## FOARD HIGHWAY WORK WILL EMPLOY OVER 450 MEN BY NOV. 20

### MANY CROWELL FIRMS CLOSING ARMISTICE DAY

Program to Give Program on Court House Lawn from 1 p. m. to 2:30 p. m.

An appropriate program in line with Armistice Day will be given on Friday, from 1 to 2:30 p. m., by the American Legion on the court house lawn surrounding the German field piece and concrete platform. In case of bad weather, the program will be held in the district court room. Most of the business houses of Crowell will be closed all day Monday while others will be open for a part of the day.

**Program**  
Major Hines Clark and Julian Hines and the program committee of the American Legion have announced the following program:  
Assembly at 1 p. m. A. Address—Capt. C. B. Morris, Commander.  
Invocation—Rev. W. R. McCarter.  
Sings by the Legion—Selected.  
Address of Welcome—M. S. Henry.  
Special music.  
Address—Dr. R. L. Kincaid.  
Address—W. A. Cogdell, Veteran Spanish-American War.  
Readings—Miss Francine Mae Curran.

**Address on Proposed Soldier's and Sailors' Monument**—Capt. Que R. Morris.  
**Presentation of Captured German Weapons and other War Trophies**—Foard County—State Adjutant General's Department.  
**Benediction**—Rev. W. W. Smith.  
8:30 p. m.—Motion picture program at Rialto Theatre, showing "American Legion Convention at San Antonio" and "Old Times".

At the evening banquet for the legion members and their ladies will be held in the basement of the Methodist Church. A program of entertainment is now being arranged for an affair which is expected to be of unusual interest.

**German Field Piece**  
Through the co-operative efforts of E. Flowers and Self Motor and the German cannon which has been located on the court house lawn for the past two years has been moved and will be placed on the concrete base before Armistice Day.

The government gave this valuable piece to the local post of the American Legion for efficient work and the field piece will be formally dedicated to the services of the American Legion at the services Monday afternoon by the State Adjutant General's Department. Other war trophies, including two captured German machine guns, rifles, bayonets, gas masks, shells, and various captured German items, will also be dedicated to the Legion at that time.

**Closing of Firms**  
The following firms have announced that they will be closed all day Monday: Self Dry Goods Co., The Texas, R. B. Edwards Co., Blaw Sewing Machine, Harwell Variety, Wm. Brown Co., Cicero Smith Lumber Co., Whippet-Knight Auto Co., Flowery Station, Magee Toggery, Mack Brothers, Leo Spencer, The Store of Crowell, The First State Bank, L. Kamstra, Foard County and West Texas Utilities Office.

**Groceries at 10:30 a. m.**  
The groceries closing at 10:30 a. m. are: Fox Brothers, Sanitary Market, Honey-Razor, Shelton Grocery, M. System. Grocers urge the public to supply their grocery needs by 10:30 a. m. Monday.

**TAX PAYMENTS GOOD**  
Over five thousand dollars in county taxes were received at the tax collector's office in October. This is the largest amount ever received at this office for the month of October. The collector, Miller, collector, believes that the sending of statements to the taxpayers accounts for this condition. He stated that tax payments are coming steadily.

**BIRTHS**  
To Mr. and Mrs. E. A. Dann, November 3, a girl.  
To Mr. and Mrs. Roy Myers, November 2, a girl.

### Dr. Chas. Ball Now Conducting Baptist Revival

Dr. Charles T. Ball, president of Eastern University at Philadelphia, arrived in Crowell Tuesday and is now conducting the Baptist revival in progress here. He failed to arrive Sunday and Rev. Woodie W. Smith, local pastor, ably officiated until his arrival.

The revival will be held for two weeks with evening services beginning at 7:15 and morning services at 10 a. m. Dr. Ball is a minister of unusual ability and all of his services are proving of real interest.

Dr. Ball was once an instructor at Simmons College, now Simmons University, and later instructed in the Theological Seminary at Fort Worth. He is the organizer of Eastern Seminary and Eastern University at Philadelphia and is now president of the latter institution.

**Sermon Tuesday Night**  
His sermon Tuesday night concerned Jesus at the cross. In beginning he stated that God sent Christ to save the world. The three hours of darkness following the crucifixion and Jesus' cry of "My God, my God, why hast thou forsaken me?" were the principal topics from which the sermon was delivered. Knowing that all bodies of human nature come to their best when in the deepest depression and that the problem of sin had to be solved, were given as the reasons for the three hours of darkness that came at high noon. "God did not answer Jesus cry because he knew that Jesus had to solve the problem of sin for you and me and left Jesus alone to solve it," Dr. Ball stated.

"Christ did our dying for us while on the cross. Death is that thing which God hates, the thing which puts men in Hell," Dr. Ball stated. He explained that the three hours of the deepest darkness and silence came as God's symbol of sin, and that it was God's way of showing to the universe the thing that made Hell. "I believe that darkness was universal and that it covered the millions of planets making up the universe. It was the blackest darkness the world has ever known," Dr. Ball said. "Jesus was so overwhelmed in the mystery of silence that for a while he became conscious that he was separated from the Father."

Dr. Ball asked: "What is the goal of Christianity? I think it is personal fellowship with God. That is why we have churches, that is the reason we are here tonight, to come closer to God."  
In concluding Dr. Ball said that Jesus' cry was from the heart and from the lips of one who, when he uttered it, knew that he was dying a death to destroy death. "The devil has the power of death and is its author. Jesus came to destroy the one who had the power of death and went on the cross to lay his life down for us."

Some of the subjects that will be discussed by Dr. Ball during the remainder of the meeting are: "The Origin of Sin," "What and Where is Hell?" "Where Are the Dead?" "The Beast, or the Man of Sin," and other subjects to be announced later.

Rev. Woodie W. Smith is leading the singing and music is one of the features of the meeting. Special music is given each evening.

**FOARD GINNINGS TOTAL OVER 9000 BALES THURSDAY**

Ginnings at Crowell Amount to 3,320 Bales; 3,618 Weighed at Yard Here

Up to Thursday afternoon 9,006 bales of cotton had been ginned at Foard County gins and 3,618 bales had been weighed in at the local cotton yards by A. T. Schooley, public weigher.

### SECOND PLANT IN CROWELL WILL BE ESTABLISHED BY CONSTRUCTION CO.

Paving to Begin About Nov. 21 From Wilbarger Line Toward Thalia; 165 Trucks to Be Used on Program

By November 20th, Foard County will have as large a highway crew at work as any county in the state. It is conservatively estimated that 450 men, or over, will be engaged on Foard County's highway program at that time.

The final stretch of paving on the Lee Highway, State Highway 28, in Wilbarger County, from Vernon to the Foard County line, was completed at 11 o'clock Tuesday morning. The mixer and equipment on that job is now being moved into Foard County to aid in completing the paving project from the Wilbarger line to Crowell.

The McClung Construction Company, contractors for the Wilbarger and Foard paving on Highway 28, has abandoned its plan of establishing a plant at a point about 3 miles east of Thalia and in its place will establish another plant here. It is to be located along the Santa Fe tracks near the railroad's water tank and will be operated on a much larger scale than the present plant. Some sand and gravel had been unloaded on the site of the proposed plant but that is as far as the plans have proceeded.

A new all-steel batcher of the latest type will reach Crowell about Friday and will be unloaded for the new plant. Other preparations for the establishment of the new plant are under way and according to officials of the construction company, trucks will start hauling from it on about November 20th.

**From Wilbarger Line**  
Eighty-five trucks will work out of this plant as a haul of about 16 miles must be made to reach the point on the Wilbarger-Foard line where the second paving crew is to begin work on about November 20th. Forty-five trucks will continue to work from the old plant and thirty-five trucks will be used in hauling sand and gravel from the Malone pit on Pease River, 3 miles northeast of Margaret, making a total of 165 trucks.

About thirty carloads of material, including cement, sand, gravel and steel will also arrive in Crowell during the period of construction. The vast number of men that will be at work on the highway program in Foard County should be of tremendous benefit to this city and county.

Construction company officials state that there will be about 120 men, besides the truck drivers, with each paving crew. With 165 truck drivers, 240 other men with the two crews, and ten men in the engineers department, the paving program will employ 415 men. Between 35 and 40 men are at work on the grade and drainage structures on Highway 28 west of Crowell, thus bringing the total to over 450.

**Population Increase**  
Figuring Crowell's population at 2,400, as indicated by the religious census taken several months ago, it is safe to say that the population here

**T. D. White Buried in 'Old Margaret' Cemetery Tuesday**

Thomas Dailey White, 72, died very suddenly at Margaret Sunday morning at 2:30 o'clock as the result of a stroke of paralysis. Mr. White came to Foard County in the latter part of 1893 and had lived in the Margaret vicinity until a few years ago when he moved to the coast for his health. He was visiting friends and relatives at the time of his death. He died at the home of C. T. Murphy.

In 1894 he was married to Miss Bertie Hunt, a daughter of H. Hunt, one of the pioneers of the community. To this union a number of children were born, all of whom survive Mr. White with the exception of one little girl who was burned to death the day she was three years old. He is also survived by his widow.

Mr. White was converted in 1898 at a revival held by Rev. Mike Clark who was for some time pastor of the Methodist Church at Margaret. Immediately after his conversion Mr. White united with the Methodist church and died in its communion after thirty-one years of faithful Christian service.

after November 20th will be around 3,000, for many of the highway workers have their wives and families here. For a short while anyway, Crowell's population will be boosted at least 20 per cent as a result of the highway program. Of course there are many local people that are being employed on the program.

Many laborers are needed for the new work that is to begin, according to construction officials. The problem of housing all of the workmen is another problem to be confronted.

Byron Reese, resident engineer of the Texas Highway Department, is in charge of all engineering work on Foard County highways. G. K. Reading, assistant to Mr. Reese, will direct the work that is now in progress from Thalia to Crowell. Roy M. Boger, formerly assistant resident engineer in Mitchell County, will have charge of the work from the Wilbarger line to Thalia. Kenneth Caldwell, who looked after the concrete mixer for the engineer's department in Wilbarger County, will look after one of the mixers in Foard County.

**Three Miles Paving**  
To the present time about three miles of paving have been laid in Foard County from a point one mile west of Thalia in the direction of Crowell. Paving work has been continually delayed by rains, most of which have been light but yet enough to seriously hamper paving operations.

With proper weather conditions it is estimated that about two miles of concrete paving, eighteen feet wide, will be laid each week by the two mixers. Just when the paving will be completed cannot be estimated as long as the weather cannot be controlled. Wilbarger County is rejoicing over the fact that it is the first Texas county on the Lee Highway to complete paving across the county. The paving in that county now extends from Red River in the northeast to the Foard County line in the southwest. The portion of the highway southwest of Vernon has been opened to a point three miles east of the Foard County line and the entire highway will be opened to public traffic in about two weeks.

**Highway Work West**  
Oran Speer, contractor for the grade and drainage structures, from Crowell west to the Cottle County line, lacks about three miles of grading to complete his work. The three girders on the large concrete bridge over Good Creek, about 14 miles west, have been erected and the construction on this bridge will be rushed to completion. It will be sixty-five feet long and will be the largest bridge on the Lee Highway in Foard County.

It is reported that the paving work from Paducah, west to the Motley County line, was completed this week.

**Christian Church Home-Coming Day To Be Held Sunday**

Sunday will be home-coming day at the Christian Church. It is hoped that members of the church all over this section will be present. According to Rev. John G. Clark, there are 152 members of the church living in and near Crowell and all are expected to be present Sunday.

Rev. J. E. Chase, who was pastor here 20 years ago when the church was dedicated, will preach the morning sermon. After the morning services, dinner will be served in the McLaughlin building. In the afternoon a short review of the history of the church, followed by the communion service, will be given, those officiating being the older members of the church. At the evening service a visiting preacher will deliver the sermon. The public is invited to attend the services.

**Rosalie McDaniel and Bob Carrol Married**

Miss Rosalie McDaniel, daughter of Mr. and Mrs. W. O. McDaniel, and Bob Carrol, son of Mr. and Mrs. G. Y. Carrol, were married Friday in Oklahoma. They are now making their home on the farm belonging to the groom's father in the Vivian community.

The couple is well known here, Mrs. Carrol having spent practically all of her life here and Mr. Carrol has also lived here for a number of years.

### W. W. Griffith Is Winning Football Guesser Last Week

W. W. Griffith accurately predicted the major football games of last week to win first place, thus becoming a member of the select group, including Gordon Gribble, Herbert Edwards and Fred Rennels, who won the contest in previous weeks.

True to form the writer's pick for first place in last week's scribe's type-writer. Rev. John G. Clark came in for second place with Miss Marguerite Stephens, third, and Fred Rennels, fourth. Mr. Rennels was the previous winner. No victor has yet won twice in succession and this week Mr. Griffith has the opportunity of breaking that record.

Mr. Griffith's predictions and the actual scores of last week follow: actual scores coming first: S. M. U. Texas, 0-0, 0-7; Baylor-Tech, 34-0, 26-0; Rice-St. Edwards, 7-20, 7-13; Notre Dame-Ga. Tech, 26-6, 12-0; Yale-Dartmouth, 16-12, 7-6. Mr. Griffith was the only person to predict a victory for St. Edwards.

The predictions for this week include two particularly hard games in the Southwest Conference, Texas-Baylor and S. M. U.-A. & M. Those predicting this week follow: W. W. Griffith, 1; George Self, 2; T. S. Hanev, 3; Jimmy Cotten, 4; and Teddy Burrow, 5. The games for this week and predictions follow:

	1	2	3	4	5
Texas	21	13	14	7	7
Baylor	0	6	0	0	0
S. M. U.	13	7	7	14	7
A. & M.	0	14	0	7	6
T. C. U.	30	26	21	21	19
Rice	0	0	10	0	0
Harvard	14	21	14	14	13
Michigan	7	13	7	0	0
Army	7	7	14	7	7
Illinois	0	6	0	7	0

Most of the predictors this week are unanimous as to victors and the accuracy with which they predict the scores may determine the winner. George Self is the only one to predict a victory for his old alma mater, the Aggies, and the outcome of this game will either place him on the top or the bottom of the list. The only other variation is Jimmy Cotten's prediction of a tie game between Army and Illinois. It is unanimous that Texas, T. C. U. and Harvard will win their games.

It seems to the writer that victory for Illinois would have been a good prediction and while no one picked that team to win he believes that George Self hit the nail on the head in forecasting defeat for the mighty Mustangs of S. M. U. The Farmers will handle those Mustangs as if they were plow-horses before that game is over. The game is being played in Aggie land, thus making things look still worse for S. M. U.

Naturally it is a pleasure for the writer to pick George Self to win this week and jinx or no jinx, it seems to the writer that George will prove to the public that the writer's choice is not always destined to hit the bottom. Old Man Jinx got busy in the last few seconds of play in one game last week when Yale intercepted a pass to defeat Dartmouth, thus throwing Jimmy Ashford and the writer on the bottom, Jimmy being the only one to forecast victory for Dartmouth.

The linotype man, after picking the second place winner last week is staking his honor on T. S. (Hid) Hanev. It does look as if "Hid" will win second and surely seems that W. W. Griffith will fall from his lofty position of winner one week to last place the next.

### Chillicothe High and Crowell Meet at Chillicothe on 11th

Crowell High plays Chillicothe High on Armistice Day at Chillicothe in the most important game on the Crowell schedule this season. Crowell is undefeated and Quannah is the only team that has scored on the Wildcats, having made a touchdown in the opening game. Munday and Crowell played a scoreless tie, although Crowell completely outplayed its opponent in this game.

Chillicothe has made one of the most impressive records of any team in this district, with victories over Quannah and Vernon to its credit as well as a number of lop-sided victories. The Wildcats have been pointing for this game and no doubt it will be the hardest fought contest of the season in this section.

A large number of Crowell people are planning to attend the game.

**PHONE BUILDING COMPLETED**  
The new Haskell Telephone Company building was completed this week by L. I. Saunders, contractor, and was turned over to the owners Wednesday night. Work on the installation of the new telephone system in the building is now taking place.

### CROWELL WINS OVER MATADOR BY SCORE 21-0

Wildcats Play Best Football of the Year; Passes Net Big Gains

The Crowell Wildcats played the best football that they have shown this year to defeat Matador 21 to 0 here last Friday. The Bull-Fighters never once threatened to score and were completely outplayed throughout the game. Crowell scoring ten first downs to their four and completing 6 passes out of 8 attempts.

Ernest Spears played a wonderful game, especially in the aerial department. Crowell's first touchdown came early in the second quarter when he intercepted a pass and ran 25 yards for the marker. He completed two more long passes to place the ball on the Matador 5-yard line just as the half ended. The second touchdown came when Oswalt passed to Todd for a gain of 44 yards on a fake play, putting the ball on the 3-yard line from which point Guy Todd carried it over. Spears was instrumental in the scoring of the third and last touchdown when he completed a lateral pass for a gain of 20 yards and placed the ball on the Matador 3-yard line. The touchdown came on the next play when Oswalt carried it across. The game ended as R. J. Thomas, Jr., completed a pass for 40 yards to place the ball on the Matador 25-yard line.

Guy Todd, quarterback, played a nice game and was a very capable field general. Robert Oswalt showed that he is just as effective in the backfield as on the line. His punting was one of the features of the game. As usual the Crowell line came in for a lion's share of the glory of the victory.

**First Quarter**  
Arthur Bell kicked off for Crowell to the 10-yard line where Traweck received and returned 25 yards. Warren made a yard through the line. Gilbert's pass was incomplete and he followed with a 3 yard gain through the line. With fourth down and 6 yards to go, Jeffers punted 30 to Guy Todd who returned about 5 yards. Oswalt went over center for 4 yards. Spears failed to gain on an end run. Todd gained 4 yards over tackle. Oswalt punted 42 yards on the next play to Matador's 23 yard line. Jeffers made 8 yards around end and Warren made first down for Matador with a 3 yard gain through the line. Warren made 3 more yards followed with a 5 yard gain by Jeffers. Traweck failed to gain and Jeffers punted to Todd who returned 20 yards to place the ball on the Crowell 45 yard line. Todd took the ball out of bounds for no gain. On the next play the ball was carried 15 yards and was fumbled to be recovered by Gilbert for Matador. A pass failed. John Todd threw Gilbert for a 2 yard loss. A pass, Gilbert to Renfro, netted 10 yards. Gilbert's punt was blocked by Womack and recovered by Cogdell on Matador's 32 yard line. Todd went off-tackle for 4 yards. Oswalt made it 2 more through center. Oswalt failed to gain on a line play. In one of the prettiest plays of the game, Todd made a perfect pass for 35 yards with Spears receiving for what looked like a certain touchdown. However, he had one foot out of bounds just as he caught the ball and it was brought back to the 20 yard line and Matador got the ball on downs just as the quarter ended. Score 0-0.

**Second Quarter**  
Traweck was thrown for a 3 yard loss. Gilbert failed to gain. A pass was incomplete and Gilbert punted 25 yards to his own 42 yard line. Matador was penalized 5 yards for offside. Oswalt made 5 yards. Spears made no gain. Todd took the ball for a 7 yard gain and Crowell's initial first down on the next play. Gann failed to gain on two line plays, one yard more on the fourth down Oswalt made 4 yards off tackle and but the gain was not enough and the ball went over to Matador. On the next play Matador attempted a pass which Spears intercepted on the 25 yard line and raced across the goal line for the first touchdown. The extra point was made with Spears carrying the ball across on a fake place kick. Crowell 7, Matador 0.

Bell kicked off for Crowell but the ball was called back and Crowell penalized 5 yards for being offside. Edwards, Matador center, received a hard kickoff at close range which was enough to knock the breath out of a man. Bell further added to his discomfort with a hard tackle which caused him to fumble the ball with Spears recovering for Crowell. Edwards was knocked out on the play but was able to resume the game when time was called. Play was resumed on the Crowell 42 yard line. Todd made 2 yards. Oswalt failed to gain. A pass, Todd to Ganns, netted 5 yards. Oswalt punted 42 yards on the next play and Warren returned 8 yards to put the ball on the 16 yard line. Gilbert made three yards around right end. Warren failed to gain. Gilbert punted 40 yards to Todd who returned 7 yards. Oswalt made 5 yards through center. A pass, Todd

In Crowell Mondays—Thursdays—Saturdays

Miss Avis Nixon of Crowell spent the week-end with her parents, Mr. and Mrs. L. L. Nixon.

Mrs. A. T. Fish and daughter and Mrs. J. D. Gilbert were shopping in Paducah Friday.

Mr. and Mrs. George Gallup and children, Mr. and Mrs. Allen Fish and children, Misses Rosalie Fish and Martha Lou Whatley were shopping in Crowell Saturday afternoon.

Mr. and Mrs. Aubrey Alexander and children spent Saturday night and Sunday in the home of Mr. and Mrs. Jim White of Crowell.

Paula Faye Beatty, small daughter of Mr. and Mrs. Charlie Beatty, is on the sick list at this writing.

**RAYLAND**

(By Special Correspondent)

A. W. Crisp returned from Bay City Saturday.

There will be singing at the Rayland Baptist Church every Sunday night. Everyone is invited to attend. The Hallowe'en box supper at Antelope school, sponsored by the County-line P. T. A., was well attended. The proceeds amounted to \$96.20.

Walt Funk visited his wife at a hospital in Wichita Falls Saturday. Mrs. Funk is very much improved.

Dewitt Edwards purchased a new Ford Thursday.

Mrs. L. D. Mansel spent Sunday with Luther Ward and family of West Rayland.

Rayland Methodist Church Friday. There will be a pie supper at the night, November 15. Everyone is invited.

Mrs. M. E. Bushon of Childress came Saturday to visit Mrs. R. D. German.

Mr. and Mrs. Buster Kincheloe of Kincheloe visited Mrs. Martha German Sunday afternoon.

Grandpa Rutledge came Saturday to visit his son, R. A. Rutledge.

Miss Lorraine Attaway, Miss Hazel Rutledge, Ralph Gregg and Carl Cobb attended the football game between Vernon and Wichita at Wichita Falls Saturday.

**GAMBLEVILLE**

(By Special Correspondent)

Sim Gamble and family, Mr. and Mrs. Claudie Carroll, Mr. and Mrs. Dave Shultz, Mrs. Mollie Free and children, M. E. Gamble and family, R. R. Husky and family, Mr. and Mrs. Vera Owens, Charlie Carroll, F. J. Jonas and wife were among the Crowell visitors Saturday afternoon.

Miss Estelle Johnson spent from Wednesday till Sunday with her brother, R. C. Johnson, and family of Crowell.

Raymond Burrow of Vernon spent Sunday with his parents, Mr. and Mrs. E. W. Burrow.

Mrs. Alice Key of Rayland spent one afternoon last week with Mrs. R. C. Johnson and Mrs. D. M. Shultz.

Mr. and Mrs. V. A. McGinnis spent Sunday with Mr. and Mrs. E. W. Burrow.

Walter Cheatem, Virgil Latimer, Thelma and Flossie Rogers, Charlie and Herman Johnson, Essie and Estelle Johnson, Ella May Johnson of Johnson Springs, Mr. and Mrs. Irving McClendon and family of Dunlay, Lucille, Lorene and Mary Shultz of Thalia, Catherine Wheeler and Louise Stovall and Mr. and Mrs. C. D. Haney of Talmadge all visited Mr. and Mrs. R. C. Johnson Sunday afternoon.

Mr. and Mrs. H. L. Shultz visited the latter's sister near Burk Burnett Sunday and picked pecans. Others from Vernon and Iowa Park accompanied them.

Mr. and Mrs. Claude Roberts of Vernon spent Wednesday night with Mr. and Mrs. Dave Shultz.

**TEXON TALES**

The only excitement we had here this week was a killing. Yes, we killed the big well. A guy from Pittsburg, Tulsa, and other points came out here and struggled along on fifty dollars a day pay just to man-handle this well. He got the tools out and filled the well full of water and left. The boys are drilling it on down. We gonna get all this well's got. An oil well is the only thing I ever saw you could drown and then bring it back to life more than ever. This won't work on a horse.

There's a counterfeit ring suspected here and we have been warned to watch all hundred bills, so we are watching for them. Gotta have some to watch before we can watch them. Money talks. We don't mind that except it is always saying good bye. They went to making dollar bills smaller when we couldn't stretch the big ones far enough to suit us. They arrested one guy who was raising one dollar bills to tens, but he said he was only trying to make them buy a full dollar's worth.

An old cow hand came into the Texon Drug Store last week with a string tied around his finger and Mrs. Mack asked why he had to do that. He says, "Well, when we want to remember we tie a string around a finger but when a guy wants to forget we tie a rope around his neck." This guy was telling us about a dog they had out at the ranch. He said it was an imported dachhund and was about half a dog tall by about a dog and a half long. He said the reason they got this dog was that they never could keep dogs very long but this one is a long dog. He says he hopes this hound gets along alright for he has long longed for a long dog.

Well, so long, TEXON TATTLER.

The Roper gas range (cast iron) cooking top, front, shelf and legs. Complete with porcelain lined oven and approved heat control. Black only \$85.00; full porcelain inside and out, gray and white trim only \$100.00.—Womack Bros.

A train load of tractors filling seventy cars recently was received in Regina, Saskatchewan, for farmers of that vicinity.

Quadruplets occur once in 370,000 births.

Old Time Articles  
Displayed in M. S.  
Henry & Co. Window

M. S. Henry & Company has a very attractive window this week which is featuring articles that date back many decades ago.

Articles in the window include a muzzle loading double-barrel shot gun which has been in the Allee family for approximately 100 years. It was once thrust down the mouth of a bear attacking the owner in the cane brakes of East Texas. It is the property of J. R. Allee. J. R. Allee also has a high powered rifle on display that was carried by his father while he was second sheriff of Hardeman County, 1886 to 1888. Foard County was then a part of Hardeman. A long chain used in breaking prairie soil in Collin County about 55 years ago for the fathers of M. S. Henry and J. R. Allee is also displayed by J. R. Allee.

A pair of hand made wood hames, made before the Civil War and known to be over 70 years of age and a powder gauge used for muzzle loading shot guns, the property of Mrs. A. F. Cannon, are also displayed. Mrs. Cannon also had a shuttle used for making "jeans and cloth" over 50 years old, in the window.

A cradle used for cutting grain, ordered for a resident of Foard County in 1920 and still used in some states, property of M. S. Henry & Co., is also on display.

J. W. Beverly has displayed in the window an ox-yoke bought in East Texas with oxen, and brought to Foard County about 12 years ago, and also a muzzle loading shot gun, known to be in use 60 years ago.

The platters on display are the property of Mrs. Belle Allee. One was bought in Missouri about the year 1822 and brought to Texas by Joseph Russell, who died in 1845. He was the grandfather of Mrs. Allee. The other platter was bought in Plano by Mrs. R. H. Brown, the mother of Mrs. Allee.

Other articles on display include a shaving mug, said to be made of rice, over 75 years old, property of J. E. Lankford, spoons over 100 years old, property of J. E. Lankford; embroidery wheel, brought from Poland, age unknown, property of Mrs. Alice Johnson; cap and ball rifle brought

from New York to Tennessee, then to Texas by Ferguson family, over 75 years old, property of C. R. Ferguson; buffalo skin holder, used by buffalo hunters on Continental Divide over 50 years ago, property of Dr. J. M. Hill; and a cap and ball pistol, age unknown, property of W. O. McDaniel.

Dr. Charles T. Ball  
Speaker at Rotary  
Lunch Wednesday

Dr. Charles T. Ball of Philadelphia, president of Eastern University, who is conducting the Baptist revival here, was the principal speaker at the luncheon of the Rotary Club Wednesday. Rev. W. W. Smith was in charge of the program and his daughters, Evelyn and Merle, gave a vocal number.

"The church and Christian experience are far behind scientific progress. I am sorry to state," said Dr. Ball. "Christian progress should go ahead of and dominate scientific progress."

Ball commented that progress depended upon the spirit of adventure and mentioned that Jesus Christ was the greatest adventurer of all time. "We are living in a strange age. Right now plans are underway to anchor a number of cities across the Atlantic Ocean that will serve for airplanes to land on. Engineers are working on plans to provide a great lake in the Sahara Desert with water from the Mediterranean Sea. I really believe that we shall see these great projects completed and as long as the spirit of adventure prevails we shall have progress," he stated.

A number of other interesting remarks were made by Dr. Ball. Roy Gaither of Altus, Oklahoma, district manager of Wm. Cameron Lumber Company, was a visitor at the luncheon. For the fifth consecutive luncheon the attendance was one hundred per cent.

County Will Keep  
Money From Auto  
Taxes in Future

It is hoped that all residents of Foard County will have their motor vehicles licensed in Foard County this year as all the money paid on auto taxes will be retained by the county.

In the past most of this money has gone to waste and it didn't matter so much where an automobile was registered but a different condition exists now as a result of a law passed by the last legislature.

License fees on passenger vehicles are about 50 per cent lower this year, while the license on trucks remains the same. The new law also permits tax collectors to collect fees due by charging off each month of the year which has passed. If a car

is licensed February 1, the auto owner pays for eleven months, instead of the quarterly prorata basis. Provisions of the new tax law show that the lighter cars will receive the greatest reduction in fees.

Two thousand new license tags were received at the tax collector's office this week. Mr. Miller will announce when the distribution of these are to begin. The automobile tags this year are yellow with blue numbers and begin at 427-101. The truck numbers are blue with yellow numbers and begin at 62,001.

A new law is now in effect which requires any trailer or similar device drawn by a motor vehicle must be licensed.

Otto Schroeder's  
Farm is Operated  
Very Efficiently

The continual practice of the old adage that a "dollar saved is a dollar made" has resulted in a conveniently improved farm for Otto Schroeder, Foard County farmer. Mr. Schroeder believes that efficiency in all farm lines must be practiced if a profit is to be derived from farming.

The Schroeder farm consists of only 200 acres. It is not unusual or outstanding in the way of fertility from the other farms in the locality. It is not so much more highly improved but there are many things that upon close observation indicates immediately that there is not any lost motion in carrying on the farm work. A farmer's time, according to Mr. Schroeder, is one of the commodities that he has to sell and all the time that he can save from non-essential duties can be turned into profit. With time saving in mind the improvements and implements on the Schroeder farm are arranged accordingly.

Every gate on the farm is properly hinged. They have fasteners that can be opened rapidly. When opened there is a fastener that holds the gate open while driving through. The fences around the barns are in good repair. There is a commodious barn that holds plenty of feed to run the farm. In addition to the feed room there are sheds for his work animals where they may be fed in the least possible time. On one side of the barn there is a large shed which is used to protect and house the farm machinery. There is a row binder on the Schroeder farm that has been in use for the past twelve years and it seems to be in as good repair as many that have been run only one season. This binder has never been in a rain. At the end of the season if there is any repairing to be done on the machinery the parts are secured and the repairs made before storing the machine away. Every other machine is cared for with the idea in mind to get the greatest amount of service. It is also noticeable that all the plows, cultivators, stalk-cutters, even the double shovel and Georgia stocks are all equipped with single-trees and the proper hitches ready for use on short notice when needed. Mr. Schroeder has a small four wheel cart that has been made from the low broad tire wheels of an old grain binder, that he uses profitably for the many small hauling jobs. It is built so that it can be turned around in a very small place, making it convenient for hauling in potatoes, fruit, melons or for transferring feed to the grinder.

Perhaps the excellent repair that the implements and farm buildings on the Schroeder farm are in, is the result of an up-to-date farm blacksmith shop, which is amply equipped with good tools, including a forge, anvil, vices, drills, saws, a work bench, a small engine for his power and numerous other tools that make repair work more efficient. One noticeable feature of the shop, is the fact that every tool has a certain place where it may be found in the least possible length of time. All the tools are cared for and kept in good condition. Mr. Schroeder exhibited a draw-knife, a hack-saw and a small plane which he purchased in 1891. Although worn they are still in use.

Most of the work that is required to keep the farm buildings and implements in good condition is done at a time when little else can be done. It furnishes employment for the "rainy day," however, rain or shine Mr. Schroeder is always on the job and is busy at some task which is the secret of his success.

Dynamiting of fish is annoying the Brazilian government, which has no laws prohibiting this slaughter.

One kind of starfish produces about 200,000,000 eggs.

Carolyn Shawver Is  
Married in Dallas

Miss Carolyn Shawver, daughter of Mrs. Lona T. Shawver, and John O. Maberry of Sayre, Oklahoma, were married Tuesday evening at the Highland Park Methodist Church in Dallas with Dr. Umphrey Lee officiating.

Miss Catherin Clark of this city served as one of the bride's maids. Miss Shawver was given in marriage by her brother, John Bob Shawver. Mrs. M. S. Henry was one of the out-of-town guests present at the wedding.

Following the wedding Mr. and Mrs. Maberry left for a trip to Chicago. They will make their home in Sayre, Oklahoma. Mrs. Maberry formerly lived in Crowell and is well known here. She is a graduate of Southern Methodist University. Mr. Maberry is a graduate of the S. M. U. law school.

Three Men Arrested  
In Connection With  
W. T. U. Co. Robbery

Three young men giving their names as Jack Turner, Earl Lester and W. C. Ferguson were arrested Sunday by R. J. Thomas, marshal, and Sheriff Que Miller under a cullvert near the depot.

W. O. Clary, of the West Texas Utilities Company, had just entered the old plant of that company and found the men in there. Without a gun and naturally unable to make them come along with him, he went to the Johnson Service Station and from there notified local officers. The men were soon found and placed in jail here. They were removing parts from an engine in the old plant when discovered by Mr. Clary.

They were taken to Quanah Tuesday where they face charges of breaking into the Mosley Grain Elevator and doing about \$1,000 worth of damage in removing parts from an engine. It is believed that they are connected with the same parties that stole over 300 pounds of copper wire from the West Texas Utilities Co. here recently.

One of the three men arrested attempted to pass a forged check on D. E. Dunn (meant for C. E. Dunn) at Self Dry Goods Saturday, but escaped before officers arrived.

The two boys arrested last week for the theft of wheels and tires from Tom Johnson's trailer and wagon sheets from Elmer Roberts of Thalia have been fined and turned loose.

Some day probably a student of psychology will tell us why it is that a child learns evil things before the good.

A fellow may think that he knows it all, but he probably hasn't learned what others think of him.

NOTICE TO CONTRACTORS

Sealed proposals addressed to C. T. Schlagal, Mayor of Crowell, will be received at the office of the City Secretary until 2:00 p. m., November 8, 1929, for the improvement of certain streets in the town of Crowell.

Description of Work to be Done: The work consists of the grading and paving of four blocks of Houston Street, the approximate quantities being as follows:

4,576 cubic yards excavation; 13,726 square yards reinforced concrete pavement; 1210 linear feet concrete curb.

Plans and specifications may be seen and information obtained at the office of the City Secretary at Crowell.

A certified or cashier's check in the amount of 5 percent of the amount bid must accompany each proposal as a guarantee that the bidder, if successful will enter into contract with the terms of the specifications.

Proposals shall be enclosed in a sealed envelope and shall be marked "Bid for Paving of Houston Street." The City reserves the right to reject any or all bids and to waive all technicalities.

NOTICE TO CONTRACTORS  
Sealed proposals addressed to J.

E. Atcheson, County Judge of Foard County, will be received at the office of the County Judge until 11 a. m., November 25, and then publicly opened and read.

Description of Work to be Done: Work consists of concrete pavement with curb and gutter on Houston Street of the City of Crowell adjacent to the Court House. The approximate quantities of work are as follows:

342 linear feet curb; 1704 square yards concrete pavement; 488 cubic yards excavation.

Proposals shall be accompanied with a certified or cashier's check for 5 percent of the amount bid. Plans and specifications may be seen and information obtained at the office of Byron Reese, County Engineer at Crowell.

The County reserves the right to reject any and all bids and to waive all technicalities.

 Dollar days, bargain days.—Self's.  
 Miss Virginia Freeman visited in Childress Saturday afternoon.  
 J. W. Bell and Mrs. Troy Erwin left Tuesday for a trip to Dallas.  
 Detroit Jewel gas ranges, "They Bake Better."—M. S. Henry & Co.  
 American Legion motion picture program at Rialto Monday afternoon.  
 Amours Creameries want your turkeys. Market opens Friday, November 8.  
 My office will be closed after the 15th for about ten days or two weeks.—Dr. H. Schindler, dentist.  
 Mr. and Mrs. L. Sentiff of Decatur, Ill., are here visiting their daughter, Mrs. H. Schindler, and family.  
 Tansy Stanford of Athens, Texas, has arrived in Crowell to buy cotton. He has been buying cotton here for several years.  
 Mr. and Mrs. J. M. Welch of Anna where here last week visiting relatives and friends. They returned home Sunday.  
 Mrs. Dow Miller and daughter, Florene, spent last week-end in Wichita Falls visiting Mrs. Miller's sister, Miss Esther McCoy.  
 No one will sell you a better stove for the money. Whether gas heater or gas cooker or range, we guarantee satisfaction.—Womack Bros.  
 Raymond Burrow returned to Crowell Thursday after spending the past few months at work on the highway program in Wilbarger County.  
 Miss Marguerite Stephens visited in Dallas Saturday and Sunday. She was also a strong Texas supporter at the Texas-S. M. U. game there Saturday.  
 H. W. Smith has sold his restaurant to J. L. Hamilton, formerly of Spur, and left Monday. He did not know where he would locate at time of his leaving.  
 Our gas heaters of every type whether asbestos or clayback radiator is the cheapest and best for money asked. We guarantee satisfaction.—Womack Bros.  
 You will not like to hear the alarm clock in the morning if you are sleeping on a Ketchersid-made mattress. See us for quality mattresses.—Ketchersid Furniture Co.  
 Just arrived, a beautiful lot of framed pictures, framed mirrors, smokers, waste baskets, occasional tables, library tables, bridge sets, lamps, foot stools, etc.—Womack Bros.  
 Mrs. H. Schindler and Mrs. J. R. Beverly went to Vernon last Friday to meet Misses Elsie Schindler and Rosalie Drabek, students in St. Mary's Academy at Wichita Falls, who spent the week-end with home-folks.  
 O. W. Taylor, who is in the insurance business in Wichita Falls, and his father, T. J. Taylor, of McKinney, were here Monday and Tuesday visiting their brother and son, R. L. Taylor, and family of the Foard City community.  
 Mrs. J. T. King returned Wednesday from Anson where she had been for several days on account of the serious illness and death of her little 15-day old grandson, James Clyde, Jr., son of Mr. and Mrs. Clyde King, who died Monday morning.  
 Monogram—porcelain, beautifully finished in walnut, permanent porcelain on iron. The Monogram will heat perfectly 3 to 6 rooms (depending on character of rooms) with health giving circulating moist warm air. Only \$75.00 installed.—Womack Bros.  
 Mrs. D. R. Magee and small daughter, Ada Jane, went to Avoca last Friday for a week-end visit with Mrs. Magee's sister, Mrs. Eck Gillespie. Mr. Magee went down after them Sunday and was accompanied by Misses Ila Lovelady and Faye DeLong who visited relatives in Throckmorton.  
 Rev. T. M. Johnston, pastor of the Methodist church at Crosbyton and former pastor of the Methodist church at Margaret for four years before going to Crosbyton, was here Wednesday. Bro. Johnston and his congregation are building a \$30,000 new brick church building which is expected to be completed about December 1st.  
 Allen Cogdell left Thursday of last week for Dallas where he has a position in the Dallas postoffice and is employed in Station B. Allen took the mental examination last February with a class of 725 and two weeks ago went to Dallas to take the physical examination and at that time was sworn in. His duties are that of a substitute clerk.  
 Mrs. G. A. Rogers left Monday for Northfield where she will make her home with her son-in-law, D. T. Florence. Mr. Florence came down in a truck to move her household goods. Mrs. Rogers had been a resident of the west part of Crowell, where she owns her own home, for many years and lived alone except when she had rooms rented or when some of her grandchildren were with her. Owing to the fact that she has severe attacks of rheumatism she decided it was best that she go live with her children. Her neighbors and other friends in Crowell regret very much for her to leave.

 W. H. Howard and wife of Big Spring arrived in Crowell Thursday night for a visit with Mrs. E. L. Howard. Mr. Howard returned Sunday while Mrs. Howard remained here for a visit.  
 Bath gas heaters, all metal case white porcelain, all metal adjustable burner, \$3.75; another cast iron frame white porcelain with 6 radiators—a beauty—only \$11.50.—Womack Bros.

LOST—New Ford wheel and tire between Crowell and Truscott. Reward for return.—Dr. R. L. Kincaid.

### P. T. A. TAG SALE

The Parent Teachers Association is sponsoring a tag day, November 22 and 23. The school children will sell tags at ten cents a piece on the above dates. The proceeds are to be used to purchase library books. The school is very much in need of a better library, and if you will buy a tag it will be appreciated.

### ANNOUNCEMENT

The Parent-Teachers Association of Crowell will meet on the afternoon of the third Tuesday of this month at the school building. The third week of this month is Education Week and the parents of school children are urged to visit the schools during this week during school hours. Membership cards will be given out at the meeting on the third Tuesday.

A zoological along the Rivera is entertaining sixty orang-utans that are enroute from Sumatra to various animal collections.

### Methodist Church

A fairly good day at the Methodist Church last Sunday. Not quite 200 in attendance at Sunday School. An interesting service at the 11 o'clock hour.

Sunday School next Sunday at 9:45 and preaching at 11 o'clock. We are very anxious for all the members of the church to be present at the morning service. A church conference will be held and reports made of the year's work. We hope the Sunday School will attend the service as Sunday is our last day of the Conference year and we are not having the night services on account of the Baptist revival meeting.

Let every one come to the service in the spirit of prayer, praying that the Lord may especially bless these, our last, services for the year. We will have special music.

Junior church for the boys and girls at 11 o'clock. Hi-League at 6 o'clock. Senior League at 6:45.

Woman's Missionary Society meets Monday at 3 p. m.

Preaching services next Sunday afternoon at 3 o'clock at Black schoolhouse.

W. R. McCARTER.

The first dollar down on the installment plan, is always the easiest.

## THE FIRST STATE BANK

**WHAT'S DOING IN WEST TEXAS**

(By West Texas Cham. of Com.)

**Stanton**—Mr. F. I. Townsend, not a country man but just an average citizen in Scurry county, has proved himself in the past twelve months, that he is a profitable sideline if the necessary information is acquired as to the care of the hens and if one applies himself assiduously to the business. An accurate record was kept by Mr. Townsend which shows that from October 1928 to October 1929, two hundred and sixty leghorn hens produced \$781.47 worth of eggs and, \$188.70 was spent for feed, leaving a profit of \$592.77 for the year.

**Fluvanna**—Contract has been let for the construction of a new high school building for Fluvanna. When the building is completed, more than \$50,000 will have been expended for the upward advancement of education in that thriving little city.

**Anson**—Among the many constructive and progressive moves being made by this city at the present are the completion of the concrete highway No. 30 through Jones County, and the replacing of the present street lighting system of Anson with 400 candle power lights in the downtown business district. Plans are also underway for the installation of the metallic system telephone service to replace the present magneto grounded system.

**Tulia**—Due to the immense building program in Tulia, Happy, and on the farms of the County, the assessed valuation of Swisher County has passed the six and a half million dollar mark. More than fifty new homes have been built in Tulia during the past year and Happy is not far behind in a similar building program.

**Electra**—More than sixty farmers of this section met here recently and discussed the pooling of turkeys and the forming of an anti-theft association. A carload of turkeys were pledged at this meeting, and a sales committee was elected to meet within a short time to open bids and discuss the selling of these turkeys.

**White Deer**—A very enthusiastic Chamber of Commerce meeting was held here recently at which different members discussed their personal experiences and profits derived from the raising of poultry, cows and hogs. Plans were made to have a representative from some of the creameries to meet with the Chamber of Commerce and discuss plans whereby a better market can be secured for cream, milk and poultry. Every effort is being made to carry out the "Cow, Sow and Hen" program in this section, and all future meetings of this organization will be given over to various discussions in this regard.

**CHURCHES**

**Christian Science**

Sunday, 11 A. M. Subject for Sunday, November 10, "Adam and Fallen Man."  
 Sunday School at 9:30. Wednesday evening service at 8:00.  
 The public is cordially invited.

**Christian Church**

Had a fine day at the church Sunday. We are expecting to have a real day of worship and fellowship this Sunday. Home-coming day ought to bring out not only the members away from here, but every member of the church for miles around. There are 152 members of the church living in and near Crowell and we expect every one of you to be present Sunday. If you don't have a way to come, see or call Joe Ward at the Self Motor Co. Phone 224 or 57 and someone will be sent after you Sunday morning. If your dinner is so large that you can't get all the family and the dinner in the car, a truck will be sent out to bring in the dinner. If you are the only one in the family that is a member of the church bring the rest of the family and your friends.

Brother J. E. Chase who was pastor here twenty years ago, when the church was dedicated will preach the morning sermon. After the service we will all go down to the McLaughlin building for dinner. In the afternoon there will be given a short review of the history of the church followed by the communion service. Those who will officiate at this service will be the older members of the church. At the night service, one of the visiting preachers will preach for us. Come prepared to spend the day, returning after the night service. All friends of the church are invited to be with us that day.

Sunday School 9:45, morning service 11:00; afternoon service 2:30, Christian Endeavor 6:15, night service 7:00.

**THALIA BAPTIST W. M. S.**

The Thalia Baptist W. M. S. met Monday afternoon, November 4th.

In the absence of the president, Mrs. W. S. Tarver, the vice president, Mrs. Cap Adkins, presided.

Devotional was led by Mrs. Capps, after which a very interesting program was rendered from the Royal Service.

The society had previously voted on serving a supper to the public on Saturday night, November 16, in the building which was formerly used by the Thalia Drug Co., the proceeds to go to help finish paying for the church. Don't forget the date.

After the meeting a box of fruit was packed to send to Buckner's Orphans Home.—Reporter.

**OBITUARY**

Fransale Henson was born October 24, 1922, at Crowell, Texas.

Fransale was a sweet, loving baby when a wee, wee baby. She had an unusual loving touch. So many times it had been spoken of, her loving cuddle to the cheek of the one who was holding her.

Fransale seemed to think of others before herself. While in kindergarten I asked her teacher why Fransale was always the last one to get ready to go. Her teacher said she wanted to help all the other children to get their wraps on before she got hers on.

Fransale loved her school and Sunday School. She had a beautiful prayer she always said before going to bed. Oftentimes her Daddy and I would remark, "Should she die, we would never forget her on her little knees with her hands clasped, eyes closed and little head thrown upward, saying her little prayer." When I think of our darling baby, she appears in my mind the clearest either before me saying one of her little pieces or on her knees.

I thank God He is helping me to bear my grief and loneliness and really feel the touch of His hand on mine. Some day I will go soaring home to meet our Savior and loved ones.

MRS. G. L. HENSON.

**MUST BE WELL**

Children that have chicken pox should not come back to school until they are entirely well. Dr. Hill states that children should stay out of school for at least seven days when they have the chicken pox, and if there is any sign left of the disease, they should not come back to school until after ten days.

Consumption of sugar in the United States has risen from eighteen pounds a person after the civil war to 100 pounds at present.

**Recovers From Three Years of Suffering**

Plainview Farmer Says Kidney Trouble Disappeared After Taking Orgatone

Still another comes forward and adds his voice to the thousands who have already endorsed the wonderful medicine, Orgatone. H. L. Griffin, a well known farmer living on rural route number 1, Plainview, Texas, says he suffered for three years and at times his condition was so bad he could hardly get through a day's work. He now states that while he had used a little more than

one bottle of Orgatone so far, his troubles are rapidly disappearing, and that he already feels like a new man.

In describing his troubles and failure to heretofore find relief, to the Orgatone representatives in the South Plains Drug Store, Mr. Griffin said:

"For three years I suffered from stomach trouble, kidney disorder and nervousness, and before I took this Orgatone was all run down in every way and just about played out. Often I would suffer so badly with my stomach and get so weak and dizzy I could hardly stand up. My nerves seemed to be on edge all the time and I couldn't get a good night's sleep on account of my kidneys. I couldn't digest anything I would eat, and my food would just lay in my stomach and ferment and cause my heart to flutter from the gas that formed. I had awful smothering spells and many a night I had to get out of bed and walk the floor so my breathing would be normal again. I took lots of medicine of different sorts, but I kept going down hill and getting worse all the time.

"Finally I got to reading about Orgatone and what it was doing for others troubled like I was, and I decided to take a chance on it helping me, too. Well, I've been improving ever since I took my first few doses and the change it has made in my feeling is surprising. I sleep good every night now, and I'm not dizzy like I was, and my nerves are almost as steady as they ever were. I can eat a good square meal and digest it and I don't have any gas on my stomach or other bad feelings afterwards and I am getting back my lost strength right along. Yes sir, I've been relieved from my troubles and Orgatone has done the work when everything else failed. It certainly was the right medicine for me."

Genuine Orgatone may be bought in Crowell at the Reeder Drug Store. (Adv.)

# Armistice Day

# NOVEMBER 11TH

Eleven years ago one of the greatest struggles of all time ended. Wild was the rejoicing in practically all nations of the world on November 11th, 1918, for peace had come.

On Monday, November 11th, let us live that day over again. Let us pay tribute to those who gave their lives that we might remain forever safe from the threat of militarism.

At one o'clock, Monday, let us attend the program to be given by the American Legion on the Court House lawn, surrounding the German cannon and its new concrete platform. The program for this affair is announced on the front page of this paper. The public is urgently requested to attend this ceremony and to attend the motion picture program immediately following.

"Spuds," "Shots from the Legion Convention at San Antonio," and "Old Glory" will be included in the motion picture program that is being sponsored by the local Gordon J. Ford Post of the American Legion.

This page is made possible by the firms listed below and who will be closed all, or a part of the day Monday.

### To Be Closed All Day:

MARGARET CLUB

The Margaret Home Demonstration Club met with Mrs. Leo Owens diebrook as leader. Our lesson subject, "It is not the things we like to do that makes life blessed," was discussed by all members present and the leader made a talk on it. We worked on pillow cases and other linens after our lesson had been finished.

The hostess, assisted by Mrs. Melvin Moore, served refreshments of chicken sandwiches and orange ice to the club members and two visitors. We will meet November 8, with Mrs. Will Murphy.—Reporter.

See the Monogram circulating moist warm air gas heater. It is the most beautiful you will see anywhere. Only \$75.00 installed.—Womack Bros.

The earth is cooling off at the rate of about 2 degrees Fahrenheit each 16,000,000 years, according to a government scientist.

Safety First Is Policy of West Texas Utilities Co.

In line with its policy of Safety First, the West Texas Utilities Company is checking seventeen substations in the Stamford district to eliminate any unsafe conditions which exist. These improvements have been recommended by the Bureau of Safety of this Company which is carrying on a thorough investigation throughout the properties of unsafe and hazardous existing conditions.

In doing this, the systems in the Stamford district are to be improved and old materials replaced. The improvement calls for the replacement and installation of flexible ground connections on all switch handles, grounding of fences, increased clearance on lighting arborer guards, installation of danger signs, and the provision of weatherproof containers for switch sticks.

Such approved safety repairs are being continually worked on and eliminated. Some 6 substations in the Abilene district and 11 in the Cisco district have been placed in the very best condition. This safety work is in progress in all the districts and will continue until all recommendations have been complied with throughout the West Texas properties.

RCA 44 and 46 are the only genuine screen grid radio (both tubes and circuit) that is made. Invented by RCA. RCA 46 was only last week \$179.50, now only \$148.50. 46 cuts through static.—Womack Bros.

Football Game—

(Continued from Page 1)

to Spears, gained 25 yards. A pass to Bell was incomplete. Todd went through the line for 2 yards. Oswald made it 3 more. Todd hurled another pass to Spears for a gain of 15 yards to place the ball on Matador's 5 yard line just as the half ended to spoil a perfect scoring chance for the Wildcats. Score: Crowell 7, Matador 0.

Third Quarter

Matador kicked off and Todd received, returning the ball to the Matador 45 yard line before being stopped after a run of 30 yards. Oswald gained 3 yards through the line. Crowell was penalized 5 yards for being offside. A pass, Oswald to Cogdell, made 15 yards. Todd added 20 yards more on a line play. Oswald was thrown for a one yard loss. Oswald failed to gain through the line. Todd gained one yard and a pass was incomplete on the next play and the ball went over on downs. Gilbert made one yard. Warren was held for no gain. Burrow broke through and hurled Traweek for a six-yard loss. Gilbert punted 14 yards out of bounds on the 28 yard line. Todd gained 2 yards. Oswald started around left end on a beautiful play but slipped and fell for a loss of one yard. Carpenter threw Todd for a 6 yard loss on pass formation. Oswald punted 30 yards and Jeffers returned to his own 16-yard line. Warren went through the line for 4 yards. Gilbert made a yard. Warren gained four more. Gilbert punted 35 yards and Todd made a short return. Middleton made 4 yards through the line. Crowell received a 5 yard penalty for being offside. Oswald followed with the best punt of the game, sending the ball a distance of over 50 yards to Matador's 5 yard line. Traweek got loose for a gain of 12 yards. Gilbert made 1 yard and then two more. He punted about 30 yards and Todd returned ten yards to the 50 yard stripe. Oswald went over for 3 yards and the quarter ended with the ball in Crowell's possession on Maador's 47 yard line. Score: Crowell 7, Matador 0.

Last Quarter

On the first play of the last quarter, Crowell worked a fake play and Oswald made a long pass to Todd who carried the ball to Matador's 1 yard line. Todd was held for no gain on the next play but followed with a crash through the line that was good for a touchdown. On a place kick formation, Todd passed to Bell for extra point. Score: Crowell 14, Matador 0.

Bell kicked off for a distance of about 30 yards. A pass, Warren to Gilbert made no gain. Gilbert failed to gain on a line play. Dotson failed to gain and Gilbert punted 30 yards, Todd returning 15 yards, to the Crowell 40 yard line. Oswald gained 7 yards. Todd took the ball for a 10 yard ride over the line. Oswald added 4 more yards. R. J. Thomas gained 2 yards. A pass to Spears gained about a yard. Oswald punted over the goal line and the ball was put in play on the 20 yard line. Warren failed to gain. Thomas knocked down a Matador pass. A punt gave the ball to Crowell on the Matador 42 yard line. Todd gained 3 yards. Oswald fumbled and recovered for a 3 yard loss. Spears completed a pass from Todd for a 15 yard gain. Oswald went through the line for 11 yards. A lateral pass, Todd to Spears, was good for a gain of 20 yards and put the ball on the 3 yard line from where Oswald carried it over for a touchdown. Oswald converted the extra point with a place kick. Score: Crowell 21, Matador 0.

Bell kicked off to the 10 yard line, and Warren returned the ball 28 yards. A pass, Gilbert to Winter, was good for 11 yards. Warren failed to gain. Another pass was incomplete. A pass gained 25 yards for Matador, Traweek to Renfro. Burrow intercepted a pass from Traweek. On the last play of the game Thomas completed a pass for 40 yards to put the ball on the Matador 25 yard line.

Stomach Trouble

### R. B. EDWARDS CO.

#### Margaret P. T. A. Contest Closed

The Margaret P. T. A. membership contest closed with the two sides, Blues and Reds, tied each having 75 members to their credit. Six members have joined since the end of the contest, making a total of 156 members.

A Hallowe'en carnival was held at the school house auditorium Thursday night, October 31. As the contest resulted in a tie, both sides took a part in the entertainment. Hobo Stew was served by the serving committee to a large crowd.

The membership committee especially Juanita Hunter, Mrs. Boman

and Ella Mae Blevins and the many helpers are to be complimented very highly on their faithful, loyal service. Last year we had 57 members, this year we have 156 and with the hearty cooperation of each member we should have a successful P. T. A. of which we can be proud.

Plans have made for the year's work and it is felt that the organization can be of great service to the school this year. The captains of the two teams, Ella Mae Blevins, of the Reds, and Juanita Hunter, of the Blues, were presented with beautiful pictures for their faithful work in the contest.—Contributed.

# SOCIETY

#### FRESHMAN PARTY

Jimmie Lois Gafford entertained the Freshmen Class at the home of her aunt, Mrs. Clint White, Thursday night, October 31. First each one had their fortune told and then interesting games were played. After this Mrs. Eli Smith told some very interesting stories. Names were drawn for partners for refreshments. Refreshments were served to 26 members of the class. About eleven o'clock we left Mrs. White's home and went "spooking," after which we attended the midnight matinee.—Reporter.

#### HALLOWE'EN PARTY

Miss Martha Schlagal delightfully entertained with a Hallowe'en party at the home of E. Swain Thursday night. The entertainment of the evening was featured with games of "600" and fortune telling after which delicious refreshments were served.

Hallowe'en decorations were attractively arranged. The unique costumes worn by the girls gained much favorable comment. Those present were: Misses Ruth Patterson, Louise Ball, Theima Shaw, Frances Hill, Theima White, Frankie Kirkpatrick, Winnie Self, Virginia Freeman, Frances Schlagal, Lucille Ellis, Marguerite Stephens, and the hostess, and Messrs. Doyle Kenner, Floyd Thomas, Larry Sikes, Merle Kincaid, Teddy Burrow, Roy Boger, Edward Huffman and Mack Boswell.

#### ADELPHIAN CLUB

Members of the Adelpian Club met at the home of Mrs. Fred Rennels Wednesday, October 30. Miss Frankie Kirkpatrick led a very interesting lesson on poetry. The lives and works of two modern poets were discussed, namely, Edgar Lee Masters and Stephen Benet. Selections from Masters' "The Spoon River Anthology" was given by Mrs. Lawrence Kinsey. Masters has revealed new possibilities in our verse. His poetry arouses emotion but lacks rhythm.

Stephen Benet has won many poetry prizes. He portrays a true gift of poetry in his writings. His most important work, "John Brown's Body" was discussed by Miss Lottie Woods. Its chief characteristic is its large scope. It deals not only with the Civil War but presents personalities of the war aside from the great generals.

A lovely salad plate was served to club members.—Reporter.

#### COLUMBIAN CLUB

"American Musical Composers" furnished an interesting subject for the Columbian Club program at the meeting held Wednesday afternoon, October 30, in the home of Mrs. T. P. Reeder. Mrs. C. C. McLaughlin was leader and after the answering of roll call with names of "American Composers," a most enjoyable program was presented as follows: American Operas and their Composers. Mrs. McLaughlin: "Musical Life of Walter Damrosche." Mrs. R. L. Kincaid: "What Walter Damrosche is Doing for the Radio." Mrs. N. J. Roberts: Cadman's Indian Opera, "Shanewis." Mrs. I. T. Graves: "American Operas." Mrs. John S. Ray. The lesson closed with a general discussion of "Operas I Have Enjoyed."

eral discussion of "Operas I Have Enjoyed."

Mrs. Reeder was assisted by Miss Winnie Self in serving an attractive refreshment plate suggesting the Hallowe'en motif.

Mrs. Leonard Male and Miss Winnie Self were guests of the club.—Reporter.

#### LITTLE FOLKS PARTY

Little Nellie Joe Reading, daughter of Mr. and Mrs. G. K. Reading, was hostess to a number of friends at a Hallowe'en cat party last Thursday afternoon. Story telling, playing of games and various other forms of amusement took place after which the group had their pictures taken.

Refreshments carrying out the Hallowe'en spirit, consisting of chicken salad sandwiches, orange jack-o'-lanterns of ice cream and cake were served to the following: Earline Bailey, Jack Davis, Mary Evelyn Edwards, Ruth Ferguson, Harry Harwell, J. T. Hughston, J. M. Hill, Jr., Reid Sanders, Margaret Claire Shirley, Joyzell Tysinger and the little hostess.

#### SEVENTH GRADE PARTY

Miss Lillie Mae Edgin was hostess to her classmates of the high seventh grade Thursday night with a Hallowe'en party at the Tip Edgin home. Various Hallowe'en games were enjoyed. Refreshments of cake and punch were served.

#### SENIOR HALLOWE'EN FROLIC

The Senior Class gathered at Mary Ragland Thompson's house for a Hallowe'en party on the night of October 31.

In the decorations the orange and black color scheme was carried out. Various games were played throughout the evening and pumpkin pie and hot chocolate were served to all class members present.

After the party they passed the time by giving class yells and songs. At midnight the class rushed the midnight matinee, but to show their good sportmanship they only stayed four or five minutes and went back and paid the entrance fee.—Reporter.

#### COUNTY FEDERATION

The Foard County Federation met Friday, November 1, at the court house.

The house was called to order by Mrs. John Ray, incoming president. Much enthusiasm was expressed in plans to put the County Library books in circulation. A committee was appointed for forming rules and regulations for use of books. The committee is composed of Mrs. Kincaid, Mrs. Baxter Johnson, Mrs. Roy Steele, Miss Cora Carter, Mrs. Allen Fish and Mrs. Morris. Plans were also made for funds to support the library.

At the close of the business session Mrs. Kincaid gave practical suggestions that might be carried out by the county schools during book week. The Federation decided to sponsor some contests in composition writing and poster making. Prizes will be offered in these contests.

At noon a covered dish luncheon was enjoyed.

During the afternoon delegates were chosen for the state convention at Mineral Wells. The delegate was Mrs. Henry with Mrs. Kincaid as alternate.

Mrs. Ray had arranged several contests for the afternoon which added zest to a busy day.

The next meeting of the Federation will be on November 29, at the court house. Mrs. Jack Roberts and Mrs. Charlie Ferguson will have charge of the program on Books and Book Week. It is certain these ladies will bring us something worth while so please remember the date.—Contributed.

# CICERO SMITH LUMBER CO.

R. J. ROBERTS, Local Manager  
"THE HOME OF SPLINTERS"

Dear Friends:

Our place of business will close Monday, November 11th—Armistice Day.

Teacher—"Use the word 'diadem' correctly."  
Bright Pupil—"Those who drink moonshine dia a dem sighthicker than those who don't."

If you are figuring on any kind of improving on your place we can be of service to you, and ask that you call on us as you would your doctor if you were sick—we can be of help to you.

We might say that the spinach growers are living on the fat of the land.

Wall paper at prices to please you. Patterns new—big stock to pick from—call on us for wall paper.

Jim: "My wife explored my pockets last night."  
Friend Tom: "What did she get?"  
"About the same as any other explorer—enough material for a lecture."

Try reading Texon Tales—it will help you.

We recommend this for that tired feeling—sit down.

Yours truly,

SPLINTERS.

### Lest You Forget

there is a firm in Crowell handling the world-famous HOOD TIRES AND TUBES and that that firm is our station.

For the best gas, oil, grease, tires, tubes, and service, you cannot find an equal to our station.

### JOHNSON SERVICE STATION

At the close of the business session Mrs. Kincaid gave practical suggestions that might be carried out by the county schools during book week. The Federation decided to sponsor some contests in composition writing and poster making. Prizes will be offered in these contests.

At noon a covered dish luncheon was enjoyed.

During the afternoon delegates were chosen for the state convention at Mineral Wells. The delegate was Mrs. Henry with Mrs. Kincaid as alternate.

Mrs. Ray had arranged several contests for the afternoon which added zest to a busy day.

The next meeting of the Federation will be on November 29, at the court house. Mrs. Jack Roberts and Mrs. Charlie Ferguson will have charge of the program on Books and Book Week. It is certain these ladies will bring us something worth while so please remember the date.—Contributed.

#### WIMODAUSIS

The second of the semi-annual birthday luncheons was enjoyed by the Wimodausis last Wednesday at the home of Mrs. Roy Todd.

Morning hours were spent in working on household linens.

A bounteous feast was served buffet style at exactly twelve o'clock.

The afternoon was given to a score was kept for all games contests throughout the day prizes given. Mrs. Herman Ge with the highest score was presented with a reproduction of "The Ho Flower Girl," and Mrs. Will E with second high score received neat work basket.

Other guests than members Mrs. C. V. Allen and Mrs. A. F. Millan.—Reporter.

The Indian lizard, now here for its popular leather, is valued in India because it feeds on the and young of venomous snakes.
