Odds Bits Salvaged
at Random

This spring-like weather has caused the insects to come out

Take, for instance, last Sunday. There was a certain little insect out southeast of town called the "golf bug"

This little rascal bit quite a number of local people, and they were out there batting the little golf balls around like nobody's business.

"And just wait until those greens start greening up," they said, "and you'll see lots of activity on the golf course."

Activity is what they plan for since they have leased the grounds from the city and are to completely reorganize the country club.

Plans are to fix up the club house something nice, then have club parties maybe once a month, and the club rooms will be available to members for private parties, etc.

When, and if, the kitchen is fixed up like they plan, it won't be nearly so much trouble to entertain friends out there.

Several of the boys, one at a time mostly, hit us up for membership. Fact is, we paid monthly dues in the old organization, and haven't hit a golf ball in several years.

Seems like pounding the sidewalks in search of news and advertising until day's end kinda places our feet in shape to be propped up high and comfortable, rather than going out and tromping the turf a while.

Anyway, they made it sound so good that we told them we'd go with them on this deal, too.

Seems the membership is nearing their much-wanted quota of 60 members, and J. Omar Cure, erstwhile president, has sent out letters calling a membership meeting for 8 p. m. Thursday for the purpose of approving a batch of by-laws.

Then things can really get going good.

Comes word from L. B. Patterson, Sr., that a final inspection will be given the Munday Housing Project next Friday; then an open house will be held next Sunday from 2 to 5 p. m. so all people who desire can see the housing units.

Then on Monday morning, those who have applied for and secured units in the project may start moving in.

It's show time in Knox County again.

County Agent W. J. Bryan has announced the annual 4-H and F. F. A. junior livestock show for this Saturday.

The show will be held in Benjamin this year, and plans are going forward in a big way. Looks like lots of sheep, hogs and calves will be displayed and judged, and people who attend the show will see just what the young boys are doing on their projects.

This event is expected to draw people from the four corners of the county, and is one looked forward to by 4-H and F. F. A. members.

People of Munday haven't forgotten the swimming pool project. A group from civic organizations met last Monday night to further discuss plans, and the move is gaining in interest.

Another meeting of a still larger group is planned for next Monday night, after which some concrete move will likely get under way. Parents of children are especially interested in the movement.

Our guess is that Munday will have a swimming pool, come summer.

MARCH OF DIMES DRIVE

The total of Munday's March of Dimes drive reached \$1,415.42 Tuesday. These collections were received: Roxy Theatre, \$65.16; Sunset School, \$26.25, Cards \$9.00.

Munday Country Club Reorganization Gains Impetus; Around 60 Members

Quite a bit of interest is being shown in the re-organization of the Munday Country Club, with around 60 members being signed up by Tuesday of this week.

A membership meeting is set for 8 p. m. Thursday at the Chamber of Commerce office for the purpose of adopting by-laws for the club. All members are urged to be present.

Under this plan, the club house and grounds has been leased from the City of Munday. Plans call for completely redecorating the club house, carpeting the club room installing a sink, cabinet and stove in the kitchen and making the club house an ideal place for membership parties or private parties.

Some members have expressed a desire to have at least one membership party per month. The club house would be operated independently of the golf games, with a separate building being erected for golf equipment.

Membership fee is \$25.00, with monthly dues being \$4.80. There also has been some discussion of having associate memberships for persons of nearby towns who want to play golf and yet not become regular members.

Negro Burns To Death In Fire Tuesday Night

Clarence Hamilton, 41-year-old negro man, was burned to death in a fire that destroyed the cotton picker's shack on the Earl McNeill farm, south of Munday, at about 8:30 Tuesday night.

The man, who had been picking cotton in this area, was alone in the shack when the fire broke out.

The Munday Fire Department answered the alarm, but the building was practically destroyed by the time firemen arrived on the scene.

Funeral arrangements were incomplete Wednesday, according to Charles McCauley of the Mahan-McCauley Funeral Home.

King Becomes Sole Owner Of K & K Cleaners

A partnership which has been in operation since 1946 was dissolved last week when Joe Bailey King purchased the interest of Jerry Kane in the K & K Cleaners. Mr. King will operate the business under the firm name of King's Cleaners.

The partnership was formed some time after Mr. King purchased the Smith Tailor Shop, which was later moved to the present location.

Mr. King stated he plans to remodel the building and completely modernize his shop by adding new machinery and equipment. "This will be done gradually," he said, "since we plan to continue operating and serve our customers while the work is under way. We did not feel it wise to close the business for remodeling."

Both Mr. King and Mr. Kane expressed thanks to their customers for their patronage during the years they were together. Mr. Kane has not announced his plans for the future.

Mrs. Mary Rhodes Dies February 5

Mrs. Mary Lucy Rhodes, 77, mother of Mrs. L. M. Palmer, passed away on Friday, February 5, at the Palmer home in Van, Texas. She had been in ill health for some time.

Mrs. Rhodes made her home with Mr. and Mrs. Palmer while they lived in Munday. Both Mr. and Mrs. Palmer are former teachers in the Munday schools.

Funeral services were held from the Van Methodist Church on Saturday, February 6, with Rev. Kermit Pritchett officiating. She is survived by another daughter, Mrs. J. T. York of Grand Saline, and two sons, J. E. Rhodes, superintendent of the Van schools, and John P. Rhodes of Fort Worth.

Munday Takes Thriller From Roscoe Friday

The Munday Moguls continued to keep their little hopes alive last Friday night when they nipped the Roscoe Plowboys, 73 to 69 in a spine-tingling overtime cage game. The loss for Roscoe put them out of the championship picture.

Trailing by four points with less than a minute to play the surprising Moguls tied the count at 61-61 in the fading seconds of the regulation game.

Moving into the overtime the Munday lads had little trouble taking their seventh loop win against two losses. Roscoe had only one starter available for action in the overtime as four purple-shirted lads were on the bench via the foul route.

The battle was a nip-and-tuck affair all the way through the regulation game with Roscoe taking an 18-15 lead moving into the second quarter, but dropped the advantage as Munday led at half-time, 36-34.

Moving into the third stanza the battle continued see-sawing with Munday holding a 54-49 advantage going into the final eight minutes of play. The Moguls fell behind midway of the final period, only to catch up in the final minute.

Fred Lang meshed 23 points to pace the Munday attack while Duane Robinson and Jerry Geron shared top honors for Roscoe with 18 points apiece.

In a preliminary encounter the Roscoe girls defeated Munday, 42-29, with Martha Taylor leading the way with 20 points.

Merkel evened the score Tuesday night when the Plowboys defeated the Moguls, 58 to 43, in a return game at Merkel, Jerry Cunningham led his team in scoring, with 24 points, while Joe Sharp was high point man for Munday with 12.

The Merkel girls also won over Munday, 53 to 42. Lois Black was high point player for the winners with 25 points. Bera Faye Spann was high for Munday with 20.

Workshop On Civil Defense Is Slated For Next Monday

Sponsored by the local Parent-Teacher group, a specialist of the Texas Education Agency at Austin, Dr. Joe R. Humphrey, will conduct a workshop on Civil Defense at the school gymnasium on Monday afternoon at 3:15. Anyone interested in the afternoon session may join the teachers. Dr. Humphrey will emphasize safety in the home with instructions on what to do in case of fire, tornadoes, etc., and as the tornado season is approaching it should be of great interest to all.

At the evening session, scheduled for 7:30, Dr. Humphrey will meet with civic groups as well as all citizens who are concerned with civil defense. This will be an open meeting, but members of the Fire Department, Chamber of Commerce, Lions Club, American Legion and the City Council are especially urged to attend.

The regular P.T.A. meeting will be held Thursday afternoon February 18.

A BAD TAX

One thing can be said with virtual certainty about taxes—once a tax is adopted, even though it is supposed to be temporary or of an emergency nature, it is extraordinarily difficult to get rid of it.

The federal gasoline tax is a fine cast in point. It was first enacted 20 years ago, purely on a temporary basis. And what happened is that it has been periodically increased—instead of reduced or eliminated—and has reached the present level or two cents a gallon. There was hope that it would die this April—but the President has asked that it be continued.

The President's position is based upon the need for maintaining government revenues. But aside from that, the federal gasoline tax is a very bad one. Gasoline taxation is properly a field for the states and the states only, under laws which allocate all the revenues to road work and prevent diversion to other purposes. According to The Oil Daily, the federal tax now brings in close to \$1,000,000,000 a year, while federal appropriations to the states for highways are only \$500,000,000 a year. In other words, close to half of the tax is being siphoned off. The motorist does the paying—but he doesn't get his money's worth.

One can understand Mr. Eisenhower's position. The federal gas tax should be repealed and this course of revenue left to the states where it belongs.

SIMPLE ARITHMETIC

In discussing some of the economic problems that face individuals and towns throughout the country, a Kansas editor says: "My community is no exception in the general drift of our times. Some in business have inherited the firm from their fathers and grandfathers and are apparently content to accept their lot as 'fate' or something they can't help.

"One thing that bothers me most is the government's discouragement of industry with the younger people. Those receiving welfare are led to believe that whatever they get is due on demand . . . income tax affects a young person's production when he adds more than \$600 to his parent's income. It's enough to cause taxpayers to fight but those same taxpayers for the most part have a hand out for subsidy, employment insurance or some other gimmick that is not earned by the sweat of their brow. We simply cannot run our money through political fingers and have more than we pay in; that's simple arithmetic!"

YEAR OF THE CONSUMER

"This will be the year of the consumer. This will be the year you—as the buyer of everything from autos to houses, from food to furniture—will come into your own. You will be supreme in the market place."

That happy prediction was made by Sylvia Porter, a well known business analysis whose syndicated column runs in many daily papers. She also wrote, "Taxes, prices, supplies, quality, research, competition, advertising, salesmanship—all are moving in your favor."

And that comes to pass—and most observers in it and out of business are in general agreement—it will be but for one reason: the working of the supply and demand principle in a free, competitive business world. Due to the unparalleled efficiency of mass production and its equally important ally, mass distribution, practically all shortages have been overcome. Almost everything is available in abundance—as a glance at the advertisements and shelves of stores in every retail field will demonstrate to you. And when that is the case, the consumer is king.

This is true of the free enterprise system only. Every time we make a purchase, we should give that system the tribute that is its due.

GRASS ROOTS OPINION

ABILENE, KANS., DAILY REFLECTOR-CHRONICLE: "The most telling summary of recent history was made a generation ago by H. G. Wells, British novelist and prophet of social development. He described man's activity as a 'race between education and catastrophe'. He meant that the human race had gained so much knowledge of how to use destructive forces that unless our wisdom grew, we would wreck the world."

CABOOL, MO., ENTERURISE: "The Board of Directors of the Missouri Farmers Association, on behalf of the 150,000 farm families who are members of the MFA have adopted a resolution praising the cooperation of the railroads in helping to carry out the Missouri 'freight-free' drought hay program."

CHISHOLM, MINN., FREE PRESS: "The Constitution of any government, if it is to withstand human corrosion and deceit must contain meat for strength, and bread and salt for stability. Nothings since the penning of our own great Document has ever reached such near perfection. Under its protective wing, men and women of all races and creeds have found nourishment and life."

ALL THAT PERTAINS TO LIFE AND GODLINESS

Seeing that his divine power hath granted unto us all things that pertain unto life and godliness, the knowledge of him that called us by his own glory and virtue." (11 Peter 1:3)

The Lord has not granted unto us the use of instrumental music in the worship of the church. But he hath granted unto us all things that pertain to life and godliness. Therefore, instrumental music does not pertain to life and godliness.

The New Testament is the supreme authority in questions of religion. Nothing can be settled in a manner pleasing to God except it be settled by this supreme authority. What I like or enjoy is not to be considered. What I think about a matter carries no weight at all. What the Bible says concerning religious questions is the only important thing.

Jehovah intended for the New Testament to be our guide in religion. Jesus said in John 16:13, "Howbeit when he, the Spirit of truth, is come, he shall guide you into all truth." The Spirit taught and guided the apostle Paul because he certified the gospel that he preached and said, Galatians 1:12, "For I neither received it of man, neither was I taught it, but by revelation of Jesus Christ." Paul was guided by the Spirit of truth when he wrote to the faithful brethren in Christ at Colosse, Colossians 3:16, "Let the word of Christ dwell in you richly; in all wisdom teaching and admonishing one another with psalms and hymns and spiritual songs, singing with grace in your hearts unto God." Paul certified that his gospel was not after men. (Gal. 1:11). He was guided into all truth. All things that pertain to life and godliness were revealed or granted unto him. If instrumental music is a part of the truth, and if it pertains to life and godliness, and if it can be certified as coming from God and not man, isn't it strange that the apostle had nothing to say about it in all his writings.

MUNDAY CHURCH OF CHRIST

 CLIFFORD WILSON, Evangelist

Col. George M. Bailey, who for years was editor of the Houston Post, in 1923 wrote an eloquent tribute to Abraham Lincoln:

ABRAHAM LINCOLN
 Born Feb. 12, 1809
 One hundred and fourteen years ago, according to the vague records of the event, Abraham Lincoln was born.

A child of the Southern wilderness, his character was molded and wrought in an environment of loneliness, sorrow and privation. His heart bled from early youth until the weeping skies of a sad April morning in '65 it was drained of its last crimson drop.

The joys of the world never knew him, to happiness he was a stranger, life's burdens clung to him with ever-increasing weight until death struck them from his tired shoulders.

The great duties that came to him were duties of pain and sorrow, the triumphs he won were triumphs that crushed his soul with grief.

Looking back upon his strange career, it almost seems as if the man stalked across the stage of life with a crown of thorns upon his brow, bearing a cross to his Calvary, beholding the world through a mist of tears.

He loved his country unselfishly.

ly and with unflinching faith. His spirit knew neither malice nor hatred, no impulse of vengeance ever sought refuge in his bosom. He was gentle of speech, sympathetic, charitable, compassionate, patient, tender, brave.

Destiny made him the broken-hearted commander-in-chief of an embattled nation turned against his native South, duty drove him through the tragic ordeal, and at the end fate struck him down and left even his estranged kinsmen bowed and dumb above his prostrate form.

History reveals no counterpart of Abraham Lincoln. In body, heart, soul and mind, as well as in the fateful career that God marked out for him, the world has had no other like him among all its sons who have led mankind from Eden to Versailles.

The pyramids in time may sink beneath the desert sands, the temples of earth crumble in the dust of ages, the fame of the Caesars vanish in the darkness of oblivion, but surely so long as the race endures it will behold in the familiar figure of the martyred son—strange, gaunt, silent, colossal, with agony written in the lines of his kindly face and love glowing in his wistful eyes—the saddest, gentlest and most pathetic figure in all human history.

REMEMBER WHEN?—80-year-old W. W. (Uncle Billie) Aiken, publisher of the *Crockett Courier* for the past 56 years, can remember Texas Press Association conventions as far back as 1891. But he didn't attend the one at Corsicana and has his picture made—like the old-timers in the gold-enframed photo above. Calling to other TPAers to "come look"—during a recent TPA meeting in Austin, were (left to right) Uncle Billie; Mrs.

L. B. Smith, wife of the publisher of the *Brady Standard*; Mrs. Arthur H. Kowert, wife of the president of TPA, who publishes the *Fredericksburg Standard*; and Mrs. Roy M. Craig, whose husband is publisher of the *Stamford American*. Historical photos of members of the press will be featured in the Diamond Anniversary issue of *The Texas Press Messenger* in June.

1891 TPA Picture Stirs Memories Of Pioneer Texas Newspapermen

A far cry from the clean-shaven, sports-collared newspapermen of today were those gentlemen of the press of 1891.

Their pictures, enframed in antique gold, were on display at the 1954 Mid-Winter meeting of the Texas Press Association held recently in Austin.

The picture was the first reminder of the TPA Diamond Anniversary observance to be celebrated this year. It will be highlighted by a 75th birthday convention in Fort Worth, June 18-19, and by a Diamond Anniversary edition of *The Texas Press Messenger* the same month.

Bearded and bow-tied, high-collared and sometimes mustache-waxed were the press pioneers who attended that TPA convention in Corsicana May 12, 1891.

The interesting picture, arranged in an oval shape, showed some 80 old-time newspaper editors and publishers. In the center was a larger picture of their president, Juan S. Hart.

Hart, who retired later to enter, very successfully, the mining business, was a gifted public speaker and long-time owner of *The El Paso Times*.

Battleground Discussed

Elected to succeed him at the 1891 convention was J. F. Mitchell, known as one of the ablest writers in the state at that time and publisher of *The Greenville Banner*, one of the best weeklies of the day. The *Banner* now is published as a daily by the Houston Harle interests.

Mitchell was strong for the editorial page, which, in those days, resounded of crusades and fine writing. If there was too much matter for his newspaper, he would leave out the leading news item of the week rather than an

editorial paragraph. Mitchell died in 1901.

Texas Press Association members were in session for the twelfth time at the 1891 convention. During the business meeting, a committee was appointed to memorialize the legislature in behalf of a movement to have the state purchase the San Jacinto battleground and make it a state park. On the committee were such distinguished old-time press members as Judge A. B. Norton, *Dallas Intelligencer*; W. A. Fields, *Hillsboro Reflector*; R. M. Johnston, *Houston Post*; A. C. Scurlock, *Cleburne Chronicle*.

Newspapers represented at the convention and still publishing under the same masthead today were *El Paso Times*, edited by J. S. Hart; *Greenville Banner*, J. F. Mitchell; *Huntsville Item*, F. B. Robinson; *Galveston News*, H. Stewart; *Rockwall Success*, H. W. Mansson; *Gatesville Star*, J. D. Nall; *Hallettsville News Era*, William Blakeslee; *Corrigo Springs Javelin*, P. M. McCaleb; *Carthage Watchman*, T. E. Bolen; *Center Champion*, R. S. Bryarly; *Marshall Messenger*, W. A. Adair; *Dallas News*, George M. Bailey; *Iowa Park News*, D. C. Kolp; *Palo Pinto Star*, J. C. Son; *Baird Star*, W. E. Gilliland; *Austin Statesman*, C. A. Edwards; *Alvarado Bulletin*, F. B. Baillio; *McKinney Democrat*, F. C. Thompson; *Dangerfield News*, J. F. Robinson; *Jacksonville Banner*, J. E. McFarland; *San Antonio Light*, T. B. Johnson.

Just as today, many of the Texas publishers brought their families with them to the TPA meeting. In the 1891 picture were nine women and three children. Many of the wives helped their husbands, even then, on the small-town newspapers. Thirty-three women

are owner-publishers in their sole right in Texas today, and many more help their husbands in printing offices.

Excursion Taken

It was common practice in the old days of TPA conventions for the newspapermen to take an excursion after the meeting adjourned. They were known to travel as far as California, Mexico City, St. Louis, New Orleans, New Jersey, Denver, and Chicago on special trains.

In 1891 the group of bearded editors took a short trip only, traveling from Corsicana to San Antonio, as guests of the citizenry. From there they visited Rockport and Aransas Harbor, upon special invitation of Governor T. B. Wheeler.

Pleasure trips, such as these excursions, are not on the agendas of the TPA conventions today. Meetings are devoted to business discussions and educational speeches. Very few trips are made. Those which are taken are usually to industrial plants, military establishments, newspaper offices and educational institutions.

This year, for example, a tour was offered convention goes at the Mid-Winter meeting the day before the convention officially convened. Members were escorted through the new plant of the *Austin American-Statesman*.

Speakers at the 1954 convention were such outstanding men as Palmer Hoyt, publisher of *The Denver Post*; Attorney General John Ben Shepperd; and Dr. George S. Benson, president of Harding College at Searcy, Ark.

Presiding over the sessions were TPA President Arthur H. Kowert, publisher of the *Fredericksburg Standard*, and Vice-President W. R. Beaumier, general manager of the *Lufkin Daily News*. More than a dozen other Texas newspapermen took an active part in the one-day program held in Austin in January of this year.

Fable: Boy With Sticks

A FABLE about a boy with a bundle of sticks he wanted to break has its meaning for today's home craftsman. Unable to even bend drawer bottoms to the shape he asked for, he asked for advice. His father told him to break each stick separately.

The beginning home handyman too often feels he should buy numerous tools and much material. Doing so often is frustrating, so the experts advise him to "take it easy," buying just essential tools and materials and learning their use and application in simple projects.

Lumber dealers are good sources of tools needed in the home workshop, and they can advise the beginner which ones he should obtain first. They can tell him also about basic materials to have on hand. Among these is Masonite Tempered Presdwood, an all-around panel that wears like iron, is free of splinters, knots and grain, and is low in cost.

Getting back to the fable, the handyman needn't buy even a 4 by 8-foot panel for his beginner's project, for his dealer usually has short lengths available, and their price usually is a bargain. Gaining confidence in the use of a few fundamental hand or power tools, the home craftsman can make a success of his initial undertakings and then branch out to build an under-stairs project, line the old coal bin, and build some basement or kitchen cabinets.

He'll do well to break just a single faggot at a time.

Mr. and Mrs. Charles McCaulley visited her brother, J. Bryan McCullum, and family in Wichita Falls last Saturday.

Many Thanks

Having sold my interest in K & K Cleaners to Joe Bailey King, I take this method of expressing my sincere thanks for your patronage through the years. It has indeed been a pleasure to serve you and to come to know you better as friends and customers.

I solicit your continued patronage for Mr. King, who will continue to serve you as well as we tried to do under the partnership.

All accounts receivable under the partnership are now payable to Mr. King at the tailor shop. Thanks again for your patronage through the years.

Jerry Kane

Announcing CHANGE in OWNERSHIP

This is to announce that Joe Bailey King has bought the interest of Jerry Kane in the K & K Cleaners, and will continue to operate the business under the name of King's Cleaners.

We want to thank you for the splendid patronage you gave the partnership, and we solicit your continued business. Our aim will be to give you the best service possible at all times.

TO MODERNIZE SHOP

We plan to remodel our building and completely modernize the shop as time permits, adding new equipment and machinery so we may give you better service.

This will be done gradually, as we plan to continue to operate while this work is under way, but eventually we hope to have one of the most modern shops in this area.

Bring us your tailor work for quick and complete service.

gas is used in a home during a winter month than in a summer month. Won't you please remember this when paying gas bills during the next several weeks?

Lone Star must maintain lots of reserves and extra machinery to meet your peak winter requirements.

And, as you know from weather bureau figures, over most of area served by Lone Star, January and December had considerably more heating weather than the same months a year ago.

We believe

our customers appreciate the fact we were one of the last to raise our price or rate. Rate was reduced in 1942. So the one raise made last year added very little more to the price charged during depression years. The average year around cost in average home is still about 16 cents per day.

Knox Prairie Philosopher Claims He And The Diplomats Using Same Methods For Attacking Problems

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek no doubt is making excuses again this week, excusing being one of the main products from his farm.

Dear editor:
It's a long ways from my Johnson grass farm out here on the creek to the Big Four meeting in Paris, but I have been following the methods used not only over there but in other international sessions lately and I'm surprised to find the diplomats have adopted my system of operating almost 100 per cent.

As I understand it, no international conference is ever held without first holding a few preliminary meetings to discuss what is gonna be discussed at the main meeting. For example, they've been holding meetings in Korea for months tryin to decide what would be proper to talk about in case they got together to hold a main session. And what the Big Four Conference decides is not something affectin the course of history but only something affecting the next meeting of the Big Four.

A lot of people criticize this system. But I don't. It's the system I've been employin in my farmin operations out here for years.

For example, some farmers wake up some morning in the spring, jump out of bed, put on their clothes, grab a bite to eat, get on their tractors, and start plantin. I don't. I've got my farmin up on the international level and I wouldn't any more think of plantin without first reflection for months or even years than Sec. Dulles would think of gettin on the phone and talkin direct with the President of France. Sec. Dulles and I don't both know you've got to slip up on these difficult decisions, you don't just blurt out your opinion or crank up a tractor without the necessary preliminaries.

Now I'll admit that under this system you don't get much farmin or diplomacy done, but the kind of farmin I do and the kind of diplomacy generally done, the world is about as well off without anyway.

I've been in preliminary conference with myself now for years over whether to put a ten-

J. A.

acre patch of my land in cultivation, and I figure I've saved several barrels of gasoline, several gallons of oil, and the covers of several pairs of trousers by approachin the problem in a diplomatic way. I've got a saggin gate out here I've been speculatin about fixing since 1929, and I've been in preliminary conference over a two-wire fence between me and my neighbor since 1933. You don't get many gates hung or fences repaired this way, but like an international problem, the problem is sometimes better to have around than the decision on how to solve it.

In fact, diplomatic farmin is one of the nicest systems I've ever hit on for my personal comfort and well being. Whether agricultural diplomacy has had the

Wish I'd Said That

You know Miss Perkins. Well, she's been driving her own car around our town for a little more than 30 years.

The other day she had a bit of trouble parking down on Main Street. Didn't quite make it the first try, so she pulled out to start over when a fellow waiting to pass started tooting his horn impatiently.

On the second try, she was still having a little difficulty and so this smart aleck hollered, "Lady, do you know how to drive?" "Yes, young man," Miss Perkins answered, "I do. But I don't have time to teach you now."

From where I sit, it's not always easy to have a good answer ready when you need it. But when somebody insists that I vote for his candidate, for instance, or choose tea instead of a temperate glass of beer with dinner, I know the answer. It's all a matter of personal preference... and none of us like "backseat driving" from anybody.

Notes From Knox Farms, Ranches

By W. J. Bryan, Knox County Agent

Did you know that for every dollar's worth of vegetables you buy approximately sixty cents goes for transportation and handling? Why not raise your own vegetables and get one hundred cents value on the dollar. Not only does a good home garden represent a saving to the family budget, but it serves as a source of supply for garden-fresh vegetables of unsurpassed quality. In addition it supplies these top quality vegetables in the quantity needed without having to worry about cutting down on consumption because of high prices. For these benefits and for many others, let's all make plans now to "Garden More In '54". Remember good gardens

are not made by resolution but are a result of forethought and followthrough on the part of the gardener.

FOR A SUCCESSFUL HOME GARDEN IN 1954:

1. Plan the garden in advance—it is better to have it on paper but at least have a complete plan of procedure in your head.
2. Keep it small—don't let the garden fever influence you to plant more than you can properly care for.
3. Don't plant everything at one time—this causes over production for a short time and then the supply is gone. By making a succession of plantings you can enjoy top quality vegetables for a much longer period of time.
4. Don't plant a variety of kinds of vegetables—a well balanced garden should include at least 10 to 12 different vegetable crops. Don't get in a rut—there are about 32 garden vegetable

crops that are commonly grown in Texas so why not try at least one new vegetable each growing season.

5. Have the materials on hand that will be needed in the production of a successful garden such as commercial fertilizer, insecticide (an all-purpose garden dust or spray), seed treating chemical and inoculation for peas and beans.

6. Plant only the varieties of vegetables that have been tried and proven adapted to your area.

Mrs. S. E. McStay left last Saturday for a short visit with her sister, Mrs. Cynthia Newton, in Amarillo.

Mrs. J. J. Keel visited her daughter, Mrs. Dewey McDonald, and family in Midland several days last week.

Miss Leona Keel and Miss Christine Burton were visitors in Abilene last Thursday.

Under-Bed Toy Box

TOY storage is a constant problem in the home with children—particularly following Christmas and birthdays, when the supply is increased. Having a convenient, yet out-of-the-way, storage box gives the child excellent training in putting away his belongings and gives Mother a big lift, too. Under-the-bed storage is excellent, especially when the box has casters for easy removal and a lid

to keep out the dust. Such a box, as illustrated, may be constructed in the home workshop of materials carried by lumber yards.

Required are suitable lengths of 8-inch x one-half inch lumber for the back and two sides of the box, a front of 1" x 10" lumber, sufficient Masonite 1/2" Tempered Presswood for the bottom and top, casters, hinges and bolts and nuts to attach them.

The wider piece of lumber on the front improves the appearance of the box when it is under the bed. Prime and paint the box in a color to match the furnishings of the room.

Safety Council Urges Motorists To "Make Courtesy Your Code Of Road"

CHICAGO—To make courtesy a byword on every byway of the United States is the aim of a national traffic safety campaign to be launched March 1.

The American motorist, who so often is an Emily Post as a host but a heel at the wheel, will be asked to "Make Courtesy Your Code of the Road."

Three national safety organizations have joined forces for the program, which translates into practical action one important goal of the recent White House Conference on Highway Safety—the improvement of driver attitudes.

The three cooperating organizations are the Inter-Industry Highway Safety Committee, an organization of automotive and allied industries, the National Committee for Traffic Safety, and the National Safety Council.

"The real solution to the highway safety problem lies in the mind of the individual," said W. F. Hufstader, chairman of the Inter-Industry Highway Safety Committee. "And we must reach the individual's mind while he is at the wheel of his car."

To reach drivers in their trav-

el environment more than in their better-behaved social or home environment, the campaign plans to climb into the driver's seat.

A dash sticker will serve as a constant reminder inside the vehicle. A bumper sticker in bright fluorescent yellow and black not only identifies a supporter of the program but reminds other drivers that "courtesy is the code of the road." A calendar card setting forth the seven-point courtesy code can be kept handy in wallet or license case.

"The person who drives by the golden rule will never have a serious accident," said Ned H. Dearborn, president of the National Safety Council. "Safe driving is a moral responsibility and a daily demonstration of decent and moral conduct."

That concept of moral responsibility is embodied in the code of the road, which asks every motorist to—

1. Share the road by driving in the proper lane.
2. Allow ample clearance when passing.
3. Yield the right of way to

other drivers and pedestrians.

4. Give proper signals for turns and stops.
5. Dim his headlights when meeting or following vehicles.
6. Respect traffic laws, signs, signals and road markings.
7. Adjust his driving to road, traffic and weather conditions.

The three organizations conducting the campaign hope to achieve widespread use of the slogan and the reminder materials through business and industrial distribution to employees, community organizations, automotive services, trade associations, schools and churches.

"No one likes to be told he is impolite," said Judge Alfred P. Murrah, chairman of the National Committee for Traffic Safety. "It therefore becomes necessary for everyone to adopt courtesy as his own code of the road and live up to it. Courtesy extended by one driver to another can spread—it can become an epidemic—for courtesy is contagious!"

FORT WORTH—Cattle trade was slow and prices were uneven through the list at Fort Worth Monday. Most sales indicated prices about steady with last week's close on cattle. Calves were slow and steady to weaker, the some definitely lower prices noticeable on common to medium sorts of slaughter calves. Stocker and feeder trade was rather poorly tested, and prices were around steady.

Butcher hogs sold steady to 25 cents lower and top hogs topped at \$26 to \$26.25. Sows drew fully steady prices.

Trade in the sheep barns was again slow and very uneven. Some spots were weaker on slaughter lambs, with instances 25 to 50 cents lower, and some other sales of slaughter lambs appeared fully steady with prices in effect late last week. The

trade was strong on feeder lambs and yearlings and older sheep were fully steady. Woolled lambs topped at \$21 and shorn slaughter lambs sold at \$18.50 down. Feeder lambs ranged up to a \$19 top.

Good and choice butcher steers and yearlings cashed at \$17 to \$22.25, some steers at \$22.25, averaging under 1,000 pounds. Medium and lower grades sold from \$12 to \$17.

Fat cows sold from \$10.50 to \$12, a few higher and canners and cutters drew \$7 to \$11. Bulls sold from \$10 to \$14, odd head above and below that level.

Slaughter calves of good and choice grades scored \$16 to \$19, a few fancy kinds above \$19. Common and medium offerings sold from \$11 to \$15 and cull sorts drew \$9 to \$11.

Medium, good and choice stocker and feeder calves, yearlings and steers were reported from \$14 to \$18.50, with choice load lots quotable above that bracket. Stocker cows cashed at \$10 to \$13.50.

Good and choice butcher hogs weighing 190 to 250 pounds cashed at \$26 to \$26.25, and lighter and heavier weights cleared at \$24.50 to \$25.75. Sows drew \$21

to \$24.

Good and choice woolled fat lambs sold from \$19 to \$21, and good and choice shorn fat lambs sold from \$17.00 to \$18.50. Slaughter lambs of cull, common and medium varieties sold from \$10 to \$16. Stocker and feeder lambs drew \$15 to \$19. Medium and good slaughter yearlings and two's sold from \$11

to \$14. Old wethers drew \$9 to \$11. Slaughter ewes cashed at \$6.50 to \$9. Old bucks sold mostly around \$4 to \$5.

Mrs. Bill Morris and son, Gwin, were week end guests in the home of her parents in Gordon.

Mrs. T. G. Bengé was a visitor in Abilene last Sunday.

To Straighten Studs
STRAIGHTENING a stud already in place on the wall of a building may be accomplished by following the illustrations and the information in this column. The

method is prescribed by American Builder, authority in the field of home construction. Cut several V-notches into the 2 by four, going about half way through. Have someone help you by pushing in on the stud from the cut side while you nail on a short piece of 2 by 4.

**Dr. Wm. Ponder, Miss Jacqueline
Bryant United In Marriage Jan. 30th**

MRS. WILLIAM E. PONDER

Aldersgate Methodist Church in San Antonio was the scene Saturday evening, January 30, of the marriage of Miss Jacqueline Bryant, daughter of Mr. and Mrs. Jack Bryant, to Dr. William E. Ponder, son of Mr. and Mrs. Earl R. Ponder of Munday.

Officiating at the double ring ceremony was Rev. Ralph Seiler, Harold Y. Walker of Dallas sang "Because," "I Love Thee" and "The Lord's Prayer," accompanied by Mrs. Charles Deschner.

The bride chose a gown of white satin and tulle. The satin bodice was fitted and featured a

portrait neckline formed by tucks of tulle outlined with satin leaves. The long satin sleeves ended in petal points over the wrists. The very bouffant tulle skirt, appliqued with satin leaves and pearls, fell from a v-waistline to floor length and was finished at the hem with a flounce of pleated tulle. A tiny half-hat of satin leaves held her fingertip veil of bridal illusion, and she carried a cascade bouquet of stephanotis centered with a white orchid.

Attending as maid of honor was Miss Hazel Turner, and Miss

Linda Bryant was her sister's bridesmaid.

Olen King of Haskell served as best man. Scotty Ponder of Lubbock was groomsman and the ushers included Dan Ponder of Denton and Ronnie Seymour of San Antonio.

Following the ceremony, a reception was held in the fellowship hall of the church. Miss Betty Kacol was in charge of the bride's book. Misses Catherine Cole, Sandy Hedke, Ruth Farlinger and Norma Davenport assisted in serving.

Out of town guests included Mr. and Mrs. E. R. Ponder and Dick of Munday.

**Weekly Health
LETTER**

Issued by Dr. Geo. W. Cox,
M. D., State Health Officer
of Texas

AUSTIN—Spring arrives officially on March 21, and that's just 38 days off

And what does the advent of spring signify other than love, Easter, and things bustin' out all over?

It means an increase in the housefly hazard, obviously, since each female fly lays some 120 eggs at a time, and since a new generation is produced every ten days at spring and summer temperatures.

Thus, the progeny of a single pair can run into millions. If they all lived, feeding on filth and spreading disease to humans.

"That's why," State Health Officer George W. Cox points out "whole colonies of flies are wiped out before they're hatched, every time a householder kills a single fly."

Spring also means greater roach activity in homes, making it necessary that thorough spraying of all cracks, crevasses, corners, and cupboards be made a part of the housewife's cleaning

ritual.

Spring weather means rats will be ranging father from their winter haunts, creating the possibility of plague, typhus fever, infectious jaundice, and trichinosis.

But homes can be ratproofed by removing rubbish and garbage accumulations and closing avenues of entrance. Approved poisons and traps are available for use where serious rat problems exist.

Spring means increased mosquito breeding in the stagnant water in tin cans, barrels and tire casings. By merely getting rid of those discarded odds and ends the householder can reduce the mosquito nuisance this summer.

Spring is the time for checking and repairing window screens and acquiring leak-proof garbage cans with tight lids.

It's the time for thorough, community-wide housekeeping in preparation for the pleasurable life of the new season which begins just 38 days from today.

KNOW YOUR COTTON SEED

"Beware of Greeks who come bearing gifts!" And while you're at it, beware of slick-talking cottonseed salesmen who make extravagant claims for their products.

This word of advice is offered to Texas cotton farmers who are apt to be swayed into buying inferior cotton seed this season. Complaints already have reached the Texas Department of Agriculture about poor quality seed offered from some out-of-state sources.

Some of the seed is listed as "certified" by the seller. Several of these cases investigated by the Department failed to reveal deliberate fraud but the seed was three generations removed from the initial certification. Seed from more than one generation removed from certified stock probably will not have all the desirable qualities needed for top production.

Another claim being investigated is on seed reportedly treated with a "secret" chemical guaranteed to kill all cotton pests. It is doubtful if such a "miracle" chemical exists. Research laboratories have been trying to develop one but positive results have not been announced.

The farmer's best bet is to buy cotton seed which has been cer-

tified by the Texas Department of Agriculture. It is also important to know the dealer from whom the purchase is made.

Every bag of seed offered for sale in Texas must bear either a Texas "tested seed" label, a "certified" label or a "registered" tag. These labels are not guarantees of top production, but they do tell the buyer what he can expect in germination quality and bag content.

More than \$15 million worth of cotton seed will be bought and sold in Texas this year. That kind of money is sure-fire bait for attracting unscrupulous operators.

It is especially important in this year of controlled cotton production that the farmer plant good seed. He must take full advantage of every measure that will help him raise more cotton on his reduced acreage. Poor seed is not worth the risk.

There is no such thing as "bargain basement" seed. You will have to pay the price for good seed but the results will be worth it.

Mr. and Mrs. Ray Key of Rocky Ford, Colo., were guests in the home of Misses Bertha and Flora Sweatt from Tuesday until Thursday of last week. They also visited in the home of Mr. and Mrs. Joe Edd Sweatt.

News From The U. S. Congress

Congressman Frank Ikard

So far, there has been little important legislation considered by the House during this session of Congress. Most of the work now is being done in the Committees in which hearings are being held on bills that have been introduced, and legislation generally is being studied and readied for debate on the floor.

One of the committees on which I serve, the Military Operations Committee, has been holding extensive hearings since the first of the year. In these hearings, we have dealt with the progress that is being made by the Armed Services in developing a single catalog for their supplies. The matter of cataloging to the average person, I realize, is certainly not very interesting, and people generally can't get very exercised over the fact that each branch of the service has a separate catalog for the hundreds of thousands of items that it carries in its inventory and that many of the technical services or departments within one of the branches of the service each have separate catalogs. However, I think it would take only a moment's reflection to realize that each branch of the service, by having different catalogs and different systems of cataloging, has to a great degree, contributed to the duplication of purchases by the Military Services and their failure to make the fullest use of all the items in their inventory. You can readily see that a very common item that is used by each of the services such as

a pair of shoes, if the Army had one way of describing it, the Marine Corps another, and the Air Corps still another, that it could easily lead to a situation where there would be no real way to tell how many shoes were on hand or how many should be purchased. When the day comes that we have a common catalog that is used by everyone in the military and all the items are identified in the same way, we should realize substantial savings, in addition to increased efficiency.

Last year, the Supreme Court by its decision in the Phillips Oil Company case, dealt a serious blow to the oil and gas industry when it, in effect, held that under the Natural Gas Act, the Federal Power Commission has the power to fix the price of natural gas in the field. That is to say, the effect of the decision is to make the gas business a public utility. Since the production of oil and gas are so closely related, they cannot be dealt with independently, and it would seem to follow that if the Phillips decision stands, that the oil and gas business could and probably would be regulated by the Federal Government. On January 18th of this year, the Supreme Court granted a motion for rehearing in this case. There are many dif-

ferent opinions here as to just why the Court took this action. Some say that the Court wants to render a written decision since it did not do so in the Phillips case. Others seem to have the opinion that the Court wishes to have this case before it while considering the Texas Case presently before the Court concerning the State tax on gas gathering. Regardless of this, we can only hope that the Court will see its way clear to reverse the Phillips case and thereby close the door on any possibility of Federal control and regulation of the oil and gas industry.

Visitors from home this week were Mr. and Mrs. Solon Featherston and Miss Junetta Watson of Wichita Falls.

News Of Local F. F. A. Chapter

The Munday F. F. A. chapter was represented at the Oil Belt district banquet at Breckenridge by the following:

Jimmy Morgan, district reporter; Charles Yost, local chapter treasurer; Jerry Bob Goodwin, D. A. Blair, Noble Flenniken, Collis Michels. Others attending were Sue Norvill, sweetheart; Gayle Littlefield, Dianne Hobert and Mr. and Mrs. E. R. Ponder.

J. C. Porter of the First National Bank of Wichita Falls delivered the address. Others who brought short messages were Mr. Holder for whom Bobby Holder Camp was named; J. B. Payne, area supervisor, and Damron Campbell, Area IV vice president.

Honorary Lone Star Farmer degrees were conferred on Floyd Holder. Mr. Porter and Mr. Ponder. This degree is given rather sparingly to people who are friends of the F. F. A., have done outstanding work for the organization or has done an outstanding job of teaching vocational agriculture.

The Munday chapter is busy this week getting ready for the livestock show at Benjamin next Saturday. The chapter has more sheep to be shown than at any other period. The chapter has seven fat lambs to show from its cooperative projects. Other boys who will show lambs are: Larry Don Lain, 3; D. A. Blair, 2; Gene Huckabee, 3; Noble Flenniken, 3; Jerry Bob Goodwin, 3, and Williams Medford, 3.

Collis Michels has three fat barrows to show, and Edward M. Melton, four or five barrows. The chapter has nine calves for the commercial show in April.

RHINELAND MARCH OF DIMES DRIVE A SUCCESS

The March of Dimes campaign has been completed in Rhineland and Mrs. C. J. Albus, community chairman, reports a successful campaign with a total of \$262.37 collected. Mrs. Albus expresses her thanks to all who contributed in any way and especially to those who assisted her in her work in this worthy cause.

Danny Ponder, student in Texas Tech in Lubbock, spent the week end here with his parents, Mr. and Mrs. E. R. Ponder.

Dodge Announces Contest To Mark 40th Anniversary

To draw attention to its 40th anniversary as a manufacturer of automobiles, Dodge has announced plans to launch a nationwide contest which will offer grand prize winners two-week vacations with double their pay and other major awards. J. E. Reeves, local dealer said the contest will run from February 8 until midnight March 29.

A grand prize winner every day for the 40 days the contest will run will have a new 1954 Dodge placed at his or her disposal, including gas, and oil, for the "two weeks away with double pay" period.

In addition to double pay, the grand prize winners will have all their transportation, meals and hotel accommodations paid by Dodge and be given an extra \$500 in cash to save or spend as they please.

The two week vacation for two people, with double pay being based on the one whose salary or wage is higher. Additional prizes totalling \$10,000 will be awarded to other than grand prize winners.

Contestants will be eligible for the contest, Mr. Reeves said, by visiting their nearest Dodge dealer. The dealer will furnish them with an entry blank upon which they will be asked to complete in 25 words or less the sentence: "I would like to take my vacation in a 1954 Dodge because . . ."

The entry blank may be completed and left at the dealership, or taken home by the contestant for completion and then mailed to the contest's headquarters.

ON RADIO PROGRAM

Rev. Antonio Enriquez announced this week that he has started a religious program over station KSEY in Seymour. The program began Sunday, February 7, at 2:30 p. m. and lasts thirty minutes. The program is in Spanish and Rev. Enriquez urges all his friends to listen every Sunday.

Rev. Enriquez is the new pastor of the Latin-American Assembly of God Church in Munday.

Mr. and Mrs. Manson D. Waits of Lubbock visited in the home of Mr. and Mrs. M. L. Wiggins and other relatives over the week end.

Graveside Rites For Bruce Infant Held On Tuesday

Graveside services were held at 4 p. m. Tuesday for the infant son of Mr. and Mrs. Ivan Bruce, who was stillborn at the Knox County Hospital on Tuesday morning. Rev. Doyle Ragle, pastor of the Methodist Church, officiated and Mahan-McCauley Funeral Home in charge of interment.

Besides the parents, the child is survived by a sister, Ivalene; two brothers, Lee and Robbie, and his grandparents, Mrs. Trudie Bruce and Mr. and Mrs. Drew Morrow, all of Munday.
