DENNIS HILL-GRAND CHAMPION STEER HART AND CASTRO COUNTY SHOWS

Hart 'Hogs' Show

The Castro County Fat Stock Show was held last weekend in Dimmitt and once again Hart youngsters gobbled up a lion's share of the winnings.

Grand Champion steer of the show was exhibited by Dennis Hill. The heavyweight Hereford sold to Farmers State Bank for \$1.10 per pound.

Vic Nelson showed the Grand Champion barrow, a lightweight Hampshire which brought \$1.25 per pound. Farmers State Bank also picked up the tab for that champion animal. Reserve grand champion barrow of the show was a lightweight crossbred barrow shown by

Bob Waide and sold to Hart Buyers Club for 80 cents.

Gary Hart exhibited the reserve grand champion lamb. The Hampshire entry sold to First State Bank in Dimmitt for \$2.50.

Marlan Hart's heavyweight Hampshire was named Grand Champion of the Hart show.

Other top pacings in the steer division were:

HEREFORD:

Lightweight - Terry Hill, 1st and reserve champion Hereford; Debra Davis, 3rd.

Heavyweight - Kent Hill, 2nd; Phil Davis, 6th.

ANGUS:

Lightweight - Dean Hill, 2nd; Dennis Hill, 3rd.

Heavyweight - Cindy Hill, 1st and reserve champion Angus.

Winners in the swine division were:

BERKSHIRE:

Terry Newman, 3rd; Ricky Allensworth, 4th; Davis Harris, 6th.

CHESTER WHITE:

Jim Averitt, 1st lightweight and champion Berkshire; Quincy Hawkins, 3rd lightweight; Terry Newman, 4th lightweight; Doug Heck, 2nd heavyweight.

what mysteriously hides as it magically performs?

AN ELECTRIC WATER HEATER, OF COURSE!

Electric water heaters can be concealed anywhere . . . in the garage, in a closet, under cabinet tops. And, that's because they do not need flues or chimneys . . . just the water connection and electricity. If your present water heater is getting along in years . . . not putting out like a youngster, then it's time to replace with a sparkling new electric. And, if service should ever be needed, just call Reddy Kilowatt . . . he'll fix whatever's wrong . . . quick as a magician pulling a rabbit out of a hat!

Hart Fire Boys Receive Gift

Hart Volunteer Fire Department has received a check for \$75 from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of W. W. Wallace, 1110 Thunderbird, Plainview, Texas.

The money will be used for purchase of equipment.

Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them. It is the opinion of the executives of the TFB Insurance Company that volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires.

Financial Facts

By Willis A. Hawkins, Jr.

Metal for manufacturing coins usually arrives at the mint in the form of bars. Each bar is checked for weight, even to the fraction of a troy ounce, and assayed for purity. The same accuracy is given copper and other metals added to make coinage alloy.

The first step is the placing of silver and copper proportions set by law, into a crucible, and melted down to a homogeneous mass.

The object of copper is to increase the wearing quality of silver.

The molten alloy is then poured to form ingots. Then the ingots are rolled into flat sheets, slightly thicker than the coins to be made from them. During each step, many checks and measurements are taken including the trial blanks.
