Look To The East
By Aaron Edgar

Come Friday, September 30, 1977, we retire. Bill Bowley, too! We repeatedly told the publisher of this paper that, since we were on full-in, part-time employment we would step aside any time he felt the need for us to. Bill, too! So, on Monday of last week, he decided that the need had arrived. He so notified us, with regrets. With our departure (and Bill's) go a good 75 years of association in the newspaper business. We had expressed hope that we could complete 50 years in the business, and we did that early this month. Bill served better than 25 years on the Munday newspapers. This retirement is not what it's cracked up to be! Guess we ought to know, we've retired so many times. From the year, 1966, when our first retirement was announced, until October of 1971, we did piecemeal work on newspapers. This retirement is not what it's cracked up to be! Guess we ought to know, we've retired so many times. From the year, 1966, when our first retirement was announced, until October of 1971, we did piecemeal work on newspapers. Part of this at Knox City, when Tom Hicks published the Herald. We filled in one time on the Stamford American, while Roy and Dorothy Craig took a Rotary Club sort of vacation trip to Hawaii. Then we had several sessions with two publishers of the Haskell Free Press, some hitches under Jetty V. Clare and some under Bill and Clydene Comedy. When working at Haskell, Clydene coined the phrase: "He's retired five times, but we won't let him stay retired." We had just been set free from duties with the Free Press when it became our chore and opportunity to "start from scratch" in the establishment of The Munday Courier. This was one of the mountain top experiences of this editor's life; but during the long seven-month period of trying to get a mailing permit issued from Washington, we sort of fell off the mountain into the murky depths of despair. Then it was that tried and true friends came to our rescue, and we would ascend the mountain again, there to find the sun still shining in all its glory! This retirement period is one that is looked forward to through the years; but, when the knowledge that is here hits us smack in the face, we are unprepared for it! With this in mind, we can't help but recall as best we can some of the thoughts of another person who retired: "I can't get up in the morning, rush through breakfast and hurry to get to the job on time, because I have no job. I can't knock off from work at mid-morning for a coffee break, because it's hard to knock off from doing nothing. I can't quit work at 5 p. m. and return home, because I haven't been working. Before retiring at night, I can't occupy my mind in planning tomorrow's work schedule, because I do not need a work schedule. Tomorrow is going to be just like today! I can't get my desk in order in making plans for a vacation, because now I have no vacation to look forward to." On and on we could go, as we recall what Bill Parker, (Continued On Page 2)

Abilene Man Announces For Congressional Post

A. L. (Dusty) Rhodes hasn't let any grass grow under his feet in his first month of campaigning for the U. S. House of Representatives. The Abilene attorney and businessman announced his candidacy as a Democrat on August 16 with a one-day flying tour of the 17th Congressional District. Rhodes' announcement came one week after Congressman Omar Burleson, who served the District in Washington for 32 years, announced that he would retire at the end of the present term. Since announcing his candidacy, Rhodes has visited over 50 cities in 31 counties, and has been putting together a campaign organization that will be active in all 33 counties of the 17th Congressional District. Police Report

The police department was very busy during the past week, putting in over 145 hours of work. There were 4 burglaries reported and investigated, and three were cleared. A sum of money was recovered from a burglary that was not reported. The police can not give the money back until someone steps forward and reports it stolen. If no report is made, the money will be given to the person finding it. One prowler call and two incidents of vandalism were investigated. Three traffic citations and several warnings were given. A person should be very careful about littering. The new state law requires a maximum fine of \$400. Wichita Falls recently had a scare of rabies. If rabies ever strikes Munday, the problem we will encounter is so many loose dogs and cats that have not been vaccinated. For the safety of your children and your neighbors, please get your dogs and cats vaccinated and keep them penned or chained. Chief Saffel.

DINNER TO BENEFIT AMBULANCE FUND
The Munday Business and Professional Women's Club is sponsoring a dinner on Saturday, October 8, from 6 to 8 p. m. at the Community Center. Tickets will be \$2.25 each, and proceeds will go to benefit the local ambulance fund. Tickets are on sale by club members, and everyone is urged to help this worthy cause.

Pheasant Being Released In Areas of Knox County

The Chamber of Commerce and Agriculture was advised by long distance last Friday that the Texas Parks and Wildlife Department will release approximately 300 ring-necked pheasant in Knox County on two selected sites on Wednesday, Sept. 28. "We are very excited about having this area

stocked with these birds this year," states Mrs. Callie Ann Combs, chamber manager. The Parks and Wildlife Department was contacted last May about getting pheasant started in this area. Within a short time personnel of the Department came to Munday and looked over the area to evaluate crops, ground cover and the general environment for pheasant habitats. In talking with Mrs. Combs, they were very much impressed with the potential this irrigation area offers in each of the required conditions. Several weeks ago two sites near Munday were chosen as ideal spots where the birds would find ample food, water and ground cover. Contract agreements were signed with the landowners to introduce for propagation purposes the ring-necked pheasant. Under the agreement, the landowner will not allow hunting on his premises for a period of five years. The Wildlife Department shall make every reasonable effort to protect, preserve and propagate the wildlife species and shall release the

pheasant each year for a period of three to five years depending upon the propagation success each year. If the pheasant do well, open season could be declared by the Parks and Wildlife Department in five years. The public is invited to attend a meeting in the Chamber offices on Thursday, September 29, at 8:00 p. m. Personnel of the Parks and Wildlife Department will be here at this time to show an educational film on the ring-necked pheasant, their adaptation habits, general characteristics, incubation and population growth. "In order that we may learn more about caring for our new friends, you are urged to attend this important meeting. Please make plans to attend," Mrs. Combs urged.

from all walks of life," Rhodes said. "The campaign is off to a great start. Support is strong in every county," he added. "Wherever I go," Rhodes said, "the issues that people raise run along similar lines." "The economy, especially energy, is on everybody's mind," said Rhodes. "And so is agriculture-farm price policy." "But the one thing that people feel strongest about is the amount of red tape and governmental control (Continued on Page 2)

CHAIRPERSONS of this year's United Fund drive are, from left: Frances Brown, Sandy West, campaign chairman; Jeannene Redder, Father Bartholomew Landwehrmeyer, chairman of the board; Merle Anderson, Virginia Burnison, and A. Dale Selzer.

United Fund's Kickoff Set

Monday, October 10, is the date set for kickoff of the United Fund campaign to raise funds for the 1978 budget, according to Sandy West, campaign chairman. The kickoff will begin with a morning coffee for campaign workers at 10 a. m. at the Chamber of Commerce office. At this time, all workers will pick up their packages and lists of prospective donors. Mrs. West has been selected as campaign chairman, and she urges full cooperation and participation in the drive for funds. Various agencies to be benefited by the funds will be listed later. "This is the 20th year for a United Fund drive in the Munday area," Mrs. West said, "and it is our hope that this drive will be most successful of all."

The goal this year will be \$5,743.00, slightly more than the \$5,660.00 of last year. Father Bartholomew Landwehrmeyer, pastor of St. Joseph's Catholic Church in Rhineland, is chairman of the United Fund board. Division chairman for the drive were announced, as follows: Residential area, Merle Anderson; Business section, Dr. A. Dale Selzer; Rural

Moguls Open District Play Friday Night

Taking a rest last Friday night, with workouts and "skill practice" sandwiched in the schedule, the Munday Moguls will journey to Hamlin on Friday night of this week to open their district 7-A schedule against the Pied Pipers. Relative to this season opener, Coach Jim Pope had the following comments: "This week's game with Hamlin is a very important one, as is every district ball game. Our workouts have improved considerably, so we can expect to be ready for the Pipers. Hamlin has been injured somewhat in the first three games, but the open date has given the Pipers a chance to heal their wounds." Coaches for the Pipers feel that they have a better team than last year,

GARDEN CLUB TO MEET

The Munday Garden Club will hold its first meeting of the year with a salad luncheon at 12:00 o'clock October 4, 1977 in the home of Mrs. Goodson Sellers. Guests are welcome.

Ambulance Report

Only one ambulance run was made during the week, according to Bobby Hutchison. Melvin Wilson was picked up in Goree and taken to the Seymour hospital, where he received medication and was returned home.

HELPFUL NEIGHBORS: This group of Weinert area farmers, with 15 cotton strippers and trailers, pitched in to help a sick neighbor, Jiggs Edwards, last Friday. They stripped 60 acres of cotton in about 90 minutes.

Good Neighbors Strip Farmer's Cotton Friday

"A friend in need is a friend, indeed." This was demonstrated in a very special way to Mr. and Mrs. Jiggs Edwards, well known Weinert couple, when almost thirty neighbors gathered at the Edwards farm, put mind, might and machinery to work and stripped a 60-acre cotton crop in less than two hours. Jiggs, who has been ill for some time, was unable to gather his crop, so these friends and neighbors pitched in and did the chore for him.

The group gathered at the Edwards farm at 1:30 p. m. Friday and started work with their 15 cotton strippers and plenty of trailers to haul the crop to the gin. They had completely finished by 3 p. m., and began pulling their machinery out of the field. The cotton had been defoliated earlier by Roy Herricks. Driving the strippers were: Dale Carrol, Melvin Vojkufka, Jack Dunman, Ed Murphy, Danny Owens, Toby Yates, Billy Hester, Brian Bredthauer, Ronnie Stewart, Danny Stewart, Johnny Wilson, Johnny Earp Jr., Johnny Earp, Kenneth Sanders, Larry Cunningham, Ronnie Adams and Paul Raver.

Hauling the cotton to the gin were: Troy Brown, Donald Griffith, Bud Offutt, Bobby Owens, Walter Bredthauer, J. N. Stewart, Rex Herrick, R. A. Lain, Jerry King, Donnie King, H. T. Wilkinson and Pete Johnson. A total of 56 bales were gathered and hauled to the gin. It was with a heart full of gratitude that Jiggs Edwards, who had just returned home from the hospital, became aware of this neighborly deed. He could remember in times past when he, too, engaged in such activity for a sick friend. Others in the group recalled the same experience in their farming activities.

Safety Locks Demonstrated To Lions Club

Carolyn Schur, assistant extension agent for Knox County, was guest speaker at Tuesday's meeting of the Munday Lions Club. She showed a film from the Department of Safety, giving means of increasing home security. The film emphasized personal precautions against illegal entry into the home, auto theft, personal molestation, and other details. It demonstrated means of having secure locks on doors, windows and garage doors and gave other precautionary measures. "It is estimated that within the next year 16 out of every 1,000 people will become victims of some crime," the film pointed out. Miss Schur also exhibited some six or eight different types of door locks, telling of their extent of safety insurance. Twenty-eight persons were present for this enjoyable demonstration.

TIME CHANGE MADE FOR PUNT, PASS, KICK

The time of the annual punt, pass and kick contest, sponsored by Bill Wilson Motor Co. of Haskell, has been changed to start at 10 a. m. Saturday, October 1, instead of 1 p. m., as stated last week.

WHAT ARE YOU LOOKING AT? Dr. Bill Kingston of the Munday Research Center is shown examining the large pods on a jack bean plant. This crop is being experimented with on the L. D. Offutt farm, north of Munday.

Kingston Releases Data On Experimental Crop

Jack beans, a new experi-
mental crop for the Munday
area, are being grown on
four acres of the L. D. Offutt
farm north of Munday with
assistance from the Texas
A&M Research Station.

Abb Scarbrough of CCI
Life Systems, Inc., in Cali-
fornia conferred with Dr.
Blackhurst of A&M, and was
sent to Munday. He contact-
ed Mr. Offutt for the
purpose of acquiring a test
plot where this crop could be
planted with records kept on
the adaptability.

At planting time, Dr. Bill

Kingston and his staff
helped Mr. Offutt in this
phase, as present planting
equipment had to be modi-
fied to plant such a large
bean. The ground was pre-
pared with a moderate
amount of fertilizer and
trellan for weed control.

"The Jack bean seems to
be adapted to this area and
only a fair amount of water
is required to have a good
yield," stated Kingston. "We
are hoping for 1,000 pods
of beans per acre."

"Due to the size of the
pods, 12 to 18 inches long,
1 inch wide, 1/2 inch thick or
less, and the fruit being
close to the ground, a
possible problem facing us
now is harvesting the crop
without modification to pre-
sent harvest equipment,"
said Kingston. "We have
found no serious insect or
disease problems, and we
will continue to help with
production problems."

The Jack bean is ground
into a meal and used for a
cartridge in a dialysis
machine. The meal contains
enzymes of which one is
urinase. The cartridge when
placed in the dialysis
machine breaks down the
uric acid as it goes through
its process on a kidney
patient.

Other uses of the bean
include: a carpet cleaner to
remove canine urine, a
coffee extender similar to
chickory, and they can be
eaten, according to Dr.
Kingston.

Funeral services for Ancel
Reed, 77, of Gilliland, were
held at 2:30 p. m. Monday
from the Gilliland Baptist
Church with the pastor,
Rev. Dale Jackson, officiat-
ing. Burial was in Gilliland
Cemetery.

Mr. Reed died at his home
north of Gilliland.

He was born June 24,
1900, in Boyd, Texas, and
had lived in Gilliland most
of his life. He was a veteran of
World War II, a retired
farmer, and member of the
Gilliland Baptist Church.

aren't going to ask you to
get the government to give
us anything - we just want
you to go up there and hold
the line - do all you can to
cut back on spending and
federal control.'"

Rhodes said a number
have asked him how long it
will take as a new congress-
man to have any influence in
Washington.

"My answer is that
seniority is on the way out in
Congress. In recent years
the rules have changed to
take much of the power
away from committee chair-
ment."

"Today it's more what you
know than who you know
and a willingness to be
active, creative and work
hard that helps a congress-
man to be effective."

Rhodes said he felt the
issue of leadership would be
paramount in the coming
election campaign.

"This district needs a
representative who knows
the people, who believes
what they believe, who will
be aggressive on their
behalf," Rhodes declared.

"In my practice and in my
businesses, I have become
closely involved in the lives
of thousands of people
through the years."

"For me, politics will
always be a personal thing. I
believe I can make a
difference in Washington."

A large political rally is
scheduled for the downtown
square in Stamford on
Monday, Oct. 3, at which
time Charles Stenholm is
expected to announce his
candidacy as a Democrat for
the House of Representa-
tives, 17th Congressional
District.

Stenholm, a Stamford
farmer, will be seeking the
Congressional seat of Omar
Burleson of Anson, who
announced last month that
he will retire at the end of
his present term.

The Stamford rally on the
northwest corner of the
square will begin at 6 p. m.
with entertainment and free
hot dogs and cokes. Provid-
ing entertainment will be
the Stamford High School
band, several area stage
bands and Stacy Angle of
Knox City, who will sing.
Stamford Mayor Gary Math-
ews will be master of cere-
monies.

Special guests will be
introduced beginning at 7 p.
m. At about 7:20 p. m.,
Stenholm's family will be
introduced to the crowd.
Stenholm's expected an-
nouncement will come next
and a news conference will
follow Stenholm's address.

At the conclusion of
Stenholm's announcement
and new conference, a
square dance is planned. All
area square dancers are
invited to attend the rally
and the dancing afterwards.

In the event of inclement
weather, the rally will move
to Stamford High School
auditorium.

Prior to Monday's expect-
ed announcement, Stenholm
is scheduled to resign at
noon Thursday, Sept. 29,
from the state Agricultural
Stabilization and Conserva-
tion Service committee to
which he was appointed in
the summer.

Bill's Blabbin'

By Bill Howley

Some of you will miss it,
but probably most won't
even notice it is not in the
paper. We are talking about
our blabbin' that we have
been boring you with all
these years. This week, this
one will be our last as our
retiring date is September
30th.

We are going to miss
coming to work and seeing
the ones that venture in the
Courier to bring a bit of
news, an ad or to buy
supplies. Too, we'll miss the
ones calling on the phone.
We enjoyed our little talks
very much.

Haven't decided just what
we will do with our time,
after we get caught up with
all the things that need
catching up on. First thing
we are gonna do is go see
No. 2, great-grandson, Sam
Bowley, and his parents in
Midland. We will also visit
our other grandchildren,
Gwynn and Ted, while there.

This will be our farewell
to all our "fans" and to the
ones that read our column to
find out if we had broken a
bone lately or just what
goofy stunts we had pulled
or to hear us brag on our
great-grandchildren. We do
love you all so be careful and
think of us now and then.

Local WTU Manager Transferred to Quanah

Howard Cook, West Texas Utilities Co.'s local manager in Munday since 1973, is being transferred to a similar position at Quanah. He will be succeeded in Munday by Frank Jackson.

The announcement was made by Don Welch, manager of WTU's Stamford District. Welch said the actual transfers of Cook and Jackson are indefinite, pending their making housing arrangements, but probably would occur within a few weeks.

At Quanah, Cook will succeed Sam Russell, who will become WTU's local manager at Vernon. Cook is a native of Gilliland, where he graduated from high school in 1943. He joined WTU in 1962 as an appliance serviceman at Vernon, and was promoted to appliance service supervisor there in 1968. He was named local manager at Childress in 1971, serving there until his transfer to Munday.

Cook has been active in civic affairs at both Childress and Munday. He and his wife, the former Esta Lee Kinnibrugh of Vera, have two children: Mrs. Donna Lewellen of Childress and David, a junior college student at Vernon.

Jackson is a native of Winters. He completed high school at Blackwell in 1966 and attended Ranger Junior

HOWARD COOK transferred to Quanah

College. He joined WTU as a line service trainee in 1970 at Bronte, and was promoted to serviceman later that year. He was promoted to lineman at Ballinger in 1974, and moved to Moran as local manager in 1976.

He and his wife, Charlotte, have two children.

Fencing Project Bids Expected For Benjamin

Bids for the installation of a special junkyard screening fence are expected to be received at the October 12-13 letting of the State Department of Highways and Public Transportation.

The project is located south side of US 82 in Benjamin, Knox County approximately one-half mile east of State Highway 6. The existing automobile junkyard, presently visible from US 82, will be screened by an eight-foot metal screening fence across the front and sides.

Some 611 feet of fencing will be required to complete the project, which is being undertaken as part of the highway beautification program.

Alvin D. Alexander of Munday, the department's engineer in charge of the work, estimates that about 60 working days will be required to complete the project.

Overall project supervision will be exercised by Childress District Engineer Lewis H. White.

STAMFORD DOWNS HASKELL INDIANS

Haskell was one of the teams that observed an open date prior to last week, and Indians dropped their last non-district game to the Stamford Bulldogs, 7 to 3.

All of the scoring was in the second period, the remainder of the game being a punting duel between the two teams. Haskell punted six times, and Stamford seven.

Kalvin Kelley, Bulldog fullback, got the game's only TD on a three-yard run, with Brent Medford making the point after.

The Indians' three-pointer was on a 24-yard field goal by Vonnie Hise. The Indians stopped three Stamford drives by the fumble route, and intercepted a pass. The Indians also surrendered three interceptions and lost

SPUR BULLDOGS DOWN ASPERMONT

The Aspermont Hornets, the other 7-A team in action, went down in defeat at the hands of the Spur Bulldogs by a 0 to 27 count. Spur scored a touchdown in each of the four periods but failed on one PAT try.

Spur now stands at 2-2 for the season, while the hapless Hornets are 0-3.

ATTEND HD STATE MEET

Three women from Home Demonstration Clubs in Knox County attended the State HD meeting at Moody Center in Galveston. Attending were Mrs. R. M. Almanrode of Munday, Mrs. E. J. Jones and Mrs. Idoma Chowning, both of Truscott. The ladies reported a very informative meeting.

FHA MEETING

by Gala Myers

"Has everyone given me their two dollar FHA dues?" "The floor is open for nominations." "Anyone want to nominate someone?" These were a few of the questions that were being asked at the FHA meeting Monday, September 19, in the auditorium.

The FHA'ers got together and chose the 1977-78 Chapter Mothers and Chapter Beau. They are Mrs. Kenneth Hendrix, Mrs. Freddie Caram, and Lyndle Reeves.

Kerri Baker showed slides on Encounter and Lisa Hardin collected the dues.

After the meeting, they enjoyed refreshments in the homemaking room.

"I have announced my candidacy for Governor of Texas. I'm confident I can and will win."

"According to a statewide poll, 6 out of 10 people are ready for a new governor. The poll only confirmed what I've been hearing all over Texas this year. People are against the idea of anyone holding the state's highest office for 10 years. No governor has asked for 10. No governor has been given 10. It goes against a tradition that's as old as Texas itself."

"There are other reasons folks are ready for a new governor. State spending has jumped from \$3 billion to \$8 billion the last 6 years. The Dallas Morning News reported, 'during Briscoe's years in office, nearly all state government will have gone on a spending spree.' And the Governor has done nothing to discourage it. He's vetoed less than two-tenths of one percent of the two previous budgets and not one penny's worth of the current appropriations; it's the first time that's happened in twenty years. In a related story, the News pointed to the fact that during the Briscoe years the number of employees paid by the state has risen by 50,000."

"And, while we've heard the boast of 'no new taxes,' we've seen our property taxes increase by \$1 billion along with substantial hikes in state licensing fees."

"I've traveled the state this year, visiting with folks. Whatever their overall assessment, most Texans lacked confidence in the present governor's persuasiveness and vision. They felt he had failed to measure up to their expectations and to live up to his promises."

"Texans are hungry for an effective gubernatorial spokesman on energy policy. They are frustrated that our governor hasn't been able to get the Texas viewpoint across in Washington. They are wondering, too, why our governor hasn't been speaking out forcefully for a farm policy that would help our beleaguered farms and ranches."

"I fully agree with the people's assessment; that's why I'm seeking the office of Governor."

"I'm proud of my record as Attorney General and Secretary of State. It shows that I'm not afraid to roll up my sleeves and work hard. It indicates that I have the ability to assemble a capable staff, that I prefer to work closely with people, and that I'm not reluctant to make changes when they can benefit the state. I'll be this kind of governor, given the job."

Have you ever noticed that everytime the band plays, four talented girls begin to twirl? They are senior, Teresa Therwhanger, daughter of Mr. and Mrs. Bob Therwhanger; junior, Julie Hines, daughter of Mr. and Mrs. Alvin Hines; junior, Marsha Gass, daughter of Mr. and Mrs. Byron Gass; and freshman, Shari Offutt, daughter of Mr. and Mrs. Keith Offutt.

These four girls have worked hard on their routines. The next time you hear the Big Purple Cloud playing, watch closely and you will probably see these girls twirling away.

SPOTLIGHT

by Russell Routon

This week, the spotlight is on one of the new teachers in M.H.S., Miss Betty Wilde.

Miss Wilde, who lives in Rhineland where she was brought up, attended Munday schools. Miss Wilde proved to be an excellent athlete as well as a good student. She went to region in basketball and during her senior year, went to state in volleyball.

After Miss Wilde graduated from Munday High School in 1967, she attended Wayland Baptist College majoring in Business Education. She also studied History and Education.

Since her college years, Miss Wilde has taught one year in Paducah, four years in Estelline, and is now teaching Typing, Civics, and Accounting in Munday High School.

M.H.S. welcomes Miss Wilde and hopes she enjoys teaching here.

TOM-TOM STAFF READY TO GO

by Robbie Baker

If you read your paper last week, you can see that the Tom-Tom Staff is ready with pen in hand. The M.H.S. Tom-Tom Staff had their first meeting the second week school resumed. They elected Diana Redder as

editor and Gala Myers as co-editor. Other assignments were also made. These were: class reporters-Brenda Bruggeman and Penny Phillips; club reporters-Robbie Baker and Pam Caram; spotlight article-Russell Routon, Lenny Welch, and Julie Hines; sports reporters-Monty McAfee, Randy Waggoner, and Omar Choucair; photographer-Tori Graves.

We are looking forward to bringing you the school news each week. Be watching for it!!!

JV AND PANTHERS TIE AT 0-0

by Montie McAfee

Last Thursday night, the Junior Varsity Moguls and the Seymour Panthers did battle on the local field and wound up in a 0-0 tie. The Panthers drove deep into Mogul territory several times, but Munday held each time and took over the ball. Munday had the ball on the visitors 30 yard and was threatening, but the clock wound down, and the game was over.

The Junior Varsity Moguls record is now 1 win, 1 loss, and 1 tie. They will host the Hamlin JV football team tonight on the local field at 7:00 p. m.

Pecans A Tasty Morsel

The pecan crop is generally looking good in Knox County, and the tasty morsels should be ready soon. Pecans are a nutritious and pleasing food if they are healthy and not marked by spots and water soaked areas.

This means they must be picked up regularly as they begin to fall. There are a number of diseases which attack the mature pecans that make it unsuitable for consumption. The pecan shell has a suture and it is through this suture and the pointed end that many fungi enter. Some damage can occur on the tree, so spraying is important during the growing season to prevent infection. Infection can also occur when pecans drop from the tree and then remains on the ground for a lengthy period. Pecans laying on the ground are exposed to moisture and are much more prone to have damaged kernels than those which are picked up soon after they drop.

Once pecans are picked

Gillespie Church Hosts Silver And Gold Club

The ladies of the Gillespie Baptist Church along with their Minister, Cleve Kerby, brought a lovely program to the Silver and Gold Club on Friday September 23, at the Munday Community Center.

The program was opened with singing of old hymns, led by Dovie Partridge and Cleve Kerby, with Mrs. M. L. Raynes as accompanist.

Mrs. Ernest Parkhill, program chairman, introduced Mrs. Cecil Welch who gave a delightful devotional on Our Ages. Count not your age by years but by the

things you can do for others. By bringing happiness into the lives of someone who is lonely. Sharing, time, loving and unselfish giving, for what we give, enriches.

Refreshments of finger sandwiches, cookies and punch were served to the following members: Mmes. Claborn, Decker, Gaines, Lewis, Mullican, Myers, Phillips, Pope, Sargent, Searcy, Younger.

Plate favors were minia-

ture pickle forks tied to a favorite recipe.

Members from the Gillespie church were: Cleve Kerby, Marie Burns, Anna B. Lain, Maxine Welch, Dovie Partridge, Agnes Myers, Joyce Walling and Mrs. Ernest Parkhill.

Special Guest: Mrs. M. L. Raynes.

Committee members: Onie Ladd, Ruby McNeil and Helen Phillips.

Reporter, Helen Phillips.

New Olin Ammo-Phos 12-50-0 Bulk or Bag Fertilizer

Unlike 18-46-0, which you may have been using, Ammo-Phos 12-50-0 is a highly water soluble monoammonium phosphate [MAP] fertilizer. It contains ammonium nitrogen which increases phosphorus uptake by the plant. And since wheat roots have about ten times more absorption points for a MAP fertilizer than for a DAP like 18-46-0, that's really important. It means earlier growth for grazing as well as more efficient wheat production.

M-System Is Participating In Favorite Cowboy Contest

Voting to elect the fans' "Favorite Cowboy" Dallas professional football player for 1977 is now underway at the "M" System store in Munday.

The local aspect of the contest got underway here at stores selling Oak Farms

products with the start of the 1977 NFL regular season campaign this week.

Participating stores in Munday is M System.

More than 100 towns and cities are included in the store balloting phase of the "Favorite Cowboy" contest, which will continue throughout the regular NFL season, ending at midnight Sunday, Dec. 18, date of Dallas' final regular season game.

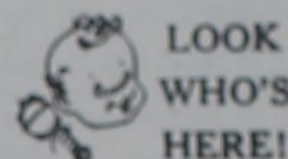

Besides the ballots at Oak Farms retail outlets, the official ballot is also printed in the Cowboys' game program available at all home games and in the Cowboy Newsletter, a weekly magazine devoted to the Dallas football team.

While helping to determine the Cowboys' favorite player, fans taking part in the voting will also have a chance to win a prize as well.

Oak Farms will award two \$1,000 Texas Stadium bonds to one voter in the popularity poll. The gift goes to the signer of the ballot that is selected at random from among all votes cast by the player who is chosen as

the "Favorite Cowboy" of 1977.

The drawing will take place immediately following the presentation of the player winner in late December.

Activities Of Colored People

SS opened proper with Sis Murry in charge Suggested order of service reponsive reading by Supt. and school. Classes assemble for lessor study. The lesson was great subject Love in the midst of crisis.

Bible basis: Lesson scripture Luke 6:27-36. Back ground scripture Luke 6:27. 36 Philemon. Bible truth christians should act like their heavenly father, loving friends and enemies alike. Bible verse: Love your enemies, do good to them which hate you, bless them that curse you, and pray for them which despitefully use you Luke 6:27-28. And unto him that smiteth thee on the cheek offer also the other and him that taketh away thy coat also and give every man that ask of thee and to him that taketh away my goods ask them not a gain and as ye would that men should do to you, do ye also to them likewise for if ye love them which love you what thank have ye? for sinners also love those that love them.

I must say this is a great lesson each teacher reviewed their classes Sis Deavers taught class No. 1 an Sis Collier was able to be in the beginning sickness Sis Lyles was at her post and reviewed her class No. 3 Sis U Londer taught class No. 2 reviewed each one was beautiful Sis Carlin Jean Secy was their time enough to take minutes after Bro. Dockins was in charge of the 11 o'clock service which was great. Then Sis Dockins came forth with the class groups chorus they sing lovely even the little children after which missionary came with a beautiful lesson from the 23 Psalm. You no the pastor had a few words after which Bro Dockins taken care R'ts for the day.

We missed our sistance pastor yesterday who is yet with his Bro at Wichita Falls General Hospitale who has been very bad God bless those up their also Mrs Liberty Cotton with her Hus, Mr Murry Cotton The little Adams girls was home from college this wk again and let us continue pray for Marline that God will bless her and she be one of his vesels to help other girls and boys. I must say I certainly appreciate Mrs Clifton Patterson and Bro Williams sister my name sake Aline

THANK YOU NOTE
To our gracious and beloved friends, many hearty thanks for the cards, calls, flowers, gifts, prayers, concern and kindnesses shown during J. D.'s illness. May God bless each of you.
J. D. and Sue Lankford 1tp *****

NOTE OF APPRECIATION
When you are in the hospital, friends mean so much as they can do so many nice things for you. Please accept our thanks for the cards, flowers, prayers, visits and calls while Joye was hospitalized. Your friendship and thoughtfulness will be treasured always.
Joye and Kenneth Baker 1tc

Steve Cochran of Aspermont, area field representative, was introduced by Cure and assumed the duties of conducting the meeting.

"Knox County is already in the state cotton commodity division and another purpose of this meeting is to organize a wheat and cotton commodity division in the county," Cochran said.

Don Peddy of Waco, director of cotton and wheat commodity division, was in attendance to answer questions and give a report on some of the policies the Farm Bureau is favoring.

Two commodity committee chairmen were elected and two members appointed to serve with the chairman. These committees are designed to hear the changes that local members would like to see implemented into the Farm Bureau policies. Chairman of the cotton commodity committee is Edward Smith of Munday with committeemen: Don Hawkins, Knox City and L. D. Welch, Gilliland. The wheat commodity committee consists of: chairman, Chalmer Hobert of Munday, Leo Beason, Knox City and L. D. Welch of Gilliland.

We Tried! DUE TO LACK OF ATTENDANCE WE HAVE BEEN FORCED TO CLOSE THE MUNDAY THEATRE TO THOSE OF YOU WHO SUPPORTED US, WE THANK YOU.

TEXAS TALK
Contrary to what some consumer advocates and food boycotters were saying a few years ago, American farmers are not and never have been responsible for the increase in the retail price of food. While the myth hasn't been dispelled completely, inflation generally is accepted as the main cause for the increase. However, there is another reason—the consumers themselves. The U. S. Department of Commerce reports in 1974, food stores lost \$1.2 billion to thieves on sales of \$119 billion. This exceeds net profits after taxes for the entire retail food industry. And, according to the FBI, shoplifting is today's fastest growing type of theft. Grocers recoup these losses by passing on to the customers their costs for the lost merchandise, for expanded security controls and detection equipment, and for additional insurance.

PUBLIC NOTICE
Paved streets are being swept in Munday. When you see the sweeper working on your street, please remove your car from the street as quickly as possible to enhance cleaning of streets. Limbs should be trimmed back to a height of approximately 10 ft. if they are growing out over any street as soon as possible (at least by January or February) since some streets are having to be skipped when sweeping. Trees not trimmed timely by owners, will have to be trimmed by the city.

YARD OF THE WEEK was selected at the home of Mr. and Mrs. Rickie Herring. Selection of the yard was noted for the overall neatness, green lawn and shrubs. Honorable mention went to the yard of Mr. and Mrs. Paul Pendleton.

Freedom Highlights 4-H Week

The 1977 National 4-H Week theme, "4-H - Freedom to Be," embodies the belief that young people across the United States have the freedom to develop into the person they want to be.

National 4-H Week is Oct. 2-8 and this year's theme will be the core behind the special events designed to promote 4-H and its organizational activities.

National 4-H Week is scheduled annually by the Cooperative Extension Service to bring public attention

to the values of 4-H as an informal, youth educational program that stresses development of practical skills, leadership and citizenship," notes Dr. John T. Pelham, state 4-H and youth leader for the Texas Agricultural Extension Service.

"4-H uses the American free enterprise system through the combined knowledge of 4-H leaders and the involved youngsters to create a better environment to live and grow in," adds the 4-H leader.

According to Pelham, the 1977 theme means the freedom to set goals and reach for opportunities. "While it is the freedom to understand one's own aspirations and needs, it is also the freedom to appreciate people of other cultures and other lands."

As President Carter explained in a message to 4-H members and volunteer leaders: "4-H - Freedom to Be" is the most appropriate theme for an effort that reaches out to all young Americans—rural and urban—from all racial, cultural, economic and social backgrounds. For many, 4-H is the door to a lifetime of personal growth and self-fulfillment."

HOWARD L. YANDELL ...promoted to president

Son Of Local Lady Promoted

A. C. Verner, president of the First National Bank of Lubbock, will retire effective Oct. 1 and be succeeded by Howard L. Yandell in the top position at Lubbock's largest bank. Board chairman James H. Milam announced the changes Friday. Verner will remain active both as vice chairman of the board of directors and as a stockholder.

Yandell, who will assume the office of president and chief executive officer Oct. 1, is presently senior vice president and head of the First National cotton department. Yandell, 47, has been with the bank since 1954, beginning as a part-time employee in the bookkeeping department. He also has worked in the commercial lending department. A graduate of Texas Tech University and Southwestern Graduate School of Banking, he is a member and past president of Downtown Optimist Club, a director of Texas Boys Ranch, a member of the United Way board, and a past president of both the Camp Fire Girls and the Lubbock chapter of the American Institute of Banking. He is a board member of St. John's United Methodist Church, director of St. Mary's Hospital and past chairman of the advisory committee to the Lubbock County Juvenile Board.

He and his wife, the former Betty Hall of Olton, reside at 2718 60th St. and have three children - Barbara, a Texas Tech graduate, and Kay and Steve, Texas Tech students. Yandell, a native of Weinert, is the son of Mrs. H. C. Yandell of Munday and the late Mr. Yandell.

this meeting should be very beneficial to all stocker calf producers whether you graze ten or ten thousand. He encourages them to attend.

Airports To Be Discussed

A Texas Airport System Plan regional planning meeting will be held at 10 a. m., October 6, 1977, in the Stamford City Hall, 201 East McHarg, Stamford, Texas.

Airport development needs of Haskell, Jones, Knox, Shackelford, and Throckmorton Counties will be discussed. The meeting will be conducted by the Texas Aeronautics Commission.

All area citizens with an interest in air transportation and airport development are invited to attend. Participating in the meeting will be city and county elected officials, airport board members, airport managers, representatives of the West Central Texas Council of Governments, and other citizens.

During the meeting, the airport development needs currently identified in the Texas Airport System Plan for area airports will be reviewed. Airport pavement

maintenance and rehabilitation programs will be covered. The availability of state and federal funds for airport development will be discussed. Information on area economic development, community goals and objectives, and other factors that may influence the need for,

or timing of, airport development will be requested.

The Texas Airport System Plan, developed for Texas and the Federal Aviation Administration by the Texas Aeronautics Commission, was published in January 1976.

4-H Youth Place In Haskell Fair

Several Knox County 4-H members exhibited their livestock to top honors during the Haskell County Fair last Saturday. In the sheep division Shelia Benson placed fourth in breeding ewes, third in finewool wethers and tenth in medium wool wethers. Billy Carl Benson placed fifth in breeding ewes, first in finewool wethers and third in medium wool wethers. Stacy Carver placed third with her medium weight Hampshire wether.

In the steer division, Dave

Partridge placed second in the heavy weight Angus and reserve champion Angus and sixth in the medium heavyweight crosses. Julie Partridge placed first in the medium heavyweight crosses and fifth in heavy weight Herefords. Doug Brown placed second in the medium heavy weight crosses, fourth in light heavy weight crosses, fifth in heavy weight crosses and third in three steers shown by one exhibitor. Tammy Carver placed first in the light weight Angus and Randy Waggoner placed seventh in the light heavy weight crosses. Melissa Zeissel placed third in the heavy weight Angus and Mary Denise Zeissel placed third in the heavy weight Hereford class.

These exhibitors placed very well against strong competition from six other counties eligible to compete at Haskell. Most of the

steers will show at the State Fair in Dallas October 17-22 and should bring home some top honors there as well.

Stockmen To Discuss Calf Production

With the price of wheat very likely to be depressed again in 1978, you may be thinking of complementing your grain yield by grazing stockers or using a total graze-out program says Tommy Antilley, county agent.

There are many factors involved in grazing stocker cattle that must be managed correctly to insure maximum returns on your investments. There will be a stocker-calf production educational meeting held September 27 beginning at 8:00 p. m. in the assembly room of the county courthouse to discuss these various factors.

Dr. Witney Rounds, Extension Livestock specialist will be on hand to discuss topics such as steers vs. heifers, growth stimulating implants, health and disease both prevention and treatment and overall management considerations. Also on the program will be Norman Brints, Extension Economist-Management specialist who will discuss the price outlook of both wheat and cattle and give some valuable information concerning loan prices, contracting, etc. Antilley pointed out that
