Senior News

By Becky Howell

The Seniors survived mid-term tests last week, and we are all hoping that classes resume back to normal very soon. It seems as though those tests slipped up on us this time but don't they always? Our parents will be as shocked as we were when they see our grades for this semester.

Last Friday the Seniors met for a very important class meeting. The fourteen Seniors who are planning to go on the Senior trip this year decided to go to New Orleans. There will be six girls and eight boys going on the trip. We will take the trip some time in early May. The Seniors have also begun committee work on the Senior play and graduation exercises.

Last Friday was the last class day of civics for several members of the class. The remainder of the class will take Texas history this semester.

Last Saturday Bill Cornett and Tommy Latimer showed livestock at the Knox County Junior Livestock Show in Monday. Bill showed the grand and reserve champion herford heifers, "Real Silver Cresta" and "Real Silver Crestette." Tommy showed the reserve champion Angus "Nefro".

Junior News

By Mike Glenn

Well, mid-terms are over again so now maybe we can settle back down into our old routine of putting things off until the last minute again. For the Juniors we have decided that these tests were undoubtedly the hardest that we have taken this year!

Two of our Junior boys are to be commended for the fine work which they did at the County Livestock Show in Monday last Saturday. These two boys are Jerry Myers, and Mike Tankersley, and they both placed very high with their animals.

We had a class meeting last Friday and the Juniors found that they have another big obstacle starting them in the face--the Junior play. However, we did appoint a play selecting committee to pick a play for us, so maybe we shall get underway pretty soon. The tentative date for our play is set in late March or early April.

So long, again!

Sophomore News

Pam Waldrip

Mike McKinney, a new Sophomore student, started to school here Monday. He came here from Olney, Texas. We would all like to wish him a warm welcome and we hope you like it at Knox City High School.

Some of the Sophomores received honors at the County FFA show. These include: Gall Cornett placed third and fifth. Gary Wheeler--first, fifth, and sixth. Richard Barnard--second. Paul Graham - 2 seconds, first, fourth, and reserved champion. Jerry Howell--sixth. Johnny Bradberry received the showmanship award in the sheep division, reserve champion fat lamb, also placed 2 firsts, 2 seconds, third, 2 fourths, fifth, and sixth. Charles Escobar received the showmanship award for the swine, also placed 3 firsts, and third. Mickey Logan - first. We are quite proud of these students and are glad that they are from the Sophomore class.

Bunnie Sams is giving a party at the Youth Center on Saturday night, January 22nd. The Spiedels will provide entertainment, and refreshments will be served. It will begin about 8:30 and last until about 12 o'clock.

FRESHMAN CLASS NEWS

By Margaret Howell

We are very proud of our Agriculture boys. The boys participating in the show and how they placed are: Brice Hill, first; Steve Barker, first; Robert Reynolds, a first and fifth place; David Speck, third place; Randy Hise a fourth place; Lynn Beason third place; Floyd Baker, two first and a fourth place; Johnny Carver a second place; Arv Flenniken fifth place; and Ronald Curd a third place.

Friday night the Freshman Girls were defeated by the Rochester B Team 31 to 17. That's about it for this week. So long!

EIGHTH GRADE NEWS

By Linda Martinez

Finally I have some news of interest. The class welcomed three new members this past week: Connie McKenney, Jimmy Faulk, and Donnell Cheatum. We all hope they enjoy it here. Another new member is our teacher, Mrs. Larson, who replaced Mrs. Tankersley.

The boys and girls went to Paducah the 13th. Both were defeated. The girls lost 28-11 and the boys lost 32 to 16. Thursday Paducah will come here to play. We'll play Monday the 27th.

A couple of the girls and boys are working together on a science project. It's got to do with bacteria and all that junk.

SCHOOL MENU

January 24-28
Monday: Frito Pie, Cole Slaw, Buttered Corn, Thick Sliced Bread, Milk and Cobbler
Tuesday: Macaroni - Bacon-Tomato Casserole Green Beans, Salad Corn Bread-Butter, Milk and Pudding.

Wednesday: Bar-B-Que on Bun, Pickles-Onion Rings, Ranch-Style Hominy, Milk and Ice Cream.
Thursday: Meat Loaf, English Peas, Buttered Cabbage, Whole Wheat Bread, Milk and Jello with Fruit and Cookie.
Friday: Chicken Fried Steak with Gravy, Creamed Potatoes, Green Salad, Hot Rolls-Butter, Milk, and Cake Squares.

Truscott News

BY MRS. H. A. SMITH

Sydney Burton, father of Charles Burton, is a patient in the Knox County Hospital suffering from a heart attack last Monday. He is slowly improving at the present writing.

Mrs. Sammy Abbott was dismissed from Quannah Hospital Monday.

Gene Whitaker, a former Truscott resident and at present an electrician for Humble had the misfortune of receiving some serious burns while on duty and was rushed to Dublin Hospital. He was a patient there for a few days. Both hands and one ear was badly burned. He has been transferred to home in Abilene and at the present is recovering nicely.

Leslie Hawkins of Crowell visited Randy Tapp one night last week.

Mrs. L. A. Haynie, and Miss Oma Faulkner Mr. and Mrs. C. C. Browning, Miss Annie Chesser, W. W. Clark, and Mr. and Mrs. Tommie G. Westbrook were Quannah visitors last Thursday.

Mr. and Mrs. Horace Haynie were Wichita Falls visitors Saturday.

Mr. and Mrs. Chester Roberts of Abilene visited Mrs. Marion Chowning and father Sunday.

Mrs. J. H. Gillespie was called to Shamrock Saturday on account of the death of her cousin, Ansel Nickols.

Holly Baty of Gilliland was dismissed from Bethania Hospital in Wichita Falls recently.

Mmes. John Bullion and Tommy Tapp were Crowell visitors Saturday.

J. Y. Lindsey of Buena Park, California and Mr. and Mrs. Hugh Giles of Fort Worth spent the week end with their mother, Mrs. Wm. Rake and husband.

Mrs. Gladys Meek and children moved to Seymour Saturday where she will be employed by Baylor County Hospital.

Mr. Merrick McGaughey visited the Gilliland School Thursday.

Mr. McNeil, County School Counselor, visited Gilliland School recently.

O. A. Burgess, Hale Center, visited relatives in Gilliland recently.

Mr. and Mrs. Doyle Davis of Abilene, spent the week end with the W. T. Cooks.

Mrs. A. T. Bromley of Monday spent last week visiting Mrs. W. G. Hollis.

Dub Ellis and sister, Mrs. Agatha Locke, Miami, Texas, and Mrs. Jack Whitaker were Fort Worth visitors from Thursday to Saturday the past week.

Mrs. John Kinnibrough and children and Mrs. Sylvian Kinnibrough and children of Floydada were Gilliland guests over the weekend.

Mrs. Jack Brown, E. J. Jones, Marion Chowning and Wm. Rake attended the Crowell Garden Club at the home of Mrs. Bob Thomas Wednesday.

Mr. and Mrs. Wm. Rake were Vernon visitors Thursday.

Mr. and Mrs. Elmo Glasscock of Dallas visited Mrs. R. B. Gildwell and son and Mrs. Warren Corder and Mrs. Hardy Glasscock of Dallas visited her aunt, Mrs. Jim Jones over the weekend.

Luther Moody of Ranger has been a recent Truscott visitor.

Mr. and Mrs. Roy Green of Crowell visited the Warren Corders Sunday.

Mr. and Mrs. Teddy Horne of Lubbock visited relatives over the week end.

Johnny Cook, Lubbock, spent the weekend with home folks.

Tech Conference To Be Held Feb. 10 And 11

The Thirteenth Annual Agricultural Chemicals Conference will be held at Texas Technological College in Lubbock February 9, 10, and 11th. Registration begins at 6:00 p.m. Wednesday, February 9, at KOKO Palace, 15th and Q. Registration fee is \$5.00. The theme will be "The Place of Chemicals in West Texas Agriculture". Any interested persons are invited to attend.

Nine Enlist

SFC Maurice A. Wilson, local army recruiter stated today that his recruiting activities during 1965, netted the US Army a total of nine (9) enlistments voluntarily. Sgt. Wilson said those enlisting were: Darrel G. Parker, Munday, Texas, for European assignment; James R. Allen, Goree, Texas, for Medical Corps; Eddie L. Giles Jr., Goree, Texas, for Motor Transport; Roy Lee Russell, Goree Texas, for RA Unassigned; Ronald D. Struck, Goree, Texas, for RA Unassigned; Richard R. Rodriguez, Knox City, Texas, for RA Unassigned; Roger C. Sanchez, Munday Texas, for Admin-Field; Gary Wayne Jackson, Vera, Texas, for Aircraft Mechanics.

Sgt Wilson stated that 1965 was the best productive year for enlistments into the US Army since he has been assigned here, and that was in Sept 1960. He encourages all high school grads to contact him soon and learn exactly what the US Army can offer them, their choice guaranteed in writing, if they can qualify. Call Sgt. Wilson Collect if necessary in Vernon, Texas at LI 2-6762 or 2-4543. M. A. Wilson SFC US Army

IN TRIMMIER HOME

Mr. and Mrs. Earl Derryberry of Snyder visited Mrs. Bertha Trimmer and Ernest Teaff last Friday.

Mr. and Mrs. Chas. Trapp of San Angelo and Mr. and Mrs. Dan Tarpley of Canyon were week end visitors of their parents, Mr. and Mrs. A. S. Tarpley.

Mrs. Frank Spann returned to her home in Clovis, N. M. Monday after an extended visit with her sister, Mrs. J. E. Stover.

Mr. and Mrs. Price Stephenson of Clyde visited the Ray Glasscocks and other relatives here Sunday.

Mr. and Mrs. Grady Benedict and their granddaughter, Stacy of Knox City visited relatives here Sunday.

Mr. and Mrs. Gerald Howard of Floydada visited her parents, Mr. and Mrs. J. G. Adock over the week end.

Rev. and Mrs. Fred Hankins and Mmes. Wm. Rake and Bill Dodd attended a Baptist Workers Conference in Seymour Monday night.

Deann Dodd spent the week end with her grandparents, Mr. and Mrs. C. D. Hall of Crowell.

Mr. and Mrs. Earl Derryberry of Snyder spent Friday visiting her aunt, Mrs. Horace Haynie and husband.

Mr. and Mrs. R. C. Daniel and sons visited Mrs. Pat Alexander and J. D. Smith in Abilene Hospital Saturday p.m. All reported doing nicely.

Mrs. John Rader of Crowell has visited her sister, Mrs. J. G. Adock recently.

ALL-CIRCLE SUPPER TO FEATURE MISSIONARY

Miss Zoe Anne Alford, missionary with The Evangelical Alliance Mission (TEAM) serving in India since 1945, will be speaking at an All-Church covered-dish supper in the Fellowship Hall of the First Methodist Church in Knox City on Monday night January 31 st at 7 p.m.

The Seminary, which is accredited by The All India Board of Theological Education, has students from many countries besides India. These students, ranging from high school graduates to college professors, go out into the villages in evangelistic teams during vacation months. The graduates become pastors, missionaries, Christian teachers, and church workers.

Along with her teaching duties, Miss Alford has edited a Sunday school handbook, prepared audio - visual material for the students to use, rewritten the Youth Psychology text book, and assisted in the setting up of the Christian Education curriculum.

A large part of Miss Alford's support comes from the orphans and half-orphans, primarily of Eskimo and Indian parentage, and the missionary staff at the Lazy Mountain Children's Home in Alaska.

The Evangelical Alliance Mission with which Miss Alford is associated is an interdenominational foreign mission society with 840 missionaries serving on 19 mission fields. Everyone is welcome to attend.

FROM OKLA

Mr. and Mrs. Carl Thompson of Randlett Oklahoma, visited their daughter and family, Mr. and Mrs. O'Neal Weaver, Cindy, Laurie, and Barbara Tuesday night of last week.

FROM FORT WORTH

Mr. and Mrs. Leon Martin of Fort Worth visited their grandmother, Mrs. Bertha Trimmer and other relatives recently.

Farm And Ranch Notes

By Joe W. Doby

FARM AND RANCH NOTES
JOE W. DOBY
KNOX COUNTY AGENT
JANUARY 3, 1966

If an irrigated cotton farmer in Knox County does a good job growing cotton it will pay him to plant a picker-type cotton. This was proved by Mr. B.E. Smith of Munday, this year in a demonstration conducted on his farm three miles east of Munday.

Mr. Smith planted Stoneville 7A, a picker cotton, Lankart 57 and Gregg 45, both stripper varieties. These were planted April 20 on ground that was in Irish potatoes and grain sorghum last year. He applied fertilizer at the rate of 48-42-0, actual ingredients per acre. The potatoes were fertilized with 90-100-0 while the grain sorghum received none. The soil is Abilene Clay loam, leveled for furrow irrigation. The cotton was irrigated 7 times beginning July 1. The cost of insect control was \$40 per acre.

Cost of harvesting was figured at \$20.92 per bale on the Stoneville 7A and \$4.76 per bale on the stripper varieties. These figures were obtained from a study made by Beverly Reeves, Extension Ginning and Mechanization Specialist.

The Stoneville 7A made 1275# of lint per acre, graded Strict Four Middling, Spotted, 1 and 3/32 inch staple. It made 1825 pounds of seed worth 44.10. Total value of seed and lint was \$419.46 per acre. The cost of insect control, harvest and fertilizer was \$101.14. Cost of ginning, irrigation, other machinery and labor were not included. This left a total of \$318.32 return per acre for the mechanical picker-type cotton.

The Lankart 57 yielded 825 pounds of lint per acre that graded Strict Four Middling, light spotted, one inch staple. It produced 1200 pounds of seed. Total value of lint and seed were \$243.82. The cost of production were the same on everything except stripping which totaled \$7.85 per acre. This made a total cost of \$55.65 on harvest, fertilizer and insect control leaving a gross profit of \$188.17 with several costs yet to be deducted.

The Gregg 45 made 900 pounds of Strict Four Middling, Spotted, 15/16 inch staple. It made 1300 pounds of seed. Total value of seed and lint was \$56.37 leaving a gross profit of \$153.69 per acre.

So the results show that the Stoneville 7A has the capability of producing several hundred pounds more per acre than stripper varieties under irrigation. If a farmer cannot produce this extra yield, then he is better off planting a stripper variety because of the cost of owning an expensive picker machine.

Official rainfall in Benjamin for 1965 totaled 18.91 inches. The West and Northwest part of the county received several inches more than this due to

three big rains in the late summer and fall.

The fall started out to be another great year for wheat grazing in Knox County but leaf rust and lack of rain since October has cut prospects severely. Unless cold weather kills the rust in January and February, farmers face the prospect of severe cuts in yield. Cotton harvest has finally reached the end of the line. Total yield in the county was slightly under last year.

The 1965 Agricultural Result Demonstration Manuals are off the press. Anyone desiring a copy may have one for the asking.

There is one demonstration included in the manual which has not been reported upon. This is one of particular interest to farmers who have been having difficulties with nematodes in cotton.

Mr. S. D. Jones, Knox City, has been experiencing trouble of this nature for several years. The cotton would be stunted, some of the plants would die and his yield was severely reduced. The soil was found to harbor a large population of rootknot nematodes. These nematodes injure the roots giving the Fusarium Wilt fungus a chance to enter the plant. It does the damage by clogging the flow of sap in the plant.

There are two methods that will combat this problem. One is to use chemicals that kill the nematodes in the plant root zone, good for one year. The other solution is to plant a nematode resistant variety. This year James Albus, who rents the land, decided to try Auburn 56 cotton. After harvest he was sorry he did not plant the entire field to Auburn.

He planted 8 acres to Auburn 56, 20 acres to Lankart 57 and 9 acres to Northern Star #5. All varieties received the same fertilizer, irrigation, cultivation and insect control.

Auburn 56 is a picker-type cotton with open bolls so he had to hire the first picking at \$1.50 hundred. He then stripped the rest of the crop as well as the other two varieties. The cost of harvest totaled \$20.70 for Auburn, \$4.01 for Northern Star and \$4.22 for Lankart.

Auburn produced 363 pounds of white, 1 1/8 inch staple worth \$30.40 per cwt. and 473 pounds stripped worth \$24.25 per cwt. Total gross less harvest totaled \$204.35 per acre.

The Northern Star produced 422 pounds worth \$25.65 per harvest cost, of 104.23 per acre.

The Lankart produced 443 pounds worth \$25.85 with a total gross less harvest cost of \$110.30 per acre.

Now is the time to do something about that extra insulation for your home if you have not already done so.

The purpose of insulation is to retard the flow of heat from warm areas to colder areas. All materials do this, but in

varying degrees. Thick, heavy materials such as concrete, do not retard the heat flow nearly as well as lightweight materials such as fiberglass, mineral wool and cork.

An easy way to compare materials for their insulation value is to look at the resistance value. This value is the resistance to heat flow per inch of thickness.

The resistance value of 3.70 for one inch is common for mineral wool, while .08 is common for concrete wall. By dividing 108 into 3.70 you learn that mineral wool is 46 times more efficient as an insulator to heat flow as compared to concrete.

Resistance values are available for all types of materials, thus making it easy to pick out those that are good for insulation purposes. Check the R's. That is the up-to-date way of knowing your insulation values.

County HD Council Studies Functions Of Organization

In the first meeting of the year the Knox County Home Demonstration Council studied the functions and responsibilities of the organization. Members presenting this part of the program were Mrs. R. M. Almanrode, "The Home Demonstration Council is an Advisory Committee"; Mrs. W. H. Dodd, "The Home Demonstration

Council is a Means of Communications" and Mrs. H. Martin "The Home Demonstration Council is a Demonstration in Organization". All officers and club representatives were present for this important meeting and all committee plans were completed and approved. These plans will now be presented to each club and if approved they will be adopted by the Council and the Clubs to be carried out during the year. The District THDA Training meeting will be held in Benjamin on January 31. At that time all Home Demonstration Clubs of Knox County will cooperate in preparing and serving a luncheon for the group. Mrs. Walter Byrd, District Director of Rotan, will have charge of the training meeting.

MRS. WALDRIP

ILL

Mrs. Lloyd Waldrip became ill Sunday morning and was admitted to the Knox County Hospital. Monday noon she was transferred to an Abilene Hospital, and according to late reports, surgery is tentatively set for Thursday.

FROM LUBBOCK

Eddie Shaver and Buddy Angle were in Lubbock on Monday to get Joan and Brack, who will spend several days here between semesters.

IN DALLAS

Mr. and Mrs. Monty Penman attended the Firestone Spring Merchandise Fair in Dallas Sunday.

VISIT HERE

Mr. and Mrs. Price Stephenson of Clyde visited Mr. and Mrs. Grady Benedict and Mr. and Mrs. Buddy Angle, Gwen, and Stacy Sunday.

FROM ABILENE

Mr. and Mrs. J.S. Harvey and daughter, Linda, of Abilene were here Saturday and Sunday visiting Mr. and Mrs. Tommie Kent, Kathi and Kary. Mrs. Harvey is Mrs. Kent's sister.

BELOW IS A QUIZ FOR *SMART PEOPLE

ANSWER 'YES' OR 'NO' TO THESE QUESTIONS:

1. Are you in your home or office now?
2. Did you buy this paper at a newsstand?
3. Do you read this newspaper often?
4. Are you enjoying today's paper?
5. Do you like convenience?
6. Do you like to save money?

IF YOU ANSWERED "YES" TO ALL THESE QUESTIONS, THEN YOU SHOULD CALL OUR CIRCULATION DEPARTMENT TODAY — they'll see to it that you receive every issue of this, your favorite newspaper, at your home or office. And because subscription rates are less than if you pay cash for the paper each day, you'll save money!

• You can see what's in today's paper, but what will you find tomorrow and next week and the month after? • You'll find the same top-notch quality in the special columns and features. • You'll find bargains day in and day out through your local merchants' advertisements and the wonder-working ads in the classified section. • You'll find information and entertainment for every member of the family in every issue of this newspaper.

Streams In Desert Places
Ozelle Stephens

The Word of God says, "Man that is born of woman is but a few days (on this earth) and full of trouble." It also says, "Let not your heart be troubled....." and Jesus said, "I am come that they (who-so-ever-believe) might have life, and that they might have it more abundantly." Death, sorrow and troubles may come but Christianity is life in death; it is victory in defeat; it is power to help you overcome. Its grace is sufficient in time of greatest need. He who calms the raging waters is with you. He is your refuge. He is higher than all the waves of trouble. He is the rock to which you can cling and rise majestic over all the waves. Let Him be your dwelling place and you shall abide under the shadow of his mighty love with Streams of mercy ever flowing into your believing heart.

THE FAMILY LAWYER
Tattletale Footprint
Police, investigating a murder, found the bloody print of a bare foot on the victim's bathroom floor. This print eventually played a vital role in convicting the killer, by placing him--unmistakably--at the scene of the crime.
Similar use has been made, more often, of palm prints. And most often, of course, of fingerprints. What all three have in common is a highly individual set of markings, made by the pressure ridges that corrugate the skin.
There is nothing new, at least with regard to fingerprints, in the realization that the markings are distinctive. Various peoples of the world probably knew this even before the time of Christ.

Exciting news from FRIGIDAIRE "ELECTRI-CLEAN OVEN!"

From dirty... to clean AUTOMATICALLY
NO MORE MESSY CLEANING
Fifty years of building for a better tomorrow
GOLDEN 50 ANNIVERSARY
Q. What happens to the dirt?
A. The Electric-clean oven heats up to about 900°. At this temperature oven soil is turned into a loose ash and vapor. The vapor is vented thru a special air purifier.
Q. How can it clean the racks & drip bowls?
A. Frigidaire uses a special heat-resistant porcelain enamel for both the oven liner and cooking unit drip bowls. The racks get cleaned right along with the rest of the oven.
Q. Is there any hand cleaning left to do?
A. Possibly there will be a small amount of loose ash that may remain after cleaning. This can be whisked out easily.
Q. What about safety features?
A. As soon as the temperature rises above broiling heat, oven double-locks itself. It can not be re-opened until the temperature returns to conventional oven heat. Frigidaire uses extra insulation and its electrical system and high heat process are UL approved.
Q. How expensive is it to operate?
A. This full-size oven cleans itself for about the price of a cup of coffee--much less than the cleaning cost of special chemical oven cleaners.

This unique Frigidaire Range may seem too good to be true. But, true it is and you may see it at your nearest WTU showroom.
West Texas Utilities Company "an investor-owned company"
