HART FFA BOYS WIN AGAIN

*Rudy's
Ramblings*

BY RUDY HARRELL

The election is over and forgotten as far as I am concerned. However, I received a letter this week from a resident of Hart, about my election views, with a request that I print the letter.

I will be most happy to print any letters to the editor at any time as long as they are respectful and interesting to the readers of this column. Simply address the letter to the Hart Beat Editor, Hart, Texas, just as this unhappy gentleman has done.

Dear Editor:

In regard to your personal views in the Nov. 8 issue of the Hart Beat I feel that you did not understand the rules set up by the ctuy election officials. The Republican Party held a primary in this county and was therefore entitled to participate in the general election. The persons to whom you refer were asked if they would serve as supervisors at the polls.

As for their presence revealing that they felt that their friends and neighbors would cheat for the party, I suggest that you make a complaint to the county election officials. If what you print is only hearsay I suggest you print a retraction and an apology.

I do not think there has ever been any cheating at the polls in Hart and I am sure there will never be any such actions. Regardless of whether they be democrats or republicans the people at the polls are honest and to be trusted. I will back them all the way.

Since my brother was involved some people will think I had help in writing this but I assure you that these are my own feelings. I would defend any man against false incrimination.

Sincerely,

Robert Hawkins

Mr. Hawkins:

You are right when you mention that I printed my own personal views. Just as you have a right to express your views in your letter and in this paper, so have I.

CONNIE BAILEY AND CAROL MOUSNER take time out Saturday to "play" in the snow. Snow covered the entire Hart area with up to three inches reported by some farmers.

THIS IS THE 1957 Ford truck driven by Lyndall Warren Saturday evening when struck a vehicle owned by Clyde Hancock of Arney.

Win Three First Places

Lanny Tucker's FFA boys came through again for Hart High School this past week at Plainview's District FFA Leadership Contest.

Tucker has had an outstanding year at Hart and his students have placed high in every contest entered.

The group won top honors in farm radio, junior chapter conducting and senior chapter conducting.

Farm radio-- Hart, first place; Cotton Center, second; Tulia, third.

Quiz--Tulia, first place; Cotton Center, second; Lockney third.

Junior farm skill--Silvertown, first place; Floydada, second; Hart, third.

Senior farm skill--roaring Springs, first place; Matador, second; Hart, third.

Junior chapter conducting--Hart, first place; Abernathy, second; Floydada, third.

Senior chapter conducting--Hart, first place; Hale Center, second; Lockney, third.

Area Man Injured

Lyndall Warren received a broken arm and severe chest injuries late Saturday evening in an automobile wreck south of Nazareth. He was traveling south to Hart when his vehicle struck the rear of an auto attempting to turn left. His 1957 Ford pick-up glanced into the lane of on-coming traffic.

A 1962 Mercury driven by Clyde Hancock of the Arney community hit the Warren truck head-on. Warren was thrown into the steering wheel and received chest injuries.

Mrs. Hancock received facial injuries when she hit the windshield of the Mercury. Her husband was slightly injured. His lip was badly cut and a tooth was broken.

Baptists Hold Youth Day

The First Baptist Church observed Youth Day Sunday, Nov. 18. A Wayland student from Idaho, Larry DeLane, preached for both services. The young people were in charge of the entire church services. Youth fellowship was held in the C.B. Martin home after church.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex.—Capital city folks already are getting "Inauguration Fever."

"Inaugural plans for Governor-elect John B. Connally will be far more elaborate than any held in the past decade." So reports Frank Erwin, secretary of the State Democratic Executive Committee, who is in charge of arrangements.

Festivities will begin the evening of January 14 when 5,000 Democrats are expected to pay \$25 a plate for a Victory Dinner in Austin's Municipal Auditorium.

On the morning of the 15th, there will be an interfaith Prayer Breakfast in the Driskill Hotel.

At noon Governor-elect Preston Smith will be "sworn in" in a ceremony supervised by the State Senate and House of Representatives.

Inaugural parade, following the ceremony, is expected to be one of the largest ever held in Austin. High School bands from all over the state are accepting Connally's invitation to participate. Many out-of-town floats also will participate. Also taking part will be the U. S.

Navy, with salute to its former secretary, John Connally.

The Capitol and all state buildings on its grounds will be illuminated that evening. All Texans will be invited to greet their new chief executive and other elected state officials and enjoy refreshments and entertainment in the Capitol.

This gala evening event is a brand new innovation.

TEXTBOOKS SELECTED—State Board of Education voted to accept the State Textbook Committee's recommendations for new texts in 13 public school courses, and approved its recommendation not to select new economics texts at this time.

In compiling a list of some 65 textbooks for selection by local boards, the 15-member committee studied 188 books submitted by 33 publishers, with the assistance of 517 professional advisors and 400 laymen.

Texas Education Agency experts in 10 fields then reviewed their selections and submitted some 400 suggested corrections, which the publishers agreed to make.

Most of the corrections refer to typographical mistakes and minor factual errors.

State Library agreed to keep a copy of each recommended text so that they will be available to individuals who may want to protest acceptance by local school boards.

Board of Education also will send samples to local boards, according to enrollment: one set for 500 pupils; 16 sets for 10,001 to 50,000 pupils; etc.

Local boards must appoint their selection committees by December 15.

REPORT POSTPONED—House Textbook Investigation Committee postponed completion of its final report to the next Legislature for the second time.

Committee, headed by Rep. W. T. Dungan of McKinney, will meet on December 27. Then each of its five members will submit individual reports on hearings held in Austin, Amarillo and San Antonio.

Decision to make separate reports from each committee member underscored the squabbling which has beset the committee since it began public hearings last January.

Committee voted to exclude mention of a Dallas hearing, where former Maj. Gen. Edwin A. Walker testified, since Representative Dungan was the only member present.

RABIES DOWN—State Department of Public Health reports that the incidence of rabies is decreasing.

For example: the number of rabie cases reported between January 1 and September 30 of 1953 was 1,336. Reports for the same period in 1962, nine years later, totaled 448.

No cases of rabies in bats were listed from 1953 to 1956. But they numbered 26 this year.

Dogs were the animals most frequently infected with rabies. Foxes followed second.

Only 15 cases of rabies in humans have been reported over the past 10 years.

EIGHT DAYS AGAIN—Texas Railroad Commission has set an eight-day oil allowable for the 11th month in a row.

January was the last month that oil producers were allowed to operate prorated wells on a nine-day allowable.

Texas Independent Producers and Royalty Owners proposed fractional-day orders.

A spokesman for the Texas Landowners and Independent Producers Association said his group will ask the Legislature to change the market demand law so the Railroad Commission can set allowables on a basis of Texas' share of national oil reserves.

But Chairman William J. Murray Jr. stated that the commission believes it now has the authority needed "to set allowables as high as the market will take." He added that the commission would go to fractional days, or to a percentage, if such a step is needed.

Murray also said that a plan for tougher new test requirements in the East Texas filed is being devised by the commission.

HOUSE CEREMONY—Speaker of the House James A. Turman invited newly-elected members of the House of Representatives to take their oath of office in a mass ceremony on November 23.

That's the day votes officially will be canvassed and all non-returning representatives will be removed from the House payroll.

Turman's invitation was issued immediately after Attorney General Will Wilson ruled that Turman will continue to serve until his successor, Rep. James Dee Cole of Greenville, qualifies for his new term.

Opinion was requested to clear up a situation muddled by redistricting of legislative districts. Cole was elected to represent a new district which includes his old one as well as Turman's. Members whose districts were abolished by redistricting can hold office until newly-elected members qualify.

PRE-CHRISTMAS SURPRISE—A quarter of a million Texans have received a pre-Christmas surprise.

The aged, the blind and the disabled got a raise in their public assistance checks from state welfare agencies.

Increase amounted to \$9 per month for the 75,000 old folks on maximum relief. Minimum was no less than \$3. Top now is \$82 a month.

LAND INVENTORY—State school land and mineral ownership is being inventoried.

Land Commissioner Jerry Sadler reveals that close examination of over 153,000 separate files is half completed.

He reports that during 1874-1951, school lands were sold under dozens of different statutes.

You suggested that I apologize. To whom? I did not say that anyone was at the polls in distrust. I simply condemned anyone who would do this in distrust. Therefore, if no distrust was intended, I have not "incriminated" anyone.

I am happy that you feel that there has never been nor will be any dishonest at the polls. Since you seem to have a great deal of confidence in your fellowman, why not see that the "supervisors" aren't used next election. Why use supervisors if everyone is honest?

Please understand that I respect your opinion. I deeply appreciate your letter and I am happy to know that someone reads this column!

Respectfully,

The Editor

.....

I received a letter of a milder nature this past week from the mothers of the Hart football players and managers. It is most fitting that this letter be printed here because of its meaning.

Dear Editor

The Hart Mother's Club wishes to take this opportunity

to express our deepest and most sincere "thanks" to each and every person in this community who who helped us in our efforts to raise money for the purchase of a new movie camera for the athletic department. The coaches used the camera to film the football games.

"Thanks" are also extended to those who aided in preparing food for the football players' suppers and for the aid in buying pom-poms for the pep squad.

We especially want to thank Mr. and Mrs. Bud Hill for the

use of their camera for the last three years and Mr. and Mrs. O.D. Dinwiddie for their donation of a movie camera used as a trade-in for a new camera.

We also extend appreciation to the merchants of Hart who helped with various supplies. Those included are Newsom's Grocery, Hansen's Grocery, B & K Grocery, Hart Food Locker, Lilley's Cafe and Guy Porter.

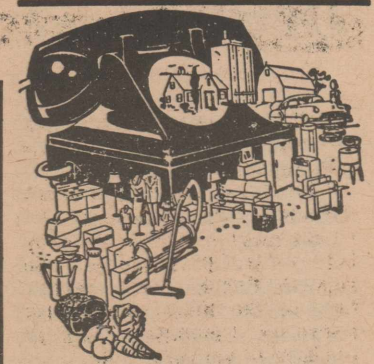

Thanks are also due to the mothers of the pep squad girls

who gave so much time to operating the concession stand and to Mmes. Paul Kennedy, Ed Bennett, Lloyd Farris, Worth Jones, Joe Bailey and Mrs. Lavern Martin who provided electric roasters and coffee makers for the games.

"Thanks." It has been well worth the effort! Words cannot express our gratitude for the blessings we enjoy by living in a community like Hart.

Thanks so much for everything! The Mothers of the Hart Football Players and Managers

It seems that so many area folks are talking about the fine efforts made by the community and the football team this past season. I would like to express my personal "thanks" to the football players for their cooperation in allowing me to photograph them and especially to the coaches for their willingness to give some of their time to me for interviews.

MCKAY'S VISIT

Mrs. Elmer McKay and children were in Paducah Saturday.

MRS. ELRA PHILLIPS

RECIPE OF THE WEEK

LEMON CHESH PIE

1/4 cup butter
1 3/4 cup sugar

2 Tbsp. flour

Blend the above ingredients. Then beat 4 eggs until well mixed. Add to butter and su-

gar mixture add juice and peel of 2 lemons, and 1/4 tsp. lemon extract.

Pour into unbaked crust and bake at 450 degrees 10 min, then reduce to 350 degrees for 10 to 20 minutes.

Mr. and Mrs. Elra Phillips came to Hart in September to assume duties at the First Methodist Church of Hart.

They moved here from Lucbock where he had served as pastor of Cooper Methodist Church.

Mrs. Phillips enjoys her churchwork and finds time to pursue her hobby of making ceramics. She possesses a large collection of dishes, bowls, pitchers and various other pieces of great interest.

Mrs. Phillips has been able to put her talent to use by making grapes and other decorations for the Thanksgiving Supper held last Wednesday.

One of her favorite recipes appears in the Hart Beat this week.

VISIT AMARILLO

Mr. and Mrs. Willis Hawkins Sr. were in Amarillo Thursday on business.

Celebrate Golden Anniversary

Mr. and Mrs. Roy McLain celebrated their Golden Anniversary in their home Sunday Nov 18, from 2 to 5 p.m.

Guests were received by Mrs. L. D. Cox of Brownfield and 35 names and 30 gifts were registered by Mrs. Ellis Cox also of Brownfield.

The table was decorated with a centerpiece of yellow carnations. Crystal and silver appointments were laid on a white demask cloth.

Refreshments of Wedding cake and punch were served to the guests by Mrs. Witcamp of Roswell and Laverne Perry of Roswell.

The honoree was presented with a corsage of yellow carnations.

The hostesses for the occasion were Mrs. L. D. Cox, Mrs. Witcamp and Miss Perry.

LONGHORNS STOMP VEGA

SPORTS

Hart Wins Easily

BY RUDY HARRELL

Last Friday evening the Vega Longhorns came to town to romp the lightweight Hart Longhorn team. As the two teams warmed up for the opening kickoff I heard several fans comment on the large size of the Vega team. The visitors boasted a line average of 170 and a backfield corp averaging 166 per man.

I have no doubts that weight was considered when the Plainview Amarillo and Lubbock papers chose Vega over Hart. One writer picked Vega 38-18.

It was amusing to me that one staunch Hart fan picked Vega 50-0 in the weekly football contest.

But, somebody forgot to tell Coach Dub Cleveland's boys that they were supposed to lose. The game had been in progress only a few minutes when it became evident that the Hart boys were not giving the game away.

Senior Johnny Kittrell ripped through the Vega line as if he were playing for dear life. Kittrell carried the ball over the visitors to the five yard line and scored on the next play. The extra point try failed.

I must confess that at this point of the game I was not convinced that Hart had the game wrapped up. Even the fans seemed to feel that at any moment a Vega back would break loose to even the match.

At half time the score remained 6-0.

When I heard the Vega boys come back on the field I knew that anything could happen.

Something did happen! The Vega Longhorns found themselves on a field with a football team which completely outclassed them. The visitors never had a chance.

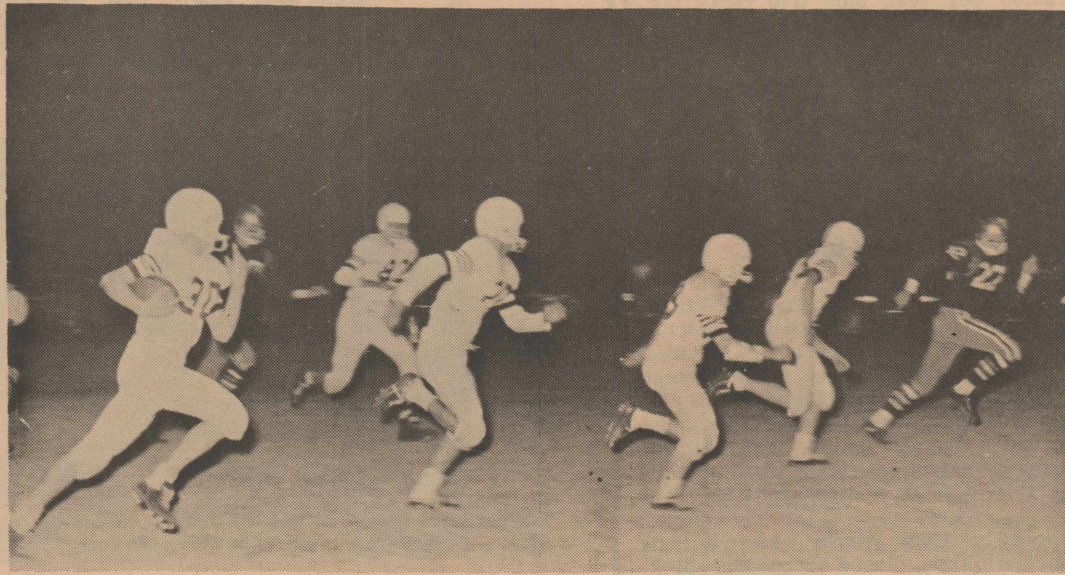

Bill Farris took a pitchout from Joe Rubalcaba, faked out Vega's Wayne Taylor, eluded two would-be tacklers and scooted 45 yards to score.

Four minutes later Dennis McLain ran around the right end untouched for 40 yards and a score. Vega fell behind 18-0 with two minutes left in the third quarter.

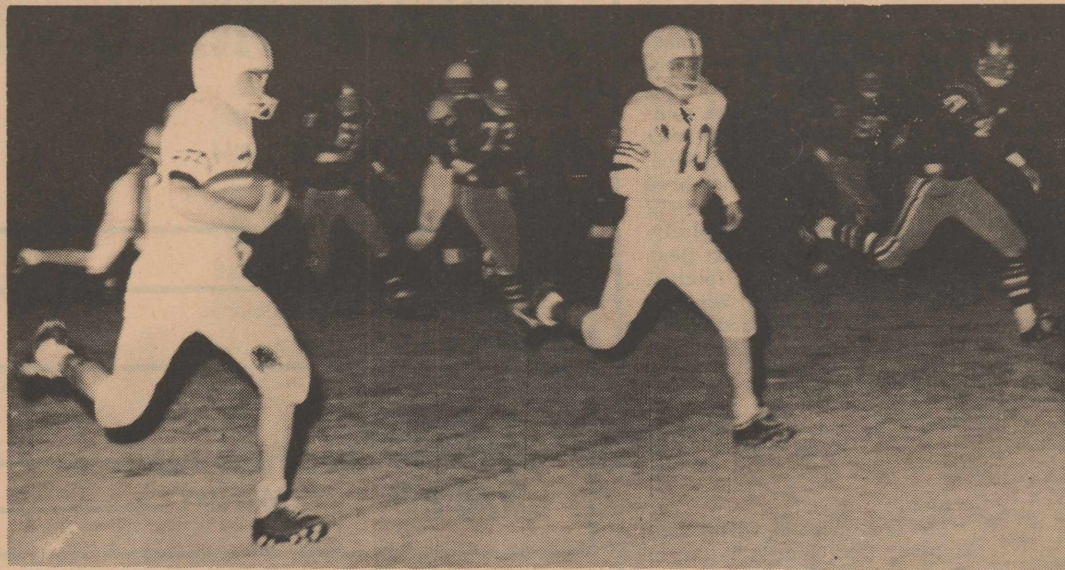

The remainder of the contest found the Vega Horns tackling the cold wind. Time after time Hart backs racked up long yardage against an almost help-less visiting team.

McLain scored again on a six yard run in the last period. Johnny Kittrell, Joe Rubalcaba and Bill Farris joined with McLain in a 65 yard drive to put the ball in to scoring position.

Farris scored again on a three yard dive after Kittrell intercepted a Vega pass and returned it 45 yards.

DENNIS MCLAIN picks up his blocking and scores for Hart on a 45 yard run.

BILLY FARRIS SCOOTs around right end for a 50 yard touchdown against Vega. Joe Rubalcaba runs interference for Farris.

Cleveland used his second and third teams freely in the last few minutes of the game. The end of the season saw every boy seeing action.

I am convinced that the only factor which kept Hart from scoring three more touchdowns was the officiating. I fully realize that the officials need practice in order to step up to a higher calibre of high school games but sometimes I wish they could practice with another school!

Horns Beat Olton

The Hart Longhorns opened basketball season Tuesday evening with a victory over the Olton Mustangs. Both teams entered the contest with only two practice sessions under their belts.

The lack of practice was easily seen. The Horns played rough ball and fell behind 15-9 at halftime.

In the third period Gary Heller hit for six points with Carl Ward and Bill Farris hitting on a field goal apiece. Ken Fincher hit with a free throw and the Horns pulled ahead. Olton scored only three points in the period.

The last quarter saw Bill Farris scoring eight points. These points kept Hart ahead in the contest and Olton was able to hit for only nine points.

Bill Farris was high point man for Hart with 16 points. Farris was followed by Gary Heller with seven points, Jerry Stanley, John Kittrell and Carl Ward tallied a field goal each.

Cowboys Wallop Lazbuddie

The Happy Cowboys walloped Lazbuddie Friday evening to close out the season with an 8-1 record.

The Cowboys went undefeated in district play winning four games. This record gives them full reign as District 1 B Champs.

Jimmy Blackburn who scored three touchdowns and kicked four extra points was the game standout. Other scorers for Happy were M. L. McGehee, 80 yards on pass interception; Richard Kennedy, one yard plunge; Ronnie Middleton, one-yard plunge; Leonard Harvey, extra point on kick, and Kennedy again with a 35-yard run.

Lazbuddie's only score came in the fourth period when Joe Jennings tossed a pass to Gary Brown in a play that covered 25 yards.

Lazbuddie's season record is two wins and eight losses.

The team lost four district games.

Varners Dominate Contest

It was "Varner Week" in the Hart Beat's football contest this week. Todd Varner of Nazareth won first place in the contest. He was the only entry to pick Hart over Vega. Varner chose Hart 12-0 and missed in his selections of Sudan over Hale Center and Texas A&M over Rice.

Gene Varner, father of little Todd, placed second while picking Vega over Hart 6-0 and missing the Plains-Sundown and Texas A&M-Rice tilts. Varner edged out third place winner Jerry Phillips of Kress who picked Vega 20-18. Phillips, in winning third position, missed out in picking Tulia over Lockney and A&M over Rice.

Congratulations to the three top winners. Checks will be mailed out to you immediately.

In this issue of the Hart Beat you will find the last football contest of the year. Why not pick up your paper and win a little extra cash!

Methodist Guild Meet

The Methodist Guild met Monday night, Nov. 19 at 1:30 p.m. in the fellowship hall of the Methodist Church.

The last part of a study course was given on the "Dem-insion of Prayer" by Rev. E.H. Phillips.

Guest present included several W. S. C. S. ladies. They were Mrs. C. B. Landers, Mrs. E. E. Foster and Mrs. R. C. BAailey.

Their next meeting will be held Wednesday, Dec 5, in the fellowship hall.

Advice To Motorists

Dropping leaves and dropping temperatures are signals to get motor vehicles "winterized," J. O. Musick, general manager of the Texas Safety Association, said today.

The safety director also recommended motorists change over now from summer driving to winter driving habits.

"Anticipating the cold weather that's coming, car owners will be wise to check now on their heaters, defrosting equipment and batteries," Musick said.

He pointed out that motor clubs and other organizations rendering emergency road service can attest to the fact that many of their calls deal with battery and starting failures.

"The time to have a battery checked is when it still seems okay," he added.

"Service stations will gladly advise on how to care for the battery on which you depend so much. Oil change, the addition of anti-freeze and putting reinforced tire chains in the trunk should not be postponed until some cold or blizzard morning when thousands of other last-minute car owners are compelled by weather to give emergency attention to their vehicles."

The change-over from summer to winter driving also calls for an inspection of windshield wipers, whose blades may have dried out from summer heat or age, Musick said.

"Automotive experts further recommend that the wipers should exert one ounce of pressure against the windshield glass for each inch of blade length.

"Many service stations and auto dealers now regularly use a simple test device to determine whether your wiper arms exert this pressure, needed to keep your windshield cleared adequately under adverse weather conditions."

Brakes, tires, headlights, parking lights, signal lights, exhaust system, anti-skid tire chains and seat belts are also, important items to check on, the safety director said.

"A motor tune-up appointment with a qualified expert will pay off in dividends of added comfort and safety when bad weather days come--as they will come," he added.

Changing over in driving habits is a "must" for fall and winter driving, too Musick concluded.

MAJOR REPORTS READIED-- The House General Investigating Committee is readying three major reports.

Rep. Charles Ballman of Borger, committee chairman, says the reports concern Hurricane Carla insurance payments, alleged point-fixing in Southwest Conference basketball games and slant hole drilling.

FREE BUS RIDE-- State Board of Education has approved a proposal to make more students eligible for free bus transportation.

Under this change any student living two miles from school and two miles from a franchised

public transportation route may become eligible for free transportation.

TAX ILLS CURED?-- Texas' new sales tax may have cured the state's financial ills.

Similar views on this subject have been expressed by James W. McGrew, director for the Texas Research League, and Sen. George Parkhouse of Dallas, chairman of the State and Local Tax Policy Committee.

The Parkhouse committee will recommend to the Legislature in January some changes, mainly corrective, in the 1961 sales tax act.

He predicted the committee will recommend more new tax exemptions than it will seek to abolish.

Parkhouse says the net result would be a small increase in revenue under the tax now raising \$1 0,000,000 a year.

TECHNICALLY ILLEGAL-- When the Texas Senate convenes in January it will take action which at the moment is technically illegal or unauthorized.

Senators will find themselves in a situation for which no written rule has been cited, in the initial business of getting organized.

There will be no lieutenant governor to call the body to order, name temporary officers or swear in new members.

There will be no holdovers, as a matter of fact, since all were elected this year.

Term of Sen. Culp Krueger as president pro-tem will have expired. He, like the others, will start a new term.

There won't be a lieutenant governor until one week after the session starts.

Probably the selected president pro-tem, or at least some member who has previously taken his oath in private ceremonies, will be designated by the caucus to take the stand, appoint a temporary secretary and sergeant-at-arms and get the show going.

He can administer the oaths,

BUS, TRUCK SPEEDERS-- Texas truck and bus drivers are worse speeders than passenger car drivers. So reports the Texas Highway Department.

Speed recording tests made by the Department shows truckers are the worst offenders with an average speed violation record of 78.3 per cent exceeding the legal speed limit.

Department's annual speed survey shows busses came next to truckers in speed limit disregard. Their average was 63.7 miles per hour.

Average speed of passenger cars was 55.4 mph--within the limits of 60 mph during the daytime and 55 mph at night.

ENROLLMENT UP-- Number of students attending local state-supported junior colleges increased 15.3 per cent over the past year to reach a total of 42,991 on October 15.

Thirty-six of the 37 colleges showed an increase in enrollment.

But Lee College at Baytown showed a decrease of 7.6 per cent. It's estimated that some former Lee students now are attending San Jacinto College in nearby Pasadena, where enrollment boomed by 59.5 per cent.

State Board of Education voted to appoint a commission to study criteria for the establishment of new junior college districts.

HIDES FOR THERAPY-- The Volunteer Services Council for Texas State Hospitals and Special Schools is urging deer hunters to donate hides of killed deer to state patients and students for occupational therapy use.

Council said shipping tags giving specific directions for donating the hides are available from most chamber of commerce.

DRAFT CALL UP-- The State Selective Service director says Texas' December draft quota calls for 235 men.

This is an increase of 82 over November.

Col. Morris Schwartz said the December call is the state's share of a national quota of 6,000 men, all for the Army.

Local boards will send no men for pre-induction physical and mental exams.

Schwartz said the December quota will be filled with men who are at least 22 years old on December 1, except for volunteers and those legally termed delinquent under the draft law.

SHORT SNORTS

Governor Daniel has named Jenkins Gerrett of Fort Worth to succeed Lincoln Borglum of Beeville as a member of the Texas State Historical Survey Committee of the Texas Historical Foundation.

Sen. Tom Creighton, chairman of the Texas Election Study Committee, says public hear-

ings will be held in Austin on December 6-8 to discuss changes in the Texas Election Code.

The Board for Hospitals and Special Schools has voted unanimously to make Richmond the next site of a school for the mentally retarded.

A new Railroad Commission rule on slant oil wells provides that deviation surveys can be made on existing wells at the request of a neighboring operator.

SAVING LIVES-- Texas' six-year traffic safety program has resulted in 300 lives saved.

Governor Daniel and the Texas Traffic Council so summed up the effort at decreasing the rate of fatalities on streets and highways.
