First Bale Of Cotton Is Ginned Here August 23

The first bale of 1945 cotton to be ginned in Munday rolled out of the press on Thursday, August 23, one day later than the first 1944 bale. This was rather a surprise to local ginners, as well as citizens, as cotton in this section is sime later than last year.

The bale was ginned by the local Farmers Union Cooperative Gin, and was grown by Joe Jenkins, farms in Haskell County, between Weinert and Rochester.

Out of 1980 pounds of snapped cotton, Mr. Jenkins received a 510-pound bale. The cotton was purchased by Oates Golden, local cotton buyer, at 22 1/2 cents per pound.

Following the usual custom, this first bale was ginned free of charge.

First County Bale Ginned Wednesday

The first bale of 1945 cotton to be ginned in Munday and grown in Knox County was brought in Wednesday of this week by Dale Phillips, who farms the Bob Huckabee place.

Mr. Phillips had 2,130 pounds of snapped cotton, from which he received a 580-pound bale.

The cotton was ginned by the Pendleton Gin Company on Wednesday morning and Wednesday afternoon, Mr. Phillips was back with his second bale.

This first bale was ginned free of charge by the local gin.

Cotton Harvest Price Aired At Recent Meet

Twenty-four farmers representing ten communities of Knox County attended the educational meeting at the County courthouse in Benjamin, on Tuesday, August 28th, in regard to the stabilization and regulations pertaining to price control and ceiling on cotton picking. The wage stabilization and price control program was explained by County Agent, R. O. Dunkle. Emmett Partridge acted as chairman.

Knox County is joining forty-six other counties in regard to the placing a price ceiling on cotton picking and pulling in this area. It was unanimous opinion of all farmers attending the meeting that a fair price ceiling should be placed on cotton picking. Considerable discussion resulted as each farmer expressed himself in regard to the stabilization and price ceiling control of harvesting the cotton crop.

A committee of four members were elected to represent Knox County at the Wage Board Hearing, which will be held at Vernon on September 5th. The four members elected were C. C. Cottingham, Gilliland; Clyde Nelson, Munday; Pete Beacher, Goree; and Clay Richardson, Knox City.

Mr. Cottingham was selected as spokesman of the committee.

In order that the committee may have definite information relative to desires of the cotton farmers in Knox County, petitions are being circulated and each cotton farmer should sign the petition as favoring or opposing a cotton picking ceiling. The farmers in the Munday community can sign the petition in Mr. C. R. Elliott's office. Other communities have representatives working and it will be no trouble to find a person circulating a petition. These petitions are very important in order that the committee can accurately represent Knox County farmers as to whether or not they are opposed or favor a ceiling on cotton picking. All petitions must be signed not later than Monday, September 3rd; so that they may be presented as evidence to the State Board at the Vernon meeting.

CUB SCOUTS PACK MEETING POSTPONED

The regular meeting of the local Cub Scout pack, scheduled for Friday night, has been postponed, Mrs. D. C. Elland, pack mother, announced Tuesday.

The meeting will be held on Thursday night, September 6, at 8:30 p. m. at the elementary school building. All Cub Scouts are asked to keep this change in date in mind.

Munday School To Begin '45-46 Term Sept. 6th

The 1945-46 term of the Munday Independent Schools will open on Thursday, September 6, it was announced Tuesday by Superintendent W. C. Cunningham.

The faculty has been completed, and a list of the teachers will be published next week, Cunningham said. It is believed the schools will operate smoothly with an efficient faculty in all departments.

All students entering grammar school must have their vaccinations for diphtheria, typhoid and smallpox. Students cannot be enrolled or issued books until they have had such vaccinations, said Mr. Cunningham, who announced that this was an order issued by the local school board and must be carried out.

Wm. A. Bilderback Gets Purple Heart

Mr. and Mrs. Jack Bilderback of Chillicothe have received the Purple Heart award, which was won by their son, Pvt. William A. Bilderback.

Bilderback, who is serving with the 706th Tank Battalion of the 77th Division, is now in a rest camp on Luzon Island. In a recent letter to his parents, he said he was feeling fine.

Bilderback's parents moved to Chillicothe some two months ago, after having lived in this area for a number of years.

Grain Treatment For Storage For Weevil Protection

A large number of Knox County farmers are interested in storing grain and are asking for information as to methods of fumigation, if the grain becomes infested with the weevil, according to R. O. Dunkle, County Agent.

Bins used for storing grain should be thoroughly cleaned of grain and used to reduce reinfestation before storing the new crop. Pyrethrum sprays sold under trade names are good for this purpose.

The sides and floors of the bins should be made as nearly tight as possible, and the grain should not be higher than six inches below the side walls. If it is heaped up it will be harder to fumigate the grain effectively, particularly, if fumigation should become necessary.

Since Carbon-Disulphide is a war material and not easy to obtain, a new fumigant equally as effective, known as Ethylene Dichloride-Carbon Tetrachloride mixture is cheap and non-inflammable, and does not harm germination. This fumigant is applied at the rate of six gallons per one thousand (1000) bushels, or five gallons per one thousand (1000) cubic feet. This material is applied with a watering can or sprayer on the surface of the grain, and this mixture does not taint the grain, which remains safe for both humane and livestock consumption. CAUTION: If signs of dizziness occurs, the operator should get in fresh air immediately.

Rhineland Boy Wins Base Running At Alaska Base

Sgt. Reinhard Kuehler, son of Mr. and Mrs. Tony Kuehler of Rhineland, won the base running event in a recent track and field meet at Whittier, Alaska, where he is stationed, according to a recent release from the public relations office there.

Kuehler, who worked on his father's farm before he entered the army in January, 1942, is a hatch foreman at the supply port. He is the star first baseman on his company baseball team, which has just won the post championship and will compete in the Alaskan mainland finals at the end of August.

A brother, Pfc. Bernard Kuehler, also is in the Air Corps and is stationed in San Antonio, Texas.

MASONIC LODGE TO CONFER DEGREES ON MONDAY NIGHT

Knox Lodge No. 851, A. F. and A. M., will hold its regular stated meeting next Monday night at the lodge hall. Officers have announced that two Fellow Craft degrees will be conferred at this time.

Telephone connections to the lodge have been installed for the convenience of those who might need to be contacted while attending the meeting. A cordial invitation is extended to all Masons to attend this meeting.

RECEIVES DEGREE

Miss Laverne Darter, daughter of Mrs. I. N. Douglas, received her bachelor of science degree from Abilene Christian College last Friday night, August 24. Miss Jeannie Davis of Munday was her escort at the hooding.

HOME FROM OVERSEAS

Sgt. Hugh C. Bell is spending a 30-day furlough with his parents, Mr. and Mrs. Jim Bell, and other relatives after spending ten months overseas. He had been in the service almost three years. He will report back to Brooks General Hospital at Fort Sam Houston, Texas.

Mr. and Mrs. Fred Broach, Sr., returned home last week from a vacation trip to points in Colorado. They were away about three weeks.

Munday's Housing, Street Paving Discussed For Post-War Activities

O. P. A. Employees On 40-Hour Week

J. H. Kultgen, district director of the Office of Price Administration, announced Wednesday that, effective August 27, 1945 all employees of the district will work forty hours per week, Mondays through Fridays.

The O. P. A. office at Benjamin will be closed next Monday—Labor Day.

EASLEY CAFE OPENS SATURDAY IN GOREE

Mr. and Mrs. Ray Easley announce this week that their new cafe will open in Goree on Saturday, September 1.

The building has been remodeled and refurnished throughout, and the cafe presents a very attractive appearance. Mr. and Mrs. Easley are experienced cafe people, and they will serve a need for this type of business in the Goree area.

Appetizing meals will be served at all times, and Mr. and Mrs. Easley invite the patronage of all people of the Goree area.

Former Munday Resident Dies On Tuesday

Funeral services were held in Lubbock on Wednesday afternoon from the First Methodist Church for B. H. Howard, 86, former Crosby County judge, and father of Amos Howard, Lubbock postmaster. Services were read by Dr. H. I. Robinson, pastor, with burial in Lubbock cemetery.

Mr. Howard died at 12:40 a.m. Tuesday at his home in Lubbock. Born in Cumberland county, Tenn., January 24, 1859, Judge Howard came to Texas in December, 1897, settling in Montague County. He moved to Munday in 1900 and later to Crosbyton where he served as county judge from 1919 to 1920. In 1937 he moved to Lubbock. His death followed a stroke suffered a week earlier.

Married 64 Years

He and Mrs. Howard had been married 64 years. They were wed at Livingston, Tenn., on October 13, 1881. A Methodist and Royal Arch Mason, Judge Howard was formerly active in civic life. He was a member of the Board of Education in Crosbyton for several years.

Seven sons, six daughters, fifteen grandchildren and four great grandchildren survive him. The sons are: Postmaster Howard, Lubbock; Dr. J. P. Howard, Merkel; Ard Howard, Floydada; Uris Howard, Lubbock; Grady Howard, Floydada; and Vanroe Howard, McAdoo.

The daughters are: Mrs. A. G. Reeves, Lubbock; Mrs. J. N. Payne, Ralls; Mrs. Howard Crausby, McAdoo; Mrs. John Reagan, Floydada; Mrs. Harley Henderson, Tahoka; and Mrs. Frank Hill, Tahoka.

S/Sgt. and Mrs. Cecil Campbell are here this week for a visit with Mrs. Campbell's parents, Mr. and Mrs. A. B. Russell.

T. S. G. School Opens Wednesday, Munday Armory

The school for the 17th Battalion, Texas State Guard, opened on Wednesday of this week at the Munday armory, and will continue through Friday night of this week. Instructors from the Adjutant General's Department, Austin, and regular army officers from the Eighth Service Command, Dallas, are conducting the school.

The 17th Battalion is composed of Headquarters Co. and Headquarters Detachment, Munday, Service Detachment, Munday; Co. A, Haskell; Co. B, Olney, Co. C, Bryson and Co. E, Seymour.

At the construction of the school, the 17th Battalion, in conjunction with the 25th Battalion, Wichita Falls, will go into bivouac in the vicinity of Wichita Falls.

Field problems carrying out the mission of the Texas State Guard in dispersing mobs, protection of public property, and relief of those in areas hit by disaster will be held on Saturday night and Sunday at the bivouac area.

Goree School To Open Monday

To the Patrons of the Goree School: The 1945-46 session of the Goree Schools will begin at 9:30 Monday morning, September 3, with the registration of all students before noon. The lunch room will serve meals beginning Tuesday. Three buses will be operated this year, and will make the rounds Monday morning at such a time as to arrive at the school building by 9:30.

Funeral Services For Howell Infant Held On Saturday

Carol Ann, infant daughter of Mr. and Mrs. Rex Howell of Munday, passed away at the Knox County Hospital at four o'clock last Friday afternoon. She was born on Thursday morning at nine o'clock, and lived only one day and seven hours.

Besides her parents, she is survived by a sister, Rexine, two brothers, Glenn Ray and Jimmie; her grandparents, Mr. and Mrs. R. H. Howell of Munday and Mr. and Mrs. J. L. Bain of Lubbock.

Funeral services were held from the Mahan Funeral Home at two o'clock last Saturday afternoon, with Rev. W. H. Albertson, Baptist pastor, conducting the services.

Burial was in the Johnson cemetery.

Munday Soldier, Home From Europe, To Be Reassigned

Pfc. Emmett Mayfield left Wednesday for Fort Sam Houston, Texas, for reassignment, after spending a 30-day furlough here with his parents, Mr. and Mrs. B. E. Mayfield, and with other relatives and friends. He has just recently returned from the European Theatre of Operations.

While home, he and his parents visited relatives and friends in Wise, Current and Hood Counties and at Sayre, Oklahoma.

Pfc. Mayfield fought in the Rhurr Valley with a tank battalion with Patton's Third Army. He has two battle stars and the Good Conduct Medal.

MABLE CLAIRE HARPHAM AT HOME HERE IN MUNDAY

Mable Claire is occupying a prominent place in the home of Mr. and Mrs. J. C. Harpham, and has been ever since her removal from a Wichita Falls hospital last Thursday. She hasn't been receiving company, but will likely start "being at home to friends" this week.

Her daddy is doing quite a bit of bragging on Mable Claire—she will likely be called Clara—and her friends are anxious to check some of his tales with the daughter.

An ambulance from the Mahan Funeral Home brought Mrs. Harpham and little daughter home last Thursday.

Mrs. Callie C. Smith is spending several weeks here, visiting her daughter-in-law, and her grandparents.

Clyde Latham Elected Coach In Local Schools

Supt. W. C. Cunningham announced this week that Clyde Latham of Dickens has been elected coach for the Munday high school Moguls for the coming school year.

Mr. Latham will arrive here Monday and will take over his duties immediately. He asks that all boys report for football practice at ten o'clock Monday morning, September 3.

Latham has outstanding athletic record during his college days. He attended the University of Arizona for two years, where he was a 4-letter man, starring in football, baseball, basketball and track. He had one year at Texas A. and M., where he was a 3-letter man, starring in basketball, baseball, and track.

In addition to serving as high school coach, Mr. Latham will also be principal of Munday elementary school.

He has a wife and two-year old son, who will join him in Munday as soon as living accommodations can be obtained.

Prospects are very bright for a winning football team this year, with nine of last year's lettermen reporting back to duty on this year's squad. In addition, there are a number of new candidates for the team who have prospects of making outstanding football material.

Canning Center Closed; Does An Outstanding Job

The canning center, which operated in the Munday school under the supervision of G. S. Dowell, local vocational agriculture instructor, closed last Thursday. One of the most successful canning seasons ever conducted was reported.

Many women of the community took advantage of facilities offered by the canning center and canned their foods under the direction of trained instructors. More than 10,000 cans of food were canned this season, which includes that canned for the local lunch room and 100 cans of food that was sent to relief of foreign countries.

At a recent meeting of the Munday school board, Mr. Dowell was given a unanimous vote of thanks for the work which the canning center has done under his guidance. The center was sponsored by the War Production and Food Conservation Program and was under Mr. Dowell's personal supervision.

Members of the board stated that the local center has done more this season than any canning center in this section has ever accomplished, and that Mr. Dowell had gone far beyond his regular duties to accomplish this outstanding record.

Sgt. John Yates Gets Discharge

The Yates family was made happy last week by the return of their son, Sgt. John W. (Bill) Yates, who is home after spending three years overseas. He served with the First Army field artillery in the invasions of France, Belgium and Germany.

He has received his discharge under the point system, after serving his country for four years.

All of the Yates family except one son, were present on Monday, August 19, for a family reunion held in his honor. Alvin C. Yates, A. M. M. 2/c, was shipped overseas three weeks before his brother's return.

BETTER POSTWAR FIRE PREVENTION

Along with all the destruction of life and property which World War II has caused, it has also been responsible for the perfecting of many devices to prevent destruction by fire, explosion, and disease.

Fire insurance companies, working through the National Board of Fire Underwriters, in a coordinated plan to protect critical war plants and supplies from every possible fire hazard, have devised methods of saving life and property that will be invaluable to our civilian population after the war.

Based on the record of experience now available as the result of wartime fire prevention, and in anticipation of postwar building and other improvements, many cities are surveying their methods of fire protection and prevention. Many are considering redistribution of men and fire apparatus. The increase in quantity of water used for industrial purposes has emphasized the need for additional reservoirs in some cities with the extension of water mains and the acquiring of new source of supply. The advantage of replacing outmoded fire apparatus has also been demonstrated.

As a part of its broad program of public service in the interest of fire prevention, the National Board, in the last year, has made fire protection and fire prevention surveys in 18 states, and compiled reports for the assistance of municipal authorities. This work is to be expanded in an endeavor to encourage the adoption by individuals, industries, and cities, of fire-safe construction methods and practices.

Thus, the experience of a war which caused untold suffering and loss, will save a future generation much sorrow and disaster that would otherwise occur.

WE HAVE NO CHOICE

The reason the citizens of every nation should insist that world peace be established on a sound foundation this time, is made evident by the casualty figures released by the British Commonwealth and Empire. And it is well to remember that the atomic bomb had not added its toll to the figures recorded. In Great Britain 11 have been a barren waste and New York a city of skyscrapers skeletons.

As it was, the total British casualties were 1,427,643 killed, wounded, missing or prisoner of war. These figures included 532,233 dead or missing. Civilian casualties were 60,986 killed and 86,175 wounded.

It is no worse for a civilian to be killed or wounded in war than for a soldier—death is as final for either. But it brings war closer home to the people and impresses on them the fact that they are responsible for government, its officials and its policies. They must take more interest in seeing that small cliques and groups of men are not permitted to endanger life and property to gratify personal greed and ambition.

The agencies of destruction perfected in World War II, to turn loose upon the world, indicate that if another war is permitted, it will be the civilian populations that are wiped out. Therefore, it is up to the people themselves to prevent such a catastrophe.

A REAL WOLF THIS TIME

The people of the United States have become so used to intermittent warfare in the coal industry, carried on in the form of strikes, that when they hear somebody say "coal shortage," they disregard the cry as did the people who finally ignored the boy who cried, "Wolf, wolf," to fool them. When the wolf did come, there was no help offered.

Right now the coal crisis is as real as was the wolf that finally got the boy. Regardless of what has caused the shortage, it is here. And if the people don't believe it and do all they can to remedy the situation, they are going to feel the bite of cold and a slow-down in industry, just as the boy felt the bite of the wolf's teeth.

The United States coal industry can increase production if it can get the coal miners. The only way to remedy the bite of a coal shortage is to dig more coal.

CLOSED SHOP MEDICAL PRACTICE

There has been no formula devised by which human ills can be brought under the wage and hour laws; sickness will probably never be put on a 40-hour weekly basis with time and a half for overtime. That being true, it seems odd that the proposed Wagner-Murray-Dingell bill would virtually create a closed shop of doctors; only those participating in the scheme would be available to a patient, except at his own expense.

The proponents of the WMD bill insist that it will provide adequate medical care for the masses at cut-rate prices, yet the chances are the more competent and successful medical practitioners will not subscribe to the socialization scheme unless forced to do so. Therefore, the organization staff might well be oversupplied with those who for one reason or another were unsuccessful in establishing a practice under normal conditions.

Under the impact of sickness, the first thought is for the best talent. The health and well-being of a loved one is not something one buys at a bargain counter.

The sincerity and idealism of those writing the bill is not in the least questioned; the widespread benefits to be gained by many from some sort of health insurance formula are likewise beyond question. But the application of the closed shop philosophy, however unintentional, to the medical profession, and the reducing of medical care to the bargain counter status, will not be productive of the desired ends.

DARING, INITIATIVE AND ENTERPRISE

The American oil industry was always one jump ahead of our enemies in World War II, and the fact that it kept our planes, battleships, tanks and other equipment fully fueled a tall times, is a major reason for the success of the Allies. Previous to the war, the oil companies were always one jump ahead of domestic demands of motor equipment, automobiles, boats, heating, etc. Oil production is an outstanding example of the benefits that flow from the daring, initiative and enterprise of American citizens.

Looking to the needs of the future, the oil industry is developing a high-test aviation fuel so resistant to accidental ignition that a lighted match can be dropped into it without resulting fire. Thus does American industry maintain its record by leading the procession in the game of progress.

STATE OIL RESOURCES PROTECTED

The pending attempt of the Department of Justice to take away from the states title to tide-lands and other submerged lands containing valuable resources such as oil, within the three-mile limit, and lodge it in the Federal government, has received a fitting rebuke by the House Judiciary Committee which has recommended passage of legislation disclaiming Federal ownership.

Referring to the suit of the Department of Justice, the Committee said there was "no justification for subjecting the states and their successors who have long had the ownership and possession of their tide and submerged lands, to the expense and vexation of litigation."

More and more are the citizens thereof having to appeal to Congress for legislation to protect their rights and property from the grasping hands of government bureaus, department and officials.

Never did any industry demonstration more fully that has oil, during the nation's greatest emergency, its right to operate as a local enterprise, subject to fair and reasonable regulation, and free from centralized government domination. Therefore, it is heartening to see states' rights and property rights upheld by the House Judiciary Committee, which is to be commended for its action.

I GIVE YOU TEXAS

by BOYCE HOUSE

When Michael Arlen, author of "The Green Hat," was introduced to someone as an Armenian, the other man exclaimed "If you're an Armenian, where are your rugs?" And when your columnist was introduced recently as an author, the other party snorted, "If you're an author, where's your dog?"

And, come to think of it, nearly always the photograph of an author shows him with his dog.

This deficiency—lack of a canine—was overcome when some friends asked, "How would you like to own a dog?" And so Bessie came upon the scene. Bessie was then one month old, a fox terrier, black-and-white. Her mother had been killed and now she was separated from her little brothers and sisters, so life was very sad to the pup and she whined continually despite kind words and petting.

Gradually, Bessie ceased to feel like a stranger and began to romp happily.

If someone objects that she isn't much of a dog, some good friend can be counted on to reply, "Well, but Boyce isn't much of an author, either."

Texans feel honored in the selection by President Truman of a Texan for the high office of Attorney General of the United States: Tom C. Clark of Dallas.

Many years ago, a humorously-inclined editor wrote an article in which he pointed out that in his city there were countless stray cats and that nearby was desert land which could be bought for a dollar an acre and that on the land were innumerable rats. He then proposed—just in jest—to buy a large tract, round up the stray cats, skin them and sell the hide, and toss the carcasses to the rats. The cats would eat the rats and the rats would eat the cats, he said; thus there would be no overhead, would be clear profit and the whole thing be self-perpetuating.

Some readers took him seriously and actually wanted to buy stock in the Cat-and-Rat Ranch!

State Centennial Edition Of Texas Almanac Is Ready

The new Texas Almanac is off the press, the 1945-46 edition being commemorative of the Centennial of Texas Statehood. Although print paper is still alarmingly scarce, the fact that the new book contains 608 pages—the largest in history—is considered adequate proof of its value to the public. In harmony with its dedication, a considerable portion of the book is devoted to historical matter. There is revised history of Texas, from Cabeza de Vaca to Coke R. Stevenson, and there are additional chapters on events and places of historic interest, including an extensive current account of Texas' participation in World War II. As usual data and statistic on rainfall, crops, mineral deposits, farm demonstration, railroad mileage, rosters of state and county officials, Mayors and City Managers, sources of state revenue during the latest fiscal year and articles on Texas counties, with individual maps, are included in the current issue, together with revisions in up-to-date form, covering rail, highway, air and shipping commerce; banking and insurance; Texas athletic events, parks, and tourist attractions, schools, libraries, health and hospitals.

In view of the postwar program of economic development, especial attention is given to Texas manufacturing industries between 1940 and 1944, when pay rolls and volume of production more than trebled. There is full treatment also of Texas minerals, of which more than sixty kinds were produced last year, for a total value

of more than a billion dollars—the greatest value of mineral production of any single state in the history of the nation. Included also, are late developments in soil and water conservations, telling of the construction of such new projects as Lake Texoma, near Denison, one of the largest reservoirs in America.

Rhineland People Relax After Gala Golden Jubilee Celebration

Rhineland.—A tired but very happy community went to bed late Tuesday night (Aug. 21) after observing with lavish ceremony the Golden Anniversary of St. Joseph's Parish and of the Rhineland Catholic Settlement. Under leadership of the pastor, the Rev. Herman Laux, O. S. B., and with cooperation of everybody in the parish, St. Joseph's was host to twenty-eight priests, seventeen nuns, two bishops, two abbots, and hundreds of visiting friends from Munday, Pep, Windthorst, Seymour, Muenster, Lindsay, Vernon, Wichita Falls, White Deer, Nazareth, Electra, Decatur, Ranger, Scotland, Henrietta, San Antonio, Corpus Christi, and Jonesboro, Hot Springs, Blytheville, Subiaco, in Arkansas. Many other communities in and about Knox County came to take part in the civic events for the full program.

Bishop Lynch Officiates
His Excellency, the Most Rev. Joseph Patrick Lynch, D. D., LL. D., ordinary of the Dallas diocese, sang the solemn pontifical Mass of the Assumption, Tuesday morning. Officials of the Mass were the Rev. Herman Redder, Scotland, archpriest; the Rev. Alfred Hoenig, Corpus Christi and the Rev. John H. Morse, Henrietta, deacons of the Mass; the Rev. Edward J. Devers, Decatur and the Rev. Edmund Laferriere, O. M. I. Seymour, deacons of honor; the Very Rev. John T. Gulczynski, J. C. D., chancellor of the Dallas diocese, master of ceremonies to Bishop Lynch; the Rev. Matthew Wiederkehr, O. S. B., Corpus Christi, first master of ceremonies; the Rev. Donald H. Hartnett, Wichita Falls, second master of ceremonies.

On Wednesday morning, following the jubilee, His Excellency, the Most Rev. August Dangelmayr, D. D., auxiliary bishop of Dallas, sang a pontifical requiem Mass for all departed of the Rhineland parish. His assistants were the same as those of the preceding day for Bishop Lynch. Following the requiem Mass, Bishop Dangelmayr performed the absolution for the dead. He had left the bedside of his seriously sick father in Muenster the evening before, to aid in the Rhineland observance.

Dignitaries present in the sanctuary Tuesday: the Rt. Rev. Paul M. Nahlen, abbot of Subiaco, Ark.; the Rt. Rev. Edward Burgert, O. S. B., Ph. D., Windthorst; the Very Rev. Msgr. Patrick J. F. O'Beirne, Wichita Falls; the Very Rev. G. A. Boeckman, Nazareth. Other clergymen present: the Revs. Peter Morsch, White Deer; John Walbe, Muenster; Conrad Herda, Lindsay; William Bender, Electra; Donald Hartnett, Wichita Falls; Peter Molloy, Wichita Falls; Edward J. Szapka, Vernon; Edmond Laferriere, Seymour; Joseph Pociwi, T. O. R., Wichita Falls; John H. Duesman, Ranger; John J. Donnelly, Ranger; John H. Morse, Henrietta; Charles Borgers, O. M. I., San Antonio; M. F. Schafle, Pep; Louis Deuster, Subiaco, Ark. Nuns in attendance: Sister Bernarda, Sister Adelaide, Sister Lucia, Sister Lioba, of the local school. Olivetan Benedictines; Sister Mary Phillipa Marie, Franciscans of Duquaque, Iowa; Sister Leonarda, Sister Remigia, Sister Geraldine, Olivetan Benedictines at Muenster, Texas; Sister Modesta, Sister Theresa, Sister Claudia, on the Jonesboro (Ark.) Benedictine convent; Sister Mary Magdalene, Sister Immaculata, Sister Marcelia, Sister Jovita, Sister Mary Austin, of the Benedictine convent of Fort Smith, Ar.

A number of the nuns were revisiting their girlhood homes for the first time in years. The parish has furnished fourteen vocations from among its families, while five others have come from families that were pioneers in the colony, but moved away later. Five priests also have come from the parish in its fifty years of existence. These are the late Father John Keckeison, who built the Catholic orphanage of the Oklahoma diocese, and died about 1919; the Rev. Ferdinand J. Schiessel, Paris, Texas; the Rev. Herman Redder, Scotland, Texas; the Rev. Francis J. Ledwig, Harper, Texas; and the Rev. Fabian Diarsing, O. S. B., Shoal Creek, Ark.

Bishop Crowns Queen: Speaks
On Monday evening preceding the jubilee day, a reception was held for Bishop Lynch, at which time he graciously crowned Miss Bernadine Urbanczyk "Queen of the Rhineland Jubilee." Miss Urbanczyk, a sophomore in the Rhineland high school, won the title in a very spirited race that kept the parish on edge for weeks. Other girls participating were: LaVerne Albus, Anna Hoenig, Maxine Williamson, Anna Fetsch, Varonica Decker, Adelaide Kuehler, Lucy Schumacher, Betty Lou Smajstria. Miss Albus was runner-up in the highly interesting contest that netted hundreds of dollars for the church building fund. The girls were praised for their unselfish work in behalf of the parish.

Bishop Lynch in a well worded message complimented the parish on its enthusiasm in preparing the elaborate jubilee and lauded the pioneers. "In doing the things you are doing to honor and remember your pioneers, you emphasize what it usually overlooked—the foundations," Bishop Lynch said. "When we look at a beautiful cathedral," he continued, "we raise our eyes to the upper structure and admire the beauty of the architecture. We seldom even glance at the foundations below. But the superstructure could not be there without those foundations. And the more the years go by, the more you will realize what great good your pioneers have done in laying solid foundations."

Continuing this thought, he added: "There would be no glorious Church in the twentieth century but for Jesus Christ and the Apostles, who through toil, suffering, and death laid the foundations for the beautiful superstructure we have today." And so you, too, have your well built school and church and your entire plant because these men suffered and sorrowed and worked for it in the beginning," Bishop Lynch concluded.

Others taking part in the reception and crowning ceremonies included H. N. Claus, announcer and introducer of the speakers; Miss LaVerne Albus, the "Angel of the jubilee"; Cecil Wilde, Margie Ann Brown, Mrs. Julius Kuehler, Harold Albus, Annette Duesterhaus, Anna Hoenig, Rose Marie Kuehler, Joe Brown, K. W. Homer, Daniel Brown, Eugene Kuehler, Albert Schumacher, Herman and William Redder, Norma Jean Albus, Arleida Moore, Mrs. John W. Jackson, Ardrian Albus, John Herring, Albert Redder, Louis Urbanczyk, Marvin Zeiseel, Donald Decker, and

work he saved the faith for many, and gave them good opportunity to prosper in a material way also by providing good farm lands for the settlers, Loran said. As for the pioneer families, they "challenged everything the elements sent against them, and won by courage and faith, and perseverance," Loran asserted. He said that they have worthy descendants to carry on in the colony today. C. E. Coombs, Stamford, Texas, a former Knox County prosecuting attorney, spoke on "Rhineland's contribution toward the Development of Knox County." The witty speaker held the audience well.

Give Jubilee Play
A jubilee play called "Flower Phantasy" was given in the high school auditorium Tuesday night. It was composed by Sister M. Agnes, Voth, Holy Angels Convent, Jonesboro, Ark. Wynell Albus carried the leading role, starring by fine memory work and stage appearance. Sister Lucia, O. S. B., local teacher, directed. Sister Lucia also arranged the queen's crowning, Bishop's reception, and large procession to the jubilee Mass. Also in the cast were: Lorene Kuehler, Gladys Decker, Doraleen Kuehler, Catherine Bellinghausen, Betsy Decker, Gertrude Redder, Dorothy Decker, Geneva Redder, Joanne Sokora, Elaine Krietz, Lou Ellen Kuehler, Norma Jean Albus, Janette Michalik, Arleida Moore, Hene Bellinghausen, Betty Marie Brown, Marylene Kuehler, Dolores Kuehler, Corinne Urbanczyk, Dorothy Blake, Alvina Bellinghausen, Charlene Wilde, Donald Decker, Leroy Wilde, John Ed Wilde, Louis Redder, Gerald Brown, Vernal Zeiseel, A chorus singing "Waltz of the Flowers" consisted of Mrs. C. Albus, Matilda Kuehler, Ellen Kuehler, Angelina Decker, with Mrs. F. Albus as pianist.

The queen's court consisted of Patricia Homer, Anita Kuehler, train bearers; Anna Fetsch, Lucy Schumacher, Maxine Williamson, Adelaide Kuehler, Veronica Decker, Betty Lou Smajstria, maids; Valera Albus, Irene Birkenfeld, Lillian Decker, Terest Jakubec, Evelyn Mynar, Catherine Striegel, (girls), William Bellinghausen, Clarence Decker, Howard Herring, Cecil Kuehler, Vincent Loran, Menard Moore (boys), as rose bearers. Mrs. Tony Homer outfitted the queen, whose train and gown were of rare beauty. Mrs. Homer also baked the 50-candle birthday cake for the parish. Mrs. K. G. Homer did much fancy needlework for the jubilee, designing the Holy Childhood banner carried in procession.

Prize Winners Announced
Winners of the three major jubilee prizes were: Mrs. Fred Redder, Rhineland, Texas, hand-crocheted bed-spread by Mrs. Anton and Mrs. K. G. Homer; six-piece set of Sterling silverware, Mrs. Dan Groves, Munday; a \$50 War

Bond Mrs. Pete Albus, Rhineland. Rhineland built and dedicated its new church, and paid for what stands, in 1930 and the few years previous. It completed the towers and certain brick work between 1936-38. Depressions and war interrupted several times. The parish is now raising funds to complete the interior. It has unusually imposing place of worship for a rural parish.

Reunion Is Held Over Week End In W. H. Walling Home

Mr. and Mrs. W. H. Walling welcomed their 10 children and their families in their homes last week end for an enjoyable family reunion.

Thirty-eight members were present for an open-pit barbecue Saturday. Plates were served buffet style.

Sunday was Mother Walling's 60th birthday, but some of the children could not attend on Sunday, so a party was planned for Saturday. The children presented her with a beautiful set of china.

The table was beautifully set with the China, a huge angle food cake with candles, and a centerpiece of mixed gladiolus.

Present for the occasion were five sons, five daughters, 15 grandchildren, one granddaughter by marriage and a cousin of Houston. Enjoying the dinner were the following:

Mr. and Mrs. W. H. Walling and Francis and J. B. of Munday; Mr. and Mrs. W. R. Walling and daughters, San Antonio; Mr. and Mrs. J. Walling and family, Munday; Mr. and Mrs. C. T. Russell and Truett, Carlsbad, N. M.; Mr. and Mrs. L. H. Walling and family, Austin; Mr. and Mrs. A. L. Ressel and sons, Knox City; S/Sgt. and Mrs. J. C. Walling, El Reno, Okla.; Mrs. Buford Lawson, Munday; Mrs. and Mrs. T. M. Spruill and Charlene, Munday; Mrs. Lendon Walling, Wichita Falls; H. S. Walling, Houston.

Those unable to attend were a son-in-law, Sgt. Buford Lawson, U. S. Army, serving in the Philippines, and a grandson, Lendon, S. 2/c of the Navy, who is on the high seas.

DANCE AT RHINELAND

A dance will be held at the Rhineland community hall on Tuesday night, September 4. Music will be furnished by the Brown Derbies of Stamford. The public is invited to attend.

Relatives Gather For Reunion In G. W. Dingus Home

Around 35 people gathered in the G. W. Dingus home last week end for an enjoyable family reunion.

All of Mr. and Mrs. Dingus' children were present as well as four sisters and two brothers of Mrs. Dingus and a sister of Mr. Dingus, together with their families. All enjoyed the day, visiting together and talking over old times.

Present were Mr. and Mrs. P. A. Gressett, T/Sgt. Phillip Arthur Gressett and Betty Bob Shannon, Levelland; Mr. and Mrs. V. C. Walker, Sundown; Mr. and Mrs. R. E. Gressett and Bobbie Mae and Billy James, Comanche; Mr. and Mrs. George Moore, Comanche; Mr. and Mrs. H. V. Pierce, Albany; Mrs. O. M. Stephens and Kathryn and Betty, Breckenridge; Mrs. P. P. Cowan and Harvey and Nancy.

F. E. Jettons Honored Sunday At Birthday Dinner

A birthday lunch and dinner was given last Sunday, honoring Mr. and Mrs. F. E. Jettson on their birthdays. The children prepared the dinner.

Mr. Jettson was 68 years old Saturday and Mr. Jettson observed his 70th birthday Sunday. The day was enjoyed by the honorees, their children and grandchildren. All of their children were present except Floyd and his family, and grandchildren, Edwin Lee Jettson and family of California and Mrs. Clarence Jettson.

Present were: Mr. and Mrs. V. G. Lambeth and children of Goree, Mr. and Mrs. Jettson and children of Munday, Myrtle and S. B. of Goree. Friends present were: Mr. and Mrs. J. E. Cure of Goree and Mr. and Mrs. Willie Thompson and family of Sudan.

Cpl. Edward Burns Honoree For Reunion In Abilene Recently

A reunion was held at the Cobb Park in Abilene recently honoring Cpl. Edward Burns, son of Mr. and Mrs. J. M. Burns of Munday and husband of Mrs. Lois Burns of Abilene. He returned to Abilene Friday night after serving 26 months in the Pacific area.

A delicious dinner was served at the noon hour. Games were played throughout the afternoon. Pictures were taken while the kiddos went swimming.

Attending were Mr. and Mrs. J. M. Burns, Mr. and Mrs. Austin Floyd and son, Mr. and Mrs. Homer Lain and family, all of Munday; Mr. and Mrs. Calvin Hendricks and son, Abilene; Pvt. and Mrs. Buck Primrose, Temple; Mr. and Mrs. D. B. Junior News

We had a class meeting last Wednesday and elected the following officers:

President—Jo Ann Whitmore.
Vice-President—Anna Sue Waldron.

Secretary—Patsy Dean Dickens.
Reporter—Dorman Followwell.
After two weeks of changing teachers and subjects we don't know whether we are coming or going. I wonder if we ever did know.

Last Friday morning the Junior boys jumped out of their seats

when a blonded headed, blue-eyed girl walked in and became a member of our class. Her name is Ophelia Brooke. Boy! Randell Walling was really happy.

This year we expect to accomplish polish and poise enough to become serious and dignified seniors.

Eighth Grade News

Here we are in Junior high school. Our class officers are as follows:

President—Loyce Reddell.
Vice-President—Joan Tackitt.
Treasurer—Helen Sue Parker.
Secretary—Royce Reddell.
Reporter—Betsy Sue Yost.
Assistant Reporter—Tommie Yost.

We are enjoying working on a map of Texas in Geography. Each student will make a smaller model of it when it is finished.

We are known as the Tad Pole class of high school. It is especially nice to be in the high school end of the building because we get to use the big library, and have our schedule along with the older boys and girls. Our outlook is pleasant for a busy and profitable year.

Ninth Grade News

We are really happy to start back to school, although it's so hot we practically melt.

Our new teachers are Mrs. Partridge and Mrs. Browning. We are glad to have them with us.

We girls are really enjoying our first year Home Economics. We have been studying good grooming. Now we are beginning crocheting and embroidering.

Our class officers have not been elected yet. We will give you the news on that next week.

The boys are enthusiastic about their new shop work. They may cause the local furniture business to suffer this year when they finish all those projects.

Everyone is looking with a longing eye toward volleyball and basketball season. Each of us has a secret desire to make the team.

Tenth Grade News

All of our group seem rather glad to be back at the old desk again, even though the temperature isn't conducive toward studying.

After three weeks of switching and swapping we have finally got all our teachers and have settled down to work.

Our class has dwindled away so a small group. Several have moved away to other schools.

Our subjects this year are Algebra 2, English 2, World History, and Home Economics and Shop.

In Home Ec. the girls have been planning their home projects.

For Algebra, we are struggling with monomials, Polynomials and exponents.

In English, we are learning how to become good conversationalists. Mrs. Browning is our new home room teacher. She is from Knox City.

Most of us are resolved to study a bit more this year than we did last. So far the statement has not been made a fact. Watch this column for further developments.

Senior Class News

The following question could be asked of our class this morning "Is

everybody happy?" The response would be unanimously, "Yes." Reason everyone is happy could be because we ordered our class rings today, and everybody agreed upon the same ring and confidently the selection is out of this world, and I am not referring to anything about Sinatra.

We are very happy to have a new English teacher, Mrs. Partridge, who will also be our sponsor. We hope she enjoys working with us as much as we enjoy working with her. We are planning a very happy year together and probably many thrills and spills together.

In American History we have Mrs. Browning of Knox City. She is a good teacher and we are glad to have her.

Class officers are as follows:
President—Wanda Reeves.
Vice-President—John Voss.
Secretary—Willie Mae Thompson.

Editor-in-chief — Sue Saunders.

LOCALS

Mrs. G. L. Keene was returned home from the Knox County Hospital last Thursday night, after having received medical treatment there for several days.

Mrs. James N. Walker and children, Barbara Lee and David Neal, of Gladewater came in last week for a visit with Mrs. Walker's parents, Mr. and Mrs. G. R. Elnad, and with other relatives. They met Lieut. Walker in Lamesa the first of this week, and he is spending a 10-day leave here. Dr. Walker has just returned from California, where he took some patients, and will report back to Camp Fannin at the end of his leave.

Mr. and Mrs. Leland Hannah were visitors in Austin and San Antonio several days last week.

Kamal Waheed of Killeen, Texas, came in the first of this week for a visit with his brother, Sied Waheed, and other relatives.

Mrs. I. N. Douglas was in Abilene last week, attending the graduation exercises of her daughter, Miss Laverne Darter, who received her B. S. Degree from Abilene Christian College.

Ray D. Ford, A/S, spent last week end in the home of his parents, Mr. and Mrs. W. R. Ford, and with other relatives and friends. He returned to San Diego Naval Training Center for further duty last Saturday.

Mr. and Mrs. Walter Skiles and family were in Stamford last Sunday to visit with Mrs. Skiles' brother, Wilburn Sorrells, and his family. Mr. Sorrells had just returned home from England.

M. L. Hipple, who is attending Texas University at Austin, is here for a visit with his wife and with his parents, Mr. and Mrs. J. R. Burnison.

Mr. and Mrs. B. F. Floyd, Mr. J. C. Floyd, Mrs. Eunice Harris and son and Miss Artie Stovall of Lorenzo, Texas; Billie Floyd and Zane Stovall of Petersburg were here last week end for a visit with Mr. and Mrs. G. T. Floyd, Mr. and Mrs. W. A. Floyd and Mr. and Mrs. Ezra Smith of Weinert.

HANDY HOME MIX

With a supply of homemade biscuit mix in the refrigerator, a busy homemaker is ready for all kinds of emergencies, says Jessie Alice Cline, home economist. She can serve delicious hot breads with her summer salads, transform leftovers into exciting dishes, or turn out delicious desserts almost at a moment's notice.

The mix consists of flour, salt, baking-powder, and lard—blended together as for biscuit dough. Kept in a tightly-covered container in a cold place, it is ready when you want it; simply add milk or cream for the final ingredient.

This foundation biscuit dough may be used for hot biscuits, muff-

ins, pancakes, or waffles. It will make dumplings for a stew or a crust for a meat pie. In the dessert line, it takes but a jiffy to produce a luscious shortcake or cobbler, using fresh fruits from the market or your own garden.

Joe Lynn Floyd is spending this week with his uncle and aunt, Mr. and Mrs. Gordon Swamer of Fort Worth.

Clear water seeps into the ground 10 times faster than muddy water. Keeping the ground covered with crop residue or cover crops helps clear water soak into soil instead of muddy water running off land.

AA FARM NEWS

Wheat producers can plan their 1946 crops with the knowledge that acreage allotments and wheat marketing quotas will not be in effect for the marketing year which begins July 1, 1946. The AAA Act of 1938 requires that the Secretary of Agriculture make public announcement each year of data concerning the supply and consumption requirements for wheat. This year as in the recent years, the national emergency makes unnecessary the establishment of marketing quotas. Acreage allotments are dispensed with "in order to encourage the production of a sufficient supply of food to maintain normal domestic consumption, taking into consideration current trends in consumption and exports and the qualities of substitutes at fair prices and otherwise effectuate the declared policy of the act."

D. W. Looney Construction Company has recently constructed an earthen dam of 7,091 net yards for Mr. Cottingham, and according to Mr. Cottingham, "he'll never lack for stock water and is definitely well pleased with the dam."

Applications for beef production payments for sales of eligible beef during the period of May 19, 1945 through June 30, 1945, should be filed not later than August 31, 1945, in order to be eligible according to Emmett Partridge, Chairman of Knox County AAA Committee. After June 30, 1945, applications for beef production payments should be filed within 60 days of the date of sale in order to be eligible.

Joseph Decker and Louis Streigl of the Rhineland community were business visitors of the AAA Monday.

M. L. Cottingham of Gilliland was a AAA visitor last week.

Texas State Guardsmen Holding A Crowd

The above problem of Texas State Guardsmen holding a crowd is one which is being taught at the school for the 17th Battalion which opened Wednesday night in

Munday. This will also be carried out in maneuvers this week end at the bivouac area near Wichita Falls.

The local school is holding in interest of many members of the 17th Battalion, Texas State Guard, with members in attendance from Munday Haskell, Olney and Seymour.

water, reduce livestock production costs, and when operated in rotation with cultivated crops result in larger crop yields. Pasture establishment and improvement practices become especially important in meeting present food and fiber needs. Assistance in carrying out such practices is available to farmers under the conservation program of the AAA.

Onie Welch of Gilliland was in the Office Saturday and placed an order for 375 pounds of Austrian Winter Peas.

More than 90 percent of the farmland of the United States needs soil conservation treatment to protect it from soil erosion, maintain fertility, and put it to its most efficient use, the USDA reports.

Earl Burgess of Gilliland has also placed an order with the AAA for 300 pounds of Austrian Winter Peas.

The AAA in cooperation with Porter & White of Knox City issued 35,000 pounds of Austrian Winter Peas and 100 pounds of Hairy Vetch to farmers in Knox, King, Cottle, and Foard, Counties, Monday, August 27.

There were so many farmers requesting peas that it was necessary to place an additional order for 35,000 pounds. The shipment will arrive the first of next week and any farmers who would like to secure some of the seed should contact the AAA Office.

The amount of peas issued to farmers in each county are as follows: Cottle-4900 pounds; Foard-1200-pounds; King-9400 pounds; and Knox-19,500 pounds.

The Federal Crop Insurance Corporation has announced the closing date for submitting applications to cover the winter wheat crop in Texas to be the earlier of (1) the date of beginning of seeding of the wheat crop, or (2) September 1, 1945. The previously announced closing date was August 31, 1945.

Material Needed For Centennial Of Texas Statehood

Austin.—Texans are avidly searching for material to use in connection with the observance of the Texas Centennial of Statehood, Mrs. Marcelle Hamer, assistant in the Texas library, asserts.

"The Texas Collection has been used more this summer, both by University students, and by others, than in any year since the Texas Centennial in 1936," Mrs. Hamer said.

Although books from the Texas Collection are not loaned from the library, every type of reference aid is given to persons throughout the state, the librarian said.

In addition to the statehood information which is being sought and requested, many persons are searching old records and old books for factual material to be included in the Handbook of Texas, to be issued by the Texas State Historical Association.

NOW on their way to you! THE FINEST GASOLINES THAT GULF HAS EVER MADE!

We're losing no time in rushing to your Good Gulf Station ample supplies of the best gasolines ever sold at the Sign of the Gulf Orange Disc.

You will know these powerful NEW GULF GASOLINES by the same, identical names Gulf gave its fine motor fuels of an earlier day . . .

The Orange Disc has always stood for superior petroleum products. Now, with victory, Gulf's wartime research and experience have produced gasolines to bring power and smoothness to your driving such as you have never before experienced.

Gasolines that assure you quicker starting . . . surging power in pick-up . . . and "get-up-and-go" on hills without ping or knock . . . swift, smooth, gliding ease on the straight-away . . . and record mileage per gallon.

And as new engines come from the drafting boards, placing new requirements on motor fuels, Gulf gasolines will be on hand to meet their challenge.

THAT GOOD GULF and GULF NO-NOX

They're proud names, both of them, backed to the hilt by the Gulf organization.

Local Boards To Continue On Draft Quotas

Commenting upon the continued induction of men for the armed forces and the consequent resignation of some Texas local boards, General J. Watt Page, State Selective Service Board Director, said Friday that "as a matter of fact, the number of local boards who have asked that their resignations be accepted is so small as to be almost negligible—only four out of 351 boards."

"Naturally," General Page said, "they are all tired after five years of arduous service. As board members they have done one of the most patriotic jobs in the annals of our country. In addition to being non-compensated, they have neglected their own business. In many cases they have money and friends of long standing, and have been subjected to all manner of abuse—these men without decorations. They can never be fully repaid for their contribution to the winning of World War II. Their only remuneration is contained within their hearts and souls in the knowledge that they have served fearlessly, tirelessly and honestly for their country. No man can do more. But their service is not yet completed, even though the shooting-war is over."

"Millions of our boys are over-

seas and have been there and in combat for several years. Certainly they should now be allowed to come home to their families. For example, I haven't seen my boy for over three years. Now, 'my boy' is simply representative of hundreds and hundreds of thousands of other fathers and mothers and wives with men long in the service. The government strenuously trying to return these men. In fact, right here in Texas the official reports of discharges which we are receiving at Selective Service Headquarters now total close to 1,000 notices per day. The Army, the Navy, the Marine Corps and the Coast Guard cannot keep this up unless, of course, we can send able-bodied men overseas to replace those who should now be sent home.

"Surely, in this democratic country of ours, it is expected that every man shall participate in its war. A great many of our young men in the 18 through 25 group have been deferred for several years for one reason or another. These young men have been on good salaries. They have been able to sleep in good beds and have good food. They have had almost complete security with little or no jeopardy of life or limb. Why should not these young men now take up the gun and 'stand guard' for a while?"

"That is why we must for the present continue to issue calls for the induction of men. The calls are small—about 50,000 per month for the nation—but, as President Tru-

Purple Heart Award Made To Knox Farm Hand

Pfc. Wayne E. Clark, 24, of Megargle, Texas, was decorated with the Purple Heart this morning in a special ceremony by Brig. Gen. Larry B. McAfee, commanding general, Bruns General Hospital, Santa Fe, N. M. Clark sustained a bullet wound from an enemy machine gun on Okinawa.

Advancing with a tripod of a .30 calibre machine gun, April 12, 1945, about five miles inland from Red Beach on Okinawa, Private Clark, with members of his heavy weapons section, was looking for an emplacement position. They had been ordered to give support for the advance of an infantry company by covering them with overland fire.

"I just got around the corner of a building when I stepped into a field of Jap machine gun fire. A slug hit me in the left forearm, just below the elbow. I dropped to the ground and took cover. Then I bandaged up the wound myself as best I could. Just as I finished, a couple medics came up to give me further treatment and led me to the rear," the private related.

Enlisting April 28, 1943, and taking basic training at Camp Abbott, Ore., Wayne Clark was sent overseas to New Caledonia, arriving at

man has pointed out, they are still necessary. That is why most of the local boards are 'standing by their guns' and not resigning. The boys 'over there' didn't lay down their guns until it was all over."

NOW YOU CAN GET
TRACTOR TIRES—So Get
GOOD YEAR
Self-Cleaning Open Center
SURE-GRIPS

The Government has released rubber to build more tractor tires and has set up separate quotas for tractor and implement tires. This means that you farmers can now get the tires you need. AND WE'VE GOT THEM.

You must produce more food — to win the war. That's a big, important job. To do it, you must keep your tractor working—producing. It will do the best work on the HARDEST-WORKING tires — Good-year Sure-Grips!

The Goodyear Sure-Grip tread, with its self-cleaning OPEN CENTER tread has MORE TRACTION, pulls best. It cleans itself as it works — there's less clogging, less spinning or slipping. Sure-Grips roll smoother, too — there's less jarring to tire you out. When you buy — be sure to get Goodyear Sure-Grips —

Best Because They Do The Most Work!

Tractor Tires Not Rationed!

You no longer need a certificate to get a tractor tire. Rationing has been lifted!

Come in and let us fix you up with Goodyear Sure-Grips. You will be glad you did!

TAKE A LOOK!

JUST take a look through this long-range telescope and see yourself next spring! How's your tractor running? Wish you'd had it overhauled a few months ago? Well, there's still time.

Between now and the day you want to take your equipment into the field we'll make the repairs you need. Our shop is loaded—it always is these days—but we'll schedule your work and get it out on time. Just tell us what needs to be done.

You can be sure of this: Any job we do here is done right. Farm equipment is our business. We know it from the ground up. We're implement men and that means we can take your farm tools and put them back in working order.

You'll find a big stock of genuine IHC parts on hand here at all times. And from now on we'll have more new McCormick-Deering equipment, too. Let us know what you need.
