## ORGANIZATION OF COUNTY HEALTH COUNCIL TO BE COMPLETED THIS WEEK

### THREE CRIMINAL CASES ARE HEARD IN DISTRICT COURT TRIALS MONDAY

Instructed Verdict Ordered In Case of the State vs. Mack Cook

Pleas of guilty were heard and suspended sentences imposed in two criminal cases tried Monday in 30th District Court and an instructed verdict of not guilty was rendered in the third case cleared from the docket during the day.

Tommy McLennan, 26-year-old Haskell county farmer, entered a plea of guilty to a Grand Jury indictment charging cow theft and was given a three year suspended sentence. The defendant waived trial by jury.

H. J. Smiley, 24-year-old laborer of Kosse, Texas, also waived trial by jury and entered a plea of guilty to forgery alleged in a Grand Jury indictment and likewise was given a 3-year suspended sentence.

An instructed verdict of not guilty was ordered by District Judge Ratliff in the case of the State vs. Mack Cook, charged by Grand Jury indictment with receiving and concealing stolen property. Principal state witness against the defendant refused to testify on the grounds that his testimony would be self-incriminating.

Jurors had been selected to hear the case and several witnesses had been placed on the stand before the action was ended with the refusal of the principal witness to give testimony. Defense was conducted by Tom Davis, Haskell attorney.

Jurors selected for the trial of the case included: T. A. Tegue, Earl Livingsood, H. F. Monke, E. A. Coleman, Troy Turpin, J. W. Freshour, C. G. Stank, J. S. Stanford, Claud Irwin, E. A. Howard, Chris Fletcher, Elias Carroll.

No other criminal cases had been set for the remainder of this week.

Justice J. W. Ratliff, who presided Monday at the docket, by District Judge Ratliff.

Several divorce actions were heard Tuesday and Wednesday, in which divorces were granted, with other non-jury civil cases scheduled for hearing during the remainder of the week.

**Tyngler Murder Trial Scheduled Monday**

With a special venire of 100 prospective jurors summoned, the only murder case on the docket, The State vs. W. H. Tyngler, is scheduled for trial Monday morning, January 30th. The defendant, former operator of a small filling station in this city for a number of years, is charged with the slaying of John Yancey early in October of last year. Motion for a change of venue filed by Tyngler's attorneys several weeks ago was denied, and the trial date set for Jan. 30.

Prosecution will be directed by District Attorney Ben Charlie Chapman and County Attorney Walter Marchison. Defense counsel includes Ratliff and T. R. Odell of this city.

### JANUARY 31ST DEADLINE FOR TAX PAYMENTS

Penalty and Interest Will Be Added To Unpaid Taxes February 1st

Taxpayers have only a few days remaining in which to make payments of 1938 taxes before the assessments will become delinquent and subject to an added penalty and interest. Deadline for payment of both property and poll taxes is Tuesday, January 31.

County, school and city tax collectors are urging payment of current tax assessments during the remainder of this month, in order that taxpayers may effect the saving in penalty and interest which will be added after February 1st on all 1938 taxes. Collectors of the three local governments report that date, tax payments for 1938 are lagging behind the 1937 receipts.

Poll tax payments are also considerably behind the total for last year and persons within voting age are reminded that the poll tax will be a requisite for voting in several important city and school elections this year in addition to balloting on any constitutional amendments proposed.

### APPLICATIONS NOW BEING TAKEN FOR SEED, FEED LOANS

Emergency Loans Available to Farmers Who Have No Other Credit Source

Applications for emergency crop and feed loans for 1939 are now being received at Haskell on Saturdays only by Marvin P. Bryan, Field Supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration. Mr. Bryan's office is located in Room 20 of the courthouse.

The loans will be made, as in the past, only to farmers whose cash requirements are small and who can not obtain credit from any other source. The money loaned will be limited to the farmer's immediate and actual cash needs for growing his 1939 crops or for the purchase of feed for livestock.

Farmers who can obtain the funds they need from an individual production credit association, bank, or other concern are not eligible for crop and feed loans from the Emergency Crop and Feed Loan Section of the Farm Credit Administration. The loans will not be made to standard rehabilitation clients whose current needs are provided for by the Farm Security Administration, formerly known as the Resettlement Administration.

As in the past, farmers who obtain emergency crop and feed loans will give as security a first lien on the crop financed or a first lien on the livestock to be fed if the money borrowed is to be used to produce or purchase feed for livestock.

Where loans are made to tenants, the landlords, or others having an interest in the crops financed or the livestock to be fed, are required to waive their claims in favor of a lien to the Governor of the Farm Credit Administration until the loan is repaid.

Checks in payment of approved loans will be mailed from the Regional Emergency Crop and Feed Loan Office at Dallas, Texas.

### Light Rain Is Received Over County Monday

Sub-freezing temperatures which prevailed in this section during the week-end were also accompanied by additional moisture which fell Sunday night and early Monday amounting to .23 of an inch. Due to the extreme cold, the rain coated trees and shrubbery with ice, which melted rapidly Monday with a rise in temperature.

This week's light rain boosted total precipitation for the month to 2.10 inches, which is triple the 40-year average of .67 inch for the month of January.

### Baptist Revival Meeting To Begin Sunday Morning

Rev. H. R. Whatley, pastor of the First Baptist Church, announces an eight-day revival meeting to begin at the local church Sunday morning, Rev. B. N. Shepherd of Abilene, one of the leading Baptist evangelists of West Texas, will direct the services. Local church leaders are extending an invitation to their membership, as well as to the other churches of the city to attend the revival meeting.

Mr. and Mrs. Bon Adkins and son, Royce, accompanied her brother, Cecil Weaver to his home in Albany Sunday. He has been in Haskell for the past two weeks recuperating from a minor operation.

Mrs. L. B. Dean returned home Sunday from Lamesa where she had spent the past week visiting relatives.

Dr. T. W. Williams, John A. Couch, Guy Collins, Chesley Phelps and Ralph Duncan attended the Chamber of Commerce banquet in Anson Monday night.

### SALARY AID FOR COUNTY SCHOOLS GIVEN APPROVAL

Total of \$42,525 Granted to Schools In County for '38-'39 Term

Salary aid budgets of Haskell county schools have been approved in the amount of \$42,525, county superintendent Matt Graham was advised this week by the State Department of Education. Salary requirements of all schools in the county were recently checked by the state department to determine the basis for the state fund allotment, it was explained. The approval announced this week does not include the amount of transportation aid for which the various schools are eligible. This sum for the 1938-'39 school term will be determined at the end of the fifth month of the current term, Mr. Graham stated.

The salary aid allotment of \$42,525 for the 1938-'39 school year is a considerable increase over the amount approved for the previous year, when \$32,136 was received.

### President's Ball at Sons of Herman Hall January 30

In connection with the nationwide observance of President Roosevelt's birthday, a "President's Ball" will be held Monday night, January 30th at the Sons of Herman hall east of Haskell. Proceeds from the dance will be donated to the national fund which is dedicated to the fight on infantile paralysis and directed by the Warm Springs foundation.

Music for the dance will be furnished by Alfred Fore and his band. Sponsors of the affair are expecting a large attendance.

### '38 COTTON YIELD IN COUNTY PLACED AT 31,907 BALES

Report to January 16 Shows Decline of 13,931 Bales From Previous Year

Haskell county cotton production from the crop of 1938 climbed almost to the 32,000 bale mark, according to the January 16 report of ginnings made public Thursday by W. P. Price, special agent for the U. S. department of commerce.

Cotton ginned in the county prior to January 16, 1939 from the 1938 crop amounted to 31,907 bales compared to a total of 45,338 bales ginned to the same date last year, a decline of 13,931 bales from the previous year, the report disclosed.

Final report of total ginnings will not be made public until March, Mr. Price stated, but the January 16 figure will likely remain unchanged with respect to the Haskell county cotton yield.

### Paul Whiteman to Direct Music at Ft. Worth Show

Paul Whiteman, king of jazz and maestro of classics, has been engaged to direct music for the Southwestern Exposition and Fat Stock Show, March 10-19.

It will be a second return engagement for Whiteman, who was in Fort Worth for all-Summer engagement in Casa Manana during the Texas Centennial of 1936 and again in 1937. The man, who incorporated showmanship during his 20-year run of music-making, worked himself into the hearts of Southwesterners during the two visits.

Mr. and Mrs. Hollis Hisey and Doyle Hisey visited their parents, Mr. and Mrs. H. Hisey this week end and attended the wedding of their sister, Ruby to Marvin Letz.

Mrs. O. M. Guest and Mrs. Buford Cox went to Dallas the first part of the week to purchase Spring merchandise for the Personality Shoppe.

### Is Re-Elected

Supt. C. B. Breedlove, prominent West Texas educator, instrumental in the notable progress made by the Haskell public school system during the past ten years, has again been elected as Haskell school superintendent for his sixth successive two-year term.

### STATE PROGRAM AIDS CRIPPLED CHILDREN OF HASKELL COUNTY

Survey Shows \$2,823 Spent for Hospitalization of Eleven Children

Steady growth of the service of the Crippled Children's division in the State Department of Education is shown in a survey just completed of the work done in the five years ending August 31, 1938. Results of the survey were cited here this week by B. E. McGlamery, district supervisor with headquarters in Eastland, who spent Tuesday afternoon and Wednesday morning in Haskell.

In the five year period 4,011 children were hospitalized from all parts of the state. Of the total number, seven hundred cases have been hospitalized in the 43 counties of the Eastland district, over which Mr. McGlamery has supervision. Of this number 359 children were crippled from disease, 227 from birth and 108 as a result of accidents.

Haskell county has had 11 children cared for at a cost of \$2,823.47 during the five-year period covered by the survey, Mr. McGlamery stated. Of this total amount the hospitals received \$1,785.57, the makers of artificial appliances were paid \$344.90, the doctors received \$440.00 while \$253.00 was paid for training, both physical and occupational. The largest amount spent on any one Haskell county child was \$523.85 while the smallest amount spent was \$89.00, the supervisor added.

Funds for carrying on the work are supplied by the money which comes from the Federal Children's Bureau at Washington and appropriations made by the State Legislature.

### Munday Plans Observance of Birthday Ball

Munday will be the scene of what is planned as one of the outstanding President's Birthday Celebrations in this section this year, in connection with nationwide charity observances being staged for the benefit of infantile paralysis victims.

The Munday fete, to be held Monday night, January 30th in the Munday grade school auditorium will include dancing, bridge and "42" games, together with other diversions planned during the evening for all who attend. Plans for the affair are being directed by Boyd Corley, Knox county chairman for the President's Birthday Celebrations.

Dance music will be furnished by Chuck Collins and his 7-piece orchestra from Wichita Falls. The dance will begin at 9 o'clock and continue until 12, sponsors announced.

An invitation to attend the Munday celebration has been extended to the people of Haskell and this section. Mr. and Mrs. French Robertson made a business trip to Abilene Saturday.

### Supt. Breedlove Re-Elected Head of Local Schools

Supt. C. B. Breedlove, now closing his tenth successive year as superintendent of Haskell Public Schools, has been re-elected in that capacity for the two-year period from July 1, 1939 to July 1, 1941, trustees of the Haskell Independent School District announced this week.

As head of the local school system since 1930, Supt. Breedlove has been instrumental in the up-building of educational facilities of the Haskell school district, which today ranks among the best school plants of this section. Affiliation has been gained in a number of accredited subjects within recent years on the basis of a development program inaugurated by the present superintendent. His administration of school affairs has also witnessed the largest building program ever accomplished within a similar period. A new high school building, ward school, and a gymnasium have been erected in Haskell, together with the building of a modern lighted football stadium and field and athletic club-house for the High School students during the past few years.

Supt. Breedlove has supervision of the entire public school system of Haskell, which includes the High School, North and South Ward schools, and a school for colored students. Thirty teachers are employed on the four faculties.

### Hopper Poison Causes Death of Several Cattle

Speck Sorenson, farmer living in the Mattson community northeast of Haskell, recently lost several head of milk cows when the animals became poisoned after eating "grasshopper poison" left over from Mr. Sorenson's campaign against the insects last year. A small amount of poison had been left in a covered can near a barn, which apparently was overturned, making the spilled contents accessible.

### O'BRIEN WILL BE SCENE OF JUNIOR BOYS CAGE MEET

Tournament Open to Schools in County Will Be Held February 3-4

A two-days basketball tournament for Junior Boys teams of Haskell county will be held at the O'Brien school gymnasium on Friday and Saturday evening, February 3 and 4th. Coach Thor B. Robertson of O'Brien announced this week. Playing will begin promptly at 6:30 each evening. Competition will be open to junior boys teams from all schools in the county, and suitable trophies will be awarded winners of the two-days meet.

### Produce Market Is Added By the A-1 Feed Store

J. R. Dorroh, owner and proprietor of the A-1 Feed Store in this city, announces that a produce department has been established in connection with the store, which is located one block east of the square on Depot street. Effective today (Friday) they will be in the market for all kinds of produce, including cream, eggs, chickens and hides. Top market prices will be maintained at all times, Mr. Dorroh announced.

Mr. and Mrs. Barton Welsh of Texas City are announcing the arrival of a son, Samuel Clayton at the St. Joseph's Hospital in Houston, January 29. The baby's grandparents are Mr. and Mrs. W. E. Welsh of Haskell and Mr. and Mrs. John E. Robertson of Houston.

A. Kuenster of McCamey who has been visiting in Graham, was accompanied to the home of his son, Mr. and Mrs. Vick Kuenster by Mrs. Roy Overton this week end.

### SMALLPOX CASES REPORTED IN TWO SECTIONS COUNTY

First Outbreak in More Than Two Years, County Health Officer States

First outbreak of smallpox in Haskell county in more than two years was reported this week by Dr. D. L. Cummins, county health officer, who states that five families have been placed under quarantine to prevent spread of the contagious disease. All of the individual cases reported are of a mild nature, Dr. Cummins stated, and the patients are now convalescing.

Members of the four families in the Sagerton section are suffering with smallpox, and one case was reported in the vicinity of Rule, the health officer reported.

Preventive measures have been advised by physicians, and in the sections where active smallpox has been diagnosed, vaccination of all children has been advised to prevent a spread of the disease.

### Funeral Services for W. C. Campbell Held Here Tuesday

W. C. Campbell, 53, resident of Haskell county for the past twenty years, died Monday morning in the Stamford hospital after an illness of two weeks duration. Funeral services for Mr. Campbell was held at the First Baptist Church in this city Tuesday afternoon at 2 o'clock, with the pastor, Rev. H. R. Whitley officiating. Burial was in Willow cemetery with arrangements in charge of Holden's funeral home. Active pallbearers were Buford Littlepage, Milton Overcross, Paul Walton, Melvin Huggins, O. L. Crouch and Clyde Sarrells.

W. C. Campbell was born January 1, 1883, a native of Texas. After reaching manhood he was married to Miss Epsy Shelby, and five children born to this union survive. Mrs. Campbell having preceded her husband in death. Prior to coming to this section some twenty years ago, Mr. Campbell and his family were residents of Erath county. Deceased was converted and joined the Baptist Church a number of years ago.

Surviving children are Mrs. Zora Holcombe of Haskell; Mrs. Olla Jones, Wichita Falls; Mrs. Lorena McFadden, Haskell; Zelma Campbell, Wichita Falls; and Ordy Campbell of Haskell. Ten grandchildren also survive.

### Hermleigh Men New Owners of Warren's Cafe

In a deal closed Friday, Warren's Cafe, popular eating establishment operated in this city for the past three years by Mr. and Mrs. Claud Warren, was sold to Jack and Foster Watson of Hermleigh, Texas, the new owners taking over management of the business the following day. Messrs. Watson have moved to Haskell and expect to make their home here permanently, it was announced.

Mr. and Mrs. Warren have not announced their plans for the future, but will continue their residence in Haskell, and for the time being will assist the new owners in management of the cafe.

### Attend District Meeting of Lions Clubs

Four members of the Haskell club attended a district meeting of Lions Clubs held in Roscoe Tuesday night and were guests at a banquet given by Roscoe Lions at the conclusion of the meeting. In the group from Haskell were Dr. J. G. Vaughter, president of the local club, Rev. A. C. Haynes, Alfred Pierson and Sam A. Roberts.

J. N. Davis of Dallas and J. C. Davis of Fort Worth spent the week end in the home of their brother, Mr. and Mrs. R. H. Davis.

Mrs. Clyde Grissom and children of Eastland visited friends and relatives in Haskell this week end.

### AIMS AND NEEDS FOR COUNTY UNIT TO BE EXPLAINED SATURDAY

### ONE OF COUNTY'S OLDEST RESIDENTS CLAIMED BY DEATH

J. H. Stockton, 95, Dies At Home Near Weinert On January 22

J. H. Stockton, one of Haskell county's oldest residents and among the few remaining Confederate veterans in this section, died Sunday evening January 22 at 6 o'clock at his farm home east of Weinert after an illness of only a few days. Mr. Stockton was past 95 years of age, having observed his last birthday on December 22, 1938. As a young man he served with the Confederate forces during the Civil War for practically the entire conflict. Despite his advanced age, Mr. Stockton had retained exceptionally good health and a keen mind, able to recall outstanding events of early pioneer days.

Funeral services for Mr. Stockton were held Monday afternoon at 3:30 o'clock in the Weinert Methodist Church, conducted by Rev. John A. English, who was assisted by Rev. I. J. Duff and Brother Wm. Sargent. Interment was in the Weinert cemetery with arrangements in charge of Holden's funeral home. Pallbearers were Verlin Cypert, J. T. Cypert, Homer Moore, Ernest Moore, Orran Howard and Arlie Howard. Floral offerings were handled by Miss Hazel Cypert, Miss Wilma Reid, Miss Lois Holmesley, Miss Louise Holmesley, Mrs. J. S. Cypert, Mrs. Verlin Cypert, Miss Lucy Ann Hoover, Miss Irene Moore.

Mr. Stockton was married to Miss Mary Serene Clay in McLennan county, Texas, Dec. 27, 1866. She preceded him in death several years ago. Five children born to this union survive, three sons and two daughters. The family moved to this section from Eastland county 38 years ago, and Mr. Stockton was actively identified with the development and up-building of the Weinert section during his long residence there. He had been a member of the Methodist Church for almost three-quarters of a century.

Surviving children are three sons, J. L. Stockton of Weinert, J. W. Stockton of Poyran, Ala., R. E. Stockton of Tipton, Calif., and two daughters, Mrs. Lorena Moore of Garrettsville, Texas, and Mrs. Myrtle Cypert of Knox City, Texas. Twenty-seven grandchildren and forty-five great grandchildren also survive.

### Maintenance Crew of WTU Working In Haskell This Week

A maintenance crew of the West Texas Utilities Company, under the supervision of Mitt Adams, district line superintendent, last week began work of repairing and improving distribution lines in various sections of the city. Improvements include the setting of new poles and installation of heavier transmission lines where necessary. The work to be done in Haskell will require ten days or longer, it was estimated.

### Local Blacksmith Is Painfully Hurt In Mishap Friday

A. Tonn, Haskell blacksmith was painfully injured last Friday while at work in his home workshop, when his left forearm was badly slashed by a power saw which he was operating. The wound was dressed by a local physician and is healing nicely, but the injury will prevent Mr. Tonn from working for several days longer.

M. P. Vannoy, Vocational Agriculture teacher in the Haskell Public Schools has returned to his work after an extended absence due to a major operation performed in the Lubbock Sanitarium.

Robert Thompson of Hardin-Simmons University, Abilene, spent the week end with his parents, Mr. and Mrs. Carroll Thompson.

### Civic Leaders From All Parts of County Expected In Attendance

A county-wide meeting of parents, civic leaders, school officials and all other residents interested in the protection of public health will be held in the district courtroom in the courthouse Saturday afternoon at 2:30 o'clock for the purpose of discussing and adopting plans for the organization of a permanent County Health Council for Haskell county.

Need for the county health unit was revealed following a recent survey conducted in all schools of the county by two State Health nurses, Miss Nora Carlton and Mrs. Georgia Stephens, whose report was received and studied at a meeting here last Saturday of civic leaders from several sections of the county. The survey revealed a well-defined need for a comprehensive health program throughout the county which would not only cover needs of school children, but provide for a county-wide program embracing parental and maternal health care, communicable disease control, and wholesale education and recreation.

It was pointed out during the meeting Saturday that there are many men and women with education and training and ability to contribute who would gladly help their community if they knew how to make the necessary contacts with the organizations which need them. A County Health Council composed of leaders from all communities would act as a "clearing-house" for these people.

At the meeting to be held Saturday, aims and purposes of a County Health Council will be explained, including pertinent health facts as shown in the recent school survey, and officers for a permanent county unit elected.

Temporary members of the executive committee who will preside for the meeting Saturday are: Mrs. R. O. Pearson, chairman; Dr. A. W. Williams, co-chairman; and Rev. A. C. Haynes, secretary. The following nominating committee has been appointed for the meetings: Mrs. O. W. Maloy, chairman; J. C. Davis, Jr., R. H. Rife, E. B. Harris, A. J. Duff, Mrs. Guy Collins, Dr. D. L. Cummins, Mrs. Emory Rochester, Mrs. S. P. Hermin and Miss Mildred Vaughan.

### YOUTH SLIGHTLY HURT AS CAR AND BICYCLE COLLIDE

Hess Hartsfield, Newsboy, Receives Fractured Collar Bone and Cut on Arm

Hess Hartsfield, 15-year-old Haskell newsboy, received painful hurts and narrowly escaped being seriously injured when struck by an automobile on the Haskell-Stamford highway about six miles north of Stamford Sunday afternoon about 4:30 o'clock. In the mishap, which was termed unavoidable, young Hartsfield sustained a fracture of his left collar bone, a severe cut on his left forearm and bruises about the head.

The youth, riding a bicycle, was en route home from Stamford, and was holding to the fender of a car driven by his uncle, Pope Livengood. The youth had just turned loose of the Livengood car and swerved toward the center of the pavement ahead of an automobile driven by a Wichita Falls resident. Driver of the car, Mr. Gail, was unable to prevent his car from striking the youth. Both Mr. Gail and Mr. Livengood accompanied young Hartsfield to a Stamford hospital immediately after the accident, where extent of his injuries was determined. The boy was able Monday to be returned to the home of his mother, Mrs. Henry Hartsfield in this city, and is rapidly recovering from his injuries.

Capt. H. K. Henry returned to his home in Bogata Wednesday after a visit with relatives in Haskell. Mrs. Holt Eastland and son of Mineola returned to their home Tuesday after a visit with relatives in Haskell.

Indian Cagers Bow To Students Gained and Weinert Juniors' Lost Win

The Weinert quint pulled down their second victory over the luckless Indians in play for the East Half championship last Friday night at Weinert. The Bulldogs carried the lead early in the game and turned it into a 34 to 15 victory. Greatly improved since their last meeting with the Indians, the Bulldogs shot goals from every point on the court and were too powerful for the Indians, who just seemed not to have that knack of shooting goals.

The Indians may have lost hope for the championship but you can feel sure that they will be in there pitching when they meet next Friday and the ball should fly around right merrily. The Seniors fared somewhat better in their second meeting with the Rule Bobcats in a non-conference game in the Indian's gym last Tuesday. The Bobcats emerged victorious not by such an overwhelming score as before but by an easy win to say the least and we still think that the Bobcats have what it takes to make champions.

The Junior cagers beat the Junior Bulldogs by the close score of 17 to 16 last Friday night. It was a great game and the Juniors came through with a victory as they did when they played Rule last Tuesday. Those Paposes are improving every day and should make Haskell a champion team in a year or so.

THE WARWHOO—Students Attend Speech Conference

The highlights of the Sales Tax question were pointed out to many high school debaters and coaches in this section last Saturday by Mr. Thomas A. Rousse, head of the Speech Department at Texas State University. Mr. Rousse and other notable authorities on this question presented an interesting and highly beneficial program, which was held in the main auditorium at Abilene Christian College. The question of a Retail Sales Tax in Texas is of particular interest at this time, in view of the governor's plan for a transaction tax which is after all only about a 4.6 per cent sales tax. Those students who attended from Haskell were: Paul Crawford, Louise Pierson, and Elise Henson, accompanied by Mr. McCollum.

Charles Reeves, a Freshman, is back in school this week after having undergone an operation for appendicitis week before last.

Polly "The Peeper"

Polly has been peeping around in high school the past week and has seen many things. Those thirteen football sweaters received last week seem to be very popular around school. For some reason or the other they have attracted much attention of some of the girls, if you don't believe me just ask Jerry, Elva Mae, Dorothy or Billy Mae. How do you like these sweaters girls? Polly heard in a round about way that Jerry Gipsen was rather rushed last Sunday. Better luck next time Irvin.

Rainbow Sewing Club Members Meet in Home of Mrs. Willie Foil

The members of the Rainbow Sewing Club met in the home of Mrs. Willie Foil with Mrs. Doyle Andrews hostess. The afternoon was spent in recreation and sewing. Assembly Program Is Given

Miss Atkinson had charge of assembly program on Tuesday, Jan. 17, 1939. A play "Waiting for the Doctor" was given by the 6th grade. The cast was as follows: Nure, Laverne Dean; Mrs. Biggs, Joyce Grand; Hank, Billie Jack Ray; Mrs. White, Ima Jo Welsh; Mattie, Frances Perry; Mrs. Lowe, Allen Overton; Mrs. Hill, Dorothy Thane; Lovey, Joyce Phillips; Mrs. Wilson, Geneva Kenner; Tom Edwin Lee Elmore; Pete, Truett Kuenstler; Mr. Brown, Billy Prince.

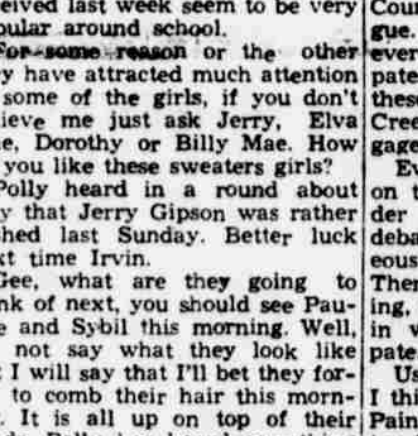

Interscholastic League

An annual affair in Haskell County is the Interscholastic League. This is an affair in which every school in the county participates. So to achieve her honor in these events, the students of Paint Creek High School are busily engaged in the activities. Every student is busy working on the activity of his choice. Under public speaking there comes debate, declamation, extemporaneous speech and the one-act play. Then there is spelling, essay writing, typing, and many other events in which a student may participate.

Announce Revival Campaign In Haskell

REV. C. H. ECKLES  
Pastor of the Assembly of  
God Church

MRS. L. H. SHEETS  
Personable leader in evang-  
elistic work.

EVANGELIST L. H. SHEETS  
Fiery Pentecostal revival  
campaigner

Pastor C. H. Eckles this week announced that the services of Evangelist and Mrs. L. H. Sheets of Sterling, Colo., had been secured for a revival campaign at the local Assembly of God Church. The evangelistic campaign will begin February 1st and continue through February 22. The series of services will be conducted at the church each evening at 7:15 o'clock. Rev. Eckles announced.

Evangelist among the Pentecostal people, and Mrs. Sheets is likewise a capable leader in evangelistic work. Rev. and Mrs. Sheets have recently conducted several remarkable campaigns in a number of Texas cities, and the Haskell revival is expected to result in an awakened church interest, according to Rev. Eckles. Important features of the revival campaign will be the special

divine healing services, old fashioned altar services, singing and special music, the local pastor added. Sermon subject as listed by Rev. Sheets during the revival will include: "The Hen Pecked Husband," "The Golden Age," "Divine Healing," "When Anti-Christ Reigns," "Who Killed Jesus Christ?" "When Will Jesus Return?" and other absorbing topics.

Cattle Outlook Said To Be Good By State's Expert

The cattle industry has started upon a period of moderate expansion that may continue for years, G. W. Barnes, animal husbandman of the Texas A. & M. College Extension Service, pointed out in discussing the long-time outlook for beef cattle recently released by the U. S. Department of Agriculture Bureau of Agricultural Economics. "Cattle production operates in cycles," Barnes said. "The high point in cattle numbers was reached in 1934, and declined to the low point by January 1, 1938. This year will see cattle numbers increase about 1 per cent, and apparently the increase in the new cycle has started. Barring the recurrence of a series of drought years such as prevailed from 1934 to 1937 it seems fairly certain that cattle numbers will tend to expand for some years. The rate and extent of this increase cannot be predicted now, but it appears unlikely that cattle numbers will reach as high a peak in the present cycle as was reached early in 1934." Barnes pointed out that increasing numbers of cattle in the next few years will come largely from witholding cattle, mostly cows and calves, from slaughter. Supplies of hogs and hog slaughter are expected to expand rather sharply, and total meat supplies will be larger than the average of the past 4 years. During 1939 it is expected that fewer cattle and calves will be slaughtered than in the present year, with the reduction chiefly in calves, cows and heifers. With plentiful supplies of feed, the finish and weights of cattle slaughtered will still be relatively high.

Health Program In State Faces Critical Stage

"The Texas State Department of Health is facing one of the most critical stages in the history of its existence," states Dr. Holman Taylor, Secretary, State Medical Association of Texas. "The rapid expansion of the public health program during the past few years in Texas has been due in part to the increased interests of the citizens in the need for a more adequate program of health protection and a more emphatic demand that these services be given through the State Department of Health," Dr. Taylor further states. "If these demands are to be satisfactorily met, and the people in all parts of the state gain the reasonable health protection to which they are entitled, the following fundamental needs of the Department should be met for the next biennium. 1. A substantial increase in the amount of funds for the support of the central administration. 2. Adequate appropriation for the promotion of a successful anti-venereal disease program. 3. The passage of a new up-to-date sanitary code in line with the national code. 4. Sufficient monies to be used as an equalization fund for promotion of local health work in the financially weaker cities and counties. 5. An increase in the number of public health districts from 6, the present number, to 12 with adequate personnel to carry forward an effective program of communicable disease control. 6. A separate appropriation for both Malaria Control and Pneumonia typing. 7. A Constitutional Amendment to permit counties to levy and collect a special tax to support local health work if their general revenue funds are inadequate or overdrawn. 8. Establishment of a division of mental hygiene to reduce the number of mentally ill. "If these eight vital needs are met by the incoming 46th Legislature, I feel confident that the Texas State Department of Health will be able to render the type of service that will be reflected in a constantly decreasing death rate from those diseases that are preventable," concluded Dr. Taylor.

THE MATTON ROUND-UP Official Newspaper of Mattson Rural High School

THROUGH THE LOOKING GLASS (Glimpses of the Seniors) Thomas Brite came to us from Weintert last year. The thing that makes him outstanding in the Senior class is his winning smile. He was outstanding in football this year and he is now taking a part in basketball. Thomas is very good in dramatics. He had a leading part in the one act play last year, and also in the Senior play this year. He is president of the Samuel Johnson club and is also active in other clubs. We are sure Thomas will make good in anything he goes at.

MUSTANG'S CORRAL The old Mattson gym was "full up" Friday when the Paint Creek Pirates came to tangle with the Mattson Mustangs, in a volley ball game and two basketball games. All of the games were very exciting. It seems that the girls volleyball team can really play ball because they won the first game from the Pirates with a score of 16 to 14. The teams were tied by 14 all for about three serves each, then finally Mattson made two

points winning the game. The next game went to Paint Creek, our girls just couldn't get the old ball over the net, but in this game there was good teamwork on both sides. The score was 15 to 13.

So Paint Creek had won a game and also Mattson so they had to play a "sugar" game. Mattson came out on top, after battling the old "apple" around, with a score of 15 to 12. This is the first time the Mattson team has witnessed a victory, but I think the girls are really going places now, so come out all you fans and cheer them on!

Mustang Colts The Colts play what I would call a wonderful game, although they were outclassed. In a past game the "young" Pirates downed the Colts about 30 points, so the Colts wanted to prove they couldn't do it again. By good defensive work the Colts held them down to a score of 13 to 5 in favor of the Pirates.

It looks as if the Mustangs are going to have a team in a few years, because as you know boys grow up.

The Mustangs had already met defeat at the hands of the Pirates, so they were out to get revenge, but they didn't achieve their aim because they lost by a score of 23 to 19. The Mustangs got the lead at the start of the game and held it up to the third quarter but only by about one or two points. Although the Mustangs led most of the time the score was tied at the half. Coming back in the third quarter the Pirates took the lead, but

TRY, TRY AGAIN

Sometimes it seems as if we have tried, and it is all useless. But maybe if we would try just a little harder we would get better results. Some of us failed a subject the first half because we didn't try quite hard enough. This is easily seen, because we only failed by two or maybe three points, when if we had tried a wee bit harder we would have gotten over. Try, try again. This does sound old fashioned, but if we failed the first half, let's try a little harder the last one, and make up for the first one.

EAVESDROPPING SUE

We wonder with whom and where Doris went Wednesday night. Skeets and Fern think there is nothing like a dry joker. Buri has changed his name to Johnnie (Wonder why?). Ruth was wondering where a certain boy was Wednesday night. A certain Soph girls thinks Thomas can really sing. We wonder why Wanda likes "Gold Mine in the Sky" and "Silver on the Sage". Margaret, who was the letter to Gerry has already begun to sign her address as Throckmorton. Leon, who is this girl you are always talking about? (She's from New Cook). La Vera, let us in on what you dreamed. (I imagine we would be interested).

WE WONDER?

If L. D. meant what he said about going to Rochester. Whose watch Leon N. had Friday night? Why Henrietta likes cookies so well? If Wanda really thinks a sophomore is cute? Why "Skeets" hated to eat at the dinner? If Doris was angry Thursday night? Why Adele wanted to go home so bad? If Elmer C. really doesn't have a girl friend? Why LaVera never had a good time at Ruth's. (Because she never had been here). Why Gerry will not stay awake and talk. If James not having a girl friend causes him to make good grades? If Ruth and Louist really like the song "It Makes No Difference Now." Why Miss Crume didn't want it to run this week end. If Dana kept Rip's nickle. This is all folks! I must leave you now to return soon. Good-bye.

Miss Ruby Hisey and Marvin Letz Are Wed Sunday In Home Ceremony

Sunday morning at eight o'clock Miss Ruby Hisey became the bride of Marvin Letz in an impressive home wedding. Her great uncle, M. M. Young of Swenson performed the ceremony before an improvised altar of lace fern, forget-me-nots and pink gladioli.

Preceding the ceremony, Miss Jean Corner sang, "I Love You Truly." To wedding music given by Mrs. O. E. Patterson of Haskell, Cecil Gray and Truitt Smith of Stamford, the bride entered with her father H. Hisey and was given by him in marriage. She chose for her wedding a rose beige dress of sheer crepe with navy accessories. Also included in her costume were an antique gold bracelet that had belonged to her aunt, and a gold pendant, a gift of her mother. Her corsage was of tallismans roses.

Raymond Davis served Mr. Letz best man. Immediately after the ceremony the couple left for a brief wedding trip to Abilene. Mrs. Letz is the daughter of Mr. and Mrs. H. Hisey of Haskell and has been connected with Perry Bros. Store for the past few years. Mr. Letz is the son of Mr. and Mrs. Herman Letz of Old Glory. He has been in Haskell for the past two years and is the owner of Letz Barber Shop in this city.

### CHURCHES

#### BAPTIST CHURCH

A revival meeting will begin at the Baptist church Sunday morning. It will continue for eight days. Rev. B. N. Shepherd will do the preaching. He is well known in this section and over the state. He is an able, consecrated preacher. Bro. Shepherd will be there for the very first service.

The purpose of this meeting is spiritual development. The name of this revival is: A REVIVAL OF SOUL CULTURE. Everyone should be interested in the culture of his spiritual life. We extend a hearty invitation to members of other churches and also urge the unsaved to attend. May it be the greatest week of our Christian experience.

#### THE BLESSINGS OF RADIO

First radio communication between the United States and Germany was established twenty-five years ago today, probably paving the way for the tremendous amount of "conversation" now going on between the two countries. It was a fortunate development in the history of communication, as viewed from a present-day standpoint, because some of the things that Ickes, Hull and other American statesmen have said recently— together with Hitler's replies— would probably melt the telephone cables between Washington and Berlin.

Officers of the Bible School for the year of 1939, elected last Lord's Day are: Manley Branch, General Superintendent; Dennis P. Ratliff, Assistant Superintendent; Miss Dulin Fields, Secretary and Treasurer; Miss May Fields, Assistant Secretary and Treasurer; Mrs. Bailey Post, Junior Department Superintendent; Mr. Murray Johnson, Chorister; Mrs. Courtney Hunt, Pianist; Miss Marjorie Whitaker, Assistant Pianist; Mrs. Wayne Koonce, Director of the Choir.

Morning Worship—10:45 a. m. Sermon: "The Commendation of God's Love."  
Evening Worship—7:00 p. m. Sermon: "Why I Am Not a Campbellite."

We are looking forward to a profitable year of service for the Lord. One addition to the church membership was had recently. The officers for the Bible School suggested by the nominating committee were given a hearty vote of confidence. We feel that this should inspire them to their best efforts. The sermon subject announced for Sunday morning is one of deep spiritual significance. It is one that should be of inspiration to every Christian. We hope that as many as possible of the members will try to be present. The sermon subject announced for Sunday night explodes a popular misconception held by many people concerning the Christian Church. Visitors are welcomed to this service especially. Of course, we at all times, welcome others to attend our services.

#### Honor Guest at Coming Ft. Worth Show

As one of the eight ranch-girl honor guests, Miss Rhoades of Throckmorton, shown above, will make her appearance at the Southwestern Exposition and Fat Stock Show, March 10-19. She was chosen by cattlemen and neighbors to represent her section of Texas. A fanfare of drums and trumpets will introduce each of the girls at each performance of the world championship rodeo twice daily at the Stock Show. Miss Rhoades is the daughter of Mr. and Mrs. Frank Rhoades, prominent Throckmorton County cattlemen. Several social functions are being planned in honor of the girls during the Stock Show.

As to whom I could direct him, I finally decided that perhaps my wife could serve the purpose, though I hated very badly to have her do it. He said she would be satisfactory. He then made arrangements with her to go to the nearby town and solicit the advertising. I went ahead with my teaching and forgot the matter.

When my wife came home that night I realized that I had made a mistake, and had been victimized. By use of a hard-boiled young lady as a solicitor this firm had threatened and high pressured the various merchants in the town for over \$33 worth of advertising, charging \$3.50 for a space about one inch square on the cover of the book. And this advertising was to be printed on fifty copies of the song book that could be bought for about \$13 per hundred. In other words, they had sold \$33 worth of advertising and were to render only about \$6.50 worth of service.

But this is not the worst of the tale. I do not have the song books yet. I have been informed that if they are sent I must send \$2.50 to pay for some space that a certain firm promised to pay for. I refused to have anything whatsoever to do with their dirty business, and will continue to do so, and have informed the representative of my intentions.

Now my point is simply this: If this firm and other similar companies received the exposure they deserve, they would no longer be able to operate in this state. It is a racket pure and simple, and why should not teachers be warned against getting taken in? I know of no better medium than the Texas Outlook.—The Texas Outlook.

#### THE SONG BOOK RACKET

The following letter to the editor from a Texas schoolman is worthy of a careful reading.

On the morning of October 12 while my pupils were busy putting on book covers that had been supplied us by a large soft drink company for advertising purposes I was called to the door by a smooth-talking individual who introduced himself as a representative of an advertising concern. He said he was anxious to supply our school with song books at no cost to the school. Like most schools we needed the song books, and since I was at the time being supplied with book covers by the medium of advertising, I finally agreed to accept fifty copies. He waited until I had signed the agreement and then told me he wanted someone from our community to help sell the advertising to the local merchants.

After some racking of my brain

#### Texas Women Lead In Fight Against Penalizing Taxes

Forming National Consumers Tax Commission units in 257 Texas towns, women of the Lone Star state now are leading the nation in a "crusade against taxes that penalize the consumer," the NCTC announced this week.

Texas has more of the 2,500 NCTC units in the nation than any other state, according to announcement made public by Mrs. Kenneth C. Frazier, of Dallas, president, and Mrs. Volney W. Taylor, of Brownville, national committee member.

"The women of this state deserve great commendation for their leadership in this nation-wide, non-political movement," declared Mrs. Frazier.

"They are showing the way for others in the formation of study groups to expose and combat taxes that do not give back to the community in proportion to what they take out."

"Of course we all know that some taxes are necessary for the support of public services we require. But we do not believe that the hidden tax method of raising revenue is in keeping with our democratic principles or is conducive to good government."

The commission's research analysts estimate that 63 percent of all local, state and national revenues now come from hidden taxes paid by all consumers, Mrs. Frazier said.

Report On Costs of Relief

President Roosevelt has made his annual accounting to the Congress for expenditures of the money appropriated for relief and work-relief since April 1935. In making his accounting the President submitted a 543-page report prepared by the Treasury Department.

The report, which includes operations up to the beginning of the New Year, discloses that there had been appropriated for relief and work-relief since April 1935, the total sum of \$10,349,125,793. Of this amount, \$9,632,271,228 has already been disbursed.

Of the \$9,632,271,228 disbursed, \$270,749,561.61 was expended in Texas for the following major purposes: Highways and roads \$71,417,913.56; public buildings \$19,322,921.98; educational projects \$22,577,858.64; conservation work \$36,646,462.12.

and \$375,911,326 for the Public Works Administration. Other expenditures are distributed among approximately 75 Federal agencies.

The report also disclosed that the Treasury now has on its books approximately 683,000 active accounts of Farm Security Administration borrowers.

Soybeans Over The Top

Now comes the government with its crop report, of 54,021,000 bushels of soybeans grown in the United States this year—an all-time high. Farmers cashed in on this heavy output, for soybean prices this year have been high compared with the return from grains and other products.

This definitely makes soybeans a permanent major farm crop, experts declare. It has been possible only because of the tremendous popularity and demand for soybean oilmeal which constitutes 98 per cent of the soybeans crushed. It has been found, for example, that the central states where production is heaviest alone can consume more soybean oilmeal than yet produced. It is used for dairy cattle, hogs, sheep, beef cattle and poultry.

The soybean has been the agricultural miracle of this generation. The amount of soybean oilmeal consumed this year by American livestock and poultry from our domestic crop is placed at fifty times the total of only ten years ago. Of the oil from this new crop more than 80 per cent goes into edible products.

Meanwhile a staff of able scientists at the federal soybean laboratory at Urbana, Illinois, is making important progress in determining new industrial uses for soybeans.

An Educator Kicks Back

At a time when democracy faces grave crises in many countries, there is a vital note for us in the recent warnings of Dr. James Rowland Angell, president of Yale University. Says Dr. Angell: "No thoughtful observer can fail to remark today the sinister trends whose ultimate implications are utterly destructive of our American universities. These influences are manifest in part by attacks upon freedom of thought and speech for members of the faculty, and in part by assaults upon financial stability." The Yale president would have our universities intensify their interest in public affairs and social problems. If anything, he would have them increase their leadership in public thought.

38 AAA Program Will Net Farmers \$42,000,000 Soon

More than 300,000 Texas farmers and ranchmen who adopted the AAA's Agricultural Conservation Program in 1938 will receive approximately \$42,000,000 in conservation payments, to be distributed for the most part in January, February and March of 1939, according to current AAA estimates.

George Slaughter, Texas Agricultural Conservation Committee chairman, said computation of payments is in full swing at AAA headquarters at College Station and that checks will start going to producers about January 13.

He urged those eligible for payment to send in their applications for grant as early as possible, explaining that the state office cannot begin distribution of checks to a given county until at least 25 percent of that county's applications for payment have been received.

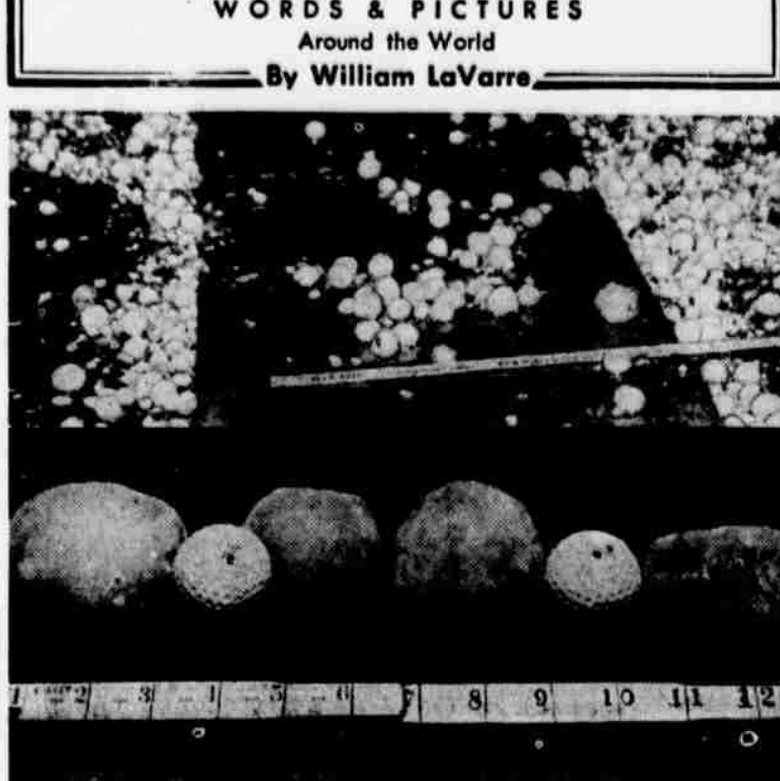

Total 1938 payments will exceed the aggregate of 1937 checks by about \$9,000,000; and the bulk of conservation grants will be issued considerably earlier this year, Slaughter predicted.

The money will go to cotton, wheat, rice and peanut farmers who substituted soil-conserving crops for some of their soil-depleting (cash) crops, and for carrying out other soil-building practices, and to ranchmen who have sought to improve and protect grazing land according to AAA range program specifications.

Slaughter represented these payments as "at least a step toward equalization of burdens imposed upon the man behind the plow by tariffs and freight rate differentials."

Debts of 86 State Families Reduced Last Month by FSA

Substantial debt reduction on more than 35,000 acres of Texas farm land in 86 families was effected last month by the farm debt adjustment section of the Farm Security Administration, according to R. E. Skipworth, FSA's supervisor for Haskell County, who issued a plea for farmers who face foreclosure or need adjustment of their debts to come to this office at Haskell.

"Don't wait until your farm has been foreclosed and then write President Roosevelt," Mr. Skipworth said. "Then it is too late. Come to us now and we probably can save you from foreclosure in the same manner as we did the 86 families last month. The county farm debt adjustment committee will confer with your creditors and see how we can help you."

"This service is available to all farmers, whether they are FSA borrowers or not, and to all creditors," he announced. "Farmers who are threatened with loss of livestock and equipment are also invited to use the service."

The FSA lends money to farmers who can make farm and home production plans looking to rehabilitating themselves and their families and also to repaying the loan. It recognizes that part of its work is to bring the farmer's previously incurred obligations within his ability to pay.

"Payment of taxes and interest and reduction of principal indebtedness are taken into the plan of operations which FSA borrowers make and which we help to carry out," the supervisor said.

Members of the debt adjustment committee are local men who are experienced in this work and are interested in seeing that both debtor and creditor are fairly represented," he added. Members of the Haskell county committee are: Jos. A. Jones, Haskell, Texas; Lewis C. Phillips, Ft. L. Stanford; and W. P. Rall, Haskell, Texas.

Texas Farm Income for 1938 Is Under Last Year's Total

Cash income from agriculture in Texas dropped sharply during November from the November, 1937 figure, according to Dr. F. A. Buechel, assistant director of the Bureau of Business Research at The University of Texas. The decline was due chiefly to reduced revenue from cotton and cottonseed, he said.

Receipts from cattle, calves and sheep were well above the income from these sources last year. Total farm cash income for the State during November as computed by the University Bureau was \$39,758,000 compared with \$57,514,000 during November last year, a decline of 31 per cent. Aggregate farm cash income from January to November, inclusive, was \$380,740,000, compared with \$508,590,000 during the corresponding period last year, a decline of 25 per cent. Government farm subsidies are not included in these computations, Dr. Buechel said.

The purpose of said Bill or Act is to authorize the Commissioner's Court of Haskell County, Texas, to refund said Warrants and indebtedness and issue bonds in lieu thereof, extending the time of maturities and to reduce the interest rate on such securities.

Persons interested may ascertain full details of the proposal upon inquiry of the County Judge or County Commissioners of Haskell County, Texas. J. C. DAVIS, Jr., County Judge, Haskell County, Texas.

NOTICE TO BANKING CORPORATIONS

Notice is hereby given to all banking corporations in Haskell County, Texas, that the Commissioners' Court of said County will on the second Monday in February, A. D. 1939, the same being the 13th day of said month, receive proposals from any banking corporation in the county aforesaid, that may desire to be selected as a depository of the funds of said Haskell County, Texas, and also as depository for the trust funds of the District and County Clerks of Haskell County, Texas. Said proposals shall be delivered to the County Judge of Haskell County, Texas, on or before 10 o'clock a. m. on the 13th day of February, A. D. 1939.

All proposals must be sealed and each proposal must state the rate of interest that said banking corporation offers to pay on the funds of the county, for the term between the date of such bid and sixty days after the second Monday in February, 1939.

Each bid shall be accompanied by a certified check payable to the County Judge of Haskell County, Texas, in the sum of \$1,000.00, the same being not less than one-half of one percent of the County Revenue of the preceding year, as a guarantee of good faith on the part of the bidder, and that if his bid shall be accepted said banking corporation will enter into and give the required bond. Up-

on the failure of the Banking Corporation that may be selected as such depository to give the required bond the amount of such certified check shall go to the county as liquidated damages. Done by order of the Commissioners' Court of Haskell County, Texas, in regular session on this 9th day of January A. D. 1939. J. C. DAVIS, JR. County Judge, Haskell County, Texas. 21c

NOTICE TO BANKING CORPORATIONS

Sealed bids will be received by the Commissioners' Court of Haskell County at its next regular term, which is February 13, 1939 from any banking corporation, association or individual banker in Haskell county that may desire to be selected as the depository of the school funds of the Common School Districts of Haskell County. Said bids will be received until 10 o'clock a. m. on the above date, at the office of the County Judge, Haskell, Texas, at which time bids will be opened. The Court reserves the right to reject any and all bids.

This notice is given in compliance with Chapter Two, Article 2544, Revised Civil Statutes of Texas, 1925. J. C. DAVIS, JR. County Judge, Haskell County, Texas. 21c

Joan Crawford returns to her first success as a dancing lady in 'The Shining Hour' showing at the Texas Theatre Saturday preview, Sunday and Monday, January 29-30. She is co-starred with Margaret Sullivan, Melvyn Douglas, Robert Young, and Fay Bainter.

To Miss Crawford falls the pivotal characterization of the glittering night club dancer, who attempts to adapt herself to life on a conservative Kansas farm with near-tragic consequences.

Bing Crosby's latest picture 'Paris Honeymoon' showing at the Texas Theatre, Wednesday, Thursday, February 1-2. It is a delightful musical comedy involving a Paris divorce for marriage to Shirley Ross when Franciska Gaal appears as a barmaid to capture the Crosby heart. Weichert Juniors Beat Munday The Juniors played Munday Friday night at 6:30. There was plenty of excitement in the first quarter, but there was more in the second quarter when Junior Cadenhead made 14 points. B. T. Melton was a high point man too. At the end of the game that score was 25 to 11 in favor of Weichert.

Ringing Bros. Circus. Doris is trying to take her friend's husband. Maxine and her young husband have just returned from a wedding trip in California. Herman is the most eligible young bachelor in Haskell county. Martha has just established her famous cafe, 'Welcome Inn.'

The Juniors played Haskell Friday night, too. They were a little lost without their center, Melvin Stephens, who was unable to be there. Jack Johnson made the most points in the second game. The boys played hard, but not quite hard enough, because Haskell won by the score of 16 to 17.

News Items From WEINERT Mr. Ellis Medley of Santa Rosa, New Mexico, came in Saturday for a visit to his mother, Mrs. J. W. Medley. Party for Young People The party given at the parsonage last Friday night was a very enjoyable affair. Mr. and Mrs. Elmo Cure are the sponsors of the young people of the Methodist Church and they honored them and their friends from the other churches with a game party. There was a large crowd of boys and girls. They organized and will meet every Sunday at 6:45 p. m. at the Methodist Church.

Are You Prejudiced? The trouble with most people of today is that they have never shown the ideas that were put into their mind twenty or thirty years ago. Oh, during that time, they were perfectly correct, and still are to a certain extent, but times have changed, completely and the same ideas are outmoded to a certain degree. So many of the parents of today feel that if their children go to parties or even movies, that they have disgraced the family forever. Now, these parents are going to have to answer for this in one way or another for children are not going to be content with just the religious side of life. It is only natural for young people to want to be carefree and blithe, but with parent's constant disapproval, how can they? The only way that they can is to slip off and then, there is the constant fear that the parents will find out. Now, there is no need for this, for if the parents would be fair, their children would be content to have their youthful friends in their home. Never in any of our lives have we had more fun than that in the home of some of our young friends where young people are freely welcomed. They know that they are free to come when they please and enjoy the clean wholesome fun that so many youths of today have never been given the privilege of enjoying.

This is a plea from the youth's of your community, city and country as a whole. Will you please think it over? The young people of today do not want to be bad, but just want the privileges that all youths should enjoy, and if they are not found in the home, they are searched for in other places, perhaps less respectable. Who is the cause of this. It is not altogether the child's fault. Will all you prejudiced parents please consider this and give it a little thought from the standpoint of the youth? Mr. Hawkins-Observer

More Geometry: Weichert ball team is equal to that of any two other schools and is therefore greater than any one of them. Senior Basketball Team Wins From Haskell The Weichert Senior boys played Haskell Friday night, Jan. 20, in the Weichert gym. The boys from Weichert won the game by the score of 34 to 15, the largest margin the Seniors have led a rival team this year. From the start the game was clearly in favor of the Weichert team. Never once did they fail to lead Haskell by several points throughout the game. The Weichert team's scoring was led by Herman Jossiet and W. T. Johnson, Weichert's star forward and center respectively. The win from Haskell makes the third game the Seniors have won in the county tournament. They have lost only one game, and that to Mattson. Next Friday, Jan. 27, they play Paint Creek. This promises to be an exciting game and well worth your time.

SPORTS COMMENTS: Reddy Kilowatt, whose kitchen battles have made him famous in many thousands of West Texas homes, last year chalked up another victory against Meanie Drudge, nemesis of the fair sex. In a grudge fight from start to finish, Reddy electrified a huge crowd composed mostly of women. His great range of blows to Meanie's bread basket had the customers shouting with joy. The knock-out came when Reddy ironed him out ready for the vacuum cleaner. As the dim light went out in Meanie's glaring lamps, many hundreds of homes were properly illuminated by the I-E-S shiners Reddy introduced. 'Give me frigidaire,' Meanie cried as he went down for the full count. The fans were turned on... but too late for Meanie Drudge. What he needed then was not a ventilator but a warming pad. Meanie was out, cold as an electric refrigerator. It took a toaster to bring Meanie around... that and a shower with an electric hot water heater providing the warm glow of life. First thing he did was yell for a cup of coffee made in an electric percolator. Next he wanted nourishment. 'Bring on the food mixer!' he yelled. Sports writers gathered around his table looking for a convenient outlet. 'Fellows,' Meanie announced, 'you can quote me as saying I'm a reformed man. From now on I'm living the modern way... the electric way.'

## Where Insect Damage Is Expected

The intensity of grasshopper damage expected this year is shown in the above drawing prepared by the Extension Service of A. & M. College. In Haskell county considerable damage to crops is indicated which will necessitate prompt control measure when the hoppers begin hatching in the spring and summer of last year more than 336 tons of poison was mixed and distributed to 1,000 Haskell county farmers, in a campaign to control the insects. County Agent G. R. Schumann plans to sponsor similar methods this year.

## 1939 Grasshopper Infestation Likely To Be More Severe Than During 1938

Texas may expect a 1939 grasshopper infestation estimated as 25 percent more severe than that of 1938 and one capable of causing 15 million dollars damage to crops, in spite of the fact that there will be fewer hoppers in the United States as a whole.

This estimate comes from R. R. Reppert, entomologist of the Texas A. and M. College Extension Service and state grasshopper control leader, and is based on egg surveys made by federal supervisors and county agricultural agents.

Most of the damage will come from the migratory species which threatens 23 counties in the Panhandle. In all, 115 Texas counties may expect infestations of varying degrees.

The 1938 infestation caused losses estimated at \$1,766,908, while savings estimated at \$10,238,938 were effected by the control campaign. About \$200,000 of federal funds, administered through the USDA Bureau of Entomology and Plant Quarantine, were expended in Texas in 1938, and local contributions of labor and material were in excess of this amount, Reppert said.

The federal-state-county plan of control in effect in previous years will again be used in 1939, and plans are already being made to combat anticipated infestation.

We are glad to report that Mr. Tom Robison of east of town is much improved in health, after having been seriously ill the past month from a spider bite which resulted in an infection from which he came near losing his hand. The following children and relatives that have been with him are Ethel Robison of Throckmorton, Mrs. Buck King and Mr. and Mrs. Bob King of Portales, New Mexico, C. C. and W. N. Robison and Julius Robison of O'Brien, Mrs. Opal Cavitt and John E. Robison of Haskell and a number of friends.

## Price Decline of Cotton Shown By Bartering Value

Bartering value of a bale of Texas cotton has dropped drastically during the last decade, as foreign markets have been lost for between three and four million bales annually. Dr. A. B. Cox, director of the Bureau of Business Research at the University of Texas, declared this week.

A 500-pound bale raised last year would buy 1,110 yards of print cloth or 273 gallons of gasoline as compared with 1,445 yards of cloth or 407 gallons of gasoline in 1927, the internationally known cotton marketing authority explained.

That some improvement has been made since the depression days of 1931, 1932 and 1933 is evident from the fact that a bale of cotton in 1932 would purchase only 1,080 yards of print cloth and only 170 gallons of gasoline.

Over the same ten-year period, Dr. Cox pressed his comparison to show that the barter value of a bale of cotton in steel, dropped from 1.14 to .77 tons. One of the largest slumps came in sugar, falling from 1,619 pounds in 1928 to 1,105 pounds per bale last year.

To further demonstrate the fluctuating value of cotton, Dr. Cox pointed out that a \$500 debt could be retired in 1927 with 3,145 pounds of lint cotton as against 4,673 pounds necessary last year.

Dr. Cox declared that the exports this year have been the lowest since 1918 in spite of the fact that the nation has 19,824,000 bales (indicated) in supply—the largest in the country's record.

Cotton prices would be further pushed down because the world supply is about 537,000 bales greater than that for last year, he believed.

"According to Garside of New York Cotton Exchange, world supplies of all cotton are 56,695,000 bales," he said.

"Calculated prices of American cotton based on total supplies in the United States and in European ports and almost to Europe indicate a price of New Orleans middling 7-8 inch spots of light under 7.50 cents. Prices of American cotton are being held above world restrictive levels of such a supply by above-the-market price levels. The Government now controls over 10,250,000 bales under its various loan programs."
