Haskell Firemen Answer Call to Rochester

Haskell's Volunteer Fire Department answered a call to a large residence on the outskirts of Rochester at 12 p. m. Wednesday.

According to Floyd Lusk, city fireman, the residence located just north of the cotton gin on Highway 283 and known as the Whiteside homeplace, was completely destroyed. However he stated, many of the furnishings of the house appeared to have been removed from the house undamaged.

Approximately 10 of the Haskell firemen answered the call and the truck was absent from the city for an hour and 15 minutes. Other fire departments at the scene were Rochester and Knox City units.

Walling, Jr., will come address, and be made by Bill Snyder fire department.

The murder trial of Agapito Martinez, 51 year old Benavides, Texas Latin American, has been tentatively set for Thursday, Oct. 25 in 39th District Court here.

Martinez is under Grand Jury indictment for the pistol slaying Sept. 24 of Mrs. Guadalupe Luna, 31, on a farm north of Rule. She died while being carried to Rule for medical attention.

Poll Tax Receipts Nos. 1, 2, Go to O'Brien Couple

First persons to qualify as voters in 1957 in Haskell County are Mr. and Mrs. Jewell Day, farm couple of the O'Brien section northwest of Haskell.

Poll tax receipts No. 1 and No. 2 were issued to Mr. and Mrs. Day early Monday when the O'Brien farmer called in the office of County Tax Assessor-Collector Elizabeth Stewart to pay his 1956 county and State taxes.

The 1956 poll tax will be a requisite for voting in all elections held during 1957.

Henry Smith, farmer in the Mattson community, was appointed presiding election judge in the Mattson precinct by the commissioners. He is replacing former election judge H. H. Segro, who has moved to the Plains.

Other business transacted by the court was to accept a bid of \$6,500 total costs on a tractor from the Moore-Harris Machinery Co. of Abilene. The tractor is a used model Allis-Chalmers. The Moore-Harris bid was the only one received by the court.

Mr. and Mrs. O. W. Tooley were in Paducah Monday afternoon where they visited in the home of their son and family. Mr. and Mrs. Kenneth Tooley of The Paducah Post.

Figured on the above basis, the WTU company's state and county tax bill amounts to slightly more than \$140 daily.

Two Men Killed In Traffic Crash Near Rochester Early Tuesday Night

Two men were killed instantly in a traffic smashup involving three vehicles on State Highway 283 two and one-half miles south of Rochester Tuesday night, while a young couple in one of the automobiles suffered slight injuries and the driver of the third vehicle involved escaped unhurt.

Killed instantly were P. H. Kerr, about 35, of Abilene and Joe Bailey, about 61, of Brownwood. They were occupants of a 1953 Ford pickup which was completely demolished when it was thrown into the path of a heavy oil field mud truck belonging to a Rule oil field servicing concern.

Slightly injured were Doyle Dodson, 29, ge company employee in Knox City, and Barbara Brooks, 15, O'Brien high school student. They were occupants of a 1956 Chevrolet sedan.

Dick Andrews, Rule, driver of the mud truck, was uninjured. He is employed by Denson & Galloway oil field service.

Andrews told investigating officers he was traveling south on Highway 283 about 7:50 p. m. and the other two vehicles were approaching him, heading north.

One of the two vehicles apparently tried to pass the other, Andrews did not know which. The driver saw he couldn't make it and whipped back to his side of the road but appeared to collide with the rear of the other vehicle. This collision caused the pickup truck to veer across in the path of the oil field truck, which struck the pickup about even with the driver's seat. Bodies of the two men were crushed and broken, and each of the men had one leg completely severed, officers said.

Andrews, shaken up but otherwise unhurt, flagged down approaching cars and had them call an ambulance and notify officers. The young couple was carried to the Knox City Hospital where they were treated and released.

Bodies of the two victims were taken in a Pinkard ambulance to Pinkard Funeral Home in Rule.

Kerr, who was reared in East Texas, had been working for Campbell Construction Co., a road construction firm, in Abilene for about 10 years. He was a concrete foreman for the firm and is survived by a wife and two daughters.

Dates Changed For Issuance of Commodities

Dates for the issuance of USDA commodities have been changed from the 1st and 15th of each month to the 1st and 3rd Mondays, states County Judge Alford Turnbow.

He explained the change was made as the previously arranged dates could fall on Sunday. Other changes in the program, include moving the sign-up date from noon on Saturday to noon on Friday before the issuance date. Judge Turnbow said this is necessary as a report must be mailed Friday evenings telling how many have signed for the commodities and how much food will be needed.

Distribution began September 17 in the warehouse obtained by Commissioners Court southeast of the square.

Mr. and Mrs. O. W. Tooley were in Paducah Monday afternoon where they visited in the home of their son and family. Mr. and Mrs. Kenneth Tooley of The Paducah Post.

State Water Board Gets Haskell Request For Lake Permit

First step toward securing official sanction for the development of a municipal water source for the City of Haskell on North Paint Creek was made Monday.

A presentation was filed with the State Water Board, preliminary to securing a permit to impound waters of the stream, if further engineering studies prove the project is feasible.

Appearing before the Board in Austin to make the presentation were Mayor J. E. Walling, Jr., Alderman Barney Frazier, J. R. Coody, Jr., rancher of Haskell and Breckenridge, C. of C. Manager Rex Felker and W. R. Johnson, Haskell banker and member of the water resources committee of the chamber of commerce.

Filing of the preliminary application by the Haskell group will give this city prior claim to the source of water on North Paint Creek, it was understood. It also clears the way for further work and exploration to determine whether building of a municipal lake would be feasible and practical from a financial standpoint.

A study of the proposed project has been under way by the C. of C. group for several months. The city also has cooperated and secured the services of an Abilene engineer, Earnest Yeatts, to make a preliminary survey to determine the potential yield of water which could be developed.

All of the land which would be required for the proposed lake is on the Coody Ranch. Owners of the ranch are in complete agreement with the City of Haskell on all matters involved, including land which would be required for the lake if it is built.

OUT ON A LIMB

By CHARLENE WHITE

Haskell had a visiting VIP last week, a beautiful young lady who arrived without fanfare, but with Miss Nancy Duncan, daughter of Mr. and Mrs. Leo Duncan of Breckenridge. The two girls were guests in the home of Nancy's grandparents, Mr. and Mrs. W. A. Duncan of Haskell.

The VIP was Miss Denver, Colo., in the person of Johnette West, 21 year old Continental Airlines hostess now stationed in El Paso. Johnette, a typical black Irish beauty who manages to resemble both Elizabeth Taylor and Ava Gardner, no mean trick, shares an apartment with Nancy Duncan, no slouch in the glamour department herself.

The two have been hostesses just four months and "love it just to be it." They are allowed to live in the apt only 84 hours a month, which means they only work between 15 and 18 days out of the entire month.

The 84 hours are generally spent somewhere between Kansas City, Midland, Denver or Houston, and of course home base, El Paso. Though Nancy jokes about hoping to fly until "I land a rich husband or crash," both girls are firmly convinced that flying is the safest way to travel.

The Colorado native won a \$100 wardrobe as first prize last October in the Miss Denver contest. Even after a year, she insists, it's hard to believe. The contest was sponsored in Denver by the local Variety Club, a national theatrical organization.

We have an apology to make to Mrs. Sam Herren. Last week she came into the office and beseeched us to put a little story in the paper to the effect that the Band Boosters would be selling hot dogs at the Joaquin game Friday. It was the first time during the season that the sandwiches were sold and they wanted to make sure of a goodly turnover.

Under a plan worked out this drouth can't last forever and maybe we'll all live and do well. "In fact," she contemplated, "if we all live, we'll be doing well."

Haskell County's zealous HDA has been lugging her prized \$7.50 chair up and down the stairs at the courthouse so often lately, she'll soon qualify for Furniture Mover of the Year. The chair is to be used in a study of slip covers this month, with Miss Greenhill constructing a slip cover for it.

Haskell County History

30 Years Ago—Oct. 1, 1886
Jones Shoe Shop, formerly located on the east side of the square has moved to a new location in the Oates Building, two doors north of Oates Drug. D. A. Jones is owner and proprietor of the shop.

A total of 3,543 bales of cotton had been ginned in Haskell County from the 1936 crop prior to Sept. 18. On the same date in 1935, only 256 bales had been ginned.

Dorothy Herren, who is attending school in Abilene, spent the week end here with her mother, Mrs. Angie Herren.

A Chevrolet sedan belonging to Leon Gilliam, who lives several miles north of town, was practically destroyed by fire Sunday night about 9 o'clock. The vehicle had been parked in the garage near the Gilliam residence and apparently caught fire from a "shorted" battery cable. The garage did not catch fire.

A team belonging to G. D. Payne of the Irby community became frightened and ran away one day last week while Mr. Payne was heading maize. The wagon was completely demolished, but fortunately, no one was in the wagon. The team was unhurt.

Under a plan worked out this drouth can't last forever and maybe we'll all live and do well. "In fact," she contemplated, "if we all live, we'll be doing well."

The material pattern is the center piece of a lemon, and," she continued, between gasps for breath, "it probably will be."

Teachers Speakers on Junior High Program of School Year

Some methods which have been introduced are most harmful to the child and teacher. She made it plain that teachers do not desire aides in the classroom, but clerical help is badly needed. Aides on the school grounds and in the lunch room, would be of great benefit to the teachers since it would give them a little free time for planning, conferences, and relaxation.

In conclusion it was pointed out that there are many new trends in education. Some will be of great benefit to our schools. Other trends are most harmful. Parents and teachers must be alert, they must keep informed. They must have understanding of the needs and problems in our education. They must work as partners in America's Greatest Business, Our Public Schools.

Miss Johnson discussed the Merit Rating in the schools. She pointed out that it has not been a success in the places where it has been introduced. It has caused trouble and unfair practices.

The National Education Association, and the Classroom Teachers Association have gone on record as being opposed to Merit Rating and Unions in the teaching profession.

Miss Johnson discussed Teacher Load and Teacher Aides. Statistics show that young people are not entering the teaching profession because of Teacher Load. She pointed out that some Teacher Aides are helpful and needed, but

evils of unions in our schools.

MRS. GENE OVERTON

It hasn't rained yet but it is cloudy this afternoon and we have hopes. However, nobody can say we haven't had showers. Three of them. Last Wednesday afternoon the ladies of the Baptist Church honored Mrs. Billy C. Doty with a bridal shower at the church. Gifts were arranged under a large pale green paper umbrella on a lace covered table. Refreshment plates of pink cake, green punch and mints were served as the guests arrived.

Menus were planned and given the bride, and a game of guessing what labelless cans contained was directed by Mrs. R. V. Earles. Gifts were unwrapped and displayed. It was such a nice shower and so many nice gifts for the young couple.

Then on Thursday afternoon Mrs. Arthur Watson, Mrs. Estie Gilleland, Mrs. Ray Perry, Mrs. Clarence Raughton and Mrs. Doc Raughton were hostesses at the Methodist Church for a bridal shower honoring Mrs. Raydeen Grissit, the former Carolyn Bounds. Guests were registered by Mrs. Perry, and served a plate of cake squares, punch and pastries. A song, "Those Wedding Bells are Breaking Up That Old Gang of Mine" was sung by Nelta Walton and Judy Earles, and games were directed by the hostesses. The bride was led to a beautiful lace covered table loaded with packages. We haven't seen such a pleased honoree in a long time, and she surely received some lovely gifts.

On Monday afternoon the same hostesses honored Mrs. Lonnie Bounds, the former Gayle Calloway, with a bridal shower at the Methodist Church. Since Lonnie is assistant manager of a Perry's Variety store in Snyder, the party was around the idea of a store, and in the skit the hostesses purchased gifts for the bride telling the clerk all about the wedding. The "purchased gifts" were given the bride, and favors of bags of rice in the bride's chosen colors of brown and blue was served.

Paint Creekers really help our young married couples begin housekeeping with these nice showers. They are fun, and we know the couples appreciate them. Now, we are ready for some of the other kind of showers. The wet kind.

Pat Morrison was a patient in the Haskell Hospital from Thursday until Monday with a severe case of step-throat. He was in school today teaching his classes, but will not coach the Junior boys at Benjamin tonight. Mr. Raughton will coach the boys for this game.

Mr. and Mrs. Armore Sims of Throckmorton were here for the O'Brien game Thursday and visiting his brother, Mr. and Mrs. Frank Sims.

Mrs. Annie Peiser of Mattson spent several days in the home of her daughter and family, Mr. and Mrs. Paul Fischer last week.

Mr. and Mrs. Jess Mickler spent last weekend visiting their sons, Twain and his wife and little daughter in Colorado City, and Bobby and his wife at Big Spring.

Mr. and Mrs. Frank Sims and

son Dub spent last Sunday in Vernon with their son and family, Dr. and Mrs. Frank Sims, Jr., and son Stevie. Their son Ray and his wife and two children, Bouncer and Karen from Lubbock met them there for the day.

Louie Kuenster is working with his combine in the maize harvest at Rochester.

Willie Lee Medford, VA teacher, and his grass judging team composed of Roy Scheets, Kenneth Carlton and Roy Petrick went to Iowa Park Saturday where they entered the grass judging contest. There were 19 different schools entered in the competition. Throckmorton won.

Mr. and Mrs. Joe Gardner and children from Dallas spent last weekend with her parents, Mr. and Mrs. W. S. Cox. They brought a neighbor couple with them, but I failed to get their names.

Mr. and Mrs. Vick Kuenster and daughter and her husband, Mr. and Mrs. John Kline of Abilene spent Saturday evening visiting his brothers and families, Mr. and Mrs. Louie Kuenster and Mr. and Mrs. John Kuenster.

Howard Perry underwent abdominal surgery at the Stamford Sanitarium Tuesday morning. His daughter, Mrs. Wayne Blacklock from San Antonio and his son, Don from Happy are here to be with their father.

Mr. and Mrs. Louie Kuenster spent last weekend in Fort Worth with their children Mr. and Mrs. Glen Sandefur and Rev. and Mrs. Truett Kuenster and Nanette. Sunday they had a picnic dinner at Forest Park and were joined by Tom Wiley Jr., and his son, Craig.

Mr. and Mrs. Anderson Langness and Mrs. Veda Griffin were in Fort Worth and Dallas shopping last weekend.

Honoring her little daughter Phyllis on her birthday Saturday afternoon, Mrs. Dale Middlebrooks entertained at her home. Punch and cake was served the little guests. They were Janice and Jeannine Isbell, Milla and Ricky Perry, Dan, Don and Brenda Hisey, Ann, Randy and Jana Hisey, Vern W. Howard, Steve Livengood, Brenda, Linda and Wanda Griffith, Bob Earles, Melanie and Eloise Livengood, Larry and Terry Walton and Sheila and Susan Gilliam.

Emilee Griffith, a freshman student at Hardin-Simmons, was a weekend guest of her family, Mr. and Mrs. Sammy Griffith.

Starting to Build? Then Insure Today

Anybody who starts to build anything should get "builders risk" insurance the day he starts.

It protects you against loss of a partially built building by fire or lightning. A workman's torch, a loiterer's cigarette, a brush fire or a bolt of lightning may wipe you out before you even get started.

And, though you have a bona fide contractor who has provided for payment of employees' compensation, you should also have liability insurance to protect you against accidents to members of the public.

Mother of Haskell Woman Dies In San Antonio

Mrs. Mattie E. Metcalfe, 92, mother of Mrs. O. E. Patterson of this city, died at 7 a. m. Sept. 22 at her home in San Antonio, where she had lived for 47 years. Death was attributed to the infirmities of age.

Funeral for Mrs. Metcalfe was conducted in Alamo Funeral Chapel at 11 a. m. Monday with the Rev. Joe May, pastor of First Presbyterian Church, San Antonio, officiating.

Interment was in the cemetery at Hutto, Texas, at 3:30 p. m. The cemetery is part of Mrs. Metcalfe's old home, Elm Grove, where her grandfather Sterling Orgain settled more than a hundred years ago, and where four generations of her family are buried. Both Mrs. Metcalfe and her mother grew to womanhood on the family estate of Elm Grove, and were married there. As a young woman she attended Sarah Orgain Normal in Bastrop and graduated from Sam Houston Normal in Huntsville, Texas, in 1890. In 1884 she married Thomas Metcalfe of Hutto and they lived there and in Taylor before moving to San Antonio. Mr. Metcalfe preceded her in death in 1930. Ike Better Democrat Adlai, Says Support

A bunch of us were standing around talking the other day, and the talk got around to politics like it usually does. Some of the boys said they'd voted for Ike in '52 and were going to do it again; some of them said they'd always voted the Democratic ticket straight and always expected to—you know how it goes around a little Texas town.

One fellow said something that made the rest of us stop and think. He said he was a Democrat, sure—always had been, and his father and grandfather before him. And he always felt like he had to vote for the best Democrat in the race, which he was going to do this year.

"And that means," he said, "that I'll have to cast my vote for Ike Eisenhower. He's a better Democrat, by my definition of a Democrat, than that other fellow ever will be."

And besides that, he said, Ike kept his promises to Texas and Texas ought to return the favor by keeping Ike.

You know, he might have had something there. "Gratitude" is one of the greatest words in the English language, and we all like to think of ourselves as being grateful when people do something for us. Like I heard a man say one time: "Grateful are people who never forget anything that is done TO them—or FOR them." That's the way we think of ourselves, and it's about right.

This Eisenhower man pointed out that Ike promised to give the Tideland back to Texas, and he kept that promise; he promised to do his best to close out Mr. Truman's war in Korea, and he kept

that promise, and he gave us a government that we could be proud of because it was clean and efficient—and, in opinion, he had kept his word. "I know you're hearing a lot of talk about '52," he said, "but I know you're hearing a lot of talk about '56. Kefauver and the politicians on the other side of the aisle are trying to keep you from voting for Ike. But the American people are smarter than those politicians. They vote for the best man to lead the country. That's why I'll vote for Ike. That's why I'll vote for Ike."

Here Today!

came the magic that made possible so wonderfully different a Ford. In the toughest on-the-road tests ever given to a car, this "Inner Ford" demonstrated that a '57 Ford rides you easy and low... that it takes the bumps without a bobble, the curves without the pitch... and that in power, it "takes nothing from nobody." Nothing on wheels hurries, handles or holds up like a Ford!

A new kind of FORD with the mark of tomorrow

The Fairlane 500, finest Ford series features five of the 19 longer, lower, beefier Fords for '57.

You're in for a thrill when you see this new knock-out named Ford! But save your superlatives till you drive it! That's where the fun really starts. It's fun just knowing that others who see you wish they were you. For you're commanding the longest, lowest, heaviest, biggest car ever to sport such a low price tag. There's head room to spare for a new fall bonnet... stretch-out space for a "Daddy Longlegs."

You'll find that the tough and ready new "Inner Ford" is built to take the roughest road you'll care to travel. New outboard rear springs and ball-joint front suspension let Ford take the turns without the tilt. New swept-back control arms help take bounce out of bumps.

Best of all, Fords library-like quiet is built in. And the new "Inner Ford" is why. For never be-

fore in Ford's field has there been a body with so much extra bracing so firmly anchored to its foundation. And you can choose from three big Silver Anniversary V-8's with up to 245 horsepower. There's also a new Mileage Maker Six with 144 horsepower, the most modern Six in the industry. You can pick your Ford tailored to your desires and your budget, too! Choose from nine Fairlane or Fairlane 500 models or from five Custom or Custom 300 models. Or take your pick from Ford's five longer, lower, new station wagons. Whichever model you select, you'll get a car that's been re-invented from the wheels up!

So there's the new kind of Ford. Big! Gracious! Spacious! A luxury car true—but one that any new-car buyer can easily afford. Come in! See what wonder-cars you can buy now at low Ford prices.

Haskell County Exceeds Savings Bond Quota

A most recent letter from the U. S. Treasury Department advises that Haskell County has exceeded its 1956 Savings Bond Quota by 6.4 per cent.

With a quota of \$290,000.00 Haskell County people have purchased \$308,591.00 in U. S. Savings Bonds.

THIS IS A VERY COMMENDABLE REPORT OF YOU.

When You Buy U. S. Savings Bonds - - -

Your investment is guaranteed, in both principal and interest, by our Government.

You help prevent inflation (which in the extreme is the most disastrous malady to the economy of a nation)

You practice and encourage thrift.

You build a positive safeguard for your family and business.

You build a welcome credit at the bank, for as many dollars as you hold in bonds. (You may well afford to pay interest on a bank loan for a short time rather than to dispose of your bonds and your credit.)

No United States Bonds have ever sold at a discount after maturity.

No U. S. Bond holder has ever come to want.

Let's own and recommend U. S. Bonds for investment.

For a penny... electricity lights a night lamp for a week

There's power in pennies on other jobs electricity can do, too — like washing, cooking, cleaning, shaving.

You can't find a bigger bargain than electricity. And keeping it a bargain is the constant aim of the men and women of your electric company.

CENTRAL WARD SCHOOL NEWS

By B. T. W. BREMBRY
Principal

We take this method of thanking Mrs. Luberta Glover, a member of the Parent-Teachers Association, for her unselfish service without being asked in soliciting funds for aiding us in purchasing of basketball uniforms for both boys and girls. Also we are grateful to the members of the Chamber of Commerce for giving her permission to solicit funds from several white citizens.

Mrs. Glover collected from the Principal and white citizens \$68.00. That is indeed marvelous, and shows a fine spirit to aid and work for a worthy and worthwhile project. She and Mrs. Nettie Curtis are taking the lead in working for us. Mrs. Curtis gave \$5.00.

We trust that other parents and citizens will sense the need and give us a helping hand.

School will be out from Oct. 2 until Oct. 22 and I do hope and trust parents, that you will keep your children in school, which is definitely your responsibility.

We enjoyed two excellent addresses on Sept. 27, by Mrs. J. A. Bynum, Junior High P-TA president, and Mrs. Artie Mae Burkett, who also gave \$5.00 on our effort. We will profit by their visit.

The P-TA Box Supper was a success. Many thanks to all who helped out, and witnessed the program.

A list of donors who contributed to this effort and through the box supper includes:

Membership Drive Of Farm Bureau To Start Oct. 9

Adell Thomas, president of the Haskell County Farm Bureau, has announced a meeting at 8 p. m., Monday Oct. 8 of all directors, alternate directors and workers. This will be the "kick-off" for the Farm Bureau membership drive which gets under way the following day, Oct. 9 and through Oct. 10, Thomas said.

"Every Farm Bureau member is urged to have his membership dues ready when the workers call on him, or better still, mail in their dues so that a call or second notice will not be necessary," Thomas said.

Haskell County has a quota of 875 members to reach by the end of October. More than 700 have been sent in since last November 1, Thomas said, and if each worker and member contacts his neighbor for his dues they should obtain that quota, he added.

Gene Leach of the Waco Farm Bureau staff will give the "kick-off" speech and Loys Barbour, District Director, is expected to attend. Pie and coffee will be served the workers and their wives and a good turn-out is hoped for.

1957 Model Ford Cars Introduced This Week

A special preview of the 1957 model Ford cars was held Tuesday evening at Bill Wilson Motor Company, and a large crowd thronged the showroom of the local agency for several hours inspecting the new models.

The 1957 models went on general display Wednesday morning. Nineteen new models are presented in two basic sizes—the Fairlane and Custom. There is also a station wagon series.

This is the first year in Ford's 33-year history that two sizes of Ford cars have been produced. The Fairlane and luxury Fairlane 500 sedans are nine inches longer and four inches lower than the comparable 1956 models. Custom and Custom 300 sedans are three inches longer and nearly three and a half inches lower than the 1956 models.

Standard engine for the Fairlane and station wagon series is the 212 horsepower Thunderbird V-8. The 144 horsepower six-cylinder engine will be available on all models.

Use of Antiques Is Roll Call for Josselet Club

The Use of Antiques was the roll call for members of the Josselet Home Demonstration Club at the meeting in the home of Mrs. W. C. Norton Tuesday, Sept. 25.

Mrs. Paul Cothron, president, presided at the meeting. After a short business meeting Miss Wanda Greenhill, county home demonstration agent, gave a demonstration on living room background. She pointed out that blue, red, and yellow were the three basic colors. Blue suggests coolness and red and yellow suggest warmth. All other colors are made from the combination of these. Never use more than three colors in one room when decorating, the agent advised. A good rhyme for good decorating is "Something dark, and something light; something dull, something bright."

Present for the meeting were Mesdames Marvin Walters, Carl Bailey, J. L. Toliver, J. P. Perrin, C. A. Thomas, Louise Merchant, Jack Merchant, Paul Cothron, Martin Rueffer, Thurman Howeth, W. C. Norton, Miss Wanda Greenhill, and the hostess, Mrs. Ray Cothron.

The next meeting will be in the home of Mrs. Martin Rueffer Oct. 9 at 2:00 p. m.

NEW RESIDENT A new resident in Haskell is Miss Roselle Bradley, formerly of Woodson. Miss Bradley is a graduate of Woodson High School and Scoggins Beauty Academy of Abilene. She is employed by Criterion Beauty Service.

Indians—

(Continued from page 1) kick again was wide. Final tally for the Indians came with only 35 seconds left. The Tribe drove from the Rams 42 on power plays spearheaded by Decker, Brock, Gene Mullins and Starr. From the 9, Mullins drove 7, picked up another yard on the next carry, then plunged across for the final two and the Tribe's fifth TD. Kick for extra point was blocked.

Casualties for the Tribe included a wrist injury for Fullback Ernest Kimbrough, and slight injuries for Guard Preston Piersson.

The entire Indian string saw limited service at intervals during the game and were able to hold the visitors well out in safe territory.

The colorful HHS Band and Pep Squad entertained at half time with exhibitions and music which drew enthusiastic applause from the fans.

Officials for the game were Dick Coody, Stamford, referee; Jay Cox, Weinert, umpire; Jimmy Townsend, Vernon, head linesman; Garland Russell, Wichita Falls, field judge.
