FUNERAL HELD HERE TUESDAY FOR MRS. ERWIN

Pneumonia, following a case of influenza took the life of Mrs. D. R. W. Erwin, 73, Monday, Jan. 2, during the noon hour at the home of her son, Troy Erwin, who lives about four miles east of Crowell. Mrs. Erwin was seriously ill several days preceding her death.

Lucy C. Erwin, maiden name of the deceased, was born on March 2, 1859 at Sumterville, Alabama, near the Tombigbee River. She was the daughter of Mr. and Mrs. M. A. Erwin.

Until ten years of age, she made her home in Alabama and then moved to Tennessee with her family, living there two years. In 1871 the family came to Texas and settled about 12 miles northwest of Dallas. The deceased made this trip on horseback.

She became the wife of D. R. W. Erwin in 1873 in Dallas County. Ten children were born to this union, seven of whom are living. Two children, Walter and Olga, died in infancy. Mrs. Leah Carter, of Childress, the oldest daughter, died Sept. 25, 1930. Mrs. Erwin's husband died in Childress on May 19, 1927, and his body was buried in the Crowell Cemetery.

The surviving children are: M. A. Erwin of Los Angeles, Cal.; Troy, Will and Kelly Erwin of Crowell; Mrs. W. E. Miller and Mrs. Verona Phelps of Flovada, and Mrs. M. G. Brock of Lubbock. Two sisters, one brother, twenty-five grandchildren and one great-grandchild also survive.

Mrs. Erwin lived in Texas most of her life, living in Dallas, Kaufman, Ellis and Foard counties. She lived in Oklahoma seven years and moved from that state to Foard County in 1909. Mr. and Mrs. Erwin remained here until 1922, when they moved to Childress. Mr. Erwin died there in 1927 and Mrs. Erwin continued to live there until returning to Foard County in October, 1932, and since then she had made her home with her son, Troy.

The deceased had been a member of the Church of Christ for over forty years and was a charter member of the local church. Her life exemplified the finest Christian principles and was one of close devotion to her family and friends.

Funeral Services

Funeral services were held Tuesday afternoon at 3 o'clock in the Crowell Methodist Church and were conducted by Elder Guy Clegg, minister of the Church of Christ at Vernon. Interment followed in the Crowell Cemetery, where Mrs. Erwin's body was laid to rest beside that of her husband.

Pall bearers were: A. Y. Beverly, Jim Cates, Hubert Brown, Gordon Gribble, Jim Shook and Pete Bell. Four granddaughters, Dorothy, Julie Bell and Myrtle Lou Erwin and Carrie Lee Carter served as flower girls.

Out-of-town relatives and friends present for the funeral were: Mrs. B. M. Carter, Misses Lula Mae and Carrie Lee Carter, Woodrow Carter, Mr. and Mrs. Will S. Carter, Mr. and Mrs. Erwin Carter, Mrs. Walter Carter, Mrs. Vernon Terry, Mrs. Albers, Mrs. Robert Price, Mrs. J. R. Jackson, Mrs. J. O. McMin, Mrs. Alma Cox, all of Childress, and Mr. and Mrs. Jake Gray of Wichita Falls, Miss Winnie Spaulding, Mrs. Nora Dickey, Wayne Dickey and Miss Lorene Dickey, all of Henrietta.

Twenty-one marriage licenses were issued in 1932 from the office of the county clerk, Grady Magee, compared with fifteen for 1931 and twelve for 1930.

Increase Is Shown in Number of Marriage Licenses Issued in '32

All licenses issued in 1932 were for white couples, while in 1931 only eleven licenses went to white couples and the remainder to negroes and Mexicans.

All Trees Removed From Foard County Courthouse Lawn

The attractiveness of the courthouse lawn in Crowell has been greatly increased as the result of cutting down of all trees on the lawn. This work was done by men who have been employed to do community beautification work through the use of Reconstruction Finance Corporation relief funds that were recently provided this county.

Permission to remove the trees was granted by the commissioners' court last week. Many of the trees were dead and none of them were in a healthy condition. They were irregular in size, varieties and location and their removal not only adds to the attractiveness of the lawn, but will also facilitate the work of keeping it in good condition.

The attractiveness of the community has also been increased in many other ways through the use of the R. F. C. funds for the employed.

Over 50,000 Squares In Three Quilts Being Made by Mrs. Yount

A quilt with 16,704 blocks, another with 14,940, and one that is now being made which will include 18,450 blocks, may be found in the home of Mr. and Mrs. D. M. Yount of Crowell. All of this work has been done personally by Mrs. Yount and all of the 50,094 blocks for these three quilts have been cut out and sewn together with her own fingers.

Mrs. Yount takes special pride in her work and carries out beautiful color schemes and designs in all of her quilts. The three quilts mentioned above are her most outstanding accomplishments, however, she has finished many others that also reflect months of the most tedious kind of work. Mrs. Yount states that she does not like to have anyone helping her to make them.

The quilt containing 14,940 blocks is entirely complete. The one with 16,704 squares is complete except for final frame work. Thirty squares with 615 blocks to the square have been completed for the quilt that is to contain 18,450 blocks. Over thirty spools of thread have already been used on this quilt. Mrs. Yount stated that she will complete this quilt as soon as she is able to buy necessary material. She has worked 12 months at odd times on these thirty squares. She is offering her work for sale at very reasonable prices considering the months of tedious sewing and cutting that have gone into these quilts.

Mrs. Yount has specialized in quilt making most of her life. She still has the first one she ever made, which was over forty years ago and it is still in almost perfect condition. Many unique designs are included in this quilt, including the exact form of her mother's hand in two of the squares and also the outline of her spectacles.

A number of other quilts of unique and beautiful designs may be found in the Yount home, some containing over ten thousand squares.

Quilts are not the only things of interest to be found in this home. One of the prized possessions is a little sampler that was made in 1804 by a six year old girl, who was the aunt of Mrs. Yount. Paintings and other pieces of art work by ancestors also line the walls of the home.

Mr. and Mrs. Yount are pioneer residents of this county having lived in and around Crowell since 1879.

R. M. Fox Is Now Local Agent for Texas Co.

R. M. Fox, proprietor of the Fox-Harrell service station for a number of years, is now the Crowell agent for the Texas Company and is maintaining headquarters at his station.

He succeeds Alton Higginbotham, who was the Texaco agent here for over six years. Mr. Higginbotham will continue working here as salesman for the local agency.

LOCAL QUINTET FACING HEAVY CAGE SCHEDULE

The most interesting basketball schedule that has ever faced a Crowell team has been arranged by Coach Grady Graves for the remainder of the season. The strongest teams of this section of Texas are included on the schedule.

Paducah was to have played the Wildcats here Friday night of this week, however, that game has been cancelled by Paducah. The Wildcats will play the Crowell all-star team instead and an interesting contest is expected, since both teams have displayed about equal strength this season.

Another game the same night will be played between the Crowell reserves and Foard City.

All games at the local gymnasium are to begin at 7:30 o'clock at night with admission prices of 20c, 10c and 5c.

The following schedule has been arranged:

Fri., Jan. 6—Crowell all-stars, here.
Tues., Jan. 10—Vernon, here.
Friday, Jan. 13—Vernon, there.
Tues., Jan. 17—Turkey, here.
Jan. 20-21—Matador tournament.
Mon., Jan. 23—Olney, there.
Thurs., Jan. 25—Quitaque, here.
Sat., Jan. 28—Quanah, here.
Tues., Jan. 31—Childress, there.
Tues., Feb. 3—Childress, here.
Tues., Feb. 7—Wichita Falls, here.
Sat., Feb. 11—Wichita Falls, there.
Mon., Feb. 13—Olney, here.
Feb. 17-18—District tournament at Childress.
Fri., Feb. 24—Quanah, there.

The games with Vernon, here on Tuesday night and there on Friday night of next week, have aroused considerable interest. Crowell and Vernon have not met in basketball for a number of years. Each city has extra strong quintets and the games between the two should be exceptionally interesting.

ASSESSOR IS ADVISED ON HOMESTEADS

Vernon Pyle, Foard County tax assessor, has received special advice from Geo. H. Seppard, State comptroller, in regard to the homestead amendment that was adopted at the general election on Nov. 8. This amendment to Article 8 of the constitution provides for the exemption of the taxable value of all residence homesteads up to the value of \$2,000.00 from all State taxes, including general revenue, school and pension.

In his letter to Mr. Pyle the State comptroller said: "You are advised when taking the assessment of your county, it is necessary for you to designate the homestead on the inventory of each person entitled to such exemption. You are further advised that Section 51 of Article 15 of the constitution and Article 3833 of the Revised Statutes of 1925 designate or explain what constitutes the homestead, both in the rural districts and in the cities and towns.

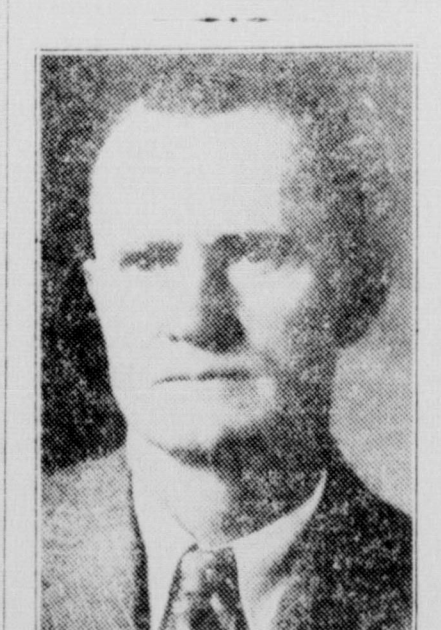

"A farm homestead as defined by law is two hundred acres of land which may be in one or more parcels. A homestead in the city may consist of a lot, or lots, with the improvements, and shall be used as a home. Only one house can be included in the exemption."

The exact definition of a homestead, taken from Article 3833 of the Revised Civil Statutes of 1925 follows: "The homestead of a family, not in a town or city, shall consist of not more than two hundred acres, which may be in one or more parcels, with the improvements thereon; the homestead in a city, town or village shall consist of a lot or lots, not to exceed in value five thousand dollars at the time of their designation as a homestead, without reference to the value of any improvements thereon; provided, that the same shall be used for the purpose of a home, or as a place to exercise the calling or business of the head of a family. Any temporary renting of the homestead shall not change the character of the same when no other homestead has been acquired."

Fiftieth Wedding Anniversary for Mr. and Mrs. Cates

Dec. 24, 1932, marked the fiftieth wedding anniversary of Mr. and Mrs. I. M. Cates of Crowell and the event was appropriately celebrated at their home on Christmas day. This couple came to what is now Foard County in May, 1890. A historical sketch of their lives will be given in next week's issue of The News.

Foard County's Commissioners

Four new commissioners and a new judge composed the quintet, commonly known as the commissioners' court, that took the oath of office here Monday. The four commissioners are pictured above. They are: Top, left to right—J. R. Ford, who lives about 7 miles southeast of

Youngest Official

Vance Swain, pictured above, probably became the youngest county official in Texas on January 2 when he took the oath of office as county judge and ex-officio county school superintendent of Foard County. He is 21 years of age and is the son of Mr. and Mrs. E. Swain of this city.

Following attendance at Cumberland University in Tennessee, Swain was admitted to the Texas bar and took up the practice of law in Crowell in November, 1930. He had followed that work in his office here until becoming county judge. Claude Callaway preceded him in this position.

Foard Co. Officials Take Oath of Office

The following officials of Foard County were sworn in Monday morning and have assumed their duties for the next two years:

J. R. Ford, W. A. Dunn, A. W. Barker and T. S. Patton, commissioners; Vance Swain, county judge and school superintendent; R. J. Thomas, sheriff and tax collector; A. G. Magee, county and district clerk; Vernon Pyle, tax assessor; R. D. Oswalt, county attorney; Miss Margaret Curtis, treasurer; Ebb Seales, public weigher of the Crowell precinct; J. W. Klepper, justice of the peace of the Crowell precinct; W. E. Pigg, Thalia public weigher; J. L. Bradford, Margaret public weigher; J. C. office of the county clerk.

Pictures

An effort was made by The News to secure engravings of all Foard County officials for 1933-34 in order that their pictures might appear in this issue. With only a few exceptions our efforts met with success as one can readily see in glancing over the paper.

F. R. LEFEVRE FUNERAL HELD ON DEC. 29TH

F. R. Lefevre, 75, resident of Foard County for the past 31 years, died at his home at Foard City Wednesday night, Dec. 28, at 7:30 o'clock. Several weeks ago he suffered injuries in a runaway and had been confined to his bed most of the time since that accident.

Funeral services were held at the Foard City church at 2:30 o'clock Thursday afternoon and interment followed in the Foard City cemetery. Rev. C. V. Allen, Christian pastor of Crowell, conducted the services. Six nephews of the deceased acted as pall bearers. They were: Otto, Oscar, Cliff and J. P. Lefevre, E. V. Halbert and Frank Gillard.

Mr. Lefevre was born near Bryan, Texas, in Brazos County on July 23, 1857. He remained there until grown and then lived for a period of a number of years in Bosque and Stephens counties. He left Stephenville in 1901 for Foard County and settled at that time in the community where he had since lived.

The deceased was married three times during his life and is survived by twelve children, his wife by his last marriage, and two brothers.

He was first married to Phoebe Meredith and the four children surviving as a result of that union are: E. E. Lefevre of Vernon; O. A. Lefevre of Bozating Springs; Mrs. I. A. Eubank of Slaton and Mrs. J. M. Teal of Crowell.

His second marriage was to Laura Stinebaugh and eight children were born to this union, seven of whom are living. They are: Mrs. J. G. Lanier of Fort Worth, Mrs. J. A. Ward of Carbon, Texas, J. B. Lefevre of Belleville, Ill., Miss Bessie Lefevre of Belleville, Ill., Miss Nadine Lefevre of Fort Worth and Rowland Lefevre of Foard City. Nora died at the family home in 1916 at the age of about 20. The mother of these children died in Sept., 1917, and her body was laid to rest in the Foard City cemetery.

In 1923 Mr. Lefevre was married to his surviving wife and one child, Lavoyce, was born to this union.

All of the children were present for the funeral with the exception of Miss Bessie Lefevre of Belleville, Ill.

Mr. Lefevre came from a family of twelve brothers and only two of these now survive. They are N. A. and Fernoy Lefevre of Streetman, Texas.

Although he was not a member of any church, Mr. Lefevre had professed Christianity and the day before his death he told members of his family that he was ready to depart from this life.

During his long residence in this county, Mr. Lefevre proved to be a kind neighbor and excellent citizen in general and his passing is genuinely mourned by all who knew him.

JOHN VERNON SUCCUMBS AT OVALO, TEXAS

John J. Vernon, 60, former Foard County resident and father of Mrs. A. R. Johnson of the Foard City community, died Dec. 20 at the home of his son, S. A. Vernon, at Ovalo, Texas. "Uncle John" as he was generally known, had been in ill health since last August, when he received a hip injury in a fall.

He was born in Tennessee on Feb. 14, 1842 and was married to Miss Sarah Johnson in 1867. They moved to Texas in 1878, settling first in Parker County. Later they moved to Arkansas and two years later they came to Mineral Wells. In 1899 they came to the part of Hardeman County that is now Foard and remained here until 1912, when they settled in the Rogers community of Taylor County. He remained there until last summer, when he moved to Tuscola and following the August accident he and his wife moved to their son's home at Ovalo.

Mr. Vernon is survived by his wife, four children, 21 grandchildren and 20 great-grandchildren. The children are: S. A. Vernon of Ovalo; Mrs. Annie Eubank of Putnam; Mrs. Laura Johnson of Foard City, and J. W. Vernon of Buda.

Funeral services were held Dec. 21 at the home where he died with Rev. Shepherd, Methodist pastor of Rogers, officiating. Mr. Vernon was a devoted Christian from early childhood and preached for a number of years. He also organized Sunday Schools wherever he went and where there were no Sunday Schools.

He served with the Confederate army for three years during the Civil War and was wounded twice. Hundreds of friends and relatives mourn the passing of this good man.

RETURNS FROM HAWAII

Martin Kamstra, who has been stationed at division headquarters, near Honolulu, for the U. S. Army in Hawaii, has returned to Crowell for an indefinite visit with his father, L. Kamstra, and family. He was in Hawaii for over two years.

New Pastor Assumed Duties Sunday With Christian Church

Grant L. Slagle of Wellston, Oklahoma, assumed his duties as pastor of the Crowell Christian Church Sunday. For the past year he served as pastor of the Christian Church at Wellston and previous to that time he was connected with several evangelistic work.

He is a native of Hagerstown, Maryland, and obtained his education in the East. His first work in the ministry was conducted in southeast Oklahoma.

The young pastor and his wife are now making their home here. Mrs. Slagle is an active church worker and assists principally in young people's work.

Members of the Methodist and Presbyterian churches will turn out for services Sunday evening to welcome the new pastor. The Baptist Church dismissed services last Sunday evening for this purpose.

SERIOUSLY ILL

As The News went to press Thursday afternoon, there was no improvement in the condition of W. T. Raso, Foard County pioneer, who has been seriously ill with pneumonia at his home for over a week.

Gas in Texas Test Again Escapes After Being Under Control

After nearly a month's effort to stop the heavy gas flow in the Texas Co. Johnson oil test, 2 1/2 miles west of Crowell, the desired result was accomplished last week through the use of water pressure, however, the gas broke loose again Wednesday when 8-inch casing was being pulled in order to cement the 10-inch casing.

A crew is now attempting to again control the heavy gas pressure.

Foard County Court Convenes This Week

Several cases have been tried in county court this week, which is being presided over by Vance Swain, who took office as county judge Monday.

Up to Wednesday night three cases had been tried in the court. L. R. Culwell was sentenced to 30 days in jail and was assessed a \$50 fine in the case in which he was charged with the theft of cotton from F. C. Borchardt.

A hung jury resulted in the case of the State of Texas vs. Bud Johnson, who was charged with aggravated assault on Chas. Loyd.

A Crowell negro was fined \$30 and given 20 days in jail in a charge of theft of personal items for an auto in Crowell.

Over One Hundred More Births Than Deaths in Foard

J. W. Klepper, justice of the peace and holder of both birth and death records for Foard County, reports that 122 births and 21 deaths were registered with him during 1932. The 101 county deaths are the lowest since the war and the 122 births are the highest since the war. The net result for the county was not included in the total number registered with Mr. Klepper.

First Sessions Held By New Com. Court

First sessions of Foard County's new commissioners' court were held Monday and Tuesday. John Carter was employed to run the county grader to replace T. B. Seales, who became Crowell public weigher Monday. E. F. Henry was re-employed as the janitor of the court house.

Other routine matters were acted upon along with efforts on the part of the court to secure their right-of-way for payment of Highway 18 from Crowell to connect with the Hardeman County pavement at Peace River.

The court met again Thursday afternoon of this week and went over the proposed route for the pavement, the cost of which is to be taken care of by the Highway department, in case the county secures the right-of-way.

An order was passed by the court that all county convicts are to be worked on the county roads. This means that all persons convicted in county court must work on the county roads instead of laying out their terms in jail.

TAXPAYERS LEAGUE TO MEET HERE SATURDAY

Dr. R. E. Main, president of the Foard County Taxpayers League, urges all taxpayers of the county to be present at a meeting of the organization in the district court room Saturday afternoon at 2:30 o'clock. "We must have petitions to the Legislature in regard to some new laws and must decide on many other things," Dr. Main said.

for an indefinite visit with his father, L. Kamstra, and family. He was in Hawaii for over two years.

Quitaque and Turkey Losers in Basketball Games With Wildcats

Crowell High School maintained its undefeated record in basketball with victories over Quitaque and Turkey last Friday and Saturday nights in games at these two cities. Both victories over these strong teams were won by the narrow margin of three points. On Friday night the Wildcats beat Quitaque 27 to 24 in a very closely fought game. Crowell led at the end of the first quarter, 6 to 3, however, Quitaque came back strong in the second period and at one time was leading 15 to 6. As the half ended the score was 15 to 10 in favor of Quitaque. Crowell led 21 to 20 at the end of the third quarter. Splendid defensive work by Allee and Todd aided greatly in causing Quitaque to score less points in this game than at any other time this year. Quitaque recently won the Turkey tournament and this was the first defeat suffered by that team. Quitaque and Crowell play here on Thursday night, Jan. 26.

The Wildcats defeated Turkey on Saturday night 33 to 30. While closely fought, this game lacked the smooth playing that featured the other game. Crowell held a slight lead at the end of every quarter of this contest. The score was 20 to 15 at the end of the first half. The absence of William Wisdom, regular forward, was keenly felt in this game. The line-up for this game

was: L. Carter and Spears, forwards; Russell, center; Todd and Allee, guards. Wisdom, L. Carter, Russell, Todd and Allee played in the Quitaque game. Crowell did not make a substitution in either game. Turkey plays in Crowell on Tuesday night, Jan. 17.

May 1933 Bring You Happiness and Prosperity The Old Year has been ushered out... the New Year has been bowed in. And with 1933 has come a new spirit—a spirit alive with courage and energy, and illuminated by a brighter aspect down the track to Recovery. And there is reason to look into 1933 with strength renewed and hopes heightened. Such obvious factors as freer spending, rising prices and more activity in the marts of commerce indicate that there is a real and tangible basis for better feeling. In keeping with the spirit of the season, we "resolve" for 1933 to continue our same high quality of service... we pledge ourselves to continue to work for the greatest good of this vast "Land of Opportunity"... and we wish for you a happier and more remunerative year. THE OUTLOOK FOR 1933

There is something about the beginning of a new year which tends to revive waning hopes. Both literally and figuratively we close our books on the last day of the old year, take account of stock and make our plans for the coming twelve-month. There was more reason for hailing the new year in the old days when the calendar began with the vernal equinox, in late March, and the festival of the year's end was certain to be followed speedily by the revival of vegetation and the beginning afresh of the annual agricultural cycle. A great deal of the sentimental importance which we attach to New Year's Day is a survival from the pastoral civilizations of the past.

We are no better able than anyone else to predict what will happen in 1933. "Who knoweth what a day may bring forth?" We are certain only of one thing: that is that the New Year will be different from the old one. And we hope it will be a better year.

We have, at least, put behind us some of the things which made 1932 the hardest year in recent American history, for most folks, and we are closer to some of the things which promise better for the future. The election is over, for one thing; the European debt situation is at least beginning to be clarified. We seem to have about reached the end of the procession of bank failures. Farm products touched new all-time low prices in 1932 and we cannot imagine that they will not average higher in 1933.

It seems to us that the new year will necessarily be one of thorough readjustment, not alone in matters of money and trade, but in people's mental outlook. It may have been necessary for us to go through three terrible years of depression to purge our minds of the fallacious notion that the road to universal prosperity and individual wealth is an easy one. If it turns out by the end of 1933 that everybody has learned that he is entitled only to what he can get by working for it, and to be content with that, the New Year just beginning will be the greatest success ever recorded on the calendar.

THE SUCKER LIST

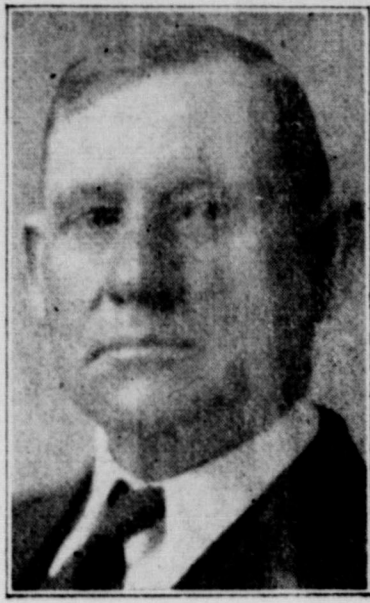

Methodical dealers and salesmen keep a list of prospective customers upon whom they bring to bear from time to time their most persuasive selling arguments. The plan has been proved of value, as better results are obtained through intensive soliciting of a selected list of prospects than through random efforts. But it is not only those engaged in legitimate business who thus seek to simplify their salesmanship by concentrating upon those most likely to buy. Promoters and vendors of wildcat stocks also select their prospective victims with extreme care, although many of their lists run to large figures.

President Auchincloss of the National Better Business Bureau recently declared that one New York promoter has a list of some 600,000 names of persons who are known to be easy victims for swindling schemers. Such a compilation of names is known as a "sucker list." Advertising literature holding out the most glowing opportunities for profitable investments is sent regularly to those who have been found gullible enough to bite at such bait. A good sucker list is a veritable gold mine for the unscrupulous promoter.

If one receives frequent letters or circulars offering amazing inducements to purchase oil, mining or other stocks he may be sure that he is listed among the "easy marks," whose credulity yields millions of dollars to swindlers every year.

Germany has produced a paint pigment from fish scales, which is said to produce an opalescent finish when used in lacquers and decorative paints.

Sheriff-Collector

R. J. Thomas, city marshal, tax collector and assessor of Crowell for about 11 years, was appointed sheriff and tax collector on Sept. 2, 1930, by the commissioners' court to serve out the unexpired term of Que Miller. He was successful in retaining the office in the last campaign.

WATCH YOU MACHINE

Every prudent person who owns and operates a piece of machinery is careful to see that it is kept in good condition. This is generally done through frequent inspections to detect unusual wear and tear, so as to have the necessary repairs made before the machine actually breaks down.

The most important piece of machinery of all, however, is often sadly neglected. We refer to the human body, the machine upon which all joy of living depends. It is well that people are more and more getting the habit of having periodical physical examinations, even though they are apparently in good health. By these examinations incipient disease may often be detected long before the person examined would have felt any discomfort from it. This is particularly true of diseases which attack the internal organs such as the heart, lungs, liver and kidneys.

Every person, especially those getting along toward middle age, should have a thorough physical examination at least once a year whether they feel any symptoms of disease or not. If no disease be found, it is a great satisfaction to know that one is sound physically, while a warning of disease in its first stages enables one to obtain treatment which may check its progress and materially prolong his life. Most large life insurance companies now afford their policyholders free medical examinations once a year and this privilege should be taken advantage of by all means. If an insurance policy be carried, the fee for such an examination is small and may save much suffering and expense in the future. Watch your human machine.

WORK, THE EVIDENCE

The whole problem of Jesus' "miracles" is beyond our arguments, at this distance. We either accept them or reject them according to the make-up of our minds. But if they are to be accepted at all, then surely the first one of changing water into wine ought not to be omitted. It often is omitted from the comments on his life, or at least passed over hastily. But to us who think first of his friendliness, it seems gloriously characteristic, setting the pattern for all the three years that were to follow. "I came that ye might have life," he exclaimed, "and have it more abundantly." So, at the very outset, he made use of his mighty power, not to point a solemn moral, not to relieve a sufferer's pain but to save a hostess from embarrassment.

Bruce Barton

See, the ruler of the feast rises to propose a toast . . . look, a tall broad-shouldered man towers above the crowd . . . listen, hear his laugh!—That is Jesus.

The Jewish prophets were stern-faced men; there are few if any gleams of humor in the Old Testament.

John the Baptist was the last of this majestic succession of thunderers. He forsook the cities as being wicked beyond any hope, and pitched his camp in a wilderness beside the banks of the Jordan. For clothes he wore the skins of animals; his food was locusts and wild honey. He indulged in long fasts and vigils, from which he emerged with flaming eyeballs to deliver his uncompromising challenge. "Repent," he cried, "repent while you still have time."

Fresh from the carpenter shop came Jesus to stand and listen with the rest. To what degree was he influenced? Did he, too, believe that the world was almost at an end? There is some evidence to make us think so. He went away from John's camp and hid himself in the woods, and there for forty days and nights he fought the thing through. For a time his preaching bore a decided resemblance to John's. He, too, talked of the imminence of the Kingdom of Heaven and warned his hearers that time was short. But little by little the note of warning diminished; the appeal to righteousness as a happier, more satisfying way of living increased. God ceased to be the stern unforgiving judge, and became the loving, friendly Father. He, himself, was less and less the prophet, more and more the companion. So much so that John—imprisoned and depressed—began to be tortured by doubt.

John sent two of his disciples to watch and to ask. And Jesus, knowing how wide was the difference between their attitude and his, refused to argue or defend. "Go and tell your master what you have seen and heard," he said. "The sick are healed, the blind receive their sight and the poor have the gospel preached to them. . . . It is true that I do not fast, nor forego the every-day pleasures of life. John did his work and it was fine; but I cannot work in his way. I must be myself . . . and these results which you have seen . . . these are my evidence.

LAST OF THE 600

Although the famous charge of the Light Brigade at Balaklava, immortalized by Tennyson, occurred 78 years ago, on October 25, 1854, the last survivor of that "gallant six hundred" died only recently.

He was Edwin Hughes, a sergeant major, who until his death received assistance from a special fund raised for veterans of that heroic charge, which was an incident of the Crimean War, in which Turkey, with aid from England, France and Sardinia, defeated Russia.

The Light Brigade, composed of 673 British cavalymen, charged the Russian field artillery over a distance of a mile and a half, losing 247 men and 479 horses in 20 minutes. They cut down many of the Russian gunners, but were forced to retreat in disorder. Their dashing exploit raised the moral of the allies, however, and diminished that of the Russians.

A few days later, at the battle of Inkerman on November 5, 8,000

British held 50,000 Russians at bay in a hand to hand conflict until the French arrived and routed the enemy. Then, after a year's siege during which the allies suffered untold hardships, the great fort of Sevastopol was evacuated by the Russians and the war was ended. It was during this siege that Florence Nightingale organized the first nursing system in military hospitals.

Thus, while the charge of the Light Brigade was unsuccessful, it was a moral victory which probably turned the tide of war against the forces of the Czar. It was a stirring memory that Edwin Hughes carried with him during his long life.

Thomas J. Warren of Dorchester, Eng., has confessed to stealing 100 sheep one at a time, carrying each three miles in a bag on his shoulder.

An 88-year-old Civil War veteran, Sam Young, of Yukon, Okla., is wearing an overcoat purchased in 1861.

WEEKLY GRAIN LETTER

By T. L. Hughston

Texas wheat crop 1932, 29,580,000 bushels, compared to 56,045,000 last year.

Visible supply of wheat in United States decreased 1,815,000 bushels during week ending Dec. 24th.

Grain receipts at Chicago totalled 118,008,000 bushels this year, the lowest since 1882.

A report says Grain Stabilization Corporation has about 3,000,000 bushels of cash wheat. It is intimated that they will continue to hold this wheat off the market on account of the extremely low price.

The department of agriculture estimated that 475 million bushels of wheat remained on Dec. 1, as surplus carryover in Canada, Australia, Argentine and United States.

Total wheat production in 42 countries which account for about 95 per cent of world production, except Russia and China is placed at 3,700 million bushels.

Severe drouth continues in portions of Kansas, Colorado and Nebraska, which will undoubtedly curtail production very materially in 1933.

PIONEER RESIDENT DIES

Word has been received here of the recent death of W. A. Vaughn at Wynnewood, Oklahoma. Mrs. Vaughn will be remembered by Foard County's pioneer citizens as he was one of the early residents here and was a candidate for tax assessor of Hardeman County in about 1888, before Foard was organized. He resided in the Thalia and Vivian communities and left this county before 1900.

ROTARY LUNCHEON

Rev. Grant L. Slagle, new Christian pastor for Crowell, was the principal speaker at the luncheon of The Rotary Club Wednesday. In speaking of present conditions and their cause, he asked "Have we forgotten God?" He explained that all nations that had forgotten God had fallen and that America was having the same situation if to attitude of its citizens did not change.

The speaker told of the destructive moral work being done by the Association for the Advancement of Atheism in America and the falling off of attendance at churches throughout the nation. "By looking to the Bible and by doing our bit as a community we can help avert a catastrophe that is bound to come if we do not assume a different attitude toward God," Rev. Slagle concluded.

Mack Boswell gave a resume of leading Foard County news items during 1932. Eli Smith was in charge of the program.

Last Week

An interesting program was given at the luncheon last week by Mr. and Mrs. John Ray. Mr. Ray gave a unique account of over forty years' farming experience in Foard County to the piano accompaniment of his wife.

EVOLUTION OF THE VAMP

In current slang, as is well known, the term "vamp," a contraction of "vampire," is used to designate a seductive female.

In olden times, and even in recent years in parts of eastern Europe, the vampire was a more sinister and fearsome entity.

In its original meaning, the vampire was supposed to be the soul of a dead person which leaves the buried body at night to suck the blood of living persons, usually causing their death. Hence, it was believed that upon opening the grave of a vampire the body would be found still fresh and rosy from the blood thus absorbed.

Dead persons most likely to become vampires were supposed to be those who had committed suicide or had come to their death by violent means, also wizards, witches and those who had been cursed by their parents or by the church. A cat crossing a grave might transform the occupant into a vampire.

To stop the depredations of a supposed vampire, it was thought necessary to drive a stake through the corpse, sever the head, remove the heart, burn the body, or pour boiling water and vinegar on the grave.

Later the term vampire was applied to certain species of blood-sucking bats of Central and South America, concerning which many popular superstitions have also arisen.

Finally, we have the alluring vampire, or "vamp," of the movie screen and Main Street. But there isn't much superstitions about her.

Mrs. M. J. Traweck, mother of Mrs. Amos Lilly, is seriously ill at her home in the Foard City community.

Mrs. B. F. Hallmark, who has been seriously ill with pneumonia, is improving according to late reports.

MRS. HOUSE DIES

Mrs. W. J. House of Fredonia, Kansas, died at the home of her son in Hollywood, Cal., Dec. 22. She was accompanied to California by her husband, W. J. House, and sister, Mrs. E. P. Bomar, of Henrietta a few days before her death, which followed a long and serious illness.

Mrs. House was known to a number of Crowell people having visited here in former years. Mrs. John Long of Crowell is a niece of the deceased.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nausealess calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either.

One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish,—no danger.

Calotabs are sold in 10c and 35c packages at drug stores. (Adv)

LARGE PURSES FROM LITTLE SAVINGS GROW

The Key to Fortune

The biographies of the wealthy men of America of the past and the present invariably indicate that the roots of their fortune were nourished in the fertile soil of small savings! Admire or disparage of these men as you will, the facts remain the same. Personally they may have been great or small. But it was through small savings that their fortunes were started. . . You, too, through systematic saving, will grasp the key to fortune.

Sunday School at 9:30. Wednesday evening service at 8 o'clock. The public is cordially invited.

Methodist Church

The New Year is here and one of the goals adopted at the Church Conference on New Year's Eve was one of loyalty to the church by attending upon its ordinances. Make your influence felt by your presence and you will gladden the preacher's heart, make possible a better sermon and help someone else by your example in addition to the spiritual good you may attain there. Let us have our other goal of 200 at Sunday school at 9:45. Our organized choir will be in their places Sunday, Wednesday we have a spiritual home like atmosphere in the service at 7. League meets at 6:30.

SUNDAY SCHOOL LESSON

by Charles E. Dunn

Jesus Begins His Work Lesson for January 8, Mark 1:12-20

Golden Text, Mark 1:15

Our lesson deals with the temptation of Jesus. His first preaching, and recruiting. Note that Mark not only writes concisely and swiftly, but also completely ignores the early life of Jesus, not even mentioning His birth or boyhood.

For a full account of the temptation we must turn to Matthew and Luke.

There we learn that the Evil One made three attempts to ensnare the pure spirit of Jesus. First he appealed to His appetite, beseeching Him to turn stones into bread. Then he endeavored to persuade Him to make a bid for popularity by a spectacular leap from the Temple. Finally he offered Him all the kingdoms of the world if He would kneel down and serve him. To all these suggestions the Master turned a deaf ear. It was a severe test, but He emerged victoriously.

Jesus' initial preaching Mark briefly sums up with this sentence, "The time has fully come, and the Kingdom of God is close at hand; repent, and believe this Good News." Note that this is the same message as that of John the Baptist (see Matt. 3:2). Both proclaimed the nearness of God's Realm. Both sounded the note of repentance.

Now the reign of God is fundamental with Jesus. "Thy kingdom come" is the central petition of the Lord's Prayer. This divine realm is future, according to the Master, although its organic energies are at work even now. And it will come not primarily through human cooperation, but miraculously, by an act of God. This is a vital trust we are all tempted to overlook in this age when men are so fond of glorifying their own achievements. Man cannot establish the kingdom any more than he can make the sun rise. It is God who will organize the realm of heaven.

With regard to the Master's technique of recruiting, note that He did not seek earned or highly gifted spirits, but selected humble fishermen at work with their nets.

SERMONETTE

THE BEAUTY OF THE ORDINARY

By Arthur B. Rhinow

I watched the eclipse from beginning to end, including the eerie light on grass and trees and every object on the road. I knew it was immensely more wonderful than it looked through the smoked piece of glass I held in my hand. And the marvelous punctuality! It arrived and left on schedule time, up to the minute. Think of how embarrassed the astronomers would have felt if the eclipse had been two minutes late either way. That starry system is certainly a magnificent time-piece. And I well appreciate how the study of this phenomenon may enrich our knowledge of the physical universe, for very powerful and delicate instruments were trained upon it.

And yet I cannot help thinking of how wonderful the rising sun is every day, when it touches pines and oaks, pebbles and fallen leaves with the morning light; and the glorious sunset when it says good-night in its gorgeous way.

But you say that happens every day, and the eclipse is very unusual. True, very true, and that leads me directly to the moral of this meditation. We do not appreciate the marvels all about us because they are everyday occurrences, and yet they are quite as wonderful as the extraordinary. Just because we are used to them we become indifferent to the richest sights our eyes can see, the sweetest sounds our ears can hear, and the deepest emotions our hearts can feel.

How many of us are thinking of what we are saying when we pray, "Give us this day our daily bread" and how many of us thank the Lord for the daily bread.

God is well pleased."

Included with other passages to be read from the Bible will be the following from Luke 22: "And he sent Peter to John, saying, Go and prepare us the pasover, that we may eat. . . . And when the hour was come, he sat down, and the twelve apostles with him. And he said unto them, with desire I have desired to eat this pasover with you before I suffer; For I say unto you, I will not any more eat thereof, until it be fulfilled in the kingdom of God."

Citations will also be read from the Christian Science Textbook by Mary Baker Eddy, "Science and Health with Key to the Scriptures," one citation being as follows (p. 35):

"Our baptism is a purification from all error. Our church is built on the divine Principle, love. We can unite with this church only as we are newborn of Spirit, as we reach the Life which is Truth and the Truth which is Life by bringing forth the fruits of Love,—casting out error and healing the sick. Our Eucharist is spiritual communion with the one God. Our bread, 'which cometh down from heaven,' is Truth. Our cup is the cross. Our wine the inspiration of Love, the draught our Master drank and commended to his followers."

CARE OF THE AGED

At this writing I have eight people under my care who are over eighty years of age—six men and two women. All but two of them are on foot; one woman has had a "stroke" but can get about and help herself. She is 85. The other is just past eighty, and has a sprained hip, using crutches to go about her house. One old man, 86 is a veteran of the civil war; another will be 88 at his next birthday.

It is interesting to watch these old boys and girls, who have somehow come mighty close to living the right way, else they could not have achieved all these years with such success; I meet many of half their ages who really complain more than they do.

And they know just a little more about what is good for them to eat than I do. I never put them on a diet, except to ask them to eat what "agrees" with them. If I caught one old fellow eating salted peanuts and topping off with ice cream, I would not stop him. If one has diabetes, I do not by any means cut off a reasonable amount of sugar from his dietary. I have always been a stickler for letting well enough alone.

One of them—just went out my door this moment—has a leg ulcer. I keep DRY dressings applied while it heals nicely. He laughs over the situation, not at all like a much younger man would do.

And, my old people are so appreciative, they make one love them. They have lived all these years, I have no doubt, on that very principle. The fellow who is eternally finding fault is in a poor way to live out a long and beautiful existence, because he burns up the good within him. We younger ones may learn from this.

union visited Mrs. Waggoner's sister, Mrs. M. C. Adkins, and family here Sunday.

Mrs. Dean of Mobeetie is visiting her daughter, Mrs. W. M. Bralley.

Cone Green, who has been visiting relatives in Levelland during the holidays, returned home Sunday.

Mrs. J. H. Thomas and son, Coyt, of Duncan, Okla., and Mrs. Ola Kirkpatrick of Lawton, Okla., visited in the C. H. and W. F. Wood homes here Sunday night and Monday.

Erwin Reed, who is attending school in Abilene, visited his parents Rev. and Mrs. W. A. Reed, here last week.

Mrs. W. H. McKinley is seriously ill at this writing.

A large crowd was present at the singing at the Baptist Church Sunday afternoon. The Brock quartette of Cillicothe was present, which everyone enjoyed very much.

News Receives Two Letters Regarding '32 Football Season

Since its last publication The News is in receipt of two interesting letters in connection with the past football season.

The first letter came from Brady and contained a clipping from the Brady Standard in which an account of the championship football game for the ward schools of that city was given.

Alva Clary, son of Mr. and Mrs. W. O. Clary, former Crowell residents, was a member of the champion South Ward team and was referred to as one of the outstanding stars of the game. He played half-back and demonstrated excellent ability in carrying the ball and featured on the defense while playing safety. Weighing only 73 pounds, he was the lightest man on the South Ward squad, which won the game 12 to 6.

The other letter was from Thomas Perkins of Ft. Worth, who left Crowell several weeks ago after living here for some time with his aunt, Mrs. Frank Hill. He and Mr. Hill attended the state championship game between Masonic Home and Corsicana at the latter city and considerable interesting information was given about this game in his letter. The game ended in a 0-0 tie, how-

ever, Corsicana was given the championship as a result of 20-yard penetrations.

Thomas stated that the game was disappointing and that the Masons could not get their offense to going for a sustained drive on the slippery field, with the result that McCall, outstanding player of the year, was stopped from making consistent gains for the first time in at least two seasons. He was the whole show on the defense, according to Thomas. The latter part of his letter follows:

"The game should not have been played in Corsicana because of the lack of seating space. That was the biggest jam I was ever in and I think the only thrill I got was when the bleachers caved in. It was funny because everyone reached up for a strap, as in a street car. It started in at the south end and everyone fell towards the north like a row of dominoes. If everyone hadn't been standing up there would probably have been several deaths.

"Mr. Hill enjoyed the game, though he doesn't thoroughly understand football, yet he said McCall reminded him of Dick Todd in that every time he got the ball he started for the sidelines."

In concluding his letter Thomas stated that he was still of the opinion that T. C. U. had about the best team in the nation and that it was likely that McCall would go to that school next year, although Southern California was after his services.

CARD OF THANKS

We wish to most sincerely thank the following for helping to make our Christmas tree a success: T. F. Reeder, Lanier Hdwe. Co., R. B. Edwards Co., Haney-Rasor, Ferguson Bros., Meason Market, C. P. Sanifer, Mrs. B. W. Self and Herrman Fox.

Crowell Colored People.

John Quincy Adams served as a Congressman from Massachusetts, while John Tyler espoused the Confederate cause and was a member of the provisional Congress of the Confederate states. Andrew Johnson became a United States Senator from Tennessee.

The two ex-presidents whose lives after leaving the highest office afforded the most striking contrast were Taft and Monroe. Taft served nearly 10 years as Chief Justice, an office almost equal in dignity to the presidency itself; while Monroe, who was a poor man, was content to serve for several years in the humble capacity of justice of the peace in his home county in Virginia.

Miss Mary Dulje of New York recently won a check for \$500 as first prize in a national smiles contest.

The girl who completely wins Edward Reynolds of Pittsburgh must perform a double task. Physicians have discovered that he has two hearts.

New Year's Tea at Mrs. Beverly's Home

Mrs. W. D. Howell and Mrs. T. M. Beverly entertained on last Saturday afternoon with a New Year's tea at the home of Mrs. Beverly. Guests were received by Mrs. Beverly and presented to Mrs. Howell.

The house-party for the occasion consisted of Mrs. T. L. Hughton, Mrs. M. L. Hughton, Mrs. J. R. Beverly, Mrs. M. S. Henry, Mrs. Arnold Rucker, Mrs. T. B. Klepper, Mrs. S. J. Ferguson, Mrs. T. N. Bell, Misses Lottie Woods, Martha Schlagal and Florence Black. Mrs. Hughton, Mrs. Bell, Mrs. Ferguson and Mrs. Henry assisted in the living room.

Guests were ushered into the dining room by Mesdames M. L. Hughton and T. B. Klepper, where Mrs. J. R. Beverly poured tea from a silver service. The table was attractively laid with lace cloth and a centerpiece of red roses. Miss Woods, Miss Schlagal and Miss Black assisted in the serving of sandwiches, fruit cake and mints.

About fifty ladies called during the reception hours.

MRS. THACKER'S BIRTHDAY HONORED

On Tuesday afternoon, Jan. 3rd, the home of Mrs. Fannie Thacker was the scene of a happy social gathering, the occasion being Mrs. Thacker's birthday.

Some of the ladies brought their work and an hour was spent in work and pleasant conversation. Then Mrs. Kincaid conducted a season of games and contests.

The center of attraction was a beautiful angel food cake, the gift of Mrs. Arthur McMillan. The cake was cut and served with other dainty viands and coffee.

A number of beautiful gifts bespoke the love of Mrs. Thacker's friends.

Those present were: Mesdames Albee, Crowell, R. P. Womack, J. H. Johnson, S. T. Crews, R. L. Kincaid, Ida Reavis, Maggie Magee, J. H.

Olds, Ida Cheek, Elliott, J. H. Self, C. P. Sandifer, Mrs. Allison, B. F. Ringgold, J. M. Hill and Thacker.—A guest.

Combination Shower and Party for Bride

Miss Addie Lorene Baker and Miss Mildred Johnson were hostesses at a combination party and shower last Thursday evening at the home of Mr. and Mrs. A. F. Cannon for Mrs. George Davis, who was Miss Mary Gafford before her recent marriage.

Guests registered upon their arrival in a pretty bride's book, which was presented to the honoree. A short program was rendered. Misses Addie Lorene Baker and Mildred Johnson sang "Brown-Eyed Mary," and Miss Johnson sang several other songs, with her own accompaniment. Miss Baker gave a clever toast to the bride, after which she was presented with numerous gifts for which she expressed her appreciation.

The house was attractive with Christmas decorations and a gift was presented each guest. Those present were Misses Violet Atcheson, Pansy Atcheson, Lorene Sparks, Irene Nichols, Lorene Boman, Juanita Sanders, Messrs. William Gafford, Munson Welch, Milton Hunter, Leo Horn, George Fox and the honor guests and the hostesses.

Refreshments consisting of cake and hot chocolate were served.

METHODIST SOCIAL

On Saturday evening, a number of members and friends of the Methodist Church gathered in the basement of the church for a social and to lay plans and goals for the New Year.

A short program was rendered. A ladies' octet gave two numbers. Miss Jim Lois Gafford gave a reading. Rev. Geo. E. Turrentine made a talk and the meeting was thrown open for general discussion and consideration of aims and hopes for the various organizations and departments of the church for the incoming year. Some definite goals were set.

Miss Mildred Cogdell had charge of the diversion and everyone present enjoyed a half hour of games and play. Refreshments of hot chocolate and cake were served.

BRIDGE PARTY

On Friday evening of last week Miss Elizabeth Kincaid entertained a number of her friends with a lovely bridge party.

Three tables were set for bridge and a number of games were enjoyed. After the games a dainty refreshment plate was served consisting of sandwiches, olives, fruit cake with whipped cream and coffee. Plate favors were beautifully fashioned Christmas packages that afforded much merriment during the remainder of the evening.

New Chevrolets Add Over 85,000 People to Payrolls of Nation

TOP: New 1933 Chevrolet roadster climbing hill at General Motors Proving Ground. LEFT: New Fisher "No-Draft" Ventilation system illustrating how each passenger may have individually-controlled ventilation instead of being subjected to a sweep of air through the car, with resultant discomfort and danger to health. RIGHT: New rear-end of all closed models screening all unsightly underparts of the car.

Chevrolet's public showing of its new 1933 line means a material spurt to national employment and materials consumption, since this company is the largest manufacturer in the largest industry in the world. More than 85,000 people are back at work, 30,000 in the company's twenty domestic factories, 21,000 more in Fisher body plants working exclusively on Chevrolet-Fisher bodies, and more than 36,000 in dealerships throughout the nation. As many more are indirectly benefited by the announcement, through making their livelihood by building parts for the car which Chevrolet buys from independent suppliers. Chevrolet's 1932 volume totals nearly 400,000 cars and trucks with a retail value in excess of \$200,000,000. This is said to be one of the greatest contributions made by any company this year to the economic welfare of America.

In the new line, now on display at all dealers, is a variety of models featuring longer wheelbase, new Fisher "No-Draft" Ventilation and many other features which the company has designed to retain for the leadership in the industry it has enjoyed for four years out of the past six.

Other features included in the new line are more power and speed in the engine, which is newly cushion-mounted; improved free wheeling plus Synchro-Mesh transmission with Silent Second gear; a new "Starter" that greatly simplifies starting; such safety elements as shatter-proof glass in the windshield; larger and lower bodies by Fisher; three fewer controls, with really automatic features in some of those retained; an Octane Selector that insures the highest possible operating efficiency from all grades of gasoline, besides a uniform gasoline cost per mile; dash instruments of airplane type, for instant, easy reading; positive brakes; and still easier steering.

With all these, and many more, the price range continues to be mindful of the buyer's pocketbook. It has been found possible to equip the new Chevrolets with many features that used to be confined to cars selling at several times Chevrolet's base price.

Since October first, trained former employees have been going back to work in Chevrolet's widely distributed manufacturing and assembly plants, with welcome additions to the general purchasing power, made possible by more wage money in circulation. Throughout November, the increase in employment continued to a seasonal peak to the middle of December, when concentrated operations incident to prompt dealer stocking were in full swing. More than twenty million dollars worth of the new cars were in dealers' hands when the national introduction was made.
