Haskell Dealer Named Area M-H Distributor

R. W. Merchant, local dealer for Massey-Harris farm equipment in Haskell county for the past several years, has been appointed distributor for a 34-county area in this territory, according to announcement made recently.

Mr. Merchant has recently returned from Racine, Wisconsin, where he visited the huge Massey-Harris manufacturing plants and attended a national dealers meeting and two-day program.

Appointment of the Haskell dealer as area distributor will mean considerable expansion of his present modern dealership plant, located in East Haskell on the Throckmorton highway. Mr. Merchant said. The area distributorship agency was formerly located in Wichita Falls until appointment of the Haskell man.

Mr. Merchant will handle the distribution of all Massey-Harris tractors and farm equipment for the 34-county district through his agency here. Practically all farm machinery and tractors destined for dealers in this territory will be routed from the factory to Haskell for distribution to the various dealers in this section. First shipment from the factory, to include several carloads of tractors and farm machinery is expected during the next few weeks, Mr. Merchant said.

Cpl. Ivey Smith Jr., With U. S. Marines In Korea

Mrs. Joyce Crow Smith has received word that her husband, Cpl. Ivey Smith, Jr., is now with the First Marine Division in Korea. Mrs. Smith, the former Joyce Crow of Haskell, is making her home for the present in Austin while her husband is overseas.

Cpl. Smith was recalled into service in October, 1950, and before going overseas received training at Camp Pendleton, Ocean- side, Calif.

School-Community Survey Program Will Be Made at Weinert Next Week

The Weinert school system will use materials furnished by the Texas Education Agency to make a detailed survey of the Weinert schools and community, according to Connor Horton superintendent of schools.

More than 800 schools over the state are expected to take part in the school-community survey program.

This material is now being used by high schools with fewer than 100 pupils. If the results of the program are satisfactory, all high schools in the state may eventually take part in the survey, according to J. W. Edgar, State Commissioner of Education.

Purpose of the survey is to identify and to community life, many of the questions will be answered by the community re- sponsible for the community re- sponsibility of the individual in relation to the principles of the United Nations. He said that in his opinion, the success of the United Nations depends on each individual. The speaker expressed the view that the present marks the end of a great historical period.

"We either roll back civilization to the Dark Ages, or accept and start on the new ideals embodied in the principles on which the United Nations is founded", the speaker said.

In emphasizing the responsibility of the individual American, the speaker pointed out that the United States was the financial leader of the world, with New York City the financial center; and that the U. S. was likewise the educational and industrial center of the world—placing an international responsibility on the United States that Americans cannot disregard if civilization is to progress throughout the world.

Dr. Stephenson explained that the United Nations was not only a security council, but termed the international organization a clinic for the world's problems in the advancement of human welfare.

"What we think our boys and girls today toward should be a great responsibility will make a great difference tomorrow," he emphasized in his closing remarks.

World Day of Prayer Will Be Observed With Program Here Friday, February 9

Church leaders of Haskell announced today that the World Day of Prayer will be observed locally and throughout the world on Friday, February 9.

The theme for the program on that date will be "Perfect Love Casts Out Fear." The meeting for this community will be held in the First Christian Church, Haskell, and the hour of the service is from 3 p. m. to 4 p. m., with the Rev. F. C. Nickerson as the leader. All women of Haskell and surrounding area are urged to come, and all men of the community have a cordial invitation.

The purpose of the Day is to unite Christians in prayer around the world. While it is a movement led by the women, men are not barred from attending the meetings, they are most welcome. In the services an offering is taken and used for mission work at home and abroad. In the United States the money is used for work among the American Indians—training Christian Indian leaders. The money is also used for work among sharecroppers—to develop Christian Family life; some of the money is used for work among migrants who number two and a half millions scattered over twenty three states. Some of the money is used for work among women and children, buying Christian literature and putting in these peoples' hands. Christian literature is also purchased and placed in the hands of the 27,000 foreign students who are studying in the schools in this country.

District 11-B Cage Tournery Slated At Weinert

Boys and girls Class B basketball play will end this year in District 11-B with a three day tournament to be held at the Weinert High School Gym Thursday, Friday and Saturday, Feb. 8-9-10, according to Supt. Weldon Norman of Mattson, district chairman.

Daily starting time for the games has been set at 5 p. m., under the following schedule, with boys and girls teams alternating four games nightly.

Thursday, February 8th—Goree boys and girls teams vs. Mattson boys and girls. Weinert girls and boys vs. Woodson girls and boys.

Friday, February 9th—Megargle boys and girls teams vs. winners of Goree-Mattson contests. Paint Creek boys and girls vs. winners of Weinert-Woodson games.

Saturday, February 10th—Play-offs between Friday's winners.

Paint Creek boys and girls teams are leading at present in the double round robin now being played. The winner of the round robin and winner of the tournament, should they be different teams, will go into the play-off February 12 through 16 to decide the District 11-B championship.

Mrs. C. D. Long, Former Resident, Dies In St. Louis

Mrs. C. D. Long of Gordon, Texas, a pioneer Haskell resident and whose late husband was a former Haskell postmaster, died Tuesday morning in a St. Louis hospital after suffering a heart attack at the home of a daughter, Mrs. Jack Cunningham, where she was visiting.

Body of Mrs. Long was to be returned to Gordon, Texas, where she had been making her home with a daughter, Miss Effie Nola Long. Funeral rites have been tentatively set for 10 a. m. Friday in that city, and final graveside rites will be held in Willow Cemetery here Friday afternoon.

Mrs. Long is survived by two sons, Buford Long of Gordon; three daughters, Mrs. M. O. Shook of Gordon, Mrs. Joe Eroskus of Tyler, Mrs. Jack Cunningham of St. Louis; a brother, Hugh Rogers of Knox City; and a sister, Mrs. Will Whitman of San Angelo. Several grandchildren and great-grandchildren also survive.

Weather Causes Postponement Of HHS Grid Banquet to Feb. 9

Annual football banquet for members of the HHS Indian Squad and coaching staff, originally scheduled for tonight (Feb. 1) has been postponed until Friday evening, February 9, it was announced today.

Postponement of the affair was made necessary due to the inability of guest speaker H. N. (Rusty) Russell of SMU, Dallas, to make the trip to Haskell today because of icy highways.

This year's banquet is being sponsored jointly by the Haskell Lions and the Quarterback Club. The banquet will be held in the High School activity building, and in addition to the address by SMU head coach Russell, he will show a film, in color, of last season's football game between SMU and Ohio State.

Another feature of the evening will be presentation of the Q-B Club's award to the player chosen as the most conscientious on the 1950 Indian squad.

In announcing the postponement of the affair until next week, sponsors said today that a limited number of tickets would remain on sale at Payne and Oates drug stores.

Rule FFA Grass Judging Team Wins Seventh Place In Ft. Worth Contest

The FFA Chapter of Rule High School continued to accumulate outstanding honors this week, when the chapter's grass judging team won seventh place in state-wide competition at the Southwestern Exposition and Fat Stock Show in Fort Worth. They represented the California Creek Soil Conservation District in the State Contest, having won the district title recently in a sectional contest at Stamford in which FFA and 4-H Club boys from a number of area schools competed.

In the Fort Worth contest, Rule Future Farmers were the only contestants to place in the upper ten bracket in State competition.

Members of the Rule team are Jerry Saffel, Billy Hertel, (alternate), Jack Thompson and Kent Dunnam. Their instructor is Walter Hadley Vocational Agriculture Teacher in Rule High School.

Kin of Haskell Man Killed In Greenville Wreck

J. R. (Bud) Brown, 42, Greenville, Texas, truck operator and half-brother of Virgil A. Brown of this city, was killed in an automobile accident at 11 p. m. Friday, Jan. 26, about 11 miles south of Greenville. Mr. Brown was returning home when his car went out of control and left the highway and overturned, killing him instantly.

Funeral for the accident victim was held at 3 p. m. Sunday at the Forestville Baptist Church, and burial was in the cemetery in that community, where he was born and reared.

He is survived by his widow and their 9-year-old daughter, Jaunita, of Greenville; seven half brothers, H. C. Brown of De Kalb, Arthur Brown of Quitman, Virgil Brown of Haskell, Lon E. Brown of Mangum, Okla., Jesse Brown of Sweatwater, Luther of Wichita Falls, T. G. Brown of Childress; and two sisters, Mrs. Alma Hibbs of Quitman and Mrs. Beulah Skinner of Dallas.

City Purchases Garbage Truck

Purchase of a new garbage truck collection unit for the City was authorized Friday night at a meeting of the City Council, after alderman had examined bids submitted by several manufacturers of this type of equipment.

The equipment selected was a Garwood Load-Packer refuse collection unit, to be mounted on a 2-ton Chevrolet truck recently purchased by the City from Burton Chevrolet Company.

The garbage body unit purchased Friday is of all-metal construction, completely enclosed, and has capacity of 12 cubic yards.

The purchase contract calls for delivery within 90 days, or sooner if possible. The equipment will be placed in operation by the City as soon after its arrival as practicable, officials said.

Jay Cox Rated Kingpin on H-SU Cage Team

Jay Cox of Haskell is one of the kingpins of the Hardin-Simmons University Cowboy basketballers. Working as a co-captain Cox is earning his third letter under Coach Jack Martin.

The Cowboys will play Texas Tech in Rose Field House on the campus of Hardin-Simmons tonight in a Border Conference game.

James C. Fore Returns to Duty At Norfolk

James C. (Shorty) Fore, SH2/c and Mrs. (Bess) Fore and their two children, arrived recently from Norfolk, Va. for a visit in the home of his parents, Mr. and Mrs. W. L. Fore, who is serving on a destroyer tender in the Atlantic Ocean. Sec. AD 28, and his wife and children have been living in Norfolk while he was stationed there. He will Fort Worth Sunday by plane to return to sea duty.

The Shenandoah and several other ships and submarines will leave in February for a several months cruise in the Mediterranean, and while away Mrs. Fore and children Jimmy and Mary Frances will remain in Haskell with relatives.

Former Haskell Man Victim of Car-Train Crash

Wilford George Bischoffhausen, 46, member of a prominent early-day Haskell farm family and brother of Richard Bischoffhausen and Mrs. Owen Cox of this city, was fatally injured January 27, in an automobile-train crash near Woodville, Tyler county.

Mr. Bischoffhausen, a lumber dealer at Waxahachie for the past year, accompanied by his wife and their son Clyde, were en route to Beaumont to visit relatives when the accident occurred, around 8:45 a. m. Saturday. As he approached a railroad crossing some 15 miles from Woodville, which was blocked by a freight train of flat cars, Mr. Bischoffhausen was unable to stop his car on the slippery highway, wet from a heavy dew, and the automobile swerved into the heavy freight cars. Mr. Bischoffhausen was fatally injured and died at 12:20 p. m. in a Woodville hospital. Mrs. Bischoffhausen received serious injuries, including several fractured ribs and severe bruises about the body, while their young son was uninjured.

Born in Austin, Texas, he was the son of the late Mr. and Mrs. G. W. Bischoffhausen who moved their family here in the early 1900's. Wilford was reared here and attended Haskell schools. He married Miss Ethel Cook of this city in 1926 and they made their home here until moving to South Texas the following year. Mr. Bischoffhausen was an assistant superintendent with the Badger Construction Company for 10 years, resigning to enter the lumber business in Waxahachie. He was a member of the Methodist Church.

Surviving are the wife and son, the brother and sister of this city, and another sister, Mrs. C. S. Boothe of Beaumont.

Funeral service for Mr. Bischoffhausen was held at the Glenrose Methodist Church Monday at 3 p. m. and burial was in Glenrose cemetery. Pallbearers were Homer and Werner Booth of Beaumont, Curtis Cox, J. B. Kuenstler, Roy and Floyd Cook of Haskell.

Cold Wave Brings Snow, Sub-Zero Temperature Here

A severe cold wave which has brought most of the State in an icy grip for the past four days, plunged the mercury to the lowest level recorded here since the winter of 1947, when a low of 1 degree below zero was recorded Wednesday night, according to John B. Martin, local weather observer for the Government.

Advent of the cold wave brought a 9-degree reading early Monday morning, Martin reported, with sub-freezing temperature prevailing since that time. Tuesday night the temperature dipped to 11 degrees, and a brisk wind ushered in a heavy fall of sleet beginning around 4 a. m. Wednesday, followed by the season's second snow fall which covered the ground within an hour Wednesday morning and continued at intervals until an estimated one inch of snow had blanketed this area.

Sub-freezing temperatures and snow-covered roads and highways slowed traffic throughout the day Wednesday, but did not disrupt bus schedules nor other transportation, and no traffic accidents in the immediate area were reported as a result of the slippery highways.

Highway Maintenance superintendent Ray Lusk said that all highways in the county were kept open for traffic, but that travel on asphalt farm and market roads was hazardous until the snow could be cleared from the roadways.

Considerable damage is expected to result to the county's wheat crop that had withstood the prolonged drought as a result of the hard freeze which precedes the snowfall, County Agent Martin said. One benefit from the severe cold however, he pointed out, could be to kill off hibernating insects and lessen this threat to next year's crops.

The extreme cold was not expected to result in any livestock losses, the county agent said, as most animals had gone into winter in good shape.

The severe cold weather ent attendance at all schools in the county, but none of the schools were closed and operation was on normal schedule.

Members of the local fire department were kept on the alert following disastrous fires in several Texas towns and cities Monday night and Tuesday, but firemen alarm during the past four days, here were called out on only one. Fire equipment was called at 6:20 p. m. Wednesday to the 1100 block on North Ave J, when a short circuit in electrical wiring threatened to start a blaze. No damage resulted from the mishap. Fire Chief Lusk reported.

Mattson to Stage 'Talent Night' On Feb. 13th

Mattson Rural High School plans to stage its annual "All Talent Night" Tuesday, Feb. 13, at 7:30 p. m. at the High School.

Mrs. T. C. Walker has charge of the entries and the direction of the entire program, which is sponsored by the Sophomore Class this year. Mrs. Walker states that prizes will be awarded the best performances and any non-professional may enter as an individual or a group, but they must be previously scheduled for a place on this variety home talent show.

The show has proven to be one of the community highlights and everyone has a good time whether they come as a participant or as a spectator. Perry Force and his string band will furnish the music and entries from Haskell, Paint Creek and Weinert have already been made. Everyone is invited to enter; there are no entrance fees, the only requirement being to register with Mrs. Walker. The building will be open nights for those who wish to practice.

Three Injured In Car Wreck Early Sunday

Three Haskell youths were injured, one critically, when the car in which they were riding went out of control and left the highway and overturned several times about 2 a. m. Sunday 11 miles east of Haskell.

Bobby Don Smith, 18, son of Mr. and Mrs. C. E. Smith, was critically injured. He received a severe concussion, lacerations on his face, head, and right ear which required 60 stitches to close the injuries. He was unconscious when removed to the Haskell hospital, but regained consciousness late Sunday and is making fair progress toward recovery.

With Smith were two companions, Billy Alton Dilbeck, 19, son of Mr. and Mrs. J. L. Dilbeck, and Eudley Lane, 18, son of Mr. and Mrs. Noah S. Lane, all of Haskell. Dilbeck's injuries were not termed critical by hospital attendants, consisting of face and head lacerations and bruises about the body. Lane, a Haskell High School student, was dismissed from the hospital Sunday afternoon.

All three youths were thrown from the automobile, which was totally wrecked and so badly crushed that none of the youths could have survived if they had not been thrown clear of the vehicle.

Attend Funeral In DeLeon

Mr. and Mrs. E. R. Clifton were in DeLeon Wednesday to attend the funeral of Frank L. Smith, an uncle of Mr. Clifton. Mr. Smith died of a heart attack Sunday evening at DeLeon and was buried at Victor community cemetery Wednesday.

Today's Conditions 'Normal', Lions Club Speaker Declares

"Americans must accept today's world conditions as 'normal times' and be prepared to face conditions as they are today for the next 25 to 50 years", members of the Lions Club were told Tuesday at their luncheon and weekly meeting by Dr. W. A. Stephenson, professor of Government and assistant dean of Hardin-Simmons University, Abilene, guest and speaker at the meeting.

Other guests included H. C. Sivola, associate secretary of the Baptist Brotherhood offices in Dallas; and two new members, Bob Stephenson, local cotton buyer, and Frank Mendenhall of this city.

Results of the January membership and attendance contest showed Leon Willard Warren's team with 33 points winning over Leon Ralph Duncan's team; 39 points. Members of the losing side will entertain the winners with a supper.

Rev. Adkins, president of the Q-B Club, called attention to the forthcoming HHS football banquet sponsored by the Lions and Q-B Clubs, and mentioned that the affair will be held at the Haskell High School and that the affair will be held at the Haskell High School and that the affair will be held at the Haskell High School.

Leon Roy Johnson was in charge of the day's program, and he presented Mr. Sivola, who gave a brief talk on the work of the Baptist Brotherhood.

Dr. Stephenson, in his talk spoke on free enterprise and the

Nothing Better Than Good Food, Says Ohio Man

If a man isn't able to eat the foods he likes he's in mighty sorry shape—imagine going through life without being able to enjoy a fine big platter of bacon and eggs. That is the way Joseph N. Damillot, 3414 E. 5th Street, Dayton, Ohio, used to be, but since he has been taking HADACOL, he feels just fine and is able to enjoy lots and lots of fine foods. Mr. Damillot found that taking HADACOL helped his system overcome a deficiency of Vitamins B, B₁₂, Niacin and Iron.

Here is Mr. Damillot's statement: "My first bottle of HADACOL convinced me that HADACOL was what I needed for the gas on my stomach at nights. I could not keep food on my stomach, but after the first bottle I was going great. Now I eat bacon and eggs, and other foods that never would stay with me. I also can sleep well at nights. Thanks to HADACOL, I will never be without it, and can recommend it to all who suffer with the above ailments that I had. I know because I have suffered for quite some time."

Pancakes with Sausage Patties
Broadcast: February 3, 1951
1 1/2 cups plain pancake mix
1/2 cup Fat Milk
1/2 cup water
1/2 lb. bulk pork sausage
1/2 cup rolled oats
1/2 cup Fat Milk
1 teaspoon ground onion
1/2 teaspoon dry mustard

Put the mix into bowl. Stir in mixture of 1/2 cup milk and water. Do not beat until smooth, as overbeating toughens pancakes. Bake on hot, slightly greased griddle or in heavy skillet, until bubbles appear and edges are cooked, then turn and brown other side. Makes eighteen 4-in. cakes. Meanwhile, mix sausage with rolled oats, the 1/2 cup milk, onion and mustard. Shape in 8 flat patties. Brown slowly on both sides in hot, greased skillet. Serve with pancakes and syrup. Makes 4 servings.

You Will Need:
Fat Milk, Pancake Mix, Bulk Pork Sausage, Syrup.

Farm Equipment Dealers Plan Added Service
"Partners in Production" will be the theme when Texas Ford Tractor dealers, along with their dealership personnel, attend a special meeting Feb. 9, 1951 at the Baker Hotel in Dallas sponsored by The Stewart Company of Dallas and San Antonio, Texas Distributors, and Dearborn Motors Corporation, Birmingham, Mich.

Opportunities for farm equipment dealers to be of increasing service to their farm customers and to their country during a period of national emergency will be presented during the all-day program. Professional actors will present skits to dramatize proposed future business activities in the farm equipment field. During lunch in the Mural Room of the Baker Hotel the day meeting, 11 of the 128 Ford Tractor dealers in Texas will be honored as Texas winners of a nation-wide Dearborn Farm Equipment demonstration contest. Each winner will be presented with an engraved watch and a national certificate of merit. The meeting is one of a series of 32 being held in principal cities across the nation for Ford Tractor and Dearborn Farm Equipment dealers.

Emphasis at the "Partners in Production" meeting will be given to the important work ahead for farm implement dealers in their role as "first assistants" to the farmer at a time when the nation's agriculture is being called on for extra effort to produce increased quantities of food and fibre.

New Oldsmobile Rocket "88" On Display Here

Featuring new beauty, new comfort and new gas economy, the new Oldsmobile Rocket "98" went on display this week at Service Garage & Implement Company in this city. John Darnell, local Oldsmobile dealer, said today that the new model had attracted much favorable comment from the throngs that have visited his showrooms since the Rocket "98" was placed on display. "It is designed for sheer beauty outside, solid comfort inside," the dealer explained in commenting on the new model. The interiors are more spacious, more luxurious than ever, to make it the finest in Oldsmobile history, he added. The rugged new chassis and suspension system provide a softer, smoother-than-ever "Rocket Ride," he continued. The new Oldsmobile Hydra-Matic Drive is optional at extra cost on the new models, the dealer added. Mr. Darnell invites automobile owners of this section to come in and see the new Rocket "98".

VISITORS IN E. J. COUCH HOME
Week-end visitors in the home of Mr. and Mrs. E. J. Couch were Mr. and Mrs. Billy Couch of Slarton. The young couple were married December 28 in Childress. Mrs. Couch is the former Trudie McNeal, daughter of Hood McNeal. Mr. Couch is employed with Smith Bros. Contractors Seismograph Co.

Treating Cotton Planting Seed Found Profitable in Higher Yield

High cotton yields are usually produced from fields where good, early stands have been obtained. Replanting is an expensive job and it can often times be avoided by treating the seed before they are planted, says Fred C. Elliott, extension cotton work specialist of Texas A&M College. He points out that the scarcity of good planting seed in many areas and the present emergency that faces cotton producers makes the problem of getting a good stand on the first planting mighty important in 1951. Cotton seed treatment is an inexpensive form of crop insurance for treating materials cost only a few cents a bushel. Treating kills disease germs on the seed, protects the seed and seedlings from diseases which may be in the soil and give a better stand of cotton.

Elliott says the two worst cotton killers are angular leaf spot and soreshin. In the Blacklands of Texas, angular leaf spot ranks next to root rot as the number one young seedling and appears as a hazard in cotton production. It first shows up on the leaves of the small, green, water-soaked spot that resembles a bruise. If damp weather sets in after the seedling comes up, the disease spreads over the entire plant and unless the planting seed was chemically treated before planting, many of the plants may be killed. The disease effects the fruiting habits of the cotton plant and carries through to the older plants where it appears as angular spots on the leaves and as bacterial rot on the bolls.

Soreshin is detected as a brown diseased area on the stem of the cotton seedling either above or below the ground line and it causes a shriveling of the plant tissue which kills the plant. At the Temple Agricultural Experiment Substation, Elliott says that cottonseed treated with either two or five per cent ceresan gave 25 to 30 per cent better stands than untreated seed. The plants showed less angular leaf spot and the final production per acre averaged more than 50 pounds of lint cotton per acre. Seedlings from treated seed often are twice as large as the seedlings from untreated seed during the early stages of growth. Elliott suggests to cotton producers not familiar with the process of treating cotton seed that they visit their local county agricultural agent and ask for details on what chemicals to use and the proper methods of doing the treating job. He also points out that producers who have large quantities of seed to treat might find it economical to have the job done by a commercial operator.

He says regardless of who does the job, be sure that the seed are covered with the chemical and that the right material has been used for the treating process. America and her world allies need every bale of cotton that can be produced in 1951 and Elliott urges cotton farmers to follow the best known production practices so they can get the maximum yields.

Long-term Investment that pays daily dividends

THESE are days when thoughtful people turn their minds to the durability of things they purchase—and that makes good sense at any time.

But you may have noticed that it's a rare occasion when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick.

If you picked a car just for the lift it gives you—your pride in its power and pace—or its generous comfort and room—you couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

The springs of stout spiraled steel on all four wheels let your wheels dip and curtsey over uneven highways, while you ride level as a lance. But these springs also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection that comes only from years of experience with this basic design.

Dynaflo Drive gives every mile you drive effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, puts less strain on the whole driving mechanism, from engine to differential.

The road-steady gait of a Buick gives you a sense of relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you.

However you check it, you'll discover this: The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.

Better make it a point to see your Buick dealer—soon.

Standard equipment, accessories and trim illustrated are subject to change without notice.

No other car provides all this:

- DYNAFLOW DRIVE • FIREBALL POWER
- 4-WHEEL COIL SPRING • DUAL VENTILATION
- PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
- WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
- BODY BY FISHER

*Standard on ROADMASTER, optional at extra cost on other Series.

Farmers Advised To Leave Cover Crop on Land

This is the time of year to be thinking about the necessity of cover on the ground to protect the land from wind and water erosion that will occur this spring following rains. It is very necessary, believe the Supervisors of the Wichita-Brazos Soil Conservation District, that all maize and cotton stalks remain on the surface of the soil and that tillage be performed with a chisel at this time of the year. Mouldboard plowing is not a good practice for the land, believe the Supervisors. Yields may return to normal in a year or two and then fall below the normal thereafter. The planting of soil conservation crops in the fall of the year is very necessary to hold the land from blowing and to build up the badly needed organic matter. The practice of plowing with a mouldboard plow is a great factor in the rapid deterioration of plant food. Land that is subject to severe wind erosion each spring should be returned to a permanent cover of perennial grass, believe the board. The grass seed drills that belong to the district are now being used by cooperators to plant grass. Technicians of the Soil Conservation Service are assisting these cooperators carry out this part of their conservation plan.

PRICE FREEZE AT A GLANCE

The government's new stabilization order at a glance: It freezes all wages as of midnight last Thursday, and almost all prices at their highest levels during the period from last Dec. 15 to Jan. 25. It is applicable immediately. It is designed to hold back rising prices and wages while government officials work out ceiling formulas aimed at staving off dangerous inflation. For prices, it specifically prohibits buying or selling "in the regular course of business or trade" any commodity or service at a price higher than that charged during the Dec. 15-Jan. 25 period "regardless of any contract or other obligation." For wages, it prohibits paying or

receiving of wages higher than those in effect last Thursday. New employees must be paid no more than the Jan. 25 rate for the "jobs for which they were hired." Overtime, vacation and holiday pay, pensions, benefits, etc., also must be held at the level in effect Jan. 25. However, the wage regulation allows for appeals and the price order lists numerous exceptions and exemptions especially of agricultural products sold on the farm. Both were apparently drawn up with an eye to future adjustment either up or down as conditions dictate. Violations are punishable by fines up to \$10,000, one year in prison, or both.

the Railroads RESPECT... What is the TRUTH?

the Labor Unions seek to REPUDIATE this agreement!

At various states in the present dispute with the brotherhoods of railroad operating employees... the railroads agreed to arbitrate. The union leaders refused. ... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused. ... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused. Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement. The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rate and date indicated. The Agreement is given in full below.

MEMORANDUM OF AGREEMENT

Washington, D. C. December 21, 1950

- Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.
- Set aside 40 hour week agreement until January 1, 1951, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.
- Settle rules for 40 hour week and 6 day week.
- Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.
- Settle following rules: Initial Terminal Delay (Conductors and Trainmen) Interdivisional Runs Pooling Caboose (Conductors and Trainmen) Reporting for Duty More than One Class of Service Switching Limits Air Hose (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)
- Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.
- Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.

Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except conditions which for changes in rules or working conditions which may have been initiated prior to June 30, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called "with Doctor Steelman" increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote, the employee representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreement or rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrators, miscellaneous rates, special allowances, and existing money differentials above existing standard daily rates will be included in the formal agreement.

The foregoing will not debar management and committee on individual railroads from mutually agreeing upon changes in rates, rules and working conditions of employees covered by this agreement.

Sunshine Sewing Club Meets With Mrs. Robison

The Sunshine Sewing Club met Tuesday, January 30 in the home of Mrs. John E. Robison for a birthday dinner honoring members whose birthdays have occurred since the last fifth Tuesday, as is the custom of the club.

Mrs. Robison invited club members into the dining room, where the table appointments were beautiful crystal and china. The luncheon consisted of baked ham, dressing, gravy, salad, pickles, pie, toasted pecans and coffee, and was enjoyed by everyone. A plate was also sent to an absent member, Mrs. Chas. E. Smith, who was unable to attend because of the critical condition of her son, Bobbie Don, patient in the Haskell hospital from wreck injuries.

Following the luncheon the afternoon was spent in a business meeting and in exchanging helpful ideas on crochet, and planting and growing of spring flowers.

Those attending were: Mmes. Trudy Wheeler, O. C. Cass, Mary Fouts, Wilma Brown, Delia Ashley, Elizabeth Whatley, Ola McMillan, Georgia Fouts, Lucile McCurley, Gerie Waggoner, and the hostess, Mrs. Robison. The next meeting of the club will be held Tuesday, February 6th in the home of Mrs. Sam Parks.

Miss Kathleen Crawford Bride of H. L. Lane In Ceremony Sunday Afternoon

Winter white and red were the colors used at the First Baptist Church, to provide the setting for the wedding of Kathleen Crawford and H. L. Lane at 4:00 p. m. Sunday, January 28.

The bride is the daughter of Mr. and Mrs. J. M. Crawford of Haskell and the groom is the son of Mr. and Mrs. Noah Lane, also of this city.

Hubert Sego read the double ring ceremony before an altar of plumosa fern with large palms on each side. A large heart of red carnations trimmed in white centered the solid green background. Red tapers burning in wrought iron candelabras stood near large baskets of white mums. White silk cording was draped leading to the center of the altar.

The bridal party walked down an aisle marked by clusters of white gladioluses tied to the pews with white satin ribbon. Members of the Abilene Christian College A cappella choir sang "Calm as the Night (Carl Bohm), "Oh, Promise Me" and "I Love Thee" (Beethoven). They sang the prayer "May the Lord Bless You" during the ceremony.

Entering the church on the arm of her father, the bride wore a wedding gown of white mousseline de soie. The gown was designed with a fitted chantilly lace bodice, long sleeves and pleated V-neckline. Small self covered buttons accented the back of the bodice. The bouffant skirt ended in a long train. For something old, the bride used her grandmother Crawford's white satin covered hoop to carry the train. The gown was borrowed from the bride's sister-in-law, Mrs. M. M. Crawford of Wichita Falls.

The bride's finger-tip veil of imported illusion was caught to a small, open-crowned seeded pearl coronet. Her bouquet was heart-shaped, composed of white camillios and sweet peas.

Mrs. Paul Crawford, Dallas, sister-in-law of the bride, was matron of honor, and Mrs. Mack Duce, Sweetwater, sister of the

groom, was bridesmaid. The attendants were gowned alike in white marquisette carrying bouquets of red sweet peas in the same design as the brides. Red ribbon bows with waist length streamers were worn on the back of the head.

Madison Crawford, Wichita Falls, nephew of the bride, carried the rings in a red rose. Vicki Frierson, niece of the groom, was flower girl. Her dress of white taffeta was made with a gathered skirt, puff sleeves, large bow and Peter Pan collar. She carried a heart shaped red basket filled with white sweet peas.

Bill Lane, brother of the groom served as best man. Groomsmen were M. M. Crawford, Wichita Falls, brother of the bride, Bob Mobley, Virgil Meadors, Jr., Joe Harper, Nick Carroll and Carol D. Bledsoe.

Mrs. Crawford was gowned in a floor length antique white moire taffeta with deep gathered basque. Her hat was wild white roses trimmed in red net and she wore a red rose corsage. Mrs. Lane wore a white velvet gown, matching velvet turban and red rose corsage.

A reception was held at the Magazine Club with the bride's parents as hosts. On one of the three tables was a three-tiered wedding cake embossed with lilies of the valley, roses and a red heart. Appointments were in silver. Serving at the reception were Mesdames W. P. McCollum, Bob Herrin, Gene Frierson, Bill Lane, Anita Pitman Medford, M. M. Crawford of Wichita Falls, Morgan Williams of Stamford, Ed Polnac of Stamford, Martha Ezell of Stamford, and Misses Lucille Watson and Jane Holt.

When the couple left on their wedding trip to New Orleans, the bride wore a dusty rose Swansdown wool suit, rose hat and navy accessories.

Dr. T. W. Williams Speaker at P-TA Meeting

The Haskell Elementary Parent-Teachers Association met at the high school auditorium Thursday, January 25th.

for the day, Dr. T. W. Williams spoke on "Hereditary and Habit, the Things of Which Behavior Consists."

Dr. Williams explained the part the Elementary P-TA was to take in the Open House in the new primary school building on Sunday afternoon.

He said that heredity had much to do in molding the child's habits and that habit plays a profound part in the development of proper or improper actions of the child.

After the business and discussions were finished the speaker

Visitors Throng New School At Open House

Doors of Haskell's new \$150,000 primary school building were thrown open to several thousand visitors Sunday afternoon.

Members of the Haskell Elementary Parent-Teacher Association acted as hostesses for the open house, served punch to visitors and registered a portion of the large number of people who visited the building.

Faculty members of Haskell schools and members of the board of trustees also greeted visitors and escorted them through the building, explaining many of the modern new features embodied in its construction.

The building, virtually complete now, will be ready for occupancy on a gradual basis within the next few weeks.

Things crowding the building throughout the afternoon were estimated at several thousand people, including many visitors from neighboring towns and cities who joined Haskell people in inspecting and admiring the new building.

POWER PILOT ECONOMY

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. It automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements. Unlike conventional systems, the Power Pilot uses one control instead of two, yet is designed to synchronize firing twice as accurately. You can use regular gas... you get no-knock performance. Only Ford in the low-price field can give you Power Pilot Economy!

Haskell Sophomore In Golden Gloves Spotlight

A Haskell High School sophomore, Jimmy White, 15, has advanced to the spotlight in area Golden Gloves competition during the past few weeks, and is considered a strong contender for regional honors after winning in the novice welterweight division at Breckenridge, winning the trophy in this division for Haskell. Trained by Lon McMillin of

this city, lightweight Golden Gloves champion in 1938, young White competed in his first contest at Breckenridge a month ago, winning a decision over Harold Kahler of Abilene, and in a return match the following week again decided the Abilene youth. In an open district tournament two weeks ago, White decided Babe Jones in winning the novice trophy.

R. C. Hines of Coleman visited in the home of Mr. and Mrs. Jetty V. Clare Friday afternoon.

Funeral Service For R. G. Jaeger Held Here Sunday

Funeral services for R. G. Jaeger, 86, of Breckenridge, were held at the First Methodist Church in this city Sunday at 3 p. m., conducted by Rev. Jack D. Wester, pastor of the Pinkerton Baptist Church, assisted by Rev. T. J. McClelland, pastor of the Foursquare Church of Stamford.

Burial was in Willow Cemetery under direction of Holden Funeral Home of this city. Grandsons of the deceased were pallbearers.

Mr. Jaeger, long-time resident and prominent farmer and landowner of this section, died at the family home in Breckenridge Friday Jan. 26 at 4:20 p. m., following an illness of almost three weeks with pneumonia.

He was born Nov. 25, 1864, in Fayette County, Texas. He married Miss Louise Helwig of New Elm, Texas, in 1887, and they later lived in Lavaca County before moving to Haskell in 1914. Mr. Jaeger operated a large farm southwest of Haskell for many years until retiring from active farming about seven years ago when he and his wife moved to Breckenridge to make their home. Following the death of his wife in 1930 Mr. Jaeger was married to Mrs. Erna Burge in 1933. Mr. Jaeger was a member of the Lutheran Church.

Mr. Jaeger is survived by his widow, of Breckenridge; three daughters, Mrs. Clara Meil of Meadow, Texas, Mrs. Erna Holloway and Mrs. Hattie Holloway both of Haskell.

Haskell Youth Given Suspended Sentence

A jury in district court at Anson last Friday assessed the minimum sentence of five years, suspended, in the trial of Kenneth Davis, Haskell High School student charged with a statutory offense in an indictment returned by a Jones county Grand Jury. The jury deliberated only a short time in returning the minimum penalty.

Defense of the Haskell boy was conducted by Tom Davis, Haskell lawyer, and Hubert Watson of Stamford. Prosecution was directed by District Attorney John Willoughby, a former court reporter here.

CARD OF THANKS

We wish to take this means of expressing our heart felt thanks to our many friends who were so kind to us during the sickness and death of our dear father and grand father. We thank each one for the good food, the beautiful flowers and for your kind words of sympathy. We wish to thank the doctors and nurses at the hospital for their services, also Rev. Nickerson and Mr. Holden for their part in the service. When sorrow comes your way may you find the same help and comfort as we did. Mr. and Mrs. Ralph Goodwin and Charles.

Miss Barbara Watson, Joe Allen Box Wed In Ceremony Read at Bride's Home

The home of Mr. and Mrs. John R. Watson, Jr., in the Paint Creek community was the setting Tuesday evening, Jan. 30, for beautiful and impressive nuptial rites uniting their daughter, Barbara, and Mr. John Allen Box, also of Paint Creek and nephew of Mr. and Mrs. Jim Adams of that community. The Rev. Byron Bryant, pastor of the First Baptist Church in Stamford read the rites uniting the couple at 9:30 p. m.

Attending the couple were R. J. Moody as best man and Miss Dorothy Jean Overton as bridesmaid.

The bride chose a wedding gown of navy blue with navy accessories, and the bridesmaid's gown was pink with white accessories.

Only members of the immediate families and intimate friends of the couple were guests at the wedding.

Mrs. Box is a graduate of Paint Creek High School and is a freshman student at TSCW in Denton.

Mr. Box, a junior in Texas A&M College, also is a graduate of Paint Creek High School.

Following a brief wedding trip,

Demonstration of Electric Range Given at HHS

Miss Mary Alice Howell, home economist for the West Texas Utilities, gave a demonstration on food preparation with the electrical range at home economics cottage Tuesday afternoon.

Miss Lucille Watson, HHS homemaker teacher, said the girls especially enjoyed the demonstration as Miss Howell explained the advantages of cooking with electricity.

At the close of the demonstration Miss Howell served the attractive and delicious food which she had prepared.

Texas Publishers Hold Mid Winter Meet In Austin

Newspaper publishers and editors of Texas gathered in Austin last Saturday for the annual mid-winter meeting of the Texas Press Association which was highlighted by a discussion of present-day problems which have been accentuated by the grave international situation.

Attending from Haskell were Jetty V. Clare, owner and publisher, and Alonzo Pate, editor of The Free Press.

Facing mounting problems arising from the national emergency and threat of war, newspapermen were told they might be compelled to make their newspapers smaller because of newsprint shortage and that advertising might be curtailed due to lessened consumer buying brought about by controls.

To meet these obstacles, publishers discussed means of developing better newspapers and making advertising more effective by making it easier to look at and more compelling.

During the busy one-day session, outstanding leaders in the profession discussed the common problems of the weekly publisher, and at the closing session the newsmen heard in intimate detail of the insidious work of Communism in America in an address by former U. S. Senator Martin Dies.
