## Legal Notice

### NOTICE

Notice is hereby given, that at a meeting of the Board of Commissioners of Knox County Drainage District Number One had on November 19, 1956, at their regular meeting place, said Board of Commissioners ordered that bids be received by said Board of Commissioners on December 10, 1956, at 7:30 P. M., at 603 Munday Avenue, in the City of Munday, Texas, for the leasing for mineral development the following described land belonging to said Knox County Drainage District Number One, to-wit:

Being 4.2 acres of land out of a 150 acre tract of land, said 150 acre tract being out of and a part of the Samuel Washburn Survey in Knox County, Texas, said 150 acre tract described as follows: BEGINNING at the S. W. Corner of the W. A. Cartwright land, for the S. E. Corner of this 150 acre tract; THENCE North 1257-1/2 varas to corner; THENCE West 675-1/2 varas to the N. W. Corner of this tract; THENCE South 1257-1/2 varas to the S. W. Corner of this tract; THENCE East 674-1/2 varas to the place beginning, and the 4.2 acre tract belonging to said district and being out of said 150 acre tract, described as follows:

BEGINNING at a point in the W. B. L. of said 150 acre tract and at a distance of 203.6 feet South of the Northwest corner of said 150 acres; THENCE South 54 degrees E. 1820 feet to a point in Lake Creek; THENCE South

My father had a sense of humor.

One day, a lady stepped on the scales in his grocery store in Brownwood. He was standing behind her and he put his foot on the scales. The weight indicated caused the lady to be astonished and the bystanders were amused.

My father also had a bit of a temper.

We got off a train in a small town and he asked the hack-driver to take us to the leading hotel. The man drove to the square, which was two or three blocks away, turned around, drove back to the depot, crossed the railroad tracks and said, "There you are."

My father's vocabulary was very expressive.

Traveling with him was an adventure for his little son. On one occasion, we got off a train rather late at night and walked two miles to an inland town. The air was cool and our pace was brisk. The sky was powdered with stars. I wasn't tired and sleepy but was filled with the sheer joy of being alive.

Another time—it might have been that same trip, we went to the railroad station, which was closed. There were no other passengers. It was at night. My father had me gather paper and a few scraps of wood, which he piled on the track. In the distance, the headlight of the train could be seen. My father drew a match and lit a bonfire. The town was a "flag stop" and this

123.6 feet; THENCE North 54 degrees West a distance of 1820 feet to a point in W. B. L. of said 150 acre tract; THENCE North 123.6 feet to the place of beginning, in S. B. L. of State Highway right of way.

At which time bids will be received for the leasing of said above described land for mineral development, in all things in conformity with the provisions of Article 5421 p. of the Revised Civil Statutes, fifth pooling provisions, and with such other restrictions and provisions as said Board may determine at such hearing, and after this notice has been published for three successive issues in the Munday Times, a newspaper published in said County.

This notice is given in conformity with said order, and as directed by said Board of Commissioners.

R. D. Atkison  
President of Board of Commissioners of Knox County Drainage District Number One. 18-3tc

was the way he flagged the train. It was fun to be with my father. He died when I was 12.

Many years ago, there was a financier in a Texas city who, so the story goes, wanted to appear poorer than he was—maybe it was to avoid taxes or to conceal assets from a partner. He called in two long-time employees and entrusted each of them with a million dollars to hold for him. Several months later, he called them into his office again and said, "All right, I'll take back my \$2,000,000." The employees looked at him and at each other and one asked, "What \$2,000,000?" And the other echoed, "Yes—what \$2,000,000?"

So they lost their jobs, good ones, too; must have been drawing at least \$250 a month each.

## LOCALS

Nolan Morgan, who is attending SWSTC in Weatherford, Okla., visited his parents, Mr. and Mrs. Edgar Morgan, during the Thanksgiving holidays.

Miss Carol McLaughy accompanied the Harold Beck family of Lubbock to Oton last week end where they visited in the home of

**BLOOD "EXPANDERS"** and albumin—a plasma derivative—stored in the Federal Civil Defense Administration's stockpiles would be indispensable after a large attack to supplement limited supplies of whole blood for millions of casualties in first aid stations such as above. For example, 5,000,000 casualties would require an estimated 7,500,000 pints of whole blood, 2,000,000 bottles of albumin and 5,500,000 bottles of blood "expanders" during the first three weeks after attack. By mid-1957, FCDA expects to have enough blood derivatives and plasma volume "expanders" stored to provide for 4 1/2 million casualties. (American Red Cross Photo)

Mr. and Mrs. Lewis Clark and family. The Clarks are entertaining a new son at their home.

Bobby Trainham spent the Thanksgiving holidays with his parents, Mr. and Mrs. Edd Trainham in Holiday.

The Ferman Dowd family were business visitors in Wichita Falls on Friday of last week.

Coach Eugene Parker visited with his wife and little son in Freeport over the holidays.

Mrs. Ray and Mr. and Mrs. Ritchie accompanied them home for a few days visit.

Alvis and Gale Petty visited with friends in Gilly, Texas, over the week end.

Mr. and Mrs. Glen Beach and three children are now making their home in Seymour where Glen is operating a filling station.

**GUILD MEETING IS HELD MONDAY NIGHT**

The Wesleyan Service Guild met Monday night, November 26, at the First Methodist Church for the continuation of the study on southeast Asia. Roll call was answered by giving an article on some of the countries that had been studied.

Mrs. H. R. Hicks was secretary for the meeting. Fifteen members were present.

**Notes From Knox Farms, Ranches**

By Roy England, Knox County Agent

Herbert Partridge has just completed harvest and marketing of five acres of Sweet Potatoes on his irrigated farm in the Sunset community. He reported a yield average of 150 bushels per acre, with more than 50% number ones. Marketing was very successful and he obtained \$3.50 per bushel.

An empty building in Benjamin was used for storing and curing, and all the slips are being kept there for spring planting.

The loose, sandy soils in Knox County are ideal for sweet potato production and a late crop of sweet potatoes will normally find a ready market. This year, Herb transplanted his slips in late June, on land that had just produced a crop of wheat, and harvested the potatoes immediately after

**CARD OF THANKS**

The visits, lovely flowers, many cards and their expressions of kindness during my illness shall be gratefully remembered from the depth of my heart. I thank you, and may God bless each of you.

Mrs. Lloyd Stewart. Itc

the first frost in November.

A Brucellosis (Bang's Disease) control program is now underway in Texas and 500,000 doses of Strain 19 Brucella abortus vaccine are now available to Texas cattlemen. The only costs to be borne by the cattlemen are for services of an accredited veterinarian in administering the vaccine. This disease causes a great reduction in calf crop, a 20% reduction in milk flow, Undulant fever in humans, and a loss of markets for breeding and stocker cattle from Texas.

**LOCALS**

Mr. and Mrs. Kenneth Phillips of Dallas visited his mother and brother, Mrs. Ellie Phillips and Murry, and with her parents, Mr. and Mrs. Sam Hampton in Goree, over the week end. Mrs. Phillips and Murry returned as far as Fort Worth with them for several days visit with relatives there.

Mr. and Mrs. Joseph Borden and little Joe of Mildland came in last Saturday afternoon for a week's visit with their parents, Mr. and Mrs. P. C. Phillips and Mr. and Mrs. J. C. Borden, and other relatives and friends.

**P-TA Meeting Is Held November 27**

The Munday P-TA held its first meeting Thursday, November 22, in the school lunch room with approximately 50 teachers and parents attending.

Mrs. Don Combs read minutes of the executive meeting, which recommended that a gavel and president's pin be purchased for the presiding officer and passed on to her successor, and that a service pin be presented each outgoing president.

Mrs. F. W. Pape called for reports from other communities and the safety and civil defense committee recommended that a junior safety patrol be organized to aid children in crossing the street; 2. that a sign be posted in the walking lane to keep cars from parking, stopping and backing into the lane during school hours; 3. to work toward driver's education in the school; 4. that a first aid course be taught in the community, and then a mock tornado alert be held. Committee members are Mrs. H. D. Matthews, Jr., Mrs. Doris Dickerson and Mrs. J. D. Gillespie. Mrs. Matthews asked that anyone willing to help on these objectives to contact one of the committee.

Mrs. J. H. Bardwell appointed a committee to work with her on the library.

Mrs. Mauryse Blacklock's fourth grade won the room count.

Guest speaker was Rev. Robert H. Lloyd, who spoke on "We, the People, Give Thanks for our Schools."

The next meeting will be in February, when father's night will be observed.

Homer Belcher of Dallas, Miss Eunice Belcher of Olney and Miss Patsy Montgomery of Seymour visited Homer's parents, Mr. and Mrs. Irey Belcher, and family recently.

Mr. and Mrs. James Amerson of Abilene spent last Thanksgiving holidays with their parents, Mr. and Mrs. J. H. Amerson and Mr. and Mrs. Hugh Eubanks

#### OVER FOUR MILLION TONS

Feed manufacturers doing business in Texas sold 4,053,139 tons of commerial feed during the State fiscal year ending August 31, 1956, according to F. R. Brock, chief of the Feed Control Service.

The fiscal year just closed is the fourth in the 50 years of operations of the Feed Control Service in which annual commercial feed sales have been above 4 million tons.

An all-time high was the sale of 4,405,676 tons in 1951-52. Other record years were 4,117,344 tons in 1952-53 and 4,080,139 tons in 1954-55.

Records of the Feed Control Service show about 1,700 commercial feed firms did business in Texas during 1955-56. About 400 of these firms have their headquarters outside of Texas. Several firms have registrations covering as many as 150 different feed formulations.

Tonnages of feed sales reported to the Feed Control Service do not include the volume fed to livestock and poultry by farmers who process and use the feed they grow. Such feeds are exempt from the provisions of the Texas feed law.

Mr. and Mrs. Don Combs and Luann visited relatives in Plainview over the week end.

Mr. and Mrs. Steve Kubena visited her sister husband, Mr. and Mrs. Gene Teichlemann, in Sager-ton last Sunday.

Mr. and Mrs. Chas Moorhouse visited Mr. and Mrs. David Eiland and Mrs. R. A. Clements in Dallas over the week end.

John Ed Jones of Stephenville was here the first of this week, visiting with friends and attending to business matters.

### Weekly Health LETTER

Issued by Henry A. Holt, M. D., State Health Officer of Texas

AUSTIN—Searching for something to be thankful for in these times of ominous world tensions with the threat of life-taking war?

Look at the Texas State Department of Health vital statistics figures, which show:

Since 1936, infant deaths during the first year of life have dropped from more than 71 per thousand, to less than 30 deaths per thousand today.

During the same period, maternal deaths and stillbirths have been reduced from 6.9 per thousand to less than 0.5 so far this year.

Current indications are that death rates will continue to improve as increased health standards become commonplace throughout Texas. Making Texans health conscious is the king-sized job of many divisions within the State Health Department.

A division concerned, not so much with life and death, but nevertheless dealing with a highly important aspect of Texas health, is the division of Mental Health.

They are responsible for the mental health program of prevention in Texas. Primary focus of the program is on community mental health services, and have been in operation for nine years.

The division operates on the basis of the four commonly accepted levels of prevention in

PERSONAL OR OFFICE USE

BUY THIS REMINGTON RARE OPTIC ADDING TYPE

Low DOWN PAYMENT

mental health. They are:

1. Promotion of knowledge and application of principles of healthy human relationships, especially parent-child relationships;
2. Early case-finding and professional guidance of individuals, particularly children, showing symptoms of emotional disturbance;
3. Mental health clinic services for those persons suffering from minor emotional disturbances or apparent mental retardation, but

not requiring institutional treatment;

4. Short-term hospital care for those suffering from acute emotional disturbances and not requiring long-term institutional treatment.

Consultation and financial assistance is rendered to communities interested in establishing child guidance or mental health clinics.

Over 400,000 Texans viewed mental health films obtained from the film library of the State De-

partment of Health during the last biennium. There are now 363 prints of 133 different mental health films now available for showings in Texas.

While waiting for the glibet gravy to come your way, you might bear in mind that statistics show only part of the story, for even your family happiness at a traditional gay gathering like Thanksgiving is the concern of the State Health Department, which wants to give you cause to be thankful.

**MODERN  
HOMEMAKING**  
RECIPES . . . HOUSEHOLD HELPS

By Julia Hunter  
HOME ECONOMICS DIRECTOR, LONE STAR GAS COMPANY

The broiler of your range affords an adventure in cooking that saves time while producing a delectable meal. All you need to add is bread, a salad and dessert and the meal is complete and

ready to serve. In broiling, as in all meat cookery, low temperature methods are recommended since experiments prove they give less shrinkage and a more tender product. Broiling may be done by either of two methods—full flame broiling or low-flame broiling. Both provide moderately low temperature broiling and render ideal products. Low-flame broiling takes a longer broiling time, but permits use of oven and broiler at the same time.

It is not absolutely necessary to preheat the broiler compartment, but a few minutes should be added to broiling time if the compartment is not preheated. For most broiling the pan should be placed in the compartment so that top surface of the food is 3 inches from the flame. Fish, however, should be 2 inches from the flame. Thick cuts of pork and chicken should be four inches from the flame.

Full-flame broiling: Preheat broiler compartment 5 minutes with heat control at "B" position. Leave control at this position for complete broiling period.

Low-flame broiling: Preheat broiler compartment 5 minutes. If using oven at same time, set

heat control at temperature required for oven cooking. If oven is not in use, set heat control at 350 degrees F.

There's an easy way to clean broiler pans, too. To avoid unnecessary cleaning, preheat the broiler compartment, but do not preheat the broiler pan, for placing cold food on hot metal causes sticking. When broiling is finished, remove food and drain all drippings from the pan. Sprinkle the grid and pan generously with soap or detergent and cover with a wet cloth or wet paper towels. Let them stand while the meal is served, then remove the cloth or towels and wash the grid and pan. It is as easy as washing a dish.

For additional information on broiling foods send a postcard to the Home Economics Department, Lone Star Gas Company, Room 601 at 301 South Harwood, Dallas, 1, Texas.

**RECIPE OF THE WEEK**

Broiler Dinner: Place in cold broiler pan one No. 2 can asparagus. Sprinkle asparagus with 1 tablespoon lemon juice, 1/2-teaspoon salt and 1/4-teaspoon pepper. Place grid on pan and place on grid one center slice pre-cooked

ham, 1/2-inch thick, with fat slashed to prevent curling. Broil 3 inches from low gas flame 6 minutes. Turn ham slice. Place around ham slice 8 canned or cooked sweet potato halves. Brush sweet potato halves with butter or margarine. Continue broiling 6 minutes. Serves 4. Add lettuce wedges with French dressing, a bread and a dessert of fresh fruit and cookies to complete the meal.

Mr. and Mrs. H. B. Stubblefield and Sandra visited M/Sgt. and Mrs. Glenn Ray Morrow in Altus, Okla., over the week end.

Mr. and Mrs. Nolan Phillips visited Mr. and Mrs. Norris Smith and son in Stamford last Sunday afternoon.

From where I sit... by Joe Marsh

**The Kid's Learned to "Take Charge"**

I was down at Buck Benson's store the other day when a fellow came in with a six-year-old boy—obviously his son.

While the fellow was looking over some stuff on the counter, Buck handed a free peppermint stick to the boy, who promptly tore off the wrapper and went to work on it.

The father seemed quite put out about his son's lack of manners and held up his hand to stop him. "What do we say when Mr. Benson gives us something?" he demanded. "Charge it," replied

the kid without hesitation. From where I sit, children aren't the only ones who "repeat things" without knowing what they're talking about. For instance, I'm convinced that many of those who speak out against the old American custom of enjoying a glass of beer after work are just parroting what they've heard others say. It's better to get the facts—then make up our own minds—and permit our neighbors to do the same.

Joe Marsh

### Reception, Tea Given To Honor Mrs. Joe Choucair

Mr. and Mrs. George Salem were host and hostess at a reception and dinner on Sunday, November 18, held in the home of Sied Waheed honoring his brother and wife, Mr. and Mrs. Joe Choucair. Out of town relatives and friends were invited guests.

As traditional to Syrians highly spiced and seasoned food was served to the 76 relatives and friends from Dallas, Paducah, Hamlin, Haskell, Sweetwater, Sulphur, Okla., Levelland and Killen.

Another highlight of the reception and dinner was that for the first time in their lives the five brothers were together. They are

George Salem, Joe and Abraham Choucair of Munday, Kattar Choucair of Key West, Fla. and Sam Salem of Dallas.

**Tea**  
Mrs. George Salem was hostess at a tea on Wednesday, November 21, at the Fellowship Hall of the First Methodist Church introducing Mrs. Joe Choucair to the people of Munday. She has recently arrived from Lebanon as the bride of Joe Choucair.

A mauve Chrysanthemum centerpiece adorned the table matching the gown worn by the honoree.

Lebanese dainties and sandwiches were served to the 76 guests who registered during the tea.

Mr. and Mrs. Wallace Reid and Jimmy visited relatives in Fort Worth over the week end.

### Wait Till Tomorrow!

"MAYBE TOMORROW," their teacher said. Pierre and Nicole wait hopefully for tomorrow to bring them more food, warmer clothes, better schools, improved health—things that Save the Children Federation helps to give thousands of needy boys and girls, without regard to race or creed, in this country and overseas. You can brighten Pierre and Nicole's tomorrow by answering the 25th Anniversary Appeal of Save the Children Federation, 345 East 46th Street, New York 17, New York.

### Beta Chi Chapter Meets Recently At Aspermont School

Members of Beta Chi chapter, Delta Kappa Gamma, met at noon on Saturday, November 17, for a luncheon in the Aspermont school cafeteria. Old Glory and Aspermont members were hostesses.

Luncheon tables, U-shaped, were laid with white. Streamers in shades of orange, brown, and yellow, extending the length of the tables, were centered with low polished bowls of yellow mums. Pyracantha berries and autumn foliage were placed along each table. At the speaker's table was an antique bread tray filled with orchid and bronze chrysanthemums. Miniature turkeys and fall flowers furthered the Thanksgiving idea.

Mrs. Luther Burkett, president of the chapter, presided for the luncheon. Mrs. John P. Ward gave the invocation and Mrs. A. D. Martin introduced Miss Jean Colom, homemaker teacher in Aspermont High School, and her girls who served the meal.

For the business session and program, the group went to the school auditorium. Reports were heard from chapter committee chairmen and the status of three honorary was changed. Mrs. Jack

McGough became an associate member and Mrs. Winston Blacklock and Mrs. W. M. Taylor became active members. Elected to active membership were Mesdames Fay Dunham and Pauline Kieke or Rule; Phil Simmons of Rochester; and Aura Thornton, Haskell.

Plans were made for the Christmas meeting to be held in Haskell, December 9. Initiating the society's study for the year—"Uniting Women Teachers of the world in a Spiritual Fellowship"—Miss Madalin Hunt of Haskell gave an interesting account and showed colored slides of her trip to the state of Washington and to Alaska made while she was attending a convention for educators from all sections of the United States.

Mrs. Mary Martin, Haskell, led the group in singing Delta Kappa Gamma songs to close the meeting.

Thirty eight members from Weinert, Haskell, Old Glory, Knox City, Munday, Benjamin, and Aspermont attended.

Week end guests of Mr. and Mrs. Chalmers Hobert were their daughter, Diane, and three friends, Miss Delle Curtis of Houston, Miss Dolly Inman of San Benito and Miss Jo Ann Allen of Denver, Colo. The girls all attend ACC in Abilene. Mrs. Hobert took them back to Abilene on Monday.

### Former Munday Woman Wins In Bake Contest

Mrs. H. E. (Red) Thompson of Kress was notified last week that she was chosen to compete with the 100 finalists in the Pillsbury 8th Grand National Bake-off Contest. She was advised on Tuesday that the original cake recipe she submitted had been accepted for the bake-off.

She will receive an all-expense trip to New York City in addition to the \$100 "mad-money" to spend as she pleases. She was presented a check for \$100 from the Pillsbury Co. when she was notified her recipe had been accepted for the grand bake-off competition.

The Grand National Bake-Off will be held December 10 and 11 in the ballroom of the Waldorf Astoria Hotel in New York City, where 100 women from all over the United States will bake their original recipes and compete for over \$100,000 in prizes. Only two women in the entire southern district are among the finalists for the grand prize, and both from Texas. Mrs. E. G. Cogswell of Lubbock was the other winner. Winner of the grand prize will

receive \$25,000 cash and a trip to Europe for two. Other top prizes are \$3,000, \$2,000 and \$1,000 in various groups.

Mrs. Thompson, nee Francis Dickerson, daughter of Mr. and Mrs. Elmer Dickerson, said that she mailed in her cake recipe last August, and then forgot all about it because this is the sort of thing that happens to the other fellow, never dreamed that it could really happen to me."

Mrs. Thompson, a tall, extremely attractive brunette, commenting on her slender height, said this is one time she's pleased with it. The women all over the U. S. will be looking for a "tall Texan", and she won't disappoint them.

Mr. and Mrs. Thompson are former residents of Munday and have a three year old, Joe Bob, who is quite confident that Mom will do all right in the competition. He also wants her to bring him a tractor and car from New

York. Both Texas contestants will travel together by plane to New York, leaving December 9. They will be treated to a tour of the City during their three day stay in New York, visiting such high spots as Radio City Music Hall on Sunday, will be guests of the Arthur Godfrey Talent Show, and other places of interest.

### LOCALS

Miss Cora Bell Kuykendall of Benjamin visited Miss Billy Belcher last Sunday.

John Voss and children of Tucson, Ariz., spent several days last week with Mr. and Mrs. J. T. Voss.

Mr. and Mrs. Derald Gray of Hale Center spent last week end with relatives and friends here. Mrs. Gray remained for a week's visit.

### Engagement Of Miss Penny Parks Is Announced

Mr. and Mrs. Lee Alfred Parks of Munday are announcing the engagement and approaching marriage of their daughter, Miss Penny Parks, to Edward Melton, son of Mr. and Mrs. D. A. Melton, also of Munday.

Both young people have attended the local schools and are popular among the younger set.

The wedding is slated for Wednesday, January 2, 1957.

### Mrs. Don Combs Directs Study Club's Program

The Munday Study Club met on Friday, November 23, with Mrs. W. O. Ratliff presiding. The afternoon's subject was "The American Way—Community Service," with Mrs. Don Combs directing the program and Mrs. Gene Thompson as hostess.

In presenting the subject for discussion, Mrs. Combs told how the club had always cooperated in community projects through the years and has sponsored the establishment and maintenance of the public library.

Mrs. R. D. Atkeison presented a paper written by Mrs. G. R. Eiland, giving the history and aims of the library from its organization in 1921 until 1955, when a board of directors was elected representing every civic organization, with two members at large.

Mrs. R. M. Almanrode spoke on "Civil Defense on a Community Level," presenting in detail what a homemaker can be prepared to do in case of disaster.

Col. Steve Marchand of Wichita Falls, civil defense director of this area, spoke to the ladies on what each should do in case we are called on to help in the evacuation of target areas. He said that when the Munday area gets organized a first aid school would be available. Lee Bivins is director of civil defense of this area.

**Knox County 4-H Club Awards Program Is Held Recently At Gilliland School**

A chuck wagon supper honoring the 1956 4-H awards winners of Knox County was held at the Gilliland school on Monday evening, November 19. Present were 97 people, including the winners, their parents, members of the county 4-H Council and several invited guests.

Among guests present were Mr. and Mrs. W. E. Braly of Munday, Judge and Mrs. L. A. Parker of Benjamin, Mr. and Mrs. Omar Cure of Munday and Mr. and Mrs. Walter Trainham of Benjamin.

Club members owe a debt of gratitude to the Knox County Farm Bureau and the Farm and Ranch Club for their generosity and assistance in making the supper a success. These organizations provided the funds and sponsored the event.

4-H members honored for their work during 1956 are as follows: Achievement: Wanda Lou Navratil, Gilliland, first; Edward Moorhouse, Benjamin, second; John Reneau, Munday, and Tony Hobert, Munday, third and fourth. Medals furnished by Ford Motor Co. of Dearborn, Mich.

Clothing: Peggy Jackson, Vera, first; Sherry Cook, Gilliland, second; Marilyn Albus, Rhineland, third. Medals furnished by Coate and Clark, New York.

Boys' Agricultural program: Charles Todd, Truscott, first. Medal furnished by International Harvester Co.

Dress Review: Jan Richards,

Vera, first; Wanda Beth Welch, Gilliland, second; Lynda Navratil, Gilliland, third. Medal furnished by Simplicity Pattern Co., New York.

Leadership: Elise McGuire, Gilliland, first; Maynard Moore, Rhineland, second; Medals furnished by Edward F. Wilson, Chicago, Ill.

Meat Animal Award: Carroll Chowning, Truscott, first; Waylan Jackson and Larry Hutchens, Goree, second and third. Medals furnished by Thomas E. Wilson, Ill.

Food Preparation: Janelle Jackson, Vera, first, Ruby Dain Simmons, Goree, second; Joyce Collins, Knox City, third. Medals furnished by Kelvinator Division of American Motors.

Field Crops: Clarence Decker, Rhineland, first. Medal furnished by Allied Chemical and Dye Corp. Garden: Ronald C. Yost, Munday, first. Medal furnished by Allis-Chalmers Mfg. Co.

Poultry: Skeet McGaughey, Benjamin, first. Medal furnished by Sears-Roebuck Foundation. Soil and Water Conservation: Jerry Bellinghausen, Rhineland, first; William Bellinghausen, Rhineland, second; Vincent Loran, Rhineland, third; Daniel Brown, Rhineland, fourth. Medals furnished by Firestone.

Gold Star Award: Donnie Ryder, Benjamin, first; Wanda Lou Navratil, Gilliland, second.

Medals furnished by Texas Agricultural Extension Service.

**H-SU Students To Speak At Rally**

Six Hardin-Simmons students and one Southwestern Seminary student will present a foreign mission emphasis program at the Mattson Baptist Church, east of Haskell, on Saturday, December 1, at 7:30 p. m., for the Haskell-Knox Associational Youth Rally, announced John Winters, pastor of the Mattson Baptist Church.

At the beginning of the program, conferences on mission work will be held by Richard Fancher and Jose Mendolla, representing Mexico; by Doyle and Joan Purifoy, representing the Philippine Islands; by Jahid Warwar, of Nazareth, Israel, representing the Near East; by Lily Chan, of Hong Kong, representing the Far East; and Sam Choy, representing the Hawaiian Islands. Those assembling will be divided into small groups which will rotate every 15 minutes to another conference.

At the close of the conference periods, the groups will reassemble in the church auditorium for a closing service at which time Fancher will direct the congregational singing, Warwar and Mendolla will give testimonies, Miss Chan will sing and Choy will bring the closing message.

Mrs. Charles McCauley and Marilu are spending several days this week with her parents, Mr. and Mrs. Bryan McCollum of Mertens.

## \$2 Million Dam—

(Continued from Page One)

water for all the cities, providing a sizeable saving in operating expense.

The proposed reservoir would be ample to serve additional towns in the area if they desired to come into the project, Freese said.

He suggested that a steering committee be named composed of representatives from the three towns, to make a further study and determine whether the project was desirable as a joint undertaking.

Indicating his judgement as to the feasibility of the project, Freese said that his firm would be glad to work with a central committee, without commitment on the part of the towns involved in making a more comprehensive and detailed study.

"If a detailed study shows that the project is not a sound and practicable venture, and unless the proposed lake will provide plenty of water at reasonable cost, we will recommend that you drop it like a hot potato," Freese declared.

After discussion, the group of about 40 persons unanimously voted to set up a central committee to conduct further study toward initiating the project.

Members of the committee appointed by the respective mayors, are: For Seymour—Tom Craddock, Frank Keck, and Lloyd Jones; for Munday—L. B. Patterson, R. D. Atkison, and A. H. Mitchell; for Haskell—W. R. (Roy) Johnson, Hallie Chapman, and A. E. (Art) McMillen.

Craddock, Seymour businessman and head of the B-K Electric Cooperative, was named chairman of the committee.

First work of the panel is expected to be the securing of a topographic map of the area to enable engineers to make an accurate estimate as to the size and capacity of the proposed reservoir, length and cost of pipelines, and cost of delivering water to the respective towns.

Land leveling is often one of the early problems faced by farmers who supplement rainfall with irrigation. Now is the time, says Bob Thurmond, extension agricultural engineer, to start planning for the job. Land leveling is an expensive and time consuming job but the benefits last for years. A good job requires the services of a competent engineer.

## Oil Activities

Christie-Stewart Drilling Co. of Wichita Falls reported last Thursday that they had potentiated two Tannehill sand series discoveries in Knox County. The wells were completed some time ago, but their potentials were announced Thursday.

The firm's No. 1 F. C. Russell is located one mile north of Munday. It pumped 103 barrels of 34.8 gravity oil per day from perforations at 2017-25 feet. Gas-oil ratio was 125-1, and hole was bottomed at 2132 feet.

The firm's No. 1 W. C. Hertel is 5 1/2 miles north of Goree. It pumped 98 barrels of 35 gravity crude during the 24-hour test. Pay was perforated at 1749-55 feet with total depth at 1905 feet. Gas-oil ratio was 125-1.

In the Texoma, Northeast (Tennehill) field of Knox County, Lomax and Maxwell of Dallas finaled the No. A-2 Cartwright, two miles east of Goree, for a daily pumping potential of 57 barrels of 34 gravity oil from perforations at 1901-09 feet. Hole was bottomed at 1859 feet, and gas-oil ratio was 180-1.

Glenn W. Cooper of Seymour reported completion of No. A-2 Golden and Golden, 1 1/2 miles east of Goree. Daily pumping potential was 105-75 barrels of 36 gravity oil from pay perforated at 1783-94 feet.

Lomas and Maxwell of Dallas have finaled the No. A-3 Cartwright, two miles east of Goree, which pumped 51 barrels of 34 gravity crude per day from perforations at 1708-13 1/2 feet.

Union Oil Co. of California reported its No. 2-79S, E. Robertson et al, in the Voss (Tannehill) Field, flowed 47 barrels of 34.6 gravity oil, plus 13 per cent water, during 24-hour test.

New wildcats locations include: McMahon and Bullington Drilling Co. No. 1 Walter Mooney, three miles northwest of Goree; Gene McCutchin of Dallas No. 1 Frances Jones Hills, three miles southeast of Munday, and Stodgill and Baker No. 1 Charlotte C. Farrington, three miles northeast of Munday.

The Texas Farm and Ranch Safety Council reminds all highway users that driving conditions for the next few months generally are conducive to traffic accidents. "Use care and do a lot of thinking when driving during adverse weather periods."

Every woman has her own way of working off a spell of ill humor. In the past, mine was kitching right in and giving the kitchen stove a good going over. The other day, however, I realized my old "work it off" remedy couldn't be used any more.

With the new built-in cooking units there isn't much work connected with cleaning the range. Since the oven is at such a convenient height, I usually take a damp cloth and wipe it out when cleaning up after dinner. This way no spilled pie fillings ever "cake on". Time was, when a 1/4 of a cup of ammonia had to be put in the oven overnight before it was possible to get the oven clean.

I'm sure the enamel they use nowadays on the oven doors is different too. Nothing seems to stain it. Even the surface burners don't get as greasy or dirty as they did before. That's probably because I use the new automatic top burner for cooking things like cereals, gravies, and sauces which used to boil over every once in a while. Nothing has burned or boiled over for ages. The "built-in brain" of the automatic burner regulates the gas flame to prevent this from happening.

Thinking it might be a good idea to clean the burners anyway,

I lifted them out and wiped them off with a damp cloth and detergent. The few "hard spots" came off quite easily with some steel wool, and a bobby pin was just the right tool to clear the burner ports.

While cleaning the oven, the pilot light became "snuffed out" somehow. Never having used LP-gas until we moved into our country home, I went over to my neighbor to check with her about relighting it.

She told me that the automatic shut-off valve on the range undoubtedly had stopped the flow of LP-gas from the main tank to the range. We checked the instruction book and, sure enough, found a paragraph about relighting the pilot. In order to get the gas back to the pilot, all we had to do was relight it with a kitchen match and hold down the little red button for about half a minute or so until the pilot stayed lit when the button was released.

It sure is good to know that such safety devices are built right into the appliance. And even if I have to change my standard remedy for getting rid of frustrated or angry feelings, it's a big satisfaction to know that another of the old housekeeping hard work bugaboos has completely disappeared.

## Wiggins Named To Head U. S. O.

DALLAS—M. L. Wiggins of Munday has been named as Chairman of Knox County on the Texas United Defense Fund, the state-wide group which will sponsor USO's campaign for \$702,396 in Texas this year. The quota for Knox County is \$718.00. At present there are 127 servicemen from Knox County serving in the Armed Forces. Mr. Wiggins was appointed by Ben Boston who is District Chairman of the forthcoming fund appeal to carry on the familiar services of the USO to the young men and women of the nation's armed forces.

Mr. Wiggins, in accepting the appointment of County Chairman said, "These 127 boys and girls Knox County, though many of them are thousands of miles

away, are still ours. They are serving our country in a time of great world stress and strain. One day they will be back with us participating in the life and growth of our Country."

Through our volunteer support of the TUDFUSO we can show our boys and girls in service that we understand their sacrifices and that we care.

Recent rains in many areas of the state have been sufficient to germinate and start growth of dry planted winter pastures. Too, says E. M. Trev, extension pasture specialist, plantings can still be made but late plantings mean less grazing. He says management of the winter pastures from now on will determine to a large degree the amount of grazing which such pastures will provide. Ask your local county agent for a copy of L-258, Winter Temporary Pastures.

## First Fair Winner Is Selected For Finals In Feedbag Sewing

The first finalist has been chosen in the 1956 National Cotton Bag Sewing Contest. She is Mrs. Eunice R. Palmer, a farmer's wife and 52-year-old grandmother, of Solana Beach, California.

Her cotton bag sewing skill won Mrs. Palmer first place over 108 other entries at the Southern California Exposition and San Diego County Fair. She received a brand new portable sewing machine and the right to compete for the title of 1956 National Cotton Bag Sewing Queen.

Mrs. Palmer entered all eight classifications in the cotton bag sewing contest. Her curtains, luncheon set, sport shirt, and mother and daughter dresses are original designs. She used department store patterns for a blouse, stuffed toy, pajama outfit, and quilt.

Cotton bags are used to package feed flour, fertilizer, and other staple farm products. Since Grandma's day, women have been ripping open the empty containers and converting them into wearing apparel and household accessories. This is the fourth year that a national contest has been held for the women who sew with cotton bags.

If Mrs. Palmer should be one of the three national finalists, she will receive a fun packed week in Chicago with all expenses paid. She will also share in valuable household gifts worth thousands of dollars.

Between now and November cotton bag sewing contests are scheduled to be held at 53 other state and regional fairs throughout the country. This month will see the selection of 25 more finalists in the national competition. Mrs. Palmer's winning entry will all other first-place entries, will

## Too Late to Classify

Neat appearing to drive Cadillac to California and return, also 2 young men or women, 18-24 to assist manager. ## Brother Of Worth Gafford Passes

Funeral services for Marvin E. Gafford, 62, of Plains, who died Monday in a Denver City hospital, were held at 2 p. m. Tuesday in Coleman. Gafford was a brother of Worth Gafford of Munday.

The Rev. Paul Smith officiated, and burial was in the Coleman City Cemetery.

Mr. Gafford was born September 5, 1894, in Coleman County and lived there until moving to Plains about four years ago. He was a ranch foreman.

Other survivors include his parents, Dr. and Mrs. J. A. Gafford of Coleman; three brothers, Ivan and Warren both of San Angelo, and J. C. of San Marcos; two sisters, Mrs. D. B. Beal of Grandbury and Mrs. Ida Jean Smith of Coleman, and three grandchildren.
