This begins the final report of "the year that was -- 1982" and needless to say, with the beginning of school activities, Thanksgiving, Christmas, and the successful football season of the Greyhounds, things were kept at a fast pace.

The Greyhounds won their district opener as they blanked Chillicothe's Eagles to the tune of 41-0.

Hail, strong winds, and rain pelted KC and the area during the first few days of October with a total of onehalf to .8 of a inch of rain recorded.

Knox County Sheriff Morris E. Nix received the Certificate of Compliance from the Texas Commission on Jail Standards from Joe Slater. The jail inspection is made annually. Roland Marion and Billy Bob Reynolds placed second in the two-man hose race representing the KC Volunteer Fire Dept. at the West Texas Firemen and Fire Marshals' Convention

held in Electra. Knox City gained another new business in the downtown area when Under the Rainbow, a new gift shop, opened their doors.

Jan Watson, who underwent her second kidney transplant and was depending on her dialysis machine was pictured on the front page of the News enjoying one of her biggest wishes-eating a big piece of pizza and drinking a huge glass of iced tea. This was at one time, "forbidden

food" for Jan. The Champion Pinto-Arabian horses owned by Marti and Merle Tackitt won futurity, Oklanoma futurity and grand champion stallion and grand champion mare honors during the Tulsa State

Fair held October 1-3. Second grader Alesha Rutherford, daughter of Mr. and Mrs. J.B. Rutherford, was named the grand prize winner in the Fire Prevention poster contest held for grades kindergarten through fourth

A commemorative painting from U.S. Congressman Jack Hightower was presented to the local school system to hang in the new school cafeteria. Making the presentation to Superintendent W.R. Baker was Hightower's local coordinator David Counts.

Texas Game And Wildlife Law Violations

What Can You Do?

What Should You Do?

By DAVE THOMPSON

This week a very interesting person came into the News office and provided us with some insight into violations of the law that happen frequently but rarely

become public knowledge. The Law Enforcement Officer who furnished the information for this article is Knox City's own Vic Lowry. Vic has been with the Texas Parks and Wildlife Department as a Game Warden since 1954. Having been assigned to Knox City since 1963, he is well versed in the enforcement of all game and wildlife laws for a three county area than includes Knox, King and Cottle counties. In a picture of his graduation

Academy in 1955, Vic looked a lot younger and there wasn't any grey hair visible back then. After learning a little about his many duties as a Game Warden and about the many careless ways that Game and Wildlife Laws are violated, it is easy to see where the current grey hair has come from!

The biggest problem for a Game Warden in this area is the senseless killing of wildlife, a virtual slaughter that benefits not one person. The killing of dove out of season and the over-limit killing during the legal season is just one of the many problems that Vic tries to keep a lid on. Persons interested in the shooting of these birds pay very little atfrom the Game Warden tention to the laws; some who

recent upsurge in illegal hunting and killing of Texas wildlife, but along with the violations there also has been a dramatic crackdown on the offenders with heavy fines being imposed for cited offenses. It is not only the wardens who are responsible for the tougher enforcement of Game and Wildlife laws, ranchers and farmers are fed up with these violations occurring on their land. Increased pressure by lan- shooting death of a mule deer judges downers on throughout Texas has made County were discovered in an

are cited and fined before a these illegal activities very costly. Recently, four subjects were fined \$2,060.00 for killing two doe deer. One of them had a hard time understanding why the fine was so high for "just two deer." As Vic There seems to have been a summarized the incident, he brought out the fact that it was only two female deer killed at that particular time, but if you would think ahead and try to 1 gure what nature might have allowed in natural repreduction, these two men could have realistically beer responsible for the disappearance of up to twenty deer, not just two.

A young man in Hudspeth County was fined a total of \$610.50 for his part in the doe. Three men in Brazoria

out of season deer kill, then tried to outrun the wardens. After the smoke cleared, and the wardens' pens quit writing, the three paid out a total of \$1800.00 in fines. Five subjects in Hartley County were fined \$2,000.00 for illegally killing an antelope, the arrest being made after a rancher reported the violation that took place on his land. In Shamrock County, five oilfield workers were assessed an amount of \$3,000.00 in fines for their part in killing wild turkeys. Two Lamar County men paid out \$1,264.00 for killing 45 owls, a protected non-game bird under Texas Laws.

In this area, Vic states that the largest amount of violations are committed by workers as they drive to and Cottle counties. These violations are mostly senseless: the shooters do not gain anything, often they are shooting at anything that moves and doing so just for their own personal thrill of shooting their guns. Many times the dead game is not even collected, just left to rot, he said. The majority of this type of shooting occurs from a moving vehicle, shooting from the road and spotlighting game at night. New laws have been enacted by the Texas Legislature within recent years. Some of these laws deal with trespassing on lands for hunting, spotlighting animals at night while in possession of a firearm, and hunting from a

from work in Knox, King and been a tremendous help to Game Wardens all over the

Also new is a program called OPERATION GAME THIEF. It works like a crimstoppers program in that if a person observes a violation, he can call the toll free number 1-800-492-GAME, and report the violation while remaining anonymous. If the tip leads to an arrest and conviction, it could qualify for a reward of up to \$200.00. With this kind of a program in effect, every concerned citizen can help to protect Texas wildlife. Each of us should care enough to report violators, after all - Texas game animals belong to the people of Texas. When you hunt legally within the vehicle. These new laws have prescribed seasons, you are rightfully taking your part of Texas resources. Illegal hunting depletes these same Texas resources and takes away from all of us.

Game Warden Vic Lowry put just under 4,500 miles on his car last month, most of that accumulated in long hours of patrol trying to apprehend game and wildlife law violations. We all have the opportunity to help Vic in this effort to conserve our Texas resources, remember the hotline number (1-800-492-GAME) or you can call Vic at his home (817-658-3717) to report any violations observed. My thanks go to Game Warden Lowry and to The Texas Game Warden Magazine for help with information obtained for this Knox City, Texas, Thursday

STREAMSIN DESERT PLACES By OZELLE, STEPHENS

".. Seek ye first the kingdom of God, and his righteousness; and all these things shall be added unto you." (Matthew 6:33).

In the beginning of the last days, when it was time for the old covenant to be fulfilled by the New Testament, God sent His Son, Jesus Christ and by Him He has spoken to us, and continues speaking to us by His Word and His Spirit. The Word is Spirit and Power. As we read, think on it, believe it and act by Faith to do what He tells us to do; the power of it comes into our heart and we experience His love for us and we have His abundant blessings. His love, joy, peace, wisdom, understanding and everlasting life comes to us by the Holy Spirit whom God sent to the earth after Jesus went back to heaven. The question is asked, "How shall we escape if we neglect so great

Salvation?' We can't afford not to seek after Jesus Christ and let Him be the Lord of our life. He is our only hope of having everlasting life and escape the torment of hell for eternity. The Word admonishes us to continually seek Him with all our heart: put Him first in our life and all our needs come to us.

A Volunteer Council was organized in a meeting at the Brazos Valley Care Home January 13. Texas Department of Health furnishes guidelines for this group and will furnish consultants for in-service training. Mrs. Hob Smith chaired the first meeting and a state of officers, by-laws and rules will be published at a later date. Volunteers are recognized in nursing homes in Texas unless we have a

trained Volunteer Council. A good volunteer program does much more than enrich the lives of the residents, it makes life easier for the long term care facility staff and it makes the facility itself a better place.

Elsie Pierson was in charge of the sewing class January 17. There were 17 present. Their project is night caps, made of satin and lace. They are just beautiful. They are enjoying making the caps very much.

June Tankersley played for Rhythm Band January 18. There were 31 present. It was fun for everyone

The Mid-Week prayer group came January 18 at 6:00 o'clock for prayer service. Jimmy Rogers brought the message, Dean Johnston led the singing and Kay Rogers played the piano. There were 39 present. Everyone of the residents said it was such a good service for them.

Wednesday afternoon, January 19, Lois Smith visited the care home and played the piano for a sing-along and Kenneth Roberts of Benjamin led the songs. There were 24 present. All of the residents enjoyed having Lois and Mr. Roberts drop in.

Flora Tankersley, Gladys Mincey and Eda Faye Pounds were in Haskell last week.

Nancy Stone, Joanna and Joanna's friend Mixie Seipel, were in charge of exercise and group singing January 21 The snow was so beautiful outside and the residents enjoyed seeing the snow fall while doing their exercise. Then after exercise they all felt like singing and having fun. There were 32 present.

The Resident Council of Brazos Valley Care Home met January 21 at 10:00. Ruth Harden opened the meeting with a prayer. Doyle Graham discussed with all the residents how we rated with our State inspection last week. We had three days of inspection, an over all inspection was made by the State. We all felt we passed with flying colors from Nursing Dietary, House Keeping, Activities, and Residents. We all decided we enjoy having the State make their inspection, then we are ready to start new again till the next one and we do have an over all inspection by the

JUNIOR CLASS NEWS **By Sarah Jones**

The Greyhound and Houndette basketball teams are having a wonderful year and winning up a storm! Contributing toward their success are quite a few talented juniors. The members of our class playing basketball are Jesse Agraz, Michelle Bateman, Kevin Eaton, James Evatt, Cindy Hernandez, Daveine Holcomb, Wayne Hutchinson, Steve Rutherford, Dwayne Watkins, and Chris Whitaker. Managers are Amber Berryman, Becky Smith, and Louann Weatherall for the Houndettes; and Dante Gutierrez for the Hounds.

The members of the junior class are doing lots of other things in addition to winning basketball. Juniors are preparing for various UIL events, ordering senior rings, taking the SAT, working on horn solos, and hoping that their cars don't get buried in the snow- (James Evatt was worried last Friday)
