who travel the road as little as possible and will be carried on in a manner which will have the public's safety in mind.

The Highway Department urges the traveling public to be considerate in thinking of the Safety of the men working on the roads and travel accordingly.

The building of this Farm to Market Road is a part of a vast network of Farm to Market Roads being built by joint ventures of the Federal Government and the State of Texas to help the rural population of Texas, Wall stated.

Serving as pallbearers were Buddy Tankersley, Weldon Hutchinson, Hershall Tankersley, B. F. Cornett, Clifford Cornett, and Sammy Tankersley.

Surviving him are his wife; a daughter, Mrs. Howard Myers of Munday, and three brothers, Salem, Cleveland and Bill Hutchinson, all of Knox City.

**BOB BARLOW NEW BAPTIST MUSIC DIRECTOR HERE**  
Bob Barlow of H-SU was named the new music and youth director at the First Baptist Church here this week.

## Sgt. James Evans Recounts Experience Of Viet Nam War For Lions Club

Sgt. James Evans of Shepard Air Force Base was the principal speaker at the Lions Club Wednesday and was introduced by Program Chairman Paul Hoge.

Hoge told the club that the sergeant had been wounded by shrapnel last month and had been home about three weeks.

Sgt. Evans said the views he would express were strictly his own and were not the Air Force not our government's opinions.

He said he was fortunate to be here today for he was one of seven men who were not so fortunate.

He said between 150,000 to 200,000 men were fighting in Viet Nam and were represented by America, New Zealand, Korea and Canada, as well as other nations.

He said he was asked if he thought we should be over there fighting and his answer:—"I think we should be there definitely."

Sgt. Evans said he had rather have us fight a battle over there than over here, and that was what would happen if we weren't there fighting now. He said he was there three months before he was wounded and would go back today if he were able.

He explained that Laos, Thailand and Cambodia were small neutral countries, and that if we didn't fight, the communists would take them over. "After that would come the little countries like Korea, the Philippines and then here," he said.

He said the terrain in Laos was unbelievable. There were

hills, valleys, small meadows, etc., but there wasn't much except jungle terrain. "Not many places you can land a helicopter," he said.

Most of the fighting was done at night he said because in the day the farmers would work the rice paddies, and you couldn't tell "a friend from an enemy," and then at night they would begin firing. Until that time the soldiers would have to restrain themselves.

The Sgt. said women were also in the war and recounted an experience he had when two women tried to kill the men in his company.

Sgt. Evans said the young men pulling these demonstrations here at home was wrong and that there wasn't a man alive who wouldn't kill to save his life.

"These are my views and I've done them and I am not proud—but I am a soldier and have to carry out orders—there are 150 to 200,000 people the same way. . . we want to keep peace."

The Sgt. said we had to keep the fighting over there. "I would go back tomorrow if I could for I have a family to protect too. The men over there are doing a good job."

He said that while he was there weren't any soldiers in uniform to fight and that it was confusing to see men working in a field days and then start fighting at night. He said they were the most educated people in the world in making bombs and could make one out of anything, including a fountain pen and old 60 watt light bulbs. He said before we were fighting farmers, etc., but that he thought we were fighting the hard-core communists now.

In conclusion Sgt. Evans said he didn't think the youth of our country was aware of what was happening overseas and what we are doing.

"Our cause is the same cause we've always had—to keep this country free and to keep the fighting over there," he concluded.

He received a standing ovation from the Club at the conclusion.

## 'Emphasis Youth' To Be Held At First Christian

The Christian Youth Fellowship of the Knox City First Christian Church will hold a series of meetings this week end, Oct. 30, 31, in a program designated as "Emphasis . . . Youth".

The theme of the programs will be "The Great Belonging" and will be supplemented by an address, discussion groups, and a closing sermon. The program has been planned by the young people of the First Christian Church as a means of challenging themselves toward higher goals in the year ahead.

The program will be led by several college students from Texas Christian University, as well as local youth. The youth from TCU will provide the speakers for both Saturday morning and Sunday evening as well as entertainment at the Saturday evening party.

The program will begin at 8 a.m. Saturday morning with a breakfast open to all interested young people. It will be followed by a singpiration and the opening keynote address by Mr. Glen Morrison, a student from TCU. Following the address the groups will break into smaller groups for discussion led by the students from TCU. Following a time of summary and sharing there will be recreation provided by the local youth.

Saturday noon a meal will be served at the church for the local officers of the Christian Youth Fellowship at which time the T.C.U. students will lead them in a discussion on how they can make better plans in the local youth fellowship.

Saturday evening will feature a party which will begin at 7:30 p.m. at the church. Included in the party will be a hayride, games, special Halloween features, a hootenanny, and refreshments.

Sunday the activities will begin with a breakfast at 9:00 a.m. in the church fellowship hall. Following this the regular Church School and Church worship services will be held with special emphasis on the youth theme. The youth of TCU will provide the special music for the morning worship service.

At 5 p.m. on Sunday afternoon the youth will hold a light supper to be followed by the regular study program and recreation. Following this the week end program will come to a close with a special challenging service in the church sanctuary. The youth will have charge of the service, to which everyone is invited. Mr. William Bailey, senior at Brite Divinity School on the Texas Christian University Campus in Fort Worth, will bring the closing message.

All youth of the community are invited to attend the sessions. The young people from Fort Worth will be staying in the home of members of the First Christian Church and other families will be furnishing the food for the meals to be served to them and to the young people during the two day session.

Pat Shannon is president of the local youth group and has led the group in making the plans for the programs to be held. David C. Downing is the minister.

## Service Officer Seeks Passage Of Amendment No 2

Mr. Clarence Woodward, Veteran's County Service Officer for Knox County strongly recommends that the people of this area support and vote for Amendment No. 2 on Nov. 2, Tuesday, which authorizes the continuation of the Veterans' Land Program.

Woodward says that the program has not only benefited the State of Texas, but it has greatly helped the economy of our local area.

There have been eight veterans who have purchased 371 acres of land in Knox County for \$54,904.00. This program has been highly successful and has given Texas veterans a chance to own a tract of land that they fought to protect. It is a program that is not only self-supporting but is making a profit for the taxpayers and people of Texas of over \$2½ million a year. While this profit for the taxpayers and people of Texas is boosting the economy of the state, something that we all want Woodward declared.

Counting the rotating money there has been \$236 million invested in land and to date there has been 34,800 tracts of land bought for veterans in the state of Texas. 6,100 of these veterans have paid their tracts off in full. 8,200 veterans have transferred their contracts after three years. 6,000 have executed oil and gas leases and approximately 500 tracts have producing oil and gas wells on them.

Every individual in the State of Texas is benefited and affected by the Veterans' Land Program. Many veterans daily are asking to purchase land through the program. If the vote on Amendment No. 2 on Tuesday is favorable, then the Veterans' Land Program will continue to purchase land.

Land Commissioner Jerry Sadler says that a new program will operate on a current basis so that veterans will not have to wait to receive their contracts and necessary papers to purchase land through the program.

A veteran will be permitted to purchase \$10,000 worth of

Mrs. Walter Jungman, Rhine-land, spent Monday in the home of Mrs. Theo Hertel, and other relatives and friends.

Mrs. Nora Duke and Dennis were visitors in Knox City Saturday.

Mrs. Nora Hertel and Miss Lillian Verhalen were visitors in Knox City Monday morning.

Mrs. Bert Marshall, Mrs. Bonnie Terry and Vicki were visitors in Knox City Saturday and Sunday.

## Cotton Samples Total 9,705 Classed

Weekend rains stopped harvesting but carryover of samples increased this weeks classing to 4,887 samples according to A. D. Peebles, in charge of the U. S. D. A. Cotton Classing office in Munday. This brought the seasons total to 9,705 samples classed compared to 13,115 at the corresponding date last season.

The predominant grade for the week was Middling Light Spotted with 43 per cent classed in this category. Middling white amounted to 4 per cent, and Strict Low Middling 10 per cent. Percentages of other grades were as follows:

Strict Middling Light Spotted 4 per cent, Strict Low Middling Light Spotted 24 per cent, Low Middling Light Spotted 3 per cent.

Staple lengths for the period were: 16 per cent 29-32 and shorter, 53 per cent 15-16, 14 per cent 31-32, 17 per cent one inch and longer.

Micronaire readings continued good with 91 per cent in the 3.5 to 4.9 range, 4 per cent 3.1 to 3.4, and 5 per cent 5.0 and above.

land compared to \$7,500 under the present program. Mr. Woodward strongly urges that the people of this area go to the polls on Nov. 2 and support Amendment No. 2, the continuation of the Veterans' Land Program.

**THE FAMILY LAWYER**

**DUTY OF A DOCTOR**

Imagine what would happen if a doctor, awakened by urgent knocking at the front door of his home at midnight, refused to give medical aid to an auto accident victim who later bled to death on his doorstep.

In such a very unlikely event the cries of indignation would ring out mightily. The doctor's indifference would outrage both the ethics of medicine and the morals of religion.

Yet, the doctor would not be acting unlawfully. For a doctor has no legal duty to "take all comers". Unless he has some special, pre-existing relationship with an individual patient, he has the right to turn him down. For various reasons, part historical, part practical, our law does not ordinarily require a doctor (or anyone else either) to lend a helping hand to the stranger in distress.

But once a doctor does take over his legal position change. From then on, he owes the patient an affirmative duty to be diligent.

Consider this case:

A physician applied a cast to the fractured arm of an elderly woman patient, who immediately

**Streams In Desert Places**

Ozelle Stephens

"He (Jesus) sat at meat, there came a woman having an Alabaster box of ornaments spikenard and very precious; and she broke the box, and poured it on his head and his feet."

The Alabaster box of love is often sealed up within until our friends or loved ones are gone. There is such a great need to fill their lives with sweetness.

We should speak approving cheering words while their ears can hear them, and their hearts can be thrilled and made happy. The kind you mean to say when they are gone, say them before they go." (George W. Childs).

When we do God's Alabaster box is opened and Streams of happiness flood our souls and makes our lives more meaningful, also.

ly complained that the cast was too tight. Despite continuing complaints, the physician did not split the cast. He then left the country for a two week vacation trip without arranging for another physician to care for the patient. As a result, she suffered paralysis of her arm.

On the other hand, even after a doctor takes a case, his duty to be attentive has reasonable, common-sense limits.

For instance:

A woman's finger became so badly infected that it had to be amputated. Suing her doctor, she complained that for more than a week he had been unavailable to his patients.

But in court, it turned out that the doctor had taken time off only because his own father had died. It also turned out that he had given the woman the name of a competent substitute, whom she had simply refused to see.

The court decided that, in these circumstances, the doctor had properly fulfilled whatever duty he owed. As one judge commented: "After all, doctors are human."

Uncle Sam has a couple of plans to make your money as easy to save as it is to spend. There's the Payroll Savings Plan where you work. And the Bond-a-Month Plan where you bank.

Easy as pie, but the best part of the idea is that there's a bigger cut of the pie for you, the longer you hold onto your Bonds. When they mature, you get \$4 back for every \$3 you invest.

There's no state or local income tax on Series E Savings Bonds. And you may defer payment of the federal income tax until your Bonds are cashed.

While your bankroll grows, freedom throughout the world grows a bit, too. And your Bonds are helping this cause more than a little.

Get in the U. S. Savings Bonds habit, and before you know it, you'll have a pocketful of red, white and blue green-stuff that'll come in mighty handy just when you need it most.

**Quick facts about Series E Savings Bonds**

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Buy E Bonds for growth—H Bonds for current income

**AUSTIN** — State attorneys are set to make a hard-nosed defense of the Texas poll tax law now under federal court attack.

Pre-trial conferences in the suit were held quietly here and

end were Mr. and Mrs. Jim Nichols and daughter, Mrs. Belle Yates of Amarillo, Mr. and Mrs. G. W. Dement and children of Sheppard Air Base in Wichita Falls, Mrs. Nellie Smith of Haskell and Mr. and Mrs. Willie Collins of Knox City.

Mr. and Mrs. C. A. Hawthorne and son of Jonesboro, La., visited R. I. Walsworth and children last week.

Mrs. Ranzy Herring visited her mother, Mrs. J. W. Hewitt in Rochester last Thursday.

The A and B Grade school girls basketball teams lost two games to Rochester girls here Monday. The High School A and B play Rochester A and B Tuesday, here.

in San Antonio last week (Oct. 21). Trial date has been postponed from mid-November to December 1, in order to allow both sides more time for preparation.

Assistant Attorney General Hawthorne Phillips scheduled a flight to Washington this week to take a deposition from U. S. Atty. Gen. Nicholas Katzenbach in effort to show that Katzenbach once testified before Senate Judiciary Committee that Texas's poll tax is not discriminatory toward Negroes.

In view of late trial date and certain appeals to U. S. Supreme Court regardless of initial ruling here, the three-judge trial court issued a statement in effect advising Texans who want to be sure they qualify to vote in state and local elections next year to pay their poll taxes.

Leaders of massive poll tax drives just now getting underway already had concluded there was no other safe course.

Outlook now is that if repeal is ordered, first major state and national elections affected will be those of 1966.

**WORKMEN'S COMP RATE**—State Insurance Board staff has recommended revised workmen's compensation rates that will result in average reduction of 2.9 per cent for Texas employers.

Rates for some of 600 categories will advance, others will be substantially slashed. Overall effect is a decrease. Same rating formula produced a 2.3 per cent increase last year. Board Chairman Wm. Hunter McLean concluded that the industrial safety record of Texas businesses has improved.

Board Thursday (Oct. 21) held public hearing on the recommended slash, which would reduce premiums about \$4,500,000 next year.

**ATTORNEY GENERAL RULINGS** — Atty. Gen. Waggoner Carr cleared the way for state participation in two federal welfare programs.

In one opinion, he held that State Department of Public Welfare can pay out of federal allocations cost (estimated at \$5 million a year) of training adults to become self-sufficient.

In another, he said Department can set up advisory committees with state agency employees as members, and pay their travel expenses out of federal allotments when they are working on such federal programs as day care services for children.

Other rulings by Carr held that:

• Department of Public Welfare may make a contract with a private insurance company for the protection of trainees on various projects and pay for the premiums with money from the Economic Opportunity Act of 1964.

• A substitute member of a joint board appointed by the Interstate Commerce Commission is not a federal employe and he may receive his salary for his services as an examiner for the Texas Railroad Commission.

• No license is required for a beauty shop at the rest home operated by Order of Eastern Star for retired members.

• Mixed fertilizers must be registered to distribution, but those falling below minimum chemical content (less than 24 per cent of nitrogen, phosphorus or potassium) cannot be registered.

• Dallas County school trustees are not liable when school buses are used for extracurricular activities under outlined procedures.

• Jefferson County auditor's maximum salary is \$15,000 with a minimum of \$1,200 allotted for his service to special districts.

**COLLEGE BOARD MEETS**—During its second meeting, the new Coordinating Board, Texas College and University System, unanimously endorsed proposed constitutional amendments to create \$8 million student loan fund and to boost state property tax five cents for building purposes at 171 institutions.

Board also heard report that public junior colleges face potential financial crisis due to a 35 per cent jump in enrollments and fixed level of appropriations.

Members certified adequate financing is in sight for new higher education programs approved

by Board's predecessor agency and gave clearance to a million dollar repair program for 1966.

They further agreed to participate in the new federal program to establish regional technical services and accepted job of administering the higher education facilities (building aid) act.

**BEAUTIFICATION ACT STUDY**—Lt. Gov. Preston Smith, concerned with security of federal highway funds for Texas, asked the Legislative Council to make a study of the new Federal Highway Beautification Act.

Act would control advertising and junkyards along highways and provide for landscaping and scenic enhancement. States failing to comply by January 1, 1968, would be penalized in federal aid allotments.

About 17,500 miles of interstate and federal-aid primary highways in Texas are affected by the law. Smith asked the Council to determine effect on city zoning ordinances and type of new state legislation needed to comply.

**COURTS SPEAK**—Fifty-third District Court here approved settlement of suit brought by a West Texas group to halt construction of \$20 million Robert Lee Dam in Coke county.

Out of court settlement guaranteed Colorado City water service equal to that of cities in Colorado River Municipal Water District. City had filed suit to cancel the permit for the dam granted by Texas Water Commission on September 1.

State Supreme Court agreed with lower courts that state has no authority to require Southern Pacific Railroad Company to employ five man and three-man train crews because they operate in interstate commerce.

**RAIL CAR SHORTAGE**—A critical shortage of rail cars confronts the West Texas grain harvest areas, reports Agriculture Commissioner John White.

White said top officials of 3 railroads assure that priority consideration is being given to sending new hopper cars to the loading areas.

West Texa problem is part of nationwide shortage of rail cars for moving harvest from temporary storage to major shipping points. Shortage, White said, leads to increased handling costs and sometimes vulnerable exposure of crops awaiting shipment.

**SHORT SNORTS** — Governor Connally announced approval of

George W. Busby, inspector and planning chief for Texas Department of Public Safety, has been named to governing board of American Association of Motor Vehicle Administrators.

New Governor's Committee on Aging held its first meeting here, studied ways of implementing Older Americans Act and removal of seniles from the state hospitals.

Hearing is set for December 29, on application for state authorization of Fayette County Savings and Loan Association, La Grange.

Attorney General Carr announced recovery of \$35,200 in judgments from a Shreveport defendant for allegedly drilling and operating slanted oil well in Rusk County.

Death rate on Texas highways fell from 842 for the first nine months in 1964 to 744 for the same period in 1965 which

the Texas Highway Department credits to safer multi-lane divided highways with a decreased number of grade crossings.

Eighteen city, county and water district officials from Houston, San Antonio and Galveston areas were subpoenaed to testify here before Legislative Committee on Pollution-Multiple use Study, Texas Waters on Monday and Tuesday (Oct. 25-26).

Texas Highway Department reveals that license fees collected during the 1964-1965 fiscal year totaled \$129,776,276.92, of which \$99,923,268.81 went to the state and the remainder to the counties which registered the vehicles.
