## OW-SOW-HEN ROUTE PAYS JOE L. ORR

MARGARET FARMER HAS MADE EXCELLENT RECORD IN FOLLOWING DIVERSIFIED PROGRAM; SETS GOOD EXAMPLE FOR OTHERS

It is not so much trouble to make a living on a farm if a person will start out to make a living in a diversified way, said Joe L. Orr, prominent farmer of the Marlinton community. "If a farmer will work to make a good living he will make some money too," is the writer's opinion that few can be found anywhere that do not work to make a good living. The diversified route to any extent than Mr. Orr and the others that he has met with in that line of farming is the strongest reason why more and more farmers are turning to the diversified route. When the year shows actual results, year after year, that his type of farming is a "sure-thing" type, then it is that others follow his methods and they can show that they are better by a different type of farming.

The cow, sow and hen route is certainly paying dividends on the Orr farm. The chickens alone are paying for the car, and the feed for the hogs and the feed for the cows and the hogs are in turn paying most of the other living expenses and what is made from cotton and other crops.

**Hogs Pay**  
I have a hogs of a time trying to convince farmers that hogs will pay. Mr. Orr said. On the 13th of October one of my sows had a litter of 12 pigs and I have raised ten of them and now have three left, one sold seven. After using about \$50 worth of shorts and protein I still made a profit of \$117.50 off of these hogs and the hogs that are left are worth \$82.50 and I don't think that's too bad from just one litter.

Mr. Orr has Hampshire hogs and thinks that they are the best type. He said that he could have made still better from the litter mentioned above if he had fed them more carefully according to A. and M. specifications.

**Chickens**  
There are about 220 White Leghorn hens, of the Johnson variety, on the farm and plans are being made to increase this number to 400 or 500 next year. "A lot of farmers say they could raise poultry too if they had my equipment. Why dawdle? If they will only get started it won't be any time until they can get better equipment than what I have," Mr. Orr said.

Mr. Orr has about thirty of the finest type of White Leghorn from Johnson's Imperial Mat that he keeps separated from other chickens. He cannot supply the demand for eggs from these and has calls for eggs for many states in advance. "Those ads I've running in the News have served me better than any other states for my eggs," he said.

**Combination House**  
The two brooder houses on the farm serve a double purpose. They

(Continued on Page 8)

## George Burrell Starts New Grocery Business

George Burrell has rented space for the building with the Sanitary Market for the purpose of establishing a grocery store. Improvements to the building are now being made and a full line of groceries are being stock in it. This store will be owned by Burrell Cash Grocery.

The Sanitary Market, under the management of W. H. Sellers, will continue to be operated as a separate business in the quarters. The market has been moved back considerably to give more room for the grocery store.

Hardwood floors are being placed in the building and other improvements are being made. The store will be ready to open early next week.

For the past three years Mr. Burrell has been associated in the grocery business with Hughston Grocery and its successor, Kimsey Grocery. Delivery service will be maintained in the new grocery.

## M. Ferrin Dies at His Home in Fairhope, Ala.

Word has been received here that M. Ferrin, former Foard County agent, died at his home in Fairhope, Alabama, about two weeks ago. He was about 80 years of age. The information contained in a letter from Mrs. Ferrin to friends here is that Mr. Ferrin died in Fairhope and that he was buried in Cherokee, Ga., where she is now making her home with relatives.

Mr. Ferrin traveled a great deal during his life and he came here in a wagon pulled by a pair of mules that he had used in covering over ten thousand miles. He traveled considerably after leaving Crowell.

He was prominent in community activities and his kindheartedness and general good nature will be long remembered by his many friends over his section.

## Leading Corner in Rayland Is Given Over to Poultry

The importance of the poultry industry is fully realized in Rayland and the Woods Filling Station on the principal corner of that town is giving way to an up-to-date poultry house.

The fact that the Lee Highway no longer runs through Rayland isn't worrying Tom Lawson to any great extent for he has torn down his filling station, formerly known as the Woods station, and on the same site he is planning to make a still better living off of poultry and rabbits.

He has already completed the erection of an 18 by 24 poultry house that is modern in every respect. The concrete drive-way of the former filling station provides an excellent floor for the house and running water inside the house is provided from the same faucet from which water once flowed to fill auto radiators.

Mr. Lawson plans to keep a good supply of both White Leghorn and Rhode Island chickens. He is already well equipped for the poultry business and has a brooder house that is capable of housing over 500 chicks.

**Believes in Rabbits**  
Considerable effort is devoted to the rabbit business. He is a strong believer in the future of this business and states that his work with them has already shown him that rabbit meat can be produced cheaper than beef and he considers it as being better to eat.

He has a number of White New Zealand at present and is now making preparations to add eight more does in addition to the eight that he now has. When his present construction program is over he will have twenty-four hutches that he will use to house his rabbits.

## Vote in the Trustee Elections Saturday

Three trustees are to be elected for the Crowell Independent School District here Saturday and the names of Leo Spencer, L. A. Andrews and Fred Rennels will be the only ones to appear printed on the ballots. The three men mentioned above are present members of the board and Mr. Spencer is chairman of this body and Mr. Andrews is secretary.

The present board of trustees has conducted the Crowell schools through a trying period in a very efficient and successful manner and certainly deserves the praise of school patrons for the manner in which they have handled school affairs.

Every voter in the Crowell Independent School District should turn out to vote in this election. There are only three trustees to be elected and there are only 3 names on the ballot, but this should not keep the people from voting, for casting a ballot in this election, and in many others, is at least an expression of respect and confidence in the persons who are giving their time for the good of the public.

People interested in the welfare of the Crowell schools have indicated the men mentioned above to run again for the trustee positions and the public should show its respect to them by turning out and voting. The election will be held at the court house.

Other trustee elections will be held throughout the county.

## CITY ELECTION RESULTS

R. J. Roberts and Joe Ward were re-elected as city aldermen here Tuesday without opposition. Only 63 votes were cast in the election.

## Work on Crowell Paving Program Now Under Way

The Jordan-Hall Construction Company of Plainview started work Tuesday on the paving program for this city. The principal work that is now taking place is curb and gutter work.

The lots belonging to George Allison and George Hinds, just west of the Baptist parsonage, are being used as headquarters for equipment and material. L. H. Howard, who is in charge of the work here, stated that local labor on the work here would be used as much as possible.

Local sand and gravel will also be used to the greatest extent possible. R. C. Pordan of Plainview, son of J. N. Jordan, the contractor, has arrived here and will be next to Mr. Howard in charge of the paving work.

Work on the four blocks running north and south on the east side of the square will be completed first as the paving on the six blocks on the Lee Highway cannot begin until the state completes its paving program on this same stretch.

It is thought that the paving will be completed in six to eight weeks time.

## MISSIONARY TO PREACH

Rev. E. H. Crouch, missionary from Brazil, will preach Sunday at the Baptist Church. He will conduct both morning and evening services.

## RIALTO THEATRE WILL HAVE TALKING PICTURES BY NEXT WEEK; INSTALLING EQUIPMENT

Latest Type of Vitaphone Sound and Talking Equipment Being Installed in Local Theatre; Acoustics in Building Being Improved for Excellent Reproduction

The latest type of Vitaphone talking equipment is being installed in the Rialto Theatre and within a short time the people of this section will no longer have to go to a neighboring city to see the best talking picture programs.

"We are not going to give a talking picture program in Crowell until we can absolutely give it in an excellent manner as any other theatre and for that reason we cannot announce an opening date for the first talking program," T. B. Richmond, manager of the Rialto, stated.

As soon as the talking equipment is installed a test will be made to find what acoustical faults will have to be corrected. It often takes a great deal more time to put a building in the proper condition for sound effects than it does to install the sound effect. However, it is believed that the first talking program can be given some time next week.

A great deal of special material has been received to place about the theatre to improve the acoustics. J. L. McHanson of Dallas, representative of the Photo-Talker Company, is here installing the sound equipment and supervising the work of correcting acoustical faults.

E. Wells of the Warner Brothers Picture Company was here Wednesday and stated that the equipment being installed here was the latest out and that the Photo-Talker Company had fitted more theatres in Texas with sound equipment than any other company. It has installed sound systems in Dallas, Houston, Austin and in scores of other cities in this state.

Mr. Richmond stated that after the sound equipment is in operation he will give three complete programs a week instead of four as has been the case in the past. Due to contracts made on silent pictures, it will be necessary to present one program a week in this line for a short while, however, two talkie programs will be given every week. The very best talking pictures will be secured, according to Mr. Richmond.

Crowell has been feeling the need of talking pictures for some time and T. B. Richmond and his associates are to be congratulated for their forward step in going to such expense in bringing talking pictures to Crowell. Entertainment facilities are one of the greatest assets to any town.

## FIRST CHANGE IS MADE WITH BULL CIRCLES

SATISFACTION WITH CALF AND BULL CIRCLE EXPRESSED BY MEMBERS IN MEETING HERE; SERVICE CHARGE REDUCED

Members of the Foard County bull circle and calf club, that was started here about two and one-half years ago, met last Thursday in the office of County Agent Fred Rennels. A general report on the progress of the organization was given.

Arrangements were made at the meeting to have the bulls changed to different locations, as specified by the circle movement. The West Rayland bull will be changed with the Margaret bull and the Thalia bull with the Rayland bull.

R. G. Whitten will continue to be the keeper of the West Rayland bull. A. B. Wisdom will be the keeper of the Thalia bull; B. P. Abston will have the Rayland bull and Silas Moore will be the present keeper of the Margaret bull, the permanent keeper to be announced later.

All of the bulls are owned co-operatively by the twenty-four boys and girls who bought registered heifers at the same time the bulls were bought.

It was also voted at the meeting to reduce the service charge from four dollars to two dollars and fifty cents. The fee is cash when the service is given. The keeper of the bull is to keep an accurate record of all services.

The club members parents have helped in looking after the business matters of the organization and were present at the meeting last week. Much enthusiasm was expressed relative to the success of the movement and it was the general opinion that the organization should be kept intact and active. It is estimated that between four hundred and five hundred calves have been sired by these fine registered bulls since they have been in Foard County. Every two years the bulls are changed to a different locality to prevent the danger of inbreeding and to also help build up the dairy herds.

This unique bull circle and calf club was originated by Fred Rennels and has been adapted by a number of other counties. It was put into operation through the club boys and girls of the county who bought a registered heifer and then co-operatively bought the four bulls. The local banks took the youngsters' notes and everyone of these were paid out the first year by the 24 club members who planted five acres of cotton to retire the notes.

## Loftin of Henrietta in State Senate Race

Ruben Loftin of Henrietta was in Crowell Thursday and authorized the News to announce his candidacy for the State Senate from the 23rd District, including Foard, Clay, Wichita, Wilbarger, Hardeman, Knox, Baylor, Young and Archer Counties, subject to the action of the Democratic primary, July 26th.

Due to the fact that Mr. Loftin did not arrive here until about press time, other information about him will appear in our next issue.

R. W. Simpson of Paducah was a business visitor in Crowell Thursday.

## FIRST MONDAY OFFERS CHANCE TO SAVE MONEY

FARMERS URGED TO BRING GOODS AND LIVESTOCK THAT THEY WISH TO SELL OR TRADE; MERCHANTS OFFER SPECIAL BARGAINS

Monday is First Monday and Trades Day. For that reason the merchants of Crowell are offering many special bargains as one can readily see by glancing over the ads in this issue.

Dave Solis, auctioneer, states that he will auction goods or livestock that farmers have to sell for half the regular auctioneering price on this day. The Rialto will also give a special bargain rate show on Monday afternoon.

There are plenty of bargains and any number of opportunities for the average person or family to save many dollars by taking advantage of the many special prices listed in the ads of this paper. Be sure to read them if you are interested in saving money.

Some of the merchants are offering special bargains for both Saturday and Monday.

## Excellent Gain Is Shown in Crowell School District

The census for the Crowell Independent School District has revealed a gain of approximately 75 children of school age over the number shown in the census last year. The census for this district has just been completed by Misses Lennis and Catherine Woods.

Last year the census showed a total of 624 students of school age. Final tabulation on the census has not been completed but it is known already that it will show a total of over 700 students of school age.

State aid is allowed on the basis of the school census and the gain this year means that Crowell will receive over \$1,500 additional from the state next year as \$17.50 is allowed for each child of school age. The census also means that an additional teacher will have to be added next year.

## J. M. Rutherford Died Suddenly at His Home in Chillicothe Tues.

J. M. Rutherford of Chillicothe, a traveling passenger and freight agent for the Santa Fe, died at his home Tuesday as the result of a stroke of apoplexy. He was found unconscious in the bath tub at his home and died shortly afterward.

Mr. Rutherford was a frequent visitor to this city and was well known here. He lived in Crowell about 20 years ago and at that time he was in the grain business. He was connected with the Orient Railroad for many years and became associated with the Santa Fe when that road took over the Orient. For the past 20 years he has been living in Chillicothe.

Funeral services for Mr. Rutherford were held at Electra Wednesday afternoon.

He is survived by his widow and a daughter, Ruth, who is a student in C. I. A. Denton.

## Thalia Farmer Is Making Excellent Record in Poultry

"I am convinced that there is far greater interest in the poultry industry in Foard County this year than ever before," said H. L. Hlavaty prominent poultry man of the Thalia community. "Last year was the best one up to that time, but this year my hatching business has been operated at capacity in spite of the fact that I increased my capacity greatly this season and the fact that a large hatchery was established at Crowell, which has also operated at capacity."

Any person interested in the poultry business would do well to visit the Hlavaty farm, about one mile southeast of Thalia. All of the poultry houses are designed so as to give maximum results and they represent much study and investigation on the part of the owner.

Mr. Hlavaty now has an incubator capacity of 4,200 eggs. This is the fifth season for him in the poultry business and his growth in it is shown by the manner in which he has increased his incubator capacity in the last five years. He started out with a capacity of 400. This was doubled the following season. The third year he increased his capacity to 1,300, the next year to 2,300 and this year to 4,200. He is now planning to double the capacity of his plant by next season.

His incubators are housed in two houses, half of each one being underground.

So far this year he has had thirty-two customers on hatching and twenty-two customers who have purchased chicks. Up to the present time he has hatched off 4,615 chicks. Last season he closed down his plant on about the 23rd day of May after turning out 5,600 baby chicks after running his incubator for 112 days.

In his own poultry flock, Mr. Hlavaty specializes on White Leghorns. He has over two hundred of the finest type of White Leghorn hens now. He has an 18 by 36 poultry house for them that is designed for A. and M. specifications and it also involves a few of the ideas used in the Chick Weeks' poultry houses in Wichita Falls.

Two large feeders in which over 200 pounds of laying mash can be placed are kept inside the main poultry house. Special oyster shell containers are also located on the feeder.

Mr. Hlavaty keeps the floor of the house covered with corn husks. A floor under the roosts prevents the drops from reaching the ground and makes it easier to keep the house in a sanitary condition. Windows right next to the floor on the north side of the house helps to keep plenty of light. A special arrangement on the south side keeps plenty of sunshine coming in during the spring and winter and serves as an awning during the summer.

He has two brooder houses that are located a considerable distance from the other poultry houses. Each year he moves the brooder houses to fresh ground to prevent the danger of insects and disease. The houses are kept a good distance from the main poultry house so that the chicks can be kept away from the hens and so they may have plenty of room in which to run around.

Mr. Hlavaty always raises a good amount of feed on his farm and says that he learned many years ago that the one crop system didn't pay. He thinks that Foard has natural climatic advantages over many other parts of the world and that Foard County people can compete with anybody when it comes to producing poultry and poultry products. His prediction for the future is that Foard County farmers will be producing eggs by the carload lots every month.

## Census Enumerators Have Started Work Over Foard County

Federal census enumerators started their work in Crowell and Foard County Wednesday. Those taking the census in Foard County are: Mrs. L. A. Andrews, Mrs. Pearl Carter, Donald Norris, Miss Ila Mae Thompson, Miss George Ribble, Billy Bantister, E. V. Halbert and Mrs. Raymond Bell.

Mrs. Carter is taking the census in the city of Crowell and the other enumerators are working over the county on both the census to determine the population and the agricultural census, which is very detailed.

The census is taken only every ten years and it is of the utmost importance that all co-operation possible be offered the enumerators. The outside world will consider Crowell's and Foard County's population for the next ten years on the figures that will be given out in this census.

Every citizen in the county should help to see that the census is complete.

## NEW RESIDENCE

Poland and Housouer have practically completed the erection of a 12 by 28 foot residence for Claude Dod in the northeast part of town. The house has been erected on the same lot where Mr. Dodd's residence burned a few months ago.

Save money by reading the ads in the News.

## CROWELL WINS ONE-ACT PLAY CONTEST SAT.

CHILICOTHE WINS SECOND AND CHILDRESS THIRD IN DISTRICT TOURNAMENT HELD HERE FRIDAY AND SATURDAY

Crowell High School won first place in the District 14 One-Act Play Tournament that was held here Friday and Saturday with the following schools competing: Chillicothe, Childress, Matador, Roaring Springs and Paducah. Chillicothe won second place and Childress third.

The meet was an exceptionally interesting one and those who attended it were given a real treat. The program Saturday night in which Crowell, Chillicothe and Childress competed for final honors was especially interesting.

The competition was very close and too much credit cannot be given the Crowell cast and its coach, Mrs. I. T. Graves, for their splendid work. It seemed that not a detail was overlooked in the staging of their interesting and exciting play, "Two Crooks and a Lady." Chillicothe won the tourney last year and had the same play and cast to compete again this year and was regarded as a favorite to repeat its victory.

Besides winning first place, Ragsdale Lanier won second as the best boy player of the tournament; Lella Ben Allee won third as the best actress and Evelyn Sloan was awarded honorable mention, to add further to Crowell's honors.

The tournament opened Friday night with Crowell and Matador competing. Crowell winning. Matador presented, "Love, Love, Love."

Saturday morning Chillicothe won over Paducah. Chillicothe presented "Pink and Patches," and Paducah presented "Trifles."

Saturday afternoon Childress, with "The Valiant," won over Roaring Springs, who presented "Mansions." A good crowd was present at the final contest Saturday night. Chillicothe first presented its play followed by Crowell and then Childress.

In awarding final honors, Miss Lois Manley, judge, explained how the plays were judged and gave commendations as well as criticisms. Miss Manley is the head of the dramatic department of Abilene Christian College. She stated that the rules of such contests provided that the choice of the play counted 25 per cent; pantomime 40 per cent, and diction 35 per cent.

Crowell made a perfect score on pantomime, scored 24 on choice of play and 33 on diction, for a total of 97 per cent. Chillicothe scored 94 per cent, in commenting on the Crowell play, Miss Manley stated that all of the main characters did exceptionally well and that the old lady, played by Lella Ben Allee, did especially good.

## Winning Players

The winning players were announced as follows: Gwendolen McCaskill, who played the part of the girl in the Childress play, "The Valiant," first; Alma Ellen Anderson, who played the part of Texie, the mountain girl, for Chillicothe, second; Lella Ben Allee of Crowell, third; and Evelyn Sloan of Crowell, who played the part of the maid, honorable mention. Miss Anderson of Chillicothe won first place last year.

Cecil Ayer of Chillicothe, winner of first place last year, won first again. Ragsdale Lanier, the crook in the Crowell play, won second and Croft Bigham of Roaring Springs, who played "Joe" in "Mansions," won third.

Crowell was presented with a cup and the winning players were given medals.

Others included in the Crowell cast were: Leoma Knox, Recie Womack and Ernest Patton. Crowell will take part in the West Texas tournament at Abilene at a later date.

## Highway Paving Is Rapidly Approaching Crowell City Limits

The gap in the paving on the Lee Highway, near Thalia, was completed Saturday morning and work is now progressing about one and one-half miles east of Crowell. The concrete mixer is now located near the Coffee farm and within a short time it will be near the Crowell city limits.

It is expected that the highway paving program from Crowell to the Wilbarger County line will be completed in about four or five weeks if favorable conditions exist.

## NO HIGHWAY POSTERS

Curtis Ribble, state highway foreman for this district, has received word from Gibb Gilchrist, state highway engineer, candidate posters will not be allowed along the highways this year.

**GAMBLEVILLE**

L. L. Nixon made a business trip to Paducah spent Sunday with his parents.  
Mary Allen, the 3 year old daughter of Mr. and Mrs. Charlie Martin of West Worth, is here visiting her grand parents, Mr. and Mrs. J. G. Martin. She made the trip from Ft. Worth to Paducah on the train alone.  
A community party was given at the home of Mr. and Mrs. J. E. Whitley Friday night. Everyone reported a nice time.  
Inspector Clark and Judge Atchison visited the Vivian school Monday afternoon.  
Miss Naomi Fish of Paducah spent the week-end with her parents, Mr. and Mrs. A. T. Fish.  
Several from here were visitors in the Odgen community Sunday afternoon.  
Miss Tommie McDonald of Paducah who has been visiting Mrs. R. N. Beatty, Jr., returned home Wednesday.  
Earl and Minnie Faye Evans spent Saturday in Paducah.  
Trustee's election will be held at the Vivian school house April 5. Everyone is urged to come and vote.  
Mrs. S. E. Carr spent last week in the home of her son, Floyd Carr, of Matador.  
Mr. and Mrs. J. H. Lewis and son, were shopping in Quannah Saturday. Roy Young, George Gallup, W. O.

### Argotane Helps As Nothing Else Did

"I have been taking Argotane for only two weeks, but I intend taking the full treatment, for it has helped me as nothing else has." The foregoing enthusiastic statement was made to the representative of the Argotane company by Mrs. R. W. Wade, of 512 St. Louis St., Fort Worth, Texas. Mrs. Wade was describing the relief that she had obtained through the use of Argotane. "For the past four years," continued Mrs. Wade, "I have been in general run-down condition, in-

duced by stomach disorders, such as indigestion, constipation, and gas formations on my stomach. My condition affected me so that I always felt tired and worn out. No matter what remedies I took, and I had tried several, I seemed unable to obtain the desired results. "But when influenced by the many high recommendations, I started taking Argotane, what a revelation! After such a short time, my improvement is really remarkable. I am going to take the full treatment, as I know from the good one bottle has done me that it is just the medicine I have needed. "I know Argotane is wonderful, it has helped me so much. I am only too glad to recommend it to anyone who is suffering as I suffered." (Genuine Argotane may be bought in Crowell at the Reeder Drug Store. Adv.)

### Galveston Prepares To Move Big Wheat Shipments This Year

Austin, Texas, April 3. (UP).—Galveston, Texas, is getting ready now to handle the 1930 wheat crop that will pour into that Gulf port from Texas, New Mexico, Oklahoma, Kansas, Nebraska, Missouri and from Northwestern spring wheat states as far off as Wyoming and Montana. Not many years ago the handling of the wheat crop was a comparatively simple thing. Then the crop moved over a six month's period. Under modern harvesting methods it moves in six weeks. And it is many times bigger in volume than the old crop that moved in six months. This huge movement into Galveston (it totaled 32,000,000 bushels of grain and 1,000,000 barrels of flour last year) will be under way in June. More than two-thirds of Galveston's total population of 53,000 people are directly interested in the shipping and its allied activities. There the largest port elevator in America has been erected to await the 1930 crop by the Galveston Wharf Company. It has a capacity of 6,000,000 bushels. Five hundred cars a day can be handled. Twelve dock workers to a car are used. Eighty-three electric motors with 4-150 horse power capacity aid in the movement. They are handled by remote control through three sub-stations. Eleven 2500-bushel hopper scales will weigh the incoming crop; heat dryers will insure its good condition pending export from thermometer controlled bins. This export will be from six miles of waterfront along which thirty-two piers receive the vessels of sixty-nine companies. There is berth space for 100 vessels. Thirty shipside warehouses await the shipments. They have inside floor space of more than 1,000,000 square feet and apron space of 600,000 square feet more. A complete railroad system works among the elevators and warehouses, with fifty-one miles of track. In it 1100 cars can be spotted for unloading at the same time. There the grain will flow in belt conveyors from sixteen unloading pits. It's a big job moving the wheat crop, but Galveston says it can be done.

### Scrub Cows Will Eat Their Heads Off

"One day at the National Dairy Show, a city-bred chap and his best girl came along to see the exhibit on the dairy-herd-improvement-association work. I judged that he was a city-bred chap from the remarks he made, and that she was his best girl from some of the remarks they both made. These young folks became very much interested in one of the pictures that showed scrub cows pasturing in a beautiful field of clover. The cows were headless and the picture was entitled: "They ate their heads off." After studying the picture for some time, the young man remarked: "I don't get that. I don't see how cows can eat their heads off." "Oh," replied the young lady, "don't you understand that? It means that they don't produce enough milk to pay for their feed." "Well," remarked the young man, "that is pretty good, isn't it?" And then they passed on. When they were gone, one of the department specialists remarked to another: "That young man had better freeze on to that young lady—he needs her." Cows that eat their heads off should be fed neither up nor down; they should be put out. A very good way to avoid the danger of a surplus of dairy products in this country is to dispose of low-producing cows.—The Farm Journal.

### El Paso Street Is Flooded With Oil

El Paso, April 3. (UP).—When workmen neglected to adjust a safety valve on a 10,000-gallon tank car here, about 8,000 gallons of crude petroleum swept over El Paso's main downtown streets. Immediately the thoroughfares were transformed into a mealstrom of skidding automobiles, frantic slipping pedestrians. The accident created a public emergency and the entire fire department, along with a couple of trucks and fourteen men of the street maintenance department, answered the summons. The fireboys turned water on the oil, scattered it and sent it roaring in a black, murky flood to the banks of the old Rio Grande. Then the street crews dumped a half hundred loads of sand on the oil-smared streets. The oil created a tremendous fire hazard, say city officials. Had someone tossed a lighted match into the oil when it was roaring at its height, well—this would be a different story. El Paso City Councilmen are drafting ordinances to prevent unloading of fuel oil in the downtown section.

### MORE HEALTH WATER

San Angelo, Tex., March 25. (UP).—San Angelo has a mineral well that can compare with any in Texas from a standpoint of medicinal qualities, according to a report received here from the state board of chemistry, to which a sample of the water from the well was sent. Plans are under way for the exploitation of the well. "A mineral high in chlorides and sulphates of sodium and magnesium, valuable in the treatment of rheumatism, stomach, liver and intestinal disorders," was the finding of the analysis. Reno, Nev., divorce center, gained 2000 marriages in 1929 over 1925. Divorces showed an increase of 150 in the same period.

### NOTICE TO CONTRACTORS

Sealed proposals addressed to Hon. J. E. Acheson, County Judge of Foard County, will be received until 10 a. m. April 28, 1930, and then publicly opened and read.

Work to be done consists in concrete paving with concrete curb and gutter on that portion of Houston Street in the City of Crowell adjacent to the Court House Square. The approximate quantities of work are as follows: 350 square yards concrete pavement; 328 linear feet curb and gutter; 315 cubic yards earth excavation; 465 pounds reinforcing steel. Each proposal shall be accompa-

nied by a cashier's check or certified check for 5 per cent of the amount bid. Usual rights are reserved. 43

### FAMILY CAR COSTS SIX TIMES FAMILY CURRENT

Cost of the average six-cylinder family car for gasoline, oil and grease is estimated at \$180 a year. Cost of electricity to the average family is about \$30 a year. Both automobiles and electricity have long since passed out of the luxury class and are now regarded as necessities of life.

### CLOSE TRAMP HAVEN

El Paso, March 25. (UP).—A Salvation Army lodging house in El Paso, where the tramp, the hitch hiker and the "down and outer" might get free lodging along with coffee and bread is no more. The house has been closed by order of the city council. It was located in a fashionable residence section. Citizens said that objectionable characters attracted to the Army home would scatter throughout the neighborhood, creating a "back door" menace. "We'll give them free meals and a place to sleep—in the city street gangs," Mayor R. E. Thompson said.

## Are You Safeguarding Your Family's Health?

The famous "Frigidaire Cold Control"

With every passing day, it is becoming more and more a recognized fact that electric refrigeration is no longer a luxury for the privileged few, but an actual necessity—an essential safeguard to the wellbeing of your household.

Foods kept in the healthful dry temperature of the Frigidaire—constantly below 50 degrees—are permanently protected against food-spoilage and the ever-present danger of bacteria.

You cannot afford to be without this year 'round protection. You owe it to yourself and to your loved ones to investigate the many health and convenience features of the New Frigidaire.

The Foard County News

T. B. KLEPPER, Editor and Owner
MACK BOSWELL, Asst. Editor

Entered at the Post Office at Crowell, Texas, as second class matter.

Crowell, Texas, April 4, 1930

Brilliant Meteor Came Over Here Early Last Tues.

Mrs. M. F. Bowley is the only person in Foard County that is known by the News to have seen the brilliant meteor that shot across the sky directly over Crowell, last week.

At about five o'clock a. m. last Tuesday she happened to be awake when it became lighter and lighter outside. She got up and looked out just in time to see a meteor passing between the Bowley home and S. S. Bell's residence.

Wichita Falls papers reported that the meteor passed over that city shortly before five o'clock and that it was observed by a number of citizens there.

According to the descriptions a streamer of carrot shaped light traveled in front, followed with a space of darkness intervening, by what appeared to be a ball of fire about half the apparent size of the moon.

Judge John Kay of Wichita Falls, who has made a study of astronomy explained that when a meteor, usually a dead body of matter, strikes the earth's atmosphere about 70 miles up, friction with the air sets it afire and causes it to become visible.

The best way of avenging yourself is not to become like the wrongdoer.—Aurelius.

John Ray in Charge of Rotary Luncheon

John Ray was in charge of a farm program at the Rotary luncheon Wednesday. He made an interesting talk which was followed with a few words from county agent Fred Rennels, M. S. Henry, Mrs. A. W. Crawford and T. N. Bell.

Speaking from the standpoint Mr. Ray stated that the farmer's destiny laid in his own hands. Mr. Rennels reviewed the progress that had been made with the calf club and bull circle and other agricultural movements in Foard County.

Mrs. T. N. Bell was present and sang an interesting vocal number. "She borrowed my husband and forgot to bring him back."

Rayland Shows Much Interest in Poultry

Progress in the poultry business in Foard County is reflected in every part of this county. J. C. Davis of Rayland has been operating his chicken hatching business at that place at capacity throughout this season.

Mr. Davis has an incubator capacity of 1,400 eggs and states that he is planning to triple his capacity by next season.

Contract Let for Five-In-One School Building

The contract for a new high school building in the Wilbarger-Foard County line High School District, was awarded to Charles M. Bialkowski of Wichita Falls on a bid of \$47,500 at Vernon Tuesday.

The school is known as Five-In-One and is composed of the common school district of Antelope, (Rayland), Kincheloe, Haney, Parsley Hill and Guggisberg.

The building will include 10 specific recitation rooms, two study halls, a combination agriculture laboratory, science laboratory, office, library, bookroom and an auditorium with a seating capacity of 1,000.

Political Announcements

The following announcements for the offices named are subject to the action of the Democratic Primary to be held in July of 1930:

For County Judge: M. M. HART, JR. CLAUDE CALLAWAY. J. E. ATCHESON (Re-election)

For County Treasurer: MARGARET CURTIS (Re-election)

For County and District Clerk: GRADY MAGEE.

For Tax Assessor: VERNON PYLE. MRS. ELLA RUCKER. PETE BELL.

For Public Weigher, Precinct 1: A. T. SCHOOLEY (Re-election)

For Justice of the Peace, Precinct 1: E. F. (Button) HENRY. J. W. KLEPPER

For Sheriff and Tax Collector: QUE R. MILLER (Re-election)

For Commissioner, Precinct No. 1: A. B. WISDOM (Re-election) ROY C. TODD.

For Commissioner, Precinct No. 2: J. C. HYSINGER (Re-election)

For Commissioner, Precinct No. 3: E. V. HALBERT (Re-election) A. B. SPEARS.

For Commissioner, Precinct No. 4: W. F. THOMSON (Re-election) T. S. PATTON. TOM J. CATES.

For District Attorney: JESSE OWENS JOHN MYERS, Vernon.

For Constable, Precinct 1: J. H. EASLEY

For District Judge: W. N. STOKES, Vernon.

For Representative, 114th District: GEORGE MOFFETT, Chilli-cothe.

For State Senate, 23rd District: RUBEN LOFTIN, Henrietta

The school is to be erected at Parsley Hill.

Thalia Branch of Crew-Long Hdwe. Sold to Lbr. Firm

The interest in the Crews-Long Hardware Company at Thalia has been sold to the Cicero Smith Lumber Company and the hardware and furniture stock of that store will be combined with the lumber yard there.

An extension in the length of the main building of the lumber yard is now being made to include space for the stock of shelf hardware and furniture. The implement business of the company will be discontinued.

Roy Ricks, present manager of the lumber yard, will act as manager of the combined business.

Several from Foard County Planning to Attend Dairy Show

Several people of Crowell and county are making preparations to attend the Texas-Panhandle-Plains Dairy Show at Plainview, beginning Monday, April 7th, and ending April 10th, Thursday.

Fred Rennels, county agent, is hoping that a larger number from this county may be able to attend the show.

T. L. Hughston, Joe Orr and Mr. Rennels are making arrangements to attend. They have not announced what day they will be there.

Over thirty-five thousand people attended the show last year and 50,000 are expected this year. Mr. Rennels stated that this exposition has more dairy cattle on exhibit than either the Dallas Fair or the Fat Stock Show at Fort Worth.

Baseball Practice Started by Thalia

Thalia has started baseball practice and has prospects of a good team. Uniforms, formerly used by the Wichita Falls Spudders, have been secured.

Prospective players for the Thalia club are: Roy Mints and Jack Woods, pitchers; W. M. Bailey, catcher; Charlie Webb, 1st; Billy Banister, 2nd; Orby Mason, short; Oscar Mints, 3rd; Lewis Mints, left field; Bill Awbrey, center field; Lee Mints, right field; Virgin Thompson and John Mints.

ERECTING NEW RESIDENCE

H. L. Muesse of Independence, Kansas, is having a four room residence erected on his farm, just a short distance northeast of Margaret.

Jim Owens, who is renting the place, will occupy the new residence.

T. B. Dunn of Margaret has the contract for the construction of the residence.

"Wear-Ever" Aluminum Money-saving Specials for SPRING. Set of 3 Sauce Pans \$1.98. 2-qt. Covered Oven Pan 98c. Biscuit Pan 98c. Get yours NOW! M. S. Henry & Company. EVERYTHING FOR THE FARM AND HOME. Hardware, Furniture, Implements, Plumbing and Sheet Metal.

Rural School Inspector Visitor Here Last Week

S. E. Clark, state rural school inspector, was in Foard County Friday and Monday for the purpose of making official visits to the schools in this county.

State aid for the rural schools was awarded to the following extent:

Table with 2 columns: School Name, Amount. Vivian \$ 692, Thalia 1,116, Beaver 189, Claytonville 504, Foard City 826, West Rayland 620, Ayersville 108, Black 522, Margaret 456.

Foard County is also to receive \$1,500 additional state aid for the three passenger trucks operated by the rural schools and additional aid for rural students transferred to Crowell High School.

The Thalia and Foard City schools were standardized this year. Just a minor detail or two prevented Vivian, Margaret and West Rayland becoming standardized.

Seniors Beat Other Classes in Track Meet

The Seniors of Crowell High School succeeded in defeating the other classes in a hotly contested track meet last Friday afternoon.

The meet was handled in the same manner that the county meet was. Eligibility rules were the same.

Ernest Spears and Arthur Bell were high point men for the Seniors with 21 and 19 1/4 points respectively.

Those on the Senior team were: Guy Todd, Ernest Spears, Arthur Bell, Ernest Patton, Leo Horn, Charlie Ashford, Robert Oswalt, and Joe Ben Roberts.

Crowell Lot Sale Was Well Attended Tues.

Around one thousand Crowell lots were sold at auction here Tuesday at the court house.

This sale, in which lots were sold for taxes, will put the rolls in the best shape they have been in for a great number of years.

Those on the Senior team were: Guy Todd, Ernest Spears, Arthur Bell, Ernest Patton, Leo Horn, Charlie Ashford, Robert Oswalt, and Joe Ben Roberts.

First Base Ball Game for Crowell Sunday

Crowell will open the baseball season here Sunday with a game against the independent team of the McElreath Motor Company of Wichita Falls.

The probable line-up for Crowell is: Davis or J. Ashford, catcher;

Jones, Rasberry or Bell, pitcher; Graves, first base; C. Ashford, second base; Roberts, short; Stan, third; Beverly or Myers, right field; LaRue, center field; W. Bell, left field, and Henry and Knowlton, substitutes.

The Crowell team has been practicing the past three weeks.

The House of David team will play Crowell here on April 29th, Tuesday.

### RESULTS OF THINKING

Benefits from never wasting anything are clearly emphasized if we, as a scientist would, think about the matter, consider our condition and possibilities of "arriving" if we are prudent.

Just notice how people who save regularly do succeed.

Whenever aluminum.—M. S. Henry & Co.

Harley Capps is now at work on having his garage at Thalia moved from its present location, south of the highway, to a location on the highway, about one block west of the main street in Thalia.

Work on the foundation for the garage has already been completed and the structure will be moved from its present location to the new foundation. It is reported that it will have a stucco front and will be completely remodeled.

Two Cent Stamp May Be Worth Six Dollars

Fort Worth, April 3.—When you buy a 2-cent stamp at the postoffice, it may be worth \$6.

According to Dr. J. Laurence Whitman, professor of chemistry at Texas Christian University, who has a hobby of collecting stamps, Uncle Sam has issued on less than eight varieties of 2-cent stamps of the current issue.

"A specimen of one variety is worth \$6," Dr. Whitman says.

Dr. Whitman began collecting American stamps when he was 8 years old. He collects foreign stamps also, but his chief interest is in his United States collection. He has a specimen of every stamp issued by the government since 1900, and some of his stamps date back to 1851, the year Uncle Sam began using stamps. He values his collection at \$1000.

"Those who are not stamp collectors always ask what makes an old stamp valuable," he says. "The value of a stamp depends upon supply and demand. The rarer the stamp, the more it is worth. For instance, when the first air-mail stamps were issued, in 1918, the bureau of engraving, by mistake printed several hundred of them with the airplane plate upside down. One of these misprints stamps recently sold for \$2300.

### Famous Orator on Masonry to Speak in Wichita Falls April 17

Melvin M. Johnson, past grand master of the Grand Lodge of Massachusetts and recognized as probably the greatest Masonic writer and orator alive today, will address Master Masons of Northwest Texas at Wichita Falls at what is planned to be the greatest rally in the history of this part of the state, Thursday, April 17, at 8 p. m.

Through the efforts of W. E. Brothers, district deputy grand master of this district, Mr. Johnson was secured for this engagement. It is estimated that at least 5,000 Master Masons will be present at the Memorial auditorium to hear Mr. Johnson, since invitations have been sent to every Mason in a radius of 100 miles.

His writings, especially those on the early history of Masonry in the United States and its close relationship to the early American institutions, will be covered thoroughly in his speech here.

Hiram F. Lively, grand master of the grand lodge of Texas, will also be there for the occasion.

Mr. Johnson will also speak at El Paso, Dallas, Fort Worth, Waco, Austin, Galveston and Paris during the same week as his engagement in Wichita Falls.

The lecture is under the auspices of Faith Lodge No. 1158, A. F. & A. M., and Wichita Falls lodge No. 635.

A. F. & A. M.

### STATEMENT

Statement of ownership, management etc., required by the Act of Congress of August 24, 1912, of the Foard County News, published weekly at Crowell, Texas, for April, 1930.

STATE OF TEXAS, County of Foard.

Before me, a notary public, in and for the state and county aforesaid, personally appeared T. B. Klepper, who having been duly sworn according to law, deposes and says that he is the publisher of the Foard County News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse of this form to-wit: That the name and address of the publisher, editor, managing editor and business manager is: T. B. Klepper, whose address is Crowell, Texas; and the owner is T. B. Klepper, Crowell, Texas; that the known bondholders owning or holding one percent or more of the total amount of bonds, mortgages, or other securities are: G. M. Thatcher, Crowell, Texas, and the Mergenthaler Linotype Co., New York, N. Y.

Sworn to and subscribed before me this 31st day of March, 1930.

MACK BOSWELL, Notary Public.

## Income Policy

When the clock of life strikes "5 past 60" for YOU—your body will demand rest—few will be interested in your welfare—and THEN an income will be desired above everything.

Look around your community, you will find the majority of people who have reached the striking of "5 past 60" with no provision for old age comfort and happiness; but are forced to continue to work or are dependent. Don't make the mistake and say, "I will be able to retire in comfort at 65." They were of the same opinion when youth and prosperity were with them.

Our especially prepared OLD AGE INCOME POLICY guarantees YOU an endowment or income for life after reaching 65. If you do not live to enjoy the endowment or income, the full value of the policy will be paid to your dependents or estate.

A nominal deposit with this Company each year will assure YOU of old age comfort and happiness; and remove the thought from your mind, "What will I be doing at 65?"

## Leo Spencer

General Insurance and Loans

## Hello Folks!

I am still at the Lone Star Hotel building, doing general repair and refinishing work and want to express my thanks and appreciation to those who are patronizing me. And to say to those who have not yet, that my work and prices have been highly satisfactory to all except one. (But that's confidential).

Hall's Poultry Compound and Insect Exterminator are gaining new friends every day because they too do the work satisfactorily.

I am keeping bachelor's hall. Drop in for a social chat and to see my pets.

Cordially yours, JNO. T. HALL.

Always at home or on Mycycle.

## A HOME BUILDER

In Spring beavers come out, take a vacation, feast on favorite food of water lilies, returning when leaves fall to gather winter wood for repairing or building a home.

Saving with us will build you a home.

CHURCHES

Christian Science Sunday, 11 A. M. Subject for Sunday, April 6, 1930, "Unreality." Sunday School at 9:30. Wednesday evening service at 8:00.

Presbyterian Church Rev. J. T. Bryant will fill the pulpit at both morning and evening services at the Presbyterian Church Sunday.

Members of the church voted Sunday to call Rev. Bryant for another year of service with the local church.

A cordial invitation is extended to everyone to attend the services Sunday. Sunday School begins at 10 a. m.

At the Methodist Church

At the Methodist church Sunday starts what we hope will be one of the greatest revivals of genuine religion that the church here has ever experienced.

The sermon for Sunday morning will be "Fishers of Men." Everybody come to the Lord's House on the Lord's Day for worship.

Senior B. Y. P. U. Growing Through Giving. Scripture reading—2 Corinthians.

Letter From China Explains Customs in Chinese New Year

C. P. O. Box 1234, Shanghai, China, January 30, 1930. Dear Editor: Here comes a letter from this land of "make-believe."

Heavenly Father, I believe I am willing to do my part for my heart is hungry for his blessings. I can not turn a meeting by myself. I can only fill my place. I verily believe that if the Christians of Crowell will drop everything else at the hours of services and attend all services and respond to the Holy Spirit, that we shall have a gracious revival.

A genuine welcome is herewith extended to all Christians to attend the services and take an active part. Feel perfectly free to work with us. We want you. We covet your cooperation, prayers and good wishes.

Next Sunday we have a good surprise for our folks. Bro. E. H. Crouch, a missionary from Brazil, will fill the pulpit at both morning and evening hours.

Intermediate B. Y. P. U. Introduction—Vera Dawson. Redeeming the time—Elizabeth Lock.

What to do when we doubt—Malissa Dawson. Being dependable—Thomas Brammer.

For love of country—Ophelia

Diggs. Sin and our Savior—Bill Middleton. Three Bible lessons—Wilson Brammer.

We meet at 6:45. Be on time and bring some one.—Reporter.

The Christian Church We certainly did have a splendid day Sunday. We had 98 for Sunday School.

April 13th our Easter meeting begins. This meeting will continue through the week closing on Easter Sunday, April 20th.

Come to Sunday School next Sunday and help us beat the record of 98 last Sunday.

The sermon for Sunday morning will be "Fishers of Men." Everybody come to the Lord's House on the Lord's Day for worship.

Senior B. Y. P. U. Growing Through Giving. Scripture reading—2 Corinthians.

Pastor's wife—Frances Stewart. A deacon—Carl Ivie.

heathen China? We hope that some day China's striplings will tire of "playing house" and will get down to horse sense.

But I'm getting away from the New Year. Gambling is everywhere. Superstition is rife. Money is wasted that might relieve famine suffering.

Every temple is crowded with people offering incense, candles, paper money and prayers to all the gods. They pray not make-believe. They want wealth, and they worship the god-of-wealth with all their hearts.

Every home has one made of wood, mud or of paper but he is "Dzai-zen" all the same. When business is poor in China they say the god-of-wealth has gone to America.

The Thalia Baptist W. M. S. met Monday afternoon, March 24.

Devotional was led by Mrs. Capps, after which a very interesting mission program was rendered. Twelve members were present.

On Monday afternoon, March 31, a social was the program for the day. The ladies on side No. 2 entertaining side No. 1.

Devotional was led by Mrs. Haney, followed with a prayer by Mrs. Tarver. Refreshments of ice cream and cake were served to about twenty.

During the afternoon a box valued at about \$25 was packed and sent to Buckner Orphans' Home.

The ladies are having some concrete walks made leading from the front steps to the basement, gravel and sand being put on the ground by the men.—Chairman of Publicity.

CO-LABORERS CLASS

Thursday afternoon, March 27, the members of the Co-Laborers class of the Methodist Sunday School were delightfully entertained in the home of Mrs. E. Swain with Miss Dine Mitchell, Mrs. Pate and Mrs. T. L. Hughston, assistant hostesses.

The entertainment committee composed of Mesdames Frank Flesher, Elmo Sparks and Faye Beidleman, had arranged an interesting program of games, contests and music which all seemed to enjoy.

After the program the hostesses, assisted by Miss Frank Pennington, served a tempting refreshment plate, suggestive of Easter to twenty-seven members and Mrs. Osborn.—Reporter.

Abilene's \$150,000 Air Terminal will be dedicated during the W. T. C. C. Convention May 29, 30 and 31.

The band contests of the W. T. C. C. will be held under the supervision of the West Texas Band Masters Association.

To bound Texas requires four other states, 860 miles of international border and 370 miles of Gulf coast.

White Leghorn Eggs for hatching purposes from real layers. My entire stock is from Johnson's Imperial Matings sired by Star Mated roosters. We also have a special pen of Star Pullets mated to Star roosters that we know are extra good. We are offering our flock eggs at \$5.00 per hundred. Special pen matings \$7.00 per hundred. Place order for baby chicks, 15c. JOE L. ORR Margaret, Texas

**RAYLAND**  
(By Special Correspondent)

Miss Grayce Criss, who was operated on last Monday at King's Hospital at Vernon, is doing nicely.

Ira V. Younger and family, Clyde Norman, Miss Dorothy Thomas and Carl Layson spent the past week-end in Canyon.

Miss Florence Black of Crowell and Miss Veda Cobbs of West Rayland spent Saturday night and Sunday with Misses Guss and Zelma Russell.

Mr. and Mrs. Bob Abston of Thalia visited B. P. Abston and family Sunday afternoon.

Miss Jenette Davis of Iowa Park is visiting her sister, Mrs. Dewitt Edwards.

Mr. and Mrs. Charlie Powell of Abilene visited her mother, Mrs. Martha Price, Saturday afternoon.

Miss Jewel Kidwell of Kincheloe spent Saturday night and Sunday with Miss Latimore.

A. W. Crisp and son, Harold, made a business trip to Oton, Friday and returned home Saturday.

Lester Martin and Mr. and Mrs. Louis Ivans and son of Union Valley, Oklahoma, spent the past week-end with Mr. and Mrs. A. H. Martin.

A large crowd attended the play at the Antelope school house Monday night.

Mr. and Mrs. Billie Cleveland of Vernon visited her parents, Mr. and Mrs. T. F. Lambert, here Sunday afternoon.

Rev. J. A. Rutledge preached at the Baptist Church Sunday morning.

Mr. and Mrs. Otto Droigk spent Sunday with his parents in the Lockett community.

Miss Josie Martin entertained the young people with a pound supper Saturday night. A large crowd from this and adjoining communities attended.

Singing at the Baptist Church was well attended Sunday night.

Rev. J. A. Rutledge of Chillicothe is visiting his son, R. A. Rutledge, and family.

**TEXON TALES**

We used to have two eating places in camp, the cafe and the boarding house. The fellow who ran the boarding house said he liked for new men to start eating at the cafe first because they would soon get dissatisfied with the chuck up there and then they would put up with nearly anything at his place.

An evolutionist is an optometrist. Any man who drives a car is an optometrist. Any woman who drives a car is—well just another lady driver. A woman optometrist is a lady who marries a pessimist. The prize optometrist is the one who thinks that some time there will be no more wisecracks about an optometrist.

There is another post office very near the one here. At the other post office money order customers are required to fill out the applications and pay in advance for orders. They get sore at the postmaster because he makes them do that. They come to this office and have to do the same thing but they don't mind it over here, of course.

We know some folks who will drive a car two hundred miles just to buy a pair of shoes six-bits cheaper. Still, we believe it is a mighty good thing to keep money in circulation. It's alright if you don't want to spend it all for shoes, divide it all 'round.

Well, we have a new laundry here. Their motto is "Not a cuff in a car load."

The farmers make their living from the soil, sure, but they are not the only ones who do. How about a laundry?

We gotta boy down here who is real henpecked. His wife smokes cigarettes but she won't let him smoke.

Some say the wife always has the last word. Maybe so but man's last word has been determined. It is "I do." Alright, men, go ahead and yawn, that's the only chance you got to open your mouth.

**TEXON TATTLER.**

**TOM CALLAWAY BRINGS IN LARGE EGG TO HANEY-RASOR**  
Tom Callaway of the Foard City community brought in the largest egg that has yet been received by Haney-Rasor Grocery last week. He is in the habit of selling eggs at the grocery, but the White Leghorn egg he brought in with him last week was equal to about four ordinary size eggs.

It measured nine inches in diameter lengthwise and about 7 inches in diameter around the center.

Scholarships in West Texas Colleges and Business Schools will be awarded the winners of the "My Home Town Contest" held annually at the West Texas Chamber of Commerce Convention.

**Dallas Lady Glad to Praise Famed Konjola**

**Neuritis and Stomach Troubles Soon Banished by Power of New Medicine**

"I never had the least idea Konjola would help me as it did," said Mrs. E. M. Fitzgerald, 4533 Worth Street, Dallas. "My stomach gave me a great deal of pain and trouble. Gas accumulated in my stomach after meals and the pressure against my heart cavity caused that organ to beat wildly. Neuritis attacked my side and my right arm and shoulder. These pains were often so severe that I could not do my housework. I did not sleep at night and became very nervous."

"Konjola is fast bringing me back to health again. My stomach is in excellent shape and I can eat almost anything without distress. The neuritis pains are gone, my sleep is normal once again, and my nervous condition has greatly improved. I shall always recommend Konjola to anyone suffering as I did."

MRS. E. M. FITZGERALD

Konjola works with the important functional organs of the body, drives the poisons from the system and regulates the organs of digestion and elimination. In this way glorious and abundant relief is brought about. It is recommended that Konjola be taken from six to eight weeks for the best results. Konjola is sold in Crowell at Ferguson Bros. Drug Store, and by all the best druggists in all towns throughout this entire section.

**Cy Leland Sponsors Caribbean Cruise**

Fort Worth, March 31.—Cy Leland, Texas Christian University's sprinting ace, is going to sea to do his training stint this summer.

Cy is sponsoring a Caribbean cruise, which will include a party of approximately 50 persons, but he is going to keep in training during the entire voyage. He plans to take his track togs along on the trip and keep in shape by running every day.

The party will sail from New Orleans on June 21, visit Havana, the Panama Canal and other points of interest and return to New Orleans 17 days later.

**State Highway Motor Patrolmen Visited in Crowell Last Friday**

Two Texas motor patrolmen paid a visit to Crowell last Friday. They were R. H. Routh and John Lowry, with headquarters in Wichita Falls. The Texas motor patrol is a new organization that has been put into operation by the state for the purpose of aiding and protecting the traveling public. All of the men ride silver colored motorcycles and wear gray uniforms.

The motor patrolmen have been stationed at various sections of the state and all of them patrol their districts in pairs. Routh and Lowry cover fourteen counties surrounding Wichita Falls and one never knows when they may be in this town or county again. While here they conferred with R. J. Thomas, city marshal, and Sheriff Que Miller.

"Courtesy, service and protection," is the motto of the new patrol. Each patrolman carries a first-aid kit for use in case of accident. He is also at the service of stranded motorists in going after aid for them, etc. He is ordered to enforce the traffic laws, but he is also instructed to do it with the least friction possible. Drunken drivers, reckless driving, overloaded trucks, improper lighting and other infractions of traffic laws will be watched by the patrolmen. Besides enforcing laws, the patrolmen will look out for road obstructions and at all times will endeavor to keep traffic moving in as orderly a manner as possible.

**WHY NOT PULL ONE?**  
Badger, Texas. (UP).—The opening of Badger's new hotel, earth for which was broken recently, will be celebrated by a badger fight. Badger is located on the Texas & Pacific railway and Bankhead highway.

**Poultry Specialist to Be Here April 17th**

E. N. Holmgreen, extension poultry specialist of Texas A. and M. College, will be in Crowell the night of April 17th, Thursday, for the purpose of delivering a lecture to the poultrymen of Foard County.

The night of April 17th is the only time that it is possible to bring Mr. Holmgreen here. He is recognized as the outstanding poultry man of Texas and is also the originator of the special A. and M. poultry calendar that a number of people in Foard County are using.

Fred Rennels, county agent, urges all the poultry raisers of Foard County to keep the date of Thursday, April 17th, in mind. Much valuable information can be furnished them by Mr. Holmgreen.

**GIRLS MAKE VITAPHONE**  
Denton, Texas. (UP).—All the mechanical bent is not found in the male ranks, Texas State College for Women students have demonstrated. Students in physics assembled a vitaphone apparatus, which is now being used for showing educational films in classrooms. It consists of a portable moving picture machine with the talking machine attachment.
