School Board Hires Principal

ELMER V. SIX

Honor Students Named At Hart

Top students in Hart High School and Hart Junior High were named this week, with David D. Harris as valedictorian of the senior graduating class and Lynda Shive as the salutatorian.

Harris, son of Mr. and Mrs. Durard Harris, had an average of 93.56 for a period of four years. Miss Shive, daughter of Mr. and Mrs. Eldon Shive, had a four year average of 91.44.

David Bass, son of Mr. and Mrs. F. L. Bass Jr., ranked highest in the eighth grade to capture the honor of valedictorian. Cindy Dyer, daughter of Mr. and Mrs. Jack Dyer ranked second to be named salutatorian.

Commencement exercises

for Hart High School will be held in the school auditorium Friday May 17 at 8 p. m.

Baccalaureate services will be at the First Baptist Church May 5 at 8 p. m.

Speaker will be the Rev. Fred Brown, pastor of the Hart Methodist Church.

Mrs. Carl Rambo will provide processional and recessional music. Invocation and benediction will be given by Harold McColum. Special music will be presented by Weldon Davis.

Ushers for the services will be Joe Quiroz, Margaret Swindle, Jimmy Allensworth and Nancy Reed. Marshalls will be Ronnie Barham and Reba English.

Hart School board president, Ralph Futrell, announced Wednesday that Elmer V. Six of Seminole had been hired as Hart Elementary Principal.

Six and his wife have four children, a daughter 16 years of age and three sons, 14, 12 and seven. They are in the tenth, ninth, sixth and first grades.

The family are all active members of the Baptist Church and Six is soon to be ordained as a deacon in the First Baptist Church, Seminole.

A 1951 graduate of Sul Ross State College with a BS degree in health and physical education, he chose as minors social science and biology.

He served his class in Sul Ross as vice-president and played football and basketball.

Prior to attending Sul Ross, he served in the U. S. Navy two years as a fireman on the USS Chicago.

Six' first teaching post was in Monahans as junior high

head coach and physical education instructor for grades five through eight.

After three years he was named assistant football coach and head basketball coach in high school. He also taught general science and a boys' P. E. class.

He moved to Refugio in 1958 where he was assistant football coach and head track coach for

two years. He was also employed as a history teacher.

Moving to Seminole in 1964 to assume the position of assistant football coach and head golf coach, he taught World and American History and is presently the chairman of the social science department.

He and his family plan to move to Hart approximately the first of August.

Plainview Man Hired For Athletic Director

Don Seymore, 40, of Plainview has been named Hart Athletic director and football coach, according to Hart school board president, Ralph Futrell.

Seymore and his wife, Willa Mae, have three children, Donna, 19, who is a freshman at Texas Tech; Bonnie 14, a freshman in high school and Brad, 11, a student in the sixth grade.

Coming to the Hart school system with 17 years' experience, Seymore has coached in Plainview the past two years, was at Spearman four years, McCamey four years and Stinnett seven years.

He has an overall coaching record in football of 79 wins and 40 losses. His team won state in football in 1956 and

he coached a team to the finals in 1955.

He coached a team to second in state in track one year and third another year while at Stinnett and also won district in track three years while there.

Mrs. Seymore was hired as teacher subject to assignment. She is qualified in elementary and junior high and also teaches music.

Honor Roll Is Given

Honor roll for fifth six weeks was released this week by Weldon Bates, principal. Honor students are - seventh grade - Allan Shive, Ricky Black, Jean Foster, Dirk Rambo.

Eighth grade students are Dianne Barham, Dee Ann Clevenger, Cathy Crawford, Debra Hardy, Elizabeth Stephens, David Martinez, Cindy Dyer, Nancy Graves, David Bass and David Guzman.

Ninth grade students are Sharon Brooks, Denise Lowery, and Carol Miller.

Eleventh grade students are Iona Clevenger and Cathy Sharp.

Twelfth grade - David D. Harris.

Outstanding attendance records by several sections of Hart High School were noted during the fifth six weeks period.

Section 9-A had an overall attendance record of 98.43 and section 10-A had a record of 98.78. The senior class and section 9-B were close behind with an identical attendance record of 97.54.

Music Festival Slated Here

"Spring Is Singing" will be the theme for the Music Festival to be presented by the junior high and elementary school choir Friday night at 8 p. m.

The choir is under the direction of Mrs. Carl Rambo and will perform in the elementary gymnasium. There will be no admission charge.

A musical variety program has been planned, including folk songs, popular songs and spirituals.

Everyone is invited to attend.

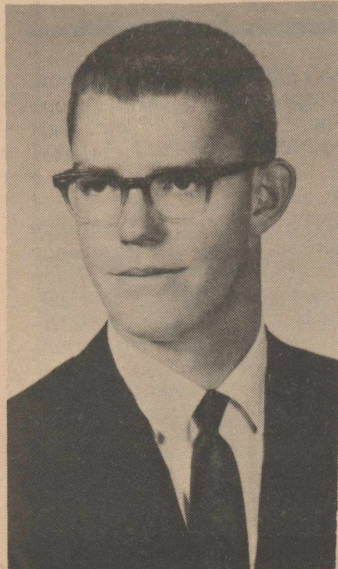

3 Hart Men To Aid Work In Revival

April 25, the Rev. C. T. Cunningham, Rev. F. L. Sledge and Rev. Van Earl Hughes, and J. D. Rogers will leave for California to preach in a week of revival crusade.

There will be about 900 churches and missions in the state of California engaged in revival the week of April 28 through May 5th. About 3,000 preachers and laymen will be going to lead in the week of revival.

The First Baptist Church of Hart voted to send these men and to pay their expenses on the trip.

The churches in California are small and many of them are struggling financially, therefore the Baptist Churches of Texas have been asked to send leaders to help in this great undertaking.

Pari-Mutuel Betting

In the May 4 primaries, Texans will again vote on legalized pari mutuel horse-race betting in their state.

Pari mutuel betting is not new to Texas. We had it in the 30's. We learned then that it works out here just like it does in all the other states that have tried it.

This is what ALWAYS happens: First, pari mutuel betting at racetracks is legalized.

Then, inevitably, illegal off-track betting is started up by swarms of bookies. These bookies are financed and controlled by organized crime--known variously as the Syndicate, Mob, or Mafia.

Attracted by the millions of dollars easily

milked from bettors who are too weak or too uninformed to resist, organized crime moves into every community.

To protect their investment in illegal betting, criminal mobs seek to pay off and corrupt local government officials and police. Then we find all forms of vice and crime flourishing openly and insolently in our cities.

A U. S. Circuit Court Judge (Geo. Edwards, Sixth Circuit) has said: "Organized crime is bankrolled by organized gambling."

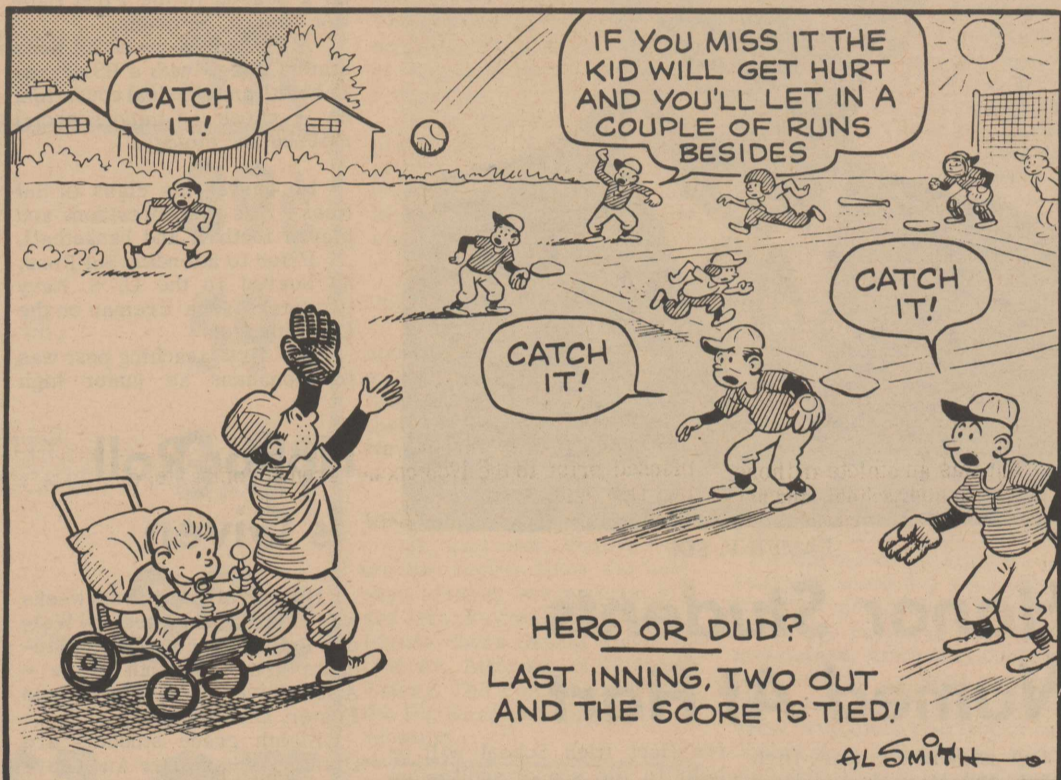

Let's keep our bankrolls out of the hands of the criminals!

Let's keep the Mob out of Texas."

Let's vote "no" to pari mutuel horse race betting on May 4.

Cattle like Pioneer's 985 because it tastes so good. Strip grazing tests show they'll graze it first every time—they'll eat more and make more milk or meat for you.

Hybrid 985 gives you more feed per acre, too. In Texas A & M tests at Weslaco (1966), it was the top yielder. In the 1967 Texas Research Foundation performance trials at Renner, Pioneer 985 ranked 1st in yield (oven dry forage) in two of three tests when compared with competitive sorghum-sudangrass hybrids.

Use 985 to fit your needs—with milk cows, beef cattle, hogs, sheep or turkeys—for pasture, green chop, haylage or hay. The extra palatability and extra tonnage gives you more profit.

Pat Boone To Highlight 1968 South Plains Fair

Pat Boone, television, motion picture and recording personality, will headline the 51st annual Panhandle South Plains Fair here this fall.

Negotiations assuring his appearance here have just been completed, according to R. E. (Bob) Gee, president of the fair board of directors. Gee also announced that efforts are underway to bring three other top-notch attractions to Fair Park Coliseum when the exposition begins its second half-century in September.

Gee said the coliseum program may well develop as the best ever staged for fair patrons.

Boone, direct descendent of frontiersman Daniel Boone, has a number of Texas ties although he was born in Florida and now makes his home in California.

Charles Eugene (Pat) Boone is the first singer since Bing Crosby's emergence as a star in the thirties who enjoys the idolatry of teenagers, the approval of their parents and the admiration of the young adults.

He began to capture these audiences with the release of his first discs for Dot Records. His first records in 1955, each coupling a politely jumping number with an easy-going ballad, sold more than four million copies during the tidal wave of "rock 'n roll."

These established him as the champion of a new trend that restored smooth singing to its place at the top of the best-seller lists. Instead of "knocking the rock," as censorious adults have done, Boone has shown youngsters that a gentle version of it can be just as enjoyable, or more so, and has given them more soothing, enduring songs.

Pat was an athlete and honor student in high school, and sang first in public at amateur shows. After emceeing a high school talent show in Florida for 1 1/2 years, he won top honors on the Ted Mack Amateur Hour and the Arthur Godfrey Talent Scout Show.

He was signed to a recording contract in 1954 while studying at North Texas State College, Denton, and working as a Fort Worth disc jockey and singer for \$44.50 a week.

His wife, Shirley, is the daughter of radio, television star and recording artist, Red Foley.

In 1958, Boone completed a book he had written after carefully considering the thousands of letters which were sent to him from teenagers asking his advice on their respective problems.

He called the book "Twist Twelve and Twenty," but its

appeal obviously hit not the youth alone. It soon rose to No. 1 on the non-fiction reading lists across the country and has been accepted by teachers, ministers and students alike. It has now sold over one-half million copies.

Boone also has authored "Between You, Me and the Gatepost."

Boone attends church with his family three times a week, preaches guest sermons to Church of Christ congregations whenever he can, leads singing, as well as discussions at gatherings in his church in various sections of the country.

Last December Boone led the singing for a youth rally at Abilene Christian College, opening ACC's 50th annual Bible Lectureship.

His sister, Judy, attended ACC as a freshman.

In addition to his records and television specials, Boone has nearly a dozen motion pictures to his credit, including such favorites as "Bernadine," "Mardi Gras," "State Fair," and "Goodbye Charlie."

But with the opening of the fair still more than six months away, improvements to grounds and facilities are being made, Gee pointed out.

Nearly 6,000 square yards of new paving is being added to the midway area and includes an apron in front of the new women's building, opened for the first time last fall.

Almost \$3,000 has been allocated for a coliseum face-lifting, due to begin in early summer. Sanitary facilities, including new sewer lines and a new ventilation system for the swine barn, already have been completed.

Other improvements are planned prior to the 1968 opening, Gee said.

The fair is scheduled Sept. 23-28. The six-day run is expected to attract more than a quarter-million patrons and possibly will vie for another attendance mark.

The old record -- 262,355 persons -- was established last year at the golden anniversary edition of the exposition, second in size and longevity in Texas to the state fair at Dallas.

In addition to the expanded coliseum attractions being negotiated, Gee said several new commercial exhibits and other innovations are in the mill for this year.

Fore Completes Combat Training

Marine Private Mike Fore, son of Mrs. Francis C. Fore of Hart, has completed two weeks of training under simulated combat conditions in the fundamentals of day and night patrolling employment of infantry weapons, survival methods and assault tactics at this Marine Corps base.

This individual combat training is given every Marine after his graduation from recruit training. Taught by combat experience non-commissioned officers of the infantry training regiment here, it prepares the young Leatherneck to become part of the Marine air-ground combat team.

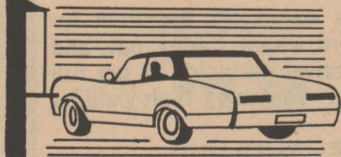

While in the field he was taught how to use hand grenades, a compass and the principles of map reading and land navigation. He learned how to detect and disarm mines and booby traps, and, while being exposed to live machine gun fire, he learned to advance safely from one point to another.

From this course, he is scheduled to go on to more advanced training before being assigned to his permanent unit.

Swisher Electric Announces Lowered Irrigation Rates

Swisher Electric Cooperative has something that we feel is as newsworthy as man bites dog.

In these days of rising prices for everyone in the buyers market and a slump in prices for the agricultural market - we feel it is justified to make an event of the lowering of rates for the rural area that we serve.

President Clarence Todd of the board of directors of Swisher County Electric Cooperative is pleased to announce that irrigation rates are being reduced to all irrigation consumer approximately 4 per cent. This does not include a previous lowering of irrigation rates approximately five years ago for a similar amount. In other words Swisher Electric Co-Op has lowered its irrigation rate about 8 per cent in the past five years.

We are also lowering rates to gins that we serve in our area. This reduction amounts to about 8 per cent.

The area lights that you see scattered across the countryside at night casting a brilliance that can be seen for miles have enjoyed two rate reductions in the past eight years.

We have lowered rates from four dollars per month to \$3.00 per month and are now installing and maintaining these lights for \$6.00 per year plus the cost of electricity paid for by the consumer. This amounts to about 50 per cent reduction for the consumer.

Swisher Electric Cooperative is pleased that rates have never been raised since the beginning of the Co-Oper-

ative in 1939. Swisher had a rate increase on their wholesale power cost in 1959 that amounted to about 21 per cent increase, but we have succeeded in holding our rates firm and even lowering them as we are noting here.

These rate reductions will total about 60,000.00 per year. When we consider that the average dollar is supposed to circulate about seven times in the market place this leaves with the individual consumer the equivalent of over \$400,00.00 that will be utilized in our trade area. We believe this to be significant enough to be talked about.

We believe the farmer must have some relief and a reasonability lid put on his cost of doing business. We plan to help by starting first at home.

All-College Track Meet Slated At Wayland Bowl

The fifth annual All-College Track and Field Meet unreels here April 27 and Wayland Bowl with the Pioneers hosting 14 teams in two divisions. Prelims in both brackets get underway at 4 p. m. with finals slated for 6:30.

Defending champion Sul Ross, which nosed out WBC 79-76 in last Year's meet, will be joined in the senior college bracket by Texas Tech, Hardin-Simmons, Panhandle State, Wayland and newcomers Tarleton State, Angelo State and West Texas State.

In last year's meet, Hardin-Simmons had 52 points, Tech 33 and Panhandle State 18.

Odessa College also returns to defend its junior college title against Amarillo College, Lubbock Christian, New Mexico Military Institute, Howard County Junior College, and newcomers Dallas Baptist and New Mexico Junior College.

Last spring, Odessa won handily with 79 points. Howard County had 69, LCC 45, Tech Freshmen 42, NMMI 19 and

Amarillo six.

Some of the top names in the southwest will be on hand for the meet and a new Red Dog cinder topping on the Wayland Bowl track should pep up speeds.

Wayland's Danny Murphree, Friona, who has run the 440 in 47.2 and the 220 in 21.2 this year, will defend his 440 title. Robert Pardue, Houston, won the 880 and both relay teams came out on top.

The Pioneer sprint relay unit clocked a 42.6 but have turned in 42.0 this year and the mile relay team ripped off a 3:21.3.

Jacob Henry, a Sul Ross speed merchant blazed to a 9.4 100 and 21.6 220 for a dual win. A meet highlight should be the 220 when Murphree rated as one of the best in the Southwest, Henry and Gary Golden, James Kizer and James Jones, all of Tech, hook up in the short distance run. The Tech lads are all sub-22.0 runners.

Tech is expected to win the 440 relay. The raiders return

half their SWC champion 440 relay team.

Foster Miller of Tech is defending high jump champion for the meet and has added three inches onto his winning leap of 6-2. Raider Ronnie Mercer is favored in the shot. His best throw is 56-1 1/2.

All other fields are pretty much up for grabs, especially with the absence of Tech's Randy Hicks who captured the shot, discus and javelin last year.

Trophies will be presented to the winning teams in each division as well as first, second and third place medals. Each school will be limited to two men per event.

Moments Of Meditation

C. T. Cunningham, pastor of First Baptist Church

"I told them of the hand of my God which was good upon me." Nehemiah 2:18

Is the work God's work? Has He called you to do it, and equipped you for it? Be sure on these points. Take time to consider and pray and find what the will of the Lord is. Then, when the difficulties have been considered and the needs fairly measured, and the clear conviction remains that God calls you to rise and build, then, put your hand to the plow and never look back.

Power to endure to the end - patience to outlast all discouragement - zeal that will not die out, and that will enkindle the zeal of others - all these are given and secured to him who knows that the work and call are from God.

For every worker and every

work in the kingdom of God, the principles are same. The only way to avoid being repelled and discouraged in the work, so as to give it up in irritation, disgust or despair, is to get the work put upon the right lines from the very start.

These must begin in the secret place of the Most High - the Holy of Holies - alone with God. They must proceed to the Holy Place, for the light and strength contained therein - the guidance and equipment needed.

Then, and not till then can they safely come out, their success secure and their permanence established, because they are thus truly "wrought in God."

While the yoke of the Lord Jesus is easy and His burden light, nevertheless the furrow that He calls us to undertake is not always by any means easy plowing. There is no yoke that fits so smoothly and handily as His, but there is no work that requires more steady trudging and persistent faithfulness than His.

Three stages of that work are strikingly set forth by Hudson Taylor when he says: "Commonly there are three stages in work for God:

"Impossible, Difficult. Done!"

Said General William Booth, "God loves with a special love the man who has a passion for the impossible."

Are you confronting today the impossible in work for God? Praise Him for that, because you are in a way to discover the blessing of finding that work difficult, and then to experience the deep joy of finding it done, by the same Lord who started you on the furrow.

**NEW! For clean Sorghum...
spray weeds when you see them!**

with BANVEL®

HERBICIDE

Velsicol announces Banvel herbicide for control of all hard-to-kill weeds of major importance in grain sorghum. This includes carelessness (pigweed), sunflower, lambs-quarter, purslane, morning glory and other annual broadleaf weeds. Banvel herbicide is applied post-emergence, so there are no wasted sprays in years when rain is scarce and weeds are not a problem. With Banvel you see your weed problem and then spray—all in plenty of time to give young sorghum plants plenty of opportunity to grow.

Banvel is sprayed onto weed leaves and translocates to the roots... for new, total control of weeds. Just apply Banvel between the 10th and 25th day after emergence of grain sorghum (approximately 4 to 12 inches tall).

Banvel is not dependent on soil moisture for its effectiveness, so its results are dependable. And it's a liquid that won't clog your sprayers; nor does Banvel need constant agitation.

Banvel increases yields. It's excellent for use on grain sorghum, wheat, barley, oats and field corn. Order Banvel herbicide to get full potential from your valuable, high-yielding sorghum seed.

See your dealer today. You'll be glad you did!

KITCHEN KORNER

By Lela Gallion

I am afraid to mention the weather - it is so changeable.

This time of year the fresh garden foods are appearing at the local grocers' produce shelves and those radishes and onions are especially tempting and look so pretty in all vegetable salads. They are especially good to dress up any salad or cold meat platter.

Try some this week as they are a good price right now and also good quality.

BEEF POTATO LOAF

Arrange evenly in 2-qt. casserole:

4 c. raw potatoes, peeled, thinly sliced

1 T. diced onion

Sprinkle with:

1 tsp. salt

1 tsp. parsley flakes

Mix:

1 lb. ground beef

3/4 c. milk

1/2 c. cracker crumbs

1/4 c. catsup

1/4 c. onion

1 tsp. salt

Spread over potatoes. Decorate with more catsup. Bake 1 hour or until potatoes are done. 350 degrees. Serves 4.

Also plan to serve Blueberry Muffins for any meal. With the nutlike flavor and the wholesome goodness of whole bran cereal, these muffins are the not-too-sweet variety that complement every menu. Plan to make this recipe even if you're a family of only two or three. These muffins freeze nicely, and can be brought out as needed. Split, buttered and broiler-browned, they'll be a treat for a breakfast sleepy-head or a luncheon guest.

BLUEBERRY BRAN MUFFINS

1 c. Bran Buds

3/4 c. milk

1 egg

1/4 c. soft shortening

1 c. sifted regular all-purpose flour

2 1/2 tsp. baking powder

1/2 tsp. salt

Astros Slate Big Home Stand

The Houston Astros will host four of the top clubs in baseball during their second home stand of the season that opens on Monday night, April 29.

The Cincinnati Reds, St. Louis Cardinals, Atlanta Braves and San Francisco Giants will each make their first 1968 appearance at the Astrodome. The Reds, Cards and Giants are generally regarded as possible pennant winners.

The Reds, led by Tony Perez, Vada Pinson and Pete Rose, start the homestand with night games Monday, April 29 and Tuesday, April 30.

The World Champion St. Louis Cardinals, with Orlando Cepeda, Lou Brock, Roger Maris and crew, move into the Dome for a ladies night attraction Wednesday, May 1 and a "Golf Night" special Thursday, May 2. Four of the top PGA money winners will participate in a "Hole-In-One" contest starting at 7 p. m. prior to the Thursday night game.

Lum Harris brings his Atlanta Braves to the Astrodome for a weekend series Friday night, Saturday night and Sunday, May 3, 4 and 5 in a series highlighted by special entertainment at each event. The Istrouma High School Band of Baton Rouge, La. will perform prior to Friday's night game, the Nawaganti Indian Dancers of Baton Rouge will perform prior to the Saturday's night game, and the Apache Belles of Tyler Junior College will perform prior to Sunday's game at 2 p. m., which will be "Tyler Day" as the first 1,000 ladies will receive a dozen Tyler roses.

Saturday, May 4, will also be "Bat Night" with an official little league bat, with the autograph of Jimmy Wynn or Rusty Staub, presented to each youngster at the game.

Willie Mays and the San Francisco Giants close the homestand with four straight night games Monday through Thursday, May 6, 7, 8, and 9.

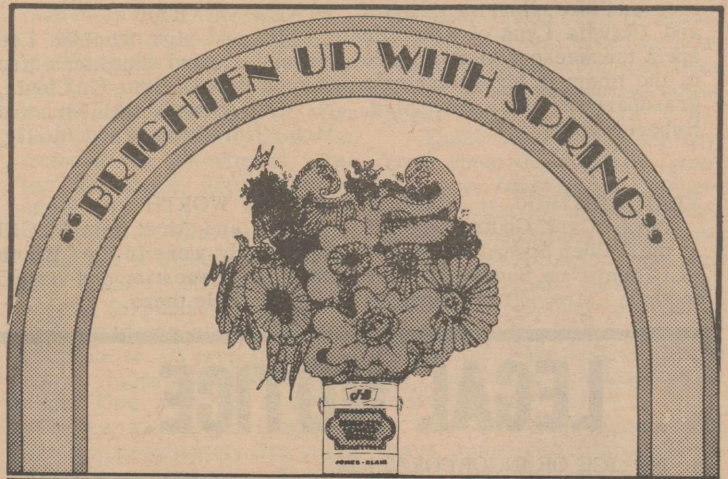

Tickets for all these games are on sale daily at the Astrodome, all Foley's stores in Houston and Pasadena, most Trans-Texas Airways counters throughout the Southwest, or by sending check or money order to: Tickets, Houston Astros, Box 1691, Houston, Box seats are \$3.50 and reserved seats are \$2.50.

Mr. and Mrs. Sam McGill and family were in Fort Worth on a short vacation and visited friends while there.

A limited budget is no handicap to HemisFair visitors. In fact a family of four can have the time of their lives on a \$10 bill at the World's Fair.

This budgeted tour includes admission for mother, dad and two youngsters, chicken dinners for the parents and hamburgers for the kids and a host of memorable attractions.

Food prices on the grounds have drawn raves from early visitors to the international exposition, and the multitude of free attractions have surprised many veteran world's fairgoers.

Each of the 100 restaurants and food stop-overs on the 92.6-acre grounds has posted its prices on the outside, and the sensible costs have proved an

enticement to bring customers inside.

Hot dogs are 35 cents, hamburgers are 45 cents and a chicken dinner complete with french fries can be enjoyed for 97 cents.

The \$10 visit to the six-month World's Fair can include each of these free attractions:

--The Flying Indians of Mexico, performing their 400-year-old ritual by climbing on the top of a 114-foot pole and gliding down with a rope around their waists. This electrifying show is performed four times daily at the Pepsi-Cola/Frito-Lay Pavilion.

--The famous Marty and Sid Krofft Puppets performing in an already smash hit marionette show at the Coca Cola Pavilion.

--A combination film and live actor magic show featuring magician Mark Wilson at the Bell Pavilion and a tour of the telephone exhibit featuring picture telephones, computer age guessers and a kiddyland with telephone conversations with famous cartoon characters.

--The Mercury Water Ski Show on the Fiesta Lagoon where boats pull skiers at high speeds over ramps, around corners and through difficult maneuvers.

These are all free. And, there is much more for the budget-minded traveler.

Mariachis sing and play near the Mexico Pavilion, groups of actors perform on the grounds, bands perform concerts at the amphitheater, youngsters talk, listen, dance, paint and join in a variety of entertainment at Project Y. These too are free.

There are also visits to the governmental pavilions, also at no charge, to see such things as a Belgian diamond being cut; the imagination of the Swiss in building an interesting airplane that runs like a clock; a working scale model of the Panama Canal; computers at work and play at International Business Machines and RCA exhibits.

And, movies of every description, each with its own unique twist are free to the visitor. General Electric has a two-act musical show, Ford features a theater-in-the-round, and Mexico has used mirrors and movies to present a unique but most interesting look at the country.

There is also the \$6.75 million United States Pavilion with its exhibit hall and movie by Academy Award winner Francis Thompson, and the State of Texas' entry, the \$10 million Institute of Texan Cultures, telling the story of the Lone Star

State from its birth to today.

It is all free, and it is just a sample . . . showing that the family of four can visit the World's Fair on \$10.

It will cost mom and dad \$2 each to get inside the grounds and the children under 12 only \$1. That leaves \$4 for ma and pa to each enjoy that 97 cent chicken dinner and junior and sis to have that hamburger or hot dog.

That still leaves enough for the kids to take a ride on one of two dozen exotic attractions at Fiesta Island. The island fun rides cost only from 25 to 50 cents and feature many attractions from other countries.

Of course, there is more available for those wanting it. The 82-foot high Swiss skyride is 50 cents, a ride completely around the grounds on the mini-monorail is only \$1, and a boat-ride on the Fair's winding waterway system is from 40 cents to 75 cents.

The lineup of entertainment in the arena and Theatre of Performing Arts has also created quite a stir among Fair visitors.

The arena lineup for the rest of April includes twice-daily performances by the fabulous Pan American Variety Show through April 28, on April 21 rally for The Lutheran Hour at 7 p. m. and the combination of Andy Williams and Peter Nero on April 29.

The Pan American Variety Show, featuring a wide assortment of talent that has drawn plaudits from opening week visitors, is presented at 3 p. m. and 8 p. m. in the 10,500-seat arena. Tickets are \$1, \$2 and \$3.

The Andy Williams-Peter Nero tickets are \$4.75, \$5.75, \$6.50 and \$7.50 for the one-day performance which will be followed by April 30-May 13 performances of The Grand Ole Opry.

The bookings for the 2,800-seat Theatre include appearances by Los Ninos Cantores de Monterrey on April 14, both matinee and evening, the Grand Music Hall of Israel April 16-19 and the John Gary Show April 30-May 4.

Tickets for the Los Ninos Cantores are \$1 in the balcony, \$2 in the mezzanine and \$2-\$3 in the orchestra level. The Grand Music Hall of Israel tickets are \$2.50-\$3.50 in the balcony, \$5-\$6.50 in the mezzanine and \$6-\$7.50 in the orchestra section.

Reservations for all shows in the theatre and arena may be made by writing to Mrs. Vera Smolins, P. O. Box 2777, San Antonio, Texas 78206.

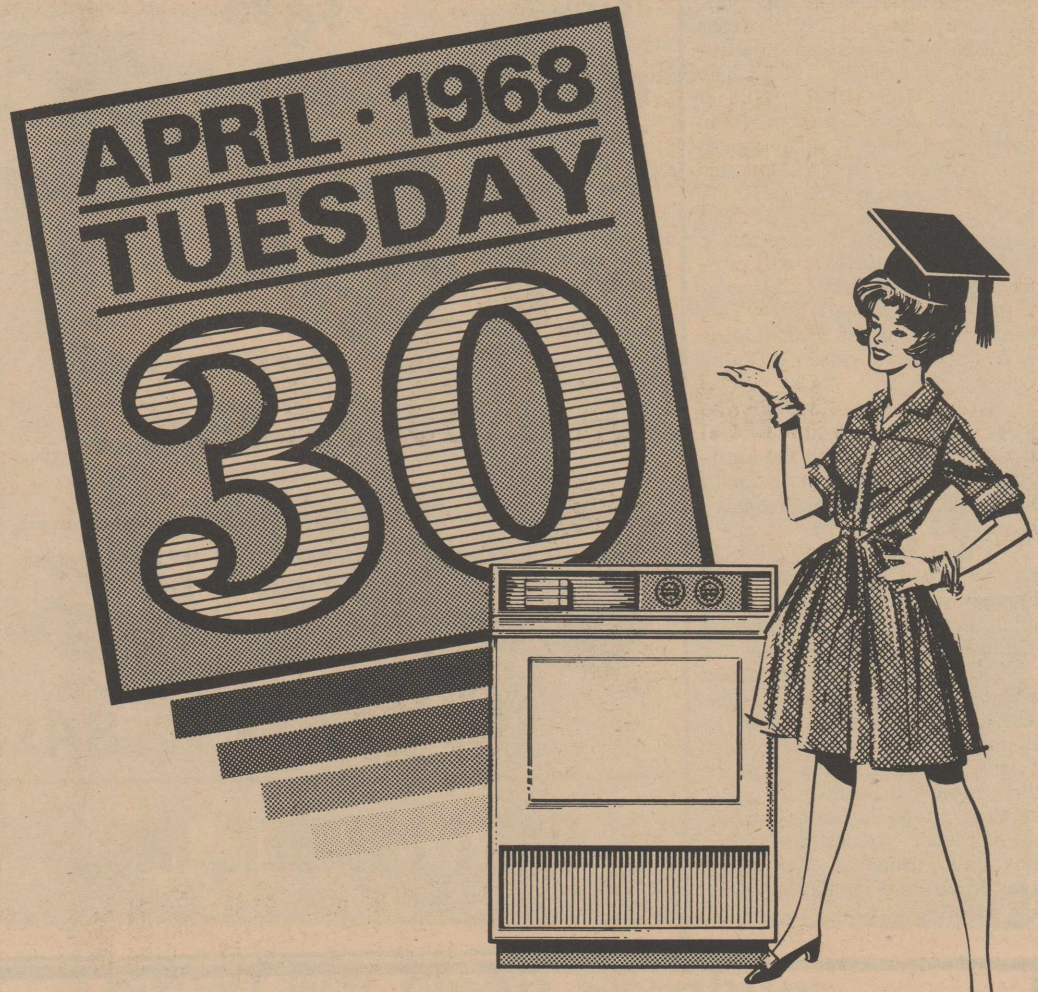

A stamped, self-addressed envelope with check payable to San Antonio Fair, Inc., should be included.

Audio-Visual Lauds America

A new audio-visual program available to teachers from the Agency should provoke a spirit of patriotism in the hearts of Texas school children.

Either by title:

"Symbols of Liberty."

Or by subject matter.

The Statue of Liberty, The White House, The Great Seal of the United States, and The American Flag.

And if that American Quartet doesn't start the adrenalin flowing, the program's musical accompaniment should. It's that old familiar tune: John Phillip Sousa's "The Stars and Stripes Forever."

The program -- a combination of taped narrative and transparencies from an overhead projector-- was produced by Dan Bonner, Consultant in Instructional Media, and Jack P. Risher, Social Studies Consultant.

"We realize," says Mr. Risher, "that the symbols we chose are familiar bits of Americana. But what may be new to students and teachers alike are some of the facts about them in the narrations provided by the United States Naval Recruiting Service."

For instance, could you name the trio of Americans responsible for providing us with the idea for The Great Seal?

They were John Adams, Benjamin Franklin, and Thomas Jefferson.

Or name the American publisher who conducted the successful campaign to raise money for the base on which the Statue of Liberty stands? Joseph Pulitzer.

Consultants Bonner and Risher admit the "Symbols of Liberty" project has provoked them too. They're planning a similar presentation devoted entirely to The White House! Requests for the "Symbols of Liberty" program should be mailed to the Tape and Television Laboratory, Texas Education Agency, Austin, Texas 78711, and should be accompanied by a blank tape on which to record the narration.

All-American Backs Wallace

Dick Maegle, former All-American football great at Rice University whose Owl team whipped the Alabama Crimson Tide by a 28-6 score in the 1954 Cotton Bowl game, will travel with and introduce former Alabama governor George Wallace when he visits Texas April 25, 26 and 27th.

In Houston Maegle said, "It is an honor for me to be of service to my good friend George Wallace in his drive to get on the ballot in our state."

Wallace's three-day swing through the Lone Star State by chartered plane is part of his effort to persuade at least 14,259 Texans to come to their precinct conventions of his American Party so he will be guaranteed a place on the Texas presidential ballot in November. Adding difficulty to this task is the fact that those attending the Wallace American Party precinct conventions must refrain from voting in the Democratic or Republican primaries.

Please let us know what articles you would like to see again so that the last few columns of this year will be successful.

The district track meet was held April 9 at Springlake, Hart came in third with 100 points behind Happy and Lazbuddie.

Those qualifying for the regional in Lubbock, April 19 and 20 were W. A. Hawkins III in pole vault, 330 intermediate hurdles, 440 relay and mile relay; Richard Murray - mile relay; Steven Hanes - mile relay; Clifford Ray - 440 relay; Louis Longoria - 440 relay; Mark Porter - mile relay, 220 yard dash and 440 yard relay. Alternates attending were Joe Quiroz and Ronnie Barham.

Although none placed in the regional meet they represented Hart High School well.

Dimmitt Bank Offers Cash Prizes In Contest

First State Bank of Dimmitt is offering two \$10.00 savings accounts as prizes for the best original stories written by Castro County children.

Any child of the second through sixth grades may enter this contest. Most of the children in Castro County attend Dimmitt, Hart or Nazareth schools; however there are those who attend Happy, Springlake, Lazbuddie, Friona and Hereford schools, who may enter if they reside in Castro county.

There will be two divisions with a \$10.00 savings account awarded in each division. Children of second, third and fourth grades will compete in Division I. Stories in Division I may not exceed one page. Children of the fifth and sixth grades will compete in Division II. Stories in Division II may not exceed two pages.

Besides the \$10.00 savings account as a prize in each division for the best story entered, other stories that are

good will be read by Mrs. Newsom on the Bank Program and broadcast over Station KDHN at 9:30 Saturday mornings.

Stories will be judged on originality, good English, punctuation and neatness.

Name of student, grade and name of school the contestant attends must be placed in the upper left hand corner of each page of lined notebook paper. Stories of two pages in length must be stapled together.

The contest will begin the week of April 28 and will close May 18th. All stories must be mailed or taken to Castro County Library, Court House, Dimmitt, Texas.

Water Importing Program Set For Hereford Meeting

Importing irrigation water from the Missouri River Basin will be featured on a program at the county Bull Barn in Hereford, Texas at 8 p. m. Tuesday night, April 30. A new water transfer plan for the Great Plains region has been prepared by the R. W. Beck and Associates engineering firm. The primary purpose of the plan is to supply needed supplemental water to water-short farming areas of western Nebraska, eastern Colorado, western Kansas, the Oklahoma Panhandle, and the High Plains of Texas.

foot of water covers one acre of land one foot deep.

By a series of dams and reversible turbine pumps, the diverted water would be pumped 200 miles up the Niobrara River to an elevation of 4,050 feet in the vicinity of Alliance, Nebraska. The main canal would carry the water 940 miles by gravity flow to its termination near Hobbs, New Mexico. Included in the Beck proposal is a pumped-storage project southeast of Amarillo to generate a capacity of 1,200 megawatts of electricity.

The program is sponsored by Deaf Smith County Water Association in conjunction with its annual meeting of the membership. A short business session of the association will be followed by presentation of the water resource plan by Mr. Paul R. Cunningham, supervising engineer of the Beck company from its Denver branch. The concept calls for the diversion of an annual average of 13,000,000 acre feet of surplus water from the Missouri River below Fort Randall. The primary benefits of the project are irrigation, development of hydroelectric energy, and recreation.

Legislative bills were presented in both the House and the Senate of the U. S. Congress on Dec. 14, 1967 which would provide for the appropriation of funds for research studies for the project. Only surplus water in the Missouri River Basin is considered, and prime recognition is given to the rights and future needs of the people in the basin who are effected by the proposed diversion.

At a proposed cost of approximately \$3.5 billion, the project would deliver to the cooperating areas some 10,000,000 acre feet of water annually for irrigation, Anacre

A taped interview with State Representative Bill Clayton will be included in the program. Clayton, who is Chairman of the House Interim Water Study Committee, will outline his plans concerning the organization of a water district, which would give the necessary authority in the area to contract for water in an importation project. Rep. Clayton plans to hold public hearings on proposed legislation permitting the organization of the water district. One of the hearings will be in Hereford, according to Clayton, who will be unable to attend the meeting Tuesday evening due to recent illness.

VISIT NEWSOMS

Mr. and Mrs. Frank Wiley and family of Lubbock visited over the weekend here with her father J. J. Newsom and brother, Mr. and Mrs. Stewart Newsom and family.

R. C. Godwin, President of Deaf Smith County Water Association and a director of Water, Inc. has invited all interested people in the High Plains and other Great Plains areas to attend the meeting. "Forward-looking citizens are realizing more and more all the time," commented Godwin, "that our economy can not be maintained, much less continue to expand, without concrete plans to import supplemental water supplies. The fact of our depleting underground water demands its, and the magnitude of the task requires public participation, cooperation among various areas and states, and concentrated political endeavor. We are going to be involved in what Water, Inc. calls a 'people-project'. We hope to have a large and representative turn-out Tuesday from many miles around this bread-basket of our nation."
