Well High School Football Team to Open District Race Tonight at Holiday Conference Game with Holliday

The Crowell High School football team will open its district race tonight (Thursday) at Holliday against the Holiday Eagles. The Wildcats have the edge on the Eagles in pro-season games and will win this contest with little trouble. However, Grady Graves has worked hard this week and is expected to play plenty of opposition in their old rivals. Holliday played only two games this week and ended in a 0 to 0 tie and the Eagles came out on the short end of a 6-0 score with

Texas Company Will Give \$50 War Bond to Employees in Service

The Texas Company will play Santa Claus this year to the tune of a fifty dollar war bond for each of its approximately 4,500 employees in military service, it was announced this week by M. J. McGuigan of Wichita Falls, district superintendent. The bonds were purchased during the closing days of the Third War Loan Drive. Within a few days each Texaco employee on military leave of absence from the company will receive a letter from Texaco's president, W. S. S. Rodgers, reading in part as follows: "We are very proud of the Texaco men and women who are serving in the armed forces and earnestly hope for their early return. Meanwhile, you may be assured that we at home will continue to work toward a victorious peace which is our common goal. The Company is deeply appreciative of what you are doing in your country's service."

Commodities Selling Above Parity and Below Parity Listed

Commodities that are now selling above parity and those that are selling below parity, according to D. F. Eaton, county farm agent, are listed below. Those selling above parity are corn, oats, cotton seed, sweet potatoes, hogs, beef cattle, lambs, butter, milk, chickens, turkeys, eggs and wool. Those selling below parity are barley, cotton and peanuts. However, Mr. Eaton says, if the ceiling prices were raised some of the above commodities would sell for more. Parity, of course, varies from above to below and vice versa. Some people favor subsidies, others favor increased prices for farm commodities and higher prices to consumer.

Knitting Directions Must be Adhered to

Some of the mufflers turned in to knitting headquarters do not qualify as to width and length. They must be 9 inches in width and 54 inches in length when finished. If the knitter does loose stitching, the muffler should be 44 stitches wide, but if the knitting is tight, there should be 48 stitches cast on.

The printed directions must be followed more carefully in all cases and the garment must be measured by the prescribed scale before being turned in. The chairmen are asking for full cooperation on the knitting as there is a great amount of yarn yet to be made into garments, sweaters, mufflers, helmets, gloves and watch caps.

Crowell PTA to Meet Tuesday October 19

The local Parent Teacher Association will meet in the High School auditorium next Tuesday afternoon, Oct. 19, at 4 o'clock. Mrs. H. A. Longino will lead a sing-song. Mrs. Gordon Cooper will be program leader and will discuss "Freedom of Normal Home Life."

Bible Teacher to Preach at Truscott

R. C. Bell, Bible Instructor of Abilene Christian College, will preach at the Truscott Church of Christ on Sunday, Oct. 17, at the 11 o'clock morning service and also at the evening services at 8 o'clock.

Employed Full Time Pastor

Rev. A. C. Hamilton Jr. who, for the past seventeen months, has been pastor of the Baptist Churches at Margaret and at Rayland, is now full-time pastor of the Margaret church.

HOSPITAL NOTES

Foard County Hospital
Patients In:
A. D. Campbell
Fred G. Mitchell
Patients Dismissed:
Mrs. Earl Davis
Sam Bell
Roy Canup
Wanda James
Visiting Hours: 9:30 to 11:30 a. m.; 2 to 5 p. m.; 7 to 9 p. m.

Survive Parachute Jump Over Jungle

These civilians got a real taste of battlefield hardships when they jumped from their damaged plane over a Burma jungle. They tramped for 26 days through Burma before reaching safety in India. Left to right: John Davies of the state department, William T. Stanton of the Board of Economic Warfare, and Eric Sevareid of the Columbia Broadcasting system.

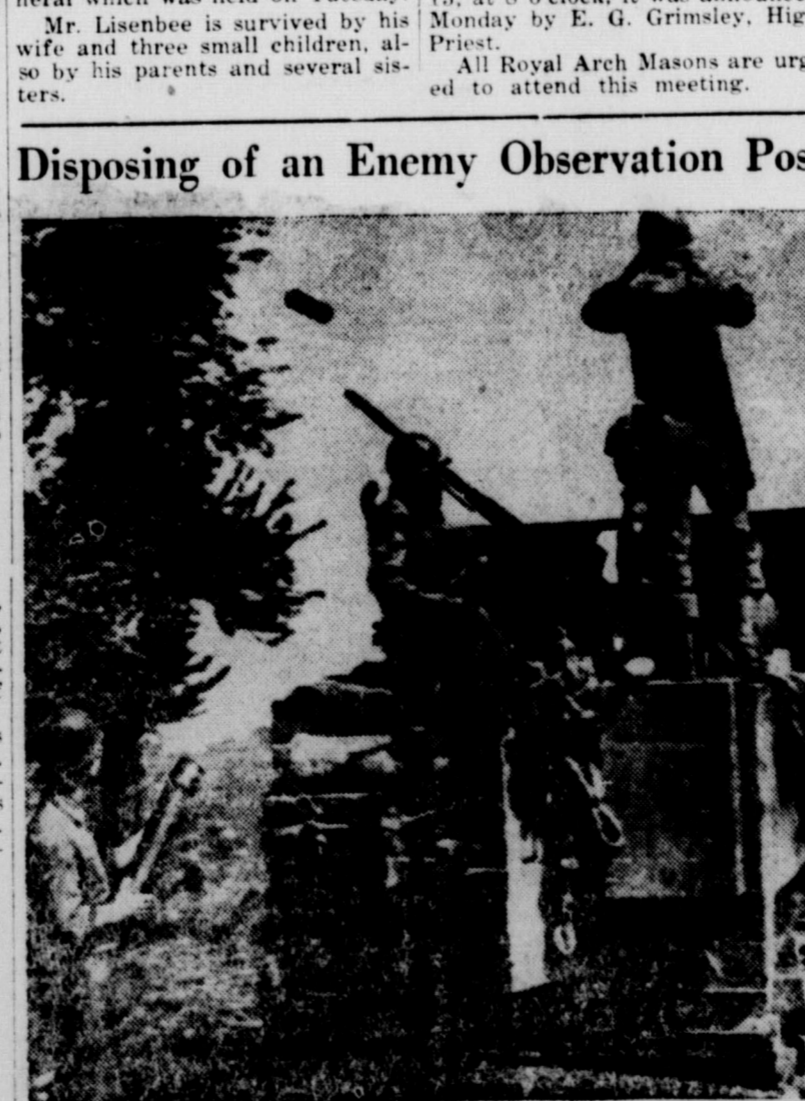

Registration for War Ration Book No. 4 Will Be Held at Schools of Foard County, Oct. 21-22, Starting at 8:30

Once again the school officials of Texas have been called upon to issue War Ration Books and in accordance with such request, Leslie Thomas, County School Superintendent, announces that registration for War Ration Book No. 4 will be held in Foard County on Thursday and Friday, October 21-22, at the places listed below:
Crowell School: This registration and issuance site will serve the people of Crowell, Foard City, Four Corners, Vivian, Black, Clay-tonville and Gambleville.
Thalia School: This registration and issuance site will serve the people of Thalia and surrounding vicinity.

Brother of Mrs. Clarence Ross Died in Matador

Lewis Lisenbee, brother of Mrs. Clarence Ross, passed away at Matador Sunday evening from injuries received in a car wreck near Matador Saturday night. The pickup driven by Mr. Lisenbee was struck by a truck.

Disposing of an Enemy Observation Post

A direct hit from this United States gun disposed of an Italian tobacco factory which was being used as an artillery observation post by the Germans. After successfully resisting desperate German attempts to defend Salerno, Allied forces steadily pushed northward toward Germany capturing strategic military and industrial towns.

United War Chest Drive to Open in Foard County on Nov. 2nd; Meeting Held Monday to Begin Organization

"I am as sure of the generosity of Texans on the home front as I am of the bravery of the Texans on the battlefield," Governor Coke R. Stevenson said in Houston Sunday night in opening the county war fund campaign of the United War Chest of Texas with an appeal over more than fifty radio stations.

Governor Stevenson, honorary chairman of the state war chest, and George A. Butler, president and campaign chairman, called on the people of Texas to subscribe nearly \$5,000,000 to USO, United States Service, War Prisoner Aid, and the fourteen other agencies of the National War Fund.

Scoreless Tie is Result of Junior Game Thursday

The Crowell Wildkittens, the reserves of Crowell High School football team, battled a stubborn Vernon Cub team, the "B" string of Vernon, to a 0-0 tie here in Wildcat stadium, Thursday night. These two teams were as evenly matched as any two elevens that ever played on the Wildcat sod. In the early moments of the game the Wildkittens took the initiative and after a long march engineered by Sandlin and Joy penetrated the Vernon 12 yard line. At this point, however, there was a decided turn of events. The Cubs threw back the Wildcat threat and pushed up-held to their own 40 yard marker. On a punt the local lads were pushed back deep into their own territory. This was the only serious Wildcat threat of the game although much of the game was played around the Vernon 35 yard line.

The second quarter was a punt-out in practically the same manner as registration and issuance of War Ration Book No. 2 as issued by the schools. It is absolutely essential that all applicants for War Ration Book 4 bring all War Ration Books 3 with them to the point of registration and issuance. At this registration and issuance, the application for such ration books will be completed by the registrar, so the only "MUST" will be that applicants bring War Ration Books 3.

ROYAL ARCH CHAPTER

The regular convocation of Crowell Chapter, No. 276, Royal Arch Masons, will be held at the Masonic Hall Friday night, Oct. 15, at 8 o'clock, it was announced Monday by E. G. Grimsley, High Priest.

Jim Minnick Will Have Horse Sale at Vernon Auction Barn

Jim Minnick will sell 125 head of mules, geldings, mares and colts at the Vernon Auction Barn, one mile east of Vernon tomorrow, Friday, Oct. 15. Mr. Minnick is disposing of all the stock he has in Foard and Knox Counties with the exception of four or five mares.

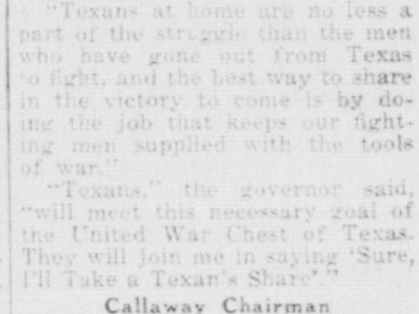

THALIA CEMETERY

Will Johnson, president, and Mrs. Cap Atkins, secretary, of the Thalia Cemetery, announce the following contributions for the upkeep of the cemetery:
Mrs. Mattie Ramsey \$5.00
Mrs. Nora Johnson 2.50
Mrs. Sallie Holder 1.00

1.12 INCHES OF RAIN

Rain which fell in Foard County last week and the week before amounted to 1.12 inches, according to the gauge at the Crowell State Bank. The skies have been overcast this week, but so far no rain has fallen.

Where Japs Lost

Bitter battles were reported in this area for possession of the port of Finschhafen and Wewak harbor. When the Japanese attempted to reinforce bases in this sector, Allied air fighters destroyed 38 enemy planes, seven surface vessels, and many supply barges. Many enemy planes were caught on the ground.

ROTARY CLUB

The program of the Crowell Rotary Club Wednesday at noon was in charge of Claude Callaway, the program consisting of an instructive talk by Judge Leslie Thomas on the United War Chest campaign that will open in Foard County on Nov. 2.

CEMETERY DONATIONS

Recent donations for the upkeep of the Cemetery are as follows:

Mrs. Sewell Roy	\$5.00
Roy C. Steele	5.00
Miss Lottie Russell	5.00
R. B. Lilly	5.00
Mrs. Lena Davis	5.00

Men in Service

Otis Berl Cavin, student in the Army specialized training program at Lafayette College, Penn., has successfully completed his first three months in basic engineering. He has been transferred to Virginia Technic Institute in Blacksburg, Va. for further training.

Ted Reeder has been promoted to sergeant and was assigned to the Medical Replacement Training Center at Camp Shelby.

Riley Griffin of Camp Livingston, La., is here visiting his parents, Mr. and Mrs. W. B. Griffin, and other relatives and friends.

Milton Callaway of Camp Wolters spent the week-end here visiting his parents, Mr. and Mrs. Claude Callaway, and other relatives and friends.

Clyde Eddy of Seattle, Wash., has been promoted to sergeant, according to information furnished by the News.

Sgt. and Mrs. E. T. Evans of Terre Haute, Ind., visited their parents, Mr. and Mrs. E. T. Evans, of the Vivian community last Tuesday and Thursday. Sgt. Evans is with a Specialized Army Unit at Rose Polytechnic Institute, Terre Haute.

Charlie Thompson, son of Mr. and Mrs. Charlie W. Thompson, one of a group of 891 corporals who received an advance in rank in September at the Naval Hospital in San Diego, Calif. This is the largest group to be advanced at one time in the history of the Hospital. Charlie is now Hospital Apprentice 1/C, being advanced from Apprentice 2/C to H. A. 1/C in a period of six months.

Frankie Halenack has returned from an illness. He was in the hospital with Pvt. James McKown, who has been visiting here this week.

Staff Sergeant Robert E. Dunn has been promoted from the rank of Sergeant at Camp Campbell, Tex., where he is an instructor in the 156th Service Unit, Bakers and Cooks School, according to information furnished by the Post Public Relations office. S/Sgt. Dunn is a former resident of Margaret and is a son of Mrs. Laura Dunn. He entered the Army July 10, 1942, at Abilene, Texas, and received his basic training at Fort Knox, Ky.

W. E. (Bill) Russell, grandson of Mr. and Mrs. W. S. J. Russell, has recently been promoted to the rank of Signalman 1/C. He is in line of duty in the South Pacific. His wife, the former Miss Vilma Jo Lovelady, resides in San Francisco, Calif.

Cecil Carroll, M. O. M. 1. /C. of the United States Coast Guards, went on 20-day leave here with his parents, Mr. and Mrs. C. W. Carroll, and left Sunday for his base at New York City. His wife returned to Post where she is teaching school.

S/Sgt. Johnie R. Gray of Camp Beckett, Va., says he is doing fine although he would like to come home for a visit, in a letter written to his parents, Mr. and Mrs. T. Gray.

A former pharmacist at the Ferguson's Drug Store in Crowell, Pfc. Tom Beverly is now following the same line of work in the South Pacific, where he is stationed with an Army Hospital unit, according to a news release from the War Department. Bureau of Public Relations, Washington, D. C. Overseas since October of last year, Beverly attained his present rating recently. The son of Mrs. Hallie Beverly, he is a graduate of Crowell

High School and the Danforth School of Pharmacy. He was inducted into Army service in July, 1942, training at Camp Barkeley, Texas, before going overseas.

A baby son was born to Mr. and Mrs. Marvin Lewis in the Quannah Hospital Saturday morning, Oct. 9. Marvin Lewis, GM-1C, is in the Seabees and located at Williamsburg, Va.

Sgt. Jeff Frank Matysek, stationed at Salt Lake City, Utah, who has a furlough of 11 days, is visiting his grandfather, Joe Halenack, and his uncles and aunts, Mr. and Mrs. Frank Halenack and Mr. and Mrs. A. A. Slovak, and families. Sgt. Matysek received his wings two weeks ago. He is the son of Mr. and Mrs. Charlie Matysek who live south of Rayland.

S 2/C Leland E. Flesher, who is stationed at U. S. N. T. S. in San Diego, Calif., has returned to his base after a leave of 11 days. He visited his parents, Mr. and Mrs. E. S. Flesher, and other relatives and friends.

S 2/C Wilmer Studvyn, who is stationed at Ship Island, Miss., is at home on a 11 day leave, for a visit with his wife and his parents, Mr. and Mrs. W. D. Studvyn.

Pvt. James E. McKown of Altus, Okla., was here this week visiting relatives. He is the son of Mr. and Mrs. Clarence McKown of Altus and has recently received a medical discharge from the Army after three years service. He has recently returned from Australia.

Lieut. and Mrs. G. D. Reeder of Brownwood are here this week visiting his parents, Mr. and Mrs. T. P. Reeder. Lieut. Reeder is attached to the Medical Administrative Corps at Camp Bowie.

Pvt. Alvin E. Barker of Camp Forest, Tenn., is here on a furlough visiting his wife and small son, Bobbie Alvin, and other relatives and friends.

Aviation Cadet Banks Campbell left Wednesday afternoon for Minter Field, Calif., after making a few days' visit with his father, A. D. Campbell, and his brother, Archie Campbell, and family and other relatives and friends.

Pvt. Valton Wallace, who was inducted into the Army at Fort Sill, Okla., has arrived at March Field, Calif., for his basic training.

Bible Teacher to Preach at Truscott

R. C. Bell, Bible Instructor of Abilene Christian College, will preach at the Truscott Church of Christ on Sunday, Oct. 17, at the 11 o'clock morning service and also at the evening services at 8 o'clock.

Everyone is cordially invited to the services.

The Mail Goes Thru

Despite rain, snow, and even elevator strikes - the mail goes through. A delivery man plods up the stairs of Rockefeller Center, N. Y. during a recent elevator strike.

WTCC Pleased with Progress on Freight Adjustment Campaign

A sledgehammer blow for freight rates parity was the West Texas Chamber of Commerce characterization of a report by the U. S. Board of Investigation and Research submitted to President Roosevelt Sept. 24. The WTCC similarly hailed with satisfaction statements made Sept. 27 for four high government officials regarding discriminatory rate making.

The research board's 500-page accounting of its long probe into the national freight rates structure said wholly artificial and unjustified handicaps or preferences now exist, under which average of first class levels in the South is 39 per cent higher than in the East, and that West and South-west levels are 28 to 84 per cent higher. Congress was urged to eliminate these sectional inequalities and provide for uniformity of freight classification.

Urgings that discriminatory rate making be abolished came from War Mobilization Director James F. Byrnes, Vice President Henry A. Wallace, War Food Administrator Marvin Jones and Interior Secretary Harold I. Ickes. Byrnes, often referred to as "Assistant President," said, "While a member of the senate I took the position that discriminatory freight rates should not prevail against any section and that in justice to all sections there should system and to establish a rate structure. I have not changed my opinion."

Long a pioneer in the struggle for rate parity for all states, the West Texas chamber is hotly pushing its campaign in Congress. With its affiliated Freight Rate Equality Federation it is supporting Senate Bill 947, by Overton of Louisiana and McClellan of Arkansas, calling on the Interstate Commerce Commission to knock out the present zone rate system and to establish a rate structure based on straight per-mile hauls.

Warning To Shippers
In the September issue of West Texas Today the WTCC printed a heavy type "Notice to Shippers and Business Men" in which it charged the railroads with organizing a campaign "with high powered contact men out beating the bushes soliciting you to write your congressmen urging them to kill all bills directing the ICC to establish equal and uniform freight rates." According to the WTCC, the railroads are saying that their rates are already uniform and equal, that the bills nullify the work of the ICC by making Congress the rate making body, and that Congress is not competent to make freight rates.

"None of this propaganda is true," warns the WTCC, adding that "The facts are that the rates are not equal and uniform and Texas has one of the highest scales of rates of any state. The bills before Congress merely direct the ICC to establish a uniform classification and scale of rates. None of the bills have Congress make the rates, but merely amend the powers and duties of the ICC secure from Congress away back in 1887 and frequently amended. Surely it comes under the head of the business of our Congress to define and prescribe the duties and powers of all of its administrative agencies." The warning concludes: "Yes, write your congressman and senator, but ask them to support these bills instead of killing them as the railroads would have you do."

- Processed Foods**—Blue stamps U, V and W expire October 20. Blue stamps X, Y, and Z are good through November 20.

Register For Book 4 in October
Exact dates and places for registering for war ration book four, which will take place during the latter part of October, can be obtained from local newspapers or radio stations. Persons registering must have a war ration book three for each person for whom they are obtaining book four. Stamps labeled "coffee" in book four were printed before coffee rationing was discontinued. Any rumors that it is to be resumed are unfounded, OPA says.

OPA Sets Apple Ceiling Prices
Apples for home consumption will sell at a seasonal national retail average of between 10 and 11 cents a pound. Maximum prices for apples were set recently as one of the first steps in OPA's program to extend control over the prices of fresh fruits and vegetables to keep down the cost of living. As in the case of eggs, prices will vary by the month to reflect storage and other charges.

Army-Navy Test For Students
The next qualifying test for the army specialized training program and the navy college program will be given in high schools and colleges, Tuesday, November 9, according to the War Department. The test is open to male graduates of high school seniors in their last semester who will reach their seventeenth birthday but not their twenty-second birthday by March 1, 1944. The test will provide an opportunity for those men to qualify for college training in studies for which the army and navy have vital needs. Graduates of this program will serve as specialists, technicians, and officers in the armed forces.

Restrict Feed Wheat Sales
Wheat sold by the Commodity Credit Corporation to feed mixers may be used only in making feeds for dairy cows and laying hens, the War Food Administration has announced.

Regulation of Household Auctions
Auctioneers—Sales for householders are not longer exempt from the used consumer durable goods price regulation. OPA announced recently. The regulation originally exempted sales of used goods by householders, whether they were sold by the householder himself or by a professional auctioneer for the householder. At the same time, OPA brought used household sewing machines under the price regulation when sold by an auctioneer.

WFA Gives Feeding Suggestions
To make the nation's supply of livestock feed produce the maximum amount of food, the War Food Administration says, hogs should be marketed at lighter weights than during the past two years and 1944 spring farrowing should be held substantially below that of last spring. These measures will be necessary, WFA says, if livestock numbers and feed supply are to be held in balance. WFA urges very best use of roughage and pasture for sheep and cattle. In general, WFA points out, if feeders hold down the weights to which they feed their meat animals, they'll get maximum output of meat per pound of feed used. To conserve feed, WFA recommends heavy culling of range herds.

Farm Labor Situation Helped
Three hundred thousand more men of military age were put to work on farms during the first six months of this year than in the same months of 1942, because of draft deferment and other measures taken to conserve agricultural labor. This number was sufficient to offset net losses of workers of military age from farms during the last half of 1942, according to the department of agriculture.

Reports On War Against Inflation
Prices in the United States advanced only 12 per cent in the first 19 months of the present war compared to 29.5 per cent in the same period in the first world war, Judge Fred M. Vinson, Director of Economic Stabilization, reported on the first anniversary of the Stabilization Act. "The war against rising prices has been a good example of democracy in action," Judge Vinson declared. "It has not been entirely free from selfishness and pettiness and difficulties of many kinds. Perhaps no struggle ever is." Credit for the achievement, he said, goes "to the workers who have abided by the little steel formula; to the farmers who have not needed the incentive of the prices witnessed during the last war to break all production records; to the thousands of businessmen, small and large, who have helped hold prices down," and to the American housewife for her cooperation with rationing and price control.

Helps Clarify Hog Ceilings

The word "municipality," insofar as used by OPA in setting ceiling prices on live hogs in various terminal and interior markets, includes also the hog markets in trade centers immediately adjacent to those cities. On October 4, OPA set ceiling prices on live hogs in markets throughout the country, each price based on geographical location and type of selling place, but all prices hinged upon a ceiling of \$14.75 a hundred in Chicago. In the U. S., live hogs produce the heaviest meat tonnage and contribute more to farm income than any other meat animal. OPA pointed out.

Used Egg Case Ceilings Higher
To encourage the gathering and reconditioning of used egg cases for the handling of this year's forecast record egg crop of 60 billion eggs, OPA has increased the ceiling prices on used egg crates. The new ceilings, effective Monday, October 11, give the men who collect used cases for reconditioning a spread of 7 cents rather than 5 cents between the maximum price they may pay "emptiers" and top prices at which they may sell to reconditioners. This extra 2 cents is expected to encourage gathering of empty cases from retail grocers, dairy stores, neighborhood bakeries, and other small "emptiers." New ceilings also give reconditioners a spread of 10 cents for reconditioning used cases.

Brooms To Cost More
Consumers will pay about six cents more for household brooms made wholly or partly of broom corn because of a recent OPA order. This increase was granted to reflect recently established ceiling prices for broom corn.

Gals To Get Bobbie Pins
Twice as many bobbie pins and hairpins, "necessary feminine items," will be produced during 1944 as at present, under a recent WPB action.

More Agricultural Fertilizer
Plans are being made to increase the supply of ammonium nitrate for use as an agricultural fertilizer, according to the War Production Board. The material has been so improved to prevent caking that orders received for September and October exceed the supply. Additional sodium nitrate became available for Agricultural fertilizer last April when government capacity to produce it began to exceed the amount needed for military explosives.

Save Water To Save Fuel
Because it usually takes fuel to pump water, the U. S. Government asks water users to repair leaky faucets and other leaky plumbing fixtures. Saving of water may also save on the manpower required to make it available as well as the chemicals required to treat it.

Steel Rails For Snow Fences

Longer fenceposts made from steel rails may be used for snow fences according to a recent WPB ruling. Previously permitted lengths were too short for snow fences.

BE SURE IT'S OUT

When your match goes out, sure it can't come back. Beware of fire in the woods. Eight per cent of our forest fires caused by carelessness.

Sgt. J. C. Rader, who is stationed at Clovis, N. M., came Monday for a visit with his wife and his parents, Mr. and Mrs. Miller Rader.
Dora Fay Bensil of Crowell spent Monday night with Betty Guthrie in the home of Mrs. E. V. Halbert.

Mrs. J. M. Chilcoat and daughters, Dorothy and Gay Nell, of Truscott and Mrs. Roy Killingsworth and children, Shirley and Roy Neil, of Borger visited their

URGES GUAYULE EXPANSION NOW

William O'Neil

Declaring that the production of red rubber is even more vital today as a supplement to the synthetic rubber program than it was at the beginning of the war, William O'Neil, president of The General Tire & Rubber company, is urging immediate expansion of the guayule rubber project.

O'Neil has asked the rubber administrator and members of congress to act in setting up a guayule program which will provide a larger source of natural rubber.
He pointed out that with the great synthetic production, natural rubber is needed in the manufacture of heavy duty truck tires for use both by the military and essential civilian transportation companies.

Experiments with guayule culture since the Forest Service took over the project provided in legislation sponsored by O'Neil have shown that the period from seed to harvest need not be more than two years and probably can be one. Under the two year plan each acre produces from 600 to 850 pounds of rubber. Under the one year plan, guayule seed is drilled in like wheat early in the year, and is ready for harvest in the fall of the same year, producing from 400 to 600 pounds per acre. In each instance irrigation is necessary, but the one year method eliminates the necessity for nurseries and for transplanting, thus lowering the cost of rubber from this source.

O'Neil has suggested that much of the program be transferred to Mexico where there is an abundance of labor and of irrigable land.

daughter and sister, Mrs. Houston McLain, Sunday.
O. A. Teal returned home last Tuesday. He was wounded several months ago while stationed at Clovis, N. M.
Miss Estelle Autry of Crowell spent the week-end with her parents, Mr. and Mrs. Jess Autry.

RIVERSIDE
(By Mrs. Cap Adkins)

Mr. and Mrs. Johnnie Matus have returned from Dallas, where they had carried their infant son for medical treatment.
Mesdames J. L. and Bailey Rennels visited in the Trace Beasley home at Rayland Sunday afternoon.
Mrs. M. Wilson and family attended the funeral of Mrs. Petty at Tolbert Sunday afternoon. Eddie Richter, who is stationed in Florida is here visiting his mother, Mrs. Mary Richter, and other relatives.
Mrs. Nick Craig of Thalia was a dinner guest of Mr. and Mrs. Alton Farrar Sunday.
Mr. and Mrs. Paul Raska spent Monday with Mr. and Mrs. Bill Freudiger of Megargel. They were accompanied home by Mrs. Mary Richter and son, Eddie, who had spent the week-end in Megargel.

Mr. and Mrs. Arthur Marlow and son spent Sunday with her mother, Mrs. W. E. Pigg, and husband of Thalia.
Lola Mae Smith of Vernon spent Sunday night with Clyteal Ishm.
Leonard Owens and son, Harold, and daughter, Mrs. Hubert Smith, of Crowell, visited Mrs. Leonard Owens in a Wichita Falls Hospital Tuesday.
T. L. Ward was a visitor in Frederick, Okla., Sunday.
Audrey Schroeder spent the week-end with his father, Ewald Schroeder.

Mr. and Mrs. Anton Kajs were dinner guests of Mr. and Mrs. John Jokel of Vernon Sunday.
Mr. and Mrs. Frank Butler of Thalia spent Sunday with Mrs. Butler's sister, Mrs. Wayne Wheeler, and family.
Mrs. Allie Huntley visited her son, Bob Huntley, and family of Vernon Saturday.
Mrs. D. M. Shultz is on the sick list this week.

Mr. and Mrs. Herschell Butler and children visited with Mr. and Mrs. Ernest Cribbs of Gore Saturday.
HOUSEHOLD HINTS
Time can be saved in cooking if a large salt shaker is filled with mixed spices and kept on a shelf near the mixing table. Mix spices in this proportion: four tablespoons cinnamon to two tablespoons each of cloves, nutmeg, ginger and mace.
Small cream puffs filled with chicken salad or a cheese mixture make attractive tea sandwiches.

Perpetual motion, according to scientists, is an impossibility. Another thing should be added to the list of human impossibilities—that of opening a closed mind.

Maternal Deaths in Country Too High

Austin.—“Despite the development of scientific procedures that definitely reduce the hazards of child-bearing, maternal deaths in this country continue to remain much too high,” Dr. Cox said today in a statement on maternal and child health in Texas. “For example, during 1942 there were 494 deaths from this cause reported to the State Department of Health as having occurred in Texas alone. A review of these deaths shows that many of them were preventable. This is a tragedy which must be corrected.”

It is an encouraging fact, however, Dr. Cox said, that during the last 10 years the ratio of maternal deaths to the number of live births in Texas has dropped from 7.6 to 3.8. This shows a marked progress in the prevention of maternal deaths consistently maintained in recent years. In actual figures during 1942 there were 132,175 live births in the state with 494 maternal deaths, while in 1933 a total of 103,806 live births resulted in 835 maternal deaths.

“A factor in keeping our maternal death rate at its present level is the failure of prospective mothers to realize their greater safety in placing themselves under the continuous supervision of a good physician throughout pregnancy,” Dr. Cox said. “The value of this type of care cannot be over-estimated. Until this attitude on the part of expectant mothers is changed, maternal deaths will not reach the minimum which today is possible. In short, the individual has a definite responsibility to secure for herself the high professional care which is today available.”

SANTA FE CARLOADINGS

The Santa Fe System carloadings for week ending October 9, 1943, were 23,635 compared with 25,006 for the same week in 1942. Cars received from connections totaled 14,984 compared with 14,115 for the same week in 1942. Total cars moved were 38,619 compared with 39,121 for the same week in 1942. Santa Fe handled total of 38,765 cars in preceding week this year.

Beware Coughs That Hang On

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Register For Book 4 in October

Exact dates and places for registering for war ration book four, which will take place during the latter part of October, can be obtained from local newspapers or radio stations.

OPA Sets Apple Ceiling Prices

Applies for home consumption will sell at a season's national retail average of between 10 and 11 cents a pound.

Army-Navy Test For Students

The next qualifying test for the army specialized training program and the navy college program will be given in high schools and colleges, Tuesday, November 9.

Restrict Feed Wheat Sales

Wheat sold by the Commodity Credit Corporation to feed mixers may be used only in making feeds for dairy cows and laying hens.

Regulation of Household Auctions

Auctioneers—Sales for householders are not longer exempt from the used consumer durable goods price regulation.

WFA Gives Feeding Suggestions

To make the nation's supply of livestock feed produce the maximum amount of food, the War Food Administration says hogs should be marketed at lighter weights than during the past two years.

Farm Labor Situation Helped

Three hundred thousand more men of military age were put to work on farms during the first six months of this year than in the same months of 1942.

Reports On War Against Inflation

Prices in the United States advanced only 12 per cent in the first 19 months of the present war compared to 29.5 per cent in the same period in the first year.

Helps Clarify Hog Ceilings

The word "municipality," so far as used by OPA in setting ceiling prices on live hogs in various terminal and interior markets, includes also the hog markets in trade centers immediately adjacent to those cities.

Used Egg Case Ceilings Higher

To encourage the gathering and reconditioning of used egg cases for the handling of this year's forecast record egg crop of 60 billion eggs, OPA has increased the ceiling prices on used egg crates.

Brooms To Cost More

Consumers will pay about six cents more for household brooms made wholly or partly of broom corn, because of a recent OPA order.

Gals To Get Bobbie Pins

Twice as many bobbie pins and hairpins, "necessary" feminine items, will be produced during 1944 as at present, under a recent WPB action.

More Agricultural Fertilizer Available

Plans are being made to increase the supply of ammonium nitrate for use as an agricultural fertilizer, according to the War Production Board.

Save Water To Save Fuel

Because it usually takes fuel to pump water, the U. S. Government asks water users to repair leaky faucets and other leaky plumbing fixtures.

Steel Rails For Snow Fences

Longer fenceposts made from steel rails may be used for snow fences according to a recent WPB ruling.

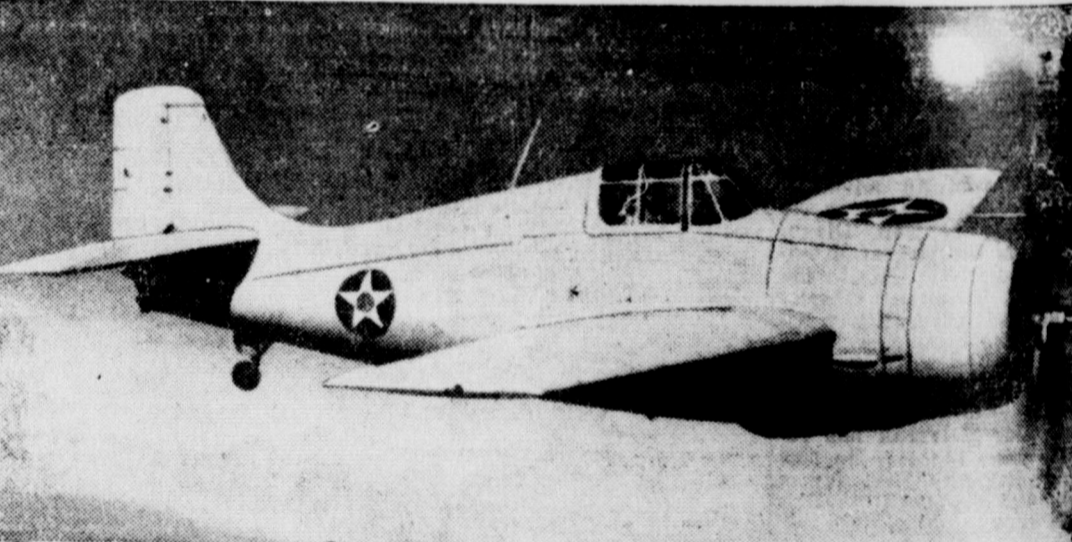

BE SURE IT'S OUT

NATIONAL EDITORIAL ASSOCIATION 1943 Active Member

Be of good courage, and let us behave ourselves valiantly for our people, and for the cities of our God.—1 Chronicles 14:13.

A woman columnist in one of our exchanges lets her readers in on this choice revelation: A wife is a woman, who, before she marries a man tells him he is perfect, but after she marries him proceeds to spend the next forty or fifty years trying to make him over.

It would aid in the problem of employment after the war if the men were released from the service gradually.

We would be ashamed to be associated with any group who would argue that we should settle for less than unconditional surrender.

When some one brags on the intelligence of the human race we cannot help but recall that four-fifths of the world sat idly by for ten years while one-fifth of it was making preparations to destroy the other four-fifths.

The most satisfactory freedom from want is that obtained by the sweat of the brow, industry, thrift, economy and saving.

Some one sizes up the pay-as-you-go income tax as follows: Pay as you go before you know how much you owe.

Labor Situation Remains Unchanged

The labor problem so far as this area is concerned has not changed materially, according to D. F. Eaton, county farm agent.

According to the Chinese Foreign Minister, T. V. Soong, the Japs are constantly sending peace proposals to China.

HISTORY

Navy Day—October 27: Navy Day marks two anniversaries, the anniversary of the birth of Theodore Roosevelt and the anniversary of the report of a special committee to Congress in 1777 which favored the buying of merchant ships as the foundation of an American Navy.

Medical Outlook in United States Generally Good

In spite of shortage of medical facilities in many places, the picture of civilian health in the United States is generally good, according to data from the U. S. Public Health Service.

30 YEARS AGO IN THE NEWS

Items below were taken in whole or in part from the issue of The News of October 17, 1913:

Another fine rain fell here Wednesday night, wetting the ground several inches down.

The oil derrick on the Halsell ranch has been completed and the work of drilling will begin in a very short time.

Another oil company has appeared on the horizon, has leased land south of town, and has contracted to begin operations within ninety days.

Mr. and Mrs. W. F. George, formerly of this city, but now of Elmer, Okla., were here Monday visiting old friends.

Dr. and Mrs. Freedman left this week for Los Angeles, Calif., where they will reside permanently.

Mrs. N. J. Roberts is in Dallas this week attending a meeting of the O. E. S., being sent there as a delegate from this district.

C. M. Church was called over to Chillicothe Monday to assist The News man in setting up a complicated piece of printing machinery.

C. P. Sandifer informs us that he will build a home on the fine block of land that he owns near the school building.

The daughter of Mr. and Mrs. Silas Moore is ill with what appears to be "slow" fever.

J. A. Stovall, while on his return from his rounds as rural carrier Monday afternoon, in crossing the bridge near the railroad, his horse stopped rather suddenly, throwing him over the dashboard and under the horse's feet.

J. F. Statter and family will leave the latter part of the week for Lone Wolf, Okla., where they will engage in the hotel business.

What We Think (By Frank Dixon)

One of the subjects that is receiving a considerable amount of attention at a time when there are many things that require attention and thought is the matter of the post-war world.

While this is being worked out by the national leaders it might be well for those of us on the home front, the man on the street, the average man in the average American community to begin to think of the post-war world as it pertains to Main street and Fifth on Corners.

There seems to be no doubt that there will be some sort of government aid, perhaps a modernized streamlined WPA.

OVER THE TOP WITH AMERICA'S STOCK

\$1,200,000 Treasury Bond Rally in 90 Minutes

Sponsoring one of the largest and most colorful War Bond rallies in Wall Street's history, members of the New York Curb Exchange, under the leadership of their president, Fred C. Moffatt, sold more than a million dollars of Treasury Bonds in 90 minutes.

I also believe that in its new streamlined program the government should give some thought to helping industry that gives employment to men and women in the small towns and villages of this nation.

CLEARING THE TRACK

It has remained for Joseph B. Eastman, Director of the Office of Defense Transportation for the government, to recognize officially the fact that a lot of our manpower shortage is the result of rules and regulations that were often devised for the specific purpose of making two jobs where one was sufficient.

Unless vigorous remedies are undertaken at once, the country is headed for a crisis in railroad manpower, says Mr. Eastman.

PERMANENT WAVE, 59c! Do your own permanent with Charm-Kurl Kit.

Thoughts of Serious Moments

Have something to say; say it, and stop when you've done.

Genuine good taste consists in saying much in a few words.

When one has no design but to speak plain truth, he may say a great deal in a very narrow compass.

SAFETY SLOGANS

It is never discreet to play in the street.

To the layman all electric wires should be regarded as dangerous.

A good way to watch the road is through the windshield.

If you sit in the breeze you are pretty apt to sneeze.

CHURCHES

Christian Science Church

Sunday services at 11 a. m. Wednesday evening services at 8:00 o'clock.

Weekly Sermon

By the Rev. G. Allen Fleece, D. D., Member of Faculty, Moody Bible Institute, Chicago.

Saint Peter Describes a Real Christian

How many times have you heard someone ask, "What makes a person a real Christian anyway?"

BURNING WOODS IS WASTE

The man who burns his woods to get rid of boll weevils might just as well burn his barn to get rid of rats.

What You Buy With WAR BONDS

4 for 1

U. S. destroyers and other anti-submarine vessels of the Navy are equipped with quadruple tubes.

Modern warfare is the most expensive destruction the world has ever experienced both for the destroyer and the destroyer.

They Also Play Their Part In Atlantic Convoy Duty

HAVING taken a substantial part in escorting more than 13,000 merchant vessels, carrying in the neighborhood of 77,000,000 tons of deadweight shipping from North Africa across the Atlantic since the war began, the boys of the Canadian Navy like their ship's company is complete unless they have a pet aboard.

companions, his dog and cat. Upper right is Sabbath named because of the sabotage he causes with the boys' belongings. He is one of the few pups in the R.C.N. to have his own hammock. Below, only a capful now, this kitten will soon be the pride and joy of this sailor during the long hours at sea while off duty.

from the dead" (1:21); "who is gone into heaven, and is on the right hand of God" (3:22); and the chief Shepherd shall appear" (5:4).

You too believe all these things about Jesus if you are a real Christian in God's sight, but you could believe all these things and still go to hell. There is one thing more; "He that believeth on him shall not be confounded" (1 Peter 2:6). It is not enough to believe about Him, we must also believe on Him. This means personally to receive into your heart the Lord Jesus Himself about whom you believe these things. "He that hath the Son hath life; and he that hath not the Son of God hath not life" (1 John 5:12).
