Crowell Wildcats Win Hard Fought Football Game from Quanah Indians Day Night by Score of 20 to 12

Quans Farm Output

It was an inspired tribe of Indians that the Crowell Wildcat football team defeated in Quanah last Friday night by the score of 20 to 12. Playing their first home game, the Indians were rather stubborn in defeat. The Wildcats, with a slight let down from their lopsided victory over Paducah the previous week, were slow about getting started. However, due credit should not be withheld from the Cats, because they looked good at times and came from behind twice to win the well-earned victory from the Class AA team.

Quanah cashed in on a Crowell fumble to take possession of the ball on Crowell's forty yard line and on running plays, they scored in the first two minutes of play. The extra point try was wide. The Wildcats pulled themselves together and behind perfect blocking Albert Bird raced fifty-two yards to pay dirt before the quarter ended. Bird kicked the extra point to give Crowell a 7-6 lead.

Quanah took the lead again in the second quarter when Jackson passed to Lockhart for twenty-five yards carrying the ball to Crowell's ten. After three running plays failed to carry over, Jackson passed again to Lockhart in the left flat for the score. Conversion for extra point was no good. Before the half was over, Crowell took the lead again. Bird passed to Halenack over center for twenty yards and the pint-size halfback raced the remaining twenty-five yards for a touchdown. Bird's kick for extra point hit the cross bar and fell back no good. The score remained 13 to 12 in Crowell's favor.

Quanah threatened twice in the third quarter carrying the ball to Crowell's ten and six respectively, but the Wildcats' line held. Another touchdown was set up for Crowell in the final period by another pass from Bird to Halenack that placed the ball on Quanah's ten yard marker. On three ground plays Bird crossed the goal line. A pass from Bird to Thompson in the right flat was good for the extra point, making the score Crowell 20, Quanah 12. The Wildcats gained possession of the ball and was deep in Quanah territory as the game ended.

Alton Roark and Harold Canup looked the best for Crowell on defense. (Continued on Last Page)

Mr. Self stated that more than 575,000 persons were trained in Red Cross First Aid in the past 12 months throughout the country.

"The United States can well look to Great Britain for an example of the value of First Aid training," he said. "Through Britain's corps of volunteer First Aid workers, much of the sting of the blitzkrieg has been relieved. In London and other British cities volunteer First Aid corps not only are saving lives; they are acting intelligently during the important minutes that count—while the doctor is on the way. Quick, intelligent treatment by first aid trainees is meaning to handle more cases per day in reducing air raid casualties."

American Legion Parade in Milwaukee

About 100,000 veterans of World War I marched before a cheering throng estimated at a million, in Milwaukee, Wis., in parade attending their twenty-third annual convention. Tens of thousands of people had poured into the city to view the spectacular demonstration. Above scene was taken as the parade passed the city hall.

Automatic Bottom Hole Pump Being Used on Well No. 6

The production department of the Texas Company is experimenting with an automatic electric bottom hole pump on Well No. 6 in the Texaco Field twenty miles west of Crowell in an effort to increase production.

Well No. 3, which has been a gas well for a number of years, is being re-conditioned and efforts are being made to make it an oil producing well. The well was drilled 1,000 feet deeper, but failed to find a lower pay. Cement has been set at the original production level.

NEW EQUIPMENT ADDED

New equipment consisting of new type and large figures to be used in setting advertisements, new molds and other repair parts necessary to put the News' linotype in an up-to-date condition, were installed last week. The new part were installed by the linotype operator, J. V. Robie, whose ability to install new parts and keep a linotype in operating condition exceeds that of the expert machinists sent out by the Linotype company.

PAINTING COMPLETED

The painting of the home of Mr. and Mrs. C. C. McLaughlin was completed last Thursday. White and Kidd, local paint contractors, did the work.

TO LEAVE FOR HAWAII

Lieut. Sam T. Crews, son of Mr. and Mrs. S. T. Crews, who has been stationed at Camp Wallace is here on a visit with his parents and friends before he leaves for Hawaii where he has had orders to report for duty. He will leave Sunday or Monday for San Francisco and will sail from there on October 11. Lieut. Crews is in the Coast Artillery Branch of the service.

Joe Eddy Jr. Is Seriously Injured in Auto Accident

Joe Eddy Jr., son of Mr. and Mrs. Joe Eddy of this place, was seriously injured in an automobile accident Monday morning between 12 and 1 o'clock about 12 miles south of Seymour. He had been at home for a visit and was returning to Camp Bowie at Brownwood when the accident occurred. He was alone in the car at the time and it seems there was no one near when the wreck happened. He was taken to a hospital at Olney at some time in the early hours of Monday morning, by a passer-by, whose name was not learned.

Mr. and Mrs. Eddy and family left for Olney immediately after receiving the news and have remained there at his bedside. He is reported to have a skull fracture, a broken shoulder blade, several fractured ribs and a punctured lung. The latest news as to his condition is that he is resting fairly well and that his condition shows considerable improvement. The car which he was driving, shows evidence of having turned over several times and is a total wreck.

Selective Service Men Should Travel Light, Director Says

Selective Service registrants en route to Army induction centers should "travel light," taking nothing but essentials so as to avoid inconvenience to themselves and to the armed forces. General J. Watt Page, State Selective Service Director, cautioned today.

One small bag should be sufficient to carry the things a selectee needs until he is given his equipment by the Army, the director said.

"If you wish, take a small bag with a few clean clothes, a few handkerchiefs, socks, soap, towel, and other necessary toilet articles. These are not essential, for you will be issued necessary equipment by the Army, but they may come in handy should there be any delay in your induction."

"Leave jewelry, large sums of money, and other valuables at home, for they may be easily lost. If possible, take a little spending money for such needs as you may have before your first pay-day. Take some postal cards or stationery and stamps, a fountain pen and an inexpensive watch if you have them."

FLOYDADA COMES TO CROWELL FOR WILDCATS' LAST PRACTICE GAME BEFORE CONFERENCE PLAY

Foard City Club Will Serve Banquet to Business Men

The Foard City Home Demonstration Club will serve a banquet to members of the Farmers & Business Men's Association on Monday night, Oct. 6, it was announced this week by Irving Fisch, vice president of the association.

Riverside School Shows Daily Average Attendance of 72.4

The Riverside school closed its first month of the 1941-42 session last Friday with an enrollment of 85 pupils.

Local Secretary of N. F. L. A. Attends Childless Meeting

J. C. Thompson, secretary-treasurer of the Crowell National Farm Loan Association, who attended a conference of NFILA secretaries in Childress, Wednesday, said that Texas farmers and stockmen are enjoying the highest price levels for their products since May, 1930.

Although crops are spotted, conditions are reported generally good. The Federal Land Bank of Houston reports improved collections this year. It has been able to reduce its inventory of real estate during the past 12 months due to a lively demand for farms.

The land bank has made more than 40 per cent more new loans thus far in 1941 than for the same period in 1940. This gain was said to be due largely to activity in land and refinancing under favorable terms and interest rates.

It was pointed out at the conference that the Federal Land Bank of Houston has extended a total of \$411,000,000 in long term farm mortgage credit through land bank and land bank commissioner loans in 24 years; more than a fourth of all borrowers have repaid their obligations in full, proving the success of the land bank system goal of helping farmers and ranchers pay out of debt.

The secretary-treasurer expressed the belief that the land bank system has been a stabilizing influence on land values by holding the basis for loans to normal agricultural values and by judging repayment ability according to normal prices.

The associations and their land bank are advocating a plan which permits payments on obligations in advance to build up a cushion against lean years and at this time they are able to permit an offset in interest on advance payments.

To Fly for R. A. F.

Peter G. Lehman, 24, son of Gov. Herbert Lehman of New York, who enlisted as pilot in the Canadian R.A.F. Peter volunteered with the full approval of his parents.

DEATHS

Howard Lee Jamison, infant son of Mr. and Mrs. John H. Jamison, on Sept. 29.

PROBABLE STARTING LINEUPS

The probable starting lineups for the Crowell Wildcats and the Floydada Whirlwinds, non-conference game in Crowell Friday night, October 3, at 8 o'clock, are as follows:

No.	Floydada	Wt.	Position	Wt.	Crowell	No.
2	F. Bradford	135	Left End	160	Smith	60
19	N. E. Tyler	178	Left Tackle	210	Owens	99
4	H. Kennamer	145	Left Guard	150	Roark	83
20	V. Boteler	180	Center	148	Archer	89
6	G. Fawver	160	Right Guard	150	Vecera	73
5	R. Warren	162	Right Tackle	192	Canup	87
14	H. Sparks	161	Right End	180	Thompson	90
16	E. Rutledge	135	Quarterback	154	Bird	75
13	J. D. Morrison	151	Left Half	136	Halenack	35
17	M. Ross	150	Right Half	138	Cauthan	25
11	J. Rushing	162	Fullback	160	Spears	55

Crowell Reserves

Linemen—Pierce 93, 143; White 65, 152; Taylor 80, 160; Erwin 70, 192; Hunter 63, 139; Sallis 95, 109.

Floydada Reserves

Linemen—R. Baxter 24, 260; E. Patterson 18, 161; C. Gray 9, 145; H. Hinson 7, 132; J. Cotway 15, 149; D. Battey 8, 147; D. Fyffe 21, 140.

Officials

Al Duncan, W. T. S. T. C., (Turkey), referee; John Smith, McMurry, (Benjamin), umpire; George Ray Colvin, W. T. S. T. C., (Turkey), headlinesman.

FSA LOANS COMPLETED

Final papers relative to the purchase of two farms in Foard County were filed with the County Clerk during the past week, by Julian Wright, local administrator of the Farm Security Administration. These farms were purchased under the Tenant Purchase Plan by Richard C. Johnson and Glenn S. Shook.

MARRIAGE LICENSE

Ray Lewis Van Winkle and Miss Geneva Beil Holloway, Sept. 27.

As National League Pennant Is Clinched

This soundphoto shows the Brooklyn Dodgers en masse, as they arrived at their dressing room after defeating the Boston Braves 6 to 0 at Boston. By so doing they clinched the National League pennant. It was a nip and tuck race with the St. Louis Cardinals, but the boys beat the St. Louis team out—and are they pleased!

The Floydada Whirlwinds will be the opposition for the Crowell High School football team Friday night at Wildcat Stadium. The game is scheduled to start at 8 o'clock. This will be the last practice game for the Wildcats before they start Conference play.

Very little is known about the strength of Floydada as their first game with Slaton was rained out. Littlefield defeated them 9 to 7 last week at Littlefield. Coach Murry has only six lettermen from last season but, in this group is J. Rushing, the crack quarterback that dealt the Wildcats so much trouble at Floydada last year. Crowell won that game, 13 to 6, however the Whirlwinds tied the Cats in yardage gained.

These clubs have split in other games played between them, Floydada winning in 1936, 7 to 0, and Crowell winning in 1937, 32 to 20.

Due to a wet field, the Wildcats have only been able to work out twice this week, but, in these practice periods, Coach Graves has been able to iron out several flaws that showed up in the Quanah game. All of the Crowell boys are back in tip-top shape, including Dewitt Cauthan, who was forced out of the game last Friday night due to a foot injury.

Crowell's proceeds of this game will be used in buying new uniforms for the Wildcats.

Old-Age Assistance Checks Will Be One Day Late This Month

Beginning with September, monthly checks for old-age and survivors insurance benefits will reach beneficiaries one day later than before, according to announcement made today by R. L. Surles, manager of the Wichita Falls office of the Social Security Board.

"We make this announcement," Surles explained, "so that people who have been receiving benefits will not be worried because the September check does not come on the day it would otherwise be expected."

Rainfall for Week Amounts to 2.2 Inches

A rainfall which started Sunday morning in light showers has continued throughout the week until the total amount as registered at the Crowell State Bank, is 2.20 inches. Heavy, steady rains continued throughout the day, Tuesday. This has put a temporary stop to cotton picking but wheat prospects are made brighter by the rainfall.

BIRTHS

To Mr. and Mrs. John H. Jamison, a son, born Sept. 27, at Foard County Hospital.

To Mr. and Mrs. James Loyd, a son, James Travis, on Sept. 27, at Foard County Hospital.

Mr. and Mrs. A. L. McWilliams visited her parents, Mr. and Mrs. R. Huskey, of the Thalia community Sunday.

Mr. and Mrs. Bill Pechacek and family of near Vernon visited in the home of Mr. and Mrs. R. L. Pechacek and family Sunday afternoon.

Mr. and Mrs. John Carter of Crowell visited in the home of Mr. and Mrs. Sherman Nichols and family Sunday afternoon.

Mrs. A. T. McWilliams visited her sister, Mrs. Weldon Hays, of Crowell Monday.

Mr. and Mrs. Sherman Nichols

Texas Senator Will Speak at State Fair National Defense Day

Dallas, Sept. 29.—With plans virtually complete for National Defense Day at the State Fair of Texas on Sunday, Oct. 12, more than 150,000 persons are expected to hear the stirring address of Senator Tom Connally of Texas.

As chairman of the powerful foreign relations committee of the United States Senate, Senator Connally is expertly qualified to deliver an address befitting the occasion, intended and destined to be the greatest patriotic gathering ever held in the Southwest.

R. L. Thomas, general chairman for the event, announced that National Defense Day at the Fair has been planned to "foster unity among the people of Texas and to bring this state solidly back of President Roosevelt in his administration of foreign affairs. Since the president issued his 'shoot first' order, we believe that our boys who are on the firing line deserve the full support and backing of the people of Texas."

Gov. Coke R. Stevenson will introduce Senator Connally at ceremonies scheduled to begin in the State Fair's huge Cotton Bowl at 3 p. m. The 45,000 seats of the Cotton Bowl are expected to be filled for the address, while loud speakers, distributed over the Fair grounds, will bring the talk to 100,000 or more others. Radio will carry the address throughout the State and Southwest.

Scores of civic and patriotic organizations in every section of the state have heartily endorsed National Defense Day and many of them will send groups to attend the ceremonies. Invitations to participate have been extended to 500 military and veterans' organizations, including the American Legion, Veterans of Foreign Wars and units of the Texas Defense Guard. An effort is being made to have Lynn U. Stambaugh, new national commander of the American Legion, come here for the celebration.

Large advertisement for the 1942 Ford. Text: 'For 1942—a Beautiful New FORD "6" OR "8"'. Includes an image of the car and descriptive text about its features: 'In these unusual times we invite you to inspect an unusual new car—new in its beauty, its comfort, its choice of two fine 90 horsepower engines, 6 cylinders or 8. See it and you sense at once that here is new style that will stay good for years. On a lower, wider chassis, we have designed new long, low, wide and modern lines. Interior treatment is entirely fresh, distinctive, pleasing. The beauty of this Ford will more than hold its own in any company. Inside, the car is big—wide across the seats, generous in knee-room, leg-room, elbow-room. On the road this year you find the "new Ford ride" still further advanced in its softness, quietness, steadiness and all-round comfort.' Ends with 'Ford NOW ON DISPLAY' and 'New 1942 Ford on Display Friday and Saturday! SELF MOTOR COMPANY'.

Wait on the Lord; be of good courage, and he shall strengthen thine heart: wait, I say, on the Lord.—Psalm 27:14.

It now develops that the prized Norden bomb sight supposed to be a carefully guarded secret in this country, has been in the hands of the Germans since 1938. It was secured from this country through a clever spy ring. The news comes as a shock to many as does the other news showing the extent of operation of this spy ring in this country, the freedom of their movements and the amount and nature of the information furnished Germany. It has all come out since the arrest and hearing of sixteen alleged spies brought about by the F. B. I. The reaction of the man in the street is that this country needs to employ as a part of its enforcement agency an efficient firing squad. We are too careless, and too indifferent, and too easy going for our own good. The guilty parties, will, in all probability, be let off with a light prison sentence.

The parents who teach their children the common little courtesies, when and how to say, thank you, and excuse me, please, have done more for them than they realize or the children realize. It is these simple little courtesies that make the way easier all through life.

Because of a shortage of leather, shoes are being made of straw in Germany. These straw shoes sell for \$8.50 a pair. The soles last from four to six weeks and resoling costs \$1. The supply which is 2,500 to 3,000 pairs a month is exceeded by the demand.

It is estimated that food supplies being furnished England by this country under the lease lend arrangement are running around \$2,000,000 a day with monthly shipments totaling 250,000 tons.

Labor day cost six hundred lives in the highway traffic accidents. A high price to pay for a week-end holiday.

The Commerce department reported the other day that income paid out to individuals in July represented an annual income rate of \$9 billion dollars, the highest on record. The highest mark reached by national income just before the depression was \$4 billion dollars. It has been the belief of the administration that if national income could be brought back to this point the depression would disappear. The desired mark has been reached with some to spare. It will soon be known for certain whether or not the income goal sought by the administration the past several years will result in the passing of the depression. The hope is general that this is one guess that will not go astray.

It used to be that country school children would walk a mile or two to school and think nothing of it, but nowadays if a boy attending high school has to walk six blocks he has to have a car. Is the race becoming less sturdy and less energetic?

More than 500,000 Nazi Storm Troopers have been scattered through South America in the conspiracy to "Nazify" the entire continent.

A worker in a defense industry strikes and gets higher wages. A soldier in the army strikes and gets thrown in the guard house. Why?

In the average small town nothing ever receives quite the critical inspection that is given the new school teacher and the new preacher's wife.

Being merely a critic doesn't require much intelligence. Intelligence is required to point out a better and more practical way.

A boy's danger period begins when he discovers that he knows more than his father.

James Tanham Has Been Selected As Texas Co. Vice-Pres.

James Tanham, assistant to W. S. S. Rodgers, president of The Texas Corporation and The Texas Company, has been elected a vice president of both companies. Mr. Rodgers announced this week. Torrey H. Webb, vice president and general manager of The Texas Company (California) was elected a vice president of The Texas Corporation.

Mr. Tanham, born in Brooklyn, N. Y., and educated in New York City, entered business as an office boy with a wholesale optical company and entered the service of The Texas Company in May, 1919, as a stenographer. He was made assistant to the president in 1933.

Mr. Webb, a native Californian, was graduated from The School of Mines, Columbia University, in 1917, and became an engineer for The California Petroleum Corporation in 1926. In 1928, when The California Petroleum Corporation became The Texas Company (California), Mr. Webb was made assistant to the vice president of that company. In 1936, he became vice president and general manager and retains that position, but in addition now becomes a vice president of The Texas Corporation.

NEWS ITEM: SUBCONTRACTING SPREADS DEFENSE PRODUCTION TO THOUSANDS OF SMALL PLANTS.

What We Think (By Frank Dixon)

For the past several months the country has had called to its attention frequently by Harold Ickes, the administration's petroleum co-ordinator, that the east faced a shortage of petroleum products, due to the fact that a number of coast wise tankers which had furnished oil to the east from gulf ports, had been transferred to England.

The shortage of petroleum products, said to exist in the east, has been estimated to range from 174,000 barrels a day to 380,000 barrels a day. Both of these figures, however, are purely estimates and are not based on any survey or facts.

To take care of this shortage Petroleum Co-ordinator Ickes urges that a pipe line be built to the east connecting it with the nation's oil fields and with existing pipe lines.

When the pipe line was proposed, J. J. Pelley, president of the American Association of Railroads, appeared before a senate investigating committee and stated that the railroads could put 20,000 idle tank cars into service that could transport 200,000 barrels of petroleum products a day to the eastern seaboard. Mr. Pelley also stated that in an effort to relieve the situation, and in consideration of the opportunity to handle business of this amount, the railroads were willing to reduce the freight rate 50 per cent.

It was also pointed out that the proposed pipe line would cost \$80,000,000 and would consume a vast amount of steel. Because of this fact the priorities board asked that construction of the pipe line be held up until more complete investigation can be made.

It is further pointed out that the line could not possibly be completed within a year and for that period the east would be compelled to rely upon other sources of supply. It is believed that if these sources can furnish sufficient petroleum products for a year they can continue to do so indefinitely.

With such facts as are at hand the proposal by Mr. Ickes appears most impractical at this time.

There is an admitted shortage of steel. It exists to the extent that drives are being contemplated to clean up junk piles and salvage the steel that industry may continue in operation and that there may be sufficient for defense needs.

The railroads, it is known, have 20,000 idle tank cars made for this very purpose and need and would welcome the business.

The common reaction to Mr. Ickes proposal is that under the circumstances all existing facilities should be employed and even strict rationing of gasoline resorted to before the proposed pipe line should be built.

Unless this is done the wisdom of the petroleum co-ordinator's office is going to be brought in serious question the country over, and confidence in it largely destroyed, if this has not already been done.

Governor Proclaims Fire Prevention Week to Begin Oct. 5

To All To Whom These Presents Shall Come: Whereas, the prevention of fires is of vital importance to the success of the nation's tremendous defense effort; and

Whereas, defense orders are taxing to capacity an increasing number of industries and any curtailment of production because of fire becomes a very serious thing; and

Whereas, throughout its history the State of Texas has suffered an enormous loss in lives and property due to fire; and

Whereas, statistics on fire reveals that the "cause" of fires, to a large extent, can be controlled by intensive education and intelligent law enforcement; and

Whereas, all citizens of Texas are desirous of retaining the low insurance rates which have been promulgated by the Board of Insurance Commissioners as a result of the faithful practice of fire prevention measures; and

Whereas, due to the national emergency now existing, the preservation of human lives, and in the interest of sound economy as relating to fire insurance cost, it is the patriotic duty of every citizen of Texas to aid in the prevention of fires; Now, therefore, I, Coke Stevenson, Governor of Texas.

Farm Program Supports Cotton Price, Fred Rennels Says

College Station, Oct. 1.—Near parity prices being received by farmers for their cotton are a result of the over-all farm program, Fred Rennels, assistant AAA administrative officer in Texas, pointed out this week.

"The cotton picture still isn't all rosy," the AAA official said. "We have a tremendous carry-over of cotton, a year's supply over and above this year's production. Most of our foreign markets still are cut off by the war. Exports in the year just ended didn't amount to much more than a million bales, and prospects for the current year are not much better."

Since the government has guaranteed a minimum price for cotton this year with the 85 per cent of parity loan, the Texas cotton farmer knows when he takes his bale to market approximately what he will receive and he knows the price will be fair, Rennels said.

"I hesitate to think what the price of cotton would be without the loan," he continued. "I know the cotton farmer realizes that the price he is getting for his cotton is based on the loan, and I know he realizes, also, that without the full operations of the farm program, the loan would be impossible."

Rennels pointed out that cotton farmers this year probably would be asked again to vote upon cotton marketing quotas as a means of adjusting the cotton supply to demand. Government loans cannot be offered in any crop year in which quotas are rejected by the growers.

Rennels cited a recent speech by I. W. Duggan, director of the Southern division of the AAA, in which the director pointed out that because of the large carry-over of American cotton in this country and the large stocks of cotton in the outside world, the price of American cotton would be exceedingly low in the absence of the AAA program.

son, Governor of the State of Texas, do hereby proclaim and designate the week beginning October 5, 1941, as

Fire Prevention Week

and I earnestly call upon the citizens of Texas, particularly civic, school, patriotic, and municipal organizations to emphasize the danger of fire and to encourage the adoption and enforcement of fire prevention rules and regulations in an organized movement to lessen the disastrous consequences of fire.

Attest: W. J. Lawson, Secretary of State.

In testimony whereof, I have hereunto set my hand and caused the official seal of the State of Texas to be affixed hereto on this 13th day of September, A. D. 1941.

Signed Coke R. Stevenson, Governor of Texas.

INTERESTING FACTS OF THIS AND THAT

On an average of 3,160 one-room one-teacher schools are abandoned each year in this country in favor of consolidated units which offer more training advantages for pupils in the elementary grades.

During the month of August individuals and corporations purchased tax anticipation notes in the amount of \$1,037,000,000. The notes are good for the payment of next year's taxes and draw a small rate of interest.

Iran, formerly Persia, has an area of approximately 628,000 square miles, a vast portion of which is desert. The last official estimate of population made in 1935 is 15,000,000 of which 3,000,000 are desert nomads.

TEXAS AND NUTRITION

College Station, Oct. 1.—Drafting of a state-wide nutrition program will be an objective of the next meeting of the Texas State Nutrition Committee scheduled in Austin October 13 and 14. The state program will be aimed at an adequate diet for all Texans and will call for all-out co-operation of the state's citizenry.

Arrangements for the meeting were made by an executive group of the committee at a recent session on the University of Texas campus. Miss Mildred Horton, chairman of the state committee and vice director of the Texas A. & M. College Extension Service, says several nationally known authorities in the field of nutrition are being invited to speak to the committee's 75 members. General and sectional meetings will be open to visitors.

Among features of the program will be a symposium on nutrition problems in Texas directed by Dr. Ercel S. Eppright, head of the home economics department of the Texas State College for Women. Another symposium will be devoted to making food available to all Texans by overcoming handicaps in production, and distribution. T. R. Timm, Extension Service economist in farm management, is chairman of the sub-committee responsible for this feature.

During the second day's program a group of Austin people, under the direction of Dr. Bernice Moore, sociological director in home making education for the State Board of Education, will take part in a panel on techniques in nutrition education. Outstand-

Radios are advancing fast. Buy now, save further advances.—W. R. Womack.

Mr. and Mrs. John Long and son, John Clark, went to Henrietta Wednesday afternoon on account of the illness of Mrs. Long's father, Ed Bomar. Mr. Bomar has been removed to a hospital in Wichita Falls. Mr. Long and John Clark returned Wednesday but Mrs. Long remained to be with her father and mother.

The six months' guarantee on radio batteries is withdrawn—none will be made good after 4 months.—W. R. Womack.

James Braswell has accepted a place in The News office to learn the printer's trade. He is a senior in Crowell High School and will carry on his studies in school in addition to his duties in this office. Ray Davis has accepted the place as assistant to G. V. Walden at the Santa Fe depot, which was formerly held by James.

Just received lots of beautiful furniture, platform chairs and rockers.—W. R. Womack.

Mr. and Mrs. Ed Brown had as their guests last week and over the week-end their daughters, Mrs. E. L. Hopkins of Chicago, Ill., and Mrs. O. W. Chapman of Amarillo. Also, Mrs. Hopkins' daughter and son-in-law, Mr. and Mrs. W. O. Coffey of Dayton, Ohio, and Mrs. H. H. Coffey of Richmond, Ind. Mrs. Chapman's two children, Billy and Geraldine were also here. Friday, Sept. 23, was Mrs. Brown's birthday and the family gathering was to honor her on that occasion.

Improved full size Beauty Rest (Simmons) mattresses \$39.50, Bell's Pride \$29.95. Others \$13.50 to \$19.95.—W. R. Womack.

A card from Mrs. O. K. Woodall from Washington, D. C., states that the Texas Delegation of REA superintendents, about fifty of them were in Washington for the convention and a large number of them had their wives with them and that they were enjoying the trip very much. The REA men from Texas were dressed in cowboy regalia and were attracting much attention. Mr. Woodall is one of the number and he and Mrs. Woodall are from Littlefield. Mrs. Woodall, the former Miss Minnie Logan, was reared in Crowell.

Butane underground tanks, bottles and regulators for them are hard to get. We have enough for a while. See me soon.—W. R. Womack.

HERE FROM CALIFORNIA

Mr. and Mrs. C. S. Taylor of Yuba City, Sutter County, Calif., are visiting Mr. Taylor's sister, Mrs. T. W. Cooper, and husband of the Vivian community. They are also visiting Mrs. Taylor's brother, Otis Watson, of Paducah. Mr. and Mrs. Taylor are former residents of Foard County, leaving here 18 years ago. They will visit the State Fair at Dallas before returning home.

Lots of inlaid linoleum on hand. Lay it now.—W. R. Womack.

Dave Irwin, who almost lost his life in a daring trek by dog sledge across the North Pole several years ago, will present the Eskimo

Constantine A. Oumansky, Soviet ambassador to the U. S., arrives at the White House for a conference with the President and Secretary of State Cordell Hull. It is believed they discussed the Chief Executive's radio address to the world.

Fred Priest, who has recently completed a mechanical course in the Army Air Corps school at Chanute Field in Rantoul, Ill., and who has been visiting his parents, Mr. and Mrs. W. A. Priest, of the Margaret community, left Wednesday for New York. He will go from New York to Puerto Rico, however, the time he will sail is indefinite.

Several beautiful studio couches just received.—W. R. Womack.

VISIT RELATIVES

Mr. and Mrs. J. W. Cook, accompanied by Mr. and Mrs. Albert Dunagan, went to Gainesville last Saturday morning where they visited Miss Frances Cook, who is ill in a hospital there. Miss Cook is night supervisor at the hospital but has been quite ill, however, she is improving. From Gainesville they went to Whitesboro where Mr. and Mrs. Dunagan visited relatives and friends. Mr. and Mrs. Cook went to Sherman and visited Mrs. Cook's sister, Mrs. Ettie Gregory and to Sadler to visit another sister, Mrs. Shelby Brooks. These three sisters visited another sister, Mrs. Phil Shearer, in Durant, Okla. They also visited the Denton Dam. En route home, they made a short visit with Mrs. Minnie Barnes, a fourth sister of Mrs. Cook at Gordonville.

Mr. and Mrs. Dunagan attended a home-coming of the Dixie Baptist Church, five miles north of Whitesboro. Mr. Dunagan was reared in that community. They also visited in Sherman.

Bath room heaters \$2.20 to \$6.50 each.—W. R. Womack.

WILL MOVE TO CHILDRESS

Jimmie Ashford, employee at the Crowell Service Station for over 13 years, has accepted a similar position with the Brown Service Station in Childress. He and his mother, Mrs. Eva Ashford, will move to Childress Sunday and he will assume his new duties Monday morning. The Ashford home in the west part of Crowell has been rented to Edwin Greening and family.

In 1817 the United States purchased Alaska for \$7,200,000. At the time of the purchase those opposed to our acquisition of this tract of land comprising 584,000 square miles referred to it as Seward's folly. In 1940 commercial shipments from Alaska to the United States totaled \$63,245,000.

Village on the Midway of the State Fair of Texas. Included are a complete Eskimo family of father, mother and children, and dogs, sledges, bears, and the implements by which people of the farm north eke a living from nature.

The motorcycle scout shown in this photo demonstrates how he would act if an "enemy" plane attacked the truckload of supplies he was escorting during third maneuvers at Camp Polk, La. The soldier quickly dismounted and set his automatic rifle into play against the plane.

Stock Pens for Chuck Wagon Gang Rodeo Are Taking Shape

Wichita Falls, Sept. 3.—Stock pens were taking shape at the Spudder Baseball Park here this week, as the Wichita Falls Chuck Wagon Gang built the chutes and pens for their first annual rodeo, to be held Oct. 17 and 18.

Modeled after the Colorado Springs, Colo., rodeo grounds, the Spudder Park layout will include eight releasing chutes, not counting one calf chute.

Officials of the Chuck Wagon Gang sent Herbert Voelcker, Wichita Falls architect, to Colorado Springs to copy the pens there and draw plans for the Spudder Park grounds.

Specifications also call for the construction of 1,500 bleacher seats to augment the 3,500 grandstand seating capacity that will be open for the matinee and evening shows, Oct. 17 and 18.

Through Wagon Boss Harley Goble, the Chuck Wagon Gang this week invited cowpokes of West Texas and Southern Oklahoma to be on hand for the two-day competition for which \$1,100 in cash has been posted for prizes. The rodeo will be strictly for amateurs.

ROTARY CLUB

Dr. R. L. Kincaid was speaker for the program of the Crowell Rotary Club Wednesday at noon. Dr. Kincaid's subject was "Leadership and Liberty," and proved very interesting to the club members and visitors present.

Hubert Brown was leader of the program.

Rotarians C. H. McClellan of Wichita Falls and Joe Anderson of Quanah were visitors.

Buy your radio now.—W. R. Womack.

WE WONDER—

"(If Davidson writes one, just add this one to it)." Unquote!
 This, my dear reader, is a fair sample of what the editor has to contend with practically every week. Ah, but stay, we cannot allow ourselves to be drowned in self-pitying tears while the ocean of news lies unexplored before us. We wonder!

If Travis Vecera and Ruth Cates liked walking to town from the railroad and how the bicycle ride, afterwards, was.

If Bill Owens is having a hard time finding himself a steady.

If Paul Vecera and Evelyn Flesher really hit it off together. (In other words, like to go together).

Why W. P. Hord acts like a two year old—is it really his age or just a way of getting along with "some" girls. (Sounds catty to the Editor).

Why Lee J. Stout can't get his nose out of the air long enough to get acquainted with the kids of CBS. Down deep, he's a swell person to know.

If J. T. Hughton and Charlie Thompson will ever grow up.

If June Billington is sick from picking cotton or is it heart burn.

Why John Rasor and John Carter can't be just a little older and about two feet taller.

Why all boys with blonde hair are so conceited. (What's hair got to do with it?)

Why Jean Orr wasn't with a certain boy Saturday night, and why she was with another boy.

If seven certain girls ever get

tired of riding around. It seems that two of them left the brood for a little while. (What for?)
 Why Billy Smith and Billy Nichols were holding hands walking down the street.
 What makes it turn cold on Sunday?

Why such a column isn't left out of a high school paper.

THE INK I SPLATTER (A Transome Pecker)

"Hoes"
 (Ho)n. An agricultural tool for cutting weeds; v. t. to cut, or till, with a hoe; clear from weeds.

This is a hoe according to Webster, which to me is very limited. To be frank with you, I think there are many more types of hoes and many more uses other than, as Webster puts it, to cut, or till or to clear from weeds.

Take the type of hose brought into such prominence by our national defense, ladies' hose. They are in several forms; silk, nylon, cotton, lisle, two, three, four, five, six, seven, eight, nine, ten, (no I'm not mad) thread hose. These, my friends, are not for cutting weeds as you well know.

Then there is the garden hose. These are made by taking a long hole and wrapping rubber around it. With this tool we water weeds, not cut them. If we take a smaller hole that isn't quite so long and wrap rubber around it we find that we now have a gas hose which, if it leaks, runs up your utility bill to no end.

Cab Caloway made famous another type of hoe. This hoe, as

you probably have guessed by now, is the hi-de-ho. This ho is used by the alligators and hep-cats to cut rugs and not weeds as Webster would have us believe.

Surely you remember the poem where the good fairy says: I quote "Woodman, Woodman, spare that tree, touch not a single bough." However the Editor tells me that was an ax the woodman was using and not a hoe so I guess we ought to drop the poem right now.

And then there's the tongue-tied boy who swore up and down that there was a hoe in the old oaken bucket.

I see that my mother is looking for someone to cut weeds in the garden, so dear reader, I'm going to run and hi-de-ho.

SCANDAL

Some of the teachers of Crowell are turning out to be regular bowlers. Miss Cogdell, Miss Patterson, Miss Beville, and Miss Motley were all playing five pin. It appeared that Miss Motley had a left curve that was really something. The teachers bowled from four o'clock until dark.

Travis Vecera has been courting Ruth C. Cates regular for some time, now.

Mary Edwards had two boy friends at the game Friday night. Right behind her sat —, and beside her sat Bill Owens.

W. P. Hord is having a hard time making his final decision. He keeps Winifred talking all the time, and steps out with Jean.

Marjorie Davidson and Charlie Thompson were out shining one night last week.

Butch (Richard) Carroll appears to be spooning with Margaret Shirley.

Cecil Parkhill is starting the year off right with a red head, Darnelle Morrison.

John Carter is holding his own with Ada Jane Magee.

Bobby Joe Hunter and Jo Ann Gentry are still making eyes at each other.

H. L. Blevins is making a few passes at Billie Nichols. But we believe Bill Smith can hold his own.

Somebody tell us next week, whether or not John Rasor and Mildred Marlow have still got the fever.

JOKES

Joyce was learning to dress herself.
 "Mother," she said one morning after a period of prolonged bewilderment, "I think you'll have to button this dress for me because I can't. The buttons are behind and I'm in front."

The teacher had called for sentences using the word "beans."
 The response was rapid.
 Bright boy of the class: My father grows beans.
 Another pupil: My mother cooks beans.
 Third pupil: We are human beans.

Uncle Charlie was very stout, but he was kindhearted and a great lover of children.
 "Come here, Mabel," he said to his little niece one day. "Come sit on Uncle Charlie's lap."
 "I can't," said Mabel. "Your stomach's sitting on your lap."

First Old Maid: I shiver every time I think of a handsome young man kissing me.
 Second Old Maid: And here I been thinking you had St. Vitus dance all these years.

Two men were hotly discussing the merits of a book. Finally one of them, himself an author, said to the other: "No, John, you can't appreciate it. You never wrote a book yourself."

"No," retorted John, "and I never laid an egg, but I'm a better judge of an omelet than any hen in the state."

Vecera: Did you know Pat is playing end guard on the team this year?
 Thompson: End guard?
 Vecera: Sure, he sits on the end of the bench and guards the water bucket.

Mr. Myers: (trapping on the desk). "Order, please."
 Truman Taylor: "Pepsi Cola for me."

A school teacher one day, during the hour for drawing, suggested to her pupils that each draw what he or she would like to be when grown up. At the end of the lesson one little girl showed an empty paper.

"Why, Jean," said the teacher, "isn't there anything you would like to be when you grow up?"
 "Yes," said Jean, "I would like to be married, but I don't know how to draw it."

Mr. Foster: When water turns to ice, what is the greatest change?
 Richard Carroll: The price, sir.

Mr. Graves: Have you a good head for figures?
 Bobby Spears: No, as soon as I see a good figure I lose my head.

Coach Graves: My wife had a dream last night and thought she married a millionaire.
 Mr. Myers: Your lucky, mine thinks that in the daytime.

LOOKING ON (By a looker oner)

How do some girls manage—I mean looks as if Jean Orr has controlling interest in the southern boys (Truscott to you) at the present. The way she walks down the hall with Howard Lee and then she was escorted by W. P. Hord to the Press Club picnic.

Speaking of Press Clubs (who

\$750,000 Fire in Boston Area

Photo made from Boston & Maine railroad freight yard in Charlestown, Mass., shows clouds of smoke billowing over freight cars. All Boston police and firemen on duty or off were called to the scene, as were coastguardsmen from the navy yard. Apparatus from six adjacent cities aided. There were five casualties, and the loss was estimated at \$750,000.

mentioned it) from all reports the picnic was a success, at least we found out that Editor Billington was a good sport (as if we didn't already know it).

Boo, Tra La La, squeak, yeah, it's the band class (can't say that they sound very good yet) but just wait until they have a little more practice, then they will make us sit up and take notice. I say more power to them.

Isn't Travis Vecera a little bitsy thing? But I hear tell he wants to play football, says he can do anything his brother, Paul, can.

What was that peculiar smell in the upper hall one day lately? Ask Virginia Mabe or Genele Nelson.

The Floyd County Rural Electric Co-operative at Floydada recently was allotted \$152,000 by the REA to build 216 miles of lines serving 389 members in Crosby, Dickens, Floyd and Hale counties.

Your Horoscope

September 29, 30.—You love your home, worship your father and mother and have much family pride. You consider yourself equal to anything, are determined, fearless and bold. You are a foe to pretense and sham.

October 1, 2.—You have an affectionate, happy, sunny disposition. In business you are shrewd and smart, but honest and reliable. You are fond of sports and games.

October 3, 4, 5.—You are fair and just in all your dealings, willing to pay all you owe, and want all you earn. You are careful in money matters, a good trader and successful in most of your undertakings. People have confidence in your judgment and integrity and are quite willing for you to advise them. You are methodical, energetic and trustworthy.

Dental Defects Rank First As Cause for Rejection of Draftees

"Nothing in recent years has more graphically called attention to the seriousness of the American dental health problem than the present defense crisis," said Dr. Geo. W. Cox, State Health Officer.

"The figures of the National Draft Board show that dental defects rank first as cause for rejection of draftees. Nineteen and one-half per cent of young men examined at army induction centers are rejected because of dental defects.

"These figures reveal the inadequacy of our dental health programs during the past generation and the public's inertia toward this vital phase of health. If this problem of dental health is to be solved, it must be done at its source, which is the child.

"From surveys made by the United States Public Health Service, of two million school children throughout the United States, it is estimated that ap-

proximately ninety per cent of our elementary school population are in need of dental care. To solve this problem the public must be aroused to the gravity of the status of dental health and its effect on general health. This should be accompanied by an intelligent, effective dental health program in our schools, impressing both child and parents with the importance of dental health.

"Since the health of a community is a community problem, the aid of all civic and welfare organizations in the community should be enlisted to carry out the program of dental health. It is only in this way that we can bring our children to adult life free from the devastating effects of untreated dental defects which influence their physical, mental, and social being. It will also contribute to his usefulness to the community and better enable the individual to assume the responsibilities of citizenship, whether in time of war or peace."

Premiums ranging from 2 to 5 cents per dozen of eggs were received by members of the Nacogdoches Egg Marketing Association from May through July.

FOR DEFENSE

BUY UNITED STATES SAVINGS BONDS AND STAMPS

SALE AT YOUR POST OFFICE OR BANK

AMERICA ON GUARD!

Above is a reproduction of the Treasury Department's Defense Savings Poster, showing an exact duplication of the original "Minute Man" statue by famed sculptor Daniel Chester French. Defense Bonds and Stamps, on sale at your bank or post office, are a vital part of America's defense preparations.

This Week In Defense

Navy Ships

Fourteen new ships were launched in "Liberty Fleet Day" ceremonies held at shipyards on Saturday, Sept. 27, at Baltimore, Md.; Los Angeles, Calif.; Richmond, Calif.; Portland, Ore.; Quincy, Mass.; Chester, Pa.; Kearny, N. J.; Pascagoula, Miss.; Seattle, Wash.; and Wilmington, Del. The Navy announced launchings of the battleship Massachusetts, three minesweepers—Summit, Guide, and Idean, and the submarine chaser PC515.

Aid to Britain, Russia

The Navy Department announced 15 British and Free French warships currently in United States ports, and said 12 others already have left U. S. ports where they had put in for repairs or supplies. The War Department said 10 officers and enlisted men of the British armored corps are studying American methods at the Army Armored Force School at Fort Knox, Ky. Treasury Secretary Morgenthau announced the Soviet Government has already repaid in gold "a little more than half" of the \$10,000,000 advanced by the U. S. Treasury to Russia in August.

Production

Assistant Attorney General Arnold, speaking at Yosemite, Calif., said "there is not an organized basic industry in the U. S. which has not been restricting production... to avoid what they fear may be ruinous overproduction after the war... They have concealed shortages by over-optimistic predictions about supplies..."

Mr. Arnold also said "a few strategically located labor unions" were costing the American consumer one billion dollars a year through labor restrictions on production by strikes and boycotts for illegitimate purposes, price fixing, restricting labor-saving devices, elimination of small competitors and other operators are "tying up huge industries in the struggle to determine which of two unions shall dominate the field."

Small Business

Director Odlum of the OPM Contract Distribution Division announced between 100 and 200 offices to help small shops and businessmen get defense work will be opened soon. Already scheduled offices in Hartford, Conn.; Providence, R. I.; Youngstown, Dayton and Columbus, Ohio; Indianapolis, Ind.; Rochester and Albany, N. Y.; Portland, Me.; Springfield, Ill.; Springfield, Mass.; Trenton, N. J.; Wichita, Kan.; and Spokane, Wash. Existing offices at Harrisburg, Wilkes-Barre and Allentown, Pa., will be enlarged and the present 39 offices of the abolished Defense Contract Service will continue to operate, he said.

Mr. Odlum asked 56 major defense contractors to appoint "arming out" directors to cooperate in spreading defense work among smaller firms. He also announced defense contracts with the minimum were companies forced to abandon civilian production by shortages and priorities. Contracts such as these to avoid community hardship can be negotiated up to 15 per cent above minimum prices. Performance bonds can be waived and bid splits allowed to enable pools of small firms to obtain contracts for "bits and pieces."

Army Preparedness Status

Assistant War Secretary McCoy, speaking in Jackson, Mich., said the U. S. has an army and an

air force "in the sense that one is in process of production.... Some of its elements are prepared to meet any foe... Yet that army is just becoming an army..."

He said the army has its full amount of the fundamental weapons—rifles, bayonets, machine guns, artillery, grenades—but does not have its full equipment of light and medium tanks, anti-tank and anti-aircraft weapons. He said there is sufficient equipment for training but heavy production will not come until this winter or next spring. He said the Army has much to learn about the tank, plane and anti-tank-plane combinations and "we still have a long way to go in our co-ordination between air and the ground but we are beginning in earnest in Louisiana now."

He said plane production "at this time is still not satisfactory as a result of shortages in manufacturing facilities and essential raw materials but it is coming up." He said several U. S. planes far exceed any others in the world.

Priorities

Priorities Director Nelson limited production of spare parts for passenger automobiles and light trucks for the period September 15 to December 31, 1941 to 60 per cent of the number sold during the first six months this year. SPAB said it will extend to American industry assistance in obtaining repair parts.

Anti-Axis 'Black List'

The State Department added 200 South American firms and individuals to the original Anti-Axis "Black List" of 1,800 names and deleted 65 names where corrective action had been taken since July 17. The new additions included "Air France" and "Lati," a French and an Italian airline, and the German news agency "Transocean." Firms placed on the blacklist are automatically deprived of American oil and gasoline and other supplies from this country.

Agriculture

Agriculture Secretary Wickard told Northeastern farm leaders and agricultural workers Britain will need between now and June 30, 1942, cheese, evaporated milk and dried skim milk that will require processing of more than 4 1/2 billion pounds of milk; a billion and a half pounds of pork and lard; about 500 million dozen eggs; 18 million pounds of poultry meat, and quantities of tobacco, vitamin-rich fruits and vegetables. He said the British need a minimum of \$1,000,000,000 in food between now and February 28, 1942.

SPAB announced special attention will be given provision of equipment necessary for expanding dairy production to meet domestic and British requirements. The Agriculture Department said total income from farm marketings will reach \$10,000,000,000 in 1941.

Prices

Labor Secretary Perkins said food prices continued to rise during the first half of September with biggest increases in pork chops, lard, eggs and milk. Price Administrator Henderson said eviction proceedings had been begun by "unscrupulous" landlords in various parts of the country against tenants who complained or threatened to complain of rent increases to their local rent committees.

CITATION

The State of Texas, County of Foard,

To those indebted to, or holding claims against the Estate of Mary Susan Lilly, Deceased:

The undersigned having been duly appointed executor of the Estate of Mary Susan Lilly, Deceased, late of Foard County, Texas, by Leslie Thomas, Judge of the County Court of said County on the 22nd day of September, A. D. 1941, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present said claims to them within the time prescribed by law at Crowell, Foard County, Texas, where they receive their mail, this the 22nd day of September, A. D. 1941.

A. W. LILLY, T. F. LILLY, Executors of the Estate of Mary Susan Lilly, Deceased. 15-4tc

for member banks by about one-seventh, to the present lawful limit. The Board said the action will not prevent credit for defense needs and all legitimate requirements.

Treasury Secretary Morgenthau announced his staff has started work on legislation to limit corporation profits to six per cent of invested capital for the duration of the emergency. He said the profit motive in war ought to be eliminated entirely. He said the move would also head off the inflationary trend.

Farm Credit Administration Governor Black asked a Washington meeting of leading farm lenders to prevent a speculative boom in farm real estate such as brought bankruptcy to thousands of farmers after the World War. He suggested:

(1) Basing all appraisals in connection with loans on normal values; (2) impressing present borrowers with the wisdom of using higher income available now to payment of existing debts; (3) encouraging savings to meet future debts; (4) avoiding fostering speculative increases in production without discouraging necessary shifts and increases.

Women and Army Morale

Mrs. William P. Hobby, Chief of the Women's Section of the War Department, speaking in New York, said "Let us stop talking about the hard lot of the enlisted men. Every possible provision for the welfare of our soldiers is being made as quickly as is humanly possible. Let us also stop the 'Oh, you poor thing, so you're in the Army away from your family and friends'... Keep your handkerchief in your pocket. Instead, invite him home to meet your sons and daughters."

Selective Service

Selective Service Headquarters asked local boards to assure college students who are not expected to be called for service before the middle of the college semester they will be granted postponement until they finish the semester. Students preparing for essential defense occupations, Headquarters said, should be deferred.

According to census figures, the average acreage per farm in the United States in 1940 was 174, compared with 154.8 in 1935 and 156.9 in 1930.

CHURCHES

Christian Science Services

Each Lord's Day—Bible classes at 10 a. m. Worship service at 10:45 a. m. Evening service at 7 o'clock. Mid-week Bible class each Wednesday evening.

Crowell Methodist Church
There comes a time in every organization when it either goes forward to a greater future, or failing to measure up to its opportunity, finds the future promising nothing but certain decrease in its undertaking. We are conscious that civilization is today confronted with the choice of being more brotherly and thereby ushering in a new era or let time, hate and greed reduce our wonderful world to the level of barbarism, known to people of less culture. There is one institution that has its existence for the specific purpose of fostering "brotherhood." Neglect this institution and our best future is jeopardized, support it with your means and moral sanction, and our children will rise up to revere our good name and noble lives.

The Methodist Church of Crowell has seemingly been forced to bring the acid test on our loyalty, and her people have not failed her in this epoch making campaign. With the aid of every member to the extent of their unquestionable ability the "V." for Victory, can be flown in the breezes ere long. It can be done with your full cooperation but not without it. Your church is calling on you for your full co-operation.

World Communion Sunday: I have never known of a Sunday being set apart for this sacred ceremony in all denominations before. It is a timely service, and we want our church to co-operate in this observance Sunday, 11 a. m. Do you believe in Christ and are you given to his service, then confess your allegiance to Him Sunday in the observance of this Sacramental service. Loyalty to Christ is to prove ourselves 100 per cent Americans.

H. A. LONGINO.

SAFETY SLOGANS

In every fire there is an "if" that might have prevented it. You pay more for safety when you try to get along without it. A moment's carelessness often causes a life time of regret.

Remember—Safety first, last and all the time. The time to put out the fire is before you drop the match. A careless man thinks a fire is out—a careful man knows it is. Your life can be ruined by careless habits.

Turn on oven and set at moderate (375°F.). Sift flour before measuring. Knead with cinnamon, salt and soda. Fold raisins into flour mixture. Put soft butter in mixing bowl. Add brown sugar gradually, mixing until light and fluffy. Beat in egg vigorously. Add flour mixture alternately with mixture of milk and vinegar. Begin and end with flour mixture. Beat until smooth after each addition. Drop by teaspoons onto greased baking sheets. On half of cookies, sprinkle tops with equal portions of coconut. Bake on oven shelf slightly above center for 15 minutes, or until cookies are brown. Remove from baking sheet at once. Makes about 5 dozen.

Fruit Cookies
Broadcast by Mary Lee Taylor, September 25, 1941

1 1/2 cups all-purpose flour
1 teaspoon cinnamon
1/2 teaspoon salt
1/2 cup seedless raisins, halved
1/4 cup soft butter or other shortening

1 cup light brown sugar, lightly packed
1 egg
1/2 cup Per Milk
1 1/2 teaspoons vinegar
1/4 cup shredded coconut

Turn on oven and set at moderate (375°F.). Sift flour before measuring. Knead with cinnamon, salt and soda. Fold raisins into flour mixture. Put soft butter in mixing bowl. Add brown sugar gradually, mixing until light and fluffy. Beat in egg vigorously. Add flour mixture alternately with mixture of milk and vinegar. Begin and end with flour mixture. Beat until smooth after each addition. Drop by teaspoons onto greased baking sheets. On half of cookies, sprinkle tops with equal portions of coconut. Bake on oven shelf slightly above center for 15 minutes, or until cookies are brown. Remove from baking sheet at once. Makes about 5 dozen.

MESCAL IKE By S. L. HUNTLEY

Our Weekly Sermon

By Dr. Henry Ostrom, Member of Extension Staff, Moody Bible Institute, Chicago.

Views From Above

For centuries the view from above has been cherished by men of faith. But now the view is becoming widespread as travel in the air is popularized. It is a good find, as always, that the Bible is so far ahead of the times that

even in this regard it speaks straight home to us. I propose to select three, from the many views from above, in this miracle book. 1. Men as Grasshoppers (Isa. 40:22). Isaiah says "the inhabitants are as grasshoppers." This view first of all tells of the contrast in size of men and women as compared with worlds and spheres. But it also compares people to a pest. The comparison might have been made to humming birds or bees, but it would have been inaccurate. Of himself man is a pest. Uncontrolled, what ruin he can accomplish! His discoveries and inventions, his intelligence and prowess, even these can heap ruin on ruin.

2. Men as rebels (Luke 11:2). "They will be done on earth as it is in heaven," from the prayer the Lord taught His disciples, gives us the heavenly view of earth, and earth is here seen as willing what heaven does not will. Self-will amounts to perverse-will. From the frightened birds and beasts up to man, the habitual coward, whose wear and tear upon his nerves is largely worry about the future, you can trace this rebellious urge. Man cannot quite annul God's sovereignty, will, but he can oppose and personally reject it; and unless saved from his self-will, he comes to the rebel's doom. I ask you, are you on the altitude where your heart cries out that God's will may be done on earth? Do you positively long for heaven's way for yourself and the earth at large? Then you may date your rebel life as gone with the past; the cross of Christ has made you right.

3. Men can be as seers. (Isa. 40:29-31). "They that wait upon the Lord shall mount up with wings as eagles." They get the view from the upper heights, and therefore do not grow weary. It is like the airplane in contrast

Study British Needs

Maj. Gen. George Brett (left), army air corps chief, and Col. C. Haynes, noted army pilot, will tour Africa, the Near East and Mediterranean to study British air force needs. Data obtained will speed U. S. aid to the democracies.

with the car or carriage. With the latter the road ahead cannot be seen, but in the plane the view ahead is clear. No matter how difficult the way, if you wait for the Lord we may view it from the upper level, and can thus be sure of victory. Having the way charted we are devoid of the weariness that uncertainty produces; the view from above brings rest. We can see through to the end of the journey, and the end is glory.

About 150,000 pounds of aluminum were used last year to make wind and log bands for poultry in the United States.

County Federation Will Sponsor Book Review, October 9

The Foard County Federation of Women's Clubs will sponsor a book review at the Court House in the District Court room on Thursday afternoon, Oct. 9, at 3:30 o'clock. The proceeds of the review are to be used for the maintenance of the library.

Mrs. W. R. Potter of Bowie will present a review of the book, "Fabulous New Orleans," written by Lyle Saxon. The book is a best seller of 1940 and, it is said, has an especial appeal for all ages.

Mrs. Potter is well-known in Crowell, and has visited here on several occasions. She was, at one time, State President of the Texas Federation of Women's Clubs. She has a pleasing personality and a treat is in store for those who hear the review. She has reviewed this book in Fort Worth, Dallas and Stephenville and has been well received at each place.

All Foard County ladies and men, as well, are urged to hear the review, and, in this manner, assist in the up-keep of the library.

LIBRARY NEWS

The Foard County Library has recently been sent by Congressman Hon. Ed Gossett a package of valuable books and pamphlets from Washington, D. C. They will be available as reading material to

STEWARDS ENTERTAINED

Mr. and Mrs. Claude Callaway were hosts to the members of the Board of Stewards of the Methodist Church at their home on Tuesday evening with a turkey dinner. Following the dinner, a short business session was held and a social hour was enjoyed.

Mrs. Callaway was assisted in serving by her daughter-in-law, Mrs. Dan Callaway. The following were present: Rev. H. A. Longino, Dr. Hines Clark, J. R. Beverly, A. Y. Beverly, D. R. Magee, T. L. Hughston, H. E. Ferguson, Hubert Brown, M. S. Henry, J. P. Davidson, Jeff Bruce, Judge Leslie Thomas, T. B. Klepper and the host, Mr. Callaway is chairman of the board of stewards.

MARRIED IN CALIFORNIA

The Foard County News is in receipt of information concerning the marriage of Mrs. Minnie Whitley of El Cajon, Calif., to Bill Newman of El Cajon. Mrs. Newman is a former resident of Crowell and Foard County, having resided in and around Crowell for 25 years. She also has lived in Wichita Falls.

The marriage took place on Friday afternoon, Sept. 12, at the First Baptist Church at El Cajon with the pastor of the church, Rev. J. A. Marquam, performing the ceremony.

Mr. Newman is associated with the Bright Spot Cafe and the couple will reside in El Cajon. The bridal couple was entertained with an informal shower and luncheon party on the Sunday following their marriage by Mrs. Millie Hammond of San Diego, Calif. About twenty-five guests were present at the party and many gifts were presented to the couple.

Regular Meeting of County Council Held at Agent's Office

The Foard County Council met in the home demonstration agent's office on Saturday, Sept. 29, at 2:30 p. m. The two demonstrations to be carried on by the home demonstration clubs for 1942 will be dairying and wardrobe.

A committee composed of Mrs. John Ray, Mrs. Clyde Cobb, Mrs. S. E. Tate, Mrs. G. M. Sikes, Mrs. A. L. Davis and Miss Rosalie Fish is working up an exhibit of the wheat industry of Foard County to be placed at the State Fair of Texas at Dallas, Oct. 4 to Oct. 19. The home demonstration equipment was held at the County Club Sept. 3. Mrs. R. L. Kincaid gave a talk on Canada and Miss Mary Templen of Riverside, gold star girl of Foard County, told of her trip to the Short Course at A. & M. College in July. Games and swimming were enjoyed by the twenty-five women who attended.

Tours of the county by members of the home demonstration clubs will be held in the last week of October. Mrs. S. E. Tate, Mrs. Frank Cates and Mrs. Silas Moore were appointed as the committee for arrangements.

Mrs. A. L. Davis, delegate to the Texas Home Demonstration Association, which was held in Beaumont Sept. 3 to 5, gave a report of the meeting.

Quannah Game--

(Continued from Page One) fense, however, the entire club played exceptionally good ball after the first two minutes of the game. Dewitt Cauthan, a blocking back, helped Bird and Halencak in the ball carrying department by contributing several nice gains through the Indians' line.

Riley and Henderson in Quannah's line, and Jackson and Lockhart in the backfield stood out for the Indians.

Starting Line-Ups	Pos.	Quannah

Archer	Center	Henderson
Vecera	Right Guard	Riley
Canup	Right Tackle	Leese
Thompson	Right End	Putman

Substitutions for Crowell: Roark for Pierce; Erwin for Canup; and Kelton for Cauthan.

Fire Razes Whiting (Ind.) Gasoline Tanks

With the roar of a bombardment, terrific blasts rocked Whiting, Ind., as fire, raging through the Standard Oil company's gasoline refinery—largest in the world—exploded tank after tank. Loss was estimated at about \$100,000. One man was killed and more than a score injured. This picture, made from a plane, shows the fire at its height.

Showing of New 1942 Models Will Be Held at Self Motor Co. Show Rooms Friday and Saturday

New 1942 Ford models will be on display Friday and Saturday at the show rooms of Self Motor Co., it was announced this week by George D. Self, manager. Mr. Self attended the preview in Dallas last Tuesday.

According to Mr. Self, the most noteworthy improvement is in the appearance, both inside and outside. The grills are wide, long and polished steel, which gives the front view of the car a much wider appearance and enhances the lines in general. The safety running boards are completely concealed when the doors are closed, but make a safety step when open. The generous use of polished steel makes the car more beautiful than ever, Mr. Self said.

The interiors are done in new, beautiful two-tone materials which match and harmonize completely. The dash and instruments have been completely re-arranged. The new speedometer and clock are large and are balanced against a beautiful setting of plastics. A generous use of plastics is found in the interior of all cars. The vision is bigger than in some previous models and there is to be found as much as four and one-half square feet more of glass.

There will be four motors this year, the 90 H. P. 8-cylinder, 90 H. P. motor for all units, the 100

program. On our highways, in our homes, Red Cross trainees are taking a vital role in reducing the annual toll of accident deaths.

"Today increased employment in the defense industries is exposing additional hundreds of thousands to possible accidents."

Increased highway travel is precipitating need for the expansion of Red Cross Highway First Aid Stations and mobile units. During the last year, the number of stations and mobile units manned by Red Cross trained First Aiders rose to 6,844. Last year's total of deaths on the highway, through motor vehicle accidents, was 34,500, the largest in our history.

Some 30,000 volunteer First Aid instructors were on the active rolls of the Red Cross last year, it was pointed out. In the coming year thousands of additional instructors will be trained to teach First Aid to those in their communities interested in being able to act at the scene of an accident or emergency.

Latest of Red Cross home defense projects is the formation of First Aid Detachments. Mr. Self said. He pointed out that units are now being formed throughout the country in factories, office buildings, colleges and other centers where large numbers of persons work and live.

Emergency treatment of the injured, vital as it is in fighting the inroads of accidental death and serious injury, is but part of the Red Cross picture. Last year some 9,000,000 "check lists" were distributed as part of the Red Cross Home and Farm Accident Prevention program. By checking homes from attic to cellar with the Red Cross lists, householders were enabled to locate and remedy accident hazards ordinarily unnoticed until an accident occurs.

Registrants Over 28 Subject to Orders of Local Board

Although deferred by law from actual military training, Selective Service registrants who are now more than 28 years old must conform to orders from their local boards or be liable to penalties prescribed for delinquents, General J. Watt Page, State Selective Service Director, cautioned them this week.

While the amendment to the Selective Training and Service Act of 1940 recently adopted by Congress, precludes induction of men who were over 28 years of age or older on July 1, 1941, these registrants must still live up to the obligations imposed upon them by the Act, General Page said. They must keep their registration certificates with them at all times, and keep their local boards advised of any change of address.

Although registrants who were 28 years of age or older on July 1, 1941, must fill out questionnaires, General Page explained, when it becomes evident that they are deferred because of age, they will be placed in the proper deferred classification by their local boards.

It is intended, he said, that hereafter registrants who are deferred by reason of age will continue to be classified in the same manner as other registrants, except that those of such registrants who are being classified for the first time and who are not classified in Class I-C, Class IV, Class III, or Class II, will be placed in Class I-H. Those of such registrants who are classified into Class I or Class IV-E before becoming entitled to deferment by reason of age, will be placed in Class I-H and Class IV-E-H respectively upon becoming entitled to deferment by reason of age, General Page pointed out.

National Business Women's Week to Be Observed Oct. 5-11

To All To Whom These Presents Shall Come:

Whereas, the Business Women throughout the country will be celebrating the anniversary of National Business Women's Week this October; and

Whereas, it is fitting at this time to commend business women for the manner in which they have assumed the increased duties and responsibilities that came with the greater privileges and opportunities of the century; and

Whereas, the business women should be encouraged and urged to continue assuming the obligations of citizenship to the end that through the united efforts of men and women alike the problems of Democracy may be solved;

Whereas, the Business Women throughout the nation have adopted for study and action this year a program that will unify their efforts to "Strengthen Democracy for Defense";

Now, therefore, I, Coke Stevenson, Governor of the State of Texas, do hereby set aside and proclaim the week of October 5-11 as Business Women's Week and urge that it be fittingly observed in our State of Texas.

In testimony whereof, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin, this 24th day of Sept., A. D. 1941.

Coke Stevenson, Governor of Texas.
W. J. Lawson, Secretary of State.

Curtain Falls

Mrs. Sara Delano Roosevelt, mother of the President, who died in her home on the Hudson river, at Hyde Park, N. Y., at the age of 86. Mrs. Roosevelt, famed for her beauty in youth, was from an era of grand dames and dowager duchesses and she ruled her household in a regal manner. She was buried beside her husband, James, who died in 1900.

WEST SIDE H. D. CLUB

Mrs. Henry Ross and Mrs. Pearl Kamstra were the two new members to join the West Side Home Demonstration Club at the September 25th meeting at the home of Mrs. Lonnie Scott. Roll call was answered by naming the "most hospitable person I know," Mrs. Jack Roberts, Mrs. R. L. Kincaid, Mrs. H. K. Edwards and Mrs. T. B. Klepper were among the answers given.

Mrs. Sam Tate led the meeting and gave a demonstration of table setting and correct table service. Next meeting will be at the home of Mrs. Tate, October 15.

MARGARET 4-H CLUB

The Margaret 4-H Club met Sept. 26 at the school house. The following officers were elected:

Anna Laura Payne, president; Joyce Ann Middlebrook, vice president; Verma Mae Smith, secretary; Ruby Gene Pruitt, reporter. Coin purses were made of toweling and woolen thread, some blue and some red.

There comes a time to every man when he wishes that life were less complicated.
