Rains Continue To Splash Area

Little Man With A Big Problem

THE DURN THING'S BROKE---After going to a lot of trouble to find the end of this winding garden hose, little Ricky Rowland seem quite disappointed to find it broken.

With a look of disgust, he just lifted the hose on his shoulders and started looking for someone to solve his problem. He is the year-old son of Mr. and Mrs. Newlon Rowland.

Some Farms Receive Hail

The crop outlook in the Hart area appears to still be bright, despite persisting rainfall totaling more than six inches since last week.

Some heavy hail damage was reported about eight miles northwest of town, toward Dimmitt. About 300 acres of cotton were reported ruined Saturday afternoon as the hailstorm covered about 10 sections.

But in the immediate Hart community, a local gin operator said "right now crops look in real good shape."

"Our prospects here look good in cotton and grain both," the ginner added. He seemed to think damp weather could cause insects to attack cotton, and that farmers are ready for muddy fields to dry so they can combat the thriving weeds.

Some hail fell on potato crops, but were damaged very little, noted a local grain operator. He also asserted that "as a whole around Hart, things are in pretty fair condition for this time of year."

Farmers northwest of town reporting hail damage were Ray Clark, Jimmy Bostick, Ronnie Farris, Paul Brooks and S.R. Hutto.

Half-Price Offer Told

Several hundred Hart area residents took advantage of The Hart Beat's special introductory subscription offer which closed Wednesday.

"In appreciation for the wonderful reception given Hart's brand-new newspaper," said Publisher Bill Turner, "we are going one step further than originally planned."

New one-year subscriptions will be sold at half-price through Friday, Aug. 10, Turner said. On that basis, subscriptions will be \$1.25, plus state tax in Castro and adjoining counties and \$2.00 plus tax elsewhere in Texas. In other states or foreign countries no tax is charged.

Regular prices of \$2.50 and \$4.00 will be in effect after Aug. 10.

A More Prosperous Community Doesn't Guarantee

Happiness

...but it helps

Buy... where your
trade reinforces
the material
foundations of
your own
happiness

The recipe for true happiness calls for various ingredients to satisfy different people... just as cakes are baked with a variety of frostings and flavorings to please different palates. But... with cakes... the basic ingredients are always about the same... flour, sugar, shortening, etc. Much the same thing is true of happiness.

- No matter what type of trimmings each of us may prefer on our individual happiness, the fundamental elements are about the same for all... good health, a good job or a prosperous business, ade-

quate schools for our children, strongly supported churches in which to worship... and many good neighbors, friendly and secure.

- These latter things... call them the material essentials to happiness, if you will... can be assured by a substantial and ever-growing trade volume in our community. Which we, ourselves, can create if all of us spend our money here... where we live and make our living. Spending away from home strengthens the foundations of our city neighbors' happiness, and weakens our own.
