CHILI, MUD & FUN

Here are some of the comments that I have heard around town in the last few days: "A complete success," "A real blast," "A lot of fun," "Super good food" and "Let's do it again next year!!" Those remarks have all described the First Annual Fall Festival And Chili Cookoff held this past Saturday by the Knox City Chamber of Commerce. The event drew a huge crowd as it provided a lot of good times and even better memories to all who had the privilege of participating or just attending.

The day started off early with rain clouds threatening to spoil the activities, but the determined teams of cooks and the even more determined chamber directors made up their minds that no amount of rain would ruin the day that had taken so long to plan and prepare for. The rain fell throughout most of the day, but seemed to have little effect on the good times that most were having. Weather was a factor in the cancellation of a few of the events that were scheduled. It was obvious to most that the cow chip throwing contest would be a victim of the weather, soggy chips do not fly very far and most people there really didn't want to handle a mush, wet, smelly cow chip! The horseshoe pitching contest and a few of the other games were also stopped because of the rain but the large crowd kept themselves both busy and entertained with the many other activities that were held throughout the day.

By being present throughout the day, my best guess on the number of persons attending would have to be at least four hundred or better. Some stayed for the entire day and some came but left early. Regardless of the number that might have left before the schedule of activities ended, it would be hard to recall any other event held recently that attracted as many out of town and local residents to the Knox City area. During the planning stages, some thought the event should be held within the city limits to better benefit more local people. The City Park was mentioned as a possible location. However, after witnessing the large crowd that attended the event Saturday, the sponsors knew they had selected the best possible location because there was no place here in town that could have handled the crowd. Most of the chili cooking teams that traveled to the contest from other cities and locations had campers and trailers so they could spend the night on Friday and get a very early start on their cooking Saturday morning. The large number of campers and trailers would have swamped our small City Park and the traffic to and from the area would have caused large traffic jams anywhere within the city limits. Even with all the space available at the David Albus farm site, there were times throughout the day when a parking place was difficult to find!

In order to bring this event to our community, a few of the Chamber of Commerce directors worked very hard and put in a lot of hours to insure a successful outcome. There are undoubtedly many who were involved in the planning and work, but two directors worked extra hard and deserve a lot of both praise and thanks for their efforts. Jean Carol Kuehler and David Albus were instrumental in making the First Annual Fall Festival and Chili Cookoff the huge success that it was. Many compliments were received, but the

AND THE WINNERS ARE -- Coming up with first place in the Knox City Chamber of Commerce's First Fall Festival and Chili Cookoff was Oscar Grey and his family with their Little Brothers chili.

Cookoff Is Big Success

The Fall Festival and Chili Cookoff sponsored by the Knox City Chamber of Commerce this past Saturday was termed a complete success by chamber directors as the event attracted over 400 persons from throughout the area.

Held at the David Albus Farm just north of Knox City, the day's events were dampened somewhat with almost continual rainfall. The weather caused the cancellation of a few events such as the horseshoe pitching tournament and the cow chip throwing contest, but the Miss Chili Powder contest and the chili cooking went on as scheduled.

Appearing before a good sized crowd huddled under a large awning, Michelle Bateman, Marilyn Benson, Amber Berryman, Angie Norton, and Becky Smith were the contestants in the first ever Miss Chili Powder Contest. The contest ended with the selection of Amber Berryman as the winner. As Miss Chili Powder, Amber was present throughout the day to preside over the activities and to take part in the final awards ceremony.

After a long day of smelling the aroma of cooking chili, the 36 teams that entered the contest gathered out of the rain under the protection of an awning to await the results of the judging. The judges took their time and spent over an hour sampling each different recipe that made it to the finals. After a final tasting by the judges, the names of the top ten winners were announced as follows:

Chamber Schedules Programs

The Knox City Chamber of Commerce, having just completed its very successful First Fall Festival and Chili Cookoff, is already planning another series of promotions for Knox City.

The annual Christmas Appreciation Programs have been scheduled for the first three Saturdays in December as the merchants' way of expressing their thanks to customers for shopping at home.

Chamber of Commerce secretary-manager Doris Crownover said a list of participating merchants would be made available to the News office next week, and merchants will begin giving tickets on Monday, November 14.

The Chamber will sponsor the Miss Merry Christmas pageant again this year to be held on Thursday night, December 15, in the school auditorium. More details will appear in a later edition of the News.

Scheduled to begin in January, a new Chamber-sponsored program will be the "Employee of the Month" and should be one in which a number of persons will be interested.

Chili Supper Set Friday Before Game

The Knox City Senior Citizens are sponsoring a chili supper with all the trimmings Friday, November 11, from 5:00 to 7:00 p.m. at the Senior Citizens Center at 608 East Main.

Senior Citizens are hopeful that football fans will take advantage of the opportunity to 'eat out' prior to the last district game Friday night and attend the chili supper where they can enjoy dessert, tea or coffee with their chili and trimmings.

Price of the supper may be noted in an ad elsewhere in this week's News.

BAND ROYALTY - Seniors Peggilee Wupperman, daughter of Band Director and Mrs. R.L. Wupperman, was crowned Band Sweetheart while Greg Skiles, son of Mr. and Mrs. Weldon Skiles, was named Band Beau in ceremonies Friday night. Mr. Wupperman is shown behind his daughter.

Hounds District Champs

Hounds Shoot Down Jaybirds

By DAVE THOMPSON

In last Friday night's Coming Home game against the Jayton Jaybirds, the Knox City Greyhounds totally dominated the action as the visiting Jayton team went down to defeat by the Hounds, 21 to 0. This defeat gave the Hounds the District 3-A championship.

In first half action at Greyhound Stadium, the fans witnessed a tough defensive battle between the Greyhounds and the Jaybirds. Knox City scored first very early in the first quarter after good yardage plays by Joe Paul Flores, Otis Lockhart, and Wayne Hutchinson ended with a run into the end zone for six points by Steve Oudems. The point after kick was good, putting the Hounds out front, 7 to 0.

After the Greyhounds scored, the first half action continued as a defensive battle with Jayton able to hold the Hounds to just 74 yards rushing and 51 yards by passing. Quarterback Hutchinson attempted 11 passes during the half, completing four for the 51 yards with two pass interceptions. There was a brief moment of excitement just before halftime when Jayton intercepted a Greyhound pass for a touchback and possession of the ball. With just 15 seconds left on the clock, time expired before Jayton had the opportunity to move the ball.

Third quarter action literally exploded as Greyhound Otis Lockhart scored six points on a run with 9:46 still remaining on the clock for the quarter. Hutchinson's point after kick was good, running up the score to 14-0 in favor of the home team.

Another third quarter score by Knox City followed a fancy play as quarterback Hutchinson handed off to Dwayne Watkins who in turn passed

the ball for long yardage to Joe Paul Flores. A catch by Flores enabled him to turn and take the few steps between himself and the goal line. With the score then 20-0, Hutchinson placed another point after kick between the uprights to up the score to Knox City 21, Jayton 0 with 4:32 left in the third quarter.

There was no further scoring in the third quarter as both teams settled down to a tough defensive game. The Jaybird defense seemed to come alive early in the fourth quarter and stopped the Greyhounds cold on two successive series of plays. That defensive effort by Jayton seemed to fire up the Greyhound defense as the Hounds made several key defensive plays, including sacking the Jayton quarter-

back several times for big yardage losses. Mike Morales from Jayton tried to pull his team into scoring position with a 20 yard run that placed the Jaybirds in good scoring

Best of Show Award went to the Knox County Hospital M.A.S.H. Unit Chili with Rich Wheeler, Nona Hutchinson, Frieda Wright, Betty Collins, Eulala Hearn, Melvin Bruggeman and Debbie Bishop.

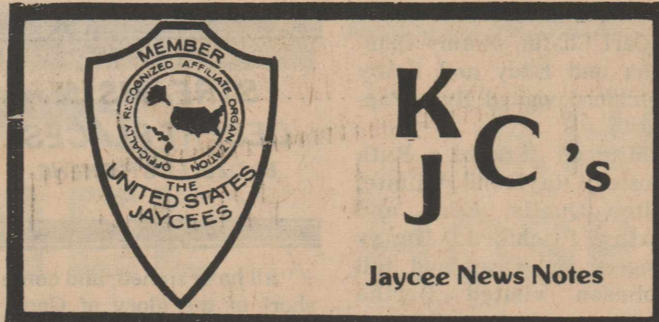

After the end of the day's events and cleanup of the area, the somewhat tired Chamber of Commerce directors talked over the successful event and made predictions that next year's "second annual" chili cookoff would be even bigger, better and (hopefully) drier!

Individual booths will be available and profits from each booth will go to that particular organization or individual. Booths are limited to six feet by three feet.

Entry deadline has been extended and interested persons should call committee chairwoman Becky Baker at 658-3328 or homemaker president Marlene Siepel at 658-3625.

The event is something new for Knox City and officials are hoping that the bazaar will draw good participation.

More details will appear in a later issue of the News.

As reported in last week's News, the recent Halloween Haunted House project turned out to be a complete success. This marks the second event that the current Jaycee chapter has undertaken in less than six months to benefit the children of Knox City and all of the Jaycees feel very good about this. Current plans call for a repeat of the projects next year.

The Jaycees were made aware of a comment concerning the Haunted House project that was being passed on to customers by an employee of a local business. It seems this employee felt it was necessary to tell her customers her opinion that she felt the Jaycees were probably all drinking at the Haunted House project. This comment was challenged by a Jaycee who happened to be in the store and was also discussed by those members present at the last meeting. Not knowing the reason behind the comments, all of the Jaycees felt that it was best to set the record straight to the public. This Jaycee Chapter has an unwritten law that alcoholic beverages will not be allowed at local Jaycee events. It is also a written rule that no alcoholic beverages will be allowed on the premises of the Railroad Depot Building that we have leased from the city as a future meeting hall. The chapter inserted that clause when the lease requirements were discussed and voted on. That is the way that the majority of the members wanted it, and THAT'S THE WAY IT IS. The Jaycees are proud to be a community service organization for Knox City and the members of our local chapter take a firm stand against any person who tries to belittle what we are trying to accomplish with our work and projects.

Our raffle ticket sales are going great! This project is

being used to gain additional funds for the restoration of the Railroad Depot as our future meeting hall. Tickets are still on sale from any Jaycee member. Richard Ferguson and Don Hawkins have been the leaders in sales so far. The tickets are just \$1.00 each or six for \$5.00 and the prize to be given away is a hindquarter of beef from Jaycee Rob Harrison at Bob's Super Save. The drawing for the winning ticket will take place during the halftime of this week's ballgame against Motley County here at Greyhound Stadium. School Superintendent Bill Baker has given the Jaycees permission to sell more tickets at the gate prior to the game. If you haven't purchased your tickets yet, be sure to look for the Jaycees who will be at the gate.

The next regular scheduled meeting will be on Wednesday, November 16, at 8:00 p.m. at the Community Center. Any young man between the ages of 18 and 35 who is interested in our organization is cordially invited to attend.

Homemakers Send Out Invitations

The Knox City Circle Extension Homemakers are busy preparing for their first annual Arts and Crafts Bazaar to be held in Knox City on Saturday, November 19, and invitations have been sent to more than fifty-five clubs, businesses, and individuals to join in the event.

The bazaar will be held in the Knox City American Legion Hall next door to Allsup's between the hours of 10:00 a.m. and 5:00 p.m.

Individual booths will be available and profits from each booth will go to that particular organization or individual. Booths are limited to six feet by three feet.

Entry deadline has been extended and interested persons should call committee chairwoman Becky Baker at 658-3328 or homemaker president Marlene Siepel at 658-3625.

The event is something new for Knox City and officials are hoping that the bazaar will draw good participation.

More details will appear in a later issue of the News.

Irrigation Evaluation Checks Total System

By Jess J. Jackson Jr.

Efficient application of irrigation water is the objective of every irrigation farmer in today's tight money situation. Efficient irrigation water application means that the water is applied uniformly over the irrigated area with the minimum loss to evaporation, deep percolation, and runoff.

Soil Conservation Service personnel have methods to test the efficiency of a wide variety of irrigation systems. Center-pivots and siderolls can be evaluated to find evaporation losses, uniformity of water application to the soil surface, worn nozzles, and compatibility of the operating pressure with the

nozzle in use. Surface irrigation systems are evaluated with respect to seepage losses in open ditch delivery systems, flowrate and total application to individual furrows, water lost for production due to deep percolation, and water lost in tailwater runoff. In each case the SCS will determine the cost to pump the irrigation water and develop alternatives for improvement of the systems.

During the past year the SCS in Knox City has evaluated three systems. One sideroll and two center-pivot systems were checked and after suggested changes in nozzle size were made to im-

prove pattern efficiency, application efficiency, and reduce evaporation losses the overall efficiency of these systems was improved from twenty to thirty percent which will reduce irrigation costs for these systems in years to come.

The SCS in Knox City will continue to evaluate irrigation systems in Knox County at the producer's request to insure that everyone is getting the most from their irrigation dollar while conserving water.

From Page One

ultimate compliments came from those who had attended many different cookoffs and remarked how much they liked this one in comparison to others they had been to.

Along with the work of these two key people, the success was a combined effort of many who volunteered their time, both for the work and also for a chance to join in on the fun! All involved deserve our thanks for helping to put the name of Knox City in the minds of so many from so many different places.

The Chamber sold food that was prepared by many of its members; the cooking was fun to watch and most important of all - tasted great! School Superintendent Bill Baker and his wife Frankie cooked the tastiest item that I ate all day long, a Mexican food entree that was delicious!

I was allowed the privilege to MC the Miss Chili Powder contest, an event enjoyed by all! The young ladies who participated were really good sports about the weather that infringed upon their contest. It would be my guess that not too many pageants have umbrellas as a necessary part of the wardrobe! With Knox City High School Senior Amber Berryman chosen as "Miss Chili Powder" by the out of town judges, the event ended with a rousing round of applause from all present.

The efforts of the many different teams that entered the chili cooking contest also deserve some highlighting as the aroma of fresh cooking chili that was prevalent all day throughout the site seemed to stir everyone's appetite.

A lot of the teams tried out for showmanship as well as cooking. The varieties of different costumes and actions seemed to add an extra flavor of excitement to the day. Our own Knox County Hospital team captured the honors in the "Best Of Show" division. They portrayed a "M.A.S.H." unit in action, complete with an operating room, a patient, all the necessary surgical equipment to operate on fresh cooking chili, and an IV bottle that provided a healing solution that could be placed in the same classification as good ole moonshine! (You Revenooers just disregard that!) An added attraction to the hospital's display was the presence of "Klinger," acted out by Hospital Administrator Rich Wheeler. Those of you who see Rich in the next few days should make it a point to tell him how terrible he looks in a dress!!

With radio station KVRP broadcasting hourly reports to advertise the events of the day to interested listeners, many who were present at the cookoff got to be "on the radio" for the first time in their lives! A senorita named "Juan" got the surprise of her life when her (supposedly under the influence of tequila) story about just swimming the Rio Grande went out over the air throughout the big country! Leatrice Reeves said later that she had no idea she was talking on the radio, she thought she was just talking on the phone! - Now I really wonder what was in that "tequila" jug she was carrying around!! Another group who went live over the radio, the "Hillbilly" group of Perry Kuehler, Larry Welch, Mary Ann Albus, Gary Kuehler, and Johnny Melton, consented to sing their ver-

sion of the Beverly Hillbillies' tune. Their musical instruments included a jug, a wash tub and spoon and a washboard, and their performance is guaranteed NEVER to make it into the top 40! Speaking of radio performances, if you happen to see Judy Perdue you can ask her how she felt celebrating her birthday on the radio at a chili cookoff!

All things considered, the day seemed to be a fantastic success. The weather tried its best, but still could not dampen the spirit and enthusiasm so evident in those participating and attending. It was a "first" annual type of event; the title hints at more to come during the following years. With such a success at the beginning, there is little doubt that this could grow into a very big and very profitable fund-raiser for the Knox City Chamber of Commerce in future years. The day was really more than just a fund raiser. It was an event that drew many together in a festive atmosphere of friendship while promoting the name and location of our community at the same time.

To the many who planned, provided, worried, and worked so hard: THANKS for a really fun day!

Memorial Service Held Here Friday

Memorial burial services for Cora Inez Darr Gains, sister of Knox City resident Wayne Darr, were held Friday morning, November 4, at 10:30 a.m. in the Knox City Cemetery. Eddy Pitchford, Church of Christ minister, officiated. Her remains were brought back here from San Antonio and buried in the Knox City Cemetery in the family plot.

Born May 17, 1912, Mrs. Gains passed away on December 20, 1981. She was the daughter of the late John and Etta Darr and moved to King County with her parents about January 1, 1920. She graduated from Knox City High School and entered nurses training at St. Joseph's Hospital in Fort Worth where she graduated. She was baptized into the Baptist Church at Brock Community in 1923. She was married to H.W. Gains of Fort Worth in 1934 and went to Germany with him during World War II. She later moved back to Fort Worth and practiced nursing until failing health in the 1960s. She moved to San Antonio and spent the last five years of her life in a nursing home.

She is survived by two brothers, Carl Darr of Paducah and Wayne Darr of Knox City; two sisters, Hallie Darr Thompson of Clyde and Marie Dodson of Seguin; and several nieces and nephews.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"All have sinned, and come short of the glory of God." (Rom. 3:23).

The Word says, "The heart is deceitful above all things, and desperately wicked; who can know it?" (Jer. 17:9).

John says in John 3:3, "Except a man be born again, he cannot see the Kingdom of God." He also wrote, "Jesus sayeth unto him I am the way, the truth and the life; no man cometh unto the Father but by me." (14:6).

John also said, "God so loved the world, that he gave his only begotten son, that whosoever believeth in Him should not perish, but have everlasting life." (John 3:16). This is the only way for man to escape the everlasting, burning fires of hell; to call on The Lord Jesus Christ to forgive him of all his sins and come into his life and live within him.

The word says again, "He hath made him (Jesus) to be sin for us, who knew no sin: that we might be made the righteousness of God in him." (11 Cor. 5:21). Jude wrote, "God is able to keep you from falling, and to present you faultless before the presence of his glory with exceeding joy." (Jude 24). If you have been born of His Spirit, washed in His Blood you have Blessed assurance. You can say, Jesus is mine. Oh what a foretaste of glory divine. This is my story, this is my song, Praising my Savior all day long.

Horticulture Course Set November 14-17

An Ornamental Horticulture Short Course for adults will be held November 14-17 under the sponsorship of the Knox City-O'Brien High School Vocational Agriculture Department, according to W.R. Baker, Superintendent, and Jim Dillon, teacher of Vocational Agriculture.

Dr. Anna Beth Neason, Horticulture Specialist with the Agricultural Adult Education Program and the Department of Horticulture at Texas A&M University, will do the instructing in the course. Dr. Neason holds R.S., M.Ed., and Ph.D. degrees in agricultural education. She is qualified as a certified teacher of horticulture in the vocational agriculture program in Texas.

The short course at Knox City is scheduled to begin November 14 at 7:00 p.m. in the Vocational Agriculture Building. During the dates the short course is in progress, Dr. Neason will be available to assist enrollees with individual problems and to provide on-the-farm and in-the-home instruction.

Persons interested in attending the short course should call or write the Teacher of Vocational Agriculture, Jim Dillon. Hor-

ticulture Short Course Certificates will be presented to enrollees who attend all four of the training sessions.

Dr. Neason states that the short course can be adjusted to the wishes and interests of the people enrolled, but that she expects to cover such subjects as plant growth and development, propagating media, plant propagation, developing and maintaining the landscape, establishing and caring for lawns, houseplants, and greenhouse production, operation and management. The course includes classroom instruction as well as laboratory-type instruction with the class enrollees taking part.

Short courses in Ornamental Horticulture, as well as in other subject matter, are available to adults throughout the state under this cooperative program between the Texas Education Agency and Texas A&M University.

It's Getting Closer!

The Nose Knows.

An aromatic chemical is added to natural gas to give it a distinct odor. One that's easy to detect.

It's this distinct odor and knowing what to do when you detect it that keeps gas safe.

If you're outdoors and smell gas, you should call your local Lone Star Gas office.

If you're indoors and detect faint whiffs, check to see if a pilot light has gone out or a burner valve has been left partially open. These are corrective steps you can take yourself.

If your equipment is working properly and you still smell gas, please follow these precautions:

1. Don't switch anything electrical on or off. Don't strike a match or do anything that could cause a spark.
2. Have everyone leave immediately, leaving door open to help ventilate.
3. Go to a nearby phone and call Lone Star.

Help us keep natural gas one of the safest energies available. Use your nose. Then use your head... and follow the proper precautions.

(Just a reminder: Before you do any digging, call your local Lone Star Gas office so they can inform you on pipe locations.)

Methodist Women Install Officers

The United Methodist Women met Tuesday, November 1, at 3:00 p.m., in the church parlor for their regular monthly meeting and the installation service of the officers for the next two years.

A short business meeting was held preceding the program.

Final plans for the upcoming Church Bazaar, on Saturday, November 12, from 9:00 a.m. to 3:00 p.m. were made. Members hope everyone will take advantage of the many items found on display in the Fellowship Hall of the church. A number of useful and attractive articles will be found in the Arts and Crafts division; tasty and enjoyable foods will be for sale in the baked and canned goods section; and a lot of unusual items can be bought at a very nominal price in the "White Elephant" booth.

The local UMW will serve a noon meal consisting of homemade stew, cornbread, dessert and a drink from 11:30 a.m. to 1:30 p.m.

NASHVILLE TOURISTS

Several area folks were on the KLUR-Red Carpet Nashville Express last weekend. They left Thursday evening October 27 at 8 P.M. and traveled by bus arriving in Memphis, TN for breakfast. They visited Graceland and Elvis Presley's home, then went on to Nashville and attended Opry Land USA. They arrived home Monday, October 30.

Among the tourists were Benjamin residents Shari and Shirley Brown and Betty Lyles.

FOOTBALL ROYALTY

Thursday night despite the rain the Benjamin Junior High team played Guthrie here at home. The local boys won, finishing the season with only one loss. The football hero and sweetheart were also presented. Sulynn Oxford, daughter of Sue and David Oxford is the sweetheart and co-heroes are Buster Redwine and Jeff Pierce. Buster's parents are Judy Redwine and James Redwine and Jeff is the son of Barbara and Sammy Pierce. All are eighth grade students.

SOROSIS CLUB

The Benjamin Sorosis Club met Thursday, November 3, in the club house. Nine members were present.

AMY HARRIS
...busy competing

Gutierrez's Grandchild Dallas Winner

Five year old Amy Harris, granddaughter of O'Brien residents Mr. and Mrs. Humberto Gutierrez, has been busy competing recently with a Dallas drill team.

This particular drill team is composed of four, five, and six year olds. Young Amy is the daughter of Frankie and Betty Harris of Dallas.

The team won first place in competition and first place in best costume in their zone division which consists of six different teams.

With their wins, the drill team will now advance to city competition. They will also perform at one of the Dallas Mavericks basketball games as halftime entertainment at Reunion Arena.

Out of Amy's team she was chosen as the cheerleader for the boys' city football playoffs.

MINUTES OF THE KNOX COUNTY HOSPITAL DISTRICT

October 27, 1983

Members present: Vernal Zeissel, Buster Lowrey, Richie Smith, Ray Lynn Hardin

Members absent: Stanton Brown, Bernard Brown, David Perdue

Others present: Richard Wheeler, Randy Abernathy, Dan Powers, Gene Vineyard
The October Board of Directors meeting was called to order at 8:00 p.m. by the Board President Vernal Zeissel.

The minutes of the September board meeting were read by Rich Wheeler and approved as read.

The board then engaged in a discussion concerning the next scheduled board meeting. Since the next scheduled board meeting falls on Thanksgiving it was decided to move board meeting one week to November 17.

It was also decided that, because of daylight savings time, the board of directors meeting should be moved to 7:00 p.m.

Rich Wheeler then gave an overview of the Medicare Survey conducted in the last part of September. It was noted that the staff and administration of the Hospital were praised for the great strides they had taken toward improving health care delivery in Knox County during the past two years. The main concern of the survey team being the age and condition of the hospital building.

After a long discussion about the recent Medicare Survey, the condition of the existing building, and the ramifications of acquiring a new building, it was decided to conduct a possibility study, at no cost to the Hospital, concerning the acquisition of a new structure.

A financial report of the hospital was then given by Rich Wheeler, followed by a list of September accounts payable to be approved. Richie Smith moved the accounts payable be approved and paid as listed. Buster Lowrey seconded the motion. The motion passed unanimously.

With no further business to discuss, Ray Lynn Hardin moved the meeting close. Richie Smith seconded the motion. The motion passed and the meeting adjourned at 9:50 P.M.

Mrs. Angle 'Re-Adopted' As Leader

Again this year, Girl Scout Troop 112 has chosen Billye Angle, publisher of *The Knox County News*, as its community adopted leader.

The idea behind the program is for each troop to select a community leader in its hometown who is interested in the Girl Scout program. Throughout the year, the troop will include its leader in its programs and activities, as well as remembering its adoptee on special occasions.

The program also aims at involving the Girl Scouts in their community and to help them learn about the different people who help serve their community.

Mrs. Angle was Troop 112's adopted leader last year and again the troop thanks her for accepting the position.

KC Officer Receives Certification

Knox City Police Officer Daryl Clifton recently graduated from the Basic Law Enforcement Academy held in Abilene at the West Central Texas Council of Government's building.
After completing 360 hours of schooling and taking a final state exam he is certified in ECA and CPR. Clifton also received his Basic Certification certificate last month. Permanent Police Officer status will follow within one year. Officer Clifton was hired as a policeman for Knox City in May of this year.

Band Wins II Rating In Marching

The Knox City High School Marching Band was awarded a Division II rating (excellent) in the University Interscholastic League's Marching Contest held last Wednesday at Memorial Stadium in Wichita Falls.

In twirler competition, head twirler Peggilee Wupperman received a Division I (superior) rating, Shari Evalt received a Division II (excellent), and Jenny Vasquez received a Division III (good).

The twirler trio received a II.

Band Director R.L. (Dick) Wupperman is to be commended for the fine improvement the KC Band has made since he took over several years ago.

The concert and sight-reading contests will be held in Vernon in April, Mr. Wupperman said.

AMBULANCE SERVICE

Winterize your home for lower electric bills.

Follow Reddy's tips this winter to help you save money on your electric bills:

CALL YOUR HEATING SERVICE SPECIALIST NOW.

Have your heating unit checked NOW by a qualified specialist to put it into top operating condition. Not only will you minimize the possibility of a costly and uncomfortable breakdown in the middle of winter, you also will help to keep down home operating costs. Have it serviced early, before your serviceman or dealer has a waiting list.

SET YOUR THERMOSTAT AT 68 DEGREES OR LOWER.

Leave your thermostat at 68 degrees or lower in the winter during the daytime, and turn it down a few degrees when you retire at night.

ADD TO THE INSULATION IN YOUR CEILING AND WALLS.

Insulation comes in rolls, loose fill or batts. The "Resistance-value", or "R-value", indicates the ability of a material to keep heat from passing through it. The higher the "R-value", the more heat the insulation will keep inside in winter and outside in summer. Values up to R-30 in the ceiling and R-16 in the walls are recommended in these areas.

KEEP CAULKING AND WEATHERSTRIPPING IN GOOD SHAPE.

Sealing of cracks around doors, windows, pipes and wiring should be done to help you save on both heating and cooling costs. Polyurethane or similar caulking, plus felt or foam rubber products, come in easy-to-install form at most hardware stores and will help to draft-proof your home.

WINTERIZING YOUR HOME FOR ENERGY-EFFICIENCY WILL HELP YOU HAVE A MORE COMFORTABLE WINTER WITH LOWER ELECTRIC BILLS

Firemen Undertake Rescue Tool Project

By Dave Thompson

The Knox County News has received information that the Knox City Volunteer Fire Department is currently undertaking a project to raise the funds necessary for the purchase of a new life saving rescue tool, the "Jaws Of Life."

This rescue device is in widespread use throughout the country with both Fire Departments and Rescue Units utilizing "Jaws" to save the lives of people trapped in their automobiles after crashes. A mechanical device used to pry and cut metal apart, the "Jaws Of Life" is capable of prying open car doors, cutting through car roofs, and much more when used in rescue service.

Another county fire department recently started a drive to obtain a similar rescue tool. They approached fire and police officials in all the cities of Knox County with the idea of the entire area pitching in and obtaining one central tool that would be kept in Munday.

Since the demand for this type of equipment requires immediate availability whenever it is needed, the members of the Knox City Fire Department did not feel that residents of Knox City would benefit greatly from a unit that was stored in another city. While respecting the other department's efforts and goals, Knox City's firemen took into consideration the time required for the neighboring city's firemen to first respond to their station and then drive all the way to Knox City in the event of a call for the rescue tool. The members of the Knox City Volunteer Fire Department feel residents could be served better with a "Jaws Of Life" unit right here in the city.

The expense of this piece of rescue equipment prohibits any immediate purchase. The fund raising project will undoubtedly take a long period of time. With estimates ranging around \$6,000.00, the firemen will attempt to raise the funds with projects such as their recent Turkey Shoot.

This effort by the Knox City Volunteer Fire Department is another example of the kind of department that serves Knox City. Our firemen are constantly training and striving to update both their equipment and techniques to better serve the community. The recent addition of a new fire truck to the department was a major revision of equipment and the professional techniques of

our fire fighters were recently demonstrated at the Firemen's Convention held here a few months ago.

Like other fire department equipment, the "Jaws Of Life" is designed to help save lives when needed in an emergency. The firemen need your help with this fund raising project, and donations may be made to JAWS, in care of the fire department. Important notes to keep in mind are the fact that any donation is tax deductible and, most important of all when available for use, this rescue tool just might save your life or the life of a loved one!

position on the Greyhound 20 yard line.

With Jayton threatening to score, the fans were treated to some really tough and exciting football action as the Greyhound defense exploded as they forced Jaybird Quarterback Trey Richey down in to the turf three plays in a row for big yardage losses that totaled 39 yards.

Late fourth quarter action had both teams exchanging the ball for offensive series

without further scoring success.

Winning the Coming Home game 21-0 over the Jayton Jaybirds, our Knox City Greyhounds are still undefeated in district play. Their only loss of the year occurred in pre-season action. Knox City will host Motley County here at Greyhound Stadium this Friday night, November 11 at 7:30 p.m. for the last district game before the playoffs.

SHOWMANSHIP AWARD - Winning first in showmanship during the Fall Festival and Chili Cookoff Saturday was this team from Munday, the Hillbilly Chili group, who are, from left, C.H. Herring, Clara Herring, Traci Herring, Ray Herring, Mary Herring and Junior Herring.

New Guidelines For Distribution

The past method for the distribution of U.S.D.A. Commodities (cheese, butter, etc.) has been drastically changed.

The method to be used for the distribution and receiving U.S.D.A. Commodities is as follows:

The head of a household must qualify to receive these commodities. The household must qualify by declaring the combined total gross income of all persons living in the household.

Gross income includes amounts of wages received before deductions. Self employed persons must use their

net income, (gross income less expenses).

The net income of applicant will determine if they are eligible to receive U.S.D.A. commodities.

All persons who wish to receive these commodities must be qualified, and application will be taken on the 16 day of November, A.D. 1983, 9:00 a.m. - 12:00 noon at the Community Center in Knox City.

Applicants are asked to bring their Social Security number or Driver's License number or some other type of identification.
