

Knox Prairie Philosopher Is In Favor Of New Meat Tenderizer But Has Other Uses He Thinks He Could Put It To

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is assuming too much power for the latest evidence of scientific progress.

Dear editor: You can't always tell how far ahead of his times a man is just by lookin at him.

Take me out here on this grown-up-in-weeds and Johnson grass place. You'd think that by lookin around I was at least twenty-five years behind the times, but there's nothing to it. I may be twenty-five years behind in my work, that's true, but I do not intend to stay that way; a year from now I'll be 26 years behind, the year after that, twenty-seven. I believe in progress. It's the people who stand still that's holdin this country back.

You can't always judge by ap-

pearances. Take my cattle. Lots of people have poked fun at my cows, on account of they look sorry, and up to now maybe they have been sort of sorry, and I'll admit I haven't seen any cafes with menus advertising Miller Creek Jersey Steer T-Bone Steaks, but I read last night where a couple of men have invented a process for tenderizin meat, and under this new system it may be hard to tell a

Jersey steer steak from a Kansas City \$4.00 number. Under this process, as I understand it, all you do is sprinkle the meat with this atomic dust or whatever it is and a stringy roast, the kind a dog would tire out his jaw muscles on tryin to handle, becomes as tender as the right side of a high-priced T-bone.

Of course, my production-per-animal out here may not be so great as it is with these registered cows, the per-pounds-per-acre of pasture may not be so big, the growth-per-day may not be so fast, but in the final anal-

ysis when I sit down to a steak it ain't much concern of mine how long it took the thing to reach my plate or how many miles the calf had to grow up on. Just give me elbow room and keep the salt, pepper and the bottle of tenderizer handy, is all I ask. However, I ain't too hopeful yet. Some bird is liable to throw a monkey wrench in the thing somewhere, or cows are liable to catch on and develop an immunity to the tenderizer, but I don't intend to change my whole cattle program out here until the thing has been tested out fully.

Weekly Health LETTER

Issued by Dr. Geo. W. Cox, M. D., State Health Officer of Texas

Most parents know exactly what State Health Officer Geo. W. Cox means when he says, "there is no such thing as natural resistance to impetigo."

They know, perhaps from bitter experience, that the same child can suffer repeated attacks of what Dr. Cox calls an "offensive, annoying skin infection."

Impetigo, a purulent, highly infectious ailment can be found in any age group at any time of the year. But children are usually susceptible, and most cases occur during the summer. It isn't too serious, except in new born babies but it can cause days of itching misery to afflicted youngsters and adults alike.

It's caused by a pus-forming bacteria called staphylococcus—the same sort of germ found in boils and sores where pus is present. Usually it forms an unsightly crust over wide areas of the body, and the material underneath is very infectious if allowed to get on other parts of the body.

Anyone who uses the towel of an infected person, since towel moisture permits the germ to survive.

Children living in the most hygienic home frequently get im-

which will take years.

I hope it works, and if it does there may be other fields of endeavor where it may be applied. For example, there are times when a little tenderizer, sprinkled on a banker, would be just the thing to help swing a loan. There are merchants who have a tendency to clamp down on my credit, and if this new dope works on one of my cows, it'll work on anything. Looks like it's goin to beat catsup all to pieces.

Yours faithfully,
J. A.

petigo, although it probably is more common in homes where personal sanitation isn't considered too important.

The best way to minimize the ill effects of impetigo is to keep the infection localized by preventing the serum under crusts from exuding into "clean" skin surfaces.

The family physician is the in-

fecting child's best friend, since he will advise mother how best to combat the disease and how to keep it from spreading like a grass fire through the whole family.

Mr. and Mrs. H. F. Jungman were business visitors in Fort Worth and Dallas over the week end.

Harvesting a Better America

Rubbed my eyes yesterday when I saw Hap Jackson's truck in Bill Morgan's alfalfa field ... helping Bill get in his cutting.

Since they've been carrying on a friendly argument for years (over how much fertilizer to use per acre of alfalfa), I had to ask Hap what was going on.

"Got my own crop in safely last week," he says. "And since Bill's boy is at the summer encampment of the National Guard, I figured the least I could do was to help him out. After all," Hap went on, "there's no argument

over how important the National Guard is to all of us."

From where I sit, a fellow like me, who's too old to get in the Guard, can still vote, do a turn at jury duty, and respect others' rights. Even a little thing like respecting a neighbor's right to have, say, beer or buttermilk at dinner is important if we want to keep America strong. We have to be on "guard" in more ways than one these days!

"The Store With the Goods"

Munday, Texas

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered—and how much I could save!

You get more power on less gas

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide* models, you get the most powerful engine in Chevrolet's field—the new 115-h.p. "Blue-Flame." Gearshift models offer the advanced 108-h.p. "Thrift-King" engine.

And it's the lowest-priced line

A demonstration will show you that Chevrolet offers just about everything you could want. Yet it's the lowest-priced line in the low-price field.

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.

You're "sitting pretty" behind the wheel

Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You can see all around

You look out and down through a wide, curved, one-

piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Biggest brakes for smoother, easier stops

An easy nudge on the pedal brings smooth, positive response—right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You get greater getaway with the new Powerglide*

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

Let us demonstrate all the advantages of buying a Chevrolet now!

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

Chrysler's Lady Engine Doctor Diagnoses Patient

Lucille Pieti, woman engineer with Chrysler Corporation's "New Worlds in Motion" automotive show, proves she understands the practical side of her profession. As judge of an old-car contest, staged in connection with the traveling styling and engineering show when it played in Milwaukee recently, Miss Pieti expertly analyzed the motor of the winning car with the latest scientific equipment. The contest was designed to discover the oldest Chrysler-built car still operating in Milwaukee. The winner was a 1928 Chrysler with 63,000 miles on its odometer. Miss Pieti found the 25-year-old car "mechanically sound." The engineering exhibit is scheduled for Omaha, Minneapolis and Dayton in the next three months.

Home Demonstration NOTES

By Mrs. Georgia Faye Perkins, Home Demonstration Agent

The Knox County 4-H Clubs from Gilliland, Goree, Knox City, Munday, Benjamin, Rhineland and Vera will have a 4-H Picnic, August 25, in the Seymour Park, beginning at 3:30 p. m. Recreational games, songs, and a swim can be enjoyed by all.

The 4-H'ers who plan to swim should bring a written permission from parents and swimming fee. All attending are expected to bring 15 or cents extra for refreshments.

After the Home Demonstration Council last Friday, the council members and the agent were made very happy when five of the Knox County 4-H women showed us how industrious they had been during these hot summer months by modeling the beautiful cotton dresses they had completed. The women had practiced good sewing construction techniques by making very neat bound button-holes, self-made belts with hand-worked eyelets, even hems, and secured waistlines by using stay-tape.

The five women were Mrs. John Rice, Mrs. R. M. Almanrode, Mrs. Johnnie Peysen, Mrs. Frank Bowley, of Munday; and Mrs. Carl Patterson, Benjamin.

Nolan Humphries of Childress was a guest in the home of Mr. and Mrs. H. E. Sharp last Friday.

Mr. and Mrs. Dewey Melton and son attended the Knox County reunion in Lubbock last Sunday.

Mr. and Mrs. Gene Harrell and children returned last Thursday from Tulsa, Okla., where they had been visiting the past week.

Munday H. D. Club Meets Wednesday With Mrs. Kegley

The Munday Home Demonstration Club met in the home of Mrs. Lawrence Kegley Wednesday, August 12, with nine members and one visitor being present. The meeting was called to order by the president, Mrs. Fred Lain. Roll call was answered by "helpful hints."

Mrs. Bowley and Mrs. Rice gave reports on the encampment at Leuders. An interesting and helpful talk on pals was given by Mrs. R. M. Almanrode.

The recreation committee was

asked to set a date for the annual picnic.

Refreshments were served to the following: Mmes. Fred Lain, Ray Ford, Frank Bowley, John Rice, M. L. Raynes, R. M. Almanrode, Joe Patterson, Johnny Peysen and C. N. Howard.

The next meeting will be held September 9, in the home of Mrs. Johnny Peysen.

Lynn Reynolds is spending two weeks with his father, Ernie Reynolds, and wife in Cleveland, Texas.

Mrs. Dell Riddle and son, Larry, of Fort Worth are visiting Mr. and Mrs. Don Wardlaw and other relatives here this week.

SNELSON FAMILY HAS GET-TOGETHER SUNDAY

Mrs. L. B. Snelson and her children had a family get-together at the Seymour Park last Sunday, enjoying a picnic lunch at the noon hour. Those present for the occasion were Mr. and Mrs. J. L. Blackard and children of Pampa, Mr. and Mrs. L. E. Lain of Lorenzo, Mr. and Mrs. Wallace Pierce of Chico, Mr. and Mrs. Gilbert Green and family of Wichita Falls, Mr. and Mrs. Roy Lindsey and son, Mr. and Mrs. J. C. Gollehon and Mrs. L. B. Snelson, all of Munday; Mr. and Mrs. W. A. Shanks of Harlingen.

Mrs. Clifford Wilson returned Monday from a week's visit in Fort Worth.

Mr. and Mrs. Herby Peek attended the Knox County reunion in Lubbock last Sunday.

Mr. and Mrs. Oscar Spann were business visitors in Wichita Falls, Fort Worth and Dallas last Friday and Saturday.

VACATION TRAVELER

This happy miss is sightseeing in style on her vacation trip. She wears a fashionable two-piece cotton ensemble in practical dark plaid by Wildman of St. Louis. The sleeveless dress has a wide shirt collar and a tucked front. Worn over it is a trim banded jacket in the same cotton. The National Cotton Council reports that dark plaids are favorites for travel this summer.

The Cypert reunion, which is an annual affair, met Sunday, August 2, in the Seymour park. Everyone visited and enjoyed various games in the morning. At noon basket lunches were spread and enjoyed by all. Swimming, picture taking and games were enjoyed by most members after lunch.

In the evening a program was held, consisting of a dress parade by the men, a song session by different groups and a truth

Floyd Family Meets To Celebrate 50th Wedding Date

Mr. and Mrs. W. A. Floyd were very much surprised on Sunday, August 9, when their children began gathering in their home in Munday. The "old folks" were not told why they were gathering until about noon when they were told it was to celebrate their golden wedding anniversary.

Mr. and Mrs. Floyd were married in Madison County, Texas, on August 19, 1903. The celebration was held ten days early because some of the children could not have attended at the later date.

All their children and grandchildren were present except a grandson, Joe Lynn Floyd, who is in the service in Korea. Here for the occasion were the following:

Earl Floyd Munday; Mr. and
