Salvation Army Fund Drive To Open Here Wednesday

With a goal this year of \$750, the annual fund campaign for the Salvation Army program in Knox City and the southern part of the county will begin Wednesday, Sept. 26 at 7:30 a. m., with a kick off meeting at the Central Cafe. This meeting will be for all volunteer workers in the drive, according to W. P. White, chairman of the local Salvation Army program.

The Salvation Army committee, composed of persons representing all the area, helped many people locally with emergency relief during the past year, White said. Services are done through the local committee and with a minimum amount of "red tape." Usually it is only a matter of minutes before a person receives the help that is necessary, once their case has been brought before the local committee.

SAMMY WHITE NEW PRESIDENT OF BOOSTER CLUB

Sammy White was elected president of the Greyhound Boosters Monday night, at the second meeting of the club this football season.

White, who replaces C. E. Williams, served as vice-president of the organization last year.

The new president said a film of a recent college football game will be secured for the next meeting if possible.

Chas. E. Silk, school superintendent, reported that by the Greyhounds' next home game, the entrance gate to the athletic field will be moved to the southwest corner. It will set diagonally across the corner, so cars can enter from the south or west. The gate will also facilitate cars leaving the field. There will be a pedestrian gate north of the vehicle gate.

All members of the booster club were urged to attend the game Friday night at Hermleigh, if possible. The next week will be an open date for the Greyhounds.

County Farm Labor Group Organized to Cooperate With TEC

The Knox County Farm Labor Committee—composed of Leo Fetsch, O. Cure, Ansel Waldrip and Aaron Edgar held its initial meeting at 9 a. m. Sept. 13 at the city hall in Munday. G. B. Purcell, office manager of the Wichita Falls office of the Texas Employment Commission stated that the committee had been organized in compliance with the provision of Public Law 78 requiring consultation with agricultural employers and employees and public representatives concerning the facts pertinent to citizen worker supply and wages paid such workers.

Purcell explained the general operations of the TEC with special emphasis on the farm activities and the position and policy of the TEC in the Wage Survey procedure. Assistant District Director Joe K. Manahan of the Ft. Worth District of the TEC aided Purcell in the discussion.

Purcell reviewed Public Law 78, 82nd Congress as amended in July 1951, which permits the importation of Mexican Nationals into areas in which sufficient citizen workers are not available to meet the needs of farmers or ranchers. The method employed by the TEC in determining local labor demands and crop conditions, and the procedure followed in contacting Mexican National workers was discussed. Purcell showed how the TEC determines the supply of available citizen workers and the shortage of workers, if any. This estimate of shortage of laborers anticipated in the area, the number needed to offset the shortage, and the time when the additional workers will be needed is submitted to the Secretary of Labor. The TEC gathers the information, but the responsibility of Certification of Shortage rests with the Secretary of Labor. Mexican Nationals can be imported as agricultural workers when it is determined there is no citizen labor available, there is an employment ceiling, and the employer is otherwise eligible to contract Mexican Nationals as set out in Public Law 78.

Purcell pointed out that Public Law 78 requires that a bi-weekly wage survey be made in each county in which Mexican Nationals are employed. Again the TEC serves only to collect the information in behalf of the Secretary of Labor. The TEC representative contacts the farmers, crew leaders, and workers for information on wages actually paid citizen labor in specific areas and crop activities in which Mexican Nationals are employed. The TEC does not attempt to determine what wages should be; this agency merely collects the data and sends it through channels to the Department of Labor in Washington, where the determination is made. Under law, the Secretary of Labor is responsible for determining the prevailing wage rate. When the determination is made, the findings are wired to the TEC offices so affected. Copies of such report will be posted in the postoffices, the county courthouse, ASC offices, and chambers of commerce in each county. Local newspapers will also be furnished the information.

Mr. and Mrs. George Zachary of Stamford, former Knox City residents, visited Mr. and Mrs. J. H. Atterbury and other friends here this week.

New Cafe, Motel To Open Saturday

Roy Tankersley and W. J. Roddy said this week that unless something unforeseen happens, Roy's and Roddy's Motel and Cafe will open for business Saturday. Formal opening will be set for a later date, which will probably be announced next week.

The new 13-unit motel and cafe, of stucco and Roman brick, are located just at the edge of town on the Munday highway. The business also includes a trailer park north of the motel.

The business is owned by Mr. Tankersley, and the restaurant has been leased by Mr. and Mrs. Roddy, who have operated a cafe in Seymour for several years. The cafe, which like the motel is cooled by refrigerated air, will remain open 24 hours a day. It includes a dining room which will seat more than 100 guests. On the north wall of the dining room is a mural painted by Mrs. J. M. Bradberry, from scenes Tankersley photographed on a recent hunting trip to Alaska.

Tankersley's plans call for constructing a service station on the southwest corner of the block.

Both Tankersley and Roddy invited the public to visit them as soon as they are open for business, and to watch for the date of the formal opening.

New Deadline Set For Grazing Land In 1956 Soil Bank

The final date that farmers in Knox County can graze the acreage they enrolled in the 1956 soil bank plan has been extended from Sept. 30 to Dec. 31, the Herald was notified Saturday by telegram from Congressman Frank Ikard.

Knox is one of about 100 counties in Texas that are in the drought emergency program. The other counties are also included in the extension.

Farmers who have not had the moisture to get grazing off crops on the acreage they put in the 1956 soil bank plan will now have three more months to plant and graze the land. If they do not put the same land they had in the 1956 program in the 1957 soil bank, they may continue grazing it after the Dec. 31 deadline and still be eligible for their 1956 payments.

The extension has no effect on the acreage put into the 1957 soil bank. Wheat farmers who put part of their 1957 allotment into the 1957 soil bank program still cannot crop or graze that land for the period of the agreement.

Ikard added that the deadline for emergency FHA loans has been extended through Dec. 31 for Knox County farmers who have suffered losses as a result of the drought. Full information and application blanks may be obtained from the county FHA office at Seymour or at the ASC office in Knox City.

Cecil Beauchamp enrolled in Hardin-Simmons University, Abilene, Wednesday as a freshman student. He is the son of Mr. and Mrs. H. R. Beauchamp, and is a May graduate of Knox City High School.

Greyhounds Beat Trent; To Try Hermleigh Friday

The Knox City Greyhounds evened their record to 1-1 Friday night with a 12-0 win over the Trent Gorillas, after losing to Throckmorton the previous week.

Tomorrow (Friday) night the Greyhounds will visit Hermleigh to clash with the Cardinals, the toughest team on the 'Hounds' schedule this year, according to Coach Les Cowan, including Rochester.

The Cardinals, rated the top Class B team in the Abilene area, have defeated Coahoma 32-13 and Aspermont 40-7. They are larger and more experienced than the local lads, and will be seeking revenge for a defeat at the hands of the Greyhounds last year.

However, the Greyhounds are not hampered by injuries, and the team showed so much improvement at Trent over the initial game that Cowan expects them to show up well against the Cardinals.

Cowan said the backs were faking better at Trent, and held on to the ball well. The entire team

was in better shape and showed more hustle than against Throckmorton. They outplayed their hosts in every department, racking up 460 yards rushing to Trent's 91.

The game was characterized by short gains, mostly on the ground. Knox City's first touchdown was in the second quarter when Jerry Anderson plunged over from the one-yard line. In the fourth period Bobby Day ran over from the 2 for the final tally.

The probably starting line-up in the Hermleigh game, Cowan said, will be Donald Johnson or Bob Driver at right end, Bill Gilpin at right tackle, Bill Yarbrough at right guard, Rip Collins at center, Don Bible at left guard, Tim Edwards at left tackle, Ross Lankford at left end, Joey Watkins at quarterback, Bobby Day in the fullback position, Montie White at halfback, and Jerry Anderson or Benton Bolin at halfback.

All fans who possibly can were urged to follow their team to Hermleigh, which is approximately 100 miles from Knox City.

Haskell Postmaster Speaks at Lions Club

Harold Spain, Haskell postmaster, was guest speaker at the weekly meeting of the Knox City Lions Club at noon Wednesday.

Spain, who was introduced by Knox City postmaster Jeff Graham, is past president of the Haskell Lions Club, past president of the Haskell Chamber of Commerce, past Lions zone chairman, a member of the board of director of the Texas chapter, National Association of Postmasters, and has been Sunday School superintendent of his church the past ten years.

In his inspirational address, the speaker called attention to the many changes taking place in the world, and urged his listeners to hold fast to four faiths—faith in God, faith in ourselves, faith in freedom and faith in our fellowman.

The speaker was accompanied by John Crawford of Haskell.

In a business meeting, Lions vetoed naming a committee to raise a premium for the first bale of cotton this year, since fall is so far advanced. They voted, however, to instruct the agriculture committee to raise a premium next year, before the first bale is harvested.

Johnston Child Home From Polio Ward of Abilene Hospital

Nickey Johnston was dismissed from Hendrick Memorial Hospital in Abilene and returned home Wednesday.

Nickey, 4-year-old son of Mr. and Mrs. Billy Gene Johnston, became ill with polio last month and spent 24 days in the Abilene hospital. His right leg is somewhat affected by the disease and his right ankle is paralyzed, his mother said. She will apply physical therapy for an hour and a half twice daily for at least eight months. For the present, Nickey must remain in bed except during the therapy.

The child had had one shot of Salk vaccine, and Mrs. Johnston said Abilene doctors believed the polio was not as severe as it would have been without the vaccine.

Mrs. Paul Sieck of Pittsburgh, Pa., is here visiting her parents, Mr. and Mrs. Joe Reeder Sr.

Mrs. Joe Carlile and boys of Midland came in Wednesday to visit her parents, Mr. and Mrs. Bob Gage. They will return home Friday.

The Greyhound Pups defeated the Munday team, 6-0, Tuesday night on the local field in the first game of the season for the local Junior High football team.

Knox City's lone touchdown was scored by Lyndol Cypert on a 20-yard sprint around right end. Other boys who saw a lot of action in the game were Dickie Goodson, Glenn Dell Large, Dennis Anderson, Joe Tidwell, Jerry Cornett, Gary Bruce, Horace Wheeler, Buddy Moon and Ralph Contreras. According to Coach Bob Johnson, Large and Wheeler were standouts on defense.

Knox City made six first downs to the visitors' two, and totaled 105 yards rushing to Munday's 35.

All of the Pups' games will be played on Tuesday nights. The remainder of the schedule is as follows:

Oct. 2, Aspermont there; Oct. 9, Lueders here; Oct. 16, Munday there; Oct. 23, Ruie here; Oct. 30, Lueders there; Nov. 6, Rochester there; and Nov. 13, Haskell here.

Home Demonstration Club Women to Meet at San Antonio

San Antonio will be a busy place during the week of Sept. 23-29. Those are dates set for the annual meeting of the National Home Demonstration Council, Sept. 23-26, and the annual meeting of the Texas Home Demonstration Association which follows, Sept. 27-29. The Gunter Hotel will be headquarters for both meetings, but main program sessions will be held in the Municipal Auditorium.

Delegates from the Knox County Home Demonstration Council are expected to attend.

Delegates from 39 states, Puerto Rico and Hawaii will be participating in the national meeting. They will represent the 3 million homemakers enrolled in home demonstration extension groups. Mrs. John Golightly, president of the Texas association, says approximately 2,000 Texas club members are expected to take part.

The program is a full one, with special tours and activities planned for all—including visiting husbands. Many groups, arriving in special buses, are planning to tour various parts of the state and Mexico.

Homemakers at the meeting will hear, among others on the program, Frances Seudler, director of the Division of Home Economics, Federal Extension Service; Governor Allan Shivers of Texas; and Mrs. Oveta Culp Hobby, former secretary of Health, Welfare and Education.

Every state will have an opportunity to report on an outstanding part of their program. Highlights of the annual meeting of Texas Home Demonstration Association, which opens Thursday, Sept. 26, will be election of officers, program planning and work shop sessions in the six main areas of activity: citizenship, education, health and safety, recreation, civil defense and 4-H Club work.

ALWAYS A HELPING HAND—Often forgotten by others, prisoners are always remembered by The Salvation Army. Army personnel regularly carry the gospel message of hope to men and women in jails in dozens of Texas cities. The Salvation Army also provides parole service in many areas of Texas, giving counsel and guidance each month to more than a thousand ex-prisoners. This work in helping men resume a useful place in society is only one of the many services rendered in Texas by The Salvation Army, which is represented locally by a Service Unit Committee made up of volunteers who carry on the welfare program of the Army. You help support this service as well as many others of The Salvation Army when you give.

STREAMS in Desert Places

By Otelle Stephens

In Matthew 5:4 again we see the mourning of soul travail. This is a very real, a very profitable kind of mourning for the Bible says, "As soon as Zion travailed, she brought fourth her children." (Isa. 66:8). From every Christian heart flows a continual prayer for souls unborn spiritually. This kind of prayer has no bounds. It reaches over oceans, and across deserts, through jungles, carrying healing, salvation, love and peace. This kind of mourning has quality of concern and is produced by the presence of God's spirit in our lives. "The Spirit, Himself maketh intercession." This indicates that it is actually God, pleading, praying and mourning through us. Thus we are co-laborers with God, partners with him. We are lifted up out of our selfishness to the high realms of creativeness with God. "Likewise the Spirit also helpeth our infirmities: For we know not what we should pray for as we ought: but the spirit itself maketh intercession for us with groaning which cannot be uttered." (Rom. 8:26).

Mourning for souls is another avenue through which we go in search for real happiness.

Farm and Ranch Notes

By Roy England, County Agent

Due to the prolonged drouth, livestock can be expected to go into the winter at much less than peak condition. They can also be expected to do a much better job of utilizing feed if the lice and ticks are kept under control. This can be done by spraying with a 5 percent solution of Toxaphene or a combination of 5 percent DDT and 3 percent lindane. For milk cows a 5 percent solution of Methoxychlor should be used.

A considerable number of farm operators will miss their refund on gasoline used for farming between January 1 and July 1, 1956, unless they act at once. Claims for the two cents per gallon refund must be filed on or before Oct. 1, 1956. A supply of Form 2240 for reporting this claim is available at the County Extension Office, the Munday Coop Gin office, and the ASC office in Knox City.

Mr. and Mrs. Frank McAuley Jr. spent the week end in Lubbock with Mr. and Mrs. Charles McAuley. Sunday they attended a Reeves family reunion at McKenzie State Park. Mrs. McAuley returned home Sunday while Mr. McAuley went to Edmondson where he will work during the ginning season.

Soil Bank Payments To Be Cash or Grain

Compensation to farmers for reducing their 1957-crop winter wheat acreage below their wheat allotment, designating such acreage for inclusion in the Soil Bank's acreage reserve program, will be in the form of negotiable certificates, R. G. Shrauner, chairman of the State Agricultural Stabilization and Conservation Committee, has announced.

The certificates are redeemable in cash through regular banking channels, or they may be redeemed in grain by the producer to whom they are issued. The certificates will be issued after the County ASC Committee can determine that the acreage-reduction requirements of the program have been met.

Shrauner explained that the amount of compensation for wheat on the farm will be determined by multiplying the base unit rate per bushel for the county by the smaller of (1) the normal yield for the farm or (2) the normal yield for the land designated in the agreement as the Acreage Reserve; this figure will then be multiplied by the number of acres determined as the acreage for compensation. The base unit rate per bushel varies by counties.

Delta Kappa Gamma Meets at Rule Sept. 15

Beta Chi Chapter of Delta Kappa Gamma met Saturday, Sept. 15, at 2 p. m. in the banquet room of the Bluebonnet Cafe in Rule with Rule, Old Glory and Sagerton members acting as hostesses.

Mrs. Luther Burkett, Haskell, opened the meeting with the "Collect" and presided for the business session. Committee chairmen for the biennium were named and reports were heard from Mrs. Ramon Liles, treasurer; Mrs. A. D. Martin, program chairman; and Miss Madalin Hunt, legislative chairman. Miss Hunt urged members to support Amendment 4 which is to be voted on November 6. She urged everyone to go to the polls and vote for the amendment. Mrs. Martin stated that the program theme for this year is "Uniting Women Educators of the World in Spiritual Fellowship."

Plans for the regional meeting at Jacksboro on Oct. 13 were formulated. Beta Chi will be represented by members who will present a skit, "We Return Their Gifts to Heaven." Mrs. John P. Ward, Aspermont, will give a report of the national convention which she attended in New Orleans in August. Mrs. C. R. Lev-erett, Old Glory, will be initiated into the society as an active member.

The chapter voted to endorse the candidacy of Dr. Madge Davis, Midwestern University, Wichita Falls, for Alpha state president.

Mrs. J. B. Pumphrey Jr. served as program chairman and presided as Mrs. Burkett gave the president's welcome. Stressing friendship and loyalty, Mrs. Burkett spoke of teaching as an en-

riching profession and urged each woman present to acquire and keep a good philosophy of life.
Mrs. Ward showed pictures that were taken at the convention in New Orleans.
Mrs. Mary Martin led the group in singing "Women Teachers to the Calling" at the close of the meeting. Iced drinks and cookies were served to 29 members. Attending from Knox City was Mrs. Gretchen Colehour. Others were present from Haskell, Vera, Old Glory, Rule, Aspermont, Munday, Weinert and Vera.
The next regular meeting of the chapter will be a luncheon at Aspermont on November 10.
