## SECOND ANNUAL FFA PROJECT SHOW ATTENDED BY BIG CROWD; K. HALBERT WINS TOP HONORS

Several hundred people attended the second annual Project Show of the Crowell Chapter of Future Farmers of America, which was held at the Self Motor Co. building last Saturday.

**Halbert Wins Top Honors**  
Kenneth Halbert ranked high in the show, winning first place, 5 second places, 3 third places, and 3 fourth places.

**Middlebrook Second**  
Bob Middlebrook ranked second in the show, winning 2 first places, 2 second places, 6 third places, and 2 fourth places.

**Grand Champions**  
Grand champion hog, rooster, and hen of the show were named the judges. Alton Cavin won a grand champion in the swine division with his Duroc Jersey hog. Elaine Barker's White Leghorn and Glendon Russell's White Plymouth Rock rooster were grand champions of the poultry division.

The F. F. A. boys are well pleased with the outcome of the judging of their project show, which was done by V. E. Hauer and Judge George of Childress. They felt that the entries were judged the best advantage.

Ribbons for the first, second, third, and fourth places of each of the divisions were given to the winners. Attractive prizes in cash and merchandise were given by merchants and individuals of the town. The winners of the divisions are:

(Continued on Last Page)

## Patrons of Rural Schools Urged To List Pupils

Parents in the rural school districts are urged to give their full co-operation in the school census enumeration of Foard County by having all necessary information for the census enumeration of each district by Judge Claude Callaway, ex-officio county superintendent. The census must be completed by March 31.

The census material has been sent to the trustees of each school in the county and at this time it is impossible to give the names of the enumerators. Should the census enumerator fail to call, Judge Callaway urges you to either report children of school age, between six and eighteen years of age, to the enumerator or the school superintendent.

The enumeration of every child is important to the maintenance of the schools, as for each child reported the respective school will receive approximately \$25.00 in state and county aid.

## Arrest of Several Persons Gives Local Officers Busy Week

The sheriff's department has had a very busy week according to the records of Sheriff A. W. Lilly.

Zack Medlin and Buster Henry were apprehended in Quanah last Friday and will face charges of check forgery in Foard County. They are alleged to have passed three worthless checks in this county. Medlin is being held in the Crowell jail and Henry still remains in the Quanah jail.

Officers here arrested and held a Negro for Tyler officers last Friday and he was transferred to Tyler Sunday.

Deputy John Todd, accompanied by H. E. Fox, returned Willis Allen from Bisbee, Ariz., to the Crowell jail the latter part of the week. Willis was indicted on charges of burglary in connection with the Club Cafe robbery here. He is also facing charges of bond jumping.

**Last Rites for E. M. Leutwyler Held at Vernon**

Funeral services for Emil M. Leutwyler, 72, well-known Vernon jeweler and optometrist, were held in the First Methodist Church of Vernon Tuesday morning at 10 o'clock with Rev. Finis A. Crutchfield, pastor, assisted by Rev. Cal C. Wright, presiding elder of the Vernon district. Interment was made in the East View Memorial Park at Vernon.

Mr. Leutwyler was a native of Reinach, Switzerland, and came to America at the age of 17. In his native land, he was an apprentice jeweler and after moving to Vernon from Crockett, where he settled upon arriving in America, opened a jewelry store there. He later added the optometry department to his business and was still actively engaged in its operation at the time of his death. His son, Ben Leutwyler, has been acting as manager of the jewelry department for about two years.

During his many years at Vernon, Mr. Leutwyler formed a large number of friendships in Foard County, and a number from Crowell attended the funeral services Tuesday.

## Pony Express Riders Reach El Paso This Morning; Cates 38 Miles Behind Lead Man

### Latest Reports

Dwight Moody, manager of the Rialto Theatre, announces that each night at the end of the first show he will give a report from the stage of the whereabouts of the Pony Express riders. Arrangements have been made with Leon Speer, who is riding with Geo. Cates, to telephone the Rialto Theatre each night and give all the details of that day's events and locations of most of the riders at that time of night. People of this community will have a chance to get first-hand information on the race through this source.

## County Court Docket Light; One Case Heard

Probably the lightest docket for a term of county court was reported here Wednesday by Judge Claude Callaway, as only two criminal cases and two civil cases were scheduled to be tried in the February term of court. The jury was dismissed twenty minutes after being sworn. This is also probably a record for the short length of time the petit jury was in session.

Only one case was closed on the docket during this session of court and the remaining three were continued.

The case against Fred Davis, Negro, which charges selling of intoxicating liquors in a dry area, was continued because a state witness, who is a member of the State Liquor Control Board, was unable to appear in Crowell at this time.

The second criminal case to be continued was against C. R. Scott for swindling with worthless checks.

The only case to be closed was a civil suit, J. M. Brown vs. T. F. Hill, which was a suit on note. The plaintiff, Mr. Brown, was given judgment by default as the defendant did not appear.

The civil suit, Montgomery Ward & Co. vs. G. M. Thacker, which was appealed to county court from justice court, was continued by agreement of counsel for both plaintiff and defendant.

## HONOR ROLL OF LOCAL SCHOOL AT HIGH POINT

### Scholastic Honors in High School Show Big Increase

The honor roll for the fourth term of Crowell High School, as released by Superintendent I. T. Graves Tuesday, showed a very slight decrease from that of the preceding term.

For the first time in several months, the scholastic honor rolls of the high school department show a sharp increase while the rolls of the grammar grades are smaller this term than any since the 1938-39 term opened last September.

The high school "A" honor roll carries the names of 32 pupils, or (Continued on Page Five.)

### BIRTHS

To Mr. and Mrs. James B. Pendergraf, a girl, Mildred Elizabeth, March 1.

To Mr. and Mrs. Robert D. Wright, a girl, Feb. 10.

To Mr. and Mrs. Henry W. Howell, a son, Don Wayne, Feb. 21.

To Mr. and Mrs. Carvel Thompson, a boy, Jan Edwin, Feb. 23.

### To Brenham

MISS MYRNA HOLMAN

## Miss Holman Will Leave for Brenham Next Wednesday

Miss Myrna Holman, county home demonstration agent for Foard County for the past five and one-half years, will leave next Wednesday for Brenham where she will assume her duties as agent for Washington County. The transfer of Miss Holman was announced by the A. & M. Extension Service about three weeks ago.

Since coming to Foard County (Continued on Last Page.)

## First Service Held in New Church of Christ Building

The new church building of the Eastside Church of Christ two blocks northeast of the square, has been completed. The building is 34x34 feet and has been finished with paper on the inside and the outside has been painted.

The old residence that was owned and used for a place of worship by this church was torn down and the lumber used in the erection of the new building. The work was done by Harry Cobb and son, Clois, of the Five-in-One community.

The first service was held in the new church last Sunday with L. E. Garner of Quanah doing the preaching. Services next Sunday will be conducted by Ervin Driskill of Abilene.

## FARMERS AND BUSINESS MEN WILL ELECT NEW OFFICERS AT MEETING FRIDAY NIGHT

### City Election Will Be Held Tues., April 4

An election to select a mayor and three aldermen will be held at the city hall on Tuesday, April 4, according to an official notice appearing in The News.

G. A. Mitchell has been appointed presiding judge and is authorized to select such help as is prescribed by law.

Any persons desiring to have their names placed on the ballot as candidates for these elective offices must file their names with the city secretary, J. T. Billington, not later than seven days preceding such election.

All qualified voters who have a county and state poll tax receipt and have resided in the corporate limits of the City of Crowell six months preceding the election shall be entitled to vote.

Present city officers whose terms expire are C. T. Schlagal, mayor, and the following aldermen: M. S. Henry, M. O'Connell and George Self.

Officers for the Farmers and Business Men's Association will be elected at the first meeting of 1939 to be held at O'Connell's Lunch Room Friday night at 7:30 o'clock.

There has been no entertainment program planned as the election of officers and discussions concerning the mapping of the association's program for the coming year will require all the time.

Every business man and farmer in Foard County is urged to attend this meeting and have a voice in the election and in outlining the program.

## FOUR WILDCAT REGULARS WILL BEGIN TRAINING

### Second Scrimmage To Be Staged Friday Afternoon

Four regulars from the regional championship Crowell Wildcat football team will report to Coach Grady Graves Monday afternoon, which will open the third week of the spring training session. The fifth regular, John Lee Orr, will be unable to report for practice until a later date because of his work in the Crowell High School one-act play cast.

**To Scrimmage Friday**  
A second inter-squad scrimmage will be on the Crowell gridiron Friday afternoon about 4 o'clock. The first scrimmage was staged last Friday and ended in a 0-0 tie. The aspirants were evenly matched as the score indicated and brilliant offensive and defensive play was flashed at times by both elevens.

After a general work-out Monday (Continued on Page Four)

## All-Star Cage Tournery to Be Held at Thalia

An all-star basketball tournament will be held in the Thalia High School gymnasium on Thursday, Friday and Saturday of this week.

Sixteen teams from Foard, Wilbarger and Hardeman counties have been invited. At present, only six have written acceptance, but all are expected to report by tonight.

This will be the first chance of fans in this county to enjoy an all-star tournament, especially, in which some of the most outstanding quintets in this section of the state will be playing. One of the teams to enter the tournament will be that of Mangrove's, which won the Oklaunion meet last week.

Play will start tonight (Thursday), continue Friday night and the finals will be staged Saturday night.

## Former Crowell Boy Elected President of Hopkins' 4-H Council

Raymond Horn, former student in Crowell High School, was recently elected president of the Hopkins County 4-H Club Council for the year 1939. Raymond moved with his parents from Foard County several years ago, and at present is making his home at Tira where he is a member of a 4-H Club.

A part of the article written by J. M. McFarridge, assistant county agent of Hopkins County, is as follows:

"Raymond is nineteen years old, towering well above six feet, and although he has only been a 4-H Club boy for two years, he has been the spark plug of the Tira 4-H Club, due to the co-operation and coaching of his leader and his attitude towards sound and constructive work not only in his own home but in the entire community.

"Clifton Tomlinson, 4-H Club leader, states that Raymond is a natural leader among the boys, is an excellent speaker. I might also mention that Raymond is a good athlete as well as a scholar. He is a former student in Crowell High School and was a member of the Wildcat football squad."

Raymond and Aldon Horn are planning to enter East Texas State Teachers' College at San Marcus. Raymond will probably take an agricultural course.

## CROWELL FFA BOYS WILL GO TO STOCK SHOW

### Meat Judging Team to Enter State Contest

About fifteen Crowell FFA boys will leave Friday for Fort Worth attend the opening of the Fat Stock Show Saturday, which day is designated as FFA Day.

The group will reach Fort Worth Friday Saturday morning and spend a day in the grounds and return Crowell Sunday.

The trip will be made in the school bus driven by Dale Jones.

**To Enter State Contest**  
The Crowell meat judging team, composed of Carl Connell, Kenneth Halbert and Que Meason, will enter the state meat judging contest to be staged at the Armour Co. packing plant in Fort Worth Saturday.

This team won fourth place in Area 1 contest held in Lubbock recently. Carl Connell was the highest individual scorer in the contest. He also tied for first place in a division. Que Meason tied for fifth place in one of the other divisions.

**Go Before State Committee**  
James Welch and Kenneth Halbert, Lone Star farmers and applicants for the American Farmer group, will go before the state committee in Fort Worth at the Astor Hotel Thursday morning for an interview concerning their applications for the highest grade given in FFA work.

## TINNINS LEAVE

Jake Tinnin, employee of the Texas Company in the oil field west of Crowell, has been transferred to Electra. Mr. Tinnin and his family left Crowell last week.

John Hutcheson has been transferred to Crowell to take Mr. Tinnin's place and he and his family are living in the house formerly occupied by Mr. Tinnin, owned by H. K. Edwards.

## BARGAIN RATE ON THE NEWS EXTENDED ONE WEEK; 8-MONTHS RATE ON STAR-TELEGRAM \$5.00

A few of the regular subscribers of The News have not renewed their subscriptions and in order to give them one more chance it has been decided to extend the \$1.50 rate on the Star-Telegram, 8 months for \$5.00, has been announced, and in combination with the News for one full year the rate is \$6.50.

We are very grateful for the generous and new subscriptions received and only hope that the few remaining can be set up a year before next Saturday. The list of renewals and subscriptions will have to be stopped. (Continued on Page Four.)

### GRANDFATHER DIES

The grandfather of Garland Foster, teacher in the Crowell High School, Judge W. B. Clark, died at his home in Floydada Saturday after a short illness. Mr. Foster attended the funeral services in the First Baptist Church of Floydada Sunday afternoon and returned to Crowell Tuesday.

Judge Clark was one of Floydada's most colorful pioneers, as he took an active part in the development of that county since settling there in 1890. He served in public offices of Floyd County for ten years, and was county judge four of those years.

## Crowell Riders in Nocona-San Francisco Pony Express Race

George Cates is shown above inspecting the soft steel shoes on his horse shortly before the start of the race in Nocona. Cates is reported to be easily holding his position near the head of the group of riders. Cates plans to start covering more miles per day after he leaves El Paso. This means his attempt to push to the front was started today.

Pictured on left is Bob Moyer as he stuffed his saddle bag with Pony Express mail in Wichita Falls, Moyer was trailing so far behind at one time that it was believed that his race was hopeless, but the ride of the tough youngster during the past three days has carried him into the eighth position. Much needed aid will reach him in El Paso today. His mounts are classed among the best in the race and are reported to be in excellent condition. After his show of nerve during the first week of the race, which won him many rooters, he has a good chance of furnishing the leaders a very tight race.

Mr. and Mrs. J. H. Williams of Wichita Falls spent Saturday night and Sunday in the home of Mr. and Mrs. Allen Fish.

Gossett Introduces Rate Differential Bill in the House

Washington, D. C., March 2.—Congressman Ed Gossett of Wichita Falls today introduced in the House of Representatives the same bill introduced a few days ago in the Senate by Senator Tom Connally, which bill seeks to correct inequalities and discrimination in the freight rates in Texas and the Southwest.

Regarding this bill, Gossett stated: "Texas and the Southwest have long suffered from unfair economic inequalities with the rest of the United States. One of the causes of this condition has been and is the high freight rates paid by this section. The gross discriminations and inequalities now existing in the freight rate structure in Texas and the Southwest should be removed. Simple justice demands this."

"This bill seeks to amend certain sections of the Interstate Commerce Act and to make unlawful any unreasonable or discriminatory preference given to any shipper or any territory. It requires the Interstate Commerce Commission to investigate and determine the location of alleged inequalities and discriminations in freight rates and to remove the same."

The Interstate Commerce Committee of the Senate and the Interstate and Foreign Commerce Committee of the House of Representatives are now conducting hearings on various bills seeking to eliminate unfair rate differentials. Recently, numerous witnesses have appeared from Texas and the Southwest before these committees to testify as to rates and conditions in the South and the Southwest.

Two Minute Sermon (By Thomas Hastwell)

He Always Wins: Last year 160,000 persons witnessed the annual 500 mile Memorial Day automobile race on the great oval brick track at Indianapolis. A score of speed demons raced for five hours in this the world's greatest sporting event. Every car entering the race was built of the finest material modern engineering could produce. Before entering the race every detail was checked to be sure that nothing

was lacking in this terrific endurance test of steel and human stamina. The cars roared on for five hours, their drivers courting death every second. And for what? Merely to set a new speed record. If all this care and expense and vigilance is necessary merely to win an automobile race, how much more important to the young man or young woman who must face and solve the complex problems of Democracy tomorrow that they have a clear mind, steady nerves, and stamina of steel, unblurred and undulled by alcohol. An automobile that crashes over the wall can be replaced. It is merely so much metal and rubber and a few hours of labor, but a boy or girl who crashes in life because they have destroyed by alcohol their finely balanced human mechanism cannot be replaced. They have destroyed the God-given machine that would have carried them to their goal, and the stamina that gives the last ounce of endurance necessary to win has been destroyed. In the race of life no young man or young woman has ever been smart enough, or wise enough, or strong enough to enter the race against old man Alcohol and defeat him. The only way to defeat him is to leave him alone.

Answers (Questions on page 2.) 1. Franchot Tone. 2. The 3-year-old child of Marion Talley. 3. Former President of Czechoslovakia. 4. Your Horoscope

March 6, 7.—You are possessed of splendid judgment and have a discerning knack of fitting situations together smoothly. You like to prove the truth of everything and want to discover the reason why, but when you arrive at a conclusion you very seldom change your mind. You have keen executive ability and a clear analytic mind.

March 8, 9, 10.—You are frank and sincere. You take a decided stand against wrong and oppression and might have socialistic tendencies. If convinced of a thing you stand by until the end. You have a convincing manner of speaking which carries great weight with your listeners. You have progressive ideas thinking ahead of the majority. Loyal to your convictions you are often found on the unpopular side. You believe in the brotherhood of man with equal rights for all. You would succeed as a clergyman.

March 11, 13.—You are energetic and alert. One of your pronounced characteristics is doing as you please and doing those things well. You are a home lover but very sensitive to any conditions of inharmoniousness in that home. Your friends are apt to work you, expecting much and giving little in return. You have many friends.

THE Foard County News

T. B. KLEPPER, Editor-Owner
HENRY ASHFORD, Reporter and Sports Writer

Entered at the Post Office at Crowell, Texas as second class matter.

Crowell, Texas, March 9, 1939

I will bless the Lord at all times; his praise shall continually be in my mouth.—Psalms 34:1.

This question was recently asked of an authority on psychology and psychiatry: Can psychologists predict in advance the boys who are most likely to become criminals? The answer was, yes. The answer went on to state that while it could not be told with certainty that a boy would become a criminal psychologist without any previous knowledge can pick out boys who have criminal tendencies. In support of the claim an instance is cited in which a psychologist had a committee select from a community 75 of the finest boys and 75 of the worst boys and send them to him for examination. His analysis was 100 per cent correct. The 75 that he selected as having criminal tendencies were the same 75 that the committee selected. The conclusion is that some day when we really begin to manage society, as it should be managed in a democracy, we will take such youth as experience indicates need it and subject them to special treatment. It would not only be a splendid thing for the youth but would save society a large part of the staggering crime bill that it is called upon to pay each year.

Some one advances the idea that unemployment will continue to remain at present levels, barring the possibility of a war, until the younger generation create a new type of employment, a new type of jobs. This prophet believes that many of the jobs that used to furnish employment are passing out.

The difference between some people and a hen is that a hen only cackles when she has done something worth while.

Debt Adjustment Necessitated By Low Farm Income

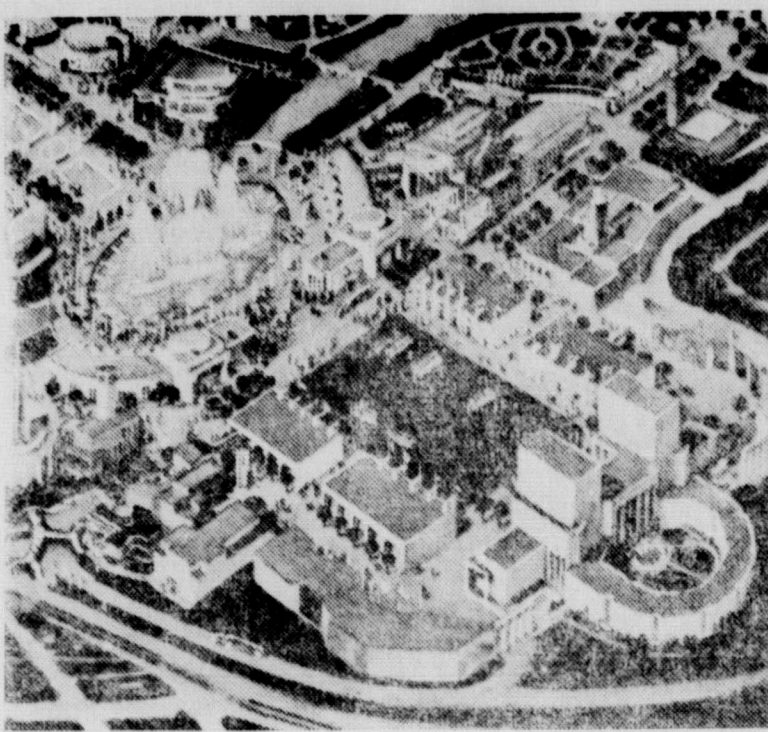

Because farm income was greatly curtailed last year by low prices and widespread drought during the growing season, farmers of Foard County now have a greater need than ever for services of their county farm debt adjustment committee, Guion Gregg, Dallas, State F.D.A. supervisor, said this week.

The Foard County committee will meet on Friday, March 17, at 3 p. m. at Crowell. It has been announced by Guy H. Tomlinson, San Angelo, district supervisor, "Foreclosure of their farmstead is facing many people of this area," according to Julian Wright of Vernon, Farm Security Administration supervisor, whose agency has charge of debt adjustment work. "Many farmers who own their own team and tools are going to lose them if we can't help them make some arrangement with the mortgage holders," he added, pointing out that tenants who have encumbered livestock and equipment are also welcome to the service.

"This service is free and confidential," Mr. Wright continued. "The committee seeks to work out an agreement between debtor and creditor whereby the farmer can meet his obligations to the satisfaction of the latter. Dozens of farmers in this county have already used this service."

He added that farmers who are unable to attend the county committee meetings, but who need its services should communicate with the county, district or state supervisor.

World's Fair to Feature Court of Peace

A colorful part of the New York World's fair of 1939 is the foreign nations and federal government zone area where the twin-towered Federal building and exhibitions of 62 nations center on a seven-acre Court of Peace. The \$155,000,000 'World of Tomorrow' exposition will open April 30 as the host city makes lavish preparations to entertain millions of visitors during the coming summer months.

Spring Planting of Shelterbelts Will End After Mar. 15

Wichita Falls, March 6.—Shelterbelt applications made after March 15 will not be accepted for planting this year, stated W. E. Webb, state director of the Prairie States Forestry Project. With the planting season drawing to a close towards the end of this month, Mr. Webb declared it is necessary to make the final allocation of shelterbelts for those tree belts already approved.

Shelterbelts are recognized for their permanent values in a long time land use planning program. Because of this, land planted to shelterbelts is counted as retired acres by the Agricultural Conservation Administration, and soil building practice payments may be earned by cultivating and maintaining these trees. In the long run, however, the benefits of the trees themselves will bring far greater returns than these payments now amount to.

The trees which are planted are fast growing and drought resistant. They have been tested by time and experience to be suitable for shelterbelt purposes. In addition to reducing wind erosion of the soil, a shelterbelt will protect the soil and crops from rapid evaporation, furnish shelter for quail and other insect eating birds, provide miscellaneous wood products, and generally make the farm home more livable.

A study made of the D. L. Lane farm near Paducah was recently widely broadcast in all the local newspapers. The increased cotton yields and production of better grades of cotton in the field protected by a three year old shelterbelt is merely an indication of what can be expected of older tree belts.

Reports from numerous other shelterbelts show how the rooted trees are stopping the shifting sands. The W. F. Weatherbee belt planted north of Childress in 1937, with only two years' growth, is already doing its good work. The faster growing cotton woods are well over eight feet in height. The Bitner belt south of Vernon, planted a year ago, shows some remarkable growth due to good effective cultivation given the young trees. Belts throughout the shelterbelt areas in Wilbarger, Foard, Hardeman, Childress, Cottle, Motley, Hall, Donley, Collingsworth, Hemphill, Dickens, King, Gray, and Wheeler counties are showing what good care will do in a few years. It is difficult to realize, without seeing for oneself, the remarkable progress these tree belts are making.

State Director Webb stated that it is impossible to accept shelterbelt applications after March 15 for this spring's planting because of the time required to examine the site and to prepare the ground for the planting operation. Applications placed after March 15, however, will be held over for next year's operations.

WHAT WE THINK (By Frank Dixon)

We like to think and talk about the time when prosperity will return in this country, as though it were something that was going to come to us over night, that would solve all of the unemployment problems and the relief problems, and would start the factories and mills running two and three shifts a day. I do not believe that, barring an European war, prosperity is going to come to this country over night. I do not believe that there is anything the federal government can do regardless of the amount of money it spends, that is going to accomplish this.

Four things I think must happen before prosperity returns to this country. The first of these is a readjustment of the individual to the situation. We have got to forget the wild orgy of producing and spending that was the program in this country just preceding the crash up. We have got to quit thinking of this as normal and begin thinking of it as abnormal, and a condition somewhere between the high point and the low point as normal.

It is foolish on the face of it to think that this country or any country could continue to keep up such a pace indefinitely. The very nature of it had in the germ of destruction. The mad intoxication of one achievement led to the attempting of another even more lavish and ridiculous and wild. It lacked sanity. Business and individuals were running away, and like wild horses could not be controlled.

The second element that is going to enter into the recovery of this country is the awakening of new initiative, a more general realization of personal responsibility, a less dependence upon the gratuity and paternalism of a paternalistic government. A break-away from the infection of federal aid. The old jobs that used to furnish employment, are, many of them, out never to return. New conditions are going to create new lines of activities to take their place. We are going to have to give up a lot of high minded ideas about building a fortune and living on a scale of luxury and ease in extreme advance of the ability of the times to support. We have got to get over many fantastic ideas about our boasted standard of living, get our heads out of the clouds and our feet on the ground.

The third thing that must come about is a renewal of faith on the part of the individual in himself, a breaking away from the contagion and infection of government paternalism, a fostering of the tender flower of self initiative that is often crushed with too much kindness, and too much help. The fourth thing that must happen is a succession from indulging and persecution of business by law making bodies who have come to be the blind and subservient tools of every organized group in this country that can promise a block of votes, or think of some new scheme to give them the advantage over their fellows. There is no encouragement today for capital to invest, no encouragement for industry to expand, no encouragement to plan new programs. Millions of capital lie idle and will continue to lie idle until the hysteria of persecution passes. And until industry takes the lead recovery will continue to lag.

Wildcats-- (Continued from Page One)

day afternoon, two teams squared off against each other Wednesday to practice the finer points of running plays.

A team with Junior Haseloff and R. J. Everson at ends; Charles Clark and Frank Dunn at tackles; Murphy Sells and Daniel Brisco at guards; Robt. Saunders at center; A. Y. Olds, H. C. Brown, Bill Owenby and Leonard Smith in the backfield were looking good on offensive play Wednesday while Glendon Russell, H. A. Phillips, Murrell Diggs, Eugene Everson and Jimmie Williams were looking best on defense.

Clyde Eddy, Leroy Gibson and

Pony Express--

(Continued from Page One)

has borne difficulties to both the rider and those with him. A telegram was received this week that they were stranded in Pecos and a donation was given by Crowell merchants. This raised several dollars for Moyer and group.

Buster Davidson, Bill Drabek and Joe Eddy left Crowell Wednesday night with a pickup, pictures and souvenirs to catch Moyer in El Paso from which place they will accompany him to California.

They stated that Roy Barker, Phillips Oil Company agent here, bore the larger part of their expenses to El Paso by donating gas, oil and food. Several other Crowell residents helped them prepare to leave Crowell. Frank Gilland, who has been with Moyer since leaving Wichita Falls, returned to Crowell Wednesday.

Although Moyer has trailed the most of the first week, his race has attracted about as much attention as those in the lead, because he has made the first leg of the trip on sheer nerve and his gain during the past three days has received much comment as he was so far behind at one time it was believed that his continuing the trip would be hopeless.

Following is part of a letter written by Wilburn Johnson at Pecos. Johnson is managing the Moyer group.

"We have to have a water barrel, saddle blanket and guess we will have to have a chuck box built on the side of the truck. How these people can sleep on four quilts is past me, and where we would put more bedding is also past me.

"Tonight I have \$1.30 and also have to have brake bands put on the wheel I am trying to drive. So far we have had a fine time, but the country is going to be tough from here on. I don't know how we are going to make it, but we are."

The pickup, extra men and equipment should reach this group some time this morning. Another interesting bit of information concerning the Pony Express riders came from Mr. and Mrs. John Cope of Odessa, who were hosts to them at their camp near Big Spring. Part of the letter received by Mrs. T. S. Haney is as follows:

"We tied on to the Texas (a modern trailer house) and went back to where they were going to camp for the night and they did not get in until about 9:30 and we had hot water for them to wash and a nice fire in the trailer for them to warm by. I don't think I ever saw anyone enjoy a meal more than they did. They went right to bed for they had ridden 85 miles that day.

"The boys were in good shape and their horses were fine. Believe me, they were certainly looking after them and while I did not see all the horses, I believe that George is as well, if not better, mounted than any of them. He was in sixth place this morning (Monday). They camped at the Midland airport last night.

George was all wrapped up this morning and looked warm. He said that he was not afraid of the men in the lead but feared the ones that were behind him."

With the Pony Express race being the topic of the day and so many expressing personal opinions as to the chance of one of the Crowell riders, George Cates, a timely letter was received from Edgar Kimsey (Las Vegas Kim) of Texon, who spent four days with Cates and company. Following is his letter in which he expresses his opinion as to Cates winning the race.

"George is holding his place in the second place and laughing at the competition. Not meaning to brag on him, I honestly see it that way. Both horses lost weight the first day. Held their own the second day. One is gaining weight and the other is easily holding his own at the rate of seventy-five miles a day.

"He rides one horse twice and the other once each day. Riding the horse twice the following day that got one ride the day before. George has lost some weight, mostly the first day. George will harden and even fatten his horses at seventy-five miles a day. The horse he rides two heats comes in from the last stretch needing more riding. He is actually petting them."

"George felt normal the third day of the race. He is well fit now and will stay that way, barring accidents. There is one thing George can do I do not think any other rider can accomplish. He runs on foot a mile most every morning. Leads his horse and runs a full mile. He is in training just as he would do if he were playing football. That is going to count before the race is over.

"I am interested in the whole race in general. They are a fine bunch of good clean cowboys. They display the cleanest sportsmanship possible to a man. This is the biggest Texas show ever staged."

Fred Borchardt was showing good work until they received slight injuries that have prohibited their reporting to practice for the past few afternoons.

William Frinck of Pittsburgh got out to repair the tail light of his car, which was parked on a hill. The car rolled, knocking over Frinck, and crashed into a house.

NOBODY'S BUSINESS BY JULIAN CAPERS JR.

Austin.—All eyes in Austin this week-end were turned upon subcommittees of the House revenue and constitutional amendments committees, which were scheduled to report to the two committees jointly some kind of a revenue bill early in the week. The committees have ended weeks of hearings upon a variety of assorted tax bills, including graduated tax, sales tax, gross receipts tax, net income tax, gross income tax, natural resources tax, "use" tax, and various combinations of all these taxes.

Best opinion here was that whatever taxing action is taken by the House will be in the form of a constitutional amendment. The liberal pensions program promulgated by Gov. W. Lee O'Daniel, together with other social security needs, calls for an additional expenditure by the State of somewhere between \$30,000,000 and \$50,000,000 annually, depending upon just how liberal a pension policy is finally adopted. This legislature apparently is wholly unwilling to take the responsibility, on its own motion, of laying such a terrific financial burden upon the already heavily loaded taxpayers of the state. Whether the solons are willing to pass the responsibility on to the people, by submitting a constitutional amendment levying the tax, remains to be seen. At any rate, few here believe that any taxes will be inflicted unless the people do so, directly at the ballot box.

Hope Voters Wake Up

Conservatives in the Legislature hope that the wide discussion of taxes which has resulted from the long hearings may have aroused the people to a knowledge that they cannot have several hundred thousand people living off the state without digging down into their own pockets to pay the bill. They hope the "pensions for everybody" sentiment, aroused by demagogues and nurtured by professional pension agitators for profit, involves only a minority of the voting population of Texas, and that, confronted with the serious business of levying thirty fifty millions of new taxes upon their own backs, the sane citizen-ship may vote the gimcracks, reject the tax program, and thereby declare for a sensible social security program of taking care of the actually needy only. With such a mandate directly from the people, the legislature could solve the state's financial problem in 30 days, without crippling business, industry, or other taxing groups.

Whiskey Bill Dead

Attorney General Gerald Mann virtually wrote the death warrant for the bill to legalize sale of liquor by the drink, when he handed down an opinion, in response to a House committee request, holding that such traffic is in direct violation of the constitutional provision forbidding open saloons. The best constitutional lawyers in Austin have held this view all along. They hold a similar view on the constitutionality of the bills to legalize race horse gambling under a "local option" scheme. They say there is no authority in the Texas constitution for local option on anything except sales of beer and liquor.

Truck Bill Loses

To E. B. Hamilton, second-term legislator from Hillsboro, fell the role of casting the decisive vote in one of the most spectacular battles of the present session. A member of the House highways and motor traffic committee, Hamilton voted against a favorable report of the bills by Homer Leonard, to raise the 7,000-pound truck load limit, after the other 20 committeemen had divided 10 to 10. Thus the bill failed of a favorable report, 11 to 10, and its only chance now in the House is to get

it printed on minority report, which appears unlikely. The battle ended one of the most hotly contested lobbying efforts seen in Austin in recent years. The railroad lobby recruited about 50 active workers, besides the three house members who are railroad employees, and divided the house membership up so that each lobbyist had to check only three House members. They worked night and day, and won, despite a vigorous effort by truckers, Rio Grande valley grapefruit and vegetable interests, and other farmer and shipping interests throughout the state. Those voting for the Leonard bill included Monkhouse, of Uvalde, Allison of Levelland, Burkett of Cisco, Burney of Ewart, Gilmer of Rocksprings, Goodman of Midland, Howington of Comanche, Mays of Atlanta, Mohram of Gonzales and Leonard of McAllen. Against it were Rhodes of Hearne, Fuchs of Brenham, Hamilton of Hillsboro, Harper of Jefferson, McAlister of Fort Worth, Reader of San Antonio, Reed of Dallas, Robinson of Galveston, Stoll of Taylor, Turner of Cameron and Wood of Marshall. Reed and Wood are railroad employees.

Fair Trades Bill Reported

The fair trades practice act, sponsored by a group of independent drug stores, which forbids "loss leader" sales and fixes minimum prices at which merchandise may be sold, came out of subcommittees of both House and Senate, setting jointly, with over-

RELIEF —and— RELATED SUBJECTS By H. E. Thomson County Welfare Worker

This is a series of articles in regard to relief and related subjects. It is my desire to answer, to the best of my ability, any questions you care to ask concerning these subjects. Please submit your questions to the editor of the Foard County News. Your name will accompany the question but will not be used when the question and answer is given.

This week's questions: No. 1. Is it true that a person working on WPA loses his work card when he does not report for work for five days, even though he fails to report because of illness?

Answer: As a general rule, a person employed on WPA does lose his work card when he misses five consecutive work days from a project. On the surface this appears to be an injustice, especially when the person fails to report for reasons beyond his control. However, there are mitigating circumstances. As a rule, we experience little difficulty in getting a person re-assigned to work in a case of this kind. On the other

in the tragedy of the crucifixion. But, lo! the cross of shame was not the last word. It was followed by the triumph of the resurrection. So the story leaves Him with us still, as the Conquering Christ.

We may indeed be glad that Christianity is not a religion of mere definitions, any more than of external institutions. If we, in living faith touch but the hem of Christ's garment, we shall be healed. There is virtue in the least fragment of the Bread of Life.

As the story is believed, as the message is understood, the experience which makes the life possible, is wrought in the soul. The coming of the Spirit into our hearts confirms the story of Christ's coming into the world, and makes good in us, what He has made good for us.

tendency may be observed in many of them to answer the question by placing the emphasis on one or other aspect of the matter under consideration as if a part were the whole. It is necessary, in order to get a balanced view of the truth, to look at Christianity from more than one side.

1. In human history, Christianity first appeared to the world as a life. The pagan world was simply astonished at the transformation which had come over the confessor of the name of Jesus. They began to exhibit a new character. A new type of man had come to birth in the Christian Church. The ancient philosophies had developed noble ethics in many directions. But philosophy could appeal only to the cultured few. On the other hand, Christianity appeared as a life of brotherly love, of purity, of selflessness, of fearlessness and death in such as were not only ignorant of philosophy, but of whom many had but recently lived in all the vices and corruptions of their pagan upbringing. Well might the apostle Paul speak of Christianity as "newness of life." For it was the life the Christians lived that convinced and conquered the ancient world. What the law was too weak to provide among the Jews; what ethical codes and rules of the men of Attica could not create among the Gentiles, Christianity succeeded in setting forth in the changed lives of the humble and lowly converts who

had gathered to its ensign. 2. But this raises another query: What was the secret of this marvelous change? And as we ponder it, it will become evident that Christianity is more than a life to be lived. It is an experience to be felt. Back of the new life was a new power that had taken possession of the convert. Interrogate the primitive witnesses, and they will tell you: We have received the Spirit of the living Christ, and if we are not the people we once were; if the chains that bound us hand and foot are broken, it is because the Spirit of Christ liveth in us. He creates a purer, higher, richer life than the most highly developed life "in the flesh."

Read again the documents of the early Christian Church—the New Testament—and you will see how, back of the wonderful witness of that Church which turned the pagan world upside down, and which in one generation planted the kingdom of Christ in every part of the Roman empire, was the experience of the Spirit. 3. Every effect must have a cause. What produced this experience? How was the Spirit received? We shall find that Christian experience is vitally connected with the Christian message. There was a story told to a wondering world of One who lived a life none other man had ever lived before. That story went on to tell how that life, too beautiful to have been invented, closed

NOTICE OF ELECTION

State of Texas, County of Foard, City of Crowell.

Notice is hereby given that an election will be held at the City Hall, in the City of Crowell, Texas, on the 4th day of April, A. D. 1939, the same being the first Tuesday in April, in obedience to an order duly entered by the City Council on the 21st day of February, A. D. 1939, for the purpose of electing the following: Mayor and Three Aldermen to serve for a period of two years or until their successors have been elected and qualified.

G. A. Mitchell is hereby appointed Presiding Judge of said election, and is hereby authorized to appoint such help as prescribed by law.

Any person desiring to have his name placed on the official ballot as a candidate for an elective office within the City of Crowell, shall file his name with the City Secretary not later than seven days immediately preceding said election.

All qualified voters, who have paid their County and State poll tax, and who have resided within the corporate limits of the City of Crowell for a period of six months preceding said election shall be entitled to vote.

Said election shall be held in accordance with the laws pertaining to General Elections in this State so far as they are applicable.

C. T. SCHLAGAL,  
Mayor.  
J. T. BILLINGTON,  
City Secretary.

CHURCHES

Christian Science Church  
Sunday School at 10 a. m.  
Sunday services at 11 a. m.  
Wednesday evening services at 8 o'clock.

Sunday, March 12, 1939. Subject: "Substance".  
The public is cordially invited.

Eastside Church of Christ  
Church services will be held at the regular hours at the Eastside Church of Christ next Sunday. Bible classes at 10 o'clock and preaching at 11 o'clock by Ervin Driskill of Abilene. Also preaching service in the evening.

Baptist Training Union  
The Baptist Training Union of the First Baptist Church of Crowell will meet at 6:30 o'clock Sunday evening.

It is the desire of most parents to see their boys and girls develop into real Christian citizens. In a time like we are now living in, our boys and girls need more training than the home provides. Our church has a fully graded Baptist Training Union which provides training for Christian citizenship. One of the outstanding citizens of the United States recently said, "I owe more to the Baptist Training Union than any other organization. It discovered me; it informed, it challenged me. It was in this organization that I trusted Jesus as Savior, prayed my first prayer and made my first talk. It was through the Baptist Training Union that I had a desire to get a college education. The Baptist Training Union has meant more to me than all other organizations combined."

Since the adult department has been set up, parents should go with their children to the training union every Sunday night. If you are an adult and do not have any children, your attendance in the B. T. U. might have an influence on some other boy or girl as it is a good place to win them to Christ, to train them in church loyalty as well as to train them to be Christian citizens.

We have a union for every age and we need you in these unions and you need us. We urge you to come.  
Visitors are welcome.  
Margaret Curtis, Director.

Christian Science Services  
"Substance" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, March 12. The Golden Text is: "Honour the Lord with thy substance, and with the first fruits of all thine increase" (Proverbs 3:9).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Spirit itself beareth witness with our spirit, that we are the children of God." (Romans 8:16). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As God is substance and man is the divine image and likeness, man should wish for, and in reality has, only the substance of good, the substance of Spirit, not matter" (page 301).

Vivian Church  
Services are held in the Vivian school building and everyone is invited to attend.

Sunday School at 10:50 a. m. Good teachers for every class. Come.  
Preaching at 11:30 a. m. Warren Everson will deliver the sermon.  
Prayer meeting every Wednesday and Saturday nights at 7:30 o'clock.  
Singing every Sunday night.

Our Weekly Sermon

(Max I. Reich, D. D., Extension Staff, Moody Bible Institute, Chicago)

The Essentials of Christianity  
Text—For we have not followed cunningly devised fables, when we made known unto you the power and coming of our Lord Jesus Christ, but were eyewitnesses of his majesty.—II Peter 1:16.

Many attempts have been made to answer the important question, What is essential to Christianity? Many learned books have been written on this subject. But a

SENIORS OF 1939

In Sept., 1938, a group of eager, light-eyed boys and girls enrolled the first grade with Miss Lottie Oods and Mrs. Esca Brown as their teachers. Among that group are nineteen still together in the Senior Class of 1939.

reader will begin in his own mind to agree or disagree with the author, and at the same time stamp some of the facts on his mind never to be forgotten.

SENIOR GIFT

Although it has not been the custom for Seniors to give a Senior gift, it would be something for the Seniors of this year to think about.

It is the custom for Seniors of colleges, larger high schools, and sometimes smaller high schools to give a Senior gift. This gift usually consists of something to improve the school such as a flag pole, a tennis court, a sidewalk, or shrubbery.

This is of special interest to the Senior class because in a short while the Seniors will be the citizens in our towns and cities, and they will be paying school taxes. It would be well for the future citizens to begin by giving the school a gift.

So seniors, stop a moment and meditate. This is indeed something worthy for the class of '39 to think about.

SENIOR GREETINGS TO FUTURE SENIORS

The seniors of today salute the seniors of tomorrow! May they carry the banner of the upperclassmen waving. And when the seniors of today leave this school, may they carry on the high honors and try to leave the school a little better for having been in it.

SENIOR TENNIS GIRLS' DOUBLES AND SINGLES

The grind of tennis has begun for the year. Every off period and every afternoon after school you can see boys and girls practicing for the final day. Daphyn McClure and Faye Zeibig are the team for the girls' doubles and Evelyn Evans, the girls' singles.

Both the doubles and singles are composed of senior girls. Evelyn Evans has been on the singles team for one year and Faye Zeibig has been on the doubles for two. Crowell has won both the girls' doubles and singles in county meet for several years, but has been defeated in the district at Childress.

May the girls keep up this good standing and add the district feather to their caps!

TOUR THROUGH HI SCHOOL

For the past four years the '39 Seniors have been trying to study in an atmosphere something like this:

Zing! an eraser flies by. Boom! Some one knocks a seat off. Before their eyes on the board are signs like these:

Lost: A blue fountain pen. Please return to Virginia Thomas (if you don't need it too badly.)

Lost: A Belmont pen.—Please return to Locker 20 (where you got it.)

But don't get the wrong impression. We seniors have gone through this and learned a great deal. We can truly say that we regret to leave.

PRESS CLUB PARTY

The press club was royally entertained last Thursday night at the home of June Billington. Games of forty-two, chinker checkers, and Big Business were played. The prize of the evening was given to Louise Eubank. Every one had a good time and the press club wishes to thank Mrs. Billington for the fun they had.

BUSIEST SENIORS

Sam Russell: The busiest of seniors. His job is to run the senior class, and he does it pretty well. Takes part in basketball when he is not running the class.

Daphyn McClure: Editor of the News and a good one, takes time out for tennis, is on the debating team and a good declaimer. She was pep leader during football season.

James Welch: State Farmer in the FFA. James is second vice president of this district in FFA work and is a very good student in school.

Oleta Sparks: Yes, she is busy. She is none other than Mr. Graves' secretary and it does some work for the other teachers.

Faye Zeibig: Pep leader in the Pop Squad, plays tennis, helps in the high school news, and is a good student in school.

Junior Nelson: Our star, he keeps all the Seniors money for us and encourages us to try to increase the amount. He plays bas-

ket ball and is good in public speaking.

DECLAMATION CONTEST

The High School Declamation Contest for the girls was held Tuesday morning in the High School auditorium. Seven girls participated in the contest. They were: Lenagene Green, Helen Harwell, Daphyn McClure, Marjorie Bradford, Marie Wells, Lavoyce Lefevre and Bessie Short. The judges were, Miss Cora Carter, Mrs. L. A. Andrews, and Mrs. Boman. Lenagene Green and Daphyn McClure tied for first place, and Helen Harwell received second. The declamations were "How Much Land Does A Man Need?" and "International Understanding."

OUR REGRETS

Due to the death of his grandfather, Mr. Foster has been absent from school. We sincerely miss him.

Miss Patton has been absent from her English classes the past week, due to illness. We will welcome her back gladly.

DEBATE DENOTES

Friday afternoon the girls' debate teams held a debate to help determine the representatives in the district meet. Daphyn McClure and Dorothy Flesher won the debate. They will debate Thursday afternoon to work off the tie with Verne Joy and Frances Johnson to definitely determine the representatives. May the best team win.

SENIOR ROLL CALL

Sam David Russell, president of the class for the past two years; James Whitfield, vice president; H. D. Nelson Jr., secretary and treasurer; nicknamed Shanya, and life of the class; Robert Brice Fitzgerald, reporter, nicknamed, Benny Fitz; Dorothy Nell Beggs, loyal member to the class; Marjorie Izetta Bradford, short blond; Cecil D. Carroll, boy with the car; Mary Frances Bruce, one of the peppiest girls in the class; Carl J. Connell, class red head; La Veta Jane Taylor Davis, quiet girl of the class; Lettie Elizabeth Eubank, tallest member; Jim Hill Erwin, heaviest member; Evelyn Evans, on the typing and tennis teams of the senior class; Zelma Ferguson, smartest member of the class; Dorothy Flesher, debater, on news staff; Leo Edward Gafford, ball player, always talking; June Opal Garrett, girl with the car; Julia Bell Erwin Gibson, a very likeable member; Lenagene Green, member of news staff; Thomas Chippie Griffin, short blond, works in drug store sometimes; Kenneth S. Halbert, FFA member; Helen Harwell, one of the best dressed girls in class; Faye Hart, one of largest girls in class; Ava Mozelle Hough, one of the quietest girls in class; Raymond Joy, football player, quiet and dapper; Albert S. Kenner, one of the quietest boys; Lala Daphyn McClure, editor of high school news and pep leader; Oma Floy McLain, shortest member of class; Bob B. Middlebrook, always seeing what someone else is doing; Granville Mullins, one of the heaviest, and one who loses his books; Marguerite Lewis, another large member, blond, good in Homemaking; Mary Ermine Owens, another short, but likeable girl; Edward Roark, tennis champion of class; Guyton Webb Sikes, very quiet and timid for a senior boy; Bessie Elizabeth Short, short curly headed; Alexander Sokoloff, very ambitious boy and smart in his work; Oleta Lovina Sparks, blond, very likeable; Maggie Larkville Starnes, tall, slender, and quiet at times; Gordon Thomson, active member of class, tall, and good looking; Reid Thompson, short, very quiet type; James A. Welch, another very loyal FFA member; Marie Wells, curly headed, short, and has a way with the boys; Faye Zeibig, last but not least, very lively and member of press club.

Mr. Foster and Miss Yeats are proving to be very good sponsors for us this year and we wish to thank them. When we are having our entertainment we can always count on them to be there with their fun and jokes.

ALL IMPORTANT

The Seniors have done something very important. Yes, it is the election of most handsome boy and most beautiful girl, and the best all round girl and the best all round boy. Miss Oma Floy McLain was selected the most beautiful of all senior girls; Jim Whitfield as the most handsome boy, and Miss Marie Wells was selected the best all round girl, while Sam Russell is the best all round boy. These students do not only excel in these outstanding things but they are ideal students.

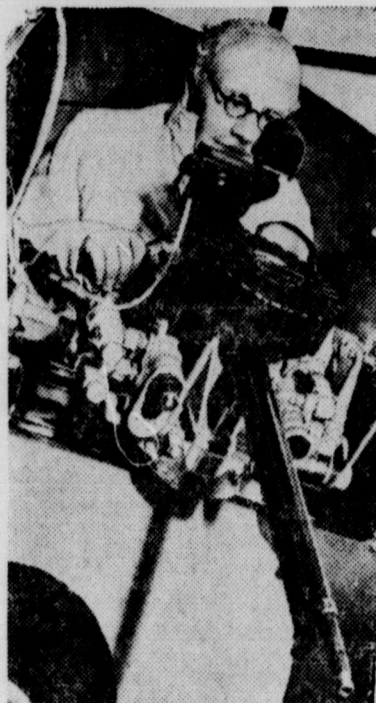

1940 WILDCAT EDITOR

In a meeting of the Press Club Monday Wilma Jo Lovelady, an up and coming young lady, was elected to the editorship of the 1940 Wildcat. Lois Pickett was elected assistant editor. CHS students will have a very good paper next year.

BASKETBALL

Coach Grady Graves has selected four teams to play for the championship of the school. He divided the teams up equally and much excitement has been aroused in CHS over the games to be played. The championship team will be determined by the winner of the double round robin series to be played, which started Tuesday. A manager for each team has been selected as follows: Mr. Foster,

LE EARNS HOW

Sir Kingsley Wood, British at minister, operates an automatic at moured fire position in a Tolworth England, aircraft plant. The unit are being installed on fighters' planes.

Redbirds—Junior Nelson, Murphy Solis, John Lee Orr, Que Meason, Ted Crosnoe and M. Diggs. Mr. Myers' Snipers: B. Fitz, J. Fitz, H. C. Brown, W. D. Hudgens, Rusty Russell and R. Flesher. Pat McDaniels' Bearcats: Dick Smith, Tom Andrews, Charles Nelson, Ed Roark, Ed Gafford and C. Davis. Coach Graves' Bluebirds: Cotton Owens, J. Haseloff, Sam Russell, Frank Dunn, Jimmie Williams and T. L. Owens.

Each team will play six games. The school is offering a prize to the champs. The games will be played on Tuesday and Thursday afternoons.

Here is the schedule:

- First Half Schedule: Bluebirds vs. Redbirds; Snipers vs. Bearcats. Bluebirds vs. Snipers; Redbirds vs. Bearcats. Bluebirds vs. Bearcats; Redbirds vs. Snipers. Second Half: Bluebirds vs. Redbirds; Snipers vs. Bearcats. Bluebirds vs. Snipers; Redbirds vs. Bearcats. Bluebirds vs. Bearcats; Redbirds vs. Snipers.

In The News 15 Years Ago

The items below were taken in whole or in part from the issue of The Foard County News of March 7, 1924.

Superintendent Re-Elected At a recent meeting of the Crowell school board, Professor R. C. Campbell was re-elected as superintendent for another year. Mr. Campbell has served in this capacity for the past two years and during that time the school has been greatly improved.

Brick Laying Starts With a half dozen brick layers on the job, Bob Belsher as foreman, the walls of the Ford Garage, being built by J. H. Self & Sons on the northeast corner of the square, began to rise Monday and the work has been going forward since.

Plans on Exhibition The drawing of the new \$40,000 school building which is to be erected at Thalia is in the window of the Owl Drug Store and is very attractive. It will be the best school buildings for a town of the size of Thalia in the county.

Takes Oil Agency Percy Ferguson has accepted the agency for the Texas Company and he is now actively engaged in handling that company's products.

Foard City Wins Foard City boys defeated the Crowell boys in a basketball game last Friday at Crowell. The score was 6 to 2 in favor of Foard City.

Do You Remember? (Taken from ad) When W. R. Womack advertised records carrying Al Jolson songs before talking pictures made him famous in an ad which stated: "Al Jolson is conceded the world's greatest black face comedian." When Claude McLaughlin owned and operated a service station in Crowell?

When Ferguson Bros. were featuring straw hat dye to make old straw hats look like new? The old Matthews - Crawford Grocery Co., The Crows-Long Hardware Co., Miller & Bain Grocery, the Russell Grocery Co., the Massie-Stovall Grocery Co.? When Crowell had two banks? When George Hinds was agent for the Pierce Oil Corp.? When McMillan & Swaim were dealers for the Chevrolet Company?

The formal opening of the millinery department of R. B. Edwards Co.?

Help Pave Streets In a letter to J. A. Stovall of the Massie-Stovall Grocery Company, L. J. Massie, owner of the Bell building here, stated that he was ready to help pave the streets of Crowell at any time.

New Refrigeraires To Be on Display March 16 and 17

Women no longer need to cover cooked foods placed in the refrigerator, according to C. R. Seale, local manager of the West Texas Utilities Company, who said an outstanding scientific and engineering improvement had been added to the 1939 frigidaire which will be introduced to the public here at a "premier showing" scheduled on March 16 and 17.

The new 1939 "Cold-Wall" model frigidaire represents a unique application of a scientific principle, provides uniform low temperatures, very high humidity, and eliminates moisture-robbing air circulation. "These three important factors have been added without adding a single moving part to the mechanism," Mr. Seale said. "Foods are kept naturally moist and vitally fresh longer than ever before, and without a cover of any kind, because these three factors are utilized in combination."

With the "Cold-Wall" model comes the first radical change in basic design since the first electric household refrigerator was placed on the market, he pointed out. "Actually," he declared, "cold walls of the cabinet play a dominating part in the protection of foods. The lower half of the cabinet is cooled by concealed coils within three walls of the refrigerator. The upper portion is separated from the lower portion by a solid glass shelf. In this upper section, cold air is permitted to circulate from a standard freezer unit. This, scientists say, is best for foods placed in containers or those not affected by air circulation. By means of this unit, ice cubes, desserts and cold storage facilities are retained.

The lower half, however, retards circulation because cooling coils entirely surround the compartment, all parts are equally cold, and, hence, there is no need of circulation. As a result, there is no drying out of foods. Atmospheric pressure is very high, keeping foods live and fresh and the old condition of flavors being carried from one food to another is reduced to almost nothing, thus virtually eliminating the need for covering dishes. Showrooms in the local office are being "dressed up" for the opening date and new models will be put on display immediately.

INTERESTING FACTS OF THIS AND THAT

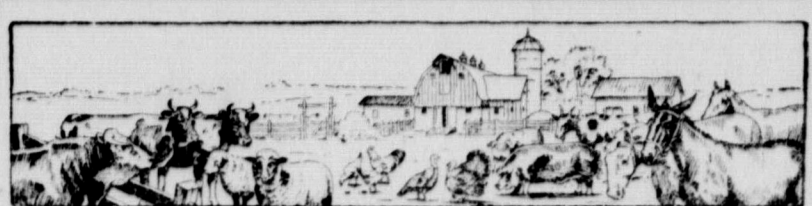

Asia is larger than the combined area of both North and South America.

The first postoffice in the United States was established in Boston. The area of Brazil, South America, is greater than the area of the United States.

China has the largest population of any country in the world. England is closer to New York than Los Angeles is to New York.

North America is a million square miles larger than South America.

Being careful is a habit just the same as being careless is a habit. Cultivate the careful habit and you remove the cause of most accidents.

Fried Chicken or Fat Pork

By T. C. Richardson, Secretary Texas Breeder-Feeder Ass'n.

Fried chicken is a luxury for which city people willingly pay high prices. Probably not one person in ten ever had enough fried chicken to get tired of it. For fies are able to buy it regularly after it passes through the hands of dealers and caterers, yet farm folks who raise it and can have it every Sunday and in between at a fraction of the money cost to city people, are too much inclined to treat fried chicken as luxury only to be served when company comes.

Whether you set the hens on their own eggs, hatch them in a home incubator, or buy baby chicks from the commercial hatchery, the cash outlay for raising a two-pound fryer is only a few cents. Any well-managed farm raises at least a part of the grain which chickens need, and for which they will pay a good price, either for home consumption or sale. The mash feeds required to balance the ration can be had in every town nowadays, and few farm "crops" offer as quick a turnover as the sixty days or so that it takes to bring a chick to maturity for market or home use.

It is nothing short of tragic that some farm families deprive themselves and their children of all the eggs and chickens they can eat and enjoy, sitting down day after day to fat pork shipped in from Wisconsin or Iowa. Of all people who ought to live well the farmer who produces the food is that one, and he lives well in just about the proportion that he grows what he can use at home without paying tribute to handlers, processors, haulers and merchandisers.

All these people render an essential service and farmers can no more do without the cities than the cities can do without the farmers. It is worth thinking about, however, that every dollar a farm family saves by producing for its own use is a dollar that can be spent for something else they cannot produce—some of the things farm folks too often do without because they are not indispensable.

Now the farm poultry business is different from the specialized poultry business in many respects. There is less cost, less risk of disease, less cash outlay all along the line. At the same time it brings returns for time and labor that would otherwise have no market, and since their time and ability is the principal thing many farm families have to sell, those who do not find some profitable activity for the hours not needed in crops, lose something that is irrecovable.

Besides the good eating there is always some kind of a market for the surplus, and many a farm flock buys the flour, coffee and other groceries which cannot be produced at home. If the market is low when the fryers or broilers

are ripe, housewives have learned to can the meat for future use or sale. I know a west Texas store which buys its canned chicken from the women's home demonstration club members in the community and sells it in chicken salad and sandwiches.

W. A. Painter, a tenant farmer in Hale county (Texas) rents a freezer-locker in town for \$10 a year. If the fryer, broiler or turkey market is down when his fowls are ready, he dresses them at home and stores them in the locker to be sold after the rush season is over. Mr. Painter also has built up a good business in dressed turkeys direct to customers in Dallas and Fort Worth, 300 miles away. "Where there's a will there's a way" is just as true as when it was first printed in the old Blue Back speller three generations ago.

THIS WEEK IN HISTORY

M. E. MISSIONARY SOCIETY

A called meeting of the Home Demonstration Council was held in the district court room Saturday, March 4. Mrs. Green Sikes of Margaret was elected chairman of the Council, then the new chairman appointed the following committees: Year book, Mrs. J. H. Ayers, Mrs. Verda Bell, Mrs. Rose Eubank; expansion, Mrs. Frank Gamble, Mrs. Floyd Borchardt, Mrs. A. Sandlin; exhibit, Mrs. Blake McDaniel, Mrs. Dave Solite, Mrs. Silas Moore; recreation leader, Mrs. Virgil Johnson; reporter, Mrs. A. L. Davis.

CO-LABORERS' CLASS

Mrs. Frank Flesher was leader of the lesson study at the monthly social meeting of the Co-Laborers' Class of the Methodist Sunday School last Thursday afternoon with Mrs. C. W. Thompson and Mrs. T. B. Klepper hostesses at the home of the latter.

Two books of the Bible, Lamentations and Ezekiel, were taught by Mrs. Flesher, assisted by Mrs. Jeff Bruce.

Following a business session with Mrs. Lewis Ballard presiding, several contests were provided by the hostesses.

Refreshments were served to fourteen members and two guests, Mrs. T. L. Hutchison and Miss Mary Ragland Thompson.

B. & P. W. CLUB

A lean purse, how to conserve your savings and brass tacks were the main subjects for discussion at a business meeting held by the B. & P. W. Club March 2. These topics were discussed by Myrna Holman, Mrs. Ila Borchardt and Gussie Todd. At the close of the business session Mrs. M. O'Connell paid a beautiful tribute to Miss Holman who is a charter member of the club and is leaving on March 15 to make her home in Washington County, and presented her a gift from the club.

Miss Lottie Russell, who has been forced to miss several club meetings since a recent automobile accident, was welcomed back. The social meeting for the month will be a Mad-Hatter Party on March 16, at O'Connell's Lunch Room, with Misses Lottie Russell and Mayme Lee Collins as hostesses.

OBSERVES BIRTHDAY

Mrs. N. A. Crowell was hostess at dinner Sunday in observance of her son's, M. F. Crowell Sr., fifty-sixth birthday.

Those present were Mrs. B. W. Crowell and sons, Frank and Ben Lee, of Wichita Falls; Miss Virginia Sue Crowell of Fargo; Mr. and Mrs. Marion Crowell, J. M. Crowell and Miss Katherine Crowell of Crowell.

FOARD CITY W. M. S.

The Foard City W. M. S. met on March 3 at the home of Mrs. Mark Morris. Mrs. J. M. Glover brought the devotional—subject, "Prayer." The program for the afternoon was "The Prophet Amos" from the book Amos, given and explained by pastor, Rev. G. E. Tyson. The next meeting will be on Monday, March 13, at the home of Mrs. Blake McDaniel.

The Methodist Missionary Society met for the regular World Outlook program and social meeting on Monday afternoon in the home of Mrs. Foster Davis with Mrs. Baxter Johnson as assistant hostess.

"Expanding Horizons in the Local Church" was the program subject and Mrs. George Self was leader. She conducted a devotional from Luke 4:14-22. Mrs. J. A. Stovall gave a splendid talk on the different ways of reaching people for Christ.

Mrs. Jeff Bruce told of the interesting church history of Asheville, N. C., where the Woman's Missionary Council will meet March 7-13.

The hostesses served a salad plate to fourteen members present.

The Bible study of the Missionary Society is having a good attendance and much interest is being shown. This study is under the leadership of Mrs. Hubert Brown. The new president, Mrs. Hines Clark, is urging that no phase of the work be neglected, in order that the organization may be a spiritual asset to the church.

Plans are being made to build a concrete curb around the parsonage and also to complete a side-walk around the property with money solicited from the church members a few weeks ago for paving purposes. Sufficient funds were not raised for paving so this money is to be utilized for the curb and walk.

COUNTY COUNCIL P. T. A.

The Riverside P. T. A. unit will be host to the County Council on Thursday, March 16, at 3 p. m., at the Riverside school.

At this meeting the nominating committee, which was appointed at the last meeting, will make a report, also a delegate will be elected to attend the district conference of Texas Congress of Parents and Teachers which is to be held in Electra in April.

A large attendance from each P. T. A. unit in the county is urgently desired.

QUANAH MAN GUEST SPEAKER AT GARDEN CLUB

The Crowell Garden Club will meet tomorrow afternoon, March 10, at 3 o'clock at the First Christian Church.

Mrs. Lynn McKown will lead a program on "Bulbs." Dr. W. A. Meek of Quanah will be a guest speaker and his subject will be, "My Experience with Iris." Dr. Meek is an adept in the raising of irises and roses and will also discuss rose culture.

Mrs. Clint White will give "The History of Garden Centers." The "Iris" committee will report at this meeting and also the committee on "Other Bulbs."

A question box will be featured.

FOARD CITY 4-H CLUB

The Foard City 4-H Club met Friday, March 3, with sixteen members present and Miss Myrna Holman and the sponsor, Mrs. G. M. Canup. Miss Holman made a talk and the secretary, Dovey Barker, made a talk and presented Miss Holman with a gift from the club girls and their sponsor. After the program refreshments were served to all present.

Denton A Cappella Choir on Tour

Forty-five voices strong, the picturesque Denton A Cappella Choir from the North Texas State Teachers' College will be heard in concert at the Wichita Falls High School auditorium Saturday, March 11, at 10:30 a. m., at the Quanah First Baptist Church Sunday, March 12, at 4 p. m., and at the First Baptist Church in Vernon Sunday, March 12, at 7:30 p. m., with all three concerts open to the public.

Under the direction of Dr. Wilfred C. Bain, head of the music department of the Denton Teachers' College, the Denton A Cappella Choir is said by critics to be one of the most dramatic and colorful musical organizations in the Southwest.

Trained to the precision of Prussian guardsmen, the 45 young men and women offer a performance that is exciting both to the trained music lover and the man in the street. From its programs audiences derive the same thrill that comes to the spectators watching any other finely balanced human machine in action—a crack battalion of troops on dress parade or a championship football team driving down the field toward victory.

The Denton Choir, dressed in purple velvet and white satin robes, move quickly to their positions in the phalanx formation in which they always sing. The conductor takes his position, and immediately the choir begins singing—opening its program with Franz Liszt's beautiful "Benedictus." They sing number after number, and each time there is no hesitation, and as far as the audience can tell, no clumsy "getting the pitch."

The result is a graceful performance in which Dr. Bain plays on his human "symphony of voices" with even greater precision and variation than a skilled organist. Bain guards closely as a professional secret his method of enabling his singers to start their programs without permitting the audience to discover how they receive their pitch.

FOARD CITY H. D. CLUB

"Eat below your income, dress according to it, and set your standard of living above it," is the recipe for a happy home as given by Mrs. Boss Johnson at a meeting of the Foard City Home Demonstration Club at the club house Tuesday afternoon.

Mrs. Johnson gave ten commandments for homemakers as follows:

- 1. Thou shalt make beautiful, keep clean and in order, thy home.
2. Eight hours a day shalt thou labor and do all thy housework and the other eight of thy waking hours, thou shalt attend to thy homemaking.
3. Thou shalt take a short vacation from thy household tasks.
4. Thou shalt guard thy health and the health of thy family with all thy might.
5. Thou shalt strive to keep thyself mentally alert.
6. Thou shalt at all times hold thyself in readiness to answer the call of thy family for friendship and companionship.
7. Thou shalt cultivate and encourage in thyself and thy family a sense of humor and the ability to play.
8. Thou shalt strive to make thyself easy to look upon.
9. Thou shalt not forget thy community.
10. Thou shalt not forget thy neighbor.

Mrs. Marlow gave an interesting discussion on "Making That Extra Bed," and Mrs. J. M. Glover told how to make several useful things in spare time. Roll call was answered with "A Kitchener Hint" by 12 members, one new member and two visitors. The club presented Miss Holman with a lovely fringed quilt as a token of love and appreciation of her work in the years that she has been here. After an hour spent in recreation the club adjourned to meet again March 21 at the club house.

Police found John J. Jones lying on a railroad track near Los Angeles, thought he was dead, and started for the morgue. In the way, John raised up and asked what was happening.

Conductor

DR. WILFRED C. BAIN

ROTARY CLUB

Frank Wendt, Rotarian of Quanah, gave the program for the Crowell Rotary Club Wednesday at noon. Mr. Wendt talked on the progress of new discoveries made by science in the past twenty years in the development of natural resources of the United States. In his opinion the surface has only been scratched and greater things will be accomplished in the next ten or fifteen years.

Chas. Webb, Rotarian of Altus, was a visitor.

Miss Holman

(Continued from Page One)

Miss Holman has proven herself one of the most outstanding and hard working agents Foard County has ever had, and her departure to a new field is accepted with regret, not only by the women of the county with whom she has worked, but by the public in general.

Miss Holman is well informed on home demonstration work and has contributed many articles and news items of interest to the columns of The News which have been greatly appreciated. She has taken active part in church work and other community affairs.

A brief resume of work done during Miss Holman's administration follows:

The major demonstrations on which work has been done are kitchen, bedroom, wardrobe, poultry, yard, family life, and various phases of the home food supply demonstration. Yard work has just begun and family life and poultry demonstrations were started last year. During the past two years 244 kitchens have been improved as a result of the kitchen improvement demonstration. In addition to kitchens, 200 bedrooms, 93 living rooms, and 60 other rooms have been improved.

In home food supply work almost one-half million quarts have been canned, much emphasis has been placed on nutrition and food requirements, and progress made in better food preparation methods. The women are learning to beat the weather through the use of hot beds and frame gardens and seed selection.

Over 100 demonstrations have been established in homes over the county—demonstrations in clothing, home improvement, food supply and other phases.

Two thousand meetings have been held by the agent with total attendance of over 50,000. Home visits were made, over 10,000 phone calls were made, over 10,000 letters written, 1,500 news stories published, 15,000 bulletins distributed. At least 80 per cent of the rural population of the county has been contacted in some way each year. Thirteen women's and girls' organizations exist now in the coun-

Project Show

James Welch: 1st place, farm equipment, \$1.00; 1st place, cured meat, \$1.00; 1st place, brown eggs, \$1.00; 2nd place, farm equipment, 50c; 2nd place, cured meat, 50c; 3rd place, farm equipment, 25c; 3rd place, cured meat; 3rd place, weaning pigs, 75c; 4th place, grain sorghum; 4th place, Brown Leghorn hen; 4th place, weaning pigs, 25c.

Margaret All-Stars Win Oklaunion Cage Tourney Saturday. Margaret's all-star quintet, the West Texas Gingers, won the Oklaunion basketball tournament last Saturday night by warding off a last quarter rally by their final opponent, the Vernon Phillips team, to win by a score of 42 to 37.

After a tight first half which ended 18-all, the Margaret lads struck a scoring stride that carried them into the lead by 12 points, 35-23, and coasted through the final period to ring up a victory over the Oilers and at the same time win the tournament.

J. S. Owens, forward, and Clyde Russell, center, tied for scoring honors for the Margaret team and were named as most outstanding players in the tourney. The Margaret line up with points scored is as follows: Taylor, forward, 0; O. G. Russell, forward, 6; Owens, forward, 10; Smith, forward, 4; C. Russell, center, 10; Graves, guard, 8; Malone, guard, 4.

These are located at West Side, Vivian, Foard City, Good Creek, Riverside, Gambelville, Margaret and Thalia. Girls' clubs functioned at Black and Gambelville as long as the enrollment was sufficient. These clubs have an enrollment of 260, are well organized, and have active demonstrators in each phase of the work, thus carrying on in a fine way "Make the Best Better."

Every town has a lot of fine things that might be done except for a few selfish individuals.

An Open Letter to the People of Foard County

To the Club Women and Girls:—You've been a grand group to work with and I have enjoyed every minute of it. You have progressed rapidly and have established good demonstrations. You will continue to do so, I am sure. Many thanks for all the lovely things you have done and said.

To the Business Men, Teachers and People of Crowell and the County:—Not once has co-operation been refused and it has been given cheerfully and without the necessity for handling with "kid gloves."

To the Rural People Who are not Club Members:—I have been glad of every opportunity that you have given me to help and am sorry that you did not call on me more. Give your next agent a chance to help you—that is why she is here and that is what she wants you to do. Let her know your needs as there is only one of her and it will take her a long time to get to each of your homes.

To All of You:—I feel very much at home in this county and sincerely regret to leave but am thinking of the future and since you will have a good agent here soon, do not feel that I am harming you. Thanks for everything and best wishes for happy, successful years with lots of rain and few grasshoppers.

Most sincerely, Myrna Holman, Co. Home Dem. Agent.

pigs over 100 pounds, \$1.50; 4th place, pigs, 25c. Que Meason: 2nd place, capon, 50c; 2nd place, pigs over 100 lbs., \$2.50; 3rd place, baby beef, \$3.00. Alton Cavin: 1st place, pigs over 100 lbs., \$4.00; 1st place, white eggs, \$1.00; 3rd place, canned goods, 25c. 4th place, canned goods.
