Shootin' Straight

By Dave Thompson

TWELVE YEARS AGO....
This edition of *The Knox County News* is an anniversary issue as it marks the passing of twelve years since the paper first went into print. Thursday, October 21, 1971, was the date of the first edition, and to mark this special occasion, I went back into the files and back into time to review and see just what and who were in the first issue.

During that week in 1971 it was quite an adventure to open up another newspaper here in Knox City because the previous paper had just folded and gone out of business. Billy Bess Angle had worked at the *Knox County Herald* for six years, four as editor, so she and Buddy started the new *Knox County News* as owners and publishers. The first staff of the paper consisted of Billy Bess, Buddy, Mrs. Bobbie Foster and Gwen Hewitt, the Angle's older daughter. Area correspondents were Ruth Brown in Truscott, Mrs. Van Green in Benjamin, and Esther Conn in O'Brien.

To start the business, Mrs. Myrtle White made the building (still occupied by the *News*) available for a three month period free of rent. Friends and relatives offered the loan of office equipment until permanent equipment was available. Many other friends offered their help and support. The newly organized Women's Community Action League backed the formation of a new paper and started an intensive subscription campaign. Chamber of Commerce Manager Doris Crownover had called a meeting of merchants and it was decided that merchants and others would begin a schedule of advertising to help defray the expenses involved in starting a new paper. All in all, it was a community-backed effort that got the first paper off the ground and into print.

It is very interesting to go back to that first issue. Many pictures of familiar people here in Knox City offer proof that it isn't only the city that has changed over the years!! The front page offered a wide variety of stories, headlines and photographs. The Greyhounds won their first district game with a resounding win over the Wylie Bulldogs, 26 to 0. Quarterback Dean Bouldin, Halfback Phillip Newton, End Greg Clonts, and End Bobby Reeves were the stars of that game for the Hounds.

Work began on the Brazos Valley Recreation Association Arena that week back in 1971 and a picture on the front page showed Brett Kimmel, J.V. (Bud) Carver, Jay Eaton, J.C. Eaton and Jerry Eaton standing with bulldozers and other heavy

Dinner Set October 23 At Rhineland

The annual Knights of Columbus German Sausage Dinner has been set for Sunday, October 23, at the Columbus Club Hall in Rhineland.

Homemade sausage and fried chicken will be on the menu and serving time will be from 11:00 a.m. until 1:30 p.m. Ticket prices are noted in their ad elsewhere in this week's *News*.

The St. Ann's Mother Society Bazaar will also be held in connection with the dinner.

Bulk sausage orders may be placed by calling (817) 658-3926, 422-5344, 422-4986 or 422-4650. Orders may be picked up Saturday, October 22, at Brown's Store

NEW BULLETIN BOARD - Knox County Hospital Auxiliary members have purchased a glass-enclosed bulletin board for the Knox County Hospital in memory of one of its members, Jewell Lea. Standing beside the newly-installed bulletin board are, from left, Peggy McGaughey, president-elect; Lena Tackitt, president; and member Kate Wheeler.

Council Is Busy

By Dave Thompson

At last week's regular scheduled meeting of the city council, Knox City council members were busy as they discussed a number of items that included the city airport, water rates, street flooding and insurance for city employees.

Present for the meeting were Mayor Buddy Angle, Councilmen Greg Kuehler, H.E. Wall Jr., Larry Staggs, Councilwoman Elaine Lewis and City Clerk Teri Anderson. Absent was Councilman Carol Felts.

The council was informed by Mayor Buddy Angle that the city had received notification by the state that the Knox City Airport was listed in state directories as a "land at your own risk" airport. Since the state provided funds for the airport construction, officials in Austin indicated to the city council that this designation would have to be changed because under the funding agreements, the city is responsible for the airport upkeep. Angle informed the council that he had looked into the matter and this "land at your own risk" classification was a mistake and the proper paperwork is now being undertaken to correct the airport listing with the state. Jimmy Lynn was present at the meeting and offered information to the council on what actual lighting repairs were needed at the airport facility.

Mayor Angle then informed the council that three separate residents had informed him of flooding problems they were experiencing during periods of heavy rain. The council talked about the problems in a round table type of discussion. Councilman Greg Kuehler indicated that he would look at the areas and offer his opinion on any possible immediate corrective solutions at the next regular meeting.

Mayor Angle advised the council of a surprise that the city had received just a few hours before the meeting when the North Central Texas Municipal Water Authority informed city hall that it was raising the cost of water to Knox City by ten cents per one thousand gallons. Because of this in-

crease to the city, basic water rates to those using Knox City water will have to be raised to cover the difference. Councilman Larry Staggs indicated that the council could take no action on the matter since it was not on the agenda for that meeting. It was then agreed that a special meeting would have to be called to take action on the matter before the next regularly scheduled meeting as the new rates will have to be effective with the next water billing from the city. The council has no alternative in raising the water rates to residents, as the fee increase by the water authority could amount to an

Absentee Voting Begins

Knox County Judge Homer T. Melton has issued a public notice of election to remind local voters of the upcoming special election on Tuesday, November 8, and to provide information on absentee voting and polling locations in Knox County.

The election is scheduled to decide the fate of eleven proposed amendments to the Texas Constitution as submitted by the 68th Legislature of the State of Texas.

Absentee voting begins on Wednesday, October 19, in the County Clerk's office in the Knox County Courthouse located at Benjamin. Absentee voting will continue through Friday, November 4. The office hours of the Clerk's office are 8:00 a.m. till 5:00 p.m., Monday through Friday.

Those wishing to cast their ballots on the day of the election may do so at the following polling places: Benjamin Courthouse, Truscott Community Center, Gilliland Community Center, Goree Community Center, Munday Community Center, Knox City Community Center, and in Vera at the Methodist Church.

All registered voters are urged to participate in this Texas Constitutional Amendment election by casting ballots to voice their preferences on the issues.

extra \$1,000.00 a month being charged to the city.

Insurance for city employees was discussed at length by the council. Information was presented that the city is now furnishing full health insurance to employees and their families. This type of coverage cost the city approximately \$14,000.00 last year and will increase to around \$17,000.00 in the next fiscal year. General discussion on the matter by council members indicated that the city was paying too much for employee insurance and need for cost reduction in this area was required. Knox City is in a minority of only 10% of Texas cities that provide this much coverage for employees. Since action on the matter will have to take place before renewal contracts are due within 30 days, this item will also be scheduled on the agenda for the special meeting. Ending the discussion on insurance, Councilman Elmer Wall suggested that any future employees hired by the city be informed that whatever insurance benefits the city offers are pending at this time.

In other council activity, the resignation of Z.I. Smith from the housing authority created a vacancy but no

Area Gets More Rain On Monday

For the second time in two weeks, Knox City and the area received rain for the first time in a long dry spell.

Wheat farmers welcomed the moisture on Thursday, October 6, when the area received approximately 2½ inches. Amounts varied but good moisture was reported throughout the immediate area.

Monday morning, Knox City received about one inch with another .2 falling in the early morning hours on Tuesday.

Considerable damage was done west of O'Brien on October 6 when high winds, hail, and heavy rain hit a wide area of cotton.

Chili Cookoff Drawing Nearer

It's time to make a notation on your calendar and circle the date of Saturday, November 5, for the Knox City Chamber of Commerce's First Annual Chili Cookoff and Fall Festival!

Only three Saturdays away, the event will be a day-long fun filled event for all those in attendance. A dozen teams have already sent their entry forms and \$15.00 entry fee into the Chamber office to insure their participation. Many other teams and individuals have expressed an interest in the cookoff and their desire to enter the competition.

Those still considering entering the contest should be aware of the rules and guidelines that govern a sanctioned chili cookoff. First of all, any chili entered must be cooked from scratch at the site on the day of the cookoff.

The word "scratch" is defined for the contestants as meaning that chili must be started with raw meat, regular commercial chili powder is permissible but complete commercial chili mixes are not allowed. All chili must be cooked out in the open, not in motorhomes, etc. No beans, macaroni, rice, hominy or fillers of any type will be acceptable. No minimum or maximum amounts are required but those entering the contest would probably want to use not less than three pounds of meat, officials said. Coleman stoves, butane burners, or wood fires are acceptable in the cookoff.

Judging of the chili will be based on five different qualities including aroma, red color, taste, consistency, and after taste. Teams entering the contest must consist of at least one, but no more than six cooks and all must be at least eighteen years of age.

Sidewalk Sale Saturday

Knox City merchants are once again gearing up for the fall Sidewalk Sale sponsored by the Knox City Chamber of Commerce. An all day affair, the downtown shopping spree is scheduled for this Saturday, October 22.

Held twice a year by local business owners in cooperation with the Chamber of Commerce, previous sidewalk sales have proven very successful to both merchants and shoppers.

Mrs. Doris Crownover, Chamber secretary-manager, said that area residents are invited to join in with Knox City shoppers and enjoy a day of fun and shopping bargains provided by participating local merchants.

Readers are reminded to be sure to mark this Saturday on their calendars and remember to be downtown as the Chamber of Commerce continues its efforts to promote the theme of shopping at home in Knox City.

Trophies will be awarded for the first ten places in chili. There also will be three places awarded for showmanship. Judging on showmanship is based on theme (original, etc.,) team

Projects Benefit Auxiliary

President Lena Tackitt has reported that the Knox County Hospital Auxiliary has benefitted tremendously from the benefit golf tourney held Sunday at the Knox City Country Club and the quilt project.

Mrs. Tackitt said the Pink Ladies received \$440.00 from the tourney and \$1400.00 from donations toward the quilt project.

"The Auxiliary members are so grateful for all the wonderful support," Mrs. Tackitt said and explained that the funds would go toward paying off the color TV sets provided at the hospital by the auxiliary.

Haskell Couple Has New Sideline

Debi and Trey Burson of Haskell now have a new sideline in addition to his extensive farming operations.

Trey came by the *News* office to place an ad for Wood Stoves of Haskell and explained how the new business all came about. Last year during one of the colder months, even with their heating system and their fireplace, the house was not nearly as warm as the utility bill indicated it should have been. He said that although they used "lots of wood," they could not keep their house comfortably warm. They began looking around for a solution and after shopping around, purchased a unit to insert in their fireplace with double pane heat-and-fire resistant twin shatter-proof windows. With the unit's thermostatically controlled blower fan to control the air-flow and reduce the heat loss, the Bursons' utility bill dropped significantly he said, and the next month it was even lower.

Debi, daughter of Mrs. Bernice Rowan of O'Brien and the late Milton Rowan, and her husband are very enthusiastic over the heating system, which will burn either wood or coal. He also explained that with each purchase, the customer receives 200 pounds of free coal. Many who remember using the old lignite coal say it's messy, but Burson said he is handling bituminous coal which for all practical purposes is defined as "smokeless". He said it actually smoked about as much as mesquite wood.

As will be noted in the couple's ad, interested persons are asked to call after 6:00 p.m. or on the weekend.

COUNTY WINNERS -- Knox City had the distinction of having two wins during the 1983 Knox County Extension Homemaker Achievement Day held October 8. At left is Patti Lewis, who proudly displays her plaque for the honor of being named "Homemaker of the Year" while Marlene Siepel holds the plaque presented to the KC Circle Club for the highest club participation during achievement day. Mrs. Siepel is club president.

Patti Lewis Named 'Homemaker Of Year'

Knox City homemaker Patti Lewis was honored as "Homemaker of the Year" when the Knox County Extension Homemaker Clubs held their annual achievement day Saturday, October 8, at the Gilliland school.

Thirty-six homemakers and Knox County youth attended and exhibited products they constructed during the past year.

Mrs. Lewis has completed her first year as an extension homemaker and according to her fellow club members, entered the organization with a "burst of enthusiasm!" She was instrumental in organizing the KC Circle Club and recruited five new members during the year. To help

document the KC Circle Club's charter year, Patti took on the responsibility of club historian as well as that of reporter.

Additional activities for Patti during the year have included playing on the club volleyball team, contributing to the concession stand, forming a girls volleyball team for other tournaments which was sponsored by the Citizens State Bank, baked cakes for club bake sales, supplied watermelons for the club's summer swim party and was the chief cook for the club's hamburger cookout. She also served as chairman of the 1984 officer nominating committee and organized courtesy meals for one of the club members who was

Banquet To Honor All Volunteers

The Brazos Valley Care Home is hosting a banquet next Tuesday evening, October 25, beginning at 7:30 o'clock to honor every person who helps in any way at the Home.

Rena Tankersley, activities director, emphasized that regardless of how small a person evaluates their volunteer work to the Home, he or she is invited and urged to attend the banquet to be held in the First United Methodist Fellowship Hall. She said the home is grateful to all those who visit the patients, to those who bring church services, to those who help with programs and other entertainment, and to those who bring joy in anyway to the shut-ins.

Administrator Doyle Graham said this banquet is planned especially for all volunteers and it is hoped that many will plan to attend this event in order that Care Home personnel can express their thanks publicly.

Bank Now Has Direct Line To Bookkeeping

The Citizens State Bank has installed a direct line to its bookkeeping department due to the number of calls received daily, according to Bruce B. Campbell Jr., board chairman.

Mr. Campbell asks that readers record this number, 658-5064, as it will facilitate their calls more promptly.

Attention KC Jaycees

All Knox City Jaycees are reminded to attend the meeting set for Wednesday night, October 19 at 9:00 o'clock in the Knox City Community Center.

This will be an important meeting to finalize plans on several projects that will include the Depot roof repair work day and the Halloween Haunted House.

All active Jaycees will be expected at the meeting, officials said.

O'Brien Happenings

By AUDIE JOHNSTON

"Money -- Money brings you food, but not appetite; medicine, but not health; acquaintances, but not friends; servantry, but not loyalty; days of pleasure, but not happiness." (Sunshine Magazine)

HERE AND THERE
Mr. and Mrs. Kenneth Roberts of Plainview and Mr. and Mrs. Rodney Roberts and Jenna of Austin visited Mr. and Mrs. Sam Johnston over the weekend. They also were in Goree to attend the celebration of Kenneth's mother, Ina Roberts' 80th birthday.

Visiting Mr. and Mrs. Ranzy Herring last week were Pansy Hines, and Julie and Junior Urbanczyk of Munday.

Attending a birthday celebration in the home of Mr. and Mrs. Coy Hewitt Saturday night were James Hewitt of Knox City, Gary Hewitt and Melinda and Kristen Howell of Lubbock, Richard and Vicki Daniel of Abilene, Rhonda, Kelli Jo and Casey Moeller of Haskell, Mr. and Mrs. Ranzy Herring of O'Brien and Toni Hewitt of Snyder. They were celebrating Coy and James birthdays.

Butch Banner of Hawley visited Mr. and Mrs. C.B. Banner, John, Anne, Shane, Dennis and Nathan McAda Sunday. The McAdas will be leaving for Anchorage, Alaska, this week where John will be stationed in the Air Force.

Royce Manning of Abilene visited his parents, Orval and Helen Manning, Saturday. Mr. and Mrs. John Covey

visited their son, Jerry Covey and family in San Angelo last week and also visited their granddaughter, Ava Covey, a student at San Angelo College.

Nema, Jerry, Ricky and Adela Gutierrez were in Azle over the weekend. They visited Mr. and Mrs. Jerry Brothers while there.

FAMILY REUNION
Mr. and Mrs. Grady Ellis hosted an Ellis family reunion in their home over the weekend. Those present were Coy and Ruth Ellis of Irving, J.D. and Ethel Ellis of Lewisville, Cecil and Maxine Ellis of Mission, Albert Ellis of Fort Worth, Ila Dominey of Hamlin and Louise and Ray Gabehart of Olton. All of those mentioned are Grady's brothers and sisters and in-laws. Also visiting was Mrs. Alta Carothers from Rule. Part of the group came Friday and the others came Saturday. All of the relatives returned home Sunday except J.D. and Ethel who will visit awhile. All but one sister of Grady's, Mae, attended.

"Temptation -- One nice thing about resisting temptation is you can be pretty sure it will give you another chance." (Talelights)

IN CROWNOVER HOME
Weekend guests in the home of Mr. and Mrs. Arthur Crownover have been her sister, Mrs. Leo Wilde and her niece and her husband, Mr. and Mrs. Cliff Hartley, all of Minden, Louisiana, and another niece, Mrs. Royal Renois of Shreveport.

The guests also visited with the John and Kenneth Crownover families.

Farabee Says Width Exemptions Continue

State Senator Ray Farabee (D-Wichita Falls) announced that pre-1983 width exemptions for farm machinery traveling on highways will continue in effect.

"After discussing the matter with the Governor and interested legislators, the State Highway Department noted that the width exemptions for farm vehicles were not repealed by the Legislature and specified that those exemptions will continue in effect as under prior law," said Farabee.

"Farm vehicles can continue to move about as in past years without regard to width and without need of a permit," Farabee noted.

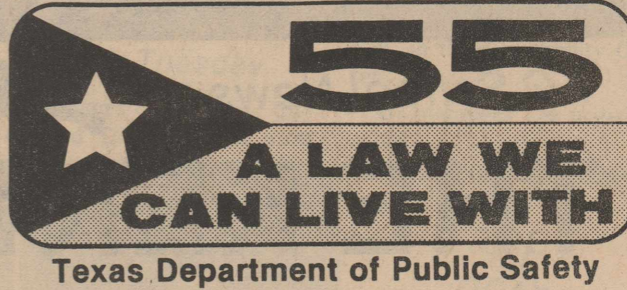

He explained that the formal ruling by the Department was necessary because some have interpreted state and federal laws passed earlier this year as repealing the width and permit exemptions that Texas agricultural interests historically have enjoyed.

"Representative Steve Carriker (D-Roby) and I will introduce legislation to put an end to any lingering doubts about the situation and to ensure that the specter of this unneeded economic burden does not arise again. We have requested the Governor to include this legislation in any Special Session," stated Farabee.

"Rep. Carriker was instrumental in urging this clarifying order upon the Department, and is to be congratulated for his effective involvement," Farabee said.

Farabee also explained that on U.S. 82 and U.S. 277 in Knox County, vehicles carrying cylindrically shaped bales of hay and seed cotton modules are subject to a 102-inch width limitation.

"On all other highways, the hay balers can be 120 inches and the module transporters 108 inches," he said.

SERVICES OF THE CHURCH OF GOD IN CHRIST

All of the weekly services were held here except Mission on Friday night.

The Munday Church held a meeting last week.

Some of the members attended services in Seymour on Friday night.

Sunday school had a good attendance with Supt. Manuel in charge.

During the morning service Minister Tilley preached from James 4:14.

The Goree Church held their Church Anniversary on Sunday afternoon.

CARD OF THANKS

We would like to take this means of expressing our appreciation to everyone for the many acts of kindness extended our family during the recent loss of our loved one.

For the beautiful flowers, cards, memorials, food, calls, visits and other expressions of sympathy we will be forever grateful.

May God bless each of you in a special way.

SENIOR CLASS NEWS

By Sarah Jones
Last week, the teachers got together and tried to kill a bunch of Seniors by smothering them under Nine Week's Tests. However, there were no fatalities reported.

Also last week, the class decided not to hold the annual Junior-Senior Thanksgiving Supper. We have no need for the money because all Senior trips were cancelled by the school board effective this year. Our only moneymaking project will be the concession stand at one of the football games which will raise money for our graduation expenses.

FRESHMAN NEWS

By Ila Kay Gross
In last week's article, there was a rather dumb poem in the paper. I wrote that poem and did not think it would wind up in the paper. Guess what? It did. I am not good at poetry. I do like to read poems when I get a chance to do along with a lot of other people during UIL (University Interscholastic League).

Along with reading poetry there are a lot of other activities to choose from, Spelling, One Act Play, Typing, and Number Sense are just a few of them. There are many others to choose from in a lot of different categories.

FFA NEWS

By Danny Balis
The Knox City FFA chapter was truly honored for having the FFA State President, Brad Bass present some good words and thoughts to us last Friday in the High School Library. He presented an interesting speech on reaching your goals and finding your purpose in life. Everyone who attended this special meeting enjoyed having Brad in our high school and invited him to come and visit again anytime.

Monday, we started at the ag farm, removing panels from the sheds so new ones could be made for this year's hogs. It's muddy and wet out there, so you ag members may want to bring some old clothes to school to work in. You are also reminded to get your \$7.00 dues in to Mr. Burkhart or Mr. Dillon as soon as possible.

In other news, chapter President Chris Whitaker and Vice President Steve Rutherford attended a district meeting at Jacksboro to vote on new district officers last week.

JUNIOR VARSITY NEWS

The Houndettes did it again by beating Holliday Eagles in Volleyball. The Volleyball matches were played at Knox City on Monday night, October 10. The matches were very tough. But, the Houndettes pulled it through. Way to go Houndettes, keep up the good work!

Siepel Resigns Position

Charles Siepel, County Extension Agent-Agriculture in Knox County, has resigned his position effective October 16, according to Elaine Houston, District Extension Director for the Texas Agricultural Extension Service in the Rolling Plains District. Siepel is moving to Lordsburg, New Mexico, where he will be County Extension Agent in Hidalgo County.

A native of Carlsbad, New Mexico, Charles is a graduate of New Mexico State University. He has provided outstanding leadership for the Agricultural program in Knox County, both in adult and 4-H & Youth educational programs for the past two years.

recovering from surgery. She has attended all club meetings with the exception of one and served as hostess twice, once for the progressive dinner at Christmas and again for the cake decorating program.

Patti has utilized at least three club programs personally. Through the cake decorating and at-home business programs, she has a profitable home cake decorating business for special occasions. She also has designed a "chicken scratch" patterned dress.

She has represented the KC Circle Club as assistant to the Knox City Chamber of Commerce Arts and Crafts Show, plus she served as a judge for the Haskell County Fair as well as serving as shooting sports 4-H project leader for the Knox City Junior 4-H Club.

Patti and her husband, Danny, are the parents of two sons, Brandon and Aaron.

A program on "New Ideas in Stitchery" was given by Jeanette Phillips of Munday during the judging. Results of various contests were Lynn Parker of Munday, Best of Show-Youth; Patti Lewis of Knox City, Best of Show-Foods; Rennie Patterson of Munday, Best of Show-Textiles; Pam Duke of Benjamin, Best Show-Stitchery; Linda Carver of Knox City, Best of Show Crafts; and LaDonna Gleghorn of Benjamin, Best of Show Horticulture.

The KC Circle Club was presented the highest club participating award while Rennie Patterson of Munday was named sweepstakes winner.

All those attending viewed entrants' work following the awards presentations.

RECENT VISITORS

Recent visitors in the home of Mr. and Mrs. Buddy Tankersley were Rev. and Mrs. Cecil Pool of Victorville, California, and Mr. and Mrs. O.D. Pool of Rochester. They all traveled to Wilson, Oklahoma, one day to visit relatives.

Farm & Ranch Report

By County Agent Charles Siepel

LAWNS NEED FALL FERTILIZER

If you haven't fertilized your lawn in a while, it's not too late to do so.

Fall fertilization can boost a lawn while minimizing energy requirements for mowing and removal of grass clippings, says Charles Siepel, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

A fall application of fertilizer not only prolongs green color in lawns but also stimulates root growth, reduces winter injury and promotes early spring recovery, points out Charles Siepel. Fall fertilization also increases turf density and reduces weeds.

Warm fall days and cool nights provide conditions favorable for grass to ac-

cumulate carbohydrates that promote root growth and help winter survival. And, since leaf growth is also less during the shorter fall days, delaying lawn fertilization until mid-September or October helps reduce mowing requirements and energy use.

Charles Siepel recommends applying a fertilizer high in nitrogen and potassium and low in phosphorus.

"Both nitrogen and potassium are important to leaf growth and color and root growth. Potassium is also important to winter survival, disease resistance and drought tolerance. Phosphorus is essential but is required in much lesser amounts than the other nutrients.

Charles Siepel suggests a fertilizer with a 15-5-10, 12-4-8 or similar analysis for the fall application.

Base the rate of application on the nitrogen content, the first number in the fertilizer analysis. Apply 1 to 2 pounds of nitrogen per 1,000 square feet of lawn. So, with a 12-4-8 fertilizer, use 10-15 pounds per 1,000 square feet, depending on when the last fertilizer application was made. If the lawn has not been fertilized for the past three months or longer, use the higher rate.

For the homeowner interested in an attractive lawn this fall and early recovery next spring, fall fertilization is a must, emphasizes Charles Siepel.

Council

immediate action was taken on the matter. A representative from the Knox City Jaycees presented information on the local chapter's efforts to rebuild the storm-damaged depot roof. Costs of the project were discussed and a request made to the city for a possible assist in funding the project. Council members expressed a desire to help the Jaycees but were not able to do so as no funds are available.

Finishing the evening's council activity, a letter was read to the council from the Texas Sesquicentennial Committee requesting the city to appoint a committee for the 1986 Texas Sesquicentennial celebrations. The 1986 celebration will mark the anniversary of the state's 150th birthday. The council felt that there was still plenty of time before 1986 so no immediate action was necessary.

FIRE DEPARTMENT NEWS

By KEN LAWSON

On October 15, Saturday at 10:00 a.m., we were called to Avenue H and Sandy Road in northeast Knox City to stand by an overturned vehicle while it was being turned back on its wheels in case of fire. Two trucks and approximately 12 firemen responded to this call.

In observance of fire prevention week, firemen went to the Knox City school campus to hold a fire drill and

from all reports, the drill was very successful. Earlier in the week, firemen went to the O'Brien campus to rescue principal Charles Reed from a simulated fire in the building. Students were already out of the building and seemed to enjoy seeing their principal "dragged" out of the building with a few bumps and bruises. Chief Williams and Rob Harrison said he was just too much of a load to carry. Everyone seemed to enjoy this drill as a break in routine.

At the regular meeting on Thursday, it was decided to have the turkey shoot on Saturday, October 29, from 10:00 a.m. until dark at the Knox City airport. Last year, we were snowed out on set date and had a light turnout on the day after. So we hope this year will be a success. Bring your shotguns and ammo and get in on the fun. You will be seeing ads and posters for full details.

Munday firemen came over Thursday to ask help to secure a county wide "Jaws of Life" tool. These tools are very expensive (about \$9,000) and the area firemen hope to raise the funds through donations.

Knox City firemen went to the Brazos Valley Care Home to study the layout of the building and the sprinkler system to be ready in case of emergencies that could arise.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"The Son of man shall send forth his angels, and they shall gather out of his kingdom all things that offend, and them which do iniquity; and shall cast them into the furnace of fire; there shall be weeping and gnashing of teeth". (Matthew 13:41-42.)

We have been studying about a wonderful place called Heaven; a special place prepared for special people. There are those who have received Jesus Christ as Saviour; to them gave He power to become the Son of God." (John 1:12)

But for those who have not received Jesus Christ as Saviour, there is also a place prepared for them, called Hell. Jesus Christ, Himself described it as a place of "darkness" and a "furnace of fire" where there shall be "weeping and gnashing of teeth". (Matthew 13:42.)

Some say, there is no consciousness after death. But from Christ's words it is evident that a person in Hell is just as aware of himself and his surroundings continued as when he was on earth. (Read Luke 14:22-31.)

RETURN HOME

Mr. and Mrs. Neil Perdue have returned home from Port Arthur where they visited her aunt, Jennie Welch.

En route to Port Arthur and also on their return home, the Perdues visited their daughter and her family, Mr. and Mrs. Duane Seay, Shelly and Kim in Lufkin.

FROM CANYON

Barry and Rolanda Bowman and Angela of Canyon spent the weekend with Rolanda's family, Jack, Romain and Shea Stubbs.

FELTS IN AUSTIN

Carol and Zoanne Felts have been in Austin frequently since consulting a cardiologist there the first of September. Carol has been placed in a research program with the U.S. Government and the University of Texas. He has undergone testing and will be given a capsule to aid the heart.

Even though these trips have been due to adverse conditions, Mrs. Felts reported that they have found it isn't all bad. The brighter side of the trips is the privilege to visit their sons along the way and also one in Austin. They have visited with a son Tab and his wife JoAnn at Stephenville where Tab is now coaching and attended a football game with them. They also visited Ted at Gatesville and went to church with him at Mountin Baptist Church where he is the music director. While in Austin for the medical attention, the Felts stay with their son Tim, wife Cyndi and five month old Megan, which they reported is "most enjoyable".

A special treat for Zoanne on their last trip was attending the Inaugural Organ Recital at the University of Texas on their new pipe organ. Mrs. Felts also reported that the instrument is the largest tracker organ in the United States and is adapted from classic 18th century Dutch designs. Original plans for the organ were discussed ten years ago, its creation has been actively pursued for eight. The construction of this "king of instruments" occupied the staff of Visser-Rowland Associates of Houston for 16,750 working hours. Organ, frame, pipes and mechanism weigh approximately 48,000 pounds.

FROM WICHITA FALLS

Mr. and Mrs. Kenny Lawson of Wichita Falls visited over the weekend in the home of his parents, Mr. and Mrs. Ken Lawson.

equipment in the background as they posed prior to beginning work on the new arena. A Farmers Home Administration loan of \$11,100 made the arena possible.

Ann White, the new president of the Woman's Community Action League was pictured on the front page with Vice President Mary Margaret Campbell as the two welcomed James Farrier to Knox City to kick off the United Fund drive for 1971. Both women had darker hair in the photo, but the clothing styles weren't that much different from those of today.

A Knox City boy placed second in the Abilene Pass, Punt & Kick Contest as Jimmy Rushing made a good showing in the 10 year old division. Others attending from Knox City were David Anderson, Adam White, and Billy Bob Reynolds.

Page two of the paper brings a fashion surprise as Knox City High School Junior Jan Guinn is pictured wearing the style of those days, a mini-skirt! Jan was named as 1971-72 FFA chapter sweetheart and the story under the photo described her many school activities. During the same year, Jan was voted Most Beautiful girl in the high school. Page three displayed a photo of Linda Gutierrez of O'Brien proudly wearing her Air Force Uniform. Linda, the daughter of Mr. and Mrs. Humberto Gutierrez of O'Brien, was one of the first five girls to go into Morse Code training in the Air Force. After 22 weeks of training, she was to be assigned to Osawa, Japan, as a code operator.

The O'Brien Bulldogs met an inspired Paint Creek Indian football team, a high scoring game resulted as O'Brien defeated the Paint Creek team, 62 to 30. The bulldog record stood at 5-0 after that game.

Other pictures in that first edition of *The Knox County News* showed the KCHS Band Beau and Sweetheart, Kenny Woodall and Mary Jo Campbell. Cindy Foster and Dean Bouldin were pictured as they were honored as Mr. and Mrs. FTA for the Knox City Chapter. Connie Gentry was crowned by football team captain Jackie Gentry as she was named Miss Firefighter prior to the Knox City-Munday football game.

While writing this column and reviewing the paper, Rob Harrison came in to the office and saw the 1971 Greyhound team football picture as the Hounds were pictured prior to the Knox City-Baird football game. Rob remembered back to that night as he was a junior 235 pound center for the Greyhounds that year. The game was played in Baird and the city had received about three inches of rain prior to the game. The field was very muddy, and there were lots of fumbles as it rained throughout the game. Knox City lost the game, adding disappointment to the misery.

Here's a shock! In the paper of October 21, 1971, M-System had T-Bone steaks on sale for 98 cents a pound, while Bob's Super Save had good beef Chuck Roast for 69 cents a pound. That graphically illustrates the rise in prices since then!!

In twelve years, *The Knox County News* has always strived to serve the needs of Knox City and the surrounding communities.

My tenure here with *The Knox County News* has been for just about a year now, and I have enjoyed each and every day. It is a pleasure to deal with the many people that come in to the office or call with their news items. The interesting fact about working with this newspaper is that no two weeks are the same. There's something different all the time. SHOOTIN STRAIGHT is probably the newest feature in the paper. My thanks go out to all of you who have let us know that you enjoy the column. Hopefully we can keep it going through the next twelve years, telling it "like it is" by shooting straight with you every week and putting into print the many issues without any intentional offense to you, our readers.

More SHOOTIN STRAIGHT next week.....

Knox Oil, Gas Makes Economy Contribution

The sale of crude oil and natural gas from Knox County wells made an important contribution to the county's economy in 1982 and accounted for \$45.1 million of the \$41.1 billion wellhead value of Texas petroleum production last year.

In its annual survey of the economic impact of oil and gas industry operations in the significant producing counties of Texas, Texas Mid-Continent Oil & Gas Association reported that the county ranked 150th among Texas' 254 counties on the basis of value of its marketed petroleum production. Such production includes condensate and casinghead gas.

The county's wells produced 1.4-million barrels of crude oil, valued at \$44.7-million, and 174.1-million cubic feet of natural gas, valued at \$363,579. Owners of royalty in the county received 5.6-million as their share of the output, the Association noted.

"The figures cited in this survey offer graphic evidence of the continuing importance of petroleum production to nearly every county in Texas, a situation which should continue indefinitely," said the Association's chairman, Joe C. Walter, Jr., Houston independent producer.

"There are a number of encouraging signs indicating that the oil and gas industry's protracted slowdown in activity is coming to an end. A general economic recovery in the United States and other industrialized countries will increase the demand for

petroleum products, thereby stimulating geophysical and drilling activity here and abroad. The domestic petroleum industry stands ready to drill more wells as drilling projects become economically feasible," Walter said.

In addition to paying property taxes to cities, counties, and school districts, producers in the county supported state government through production tax payments estimated at \$2.1-million, according to the Association survey. Crude oil taxes amounted to \$2,058,491, while natural gas levies totalled \$27,268.

Based on Texas Employment Commission figures, some 30 oil and gas industry employees in the county received wages of about \$1.1-million in 1982.

In the search for new petroleum reserves in the county, oil and gas producers spent a reported \$19.2-million in the drilling of 154 wells, including 38 wildcat, or exploratory, wells. This effort resulted in the completion of 62 oil wells, although some \$9.7-million was lost in the drilling of 92 dry holes. As of April 1, 1983, there were 426 producing oil wells in the county.

Petroleum processing also contributed to the county economy, with two natural gasoline processing plants, having a total daily capacity of 11.3-million cubic feet of natural gas.

ENGAGEMENT ANNOUNCED -- Mr. and Mrs. Ted Fairchild of Brady are announcing the engagement and forthcoming marriage of their daughter, Judy Kay to Jimmy Ray Albus, son of Mr. and Mrs. James Albus of Knox City. Judy is a 1976 graduate of Brady High School and received her bachelor of science degree from Texas A&M University in 1980 and is presently employed by the Soil Conservation Service in Knox City. Jimmy Ray, a 1978 graduate of Knox City High School, attended Western Texas College in Snyder and is presently farming in Knox City. The wedding will be February 11, 1984, at St. Joseph's Catholic Church in Rhineland.

Achievement Banquet Honors County 4-H'ers

Fifty people were on hand Tuesday night, October 11, to honor 4-H members, leaders and friends of 4-H as well as the 75th anniversary of the 4-H organization.

Mistress of ceremonies for the evening was Amy Griffith of Benjamin. Julie Partridge of Munday, welcomed everyone and Leona Partridge responded. The pledges and 4-H motto were led by Amy Parker of Munday. Doug Parker gave the invocation before the meal.

4-H project pins were awarded during the evening. Those assisting in the presentation were Joe Lowe, Angie Partridge, Becky Offutt and Lynn Parker all of Munday.

Joe Boone of Knox City recognized the 4-H Horse Judging teams and told of some of their accomplishments in 1983.

Amy Parker and county agent, Charles Siepel, presented Julie Partridge with a certificate for her accomplishment on her Horticulture project record book which placed third at the state level.

Each year 4-H presents the Meritorious Service Award to a business, individual or group who has helped the 4-H program during the year. In 1983 two businesses have been instrumental in the 4-H fund raising activities in Knox County. Therefore, the Meritorious Service Awards were presented to the

Citizens State Bank of Knox City and the First National Bank of Munday.

The 4-H leaders in the county were recognized by Angie Partridge.

Highlight of the evening was the presentation of the Gold Star Awards presented by county agent, Jane Locknane. The Junior Gold Star recipient was Lynn Parker of Munday and the 1983 Senior Gold Star Award was received by Amy Griffith of Benjamin.

As the 4-H program "Builds on Experience" and a new 4-H year begins, the youth of Knox County will continue to grow and build through the 4-H program.

CLASSES ORGANIZE

Finally, I think I have most of the BHS class officers and favorites.

The Freshmen elected Sue Gideon President and Stacia Ryder is Vice-President. Belle Grill is their sponsor.

The Sophomore officers are, President-Amy Griffith, Secretary-Sheri Parker, Vice-President-Lana Gideon, Treasurer-Oscar Gideon, Sponsor-Dick Dickson.

Cookoff

From Page One

costume, booth set up action, and audience appeal.

Along with many different types of chili entered in the contest, there will be a host of other activities that are sure to please all and provide a lot of fun! Here is a look at the schedule of activities for the Cookoff and Fall Festival:

All cooks will meet at 10:00 o'clock Saturday morning, at 10:30 a.m. the games and contests for kids will begin. 11:00 a.m. is set for the starting time of the Horseshoe Pitching Tournament and a half hour later at 11:30, the "Miss Chili Powder" contest will begin.

The afternoon activities will begin at 1:00 p.m. with a cow ship throwing contest for those with a strong arm who are willing to defy the odds against cow patties traveling any great distances! Plans are being made to have the chip throwing contest held away from the open chili cooking pots!

Judging of the chili will begin at 2:00 p.m. and the award ceremony will begin at 3:00 p.m.

Food booths will be open throughout the day with the sale of brisquet sandwiches, hamburgers, drinks, and much more being offered as an additional fund raiser for the Chamber of Commerce.

Complete rules and regulations may be picked up at the Chamber of Commerce office located in City Hall. Entry forms are also available there and the \$15.00 fee may be left with Mrs. Crownover. If readers are interested and are unable to make it to the Chamber office, they should call 658-3442 and all the necessary paperwork will be mailed to them. The entry deadline is Wednesday, November 2.

The location of the First Annual Chili Cookoff and Fall Festival is at the David Albus farm, two miles north of Knox City. The site will be easy to find by traveling two miles north of Knox City on Texas Highway 6 and turning west on FM 1292, then drive west for a half mile before making a right hand turn and traveling a short quarter mile north to the cooking area. Signs will be posted to assist those not familiar with the area.

A lot of chili cookoff advertising buttons have appeared in Knox City this past week. The buttons are on sale for \$1.00 each and are available through the Chamber office or from Jean Carol Kuehler at Kuehler Lumber & Supply. Be sure to get yours soon and show your support for this Chamber of Commerce project!

Seniors officers are President-Lori Griffith, Vice-President-Debbie Bufkin, Secretary-Beverly Tolson, Sponsor-Susan Carver.

HALLOWEEN CARNIVAL PLANS

The annual P.T.O. Halloween Carnival will be Saturday, October 22, beginning at 6 p.m. in the school gym.

The classes will each have a booth and the fireman are planning a really "neat" spook house this year. The P.T.O. will have the following committees (and if you have forgotten which one you are, here's a reminder)

Door-Barbara Pierce, Ruth Redder and Jimmie Ryder
Cake Walk-Barbara Pratt-chairman, Jo Heard, Jane Gideon, Gaye Spinks, Darlene Benson, Judy Redwine, Mary Bohannon and Francis Henderson.

Food Booth-Janice Tolson-chairman, Judy Bland, Sue Oxford, Doris Bufkin, Louise Hertel, Reyes Barrientz, Christi Brown and Angela Brown.

Program-Kathy Carroll-chairman, Sheryl Simmons, Jan Ralston and Myra Nell Busby.

Stage Decorations-Jan Wilson-chairman, Susan White, Judy Fischer, Pam Duke, Olivia Stone, Vicky Lyles, Kathie Waldron and Julia Trepanier.

Bingo-Karen and Ronnie Patterson-chairmen, Judy and Larry Conner, Trenna and Kynn Patterson, Pam and Keith Conner, LaDonna and Johnny Gleghorn, Janet and Alan Mauer and Ronnie and Wanda Vincent.

Everyone is invited to come on to Benjamin Saturday night and enjoy the carnival. There will be something for everybody.

The program will follow the carnival. Each class will have a couple representing it and will be vying for the title of Elementary, Jr. High and High School Royalty.

Chosen to represent their classes are:

Kindergarten-Riley Carver, Jill Brown; 1st-Glen Gleghorn, Terri Brown; 2nd-Robert Estrada, Jennifer Vincent; 3rd-Jason Redwine, Joy Lynn Lyles; 4th- Kevin Fischer, Kristen Simmons; 5th-Frederick Redder, Sandy Patterson; 6th-Bryan Busby, Shannon Parker; 7th-Billy Bland, Kelly Westmoreland; 8th-Phil Boone, Lorrie Ralston; 9th-Shane Spinks, Stacia Ryder; 10th-Junior Barrientz, Sheri Parker; 11th-Steve White, Kim Trepanier; 12th-Kent Hertel, Lori Griffith.

CLASS FAVORITES

The High School classes have chosen their favorites for 1983-84.

Freshman Favorites are Becky Griffith and Joel Balones.

Sophomore Favorites are Amy Griffith and Chad Tolson.

Junior - Unavailable.

Senior Favorites are Beverly Tolson and Kent Hertel.

Congratulations to all these young folks!

HERE 'N THERE
Lois Spikes of Wichita Falls (a former Benjamin resident) was in town last week to visit her son and family, the Bill Spikes and was kind enough to come by and tell me about her travels the past few months. We thought her friends here and those away who read the paper might be interested in some of the highlights of her trips.

In May, she and a group from AARP, went to Chivaha City, Mexico. She reported lots of interesting sights and a lot of fun.

Forty five from Chapter 947 of AARP of Wichita Falls took a bus tour to Washington D.C. recently. Among the places they toured were West Point Academy in Annapolis, Md, The U.S. Capitol and White House, Arlington National Cemetery, Saw President J.F. Kennedy's grave and the Eternal flame, Jefferson and Lincoln Memorial and they went to the printing and engraving offices where paper money is made. She said she got to cross the Potomac River (she had always wanted to). They were gone 10 days and she said they had a ball. We enjoyed her visit and hearing of her trips!

HERE 'N THERE
Charles and Linda Griffith and daughters, Lori, Amy and Becky attended the State Fair in Dallas last weekend.

Joy Yancey and grandson, Cory Yancey of Wichita Falls visited her sisters and family, the Dutch Youngs last weekend. Also visiting the Youngs was Joe Nunley of Dickens.

Tracy and Becky Beaty visited his parents in Tioga over the weekend.

Mr. and Mrs. G.W. Hall of Port Hieuma, California visited his sister Lillie Bufkin recently.

Bill and Lorene Powers of Midland visited her parents, Mr. and Mrs. C.B. Clower last weekend. On Saturday, October 8, they, Mr. and Mrs. Clower and Gloria West attended the wedding of Bud Clower and Debbie Floyd in Dallas.

Harold and Beth Welch who have been living in San Angelo have moved a mobile home to Benjamin and plan to make their home here. We're glad to have the Welches back in Benjamin.

Ann Roddy and sons, John and Ron of Lewisville and Randy and Mary Whitsett and children Sarah and Jon of Plainview visited their mother, Gertrude Brannan during the weekend.

Betty Parker of Aspermont spent Sunday with her parents, the Leroy Wests.

Ruth Ressel is a patient in the Seymour Hospital at this time. We wish Ruth a speedy recovery and hope she will be home soon.

Calculate Your Cost Of Pumping Water

By CLINT JONES

Much of today's food and fiber production is aided through the usage of irrigation. The higher the expenses incurred in pumping irrigation water, the less profit that is made for a given amount of production. The same idea holds true in the back yard. The more money spent on watering the grass or garden, the less free money there will be to use for other activities.

The following steps will show how to calculate the amount of water that is pumped and the cost of pumping the water. The test should be run under normal conditions and at normal pressures. Let the unit run long enough to stabilize the pumping water level in the well. If possible, turn off all other electrical items or account for their electrical usage by some other method.

ENERGY USED is measured by reading the Electric watt hour meter. The meter face has a small revolving disc. The faster that disc turns, the more current the pumping unit is using. The disc has a black mark to aid in counting revolutions. Count the disc revolutions (R) for a given time (t) in seconds. For accuracy this should be checked several times. Read the Kh factor on the face of the meter. The formula is: Kilowatts per hour = (R) / (t) x (Kh factor) x (3.6). This is the amount of energy being used per hour.

COST PER HOUR is found by multiplying the Kilowatt per hour by the fuel cost. The cost of a kilowatt may be found on the electric bill or by contacting the electric supplier.

GALLONS PER MINUTE (GPM) of water pumped are found with a meter. Use a flow meter on open discharge, or a velocity gauge for a closed systems. An estimate can be made by using a watch and a bucket. Catch a given amount of water in the bucket while timing how long it takes. For example: three gallons took two minutes. Three gallons divided by two minutes equals 1.5 GPM. Multiply the flow rate tested by the number of outlets running during the test. Several outlets should be checked to get an accurate average.

COST PER ACRE INCH is the cost of pumping one inch of water over one acre. The formula is: Cost per Ac. In. = (Cost per hour) x (450) / (gpm). This is the cost of pumping for each inch of water pumped.

INCHES APPLIED is the amount of water pumped to each acre irrigated. The formula is: Inches = (GPM) x (Hours of operation) / (Number of acres irrigated) / (450). This is measured by inches.

ches.
COST PER ACRE is the amount of fuel cost used pumping water to one acre. It is found by multiplying the Inches Applied by the Cost per Acre Inch.

FOR EXAMPLE: The watt hour meter has a Kh factor of 28.8. The disc rotates five times in 18 seconds. The well pumps 270 GPM. The irrigation period is 12 hours on three acres. Electricity cost is eight cents per kilowatt.

Energy Used = (28.8) x (5) x (3.6) / (18) = 28.8 Kilowatts per hour.

Cost per hour = (2.30) x (8) = \$2.30 per hour.
Cost per Ac. In. = (2.30) x (450) / (270) = \$3.83 per ac. In.

In. Applied = (270 GPM) x (12 hours) / (450) / (3 Ac.) = 2.4 In. Applied.
Cost per Ac. = (2.4 In.) x (\$3.83 per Ac. In.) = \$9.21 per Acre.

By using the calculations, an estimate of the irrigation water pumped can be made. The costs can be estimated on an hourly, acreage, or amount pumped basis. A better understanding of the well output should give some hint as to what kind of efficiency the pumping unit has. For more information contact the

ATTEND HOMECOMING
Mr. and Mrs. Carol Felts attended the Lueders homecoming Saturday. Carol graduated there in 1953.
