Horns Travel To Anton Friday

HERE'S ACTION from the Hart-Kress football game last Friday night in Longhorn Stadium. Hart fell to the heavier Class A Kangaroos, 37-0. The loss ran the Longhorn

record to 1-3 for the year, and Hart will be looking for victory no. 2 Friday night.

Seek Second Win Of '62

Hart's Longhorns travel to Anton Friday night in search of their second victory of the season. The Horns fell before a mighty Kress attack, 37-0, last Friday night.

Anton lost its opener this season to Kress, 18-0, but the Bulldogs will be the favorite in their game with Hart.

Since the opener, Anton has beaten Ropesville, 28-8; lost to Sundown, 25-6; and whipped Wilson, 34-8.

Anton's offensive stars are Phil Reep and Mike Fowler. Reep scored twice against Ropesville, both on passes from Fowler. He scored three times against Wilson, twice on long runs, with the other TD coming on a Fowler pass.

In losing three of their four ball games, Hart's lightweight Longhorns have been scrappers. They easily could have won a second victory, falling victim to a last-second field goal in the New Deal game, 16-14.

The other losses were to Springlake, 19-0, and Kress, both tough Class A clubs. The Horns beat Canyon B, 12-0, in the season opener.

Hart was outweighed about 30 pounds per man in their loss to Kress last Friday night.

Kress marched 68 yards for its first touchdown of the night, with Mike Freeman going over from eight yards out. Freeman then ran the extra points.

The Kangaroos scored twice in the second period, with Larry Boyd going 15 yards for one score and Harold Lockridge getting the other on a 12-yard scamper. It was 24-0 at the half.

Don Curry, 190-pound full-back, rammed through on a 25-yard run for Kress' fourth score and James Lockridge ran 60 yards for the final Kangaroo counter.

Grid Contest Goes To Jerry Phillips

Jerry Phillips, Kress, won the Hart Beat's football contest last week, missing only one game of the ten on the list.

Phillips was wrong only on the Morton-Farwell tilt, while three other contestants were right on his heels with two misses.

Second place went to Connard Riddles of Wichita Falls and third was won by Todd Varner, Rt. D. Nazareth. Bub Holt of Olton just missed the money.

Checks for \$6, \$4 and \$2 will be mailed to the top three winners.

There's still time to enter the contest for this week. Just get your copy of The Hart Beat,

fill in the entry blank, and turn it in to one of the sponsoring merchants before 4 p.m. Friday.

West Texas Delegations Seek Sugar Beet Acreage

Holly Sugar Corporation has asked the Secretary of Agriculture to set aside 33,129 acres of a national sugar beet acreage reserve for a West Texas-eastern New Mexico area which would be served by a new beet sugar factory Holly proposes to construct in the Hereford-Dimmitt area by Sept. 1, 1964.

The High Plains Sugar Beet Growers, Inc., Plainview, has also asked that its area to be given a sugar beet acreage reserve.

Holly seeks 1964 allotment, along with four others.

Plainview seeks 1965 allotment, along with about a dozen other areas.

The High Plains group does not have a commitment for a processing factory in the area, but is working with Great Western Sugar Co.

Joining Holly in the request were the Texas Beet Growers Association with H. L. Benefield, Hereford, grower, as spokesman, and the Curry County (New Mexico) Beet Growers Association, represented by Howard B. Martin of Clovis.

Shoup testified that Holly has started engineering and design work under a contract with a major construction firm, and that it intends to initiate construction of the proposed West Texas factory as soon as a go-ahead is received from the Agriculture Secretary.

In his testimony today Shoup said that more than 900 farmers in the 4-county area to be served by the proposed new Holly factory has signed statements of intent to grow sugar beets for the new mill on more than 90,000 acres of irrigated land.

"Construction will proceed as soon as we have a green light from the Department of Agriculture assuring sufficient acreage to support an economic unit in West Texas," Shoup said, adding, "favorable action by the Secretary is all that is needed now."

Congressman W.R. Poage of Texas, vice-chairman of the House Committee on Agriculture and a recognized expert on national sugar legislation, made a stirring appeal at the hearing for Agriculture Department action which would open the way for construction of a beet sugar factory in Texas. Congressman Poage pointed out that the intent of Congress when the new sugar law was enacted was to encourage expansion of the beet sugar industry; and he marshaled telling arguments in favor of establishment of the industry in Texas, where there currently is no domestic sugar production aside from the refining of raw sugar brought in from out of state.

Benefield testified concerning the suitability of the West Texas area for the production of sugar beets and the great need for a cash crop to beef up the area's agricultural economy. Similar testimony in behalf of Curry County, N.M., was presented by Martin.

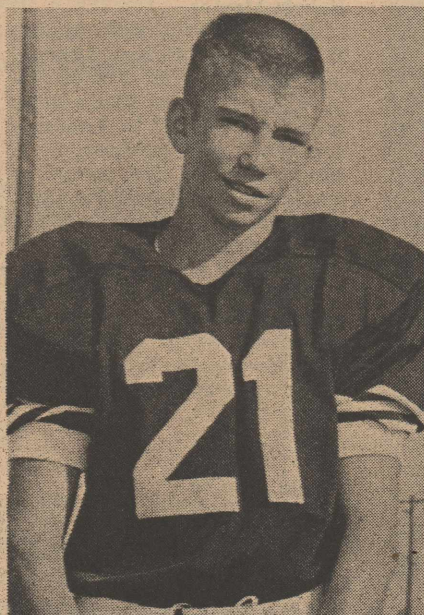

Department officials conducting the hearings said that about two dozen requests for acreage reserves set as de from this year through 1965 were expected to be received before the hearing closed, but it was indicated that a number of these was not associated with definite plans for construction of a processing plant.

There had been no definite word yet from Department officials about when determination of the acreage reserve commitments would be announced, but several of those who testified urged that an early decision be rendered so that planned projects could be carried out in the immediate future.
