SEVENTH YEAR NUMBER 31

Winners Announced in 4-H Girls Bake Show Saturday; 69 Girls Entered

Sixty-nine 4-H girls entered a bake show Saturday in the annual Girls Bake Show held last Friday in the Self Motor Co. building in connection with the FFA Project Show, Mrs. D. Brown, County Home Demonstration Agent, announced today.

Judges for the event were Miss Riley, C. H. D. A. of Wilbar County, and Mrs. A. B. Calvin, adult leader of 4-H.

Janice Carroll and Janet Rassy, Junior Leaders, helped the girls voted to give each a ribbon and each girl an prize instead of having a 1, 2, and 3 prize.

Each girl received a ribbon and liquid measuring cup given by Foard County Farm Bureau and the Foard County Home Demonstration Council.

Divisions and awards were as follows:

Blue ribbon winners: Linda Medina, Lois Y-Neill, Glenna Taylor, Gena Adecock, Ellie Wehba, R. E. Main, 88, died in Vernon Wednesday, Feb. 5.

Dr. R. E. Main, 88, pioneer doctor of the Thalia community, died Wednesday, Feb. 5, in a room rest home after a prolonged illness.

Services for Dr. Main were conducted in Henderson Funeral home Chapel at 2:30 Thursday.

Dr. R. E. Main was born Oct. 17, 1869, in Dubois County, Mo. He moved with his parents to Ripley County, Mo., while a youth. He alternately taught school and studied medicine in Missouri. He married Miss Victoria Young at Bradley, Mo., in 1893. Mrs. Main died in 1948.

Graduating from College of Physicians and Surgeons in St. Louis, he practiced medicine in Missouri until 1906, when he moved to Thalia, Texas. From there he moved to Thalia where he practiced many years before moving to Vernon in 1948, after the family home burned there.

Dr. Main enjoyed telling of the days when he made rural calls on a horseback, carrying medicine saddlebags.

Those surviving include two daughters, Miss Emma Main of Vernon and Mrs. Josie Bledsoe of Aroya, Colo.; a son, Fred Main of Lockett; a brother, George Main of Wilson, Ark.; seven grandchildren and several great grandchildren.

CHAPTER TO MEET TONIGHT
Crowell Chapter No. 276, Royal Arch Masons, will meet at the Crowell Masonic hall tonight, Thursday, at 7 o'clock. All Royal Arch Masons are urged to attend.

Girl Cagers Cinch Western Half of Dist. Championship

The Crowell Girls basketball team cinched the western half championship of District 1A-11 at Monday last Friday night by defeating that team in a sensational game 45 to 43. The lead changed hands several times during the contest. The score was tied 9 to 9 at the end of the first quarter and Monday was two points ahead at halftime. Crowell forged out ahead in the third quarter, but was trailing again by two points at the end of the third quarter. The Crowell girls did not get into the lead again until late in the game. The real difference was at the free throw line. Crowell hit 15 shots out of 31 tries while Monday was collecting only 13 out of 31. Players on both squads were very tense under the pressure. Crowell had defeated this team in an overtime contest here two weeks ago. Gayle Taylor, Judy Vaughn, Pat Prosser and Mary Ann Myers were used at forwards for Crowell. Roxiann Adkins, D'Lois Shultz, Sandra Simmons and Helen Vessel were the guards. Audrey Trammel scored 21 points for Monday.

Boys Team Wins
The Crowell boys won their game 56 to 43 to remain in a tie with Chillicothe for the western half championship. The Crowell boys were not able to build up much of a lead until the last quarter. Jerry Bob Sellers led the way in the scoring department for Crowell. Gary Carpenter, David Carpenter, Jimmy Eader and Ivan Cates were other starters for the Wildcat team.

B Team Wins
The Crowell B team boys also won their game by a lopsided score. The following boys represented Crowell in this contest: Fred Youree, Bill Graves and George Moss, forwards; Jimmy Weaver and Bill Smith, center; and Tom Crowell, Gerald Bradford and Guy Todd, guards.

Pudacuh Plays Here Tonight
The Pudacuh boys teams come to Crowell tonight (Thursday) for two games with the Wildcats. The grade school boys' game will begin at 6:30, and the boys' high school game begins at 7:30.

Chillicothe and Crowell to Play in Quanah Saturday
Crowell boys basketball team and Chillicothe boys will play basketball at the Quanah High School gymnasium Saturday night at 7:30 o'clock for the championship of the western half of District 1A-11, in case Crowell wins over Pudacuh here tonight and Chillicothe defeats Monday on Friday night.

These two teams divided victories in the regular season play with Crowell winning here and Chillicothe winning over there. The winner of this half will play a three-game series with Holliday, winner of the eastern half, next week, for the championship of the entire district.

The Crowell girls have already cinched the championship of the western half and will play either Archer City or Iowa Park for the Championship of district 1A-11.

4-H Food Sale Held Saturday Profitable for Foard Co. Clubs
The 4-H food sale cleared a total of \$125.29, according to Mrs. Mary D. Brown and Joe Burkett, County Extension Agents. The sale was held last Saturday in the Self Motor Co. building in connection with the 4-H and FFA Project Show.

This money will be used to further 4-H work in Foard County. The boys and girls themselves decide how the money is to be spent.

Adult leaders who helped with the sale were Mesdames James Bowers, Leon Speer, Buster Cates, Dick Todd, Milburn Carroll, Jack Welch, Bert Ekern, Darvin Bell, Bill Bell, Glenn Goodwin, Virgil Johnson, T. R. Cates Jr., Willie Garrett, Elton Carroll, Cecil Driver, Henry Borchardt, M. M. Welch, Grover Moore and C. J. Drabek.

Cecelia Drabek and Janet Rassy, Junior Leaders, also helped with the sale.

Mrs. Brown and Mr. Burkett stated that "On behalf of the 4-H Clubs of Foard County, we would like to thank all the parents who contributed to the success of this sale by donating food, time and labor. We also want to thank George Self for the use of his building and all of the people who bought things at this sale or donated money to it."

HERE FROM LAWTON
Jim Hays of Lawton, Okla., former Foard County resident, is here on account of the serious illness of his sister, Miss Blanche Hays, in the Foard County Hospital.

75th Birthday of Mrs. P. H. McLain Celebrated Sunday

Mrs. P. H. McLain was honored by her children on her 75th birthday Sunday afternoon from 2 to 4 p. m. at her home in Crowell.

The table was covered with a white lace cloth and centered with a silver container of pink carnations and white pom-poms, which were flanked by silver candelabra. Birthday cake and punch were served from crystal appointments.

Mrs. Fred Crowder of Vernon, niece of Mrs. McLain, presided at the punch bowl.

All of Mrs. McLain's children were present but one son, Rea Austin of Amarillo.

Those present were Mrs. Jack Sparks, Abilene; Mrs. Ernest Spears, Altus, Okla.; Mrs. W. M. Young, Fort Worth; Mrs. A. K. Garrett, Notrees, and Clinton McLain and Mrs. Martin Jones of Crowell.

All of Mrs. McLain's children's families also attended.

Other relatives and a few close friends called during the afternoon.

Recreation Training School Planned for February 17, 18, 19
Miss Lucille Moore, Recreation Specialist for the Extension Service, will be here to conduct a recreation training school for 4-H boys and girls and adult leaders on February 17, 18 and 19, according to Mrs. Mary D. Brown and Joe Burkett, County Extension Agents.

The school will be held from 6:30 to 9:30 each evening in the Down Town Bible Class room. At that time, Miss Moore will teach the boys, girls and adults how to plan a party, and how to lead games and songs.

Winter Time Comes to Foard County With Snow, Ice and Freezing Weather
Old man winter has really unleashed his fury on Foard County during the past few days. A light rain which began falling here Sunday afternoon, began freezing as it hit the ground late Sunday, and Monday morning, there was a thin coating of ice on the ground, making driving extremely dangerous.

The temperature remained below freezing all day Monday and Tuesday and about 1:30 Tuesday afternoon, a heavy snow began to fall and by 4 o'clock measured between 2 and 3 inches. Snow continued to fall Tuesday evening and night, and over three inches covered the ground Wednesday morning. The season's record low temperature was recorded at 5 a. m. Wednesday when the mercury dropped to 23.

The norther arrived in this area last Friday, and the temperature dropped to 27 early Friday morning.

Sheriff P. W. Taylor said there were no accidents reported here from the hazards of roads, however, C. M. Carroll of Crowell skidded and turned his car over about 3 miles west of Vernon on US 70 at 8:30 Tuesday morning. Mr. Carroll was not reported to have been injured in the mishap.

Temperature records since Feb. 6 follow:

Feb. 6: high of 47 at 2 p. m. and low of 33 at 11:30 p. m.

Feb. 7: high of 48 at 1:45 p. m. and low of 27 at 7:30 a. m.

Feb. 8: high of 48 at 1 p. m. and low of 26 at 6:15 a. m.

Feb. 9: high of 32 at 2:15 p. m. and low of 27 at 10 p. m.

Feb. 10: high of 31 at 1 a. m. and low of 27 at 10 p. m.

Feb. 11: high of 29 at 11:30 a. m. and low of 26 at 11:40 p. m.

Feb. 12: low of 22 at 5 a. m. and high of over 30 Wednesday p. m.

Oscar E. Nichols to Teach Meteorology Class in Los Angeles
Oscar E. Nichols, aviation forecaster with the United States Weather Bureau in Los Angeles, Calif., and son of Mrs. C. O. Nichols of Crowell, will teach an elementary meteorology course at the University School in Los Angeles.

Mr. Nichols is a graduate of the California Institute of Technology, and his later assignments with the Weather Bureau have taken him to Washington, D. C., Alaska, Seattle and Los Angeles where he is now stationed.

The course offered for the first time, should be of particular interest to pilots, teachers and many engaged in business and industry, and mariners.

THALIA CAGERS WIN SECOND IN TOURNAMENT
The Thalia basketball boys, who participated in the tournament at Gilliland Thursday, Friday and Saturday of last week, won second place honors. The Thalia boys also played at Lockett Monday night.

FLASH—THE RECORD IS MADE

What record? College students' grades! Yes, they have grades too! There's just no way to get around the fact that as long as one is in school, it's grades, grades, grades! Seriously, grades make up a person's scholastic record. This record is of much importance in one's life. It follows him throughout his childhood, youth, and manhood.

How? Well—things just get around. In the lower grades pupils and teachers form an opinion of one's ability even before actual grades are put in record form. One's accomplishments in grammar school show up on his card, and this is passed on to high school. It's the high school record though that really matters—those records are sent to the college of one's choice. There they give the college authorities their first impression of a student's work.

I wonder how those F's and D's look? Those college professors don't know that the person played

hokey or got angry with the teacher and didn't hand in his work—for spite. No sir. Those grades look as if the student has been just plain DUMB. On the other hand, those A's and B's he takes to college make quite a different impression.

Then keeping the record high in college is of great importance. Soon the individual will be looking for a position. Who gets the best places? The ones who produce satisfactory records have the best chance.

Incidentally, college grades have been pouring in the last few days. Our school has a right to feel proud of most of the records received. Some are literally filled with A's and B's—believe me, B's in college are not to be ashamed of. They are equivalent to most A's in high school. Of course, the absence of A's, B's or C's on some reports were noticeable. You can just about figure it out this way: Students with good records in high school usually have decent records in college. Those who just "got by" in high school usually don't make it in college.

Next week we hope to compile a few facts for you in regard to last year's seniors. However, it's you—the high school student—that we are asking this question: "How's your record?"

EX-STUDENT CHOATE TO SPEAK TO SENIOR GIRLS

Sandra Choate, a student at the St. Paul School of Nursing in Dallas, will make a talk to the senior girls February 17. She will also show a film. I am sure all the girls will be looking forward to this.

SCHOOL SERVES AS "AUCTIONEER BARN"

For a while last Wednesday, school didn't seem like a prison at all; in fact, it became an auctioneer's barn. Perhaps for the first time in their lives, some of the boys found out what we girls really think they are worth. To raise money to send the delegates to the Student Council meeting to be held in Abilene, the Student Council auctioned the boys off as slaves to the girls. The minimum price was 25c a head. The boys (slaves) had to obey their masters until Monday, Feb. 10. The first offense was twenty cents, the second offense was ten cents, etc.

Spider Bell was the first slave sold. He was bought by Jeannie Johnson. The high bidder was D'Lois Shultz. She bid \$3.90 for David Carpenter. Of course, the teachers had to have a little fun, so Mrs. Bursay bought R. H. McCoy and Don Taylor for \$2.50. (She got two for the price of one.)

There were several other high bids. Ivan Cates bought \$3.55; Jim Henry and Tom Crowell bought \$3.30. (A real bargain, Judy Borchardt.)

The band bought Mr. Hesse for \$5.00. (I haven't dared check to see who was giving the orders in that department this week.)

The girls had their dreams come true; for once, they could tell the boys what to do.

The auction increased the Student Council's "Piggy Bank" by approximately \$80. We wish to thank all those who participated in the auction and helped to make it possible for delegates to go to the meeting. It was real fun!

NOTICE—BOYS!

Tomorrow is Valentine's Day. Have you bought your best girl a great big box of candy—or even a smaller box of candy—or maybe a little bity box of candy—or even a—oh, well, she would even appreciate a stick of chewing gum.

MINERVA VANDERBIET

by Spider Bell and Sandra Sanders

Minerva Vanderbiet is 7 feet tall, measured by a 40 inch yard stick. No one knows the color of her beautiful blue eyes due to the fact that her false eyelashes cover them completely. She weighs a heavy 61 pounds, and one pigtail is orange and the other one is green.

Minerva's favorite sports are playing golf with a baseball bat and drag racing on tricycles. Her favorite food is broiled gila monster toes sprinkled with butterfly dust, and followed up by a dessert of cactus "a la mode."

Minerva's favorite hobbies are collecting dead frogs, mountain climbing at Medicine Mounds, washing her wig, cleaning her false teeth, teaching her pet skunk the art of being a blood hound, and digging oil wells with an ice pick.

Her favorite subject is boys, and her hardest one is girls.

Her favorite movie star is Don Tippynose, manager of the Ritz Theater in Dallas.

Minerva's favorite type of music is classical, and her favorite recording artist is or was Bach.

After her graduation, Minerva Vanderbiet plans to become a forest ranger. Luck to you, Minerva, and may you fall off the tallest tree!

CAT SCRATCHES

Well, girls, no more slaves! It must be nice to have someone to carry out every wish for you. I was quite astounded last week when I wandered innocently into the auditorium and saw that the boys were being sold! Oh, well, that's life, boys. Free today—bound tomorrow.

How did you like that cold weather the first of the week? Brrr—it was really cold. My ears and tail were frost bitten after being outside for only one minute.

Monday morning I woke up bright and early, ready to start to school. I stepped outside and—zoom—I struck off like a 7?? Why? Because it was slick, slick, slick! After slipping down, I tried to get up, but every time I moved I just slid a little farther back. So, there I lay, my nose frozen to the ground. I don't know how long I lay there, but finally someone chipped me loose from the ice and took me inside. There I sat by the fire and slowly thawed into a puddle of water. You ask me how I feel today? All I can say is—please send sunflowers to the funeral home—there's my favorite flower.

"MOON WAVES"

Welcome, readers, to the new series of "Moon Waves." Starting this week, we are going to drop in on a lovely couple who live on the moon. We'll share the strange creatures' sorrows, heartbreaks, and blessed joys.

One of our school's most brilliant young scientists has invented a marvelous atomic ray T. V. that allows us to listen and observe our far-away neighbors—the Moongoons!

Let us introduce you to our new friends. They are Mr. and Mrs. Greencheese and the little Greencheese—Pea and Wee Greencheese. The Greencheese live in a modest little cheesy suburb, Spaceville, near the edge of the moon. Life is full of fun, excitement and hardship for the typical fam-

DEMAND FOR EDUCATED PEOPLE IN ALL FIELDS

"Since Russia sent up their 'Sputnik' the general public has become hysterical in their demand for more engineers and scientists.

They may be needed, we are too far down the line to say, but a report from the National Society of Professional Engineers states that today in the layoffs caused by a cutback in defense budgets, more than 1000 engineers are looking for jobs. There is and always will be the need and demand for well educated and well trained individuals, but should not go overboard in one particular field. Let's just try and raise the standard in every department."—Colfax, Iowa, Tribune.

Home Demonstration Notes

MRS. MARY D. BROWN

Our 4-H food sale last Saturday was the most successful one we've had in several years. This is the one thing the 4-H clubs of Foard County do to raise money for their activities during the year, and we are grateful to all of you who showed your interest in 4-H work by helping to make the sale such a success.

The girls 4-H Bake Show was also the most successful one we have ever held. I heard many favorable comments on the excellent quality of the foods displayed. All of the girls who entered are to be congratulated on the products they brought.

We are grateful to the Foard County Farm Bureau and the Home Demonstration Council for donating money for the girls' prizes and ribbons. Their interest encourages the girls to do better work.

Our recipe this week is: Cinnamon Nut Wafflers

1 teaspoon cinnamon, 3 tablespoons sugar, 1/2 cup chopped pecans, 2 slightly-beaten eggs, 2/3 cup milk, 8 slices bread.

Combine cinnamon, sugar and pecans. Combine eggs and milk. Dip each bread slice in egg mixture, turning them to coat both sides. Place dipped bread in a pre-heated waffle baker. Sprinkle a tablespoon cinnamon-sugar mixture over each slice of bread. Close waffle baker and brown. Serve hot with honey, marmalade or maple syrup.

Yield: 4 servings — 2 slices toast per serving.

FREEDOM OF PRESS

"Frank Gannett, one of the best known publishers of United States, died the other day and included in his will a clause to the effect that he 'felt a concern over the freedom of press' . . . referring, of course to the growing trend among officials to refuse to give the public information to which public is entitled . . . a concern or enhancement of policy, wrote Gannett in his will, 'void freedom of expression; democracy will perish!'"

Soil Conservation News of District

by Lynn McDaniel

The following farmers and ranchers have made application for assistance under the Great Plains Conservation Program: M. L. Rettig, Jack Welch, Newell Hofmann, Grady Halbert, C. D. Shamburger Jr. and Roy C. Steele. This application does not obligate a farmer or rancher to enter into a contract under the Great Plains Conservation Program. It does give the farmer or rancher the authority to plan, with the Soil Conservation Service, a plan of operations and a schedule for applying practices that are essential to the farm or ranch; then if the plan is agreeable to the farmer or rancher and the Soil Conservation Service, another contract is signed which sets aside the amount of money needed to assist the farmer or rancher in carrying out his plan of operations.

The Board of Supervisors and the members of the Soil Conservation Service wish to express their appreciation to JoAnn Shultz, Janet Rasberry and Ginger Rasberry, and Henry Black for preparing copies of the Great Plains Conservation program cost share rates which will be a great help in getting this information to the individual farmers.

The following is a brief run-down on the Great Plains Conservation Program cost share rates. The amount of money listed after each item is the amount the government will pay.

GP-1 Initial establishment of a permanent vegetative cover as a part of an improved cropping system or as a needed land-use adjustment.

Establishment and management of a dead cover: seedbed preparation, 1.60 per ac. Seeding operation, 1.20 per ac. Seed costs, 80 per cent of seed cost.

Establishment of the grass: Seedbed preparation (where the grasses are to be planted in rows and cultivated and not planted in dead cover), 1.60 per ac. Seeding operation: normal rows, 1.30; close drilled, 1.20; Seed, 80 per cent of the seed costs.

Fencing (Same as under GP-24).

GP-2 Initial establishment of field strip cropping to protect soil from wind or water erosion.

Establishing system exclusive of protective vegetation. Increased production cost, 1.60. Increased harvesting cost, 1.60. Total 3.20.

Establishing protective vegetative cover strips: Seedbed preparation, 1.60 per ac. Seed costs, 80 per cent of seed costs. Seeding operation: normal rows, 1.20 per ac.; close drilled, 1.20 per ac.

GP-5 Improvement of vegetative cover on rangeland by artificial reseeding for soil protection.

Where seeding operation is separate from appropriate method of seedbed preparation (No cost share will be made where seeding is done in the same operation as seed bed preparation). Seeding operation, 1.60 per ac. Seed costs, 80 per cent of seed cost.

GP-6 Initial establishment of a stand of trees or shrubs on farm or ranch lands for windbreaks, shelterbelts, erosion control or other purpose to protect farm or ranch land from wind or water erosion.

Establishing windbreaks or shelterbelts, 80 per cent of tree or shrub costs.

Seed preparation, 1.60 per ac. Planting operation, .16 per tree.

Necessary replacement in year subsequent to planting: Planting operation, .16 per tree. Trees or shrubs costs, 80 per cent of cost.

Fencing for protection (Same as under GP-24).

GP-7 Initial establishment of permanent sod waterways to dispose of excess water without causing erosion.

Shaping of waterways: shaping, grading, or filling, 11.20 per hour.

Vegetating waterways: Establishment and management of a dead cover: seedbed preparation 1.60 per ac.; seeding operation (drilled or broadcast) 1.20 per ac.; seed costs, 80 per cent of seed cost. Fertilizer: phosphoric acid, P205, .072 per lb.; nitrogen, .10 per lb. Establishing vegetation: seed cost, 80 per cent of seed costs; seeding operation (close drilled), 1.20 per ac.

Leslie Thomas to Seek Re-Election As County Judge

Judge Leslie Thomas authorized the News this week to state that he will be a candidate for re-election to the office of County Judge of Foard County, Texas, subject to the action of the Democratic Primary.

In authorizing such announcement, Judge Thomas states: "I am deeply grateful to the people of Foard County for the excellent support accorded me in my past campaigns, and in view of the fact that I had imposed myself as a candidate for so many years, I had not intended to seek re-election to the office of County Judge at the coming election; however, if the majority of the people of the county (of whom a large number have solicited me to seek the office again) feel that I can best serve them in such capacity, I assure you that my utmost efforts will be directed towards rendering fair, impartial and efficient service to the people of the county at large. I respectfully solicit your vote and influence."

Leon H. Brown Announces for State Representative

Leon H. Brown Jr., Vernon farm owner, ex-Air Force Officer, and grandson of Wilbarger County pioneers, has authorized this newspaper to announce his candidacy for State Representative, 82nd District, subject to the Democratic Primary, July 26.

Mr. Brown is 24 years of age and unmarried. He was born in Mission, Texas. His father is a son of the late Judge G. A. Brown who served the 46th Judicial District as District Judge for fourteen years.

His mother is the former Miss Margaret Castlebury, daughter of the late Stephen A. Castlebury, pioneer ranchman and oil developer, and Mrs. S. A. Castlebury, 2103 Paradise, Vernon.

After attending Pan American College and Houston University, Mr. Brown, at the age of 19, held the distinction of being the world's youngest airline pilot. With the advent of the Korean War, he resigned his airline job and enlisted in the U. S. Air Force. He then entered Officers Training

school to permit growth of adequate desirable vegetative cover for soil protection on range or pasture land, 50 per cent of cost.

GP-24 Constructing permanent fences as a means of protecting vegetative cover: barbed wire, .85 per rod; net wire fence, 1.46 per rod.

For more information on the Great Plains Conservation Program, check with your local Soil Conservation Service.

as an Aviation Cadet and graduated as the outstanding honor student at Marana Air Force Base.

During service in the Air Force, he was Jet Flight Leader patrolling Formosa Straights. After returning to the United States, he flew Sabre Jets across the Arctic Circle for delivery to bases in Europe and Africa. He is a licensed Air Science Instructor and a member of the Mach Busters Club, composed of pilots who have flown faster than the speed of sound.

An early student of Astronomy, Mr. Brown was one of the first to advocate an all-out space program. Since 1951, on numerous occasions in addresses before clubs, he has stressed the importance of a manned earth satellite as a defensive and scientific necessity.

The candidate is a member of the First Methodist Church in Vernon, the American Legion, Vernon Junior Chamber of Commerce and Farm Bureau. He holds a commission as First Lieutenant in the United States Air Force Reserve and is a member of the Vernon unit.

Mr. Brown plans a full scale campaign and will issue his platform soon stressing his position on farm and water problems.

In his appeal to the voters of Foard, Wilbarger, Hardeman and Cottle counties, Mr. Brown pledged that, if elected, he will strive at all times fairly and impartially to represent each citizen in this district.

"I am relying on your friendship, counsel and confidence and am looking forward to meeting each of you personally," said Mr. Brown.

FREEDOM IS A MIGHTY SWORD

We Americans can rightly be proud of the fact that we are a peace-loving people. That our aim as a nation is to strive to improve human welfare with freedom and justice for all. * Such a people is always slow to anger, tolerant and patient. But when patience is exhausted, a peace-loving people can turn its peace-time skills into weapons of fierce and righteous wrath. There is only one way such a nation could be enslaved. That would be through propaganda that misleads; through lack of knowledge, and of truth. America's greatest strength is... freedom of the printed word... to give the people truth, truth that builds freedom of thought, of word, and of vision. * This great Freedom tempers the steel out of which a nation and a people can forge mighty swords.

W. S. HEATLY

W. S. Heatly to Seek Re-Election As Representative

Representative W. S. Heatly of Paducah has filed a brief official announcement for Representative of the 82nd Legislative District composed of Foard, Wilbarger, Hardeman and Cottle Counties. He indicated he would make a full and complete announcement at another time.

Since the two special sessions of the Legislature were over, Representative Heatly has been quite busy as the representative of the House on the Legislative Budget Board and the Legislative Advisory Council of the Southern Regional Educational Board. The Budget Board has appointed a committee to check the budget requirements of each department of the State Government and Heatly's position as chairman of this sub-committee has kept him busy visiting the various departments in an effort to help them understand the position of the Legislature in budget matters and to control budgetary requests at that source.

Heatly has been appointed by two governors to the Legislative Advisory Council of the SREB, a product of the Southern Governor's Conference and is required to spend some time in keeping in touch with representatives of the other Southern states to correlate legislative activities throughout the Southland.

HAS GREAT INFLUENCE
"The continued emphasis of crime in television programs accomplishes one end which few may realize. It has a tendency to cheapen life. Television characters 'die' by the dozens every day in racket shows, westerns, highway stories, waterfront dramas, police case histories, etc. A young mind is impressed—the wrong way." — Cleveland, O., News-Enterprise.

WORST MISTAKE AMERICA COULD MAKE
"The worst mistake that the American people could make would be to let the government take over the public schools. What we need is for the teachers to go back to the system of teaching rather than the present system of 'developing the personality' of the student. A free mind will develop far greater than one that is controlled by radicals." — Cleveland, O., News-Enterprise.

Commission Asked to Limit Waterfowl Hunting in Texas

Members of the Game and Fish Commission have been asked to limit waterfowl shooting to a half-day during next duck and goose hunting season. At a meeting of the Game and Fish Commission at Lubbock last week, Panhandle residents asked the Commission to set up North and South Zones for hunting geese during the open season.

It was at this point that Commissioner Henry LeBlanc of Port Arthur suggested the half-day shooting period. He said that ducks and geese are being driven from the coastal area by the increasing gun pressure of all day shooting.

"Our waterfowl must have some place to feed and rest," the commissioner said. "If we are shooting at them from before sun-up until sunset, we'll be driving them away."

Many individual lease holders along the coast already are permitting only morning shooting now according to the executive secretary.

Panhandle hunters said they were being deprived of much good goose shooting because most of the early geese pass on through going south. Later in the season they become plentiful just about the time the season is closed. They recommended that goose shooting be permitted until the middle of January, the same as duck shooting, or that a split season be ordered.

WIN A TRIP TO THE MOON
IN THE FABULOUS 99 ADDITIONAL PRIZES!
ENTER NOW!
FRED M. TRUETT, PRESIDENT OF SOUTHWESTERN DRUG CORPORATION, explains the rules of the 1958 Red Arrow Moon Contest to G. B. "Buck" Park, President of Texas Pharmaceutical Association. The contest, sponsored by Red Arrow Laboratories, Waco—a division of Southwestern Drug—offers as grand prize a round-trip to the moon, plus ninety-nine other prizes.

NEXT STOP: THE MOON!
Someone from the Southwest may be the first passenger on a commercial flight to the moon! Red Arrow Laboratories of Waco, Texas, is showing its confidence in the ability of American scientists to conquer outer space at an early date, by offering a round-trip to the moon as the grand prize in its 1958 consumer contest.
Running through the month of February in drug stores throughout the Southwest, the contest will offer a thousand dollars each to the grand prize winner, should he not care to make the trip. Altogether, prizes will be awarded to the one hundred best entries completing the sentence, "I would like to win a trip to the moon because..." in 25 additional words.
"We firmly believe that within the next two years the U. S. will be able to provide commercial transportation to the moon," said one official of Red Arrow, "in offering the moon trip as a prize, we hope the Red Arrow Moon Contest will contribute to the public awareness of the importance of establishing an American beachhead in outer space."
"This year, in offering an out-of-this-world prize," continued the spokesman, "our purpose was not only to get away from a run-of-the-mill prize, but to emphasize the fact that we are on the threshold of a wonderful new age of science, heralding advances beyond dreams in education, medicine, and manufacturing, as well as transportation."

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin, Tex.—One of the hottest topics at next July's precinct conventions likely will be whether such conventions should be held any more.

Gov. Price Daniel has suggested abolishing the precinct conventions. His premise is that much of the infighting that afflicts the Democratic Party in Texas originates in these neighbor-against-neighbor squabbles. He proposed instead the electing of delegates (one per precinct) to the county conventions by direct vote at the primary.

Governor Daniel pointed out that the conventions sometimes are controlled by a minority group within the area. Many more people, generally, vote in the primaries than bother to come back to the voting place a second time in one day for the precinct conventions.

Electing delegates by direct vote, contended the governor, would do away with "rump conventions" and contests over which precinct delegation is entitled to seats at the county conventions.

Governor Daniel's recommendation, made at the State Democratic Executive Committee meeting, came as a surprise counter-offensive to the DOT's "code of ethics" campaign. DOT (Democrats of Texas) is a liberal group, openly backing the governor for control of party affairs. Spearhead of its drive is the "code of ethics" proposal designed, according to its sponsors, to eliminate much of the infighting and give everyone a fair shake at conventions.

DOT members were immediately critical of the no-precinct convention plan. It would eliminate "grass roots" gatherings, they said, the only chance every citizen has to get up and speak his piece. But the governor had an answer for that too. He suggested that the new law provide that any qualified party member could propose a resolution at his county convention.

Both the governor's and the DOT's suggestions are to be studied by the SDEC. Governor Daniel said if his plan meets with approval within the party, he will submit it to the Legislature next year.

TAX FACTS—Texans paid \$2,600,000,000, or one-fourth total income, in state, federal and local taxes in 1956.

In a fact-packed report (its first), Texas State Tax Study Commission traces the history of Texas' taxing patterns from 1932 to 1956. Next in an expected series of about 10 reports will compare Texas taxes with other states. Findings are to be presented to the Legislature in 1959 to serve as background for revenue-wrestling.

At present, says the report, Texas Taxes are derived 45 per cent from property; 22 per cent, sales; 16 per cent, severance; 17 per cent, all other sources. Basic pattern has not been changed since 1941, but all categories except the property tax have increased at least 10 per cent since 1950.

PRICE OF PROGRESS — Relocating utilities in the path of the new interstate highway system is going to cost Texas cities more than most officials had originally thought.

Atty. Gen. Will Wilson ruled that state-federal funds may be used only in a limited way to pay for utility moving. Specifically, said Wilson, they may be used to pay for relocation of sanitary sewers and for other utilities, such as water and power lines, only if they must be moved completely outside the road right of way. Cost of re-locating water, power and gas lines within a right of way must be paid for by the city or utility company.

Texas League of Municipalities protested the interpretation, said it would cost Texas cities as much as \$20,000,000 to comply. Chief source of disgruntlement to the city officials is that under the same federal building program, cities in other states are not required to meet this cost.

NO PRICES FOR SPECS — No mention of price can be made in an advertisement for eyeglasses until the State Supreme Court clears up questions about the new optometry law.

High court turned down the request of an optical company to suspend the temporary injunction against price advertising until the

test case is heard on March 5. Rival groups of optometrists are at odds as to what kind of advertising should be permitted. One group contends the law passed last spring clearly prohibits certain types of solicitation. Another agrees with the Nov. 18 Attorney General's opinion that the law is unconstitutional because improperly drawn.

CONTESTS QUESTIONED — Texas merchants who like to conduct contests or drawings as business builders, were set back, temporarily, by an opinion handed down by the Attorney General's department. Based on the state's laws governing lotteries, the opinion, at first glance, seemed to rule out any type of drawing for prizes.

However, Assistant Attorney General Cecil C. Rotsch, who wrote the opinion, says that the ruling does not change, in any way, the law as it always has been interpreted in Texas. He merely cited earlier court opinions. Rotsch pointed out. And his recent opinion does not alter what always has been considered the accepted procedure in connection with drawings or contests.

TRUST LOSS CUT — Net loss to creditors of US Trust and Guaranty Co. will be \$1,987,886, reports State Auditor C. H. Cavness. US Automotive Service had assets of \$4,892,269, said Cavness, partially offsetting the \$6,881,155 in US Trust liabilities.

Cavness' audit of the liquidation division of the State Insurance Department suggested some tightening of methods of handling and selling property in receivership.

US Trust creditors still cannot be paid. Suits filed by groups seeking preference have not been settled.

GENTLER SLIDE FOR TEXAS — In a year of predicted recession, the dip in Texas business will be less noticeable than for the nation generally.

This prediction is made by the University Bureau of Business Research on the basis of figures for past recessions. In 1948-49 national figures dropped 19 per cent; Texas, 6 per cent. In 1953-54, the national drop was 11 per cent; Texas, 8 per cent.

Expanding industries and a growing population were noted by the Bureau in explaining Texas' favored position. A period of even greater activity was foreseen for the 1960's.

SHORT SNORTS — Ballot positions for the nine proposed constitutional amendments to be voted on Nov. 4 have been determined by a drawing in the Secretary of State's office. No. 1 position went to the amendment which would give legislators a \$7,500 annual salary. . . . Veterans Land Board has agreed to try to sell the remaining \$87,000,000 in bonds allowed under the program as rapidly as possible. Aim is to get the program rolling again without waiting for possibly more favorable interest rates. . . . Land Office rains are now in the hands of new Commissioner Bill Alcorn, appointed after the resignation of Earl Rudder. . . . Framing of legislation to cut down juvenile delinquency is being discussed with a view toward the '59 session. Gov. Daniel will ask the new State Law Enforcement Commission and the Texas Youth Council to make recommendations.

PREMIUM ON GOOD SELLING — "It is obvious that competition in all lines is growing keener. This puts a new premium on good selling, good public relations and a keen analysis of the market in which we operate."—Baltimore, Md., Daily Record.

State to Boost Fish Hatchery Output for '58

Texas fish hatcheries are now being made ready for what is expected to be the heaviest demand in their history, according to Joe Marks, director of hatcheries of the Game and Fish Commission. Brood bass already have been placed in the hatchery at Brownsville. During February the Devine hatchery, which has been out of production for several years, will be stocked with brood fish.

The heated brood pond at San Marcos also is in operation. Other hatcheries will be stocked as quickly as weather conditions will permit.

The San Angelo hatchery will be in complete operation again this year, renovated and enlarged. Plans now are being drawn for extensive improvement of the Dundee hatchery near Wichita Falls.

At Huntsville, where water for the hatchery is obtained from a nearby creek, drag lines are now busy opening up the creek. It had silted badly during last year's heavy rains.

The hatcheries at Tyler, Jasper and Eagle Mountain also will be thrown into heavy production. Last year it was estimated Texas fish hatcheries produced some 14 million fish for lakes and streams in the state.

The demand is expected to be much heavier this year because of the number of small lakes and ranch tanks which were filled by rains in recent months.

Fish from these hatcheries can be obtained by the landowner by writing to the Game and Fish Commission in Austin. Application blanks then will be provided. Black bass, bream, and catfish are produced in the Texas hatcheries.

Travel Guide Mailed to 100,000 Motorists

Southeastern New Mexico is featured in a one-page travel guide being mailed this week to 100,000 motorists in Texas and New Mexico.

This travel promotion piece, prepared by Humble Oil & Refining Company, describes the region as "a tall country that offers everything." It invites motorists to visit Carlsbad Caverns, Cloudcroft and Ruidoso and to entertain themselves at golf, trail-riding, fishing, hunting or just by driving through the beautiful countryside.

Water-color illustrations by E. M. Schiwetz, noted Texas artist, picture the outstanding attractions of the region, which is outlined on a state map.

Humble has prepared similar travel guides to highlight the Santa Fe Basin of New Mexico, Palo Duro Canyon in the Texas Panhandle, the Highland Lakes of Central Texas, the Dogwood Trail of East Texas, the Texas Gulf Coast and the Lower Rio Grande Valley.

Purpose of the guides is to stimulate motorists to travel to interesting and scenic points on week ends, holidays and vacations.

PREDICTED AMERICANS WOULD BE ON MOON FIRST

"Jules Verne wrote about space travel back in 1865 and predicted that the Americans would be first to reach the moon, and the Russians second. If it works out that way, we'll forgive and forget those spunkies."—Cuero, Texas, Record.

WANTED BY THE FBI

GEORGE EDWARD COLE

A complaint was filed before a United States Commissioner at San Francisco, Calif., on January 9, 1957, charging George Edward Cole with violation of the Unlawful Flight to Avoid Prosecution Statute in that he fled from the State of California to avoid prosecution after allegedly murdering a police officer.

Cole is described as follows: Born, March 24, 1927, Philadelphia, Pa. Height, 6 feet 1 inch. Weight, 160 to 178 pounds. Build, medium. Hair, brown, receding. Eyes, brown. Complexion, medium. Race, white. Nationality, American. Occupations: bus driver, truck driver, typist. Scars and marks: pit scar on outside corner of right eye, small cut scar on inside of left wrist, appendectomy scar; tattoo, small heart and names "Mom" and "Dad" and letters "GP" or "SP" on left forearm; tattoo, 8-point star on back of left hand. He wears full upper denture.

Cole has previously been convicted of grand larceny and robbery. He reportedly has stated that he will shoot any police officer attempting to apprehend him. Cole is considered armed and dangerous.

Any person having information which might assist in locating this fugitive is requested to immediately notify the Director of the Federal Bureau of Investigation, United States Department of Justice, Washington 25, D. C., or the Special Agent in Charge of the nearest FBI Division, the telephone number of which appears on the first page of local telephone directories.

Our Weekly Sermon

Basis of Judgment
If you should ever be arrested in Benton Harbor, Michigan, the justice of the peace who greets you may have a Bible in his hand.
The Rev. Cecil Chapin, pastor of the local Church of God which he organized seven years ago, was elected to the office with the support of Benton township ministers. They reasoned that a man who knows his Bible ought to make a good justice of the peace.
"The work coincides with my work as a minister," he says. "In either case, I'm a public servant."
Mr. Chapin often sits with an open Bible in front of him and frequently takes a text from it when admonishing lawbreakers. Judgment tempered with mercy is his guiding principle, he explains.
Fortunately both for the individual and for society, most people will never stand before an earthly judge. But all will ultimately appear before a heavenly Judge. "It is appointed unto men once to die, but after this the judgment" (Hebrews 9:27).
This judgment, however, is for the purpose of handing down sentence, not of deciding upon guilt or innocence. That is determined in this present life by our relationship to Jesus Christ.
Christ spoke these words: "God

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

If the people of the United States were informed that a vaccine had been found that was effective against traffic accidents and that clinical tests and records had demonstrated this accident prevention vaccine was successful, only a fool would fail to protect himself with a vaccination.
Further, if you were told that last year, all traffic accidents had been reduced almost 80 per cent over two years ago, because of this vaccine with its resultant reduction in deaths and crippling effects, you would undoubtedly hail it as the greatest boon to life since milk pasteurization.
Why then is there so much apathy among adults in obtaining the protective benefits of the Salk anti-polio vaccine?
The success of the vaccine is proven beyond any shadow of a doubt. The incidence of paralytic polio is reduced in the whole of the United States.
There were 816 cases of paralytic polio in Texas in 1955; last year there were only 361, a large proportion of which were adults and children below age 5.
Many parents have taken for granted the fact that their school children will probably receive their polio shots at school, but fail to protect themselves or their pre-school-age children.
This attitude could cost the life of your small children, or even your own.
Anti-polio vaccine is available for everyone now, and the Texas State Department of Health strongly recommends that everyone be vaccinated, especially pre-school-age children and young adults.
The continued marked reduction in the incidence of paralytic polio is dependent on the immunization of the entire population.
Remember, it takes eight months to complete your series of three polio shots, but if you start now, you will at least have partial protection by the onset of the polio season in Texas this spring.
We don't have a vaccine against automobile accidents yet, but you can guard against the crippling effects of paralytic polio, if you act soon.

Mr. and Mrs. Billy Hammonds accompanied Robert and Weldon Hammonds to Floydada Friday. The Weldon Hammonds spent last week here with his mother, Mrs. Y. H. Hammonds, who kept the children while their mother was in the Crowell hospital.
Mrs. Maggie Wheeler, Mrs. C. O. Johnson and Mrs. Loyd Fox have been attending the bedside of Dixie Wheeler, who is seriously ill in the Vernon hospital.
Mr. and Mrs. Louis Pyle and children of Floydada spent the week end here with her mother, Mrs. L. H. Hammonds.
Mrs. J. C. Jones took Mrs. Ida Campbell to Rotan Monday of last week and visited her daughter, Mrs. Mitchell Jackson, and family in Snyder, who returned home with her and Mr. Jackson came for them Saturday.
Mrs. Minnie Moore and grandson, Bob Frith, of Vernon spent Saturday night with Odessa Moore and she returned to Vernon with them Sunday.
Mr. and Mrs. A. B. Wisdom and Frank recently visited the Lew Wisdoms in Lawton, Okla.
Mr. and Mrs. W. A. Johnson visited Mrs. Carl Biedose of Aroyo, Colo., in the home of her sister, Miss Emma Main, in Vernon Wednesday of last week.
J. M. Jackson, Bill, Jim and Jesse Moore, Ira Toie, R. H. Cooper, Bobby Cooper, Bill Cates, William Bradford, Joe Bill Hall, Jack Carter and Red Williford all were supper guests in the home of Mr. and Mrs. Jack Woodson and attended a Masonic Lodge meeting in Healdton, Okla., last Thursday night.
Mrs. Jesse Moore went to Wichita sent not his Son into the world to condemn the world; but that the world through him might be saved. He that believeth on him is not condemned; but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God" (John 3: 17, 18).
The way, then, to avoid the judgment of God after death is to believe on His Son, Jesus promises, "He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life" (John 5:24).

THIS WEEK

—In Washington
With Clinton Davidson

If you listen to the debate in Congress this week, you can hear what sounds remarkably like an echo of speeches made some 33 years ago in those same House and Senate chambers.
The issue is the same: How important to our defense is air power? The central figure of the debate in 1925 was the well-remembered Brig. Gen. William "Billy" Mitchell, an early and earnest advocate of air power.
Mitchell was being court-martialed by the Army for criticizing the military brass for failure to build up our almost non-existent air force. Congress was divided over whether Mitchell was a crackpot or a genius.
The question, again, is how important is the airplane to our defense? Has it, or will it soon, become antiquated by guided missiles? Those are questions this session of Congress must attempt to answer.

Who will make the important decision? Two small groups of experts, the Senate and House subcommittees for Air Force appropriations, have major responsibility for supplying the answers. The conclusions they reach can determine the success or failure of our defense against aggression.
Hearings on President Eisenhower's budget request for Air Force funds, including both missiles and planes, will be begun by the committees within the next few weeks. This and a later column will be intended to give you a behind-the-scenes look at how those committees think and function.
First, the Senate sub-committee. Both Chairman Dennis Chavez, a New Mexico Democrat, and ranking minority member Leveritt Saltonstall, a Massachusetts Republican, are men of unusual vision and ability.
Sen. Chavez fought for more money for our defense all last year, bucking the "economy" tide that was running strongly. That he was right is now indicated by President Eisenhower's request for a supplemental defense appropriation for the remainder of this fiscal year.
The New Mexico Senator has combined ability and 35 years of seniority to rise to the head of one of the most important and powerful committees in Congress. Repeating to charges that Congress had cut military funds too drastically, he told us:
"My figures show Congress has not been reluctant to provide the money to assure this country's safety. We are going to keep right on providing every cent needed to maintain our position as a world power."
Two years ago Sen. Chavez, with what now proves to have been remarkable foresight, fought successfully to include a billion dollars more in the Air Force budget than the Administration had asked for or wanted. As much or more than any other man in Congress he has helped to build a strong U. S. air force.

Sen. Saltonstall came to the Senate in 1944 and has twice been re-elected. As a former chairman of the Armed Services Committee, he has a thorough knowledge of our military strength and requirements.
"The front line of our defense is SAC (Strategic Air Command) with the B-52, and in the months ahead, we hope, with the B-58. These are the weapons of today and today's defense must be built around them," Sen. Saltonstall said.
Maxine Christenson and children of Vernon visited Sunday with Celeste Johnson and daughter, Judy.
Sherman McBeath of Wichita Falls brought his nephew, James McBeath, to the home of his parents, Mr. and Mrs. Homer McBeath, here Sunday. James is stationed in France in the service.
Sunday guests in the home of Mrs. G. C. Short were Ray Short of Borger, the Doyle Fords of Goodlett, the Fred Glovers of Crowell and the Bennie Shorts of Goodlett.
Mrs. J. T. Martin of Vernon is visiting this week with her daughter, Mrs. Roy Shultz.
Mr. and Mrs. Leotis Roberts of Crowell were Sunday guests in the home of his mother, Mrs. E. H. Roberts.
Mrs. J. C. Taylor is reported to be making a satisfactory recovery from an operation in the Crowell hospital. Visiting her and in the Taylor home here are her children, Mrs. Sam Donald of Tennessee, Mrs. Joe Johnson and Mrs. Russell Taylor of Harvey, La., Mrs. Jessie Miller and the Roland Taylors of Vernon. Mr. Taylor and the family all visited his granddaughter, Mrs. Bud Norton, and infant son, Charles, in Vernon last week.
Guests in the Ed Payne home last week were their daughter, Mrs. George Ray, and sons, Buck Main of Mills, N. M., and Jack Main of Houston, the Carl Biedoses of Aroyo, Colo., and the Morris Belows of Clayton, N. M. They were all here for the funeral of Dr. R. E. Main last Thursday.
Mrs. Oran Chapman of Amarillo and her sister, Betty Brown, of Crowell visited Mrs. W. G. Chapman Sunday.
Mr. and Mrs. J. C. Jones attended a birthday dinner last Thursday honoring her father, Rev. Frank McNair, on his 80th birthday in his home at Lockett.
Mrs. Virgie Wood and children, Jerry and Ann, of Vernon were Sunday guests in the home of Mr. and Mrs. Jim Gamble.
Mrs. Raymond Grimm, Mrs. R. H. Cooper, Mrs. Bill Moore, Mrs. Clyde Self, Mrs. Harold Hunt, Mrs. John Wright and Mrs. H. W. Banister all attended a shower for Thomas Holland's bride in the Clois Cobb home at Five-in-One Saturday night.
Mrs. A. K. Edens and sons, Wilbur and Muri, and Miss Cora Toie, all of Vernon, visited the Raymond Grimms, Wednesday of last week.
Duane Capps of McLean visited his mother, Mrs. Maggie Capps, and Mrs. May Self last Thursday.
Mrs. Lucille Lambert and son and family of Abernathy were the out of town guests at the Church of Christ Sunday morning.
Mrs. Grover Nichols of Crowell spent Wednesday and Thursday with her sister, Mrs. H. W. Banister.
Mrs. Ira Tempe is visiting her daughter, Mrs. Mack Edens, this week. Mrs. Tempe has been staying in the home of her daughter, Mrs. Lum Smith, at Elbert.
The Thalia basketball boys, who participated in the ball tournament at Gilliland Thursday, Friday and Saturday, won second place. The boys also played at Lockett Monday night with proceeds going to the Wilbarger County polio fund.
Mrs. Sim V. Gamble and daughter, Mrs. Keith Frost, visited Wednesday of last week with Mrs. W. R. Pearson at Childress.
D. S. Benham and son of San Antonio and H. C. Whitman of Lovington, N. M., visited B. A. Whitman and family last week.

CONTRIBUTIONS OF NUCLEAR SCIENTISTS

"Governor Goodwin J. Knight pointed to California's many contributions to nuclear knowledge—the development of the original cyclotron by Dr. Ernest Lawrence, the UC radiation laboratory at Berkeley, the AEC installation at Livermore, the Mare Island atomic submarine construction. But of all our mighty achievements, the most significant, the most heartening must be the fact that private industry's reactor and power generator have been pumping some 5000 kilowatts of atomic electricity into the kitchens and factories, the living rooms and shops of this state."—Alameda, Calif., Times Star.

Miss Carol Marie Orr and Delbert Frost Marry in Quanah

Miss Carol Marie Orr and Delbert Douglas Frost were united in marriage on Wednesday, Feb. 5, at Quanah.

Parents of the bride are Mr. and Mrs. Earl Orr, 2122 Cumberland, Vernon. The groom is the son of Mr. and Mrs. H. R. Frost of Kirkland.

For her wedding, the bride wore a white broadcloth satin dress trimmed with tiny rhinestones. Her accessories were black and white.

The bride is a sophomore of Vernon High School. The groom is a 1936 graduate of Quanah High School.

The couple will establish residence in Vernon where the groom is employed by Humble Service.

THALIA H. D. CLUB

The Thalia Home Demonstration Club met February 7 in the home of Mrs. Mona Moore in a regular meeting with the president, Mrs. Ed Huskey, in charge. Mrs. Huskey opened the meeting by reading the Collect for Club Women. Roll call was answered with tips on home nursing. The minutes of the last meeting were read and approved and a financial report was given.

Plans were made for the March of Dimes program to be held in the Thalia School, Feb. 13. The club voted for members to donate either a pie or a cake for this program.

Mrs. Huskey gave the council report, and read the recommendations for the club. The club voted to accept these recommendations, and also to have numbered paintings for Craft Day.

Plans for a walking blood bank were discussed and will be voted on at a later meeting. Mrs. Robert Hammonds talked about a course to be offered to the club women on home nursing. Eight members volunteered to take this course if it is given.

Club voted to have a miscellaneous craft meeting for the Feb. 20 program. Mrs. Robert Hammonds gave a very interesting program on home nursing.

A beautiful birthday cake, honoring Mrs. T. R. Cates, was served with ice cream, pop and coffee to 13 members and one visitor, Mrs. Texas Ford.

The W. S. C. S. of Methodist Churches held their sub-district meeting at the Chillicothe Methodist Church Thursday with Mrs. Henry Borchardt, sub-district president, in charge of panel discussions of the duties of the officers.

Forty-four women registered from Childress, Paducah, Vernon, Crowell, Medicine Mounds and Farmers Valley. Attending from Crowell were Mesdames Borchardt, Grover Cole, Ray Duckworth and Miss Dorothy Erwin.

District officers present were Mrs. M. G. Tarver of Memphis, Mrs. S. M. Jolly of Paducah and Mrs. E. E. White of Childress.

Officers elected were Mrs. Borchardt of Crowell, president; Mrs. W. F. Bradford of Margaret, secretary and treasurer; Mrs. Jack Welch of Foard City, pianist; and Mrs. W. A. Dunn of Margaret, song leader. The next meeting will be at Foard City.

RIVERSIDE H. D. CLUB

"How to Relax" was the opening reading given by Mrs. George Wesley when the Riverside Home Demonstration Club ladies met in the home of Mrs. Roy Ayers Tuesday afternoon, Feb. 4.

"Tips on Home Nursing" were the answers to the roll call. Mrs. John S. Ray was in charge of the program, "Home Nursing," and demonstrated proper bed making, stretching sheets tightly over mattress without wrinkles for the utmost comfort of the patient. She explained how to read a thermometer and emphasized that each home should have a hot water bottle and an ice bag.

The business session was held with Mrs. S. C. Kuehn, president, presiding and Mrs. Grover Moore acting as secretary in the absence of Mrs. C. L. Adkins. Next meeting is planned to be an all day affair Tuesday, Feb. 18, with each bringing a covered dish for lunch. It will be at the Riverside school house. Each member will bring what they wish to work on. A club party will be at the school house Feb. 14 at 7 p. m., with each member bringing cookies and drinks.

Refreshments were served to one visitor, Mrs. August Rummel, and to members: Mesdames Billy Cleveland, Monroe Karcher, Louis Kieschnick, S. C. Kuehn, Grover Moore, John S. Ray, George Wesley and Roy Ayers.

COLUMBIAN CLUB

At the home of Mrs. John S. Ray on Wednesday, Feb. 5, the Columbian Club met for its program on "Friendship" with a number of guests present.

Mrs. Jack Whitaker was leader for the afternoon with Mrs. Roy Barker serving as president. The devotional was given by Mrs. J. M. Chowning from the 15th chapter of John. Mrs. Sam Crews played an arrangement of "What a Friend We Have in Jesus."

The program included several favorite poems, "The House by the Side of the Road," being given by Mrs. Grady Halbert; "Where Cross the Crowded Ways of Life," by Mrs. Roy Barker and "Friendship" by Mrs. Bullion.

Co-hostess with Mrs. Ray was her mother, Mrs. W. A. Mussetter. They served delightful refreshments to fourteen members and six guests. The guests were Mesdames A. Y. Beverly, J. R. Beverly, C. W. Thompson, Bullion, Marion Crowell and Darvin Bell.

The next meeting will be with Mrs. Jack Whitaker at Truscott on February 19.

meeting by reading a poem, "The Old Dinner Bell." Roll call was answered with a tip on home nursing.

Mrs. Thomson gave the program on "Home Nursing." She demonstrated how to correctly make a bed.

The club will meet February 25 with an all-day meeting. Refreshments were served to six members and one visitor.

INFLATION PENALIZES AMERICAN POCKETBOOKS

"Paper money inflation continues to penalize the pocketbooks of hundreds of millions of Americans. The question is being asked if it pays to save. The paper-dollar is now only worth about 50 cents in terms of what it would buy in 1910. Those who are hurt by inflation include over 100 million holders of life insurance policies,

holders of savings deposits, owners of U. S. Savings Bonds, securities of all kinds and holders of pensions." — Denver, Colo., Living Record.
